STOCKHOLDER PROPOSALS AND NOMINATIONS

Requirements for Stockholder Proposals to be Considered for Inclusion in our Proxy Materials. To be considered for inclusion in next year's proxy statement, stockholder proposals must be received by Rallybio's (or, if following the Closing, the combined company's) Secretary at Rallybio's (or, if following the Closing, the combined company's) principal executive offices no later than the close of business on _____, which is 120 days prior to the date that is one year from this year's mailing date of _____, 2026.

Requirements for Stockholder Proposals or Director Nominations to be Brought Before an Annual Meeting. Rallybio's bylaws provide that, for stockholder nominations to the Rallybio Board or other proposals to be considered at an annual meeting, the stockholder must have given timely notice thereof in writing to the Secretary at Rallybio Corporation, PO Box no. 325, East Berlin, CT 06023. The Nominating and Corporate Governance Committee does not have a written policy regarding stockholder nominations, but has determined that it is the practice of the committee to consider candidates proposed by stockholders if made in accordance with our bylaws. To be timely for the 2027 annual meeting, although not included in the proxy statement, the stockholder's notice must be delivered to or mailed and received by Rallybio (or, if following the Closing, the combined company) not earlier than the close of business on the 120th day nor later than the close of business on the 90th day prior to the anniversary date of the prior year's annual meeting, except that if the annual meeting is set for a date that is not within 30 days before or after such anniversary date, Rallybio (or, if following the Closing, the combined company) must receive the notice not later than the close of business on the tenth day following the day on which Rallybio (or, if following the Closing, the combined company) first provides notice or public disclosure of the date of the meeting. Assuming the date of the 2026 annual meeting is not so advanced or delayed, stockholders who wish to make a proposal at the 2027 annual meeting must notify Rallybio (or, if following the Closing, the combined company) no earlier than _____ and no later than _____. Such notice must provide the information required by Rallybio's bylaws with respect to each matter the stockholder proposes to bring before the 2027 annual meeting.

Any stockholder who intends to solicit proxies in support of a director nominee other than Rallybio's (or, if following the Closing, the combined company's) nominees must also comply with Rule 14a-19 under the Exchange Act.

Contacting the Rallybio Board

Stockholders wishing to communicate with the Rallybio Board may do so by writing to the Rallybio Board or to the non-employee members of the Rallybio Board as a group, at:

Rallybio Corporation
PO Box no. 325
East Berlin, CT 06023
Attention: Secretary

The communication must prominently display the legend "BOARD COMMUNICATION" in order to indicate to the Secretary that it is a communication for the Rallybio Board. Upon receiving such a communication, the Secretary will promptly forward the communication to the relevant individual or group to which it is addressed. Certain items that are unrelated to the Rallybio Board's duties and responsibilities may be excluded, such as spam, junk mail and mass mailings, resumes and other forms of job inquiries, surveys and business solicitations or advertisements. The Secretary will not forward any communication determined in his good faith belief to be frivolous, unduly hostile, threatening, illegal or similarly unsuitable.

Householding of Proxy Statement/Prospectus

SEC rules concerning the delivery of annual disclosure documents allow Rallybio or your broker to send a single Notice of Proxy Materials or, if applicable, a single set of our proxy materials to any household at which two or more of our stockholders reside, if Rallybio or your broker believes that the stockholders are members of the same family, unless Rallybio or your broker has received contrary instructions from one or more of the stockholders. This practice, referred to as "householding," benefits both you and Rallybio. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to Rallybio's Notices of Proxy Materials, annual reports, proxy statements and information statements.

Rallybio will undertake to deliver promptly, upon written or oral request, a separate copy to a stockholder at a shared address to which a single copy of the Notice of Proxy Materials or proxy materials was delivered. You may make a written or oral request by sending a notification to Rallybio's Secretary at the address or telephone number above, providing your name, your shared address, and the address to which Rallybio should direct the additional copy of the Notice of Proxy Materials or proxy materials. Multiple stockholders sharing an address who have received one copy of a mailing and would prefer Rallybio to mail each stockholder a separate copy of future mailings should contact us at our principal executive offices. Additionally, if current stockholders with a shared address received multiple copies of a mailing and would prefer Rallybio to mail one copy of future mailings to stockholders at the shared address, notification of that request may also be made through Rallybio's principal executive offices. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

Other Matters

As of the date of this proxy statement, the Rallybio Board does not intend to present any matters other than those described herein at the Rallybio annual meeting and is unaware of any matters to be presented by other parties. If other matters are properly brought before the meeting for action by the stockholders, proxies will be voted in accordance with the recommendation of the Rallybio Board or, in the absence of such a recommendation, in accordance with the judgment of the proxy holder.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the stockholders and the Board of Directors of Rallybio Corporation

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Rallybio Corporation and subsidiaries (the "Company") as of December 31, 2025 and 2024, the related consolidated statements of operations and comprehensive loss, changes in stockholders' equity, and cash flows, for each of the two years in the period ended December 31, 2025, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2025, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

/s/ Deloitte & Touche LLP

Hartford, Connecticut

We have served as the Company's auditor since 2018.

RALLYBIO CORPORATION
Notes to Consolidated Financial Statements

1. BUSINESS

Rallybio Corporation and subsidiaries ("Rallybio", the "Company", "we", "our", or "us") is a clinical-stage biotechnology company comprised of experienced biopharma industry leaders with extensive research, development, and rare disease expertise with a mission to develop and commercialize life-transforming therapies for patients with severe and rare diseases. The Company's lead program, RLYB116, is a differentiated complement component 5 ("C5") inhibitor with the potential to treat diseases of complement dysregulation. In addition, RLYB332, a long-acting matriptase-2 ("MTP-2") antibody for the treatment of diseases of iron overload is currently in preclinical development. In 2025, the Company completed a confirmatory pharmacokinetic ("PK") and pharmacodynamic ("PD") study of RLYB116 in healthy volunteers and reported data in the first quarter of 2026. In April 2025, the Company announced the discontinuation of its RLYB212 program for the prevention of fetal and neonatal alloimmune thrombocytopenia ("FNAIT") based on PK data from the Phase 2 clinical trial that demonstrated an inability of the RLYB212 dose regimen to achieve predicted target concentrations, as well as the minimum target concentration required for efficacy. In July 2025, the Company entered into a definitive agreement to sell its interest in REV102, an Ectonucleotide Pyrophosphatase/Phosphodiesterase 1 ("ENPP1") inhibitor in preclinical development for the treatment of patients with hypophosphatasia ("HPP"), to a subsidiary of its joint venture partner Recursion Pharmaceuticals, Inc. ("Recursion") (the "JV Sale").

On March 1, 2026, Rallybio entered into an Agreement and Plan of Merger and Reorganization (the "Merger Agreement") with Candid Therapeutics, Inc., a Delaware corporation ("Candid"), a clinical-stage biotechnology company advancing a leading portfolio of T-cell engager ("TCE") therapeutics for autoimmune diseases, and Farmington Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of Rallybio ("Merger Sub"). Upon the terms and subject to the satisfaction of the conditions described in the Merger Agreement, Merger Sub will be merged with and into Candid, with Candid surviving as a wholly owned subsidiary of Rallybio (the "Merger" and, together with all of the other transactions contemplated by the Merger, the "Contemplated Transactions"). The Merger is intended to qualify as a tax-free reorganization for U.S. federal income tax purposes.

Concurrently with the execution and delivery of the Merger Agreement, certain investors entered into a subscription agreement with Candid, pursuant to which such investors have agreed to purchase, immediately prior to the Merger, shares of Candid common stock representing an aggregate commitment of approximately \$505.5 million in the concurrent financing (the "Concurrent Financing"). The shares of Candid common stock that are issued in the Concurrent Financing will be or will have the right to be, respectively, converted into shares of Rallybio common stock, par value \$0.0001 per share ("Rallybio Common Stock"), in the Merger.

Subject to the terms and conditions of the Merger Agreement, at the effective time of the Merger (the "Effective Time"), (a) each then-outstanding share of common stock or preferred stock of Candid (each such share, a "Candid Share") (excluding any share described in clauses (b) or (c) below and Candid Shares held by stockholders who have exercised and perfected appraisal rights for such shares) will be converted into the right to receive a number of shares of Rallybio Common Stock calculated in accordance with the Exchange Ratio as set forth in the Merger Agreement (the "Exchange Ratio"), (b) each Candid Share issued in the Concurrent Financing will be converted into the right to receive a number of shares of Rallybio Common Stock calculated in accordance with the Concurrent Financing Exchange Ratio as set forth in the Merger Agreement (the "Concurrent Financing Exchange Ratio"), (c) any Candid Shares held as treasury shares or held or owned by Rallybio, Merger Sub or any subsidiary of Rallybio or Candid immediately prior to the Effective Time will be canceled and shall cease to exist, and no consideration shall be delivered in exchange therefor. Each then-outstanding option to purchase Candid Shares will be converted into an option to purchase Rallybio Common Stock, subject to adjustment as set forth in the Merger Agreement.

Under the Exchange Ratio and Concurrent Financing Exchange Ratio formulas in the Merger Agreement, immediately after the Closing, on a pro forma basis and based upon the number of shares of Rallybio Common Stock expected to be issued in connection with the Merger, pre-Merger equityholders of Candid (other than investors in the Concurrent Financing) are expected to own approximately 57.55% of the combined company, pre-Merger equityholders of

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)**

Rallybio are expected to own approximately 3.65% of the combined company and the Investors in the Concurrent Financing are expected to own approximately 38.80% of the combined company (assuming proceeds from the Concurrent Financing of \$505.5 million), in each case, calculated on a fully diluted basis, using the treasury stock method, and subject to certain assumptions, including (i) a valuation for Rallybio of \$47.5 million (assuming Rallybio has net cash ("Rallybio Net Cash") of \$37.5 million as of the closing of the Merger (the "Closing" and such date, the "Closing Date")), (ii) a fixed valuation for Candid of \$750.0 million, and (iii) the relative capitalization of Rallybio and Candid. The percentage of the combined company that each party's equity holders will own following the Closing is subject to certain adjustments as described in the Merger Agreement, including the amount of the final Rallybio Net Cash at Closing.

Immediately prior to the Effective Time, Rallybio and a rights agent are expected to enter into a Contingent Value Rights Agreement (the "CVR Agreement"), pursuant to which holders of record of certain Rallybio securities as of the close of business on the last business day prior to the day on which the Effective Time occurs will receive one contingent value right (each, a "CVR") for each outstanding share of Rallybio Common Stock, prefunded warrant, Rallybio restricted stock unit or In the Money Parent Option (as defined in the CVR Agreement) held as of such date. Pursuant to the CVR Agreement, each CVR holder will be entitled to receive their pro rata share of (i) all of the net proceeds (including cash the value of stock to the extent listed on a national exchange, at the time of disposition), if any, received by Rallybio as a result of payments made to Rallybio of any upfront, milestone, royalty and other payments received under any disposition agreement related to Rallybio's pre-Merger assets (the "Legacy Assets"), and (ii) all of the cash proceeds, if any, received from Recursion under the Membership Interest Purchase Agreement, dated July 8, 2025, by and among Recursion, Exscientia Ventures I, Inc., Rallybio Corporation and Rallybio IPB, LLC. For a period of one year after the Closing Date, Rallybio will use commercially reasonable efforts to effect the disposition of the Legacy Assets. Such net proceeds will be subject to certain permitted deductions, including for applicable tax payments, certain expenses incurred or other liabilities borne by Rallybio or its affiliates in respect of the Legacy Assets, and losses incurred by Rallybio or its affiliates due to a third-party proceeding in connection with such disposition.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES BASIS OF PRESENTATION AND PRINCIPLES OF CONSOLIDATION

Basis of Presentation—The accompanying consolidated financial statements of the Company have been prepared in conformity with accounting principles generally accepted in the United States ("GAAP"), and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Any reference in these notes to applicable guidance is meant to refer to GAAP as found in the Accounting Standards Codification ("ASC") and Accounting Standards Updates ("ASU") promulgated by the Financial Accounting Standards Board ("FASB").

In the opinion of the Company, the information furnished reflects all adjustments, all of which are of a normal and recurring nature, necessary for a fair presentation of the financial position and results of operations for the reported periods. The Company considers events or transactions that occur after the balance sheet date but before the financial statements are issued to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure.

On February 6, 2026, the Company executed a reverse stock split of its issued and outstanding common stock, par value \$0.0001, at a ratio of 1-for-8 with a record date of December 30, 2025 (the "Reverse Stock Split"). All common share, per share and related information included in the accompanying financial statements and footnote disclosures have been adjusted retroactively, where applicable, to reflect the Reverse Stock Split. See Note 14, "Subsequent Events" for additional details.

Principles of Consolidation—The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates—The preparation of the Company's consolidated financial statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the reported amounts and disclosures

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)**

in the consolidated financial statements. While management believes that estimates and assumptions used in the preparation of the consolidated financial statements are appropriate, actual results could differ from those estimates. The most significant estimates are those used in the determination of the fair value of its common units and incentive units awarded to employees prior to the Company's initial public offering ("IPO"), for purposes of recording share-based incentive compensation, the fair value of stock options, as well as contracted research and development expenses incurred.

Liquidity and Ability to Continue as a Going Concern—The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. Management has evaluated whether there are conditions and events that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date the financial statements are issued. Since its inception, the Company has incurred net losses and negative cash flows from operations.

During the years ended December 31, 2025 and 2024, the Company incurred a net loss of \$9.0 million and \$57.8 million, respectively. The loss for the year ended December 31, 2025 included a \$23.0 million gain in connection with the JV Sale in 2025. In addition, as of December 31, 2025, the Company had an accumulated deficit of \$302.0 million. The Company expects to continue to generate operating losses and negative cash flows in the foreseeable future.

The Company had cash, cash equivalents and marketable securities of \$54.7 million as of December 31, 2025. The Company currently expects that its cash, cash equivalents and marketable securities will be sufficient to fund its operating expenses and capital requirements for more than 12 months from the date these consolidated financial statements are issued. However, the Company does not anticipate that its current cash, cash equivalents and marketable securities as of December 31, 2025 will be sufficient to fund any of its product candidates through regulatory approval, and it will need to raise substantial additional capital to complete the development and commercialization of its product candidates, if approved. Rallybio may satisfy its future cash needs through the sale of equity securities, debt financings, corporate collaborations or license agreements, working capital lines of credit, grant funding, interest income earned on invested cash balances or a combination of one or more of these sources.

Collaboration Arrangements—The Company considers the nature and contractual terms of an arrangement to assess whether an arrangement involves a joint operating activity that expose two or more parties to significant risks and rewards dependent on the commercial success of the activity. If the Company is an active participant and is exposed to significant risks and rewards dependent on the commercial success of the activity, the Company accounts for such arrangement as a collaborative arrangement under ASC 808, *Collaborative Arrangements* ("ASC 808"). ASC 808 describes arrangements within its scope and considerations surrounding presentation and disclosure, with recognition matters subjected to other authoritative guidance, in certain cases by analogy.

For arrangements determined to be within the scope of ASC 808 for certain research and development activities where a collaborative partner is not a customer following the guidance of ASC 606, *Revenue Recognition* ("ASC 606"), the Company accounts for payments due to a collaboration partner as research and development expense and for payments owed to us from our collaboration partner for the reimbursement of research and development costs as a contra-expense in the period such expenses are incurred. The Company classifies payments owed or receivables recorded as other current liabilities and other current assets, respectively, in the Company's consolidated balance sheets. See Note 3, "Collaboration and License Agreements" for additional details.

Asset Acquisitions—The Company evaluates acquisitions of assets and other similar transactions to assess whether or not the transaction should be accounted for as a business combination or asset acquisition by first applying a screen test to determine whether substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets. If this screen criteria is met, the transaction is accounted for as an asset acquisition. If not, further determination is required as to whether or not the Company has acquired inputs and processes that have the ability to create outputs, which would meet the definition of a business.

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)**

The Company measures and recognizes asset acquisitions that are not deemed to be business combinations based on the cost to acquire the assets, which includes transaction costs. In an asset acquisition, the cost allocated to acquire in-process research and development ("IPR&D") with no alternative future use is charged to research and development expense at the acquisition date. See Note 3, "Collaboration and License Agreements" for additional details.

Variable Interest Entity—The Company evaluates its ownership, contractual, and other interests in entities to determine if it has any variable interest in a variable interest entity ("VIE"). These evaluations are complex, involve judgment, and the use of estimates and assumptions based on available historical information, among other factors. If the Company determines that an entity in which it holds a contractual, or ownership, interest is a VIE and that the Company is the primary beneficiary, the Company consolidates such entity in its consolidated financial statements. The primary beneficiary of a VIE is the party that meets both of the following criteria: (i) has the power to make decisions that most significantly affect the economic performance of the VIE; and (ii) has the obligation to absorb losses or the right to receive benefits that in either case could potentially be significant to the VIE. Management performs ongoing reassessments of whether changes in the facts and circumstances regarding the Company's involvement with a VIE will cause the consolidation conclusion to change. Changes in consolidation status are applied prospectively. The Company evaluated its investment in RE Ventures I, LLC, a limited liability company ("REV-I"), defined in Note 9, and concluded that it represented a VIE and the Company was not deemed the primary beneficiary. If the Company is not deemed to be the primary beneficiary in a VIE, the Company accounts for the investment or other variable interests in a VIE in accordance with the applicable GAAP. See Note 9, "Investment in Joint Venture" for additional details.

Equity Method Investments—The Company accounts for investments for which it does not have a controlling interest in accordance with ASC 323, *Investments—Equity Method and Joint Ventures* ("ASC 323"). The Company recognizes its pro-rata share of income and losses in "loss on investment in joint venture" on the consolidated statements of operations and comprehensive loss, with a corresponding change to the investment in joint venture asset on the consolidated balance sheets.

Financial Instruments—The Company's principal financial instruments are comprised of cash, cash equivalents, available for sale marketable securities, accounts payable and accrued liabilities. The carrying value of all financial instruments approximates fair value.

Concentrations of Credit Risk—Financial instruments that potentially subject the Company to significant concentration of credit risk consist primarily of cash, cash equivalents and marketable securities. The Company invests its excess cash in money market funds and marketable securities in government insured financial institutions that are subject to minimal credit and market risk. Management believes that the Company is not exposed to significant credit risk as the Company's deposits are held at financial institutions that management believes to be of high credit quality, and the Company has not experienced any losses on these deposits.

Cash and Cash Equivalents—The Company classifies amounts on deposit in banks and cash invested temporarily in various instruments, primarily money market funds, with original maturities of three months or less at the time of purchase as cash and cash equivalents. The carrying amounts reported on the consolidated balance sheets represent the fair values of cash and cash equivalents.

Marketable Securities—We invest our excess cash balances in highly rated United States ("U.S.") government-backed debt securities and treasuries. We classify our marketable securities as available-for-sale and accordingly, record such securities at fair value. Debt securities with original maturities of greater than 90 days are classified as available-for-sale marketable securities and debt securities with original maturities of less than 90 days from the date of purchase are classified as cash equivalents.

Unrealized gains and losses on our marketable debt securities that are deemed temporary are included in accumulated other comprehensive gain (loss) as a separate component of stockholders' equity. If any adjustment to

RALLYBIO CORPORATION

Notes to Consolidated Financial Statements - (Continued)

fair value reflects a significant decline in the value of the security, we evaluate the extent to which the decline is determined to be other-than-temporary and would mark the security to market through a charge to our consolidated statements of operations and comprehensive loss. Credit losses are identified when we do not expect to receive cash flows sufficient to recover the amortized cost basis of a security. In the event of a credit loss, only the amount associated with the credit loss is recognized in operating results, with the amount of loss relating to other factors recorded in accumulated other comprehensive gain (loss).

Property and Equipment—Property and equipment are recorded at cost and consist of computer and other equipment, capitalized software, furniture and fixtures and leasehold improvements. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, or for leasehold improvements, over the remaining term of the lease, if shorter. The estimated useful life for each major asset classification are as follows:

Asset Classification	Estimated Useful Life
Computer and other equipment	3 years
Capitalized software	3 years
Furniture and fixtures	6 years
Leasehold improvements	lesser of lease life or useful life

Maintenance and repairs which do not extend the lives of the assets are charged directly to expense as incurred. Upon retirement or disposal, cost and related accumulated depreciation are removed from the related accounts, and any resulting gain or loss is recognized as a component of income or loss in the consolidated statements of operations and comprehensive loss.

Impairment of Long-Lived Assets—When indications of potential impairments are present, the Company evaluates the carrying value of long-lived assets. The Company adjusts the carrying value of the long-lived assets if the sum of undiscounted expected future cash flows is less than the carrying value. No such impairments were recorded during the years ended December 31, 2025 or 2024.

Leases—At the inception of an arrangement, we determine if an arrangement is, or contains, a lease based on the facts and circumstances present in that arrangement. Lease classification, recognition, and measurement are then determined at the lease commencement date. For arrangements that contain a lease we (i) identify lease and non-lease components, (ii) determine the consideration in the contract, (iii) determine whether the lease is an operating or financing lease; and iv) recognize lease right-of-use ("ROU") assets and liabilities. Lease liabilities and their corresponding ROU assets are recorded based on the present value of fixed, or in substance fixed, lease payments over the expected lease term. When the interest rate implicit in lease contracts is not readily determinable we use our incremental borrowing rate based on the information available at the lease commencement date, which represents an internally developed rate that would be incurred to borrow, on a collateralized basis, over a similar term, an amount equal to the lease payments in a similar economic environment.

We have elected to combine lease components with non-lease components on our office real estate asset class. Fixed, or in substance fixed, lease payments on operating leases are recognized over the expected term of the lease on a straight-line basis. Variable lease expenses that are not considered fixed, or in substance fixed, are recognized as incurred. Fixed and variable lease expense on operating leases is recognized within operating expenses within our consolidated statements of operations and comprehensive loss. Some leases include options to extend or terminate the lease and the Company includes these options in the recognition of the Company's ROU assets and lease liabilities when it is reasonably certain that the Company will exercise such options. We have elected the short-term lease exemption and, therefore, do not recognize a ROU asset or corresponding liability for lease arrangements with an original term of 12 months or less.

Income Taxes—The Company uses the asset and liability method of accounting for income taxes, as set forth in ASC 740, *Accounting for Income Taxes* ("ASC 740"). Under this method, deferred tax assets and liabilities are recognized for the expected future tax consequence of temporary differences between the carrying amounts and the

RALLYBIO CORPORATION

Notes to Consolidated Financial Statements - (Continued)

tax basis of assets and liabilities and net operating loss carry forwards, all calculated using presently enacted tax rates for the years and jurisdictions in which the temporary differences are expected to be recovered. Changes in deferred tax assets and liabilities are recorded in the provision for income taxes.

The Company evaluates whether deferred tax assets are more likely than not of being realized in determining whether a valuation allowance is necessary. In making such a determination, the Company considers all available positive and negative evidence, including the future reversals of existing taxable temporary differences, projected future taxable income exclusive of reversing temporary differences and carryforwards, tax-planning strategies, taxable income in prior carryback years if permitted under tax law, and the results from prior years. If the Company determines it is more likely than not, that all or a portion of a deferred tax asset will not be realized a valuation allowance is recorded with a charge to income tax expense. Alternatively, if the Company determines that all or a portion of a deferred tax asset previously not meeting the more likely than not threshold will be realized, the Company reduces its valuation allowance and recognizes a benefit in income tax expense. As of December 31, 2025 and 2024, the Company determined that it is more likely than not that deferred taxes will not be realized and as a result recorded a full valuation allowance against its deferred tax assets.

The Company files a consolidated U.S. federal income tax return and has elected to include all subsidiaries owned more than 80%.

The Company recognizes and measure uncertain tax benefits in accordance with ASC 740 based on a two-step process in which (1) the Company determines whether it is more likely than not that the tax position will be sustained based on the technical merits of the position, and (2) for those tax positions that meet the more-likely-than-not recognition threshold, the Company recognizes the largest amount of tax benefit that is more than fifty percent likely to be realized upon ultimate settlement with the related tax authority. The Company's policy is to recognize interest and penalties related to uncertain tax positions, if any, in income tax expense.

Research and Development Expenses—Research and development expenses are comprised of costs incurred in performing research and development activities including personnel salaries, benefits, and share-based compensation; external research and development expenses incurred under arrangements with third parties, such as contract research organization agreements, investigational sites, and consultants; the cost of developing and manufacturing clinical study materials, program regulatory costs, expenses associated with obligations under asset acquisitions, license agreements and other direct and indirect costs. Costs incurred in connection with research and development activities are expensed as incurred. Costs are considered incurred based on an evaluation of the progress to completion of each contract using information and data provided by the respective vendors, including the Company's clinical sites. Depending upon the timing of invoicing by the service providers, the Company recognizes prepaid expenses or accrued expenses related to these costs. These prepaid expenses or accrued expenses are based on management's estimates of the work performed under service agreements, milestones achieved, and experience with similar contracts. The Company monitors each of these factors and adjusts estimates accordingly.

Stock Warrants—The Company accounts for stock warrants as either equity-classified or liability-classified instruments based on an assessment of the warrant's specific terms and applicable authoritative guidance included in ASC 480, *Distinguishing Liabilities from Equity* ("ASC 480") and ASC 815, *Derivatives and Hedging* ("ASC 815"). The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, whether the warrants meet the definition of a liability pursuant to ASC 480, and whether the warrants meet all of the requirements for equity classification under ASC 815. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding. Warrants that meet all of the criteria for equity classification are required to be recorded as a component of additional paid-in capital at the time of issuance. For issued or modified warrants that do not meet all the criteria for equity classification, the warrants are required to be recorded at their initial fair value on the date of issuance and remeasured each balance sheet date thereafter.

RALLYBIO CORPORATION

Notes to Consolidated Financial Statements - (Continued)

Share-Based Compensation—The Company accounts for share-based compensation in accordance with ASC 718, *Compensation—Stock Compensation* (“ASC 718”). Generally, share-based compensation is measured at the grant date for all equity-based awards made to employees based on the fair value of the awards and is recognized over the requisite service period, which is generally the vesting period. Share-based compensation for awards with performance conditions are recognized over the service period when achievement of the performance condition is probable. The Company has elected to recognize the actual forfeitures by reducing the share-based compensation in the same period as the forfeitures occur. The Company classifies share-based compensation in its consolidated statements of operations and comprehensive loss in the same manner in which the award recipients’ payroll costs are classified.

The Company estimates the fair value of options granted using the Black-Scholes option pricing model (“Black-Scholes”) for stock option grants. The fair value of the Company’s common stock is used to determine the fair value of restricted stock awards. Black-Scholes requires inputs based on certain subjective assumptions, including the expected stock price volatility, the expected term of the award, the risk-free interest rate and expected dividends. Due to the lack of a public market for the Company’s common stock and lack of company-specific historical and implied volatility data, the Company has based its computation of expected volatility on the historical volatility of a representative group of public companies with similar characteristics to the Company and in 2024, the Company began to include its historical volatility rate in the computation. The historical volatility is calculated based on a period of time corresponding with expected term assumption. The Company uses the simplified method to calculate the expected term for options granted where the expected term equals the arithmetic average of the vesting term and the original contractual term of the options due to its lack of sufficient historical data. The risk-free interest rate is based on U.S. Treasury securities with a maturity date corresponding with the expected term of the associated award. The expected dividend yield is assumed to be zero as the Company has never paid dividends and has no current plans to pay any dividends on its common stock.

Fair Value Measurements—ASC Topic 820, *Fair Value Measurement* (“ASC 820”), establishes a fair value hierarchy for instruments measured at fair value that distinguishes between assumptions based on market data (observable inputs) and the Company’s own assumptions (unobservable inputs). Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company’s assumptions about the inputs that market participants would use in pricing the assets or liabilities and are developed based on the best information available in the circumstances. ASC 820 identifies fair value as the price that would be received to sell an asset or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. As a basis for considering market participant assumptions in fair value measurements, ASC 820 establishes a three-tiered value hierarchy that distinguishes between the following:

Level 1—Quoted market prices in active markets for identical assets or liabilities.

Level 2—Inputs other than Level 1 inputs that are either directly or indirectly observable, such as quoted market prices, interest rates and yield curves.

Level 3—Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair values requires more judgement. Accordingly, the degree of judgement exercised by the Company in determining fair value is greatest for instruments categorized as Level 3. A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

In determining fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as considers counterparty credit risk in its assessment of fair value.

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)*****Future Milestone and Royalty Assets***

As part of the JV Sale, the Company received consideration including an estimated \$3.0 million in future contingent milestones and royalty payments, which are recognized as a contingent consideration asset within prepaid expenses and other current assets on the consolidated balance sheets. The fair value of this contingent consideration was determined using a model that incorporates significant unobservable inputs based on Company estimates, external data, and management's judgment and forecasts. Key assumptions in the model include the discount rate, the timing of expected cash flows, the probability of achieving the milestone and royalty payments, and projected future net revenues.

The Company periodically reviews the carrying value of the Contingent Consideration when impairment indicators arise and records an impairment loss if the carrying amount materially exceeds the reassessed fair value. Increases in the carrying value are recognized only when contingent gains are realized. Since the contingent payments are tied to Phase 1 clinical study milestones and future royalty payments, the Company believes the likelihood of timely payment by Recursion is remote. See Note 9, "Investment in Joint Venture" for additional details.

Segment Information—Operating segments are defined as components of an enterprise for which discrete financial information is regularly reviewed by the chief operating decision maker ("CODM") in deciding how to allocate resources and in assessing operating performance. The Company manages its operations as a single segment for the purposes of allocating resources, assessing performance, and making operating decisions. All tangible assets of the Company are held in the U.S. See Note 12, "Segments" for additional details.

Basic and Diluted Net Loss Per Share—The Company calculates basic net loss per share by dividing the net loss by the weighted-average number of common shares outstanding during the period, without consideration of potential dilutive securities. Basic shares outstanding includes the weighted-average effect of the Company's pre-funded warrants to purchase shares of our common stock requiring little consideration upon exercise. Unvested restricted common shares as of December 31, 2025 and 2024 are not considered participating securities and as such are excluded from the weighted-average number of shares used for calculating basic and diluted net loss per share. Diluted net loss per share is computed by dividing the net loss by the sum of the weighted-average number of common shares outstanding during the period plus the dilutive effects of potentially dilutive securities outstanding during the period. Potentially dilutive securities include restricted common shares and stock options. The Company has generated a net loss for all periods presented, therefore diluted net loss per share is the same as basic net loss per share since the inclusion of potentially dilutive securities would be anti-dilutive.

Revenue Recognition—The Company recognizes revenue in accordance with the provisions of ASC Topic 606, *Revenue from Contracts with Customers* ("ASC 606"). The Company recognizes revenue when the Company's customer obtains control of promised goods or services, in an amount that reflects the consideration which the Company expects to receive in exchange for those goods and services. To determine revenue recognition for arrangements within the scope of ASC 606, the Company performs the following five steps: (i) identify the contract(s) with a customer; (ii) identify the performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract; and (v) recognize revenue when or as the Company satisfies a performance obligation. The Company only applies the five-step model to contracts when it is probable that the Company will collect the consideration to which it is entitled in exchange for the goods or services it transfers to the customer.

The Company evaluates the promised goods or services in these agreements to determine which ones represent distinct performance obligations. These agreements may include the following types of promised goods or services: (i) grants of licenses and related transfer of know-how, (ii) performance of research and development services, and (iii) participation on joint research and/or development committees. They also may include options to obtain further research and development services and licenses to the Company's intellectual property. The payment terms of these agreements may include nonrefundable upfront fees, payments based upon the achievement of certain milestones, and additional payments based on product sales derived from the collaboration.

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)**

The Company exercises judgment in assessing those promised goods and services that are distinct and thus representative of performance obligations. To the extent the Company identifies multiple performance obligations in a contract or group of contracts signed together, the Company must develop assumptions that require judgment to determine the estimated standalone selling price for each performance obligation in order to allocate the transaction price among the identified performance obligations. The transaction is allocated on a relative standalone selling price basis.

Prior to recognizing revenue, the Company makes estimates of the transaction price, including variable consideration that is subject to a constraint. Amounts of variable consideration are included in the transaction price to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur and when the uncertainty associated with the variable consideration is subsequently resolved. These estimates are reassessed at each reporting period as required.

The Company then recognizes revenue in the amount of the transaction price that is allocated to the respective performance obligations when or as the performance obligations are satisfied. For performance obligations satisfied over time, the Company estimates the efforts needed to complete the performance obligations and recognizes revenue over the satisfaction of the performance obligations.

Restructuring—The Company accounts for restructuring charges in accordance with ASC Subtopic 420-10, *Exit or Disposal Cost Obligations*. The charges related to the workforce reductions are cash-based expenditures related primarily to severance and benefit payments, with such amounts reflected in the Company's consolidated statements of operations and other comprehensive loss. See Note 13, "Restructuring" for additional details.

Recently Adopted Accounting Pronouncements—In December 2023, the FASB issued, ASU 2023-09, Income Taxes (Topic 740): *Improvements to Income Tax Disclosures* ("ASU 2023-09") which establishes new income tax disclosure requirements in addition to modifying and eliminating certain existing requirements. The ASU is effective for public business entities for fiscal years beginning on or after December 15, 2024 with early adoption permitted. The amendments in ASU 2023-09 were early adopted by the Company on a prospective basis. There was no material impact to the Company's financial statements as a result of adopting ASU 2023-09. See Note 8, "Income Taxes" for additional detail.

In May 2025, the FASB issued ASU 2025-03, Business Combinations (Topic 805) and Consolidation (Topic 810): *Determining the Accounting Acquirer in the Acquisition of a Variable Interest Entity* ("ASU 2025-03"), which revises current guidance for determining the accounting acquirer for a transaction effected primarily by exchanging equity interests in which the legal acquiree is a variable interest entity that meets the definition of a business. The amendments require that an entity consider the same factors that are currently required for determining which entity is the accounting acquirer in other acquisition transactions. The Company early adopted this ASU on a prospective basis as of October 1, 2025. There was no material impact to the Company's financial statements as a result of adopting ASU 2025-03.

Recently Issued Accounting Pronouncements—In November 2024, the FASB issued ASU 2024-03, Income Statement-Reporting Comprehensive Income-Expense Disaggregation Disclosures (Subtopic 220-40): *Disaggregation of Income Statement Expenses* ("ASU 2024-03"). This ASU requires public entities to disclose additional transparency on certain costs and expenses. ASU 2024-03 is effective for annual periods beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027. Early adoption is permitted. The Company has chosen not to early adopt this standard and is currently evaluating the potential impact of adopting this standard on its consolidated financial statements.

3. COLLABORATION AND LICENSE AGREEMENTS**Johnson & Johnson Collaboration**

In April 2024, the Company entered into a two-year collaboration agreement (the "J&J Collaboration Agreement") with Johnson & Johnson, through its wholly owned subsidiary, Momenta Pharmaceuticals, Inc. ("J&J") to facilitate the advancement of research into products to address unmet needs relating to FNAIT.

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)**

In April 2025, the Company announced that RLYB212 Phase 2 PK results did not achieve target concentrations, including the minimum target concentration required for efficacy, and that the Company would discontinue its RLYB212 program for the prevention of FNAIT. The Company will continue to follow any previously screened Phase 2 participant who was also eligible to enroll in the multinational FNAIT natural history study, in accordance with the study's protocol.

Pursuant to the J&J Collaboration Agreement, the Company received an upfront payment of \$0.5 million from J&J for the information dissemination and data provision services under the agreement. The J&J Collaboration Agreement provides that the Company is eligible for payments upon the achievement of certain screening-related events, however, the Company has discontinued screening and enrollment in both the FNAIT natural history study and the RLYB212 Phase 2 clinical trial.

The Company evaluated the agreement and determined it was within the scope of ASC 606. The Company determined there were performance obligations as follows:

- (1) Data collection & submission revenue – derived from Rallybio's ongoing management of the studies including the maintenance of a minimum site footprint, the license to utilize, and timely, semi-annual submission of the anonymized data, in the required formats.
- (2) Dissemination of J&J materials & participant revenue – derived from Rallybio's dissemination of content, information or materials related to the J&J-Sponsored Studies that are developed by J&J and are provided by Rallybio for the purpose of disseminating such content, information, or materials to staff at Rallybio study sites to provide to potential eligible participants regarding J&J's independent study.

In April 2024, the Company also entered into a securities purchase agreement (the "JJDC Securities Purchase Agreement") with Johnson & Johnson Innovation – JJDC, Inc. ("JJDC"). Under the terms of the JJDC Securities Purchase Agreement, JJDC made an equity investment purchasing 454,545 shares of common stock with a par value of \$0.0001 per share for a share purchase price of \$14.56 per share which includes a 10% premium for an aggregate purchase price of \$6.6 million. The JJDC Securities Purchase Agreement contains provisions related to the registration of the shares and the restriction on the sale or transfer of the shares for a period of time. The Company determined the J&J Collaboration Agreement and the JJDC Securities Purchase Agreement represented combined agreements. In accordance with ASC 606 and ASC 820, total consideration of \$1.2 million for the shares of common stock from the JJDC Securities Purchase Agreement, which represents the premium of \$0.7 million and discount for lack of marketability of \$0.5 million, has been allocated to revenue and will be recognized over the two year expected performance period.

The Company valued the common stock issued to JJDC, in connection with the JJDC Securities Purchase Agreement at fair value. The resulting fair value of \$5.4 million was determined by applying the discount due to lack of marketability during the registration and lock-up period to the public trading price of the common stock, which is a Level 1 input, on the date of sale. The Company determined the value of the lack of marketability during the registration and lock-up period by utilizing put option models, which are considered Level 3 inputs. Such option models included the Company's historical volatility of 113.2% and the risk-free rate of 5.28% based on U.S. Treasury bond rates, as key inputs.

The Company recognized \$0.8 million and \$0.6 million, respectively, in revenue during the years ended December 31, 2025 and 2024, related to data collection and data submission with the identified performance obligations, and the premium and discount allocated to revenue from the sale of the common stock to JJDC. The remaining revenue is included in deferred revenue on the Company's consolidated balance sheets as of December 31, 2025, and will be recognized as the performance obligations are satisfied.

The Company determined that the J&J Collaboration Agreement is not in the scope of ASC 808, *Collaborative Arrangements*.

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)****Asset Acquisition**

In May 2022, we obtained worldwide exclusive rights to RLYB331, with Kymab Limited ("Sanofi") a preclinical antibody. In 2024, we re-engineered RLYB331 to extend its half-life and renamed the program RLYB332. We believe RLYB332 has the potential to address a significant unmet need for patients with severe anemias with ineffective erythropoiesis and iron overload, including beta thalassemia and a subset of lower risk myelodysplastic syndromes ("MDS"). Under the terms of the license agreement, we made an upfront payment to Sanofi of \$3.0 million in the second quarter of 2022 for the exclusive license to KY1066. We could also be required to pay up to an aggregate of \$43.0 million in development and regulatory milestones and up to an aggregate of \$150.0 million in commercial milestones for a product in its first indication, plus tiered low-to-mid double digit percentages of such milestone amounts for up to three additional indications, and mid to high single digit royalties on net sales.

The license was accounted for as an asset acquisition as substantially all of the fair value of the asset acquired was concentrated in a single asset and thus the acquisition was deemed not to be a business combination. The acquired license rights represent an IPR&D asset that was determined to have no alternative future use. Accordingly, the Company recorded an IPR&D charge of \$3.1 million to research and development expense, including transaction costs associated with this asset acquisition of \$0.1 million, in the consolidated statements of operations and comprehensive loss for the year ended December 31, 2022. The Company did not record an IPR&D charge for the years ending December 31, 2025 and 2024 and did not achieve any milestones related to the terms of the license agreement.

AbCellera Collaboration

In December 2022, the Company entered into a multi-year, multi-target collaboration with AbCellera Biologics Inc. ("AbCellera") to discover, develop, and commercialize novel antibody-based therapeutics for rare diseases. Under the terms of the agreement, AbCellera and Rallybio will co-develop and share the development costs of up to five rare disease therapeutic targets, which will be chosen together by both companies. At the point one party in the collaboration opts-out of future co-development cost sharing, that party will be entitled to a share of future profit sharing from commercialization of the collaboration target, dependent on the proportion of their co-development contributions compared to the total development costs of a target as defined within the agreement. The agreement also has defined profit sharing floors that correspond to the stage of development at the time a collaboration party opts-out of co-developing a target.

The Company concluded that the agreement with AbCellera will be accounted under the scope of ASC 808 as both parties will actively participate in joint operating activities and are exposed to significant risks and rewards that depend on the commercial success of those activities. Under ASC 808, certain transactions between collaborative arrangement participants should follow the accounting for revenue under ASC 606 when the collaborative arrangement participant is a customer.

The Company determined that co-development arrangement as defined in our agreement with AbCellera does not meet the definition of a customer as defined by ASC 606. As a result, these activities will be accounted for as research and development costs. Payments due because of the co-development will be recorded as research and development expense in the period such expenses are incurred and for payments owed to us from our collaboration partner for the reimbursement of research and development costs will be recorded as a contra-research and development expense in the period such expenses are incurred. Costs related to the AbCellera collaboration were \$0.4 million for the year ended December 31, 2024. There were no costs related to the AbCellera collaboration for the year ended December 31, 2025.

4. MARKETABLE SECURITIES

The amortized cost, gross unrealized holding gains, gross unrealized holding losses and fair value of our marketable securities by type of security as of December 31, 2025 and 2024 was as follows:

DECEMBER 31, 2025					
(in thousands)	Fair Value Hierarchy Level	Amortized Cost	Gross Unrealized Holding Gains	Gross Unrealized Holding Losses	Fair Value
Cash and cash equivalents	Level 1	\$ 6,695	\$ —	\$ —	\$ 6,695
U.S. treasury securities	Level 1	19,212	17	—	19,229

7. STOCKHOLDERS' EQUITY

Common Stock

In April 2024, the Company entered into the JJDC Securities Purchase Agreement, pursuant to which the Company sold to JJDC, in an unregistered offering, 454,545 shares of its common stock, at a price of \$14.56 per share, which represents a 10% premium on the Company's closing stock price on April 9, 2024, for aggregate gross proceeds of approximately \$6.6 million, before deducting offering expenses.

The Company had 200,000,000 shares of common stock authorized as of December 31, 2025 and 2024, of which 5,283,321 and 5,188,743 shares were issued and outstanding as of December 31, 2025 and 2024, respectively.

Preferred Stock

The Company had 50,000,000 shares of preferred stock authorized as of December 31, 2025 and 2024, of which no shares were outstanding as of December 31, 2025 and 2024.

Pre-Funded Warrants

In connection with the November 2022 follow-on offering, the Company entered into an agreement with certain investors for pre-funded warrants in lieu of common stock to purchase up to an aggregate of 416,673 shares of common stock at a price of \$47.9992, which represents the per share public offering price at the November 2022 follow-on offering for common stock less a \$0.0008 per share exercise price for each pre-funded warrant.

The Company may not effect the exercise of any pre-funded warrant, and a holder will not be entitled to exercise any portion of any pre-funded warrant if, upon giving effect to such exercise, the aggregate number of shares of common stock beneficially owned by the holder (together with its affiliates) would exceed 9.99% of the number of shares of common stock outstanding immediately after giving effect to the exercise, which percentage may be increased or decreased at the holder's election upon 61 days' notice to the Company subject to the terms of such pre-funded warrants, provided that such percentage may in no event exceed 19.99%.

The Company's pre-funded warrant is a freestanding instrument that does not meet the definition of a liability pursuant to ASC 480 and does not meet the definition of a derivative pursuant to ASC 815. The pre-funded warrant

RALLYBIO CORPORATION
Notes to Consolidated Financial Statements - (Continued)

is indexed to the Company's common stock and meets all other conditions for equity classification under ASC 480 and ASC 815. Accordingly, the pre-funded warrant was classified as equity and accounted for as a component of additional paid-in capital at the time of issuance. All of the pre-funded warrants related to our November 2022 follow-on offering remain outstanding and unexercised as of December 31, 2025.

Share-based Compensation

Share-based compensation is comprised of the Company's stock options, restricted stock awards, restricted stock units and shares issued pursuant to the employee stock purchase plan, and is classified in the consolidated statements of operations and comprehensive loss for the years ended December 31, 2025 and 2024 and was as follows:

(in thousands)	FOR THE YEAR ENDED DECEMBER 31,	
	2025	2024

2021 Equity Incentive Plan

In 2021, the board of directors adopted the Rallybio Corporation 2021 Equity Incentive Plan (the "2021 Plan"). The 2021 Plan initially reserved 680,043 shares of the Company's common stock that have been issued in respect of outstanding equity awards granted prior to the registrant's IPO and for future issuances of shares to employees, directors and consultants in the form of stock options, SARs, restricted and unrestricted stock and stock units, performance awards and other awards that are convertible into or otherwise based on the Company's common stock. Dividend equivalents may also be provided in connection with awards under the 2021 Plan. The share pool will automatically increase on January 1st of each year until 2031 by the lesser, of (i) five percent of the number of shares of the Company's common stock outstanding as of such date and (ii) the number of shares of the Company's common stock determined by the board of directors on or prior to such date. On January 1, 2025 and January 1, 2024, the 2021 Plan share pool was automatically increased by 259,438 and 236,434 shares, respectively. As of December 31, 2025, the total number of shares of the Company's common stock that were issuable under the 2021 Plan was 1,257,573 shares, of which 590,690 shares remained available for future issuance.

The following table summarizes stock option activity for the year ended December 31, 2025:

Stock Options	Number of Option Shares	Weighted- Average Exercise Price	Weighted- Average Contractual Term (in years)	Aggregate Intrinsic Value (in thousands)
Outstanding stock options at December 31, 2024	529,342	\$ 62.83	7.8	\$ —

December 31, 2025. Stock options outstanding and exercisable with an exercise price above the closing price as of December 31, 2025 are considered to have no intrinsic value. Using the Black-Scholes option pricing model, the weighted-average grant date fair value of stock options granted during the years ended December 31, 2025 and 2024 was \$4.92 per share and \$11.78 per share, respectively. As of December 31, 2025, there was unrecognized share-based compensation expense related to nonvested stock options of \$2.8 million, which the Company expects to recognize over a weighted-average period of approximately 1.9 years.

The fair value of the stock options granted during the years ended December 31, 2025 and 2024 was determined using the Black-Scholes option pricing model with the following assumptions:

	FOR THE YEAR ENDED DECEMBER 31,	
	2025	2024
Expected volatility	91.88% - 119.61%	89.41% - 94.48%

Vested	(87,320)	\$ 19.18
Nonvested restricted common stock units at December 31, 2025	38,603	\$ 9.60

As of December 31, 2025, there was unrecognized share-based compensation expense related to nonvested restricted common stock units of \$0.3 million, which the Company expects to recognize over a weighted-average period of approximately 2.4 years.

2021 Employee Stock Purchase Plan

In connection with the Company's IPO, the board of directors adopted the Rallybio Corporation 2021 Employee Stock Purchase Plan (the "2021 ESPP"), which initially reserved 36,415 shares of the Company's common stock for

RALLYBIO CORPORATION
Notes to Consolidated Financial Statements - (Continued)

future issuances under this plan. The share pool will automatically increase on January 1st of each year from 2022 to 2031 by the lesser of (i) one percent of the number of shares of the Company's common stock outstanding as of such date (ii) 72,831 shares of the Company's common stock, and (iii) the number of shares of the Company's common stock determined by the board of directors on or prior to such date. The 2021 ESPP share pool did not increase on January 1, 2025 or January 1, 2024. As of December 31, 2025, the total number of shares of the Company's common stock available for future issuance under the 2021 ESPP was 94,281 shares. During the years ended December 31, 2025 and 2024, the Company issued 7,258 and 7,603 shares, respectively, of the Company's common stock under the 2021 ESPP.

The 2021 ESPP allows eligible participants to purchase shares of the Company's common stock through authorized payroll deductions. The purchase price of the shares will not be less than 85% of the lower of the fair market value the Company's common stock on the first day of an offering or on the date of the purchase.

For the years ended December 31, 2025 and 2024, the total share-based compensation for the 2021 ESPP was \$16 thousand and \$0.1 million, respectively.

8. INCOME TAXES

The following table summarizes income (loss) before income taxes:

(in thousands)	2025
Domestic	\$(8,978)
Foreign	—
Total	<u>\$(8,978)</u>

The Company had no income tax expense (benefit) as of December 31, 2025 and 2024.

The Company's effective tax rate for the period ended December 31, 2025 was 0.0%. For the period ended December 31, 2025, the primary drivers of the variance from the statutory rate were state taxes, research & development tax credits, stock based compensation, and valuation allowance.

The following is a reconciliation from the Company's statutory rate to the effective tax rate reported in the financial statements:

(in thousands)	2025	
	Amount	Rate
Statutory federal income tax rate	\$(1,885)	21.0%

Other adjustments	17	(0.2%)
Effective income tax rate	<u>\$ —</u>	<u>0.0%</u>

RALLYBIO CORPORATION
Notes to Consolidated Financial Statements - (Continued)

The Company's effective income tax rates are different from the federal statutory tax rates in 2024 predominantly due to the valuation allowance, tax credits, and state taxes. A reconciliation of the effect of applying the federal statutory rate to the net loss and effective income tax rate are as follows:

	2024
U.S. federal statutory income tax rate	21.0%
State income taxes, net of federal income tax benefit	5.4%
Tax credits	10.7%
Other	(2.9)%
Valuation allowance	(34.2)%
Effective income tax rate	—%

The tax effect of temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases that give rise to deferred tax assets and liabilities are as follows at December 31, 2025 and 2024:

(in thousands)	2025	2024
Net operating loss carryforwards	\$ 50,322	\$ 45,973
Amortization	1,775	1,341

Total deferred tax assets	100,451	97,970
Valuation allowance	(100,451)	(97,970)
Net deferred tax assets	\$ —	\$ —

As of December 31, 2025, the Company's federal and state post-apportioned carryforwards are approximately \$183.3 million and \$181.6 million, respectively. Of the federal amount, \$183.3 million will have an indefinite carryforward period. Of the state post-apportioned amount, \$181.6 million have a limited carryforward period and will begin to expire in 2038.

As of December 31, 2025, the Company's federal and state carryforwards are approximately \$25.0 million and \$0.9 million, respectively. All tax credits have a limited carryforward period and will begin to expire in 2038.

After weighing all available positive and negative evidence, the Company has recorded a valuation allowance of approximately \$100.5 million and \$98.0 million as of December 31, 2025 and 2024, respectively. The Company increased the valuation allowance by \$2.5 million and \$19.7 million for the years ended December 31, 2025 and 2024, respectively.

The Company is subject to income tax in multiple jurisdictions, including federal, states, and city jurisdictions. The Company has federal, state, and city income tax returns that are open to examination from 2022, 2023, and 2024 forward, respectively. In addition, the utilization of tax carryforwards, from periods prior to those previously mentioned may also be audited by the taxing authorities once utilized.

As a result, the Company continuously monitors its current and prior filing positions in order to determine if any unrecognized tax positions need to be recorded. The analysis involves considerable judgement and is based on the best information available. As of December 31, 2025 the Company has no unrecognized tax benefits.

The Company has not accrued any interest expense or penalties related to the unrecognized tax benefits for the period ended December 31, 2025.

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)**

The Company has made no income tax payments and received no income tax refunds during the periods ended December 31, 2025 and 2024. All payments made to taxing authorities were for non-income based tax liabilities and are outside the scope of ASC 740.

The One Big Beautiful Bill Act (the "OBBBA") was enacted on July 4, 2025. The Company has evaluated whether the OBBBA has a material impact on its 2025 financial statements. The only provision of the OBBBA that impacts the Company's income tax accounting under Accounting Standards Codification 740 is the new Internal Revenue Code of 1986, as amended, Section 174A ("Section 174A"), which permanently allows taxpayers to fully expense domestic research or experimental ("R&E") expenditures paid or incurred in taxable years beginning after December 31, 2024. The requirement to capitalize foreign expenses under Internal Revenue Code Section 174 over 15 years has not changed. On August 28, 2025, the Internal Revenue Service released procedural guidance (Rev. Proc. 2025-28) for implementing Section 174A and related elections for domestic R&E. Transition rules provide taxpayers with options to account for any remaining unamortized domestic R&E expenditures paid or incurred in taxable years beginning after December 31, 2021, and before January 1, 2025. Taxpayers may continue to amortize such unamortized amounts over the remaining five-year period; alternatively, they may elect to deduct any remaining unamortized domestic R&E expenditures either entirely in the first tax year beginning after December 31, 2024, or ratably over two taxable years (e.g., 2025 or ratably in 2025 and 2026). The company has decided it will elect to continue to amortize previously capitalized and unamortized domestic R&E expenditures over the remaining five-year period. As of December 31, 2024, the company had approximately \$41.4 million of remaining unamortized domestic research and development expenditures, representing approximately \$11.4 million of its gross deferred tax assets. As of December 31, 2025, the company had approximately \$25.5 million of remaining unamortized domestic research and development expenditures, representing approximately \$7.0 million of its gross deferred tax assets.

Utilization of the U.S. federal and state net operating loss carryforwards and research and development tax credit carryforwards may be subject to an annual limitation under Section 382 and Section 383 of the Code, and corresponding provisions of state law, due to ownership changes that may have occurred previously or that could occur in the future. These ownership changes may limit the amount of carryforwards that can be utilized annually to offset future taxable income and tax liabilities. In general, an ownership change, as defined by Section 382 of the Code, results from transactions increasing the ownership of certain stockholders or public groups in the stock of a corporation by more than 5% over a three-year period.

The Company completed a Section 382 study and concluded that it underwent an ownership change as defined by the Code during the year ended December 31, 2021. The Company does not currently believe that the annual limitation will result in the expiration of any net operating losses or research and development tax credit carryforwards before utilization. Additional ownership changes which may have occurred after December 31, 2021 and any future ownership changes may limit our ability to utilize remaining tax attributes. Any carryforwards that will expire prior to utilization as a result of such additional limitations will be removed from deferred tax assets, with a corresponding reduction of the valuation allowance. Due to the existence of the valuation allowance, limitations created by future ownership changes, if any, will not impact the Company's effective tax rate.

ASC 740 addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under ASC 740, the Company may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The Company has no material uncertain tax positions that qualify for either recognition or disclosure in consolidated financial statements.

9. INVESTMENT IN JOINT VENTURE

In July 2025, the Company entered into the ENPP1 Purchase Agreement to sell its interest in REV102, an ENPP1 inhibitor in preclinical development for the treatment of patients with HPP, to Buyer (a subsidiary of its joint venture partner Recursion). In connection with the JV Sale, the Company received compensation in the form of Recursion

RALLYBIO CORPORATION**Notes to Consolidated Financial Statements - (Continued)**

common stock (which is a non-cash investing activity). The Company subsequently sold the Recursion common stock for cash proceeds of \$20.0 million in the third quarter of 2025 which included \$7.5 million from an upfront payment and \$12.5 million from a milestone payment related to the initiation of additional preclinical studies. The Company is eligible to receive a \$5.0 million milestone cash payment in connection with the initiation of dosing in a Phase 1 clinical study, as defined in the ENPP1 Purchase Agreement and low single-digit royalties on all future net sales by Recursion of products comprising or incorporating certain compounds developed by REV-I. The Company may also be eligible to receive certain payments in the event of Recursion's sale of the REV102 program.

The Company evaluated the JV Sale under ASC 860, *Transfers and Servicing of Financial Assets* ("ASC 860"). Based on the Company's evaluation of the JV Sale under ASC 860, the Company recognized a gain from the sale of its equity interests in REV102 of \$22.4 million, based on the excess of the total net consideration allocated to the sale of the Company's equity interests (based on relative fair value) of \$23.0 million over the carrying value of the equity interests sold of \$0.6 million. The total net consideration of \$23.0 million included cash received of \$20.0 million, plus an estimated \$3.0 million representing the fair value of the future milestone payments and future royalties (which is a non-cash investing activity).

The contingent consideration was initially measured at fair value using a probability based present value model of the risk-adjusted estimated cash flows, with a discount rate of 15.4%. This valuation model relied on significant unobservable inputs (level 3 inputs) based on management's estimates, which were informed by external data, judgment, and forecasts. Key assumptions included the probability of achieving the milestone and royalties, timing of cash flows, discount rate, and forecasted net revenues. The fair value of the contingent consideration is a non-recurring fair value measurement and is recorded as other assets and other assets, non-current on the Company's consolidated balance sheets and as gain on sale of joint venture and other income within the Company's consolidated statements of operations and comprehensive loss.

Prior to the JV Sale, the Company, through one of its wholly owned subsidiaries, had a 50% interest of the joint venture entity, REV-I. For the years ended December 31, 2025 and 2024 the Company funded \$1.5 million and \$2.0 million, respectively, associated with the Company's commitment and its share of REV-I development costs. The Company did not provide any additional financial support outside of capital contributions to REV-I during the years ended December 31, 2025 and 2024. However, in connection with the joint venture, the Company provided certain scientific and finance and accounting related support which was reimbursed by REV-I to the Company and included in other income on the consolidated statements of operations and comprehensive loss. For the years ended December 31, 2025 and 2024, the Company recorded \$0.3 million and \$0.7 million, respectively, related to such support. Prior to the JV Sale, the Company held a 50% interest in the joint venture and based on management's analysis, the Company was not the primary beneficiary of REV-I and accordingly, the entity was not consolidated in the Company's consolidated financial statements.

For the years ended December 31, 2025 and 2024, the Company recorded its allocable share of REV-I's losses, which totaled \$0.9 million and \$2.2 million, respectively, as a loss on investment in joint venture in the consolidated statements of operations and comprehensive loss. After recognition of its share of losses for the period, the carrying value and maximum exposure to risk of the REV-I investment there was no carrying value remaining on the REV-I investment as of December 31, 2025 or 2024.

10. COMMITMENTS AND CONTINGENCIES

Purchase Commitments—The Company enters contracts in the normal course of business with contract research organizations ("CROs") and other third-party vendors for clinical trials and testing and manufacturing services. These contracts generally do not contain minimum purchase commitments and are cancellable by us upon written notice. Payments that may be due upon cancellation consist of payments for services provided or expenses incurred prior to cancellation. As of December 31, 2025 and 2024 there were no amounts accrued related to termination charges.

Basic net loss per share of common stock is based on the weighted-average number of shares of common stock outstanding during the period. Pre-funded warrants to purchase 416,673 shares of common stock that were issued in connection with the November 2022 follow-on offering were included in the weighted-average number of common shares outstanding for the years ended December 31, 2025 and 2024, respectively. The weighted-average number of common shares outstanding diluted for the years ended December 31, 2025 and 2024 both exclude approximately \$0.7 million stock options and nonvested restricted stock awards and units, which were not dilutive.

12. SEGMENTS

The Company defines its segments on the basis of the way in which internally reported financial information is regularly reviewed by the CODM to analyze financial performance, make decisions, and allocate resources. The Company's CODM consists of its Chief Executive Officer, Chief Financial Officer and Chief Medical Officer. The Company manages its operations as a single operating and reportable segment and the measure of segment profit or loss is net loss. The CODM uses net loss in the budget and forecasting process and considers budget-to-actual variances on a quarterly basis when making decisions about the allocation of operating and capital resources.

The following table summarizes the information about reported segment revenues and significant segment expenses presented on the Company's consolidated statements of operations and comprehensive loss for the years ended December 31, 2025 and 2024:

13. RESTRUCTURING

On May 2, 2025, the Company approved a workforce reduction to focus resources on the Company's lead program, RLYB116 and its preclinical development programs.

As part of this effort, the Company eliminated approximately 40% of its positions. As a result of these actions, the Company incurred charges of approximately \$1.7 million of which \$1.2 million was included in research and development expenses and \$0.5 million was included in general and administrative expenses, with such amounts reflected in the consolidated statements of operations and comprehensive loss. The charges related to the workforce reduction were cash-based expenditures related primarily to severance and benefit payments. The Company recognized all such charges during the second quarter of 2025, with such amounts reflected in the consolidated statements of operations and comprehensive loss. The accrued restructuring liability is included in accrued expenses in the consolidated balance sheets as of December 31, 2025.

In February, 2024, the Company announced a prioritization of its portfolio and a workforce reduction to focus resources primarily on the continued development of RLYB212.

As part of this effort, the Company eliminated approximately 45% of its positions. As a result of these actions, the Company incurred charges of approximately \$3.3 million of which \$2.0 million was included in research and development expenses and \$1.3 million was included in general and administrative expenses, with such amounts reflected in the consolidated statements of operations and comprehensive loss. The charges related to the workforce reduction are cash-based expenditures related primarily to severance and benefit payments. The Company recognized all such charges in the first quarter of 2024, with such amounts reflected in the consolidated statements of operations and comprehensive loss.

Substantially all restructuring payments are expected to be completed by August 2026.

The following table summarizes the restructuring accrued expense activity as of December 31, 2025:

(in thousands)	DECEMBER 31, 2025
Beginning accrued severance	\$ 203
Severance incurred during the period	1,706
Severance paid and adjustments made during the period	(1,386)
Ending accrued severance	\$ 523

14. SUBSEQUENT EVENTS

Share Price and Reverse Split

On February 24, 2025, the Company received a notification letter from The Nasdaq Stock Market LLC ("Nasdaq") Listing Qualifications Department notifying the Company that the closing bid price of the Company's shares of common stock was below the minimum closing bid price of \$1.00 per share during the prior 30 consecutive business days (the "Notice"), as required for continued listing on the Nasdaq. Pursuant to Nasdaq's Listing Rules, the Company had until August 25, 2025 (the "Initial Compliance Date") to regain compliance with the minimum closing bid price requirement. As of the Initial Compliance Date, the Company had not regained compliance with the minimum closing bid price requirement.

On August 26, 2025, Nasdaq notified the Company that it had approved the Company's application to transfer its listing to the Nasdaq Capital Market and that the Company is eligible for an additional 180 calendar day period, or until February 23, 2026 (the "Second Compliance Date"), to regain compliance with the minimum closing bid price requirement. At the opening of business on August 29, 2025, the Company's common stock was transferred to the Nasdaq Capital Market, which operates in substantially the same manner as the Nasdaq Global Select Market, where it will continue to trade under the symbol "RLYB."

RALLYBIO CORPORATION

Notes to Consolidated Financial Statements - (Continued)

On January 26, 2026, the Company's stockholders approved a proposal to amend its Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") with the Secretary of State of the State of Delaware to effect a reverse stock split of the Company's issued and outstanding common stock, par value \$0.0001 at a ratio of 1-for-8. Pursuant to the Certificate of Amendment, the Reverse Stock Split became effective at 12:01 a.m., Eastern Time, on February 6, 2026 and began trading on a post-split basis under CUSIP number 75120L 209.

All common share, per share and related information included in the accompanying financial statements and footnote disclosures have been adjusted retroactively, where applicable, to reflect the Reverse Stock Split.

On February 24, 2026, Rallybio received a letter from Nasdaq notifying the Company it had regained compliance with the Nasdaq's Listing Rules and that it complies with the requirements for continued listing.

Proposed Merger with Candid Therapeutics

On March 1, 2026, Rallybio entered into the Merger Agreement with Candid, a clinical-stage biotechnology company advancing a leading portfolio of TCE therapeutics for autoimmune diseases, and the Merger Sub. Upon the terms and subject to the satisfaction of the conditions described in the Merger Agreement, Merger Sub will be merged with and into Candid, with Candid surviving as a wholly owned subsidiary of the Merger. The Merger is intended to qualify as a tax-free reorganization for U.S. federal income tax purposes.

Subject to the terms and conditions of the Merger Agreement, at the Effective Time, (a) each then-outstanding share of common stock or preferred stock of Candid Share (excluding any share described in clauses (b) or (c) below and Candid Shares held by stockholders who have exercised and perfected appraisal rights for such shares) will be converted into the right to receive a number of shares of Rallybio Common Stock, par value \$0.0001 per share, calculated in accordance with the Exchange Ratio, (b) each Candid Share issued in the Concurrent Financing will be converted into the right to receive a number of shares of Rallybio Common Stock calculated in accordance with the Concurrent Financing Exchange Ratio, (c) any Candid Shares held as treasury shares or held or owned by Rallybio, Merger Sub or any subsidiary of Rallybio or Candid immediately prior to the Effective Time will be canceled and shall cease to exist, and no consideration shall be delivered in exchange therefor. Each then-outstanding option to purchase Candid Shares will be converted into an option to purchase Rallybio Common Stock, subject to adjustment as set forth in the Merger Agreement.

Concurrently with the execution and delivery of the Merger Agreement, certain investors entered into a subscription agreement with Candid, pursuant to which such investors have agreed to purchase, immediately prior to the Merger, shares of Candid common stock representing an aggregate commitment of approximately \$505.5 million in the Concurrent Financing. The shares of Candid common stock that are issued in the Concurrent Financing will be or will have the right to be, respectively, converted into shares of Rallybio common stock in the Merger.

Under the Exchange Ratio and Concurrent Financing Exchange Ratio formulas in the Merger Agreement, immediately after the Closing, on a pro forma basis and based upon the number of shares of Rallybio Common Stock expected to be issued in connection with the Merger, pre-Merger equityholders of Candid (other than investors in the Concurrent Financing) are expected to own approximately 57.55% of the combined company, pre-Merger equityholders of Rallybio are expected to own approximately 3.65% of the combined company and the Investors in the Concurrent Financing are expected to own approximately 38.80% of the combined company (assuming proceeds from the Concurrent Financing of \$505.5 million), in each case, calculated on a fully diluted basis, using the treasury stock method, and subject to certain assumptions, including (i) a valuation for Rallybio of \$47.5 million (assuming Rallybio has net cash ("Rallybio Net Cash") of \$37.5 million as of the closing of the Merger (the "Closing" and such date, the "Closing Date")), (ii) a fixed valuation for Candid of \$750.0 million, and (iii) the relative capitalization of Rallybio and Candid. The percentage of the combined company that each party's equity holders will own following the Closing is subject to certain adjustments as described in the Merger Agreement, including the amount of the final Rallybio Net Cash at Closing.

Immediately prior to the Effective Time, Rallybio and a rights agent are expected to enter into the CVR Agreement, pursuant to which holders of record of certain Rallybio securities as of the close of business on the last business day

RALLYBIO CORPORATION

Notes to Consolidated Financial Statements - (Continued)

prior to the day on which the Effective Time occurs will receive one contingent value right (each, a "CVR") for each outstanding share of Rallybio Common Stock, prefunded warrant, Rallybio restricted stock unit or In the Money Parent Option (as defined in the CVR Agreement) held as of such date. Pursuant to the CVR Agreement, each CVR holder will be entitled to receive their pro rata share of (i) all of the net proceeds (including cash the value of stock to the extent listed on a national exchange, at the time of disposition), if any, received by Rallybio as a result of payments made to Rallybio of any upfront, milestone, royalty and other payments received under any disposition agreement related to Rallybio's Legacy Assets, and (ii) all of the cash proceeds, if any, received from Recursion under the Membership Interest Purchase Agreement, dated July 8, 2025, by and among Recursion, Exscientia Ventures I, Inc., Rallybio Corporation and Rallybio IPB, LLC. For a period of one year after the Closing Date, Rallybio will use commercially reasonable efforts to effect the disposition of the Legacy Assets. Such net proceeds will be subject to certain permitted deductions, including for applicable tax payments, certain expenses incurred or other liabilities borne by Rallybio or its affiliates in respect of the Legacy Assets, and losses incurred by Rallybio or its affiliates due to a third-party proceeding in connection with such disposition.

RALLYBIO CORPORATION**Notes to Unaudited Condensed Consolidated Financial Statements****1. BUSINESS AND LIQUIDITY**

Rallybio Corporation and subsidiaries ("Rallybio", the "Company", "we", "our", or "us") is a clinical-stage biotechnology company comprised of experienced biopharma industry leaders with extensive research, development, and rare disease expertise with a mission to develop and commercialize life-transforming therapies for patients with severe and rare diseases. The Company's lead program, RLYB116, is a differentiated complement component 5 ("C5") inhibitor with the potential to treat diseases of complement dysregulation. In addition, RLYB332, a long-acting matriptase-2 ("MTP-2") antibody for the treatment of diseases of iron overload is currently in preclinical development. In 2025, the Company completed a confirmatory pharmacokinetic ("PK") and pharmacodynamic ("PD") study of RLYB116 in healthy volunteers and reported data in the first quarter of 2026. In April 2025, the Company announced the discontinuation of its RLYB212 program for the prevention of fetal and neonatal alloimmune thrombocytopenia ("FNAIT") based on PK data from the Phase 2 clinical trial that demonstrated an inability of the RLYB212 dose regimen to achieve predicted target concentrations, as well as the minimum target concentration required for efficacy. In July 2025, the Company entered into a definitive agreement to sell its interest in REV102, an Ectonucleotide Pyrophosphatase/Phosphodiesterase 1 ("ENPP1") inhibitor in preclinical development for the treatment of patients with hypophosphatasia ("HPP"), to a subsidiary of its joint venture partner Recursion Pharmaceuticals, Inc. ("Recursion") (the "JV Sale").

On March 1, 2026, Rallybio entered into an Agreement and Plan of Merger and Reorganization with Candid Therapeutics, Inc. ("Candid") (the "Merger Agreement") pursuant to which the parties intended to undertake a business combination (the "Merger").

On May 3, 2026, Candid terminated the Merger Agreement concurrently with entering into a Permitted Alternative Agreement (as defined in the Merger Agreement) with UCB S.A. ("UCB"). As a result of the termination of the Merger Agreement, Rallybio was paid on May 4, 2026 a \$50.0 million Parent Termination Fee (as defined in the Merger Agreement) and was reimbursed \$0.4 million for certain expenses.

The Company had cash, cash equivalents and marketable securities of \$46.8 million as of March 31, 2026. The Company currently expects that its cash, cash equivalents and marketable securities will be sufficient to fund its operating expenses and capital requirements for more than 12 months from the date these unaudited condensed consolidated financial statements are issued. However, the Company does not anticipate that its current cash, cash equivalents and marketable securities as of March 31, 2026 will be sufficient to fund any of its product candidates through regulatory approval, and it will need to raise substantial additional capital to complete the development and commercialization of its product candidates, if approved. Rallybio may satisfy its future cash needs through the sale of equity securities, debt financings, corporate collaborations or license agreements, working capital lines of credit, grant funding, interest income earned on invested cash balances or a combination of one or more of these sources.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES BASIS OF PRESENTATION AND PRINCIPLES OF CONSOLIDATION

Unaudited Financial Information—The unaudited condensed consolidated financial statements of the Company have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"), and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Any reference in these notes to applicable guidance is meant to refer to GAAP as found in the Accounting Standards Codification ("ASC") and Accounting Standards Updates ("ASU") promulgated by the Financial Accounting Standards Board.

In the opinion of the Company, the information furnished reflects all adjustments, all of which are of a normal and recurring nature, necessary for a fair presentation of the financial position and results of operations for the reported interim periods. The Company considers events or transactions that occur after the balance sheet date but before the financial statements are issued to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. The results of operations for interim periods are not necessarily indicative of results to be expected for the full year or any other interim period.

RALLYBIO CORPORATION

Notes to Unaudited Condensed Consolidated Financial Statements- (Continued)

The accompanying unaudited condensed consolidated financial statements include the accounts of Rallybio Corporation and its subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

These accompanying unaudited condensed consolidated financial statements and notes should be read in conjunction with Rallybio's Annual Report on Form 10-K for the year ended December 31, 2025 (our "Annual Report"). The Company's significant accounting policies are described in Note 2 of the Notes to the consolidated financial statements included in our Annual Report. There have been no new accounting policies, including the adoption of new accounting standards during the three months ended March 31, 2026, unless otherwise noted below, which could be expected to materially impact the Company's unaudited condensed consolidated financial statements.

Significant Accounting Policies —

Future Milestone and Royalty Assets

As part of the JV Sale, the Company received consideration including an estimated \$3.0 million in future contingent milestones and royalty payments, which are recognized as a contingent consideration asset on the condensed consolidated balance sheets. The fair value of this contingent consideration was determined using a model that incorporates significant unobservable inputs based on Company estimates, external data, and management's judgment and forecasts. Key assumptions in the model include the discount rate, the timing of expected cash flows, the probability of achieving the milestone and royalty payments, and projected future net revenues.

The Company periodically reviews the carrying value of the contingent consideration when impairment indicators arise and records an impairment loss if the carrying amount materially exceeds the reassessed fair value. Increases in the carrying value are recognized only when contingent gains are realized. Since the contingent payments are tied to Phase 1 clinical study milestones and future royalty payments, the Company believes the likelihood of timely payment by Recursion is uncertain.

Recently Issued Accounting Pronouncements—In November 2024, the FASB issued ASU 2024-03, Income Statement-Reporting Comprehensive Income-Expense Disaggregation Disclosures (Subtopic 220-40): *Disaggregation of Income Statement Expenses* ("ASU 2024-03"). This ASU requires public entities to disclose additional transparency on certain costs and expenses. ASU 2024-03 is effective for annual periods beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027. Early adoption is permitted. The Company has chosen not to early adopt this standard and is currently evaluating the potential impact of adopting this standard on its financial statements.

Common Stock

In April 2024, the Company entered into a securities purchase agreement (the "JJDC Securities Purchase Agreement") with Johnson & Johnson Innovation - JJDC, Inc. ("JJDC"), pursuant to which the Company sold to JJDC, in an unregistered offering, 454,545 shares of its common stock, at a price of \$14.56 per share, which represented a 10% premium on the Company's closing stock price on April 9, 2024, for aggregate gross proceeds of approximately \$6.6 million, before deducting offering expenses.

The Company had 200,000,000 shares of common stock authorized as of March 31, 2026 and December 31, 2025, of which 5,290,236 and 5,283,321 shares were issued and outstanding as of March 31, 2026 and December 31, 2025, respectively.

Preferred Stock

The Company had 50,000,000 shares of preferred stock authorized as of March 31, 2026 and December 31, 2025, of which no shares were issued or outstanding as of March 31, 2026 and December 31, 2025.

Pre-Funded Warrants

In connection with a follow-on offering, the Company entered into an agreement with certain investors to issue pre-funded warrants in lieu of common stock to purchase up to an aggregate of 416,673 shares of common stock at a price of \$47.9992, which represents the per share public offering price of the November 2022 follow-on offering for common stock less a \$0.0008 per share exercise price for each pre-funded warrant.

The Company may not effect the exercise of any pre-funded warrant, and a holder will not be entitled to exercise any portion of any pre-funded warrant if, upon giving effect to such exercise, the aggregate number of shares of common stock beneficially owned by the holder (together with its affiliates) would exceed 9.99% of the number of shares of common stock outstanding immediately after giving effect to the exercise, which percentage may be increased or decreased at the holder's election upon 61 days' notice to the Company subject to the terms of such pre-funded warrants, provided that such percentage may in no event exceed 19.99%.

The Company's pre-funded warrant is a freestanding instrument that does not meet the definition of a liability pursuant to ASC 480, *Distinguishing Liabilities from Equity* ("ASC 480"), and does not meet the definition of a derivative pursuant to ASC 815, *Derivatives and Hedging* ("ASC 815"). The pre-funded warrant is indexed to the Company's common stock and meets all other conditions for equity classification under ASC 480 and ASC 815.

RALLYBIO CORPORATION

Notes to Unaudited Condensed Consolidated Financial Statements- (Continued)

Accordingly, the pre-funded warrant was classified as equity and accounted for as a component of additional paid-in capital at the time of issuance. All of the pre-funded warrants related to the November 2022 follow-on offering remain outstanding and unexercised as of March 31, 2026.

Share-based Compensation

Share-based compensation is comprised of the Company's stock options, restricted stock awards, restricted stock units and shares issued pursuant to the employee stock purchase plan, and is classified in the condensed consolidated statements of operations and comprehensive loss for the three months ended March 31, 2026 and 2025 as follows:

(in thousands)	FOR THE THREE MONTHS ENDED MARCH 31,	
	2026	2025
Research and development	\$ 184	\$ 810
General and administrative	429	1,069

2021 Equity Incentive Plan

In 2021, the board of directors adopted the Rallybio Corporation 2021 Equity Incentive Plan (the "2021 Plan"). The 2021 Plan initially reserved 680,043 shares of the Company's common stock that have been issued in respect of outstanding equity awards granted prior to the Company's initial public offering ("IPO"), and for future issuances of shares to employees, directors and consultants in the form of stock options, SARs, restricted and unrestricted stock and stock units, performance awards and other awards that are convertible into or otherwise based on the Company's common stock. Dividend equivalents may also be provided in connection with awards under the 2021 Plan. The share pool will automatically increase on January 1st of each year until 2031, by the lesser of (i) five percent of the number of shares of the Company's common stock outstanding as of such date and (ii) the number of shares of the Company's common stock determined by the board of directors on or prior to such date. On January 1, 2026 and January 1, 2025, the 2021 Plan share pool was automatically increased by 264,166 and 259,438 shares, respectively. As of March 31, 2026, the total number of shares of the Company's common stock that were issuable under the 2021 Plan was 1,514,824 shares, of which 834,331 shares remained available for future issuance.

The following table summarizes stock option activity for the three months ended March 31, 2026:

Stock Options	Number of Option Shares	Weighted- Average Exercise Price	Weighted- Average Contractual Term (in years)	Aggregate Intrinsic Value (in thousands)
Outstanding stock options at December 31, 2025	628,280	\$ 43.42	7.6	\$ 89
Granted	32,360	\$ 4.45		
Forfeited	(11,404)	\$ 15.70		
Expired	(1,281)	\$ 88.75		
Exercised	(561)	\$ 6.08		
Outstanding stock options at March 31, 2026	<u>647,394</u>	\$ 41.90	6.2	\$ 749
Exercisable stock options at March 31, 2026	<u>427,642</u>	\$ 56.52	5.6	\$ 180

The aggregate intrinsic value is calculated as the difference between the exercise price of the underlying stock options and the estimated fair value of the Company's common stock. Stock options outstanding with an exercise price below the closing price as of March 31, 2026 had an intrinsic value of approximately \$749 thousand. Stock

options outstanding and exercisable with an exercise price below the closing price as of March 31, 2026 had an intrinsic value of \$180 thousand. These values are based on a common stock fair value of \$8.97 per share, which was the closing price of the Company's common stock on March 31, 2026. Using the Black-Scholes option pricing model, the weighted-average grant date fair value of stock options granted during the three months ended March 31, 2026 and 2025 was \$3.60 per share and \$5.36 per share, respectively. As of March 31, 2026, there was unrecognized share-based compensation expense related to nonvested stock options of \$2.2 million, which the Company expects to recognize over a weighted-average period of approximately 1.6 years. As of March 31, 2026, in connection with the consummation of the now-terminated proposed Merger, all nonvested stock options were expected to vest and the remaining expense would have been recognized.

The fair value of the stock options granted during the three months ended March 31, 2026 and 2025 was determined using the Black-Scholes option pricing model with the following assumptions:

	FOR THE THREE MONTHS ENDED MARCH 31,	
	2026	2025
Expected volatility	109.21%	91.88%–119.61%
Expected term (years)	5.25	5.27–6.02
Risk free interest rate	3.68%	4.36%–4.39%
Expected dividend yield	—	—
Exercise price	\$ 4.45	\$ 6.08–\$7.60

A summary of the status of the Company's nonvested restricted common stock units at March 31, 2026 and changes during the three months ended March 31, 2026 was as follows:

Restricted Stock Units	Shares	Weighted-Average Grant Date Fair Value Per Share
Nonvested restricted stock units at December 31, 2025	38,603	\$ 9.60
Granted	5,000	\$ 4.45
Forfeited	(4,150)	\$ 2.40
Vested	(6,354)	\$ 7.79
Nonvested restricted stock units at March 31, 2026	33,099	\$ 10.07

As of March 31, 2026, there was unrecognized share-based compensation expense related to nonvested restricted stock units of \$0.2 million, which the Company expects to recognize over a weighted-average period of approximately 2.0 years. As of March 31, 2026, in connection with the consummation of the now-terminated proposed Merger, all nonvested restricted stock units were expected to vest and the remaining expense would have been recognized.

2021 Employee Stock Purchase Plan

In connection with the Company's IPO, the board of directors adopted the Rallybio Corporation 2021 Employee Stock Purchase Plan (the "2021 ESPP"), which initially reserved 36,415 shares of the Company's common stock for future issuances under this plan. The share pool will automatically increase on January 1st of each year from 2022 to 2031, by the lesser of (i) one percent of the number of shares of the Company's common stock outstanding as of such date, (ii) 72,831 shares of the Company's common stock and (iii) the number of shares of the Company's common stock determined by the board of directors on or prior to such date. The 2021 ESPP share pool did not increase on January 1, 2026 or January 1, 2025. As of March 31, 2026, the total number of shares of the Company's common stock available for future issuance under the 2021 ESPP was 94,281 shares. During the three months ended March 31, 2026 and 2025, the Company did not issue any of the Company's common stock under the 2021 ESPP.

RALLYBIO CORPORATION**Notes to Unaudited Condensed Consolidated Financial Statements- (Continued)**

The 2021 ESPP allows eligible participants to purchase shares of the Company's common stock through authorized payroll deductions. The purchase price of the shares will not be less than 85% of the lower of the fair market value of the Company's common stock on the first day of an offering or on the date of the purchase.

6. INVESTMENT IN JOINT VENTURE

In July 2025, the Company entered into a Membership Interest Purchase Agreement (the "ENPP1 Purchase Agreement") to sell its interest in REV102, an ENPP1 inhibitor in preclinical development for the treatment of patients with HPP, to Recursion Exscientia Ventures I, Inc, an indirect wholly-owned subsidiary of Recursion ("Buyer"). In connection with the JV Sale, the Company received compensation in the form of Recursion common stock (which is a non-cash investing activity). The Company subsequently sold the Recursion common stock for cash proceeds of \$20.0 million in the third quarter of 2025 which included \$7.5 million from an upfront payment and \$12.5 million from a milestone payment related to the initiation of additional preclinical studies. The Company is eligible to receive a \$5.0 million milestone cash payment in connection with the initiation of dosing in a Phase 1 clinical study, as defined in the ENPP1 Purchase Agreement and low single-digit royalties on all future net sales by Recursion of products comprising or incorporating certain compounds developed by RE Ventures I, LLC, a limited liability company ("REV-I"). The Company may also be eligible to receive certain payments in the event of Recursion's sale of the REV102 program.

The Company evaluated the JV Sale under ASC 860, *Transfers and Servicing of Financial Assets* ("ASC 860"). Based on the Company's evaluation of the JV Sale under ASC 860, the Company recognized a gain from the sale of its equity interests in REV102 of \$22.4 million, based on the excess of the total net consideration allocated to the sale of the Company's equity interests (based on relative fair value) of \$23.0 million over the carrying value of the equity interests sold of \$0.6 million. The total net consideration of \$23.0 million included cash received of \$20.0 million, plus an estimated \$3.0 million representing the fair value of the future milestone payments and future royalties (which is a non-cash investing activity).

The contingent consideration was initially measured at fair value using a probability based present value model of the risk-adjusted estimated cash flows, with a discount rate of 15.4%. This valuation model relied on significant unobservable inputs (level 3 inputs) based on management's estimates, which were informed by external data, judgment, and forecasts. Key assumptions included the probability of achieving the milestone and royalties, timing of cash flows, discount rate, and forecasted net revenues. The fair value of the contingent consideration is a non-recurring fair value measurement and is recorded as other assets and other assets, non-current on the Company's condensed consolidated balance sheets and as gain on sale of joint venture and other income within the Company's condensed consolidated statements of operations and comprehensive loss.

Prior to the JV Sale, the Company, through one of its wholly-owned subsidiaries, had a 50% interest of the joint venture entity, REV-I. For the three months ended March 31, 2026, the Company did not fund REV-I due to the JV Sale. For the three months ended March 31, 2025, the Company funded \$1.0 million, associated with the Company's commitment and its share of REV-I development costs. The Company did not provide any additional financial support outside of capital contributions to REV-I during the three months ended March 31, 2026 and 2025. However, in connection with the joint venture, the Company provided certain scientific and finance and accounting related support which was reimbursed by REV-I to the Company and included in other income on the condensed consolidated statements of operations and comprehensive loss. For the three months ended March 31, 2026 the Company did not provide such support due to the JV Sale. For the three months ended March 31, 2025, the Company recorded \$0.2 million related to such support. Prior to the JV Sale, the Company held a 50% interest in the joint venture and based on management's analysis, the Company was not the primary beneficiary of REV-I and accordingly, the entity was not consolidated in the Company's condensed consolidated financial statements.

For the three months ended March 31, 2026, the Company did not have allocable share of REV-I losses due to the JV Sale. For the three months ended March 31, 2025, the Company recorded its allocable share of REV-I's losses

RALLYBIO CORPORATION

Notes to Unaudited Condensed Consolidated Financial Statements- (Continued)

which totaled \$0.6 million. These losses were recorded as a loss on investment in joint venture within the condensed consolidated statements of operations and comprehensive loss. After recognition of its share of losses for the period, there was no carrying value remaining of the REV-I investment as of March 31, 2026 and December 31, 2025.

7. COMMITMENTS AND CONTINGENCIES

Purchase Commitments — The Company enters contracts in the normal course of business with contract research organizations and other third-party vendors for clinical trials and testing and manufacturing services. These contracts generally do not contain minimum purchase commitments and are cancellable by the Company upon written notice. Payments that may be due upon cancellation consist of payments for services provided or expenses incurred prior to cancellation. As of March 31, 2026 and December 31, 2025, there were no amounts accrued related to termination charges.

8. NET LOSS PER COMMON SHARE

Basic and diluted net loss per common share for the three months ended March 31, 2026 and 2025 was calculated as follows:

(in thousands except share and per share amounts)	FOR THE THREE MONTHS ENDED MARCH 31,	
	2026	2025
Net loss	\$ (8,278)	\$ (9,439)
Weighted-average number of common shares outstanding, basic and diluted	5,688,584	5,597,528
Net loss per common share, basic and diluted	\$ (1.46)	\$ (1.69)

Basic net loss per share of common stock is based on the weighted-average number of shares of common stock outstanding during the period. Pre-funded warrants to purchase 416,673 shares of common stock that were issued in connection with the November 2022 follow-on offering are included in the weighted-average number of common shares outstanding for the three months ended March 31, 2026 and 2025. The weighted-average number of common shares outstanding diluted for the three months ended March 31, 2026 and 2025 excluded approximately 0.7 million and 0.9 million stock options and nonvested restricted stock awards and units, respectively, which were not dilutive.

9. SEGMENTS

The Company defines its segments on the basis of the way in which internally reported financial information is regularly reviewed by the chief operating decision maker ("CODM") to analyze financial performance, make decisions, and allocate resources. The Company's CODM consists of its Chief Executive Officer and Chief Financial Officer. The Company manages its operations as a single operating and reportable segment and the measure of segment profit or loss is net loss. The CODM uses net loss in the budget and forecasting process and considers budget-to-actual variances on a quarterly basis when making decisions about the allocation of operating and capital resources.

10. RESTRUCTURING AND SEVERANCE

In connection with entering into the Merger Agreement and the potential Merger, the Company incurred severance charges of approximately \$2.3 million of which \$1.6 million was included in research and development expenses and \$0.7 million was included in general and administrative expenses, with such amounts reflected in the condensed consolidated statements of operations and comprehensive loss. The charges related to the Merger Agreement were cash-based expenditures related primarily to severance and benefit payments. The Company recognized all such charges during the first quarter of 2026, with such amounts reflected in the condensed consolidated statements of operations and comprehensive loss. The accrued severance liability is included in accrued expenses in the condensed consolidated balance sheets as of March 31, 2026.

On May 2, 2025, the Company approved a workforce reduction to focus resources on the Company's lead program, RLYB116, and its preclinical development programs.

As part of this effort, the Company eliminated approximately 40% of its positions. As a result of these actions, the Company incurred charges of approximately \$1.7 million of which \$1.2 million was included in research and development expenses and \$0.5 million was included in general and administrative expenses, with such amounts reflected in the condensed consolidated statements of operations and comprehensive loss. The charges related to the workforce reduction were cash-based expenditures related primarily to severance and benefit payments. The Company recognized all such charges during the second quarter of 2025, with such amounts reflected in the condensed consolidated statements of operations and comprehensive loss. The accrued restructuring liability is included in accrued expenses in the condensed consolidated balance sheets as of March 31, 2026.

All restructuring and severance payments related to the terminated Merger are expected to be paid within the next 12 months.

11. COLLABORATION AND LICENSE AGREEMENTS

In April 2024, the Company entered into a two-year collaboration agreement (the "J&J Collaboration Agreement"), with Johnson & Johnson ("J&J") through its wholly-owned subsidiary, Momenta Pharmaceuticals, Inc. to facilitate the advancement of research into products to address unmet needs relating to FNAIT.

In April 2025, the Company announced that RLYB212 Phase 2 PK results did not achieve target concentrations, including the minimum target concentration required for efficacy, and that the Company would discontinue its RLYB212 program for the prevention of FNAIT.

Pursuant to the J&J Collaboration Agreement, the Company received an upfront payment of \$0.5 million from J&J for the information dissemination and data provision services under the agreement. The J&J Collaboration Agreement provides that the Company is eligible for payments upon the achievement of certain screening-related events, however, the Company has discontinued screening and enrollment in both the FNAIT natural history study and the RLYB212 Phase 2 clinical trial.

The Company evaluated the agreement and determined it was within the scope of ASC 606, *Revenue Recognition* ("ASC 606"). The Company determined there were performance obligations as follows:

- (1) Data collection and submission revenue – derived from Rallybio's ongoing management of the studies including the maintenance of a minimum site footprint, the license to utilize, and timely, semi-annual submission of the anonymized data, in the required formats.
- (2) Dissemination of J&J materials & participant revenue – derived from Rallybio's dissemination of content, information or materials related to the J&J-Sponsored Studies that are developed by J&J and are provided by Rallybio for the purpose of disseminating such content, information, or materials to staff at Rallybio study sites to provide to potential eligible participants regarding J&J's independent study.

In April 2024, the Company also entered into the JJDC Securities Purchase Agreement. Under the terms of the JJDC Securities Purchase Agreement, JJDC purchased 454,545 shares of the Company's common stock with a par value of \$0.0001 per share for a share purchase price of \$14.56 per share which included a 10% premium on the then-current market price, for an aggregate purchase price of \$6.6 million. The JJDC Securities Purchase Agreement contains provisions related to the registration of the shares and the restriction on the sale or transfer of the shares for a period of time. The Company determined the J&J Collaboration Agreement and the JJDC Securities Purchase Agreement represented combined agreements. In accordance with ASC 606 and ASC Topic 820, *Fair Value Measurement*, total consideration of \$1.2 million for the shares of common stock from the JJDC Securities Purchase Agreement, which represents the premium of \$0.7 million and discount for lack of marketability of \$0.5 million, has been allocated to revenue and will be recognized over the two-year expected performance period.

The Company valued the common stock issued to JJDC, in connection with the JJDC Securities Purchase Agreement at fair value. The resulting fair value of \$5.4 million was determined by applying the discount due to lack of marketability during the registration and lock-up period to the public trading price of the common stock, which is a Level 1 input, on the date of sale. The Company determined the value of the lack of marketability during the

RALLYBIO CORPORATION

Notes to Unaudited Condensed Consolidated Financial Statements- (Continued)

registration and lock-up period by utilizing put option models, which are considered Level 3 inputs. Such option models included the Company's historical volatility of 113.2% and the risk-free rate of 5.28% based on U.S. Treasury bond rates, as key inputs.

The Company recognized revenue of \$0.2 million for both the three months ended March 31, 2026 and 2025, related to data collection and data submission with the identified performance obligations, and the premium and discount allocated to revenue from the sale of the common stock to JJDC. As of March 31, 2026, all revenue was recognized due to the performance obligations being satisfied. On April 9, 2026, the J&J Collaboration Agreement terminated upon completion of the initial term of the agreement.

The Company determined that the J&J Collaboration Agreement is not in the scope of ASC 808, *Collaborative Arrangements*.

12. SUBSEQUENT EVENTS

On March 1, 2026, Rallybio entered into an Agreement and Plan of Merger and Reorganization with Candid pursuant to which the parties intended to undertake a business combination.

On May 3, 2026, Candid terminated the Merger Agreement concurrently with entering into a Permitted Alternative Agreement (as defined in the Merger Agreement) with UCB. As a result of the termination of the Merger Agreement, Rallybio was paid on May 4, 2026 a \$50.0 million Parent Termination Fee (as defined in the Merger Agreement) and was reimbursed \$0.4 million for certain expenses. On April 9, 2026, the J&J Collaboration Agreement terminated upon completion of the initial term of the agreement.

Report of Independent Registered Public Accounting Firm

To the Stockholders and the Board of Directors of Avenzo Therapeutics, Inc.

Opinion on the Financial Statements

We have audited the accompanying balance sheets of Avenzo Therapeutics, Inc. (the Company) as of December 31, 2025 and 2024, and the related statements of operations and comprehensive loss, convertible preferred stock and stockholders' deficit and cash flows for the years then ended and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company at December 31, 2025 and 2024, and the results of its operations and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

The Company's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has suffered recurring losses from operations and negative cash flows from operating activities since inception, and has stated that substantial doubt exists about the Company's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States) and in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS

1. Organization

Description of Business

Avenzo Therapeutics, Inc. (the "Company") is a clinical-stage biotechnology company dedicated to developing next-generation oncology therapies. The Company was incorporated in the State of Delaware in August 2022 and has its headquarters in San Diego, California.

Liquidity and Capital Resources

The Company has devoted substantially all of its efforts and resources since its inception to organizing and staffing the Company, business planning, raising capital, licensing key intellectual property rights, conducting preclinical studies and, more recently, clinical trials and providing general and administrative support for these operations.

The accompanying financial statements have been prepared on a basis that assumes the Company will continue as a going concern. As of December 31, 2025, the Company had cash, cash equivalents and short-term investments of \$182.9 million and an accumulated deficit of \$282.3 million. The Company has funded its operations with the net proceeds from the sale of its convertible preferred stock. The Company has incurred operating losses and negative cash flows from operations since its inception and expects to incur losses for the foreseeable future. Based on its current operating plan, the Company believes that its existing cash, cash equivalents and short-term investments will not be sufficient to fund its operations for the next 12 months from the date of issuance of these financial statements. Accordingly, these conditions raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that these financial statements are issued. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from this uncertainty. As described in Note 12, on May 31, 2026, the Company entered into an Agreement and Plan of Merger and Reorganization with Rallybio Corporation, in connection with which certain investors have committed to invest in the Concurrent Financing (as defined in Note 12), providing \$215.0 million in gross proceeds. The Transaction (as defined in Note 12) is expected to close in the fourth quarter of 2026, subject to customary closing conditions, and has not yet closed as of the date these financial statements were issued. There can be no assurance that the Transaction will be completed on the terms described, or at all.

The Company's future operations are highly dependent on a combination of factors, including, but not limited to, the success of its research and development programs, the timely and successful completion of any additional financing (including the Concurrent Financing described in Note 12), the development of competitive therapies by other biotechnology and pharmaceutical companies, the Company's ability to manage growth of the organization, the Company's ability to protect its technology and products, and ultimately, regulatory approval and successful commercialization and market acceptance of its product candidates.

The Company expects to seek additional funding in the form of equity financings, debt financings, or other capital resources, including potential collaborations, out-licenses or dispositions and other similar arrangements; however, there can be no assurance that such efforts will be successful or that, in the event they are successful, the terms and conditions of such financing will be favorable. If the Company is unable to secure additional funding when desired, the Company may need to delay, reduce or eliminate the development, commercialization and/or marketing of its product candidates and scale back its business and operations.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Company's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and expenses and the disclosure of

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

contingent assets and liabilities in the Company's financial statements and accompanying notes. The most significant estimates in the Company's financial statements relate to accruals for research and development expenses and stock-based compensation expenses. The Company bases these estimates on historical experience, knowledge of current events and actions it may undertake in the future, and on various other assumptions that are believed to be reasonable. Actual results may differ materially from these estimates and assumptions.

Risks and Uncertainties

The Company is subject to risks common to early-stage companies in the biotechnology industry including, but not limited to, dependency on the clinical and commercial success of its current and any future product candidates, ability to obtain regulatory approval of its current and any future product candidates, the need for substantial additional financing to achieve its goals, uncertainty of broad adoption of its approved products, if any, by physicians and patients and significant competition from other biotechnology and pharmaceutical companies.

Cash, Cash Equivalents and Restricted Cash

The Company considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of checking and savings accounts, money market funds and U.S. Treasury securities. The Company places its cash and cash equivalents with high credit quality financial institutions.

Restricted cash includes cash held in a deposit account as collateral to maintain a letter of credit required under the Company's office lease agreement and is included in other assets on the Company's balance sheets. The following table presents a reconciliation of cash and cash equivalents and restricted cash reported within the balance sheets to the amounts shown in the statements of cash flows (in thousands):

	December 31,	
	2025	2024
Cash and cash equivalents	\$ 70,006	\$ 208,975
Restricted cash included in other assets	966	966
Total cash, cash equivalents and restricted cash	\$ 70,972	\$ 209,941

Marketable Securities

The Company classifies all marketable securities as available-for-sale, as the sale of such securities may be required prior to maturity. These marketable securities are carried at fair value, with unrealized gains and losses reported as accumulated other comprehensive income (loss) until realized. Any premium or discount on the cost of the securities is amortized or accreted to interest income. Realized gains and losses from the sale of available-for-sale securities, if any, are determined on a specific identification basis and are included in other income (expense). The Company's marketable securities are classified as current assets, even though the stated maturity date may be one year or more beyond the current balance sheet date, which reflects management's intention to use the proceeds from sales of these securities to fund its operations, as necessary.

The Company evaluates its marketable securities for impairment at the end of each reporting period. Factors considered in the evaluation include whether a decline in fair value below the amortized cost basis is due to credit-related factors or non-credit-related factors, the creditworthiness of the security issuer, the severity of the unrealized loss, and the Company's intent and ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in market value. The Company records an allowance for credit losses on the balance sheet when unrealized losses are due to credit-related factors with a corresponding amount recorded in other income (expense). The Company did not record an allowance for credit losses related to its investment portfolio as of December 31, 2025 and 2024.

Concentration of Credit Risk

Substantially all of the Company's cash and cash equivalents and short-term investments are held at three financial institutions. Due to the financial strength of the depository institutions, the Company believes these financial

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

institutions represent minimal credit risk. The Company's investment policy establishes guidelines for its investment portfolio that the Company believes minimizes its exposure to concentration of credit risk.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful life of the assets, which ranges between three to seven years. Construction-in-progress is not depreciated until the asset is ready for its intended use. Repairs and maintenance costs are charged to expense as incurred. Leasehold improvements are stated at cost and depreciated over the shorter of the estimated useful life or the remaining life of the lease at the time the asset is placed into service.

Leases

The Company determines whether a contract is, or contains, a lease at inception. Right-of-use ("ROU") assets represent the Company's right to use an underlying asset during the lease term, and lease liabilities represent the Company's obligation to make lease payments arising from the lease. ROU assets and lease liabilities are recognized at lease commencement based on the estimated present value of unpaid lease payments over the lease term using the Company's incremental borrowing rate applicable to the underlying asset unless the implicit rate is readily determinable. The Company's incremental borrowing rate is determined based on the estimated rate of interest for collateralized borrowing over a similar term as the associated lease. ROU assets also include any lease payments made at or before lease commencement and any initial direct costs incurred, and exclude any lease incentives received.

The Company has elected the practical expedient to not separate non-lease components from lease components in calculating the amounts of ROU assets and lease liabilities for all underlying asset classes. Variable lease payments are expensed as incurred. The Company determines the lease term as the non-cancellable period of the lease, and may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. Leases with a term of 12 months or less are not recognized on the balance sheets.

Impairment of Long-Lived Assets

The Company reviews long-lived assets, including property and equipment and ROU assets, for impairment whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable. An impairment loss would be recognized when estimated undiscounted future cash flows expected to result from the use of an asset are less than its carrying amount. The impairment loss would be based on the excess of the carrying value of the impaired asset over its respective fair value. The Company did not recognize any impairment losses during the years ended December 31, 2025 and 2024.

Convertible Preferred Stock

The Company records convertible preferred stock at its respective issuance price, less issuance costs on the date of issuance. The convertible preferred stock is classified outside of permanent equity as temporary equity in the accompanying balance sheets. Although the convertible preferred stock is not redeemable, upon certain change in control events that are outside of the Company's control, including liquidation, sale or transfer of control of the Company, holders of the convertible preferred stock may have the right to receive their liquidation preference prior to any distribution of the proceeds under the terms of the Company's certificate of incorporation, as may be amended from time to time (the "Certificate of Incorporation"). The Company has not adjusted the carrying values of the convertible preferred stock to the liquidation preferences of such shares since it is uncertain whether or when a redemption event will occur. Subsequent adjustments to increase the carrying values to the redemption values will be made only when it becomes probable that such redemption will occur.

Research and Development Expenses and Accruals

Research and development ("R&D") costs are expensed as incurred. R&D costs consist primarily of expenses incurred in connection with the preclinical and clinical development of product candidates, including expenses incurred under agreements with contract research organizations ("CROs"); the cost of consultants and contract manufacturing organizations that manufacture drug products for use in the preclinical studies and clinical trials;

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

employee-related expenses, including salaries and related benefits, travel and stock-based compensation for employees engaged in R&D functions; and facilities-related costs.

The Company records the estimated costs for R&D activities based upon the estimated amount of services provided but not yet invoiced. The Company accrues the expenses for its clinical trial activities performed by third-party vendors, including CROs and clinical sites, based upon estimates of the proportion of work completed over the life of the individual clinical trial and patient enrollment rates in accordance with associated agreements. The Company determines the estimates by reviewing contracts and purchase orders, and through discussions with internal clinical development personnel and external service providers as to the progress or stage of completion of trials or services to identify services that have been performed on its behalf and the associated costs incurred for which the Company has not yet been invoiced. As actual costs become known, the Company adjusts its accruals accordingly. Payments for goods and services that will be used in future R&D activities are recorded as prepaid expenses and other current assets and recognized as expense in the period when the goods are consumed or services are performed.

Acquired In-Process Research and Development Expenses

Costs incurred in obtaining technology licenses are charged to acquired in-process research and development ("IPR&D") expenses if the technology licensed has no alternative future use. Acquired IPR&D expenses include costs incurred in connection with asset acquisitions or in-license agreements for third-party intellectual property rights that have not received regulatory approval, including upfront payments, contingent milestone payments and related transaction costs. Upfront payments are recorded when incurred, and milestone payments are recorded when the specific milestone has been achieved and the related consideration becomes payable.

Stock-Based Compensation Expense

The Company recognizes compensation expense for all share-based awards. For awards only subject to service conditions, the Company uses the straight-line attribution method for recognizing compensation expense over the requisite service period, which is generally the vesting period of the award. Forfeitures are recorded when they occur. For awards with performance vesting conditions, the Company evaluates the probability of achieving the performance condition at each reporting date. No compensation expense is recognized for awards subject to performance conditions until it is probable that the performance condition will be met. If the performance condition is probable of being achieved, the Company recognizes expense for such performance awards over the requisite service period, if any, using the accelerated attribution method.

The Company measures and recognizes compensation expense for share-based awards based on the estimated fair value of the award on the grant date. The fair value of stock options is estimated using the Black-Scholes option-pricing model. The determination of the estimated fair value of stock-based awards utilizing the Black-Scholes model is affected by the estimated fair value of the Company's common stock and a number of assumptions, including the expected volatility of the Company's stock price, the option's expected life, risk-free interest rate and expected dividend yield.

Fair Value of Common Stock — The fair value of the common stock underlying the stock awards is determined by the Company's Board of Directors (the "Board of Directors"). Since the Company's common stock is not traded in a public stock market exchange, the Board of Directors considers numerous factors to determine the fair value of the Company's common stock, including but not limited to, contemporaneous third-party valuations of common stock; the rights, preferences, and privileges of convertible preferred stock relative to common stock; the Company's financial condition and operating results; the conditions of the biotechnology industry and the economy in general; the stock price performance and volatility of comparable public companies; and the lack of marketability of the Company's common stock.

Expected Term — The Company uses the simplified method for estimating the expected term of options, whereby the expected term equals the arithmetic average of the vesting term and the original contractual term of the option (generally 10 years).

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

Expected Volatility — The expected volatility is estimated based on a study of selected publicly traded peer companies as the Company does not have any trading history for its common stock. The Company selected the peer group based on similarities in industry, stage of development, size and financial leverage with the Company's principal business operations. For each grant, the Company measures historical volatility over a period equivalent to the expected life.

Risk-Free Interest Rate — The risk-free interest rate is based on the yield available on U.S. Treasury zero-coupon issues whose term is similar in duration to the expected term of the respective stock option.

Expected Dividend Yield — The Company has not paid and does not anticipate paying any dividends on its common stock in the foreseeable future. Accordingly, the Company has estimated the dividend yield to be zero.

Income Taxes

The Company accounts for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements. Under this method, deferred tax assets and liabilities are determined on the basis of the differences between the financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in the statements of operations in the period that includes the enactment date.

The Company recognizes net deferred tax assets to the extent that the Company believes these assets are more likely than not to be realized. In making such a determination, management considers all available positive and negative evidence, including future reversals of existing taxable temporary differences, projected future taxable income, tax-planning strategies, and results of recent operations. If management determines that the Company would be able to realize its deferred tax assets in the future in excess of their net recorded amount, management would make an adjustment to the deferred tax asset valuation allowance, which would reduce the provision for income taxes.

The Company records uncertain tax positions on the basis of a two-step process whereby (i) management determines whether it is more likely than not that the tax positions will be sustained on the basis of the technical merits of the position and (ii) for those tax positions that meet the more-likely-than-not recognition threshold, management recognizes the largest amount of tax benefit that is more than 50 percent likely to be realized upon ultimate settlement with the related tax authority. The Company recognizes interest and penalties related to unrecognized tax benefits within income tax expense. Any accrued interest and penalties are included within the related tax liability.

Net Loss Per Share

The Company considers all series of convertible preferred stock to be participating securities as they participate in any dividends declared by the Company. Net loss attributable to common stockholders is not allocated to convertible preferred stock as the holders of convertible preferred stock do not have a contractual obligation to share in losses.

Basic net loss per share is computed by dividing the net loss attributable to common stockholders by the weighted average number of shares of common stock outstanding for the period, without consideration for potentially dilutive shares of common stock. The Company has excluded unvested common stock subject to repurchase from the weighted average number of shares of common stock outstanding. Diluted net loss per share is computed by dividing the net loss attributable to common stockholders by the weighted average number of shares of common stock outstanding and potentially dilutive securities outstanding for the period determined using the treasury stock and if-converted methods. Since the Company was in a loss position for the years ended December 31, 2025 and 2024, basic net loss per share is the same as diluted net loss per share as the inclusion of all potentially dilutive shares of common stock would have been anti-dilutive.

The following potentially dilutive securities outstanding have been excluded from the computation of diluted weighted average shares outstanding because such securities have an anti-dilutive impact.

Segment Reporting

Operating segments are identified as components of an enterprise about which separate discrete information is available for evaluation by the chief operating decision maker ("CODM"), or decision-making group, in making decisions regarding resource allocation and assessing performance. The Company operates and manages its business as one reportable segment, which is engaged in developing next-generation oncology therapies. The Company's CODM is its President and Chief Executive Officer. In order to allocate resources, the CODM regularly reviews scientific data from clinical and preclinical studies, forecasted cash balances as well as budget and forecasted expenses to actual results. The CODM assesses performance for the segment based on net loss. The Company has not generated any product revenue since its inception. The measure of segment assets is reported on the balance sheet as total assets. All assets are held in the United States.

The following table reconciles the Company's net loss, including the significant expense categories regularly provided to and reviewed by the CODM, as computed under U.S. GAAP, to the Company's net loss in the statements of operations and comprehensive loss (in thousands):

Contingencies

The Company may be, from time to time, a party to various disputes and claims arising from normal business activities. The Company continually assesses litigation to determine if an unfavorable outcome would lead to a probable loss or reasonably possible loss which could be estimated. The Company accrues for all contingencies at the earliest date at which the Company deems it probable that a liability has been incurred and the amount of such liability can be reasonably estimated. If the estimate of a probable loss is a range and no amount within the range is more likely than another, the Company accrues the minimum of the range. In the cases where the Company believes that a reasonably possible loss exists, the Company discloses the facts and circumstances of the litigation, including an estimable range, if possible.

Recently Adopted Accounting Standards

In September 2025, the Financial Accounting Standards Board (the "FASB") issued an accounting standards update to refine the scope of derivative accounting and clarify the accounting for share-based noncash consideration from a customer. Among other provisions, the new standard excludes from the scope of derivative accounting non-exchange-traded contracts with underlyings that are based on the operations or activities of one of the parties to the contract. The guidance is effective for annual periods beginning after December 15, 2026, and interim periods within those annual periods, with early adoption permitted. The guidance may be applied on a prospective or modified retrospective basis. The Company early adopted the guidance for the year ended December 31, 2025. The adoption did not have a material impact on the Company's financial statements.

In May 2025, the FASB issued an accounting standards update that amends the guidance for identifying the accounting acquirer in an acquisition achieved primarily through an exchange of equity interests in which the legal acquiree is a variable interest entity that meets the definition of a business. The amended guidance requires the consideration of the factors that are currently applied when identifying the accounting acquirer in an acquisition involving voting interest entities. The guidance is effective for annual periods beginning after December 15, 2026, and interim periods within those annual periods, with early adoption permitted. The guidance should be applied prospectively to acquisitions that occur on or after the effective date. The Company early adopted the guidance for the year ended December 31, 2025. The adoption did not have a material impact on the Company's financial statements.

In December 2023, the FASB issued an accounting standards update that amends guidance on income tax disclosures and requires entities to provide additional information in the rate reconciliation and additional disclosures about income taxes paid. The guidance is effective for annual periods beginning after December 15, 2024 for public business entities and for other entities, it is effective for annual periods beginning after December 15, 2025, with early adoption permitted. The guidance should be applied prospectively but retrospective application is permitted. The Company early adopted the guidance for the year ended December 31, 2025 on a retrospective basis and included the required disclosures in Note 11 "Income Taxes". The adoption did not have a material impact on the Company's financial statements.

In November 2023, the FASB issued an accounting standards update that requires entities to provide disclosures of significant segment expenses and other segment items and to provide all disclosures about a reportable segment's profit or loss and assets in interim periods. The guidance is effective for annual periods beginning after December 15, 2023, and interim periods beginning after December 15, 2024, with early adoption permitted. The guidance is applied retrospectively. The Company adopted the guidance for the year ended December 31, 2024. The adoption did not have a material impact on the Company's financial statements and related disclosures.

New Accounting Standards Not Yet Adopted

In September 2025, the FASB issued an accounting standards update to modernize the accounting for costs related to internal-use software. The new standard removes all references to project stages under the existing standard and requires entities to begin capitalizing software costs when management with relevant authority authorizes and commits to funding a computer software project, and it is probable that the project will be completed and the software will be used to perform the function intended. The guidance is effective for annual periods beginning after December 15, 2027, and interim periods within those annual periods, with early adoption permitted. The guidance may be applied using a prospective, retrospective or modified transition approach. The Company is currently evaluating the potential impact of adopting the guidance on the Company's financial statements.

In November 2024, the FASB issued an accounting standards update to require disclosure, on an annual and interim basis, disaggregated information about certain income statement expense line items. The guidance is effective for annual periods beginning after December 15, 2026, and interim periods within annual periods beginning after December 15, 2027, with early adoption permitted. Entities are required to apply the guidance prospectively and may apply it retrospectively. The Company is currently evaluating the potential impact of adopting the guidance on the Company's financial statements.

3. Collaboration and License Agreements

Allorion Agreement

On January 3, 2024, the Company entered into a collaboration and license agreement (the "Allorion Agreement") with Allorion Therapeutics Inc. ("Allorion"), pursuant to which Allorion granted the Company an exclusive license to develop, manufacture and commercialize products containing Allorion's selective cyclin-dependent kinase 2 ("CDK2") inhibitor program globally, excluding Mainland China, Hong Kong, Macau and Taiwan (the "Avenzo Territory"). As part of the Allorion Agreement, Allorion granted the Company an exclusive option to obtain an exclusive license to Allorion's selective cyclin-dependent kinase 4 ("CDK4") inhibitor program in the Avenzo Territory. Under the Allorion Agreement, Allorion is responsible for conducting certain preclinical development activities for the CDK4 inhibitor program, subject to reimbursement by the Company up to a predetermined cap. Except for Allorion's conduct of such preclinical development activities for the CDK4 inhibitor program, the Company is solely responsible for the development and commercialization of licensed products in the Avenzo Territory at its own expense. The Company will be responsible for the manufacture and supply of licensed products for development and commercialization in the Avenzo Territory and will also be responsible for the manufacture and supply of licensed products to Allorion for use in clinical trials outside the Avenzo Territory, pursuant to clinical supply agreements between the parties relating to each licensed product.

In the first quarter of 2024, the Company made an upfront payment to Allorion of \$40.0 million pursuant to the Allorion Agreement, which was recorded as acquired IPR&D expense. In the second quarter of 2025, the Company exercised the exclusive option to the CDK4 inhibitor program and made a \$15.0 million option exercise payment and a \$7.5 million milestone payment upon the achievement of a specified development milestone, both of which were recorded as acquired IPR&D expense. In the third quarter of 2025, the Company recorded \$7.5 million as acquired IPR&D expense upon the achievement of a specified development milestone, which was paid in the fourth quarter of 2025. These payments were expensed because the underlying technology had not yet received regulatory approval and had no alternative future use. During 2025 and 2024, the Company recorded \$4.6 million and \$5.4 million, respectively, as R&D expense related to reimbursement of preclinical development activities for the CDK4 inhibitor program. The preclinical development activities for the CDK4 inhibitor program were completed during 2025.

Under the Allorion Agreement, Allorion is eligible to receive development, regulatory and sales milestone payments of up to approximately \$1.4 billion across both programs, as well as tiered percentage royalties ranging from the mid-single digits to the low-teens on applicable annual net sales, subject to customary deductions, in the Avenzo Territory. The royalty term for each licensed product in a licensed program in each country extends from the first commercial sale of the first licensed product in such licensed program in such country until the latest of:

(i) expiration of the last-to-expire valid claim in specified patents covering the composition of matter of such first licensed product or its approved use in such country; (ii) expiration of the regulatory exclusivity for such first licensed product in such country; or (iii) 10 years after the date of the first commercial sale of such first licensed product in such country. The Allorion Agreement includes customary termination provisions, including the Company's right to terminate the Allorion Agreement, in its entirety or on a licensed program-by-licensed program or region-by-region basis, by providing advance written notice to Allorion.

VelaVigo Agreement

On November 16, 2024, the Company entered into a collaboration, option and license agreement (the "VelaVigo Agreement") with VelaVigo (Shanghai) Limited ("VelaVigo"), pursuant to which VelaVigo granted the Company an exclusive option to obtain an exclusive license to VelaVigo's nectin cell adhesion molecule 4/trophoblast cell-surface antigen 2 ("Nectin4/TROP2") antibody-drug conjugates ("ADCs") in the Avenzo Territory. Under the VelaVigo Agreement, VelaVigo is responsible for conducting certain preclinical development activities, at VelaVigo's own cost, for the Nectin4/TROP2 ADC program. Except for VelaVigo's conduct of such preclinical development activities for the Nectin4/TROP2 ADC program, the Company is solely responsible for the development and commercialization of licensed products in the Avenzo Territory at its own expense. VelaVigo will be responsible for the manufacture and supply of licensed products to the Company until the Company assumes responsibility for such manufacture and supply in the Avenzo Territory.

In January 2025, the Company made an upfront payment to VelaVigo of \$17.0 million, which was recorded as acquired IPR&D expense in 2024 upon the execution of the VelaVigo Agreement, and the related liability is included in "Accrued acquired in-process research and development expenses" as of December 31, 2024. In the third quarter of 2025, the Company exercised the exclusive option to the Nectin4/TROP2 ADC program and made a \$28.0 million option exercise payment, which was recorded as acquired IPR&D expense. In the third quarter of 2025, the Company recorded \$5.0 million as acquired IPR&D expense upon the achievement of a specified development milestone, which was paid in the fourth quarter of 2025. In the second quarter of 2026, the Company recorded \$5.0 million as acquired IPR&D expense upon the achievement of a specified development milestone, which will be paid in the third quarter of 2026. These payments were expensed because the technology had not yet received regulatory approval and had no alternative future use.

Under the VelaVigo Agreement, VelaVigo is eligible to receive development, regulatory and sales milestone payments of up to approximately \$750.0 million, as well as tiered percentage royalties ranging from the mid-single to low-double digits on applicable annual net sales, subject to customary deductions, in the Avenzo Territory. The royalty term for each licensed product in each country extends from the first commercial sale of such licensed product in such country until the latest of: (i) expiration of the last-to-expire valid claim in the licensed patents covering the composition of matter of such licensed product or its approved use in such country; (ii) expiration of the regulatory exclusivity for such licensed product in such country; or (iii) 10 years after the date of the first commercial sale of such licensed product in such country. The VelaVigo Agreement includes customary termination provisions, including the Company's right to terminate the VelaVigo Agreement in its entirety or on a licensed product-by-licensed product or country-by-country basis by providing advance written notice to VelaVigo.

DualityBio Agreement

On December 23, 2024, the Company entered into a collaboration and license agreement (the "DualityBio Agreement") with Duality Biologics (Suzhou) Co., Ltd. ("DualityBio"), pursuant to which DualityBio granted the Company an exclusive license to develop, manufacture and commercialize products containing DualityBio's epidermal growth factor receptor/human epidermal growth factor receptor 3 ("EGFR/HER3") ADCs in the Avenzo Territory. Under the DualityBio Agreement, DualityBio is responsible for conducting certain preclinical development activities at DualityBio's own cost. Except for DualityBio's conduct of such preclinical development activities for the EGFR/ HER3 ADC program, the Company is solely responsible for the development and commercialization of licensed products in the Avenzo Territory at its own expense. DualityBio will manufacture and supply licensed products to the Company until the Company assumes responsibility for such manufacture and supply in the Avenzo Territory.

In January 2025, the Company made an upfront payment to DualityBio of \$50.0 million, which was recorded as acquired IPR&D expense in 2024 upon the execution of the DualityBio Agreement, and the related liability is included in "Accrued acquired in-process research and development expenses" as of December 31, 2024. In the second quarter of 2025, the Company made a \$10.0 million milestone payment to DualityBio upon the achievement

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

of a specified development milestone, which was recorded as acquired IPR&D expense. These payments were expensed because the technology had not yet received regulatory approval and had no alternative future use.

Under the DualityBio Agreement, DualityBio is eligible to receive development, regulatory and sales milestone payments of up to approximately \$1.15 billion, as well as tiered percentage royalties ranging from the mid-single digits to the low-teens on applicable annual net sales, subject to customary deductions, in the Avenzo Territory. The DualityBio Agreement will continue in effect until expiration of the last royalty term with respect to licensed products in any country in the Avenzo Territory, unless terminated earlier in accordance with its terms. The royalty term for each licensed product in each country extends from the first commercial sale of such licensed product in such country until the latest of: (i) expiration of the last-to-expire valid claim in the licensed patents covering the composition of matter of such licensed product or its approved use in such country, subject to specified exceptions; (ii) expiration of the regulatory exclusivity for such licensed product in such country; or (iii) 10 years after the date of the first commercial sale of such licensed product in such country. The DualityBio Agreement includes customary termination provisions, including the Company's right to terminate the DualityBio Agreement, in its entirety or on a licensed product-by-licensed product or country-by-country basis, by providing advance written notice to DualityBio.

The Company incurred an aggregate of approximately \$0.9 million of transaction costs in 2024 related to these collaboration and license agreements, which were included in acquired IPR&D expenses.

4. Marketable Securities

The Company invests its excess cash in marketable securities, including debt instruments of financial institutions and corporations with investment grade credit ratings, government securities, commercial paper and time deposits.

At December 31, 2025, marketable securities consisted of the following (in thousands):

	<u>Maturity in Years</u>	<u>Amortized Cost</u>	<u>Unrealized Gains</u>	<u>Unrealized Losses</u>	<u>Fair Value</u>
U.S. Treasuries	1 year or less	\$ 95,546	\$ 51	\$ (2)	\$ 95,595

The Company regularly reviews the securities in an unrealized loss position. As of December 31, 2025 and 2024, the Company did not record an allowance for credit losses related to its investment portfolio.

5. Fair Value Measurements

The Company determines the fair value of financial assets and liabilities using three levels of inputs as follows:

Level 1 - Observable inputs such as quoted prices in active markets for identical assets or liabilities at the measurement date;

Level 2 - Inputs (other than quoted market prices included in Level 1) that are either directly or indirectly observable, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the instrument's anticipated life; and

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

Level 3 - Unobservable inputs for assets or liabilities and include little or no market activity.

The carrying amounts of cash, prepaid expenses and other current assets, accounts payable, and accrued liabilities approximate fair value due to the short-term nature of these financial instruments. The Company's financial assets subject to fair value measurements on a recurring basis and the level of inputs used for such measurements were as follows (in thousands):

7. Commitments and Contingencies

Operating Leases

The Company leases office space under a lease agreement (the "Lease Agreement") that expires in August 2031 with an option to extend the lease for five years, which was not included in the determination of the lease term as it was not reasonably certain that the Company would exercise this option.

Operating lease costs for the years ended December 31, 2025 and 2024 were \$1.5 million and \$1.1 million, respectively. Variable lease costs representing the Company's share of the operating expenses and utility costs of the leased properties were \$0.1 million for the year ended December 31, 2025. Variable lease costs were de minimis for the year ended December 31, 2024. Cash paid for amounts included in the measurement of operating lease liabilities was \$1.2 million and \$0.8 million for the years ended December 31, 2025 and 2024, respectively.

The Company's operating leases had a weighted-average remaining lease term of 5.7 years and 6.7 years, and a weighted-average discount rate of 7.1% and 7.0%, as of December 31, 2025 and 2024, respectively.

Maturities of operating lease liabilities as of December 31, 2025 were as follows (in thousands):

2026	\$ 1,378
2027	1,535
2028	1,588
2029	1,658
2030	1,711
Thereafter	1,177
Total future lease payments	9,047
Less: imputed interest	(1,592)
Total operating lease liability	\$ 7,455
Remaining lease term	5.7 years

Under the terms of the Lease Agreement, the Company is required to maintain a cash collateralized letter of credit for the benefit of the landlord in the amount of \$1.0 million, which is included in other assets on the Company's balance sheets.

8. Convertible Preferred Stock

In September 2022, the Company entered into a Series A preferred stock purchase agreement with certain investors (as may be amended from time to time, the "Series A SPA"), pursuant to which the Company agreed to sell and issue to each investor a number of shares of the Company's Series A convertible preferred stock, \$0.0001 par value per share, at a purchase price of \$2.0225 per share, in multiple closings, at such time as a majority of the members of the Board of Directors may determine.

Under the terms of the Series A SPA, the initial closings occurred in September and October 2022 and the Company issued a total of 17,058,096 shares of Series A convertible preferred stock for aggregate gross proceeds of \$34.5 million. The second closing occurred in February 2024 and the Company issued a total of 33,868,975 shares of Series A convertible preferred stock for aggregate gross proceeds of \$68.5 million. The third and final closing occurred in November 2024 and the Company issued a total of 33,868,975 shares of Series A convertible preferred stock for aggregate gross proceeds of \$68.5 million. The Company incurred issuance costs of \$0.3 million in 2022 and \$0.2 million in 2024, which were recorded as a reduction of the carrying value of the convertible preferred stock.

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

In March 2023, the Company entered into a Series A-1 preferred stock purchase agreement with certain investors (as may be amended from time to time, the "Series A-1 SPA"), pursuant to which the Company agreed to sell and issue to each investor a number of shares of the Company's Series A-1 convertible preferred stock, \$0.0001 par value per share, at a purchase price of \$2.2248 per share, in multiple closings, at such time as a majority of the members of the Board of Directors may determine.

Under the terms of the Series A-1 SPA, the first closing occurred in March 2023 and the Company issued a total of 2,247,393 shares of Series A-1 convertible preferred stock for aggregate gross proceeds of \$5.0 million. The second closings occurred in February and March 2024 and the Company issued a total of 51,847,357 shares of Series A-1 convertible preferred stock for aggregate gross proceeds of \$115.4 million. The third and final closing occurred in November 2024 and the Company issued a total of 42,250,989 shares of Series A-1 convertible preferred stock for aggregate gross proceeds of \$94.0 million. The Company incurred issuance costs of \$0.1 million in 2023 and \$0.5 million in 2024, which were recorded as a reduction of the carrying value of the convertible preferred stock.

The Company determined its potential obligation to issue additional shares of the Series A and Series A-1 convertible preferred stock in the second and third closings under the Series A SPA and Series A-1 SPA did not meet the definition of a freestanding financial instrument and did not require bifurcation.

In August 2025, the Company entered into a Series B preferred stock purchase agreement with certain investors (the "Series B SPA"), pursuant to which the Company agreed to sell and issue to each investor a number of shares of the Company's Series B convertible preferred stock, \$0.0001 par value per share, at a purchase price of \$2.2248 per share, in multiple closings.

Under the terms of the Series B SPA, the closings occurred in August and September 2025 and the Company issued a total of 27,093,652 shares of Series B convertible preferred stock for aggregate gross proceeds of \$60.3 million. The Company incurred issuance costs of \$0.5 million in 2025, which were recorded as a reduction of the carrying value of the convertible preferred stock.

The Company had the following convertible preferred stock issued and outstanding as of December 31, 2025:

Series	Shares Authorized	Shares Issued and Outstanding	Liquidation Preference (in thousands)	Carrying Value (in thousands)
Series A	84,796,046	84,796,046	\$ 171,500	\$ 171,024

	<u>181,141,785</u>	<u>181,141,785</u>	<u>\$ 385,850</u>	<u>\$ 384,736</u>

The holders of the convertible preferred stock have the following rights and preferences:

Voting Rights

On any matter presented to the stockholders of the Company for their action or consideration at any meeting of stockholders of the Company, each holder of outstanding shares of the convertible preferred stock is entitled to cast

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

the number of votes equal to the number of whole shares of Class A common stock into which the shares of the convertible preferred stock held by such holder are convertible as of the record date for determining stockholders entitled to vote on such matter.

Dividends

The holders of outstanding shares of convertible preferred stock are entitled to receive, only when, as and if declared by the Board of Directors, out of any funds and assets legally available, dividends at the rate of 8% of the applicable original issue price for each share of convertible preferred stock, prior and in preference to any declaration or payment of any other dividend (other than dividends on shares of common stock payable in shares of common stock). The right to receive dividends on shares of convertible preferred stock is not cumulative, and no right to dividends is accrued to holders of convertible preferred stock by reason of the fact that dividends on said shares are not declared. As of December 31, 2025, no dividends have been declared.

Liquidation Preference

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of shares of convertible preferred stock then outstanding are entitled to be paid out of the assets of the Company available for distribution to its stockholders, and in the event of a deemed liquidation event, the holders of shares of convertible preferred stock then outstanding are entitled to be paid out of the consideration payable to stockholders in such deemed liquidation event or out of the available proceeds, as applicable, before any payment shall be made to the holders of common stock, an amount per share equal to the greater of (i) the applicable original issue price, plus any dividends declared but unpaid or (ii) such amount per share as would have been payable had all shares of the applicable series of convertible preferred stock been converted into common stock immediately prior to such liquidation, dissolution, winding up or deemed liquidation event. If upon such liquidation, dissolution, winding up or deemed liquidation event, the assets of the Company available for distribution to its stockholders are insufficient to pay the holders of shares of convertible preferred stock the full amount to which they are entitled, the holders of the shares of convertible preferred stock shall share ratably in any distribution of the assets available for distribution in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full. After payment in full of all liquidation amounts required to be paid to the holders of convertible preferred stock, the remaining assets of the Company available for distribution to its stockholders, or in the case of a deemed liquidation event, the consideration not payable to the holders of shares of convertible preferred stock or the remaining available proceeds shall be distributed to the holders of shares of common stock, pro rata based on the number of shares held by each such holder.

Conversion

Each share of convertible preferred stock is convertible, at the option of the holder thereof, at any time and from time to time, and without the payment of additional consideration by the holder thereof, into such number of fully paid and non-assessable shares of Class A common stock, or subject to and in accordance with the provisions of the Certificate of Incorporation, Class B common stock, as applicable, on a one-for-one basis initially, subject to certain anti-dilution adjustments.

Upon either (a) the closing of the sale of shares of common stock to the public at a price of at least three times the original issue price of the Series A convertible preferred stock (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the common stock), in a firm-commitment underwritten public offering approved by the Board of Directors, including the approval of a majority of the preferred directors, pursuant to an effective registration statement under the Securities Act of 1933, as amended, resulting in at least \$100 million of gross proceeds to the Company, or (b) the date and time, or the occurrence of an event, specified by vote or written consent of the holders of at least 55% of the outstanding shares of convertible preferred stock, voting together on an as-converted to Class A common stock basis, then (i) all outstanding shares of convertible preferred stock shall automatically be converted into shares of Class A common stock or, subject to the provisions of the Certificate of Incorporation, Class B common stock, as applicable, at the then effective conversion rate and (ii) such shares may not be reissued by the Company.

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

Redemption

The convertible preferred stock is not redeemable at the option of the holder or the Company, except for the contingent redemption upon the occurrence of a deemed liquidation event as defined in the Company's Certificate of Incorporation. The Company has classified the convertible preferred stock as temporary equity on the accompanying balance sheets as these shares could be redeemed upon the occurrence of certain change in control events that are outside of the Company's control.

9. Stockholders' Deficit**Common Stock**

As of December 31, 2025 and 2024, the Company's Certificate of Incorporation authorized the Company to issue up to 285,000,000 and 240,000,000 shares, respectively, of Class A common stock at a par value of \$0.0001 per share, and up to 11,749,783 and 10,452,910 shares, respectively, of non-voting Class B common stock at a par value of \$0.0001 per share (Class A common stock and Class B common stock, collectively referred to as "Common Stock").

Subject to the rights of the holders of convertible preferred stock, the holders of Common Stock are entitled to receive dividends whenever funds are legally available and when declared by the Board of Directors. The holders of Class A common stock are entitled to one vote for each share of Class A common stock held at all meetings of stockholders (and written actions in lieu of meetings). The holders of Class B common stock are not entitled to vote. The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights, powers and preferences of the holders of convertible preferred stock.

Founder Common Stock

In August 2022, the Company issued 13,157,893 shares of its common stock to certain employees, including its founders, (each a "Purchaser") at a purchase price of \$0.0001 per share (the "Founder Common Stock"), which were reclassified as Class A common stock in September 2022. Shares of Founder Common Stock vest 25% after one year from the issuance date and monthly thereafter over the remaining three-year period. As of December 31, 2025 and 2024, 2,192,984 shares and 5,482,456 shares, respectively, of Founder Common Stock were unvested and subject to repurchase by the Company at the lower of the original purchase price or the fair market value of the stock as of the date of the repurchase in the event the Purchaser is no longer providing services to the Company. The repurchase liability for Founder Common Stock was nominal as of December 31, 2025 and 2024. For accounting purposes, unvested shares of common stock subject to repurchase are not considered outstanding.

A summary of the Company's unvested shares of Founder Common Stock is as follows:

Unvested shares of Founder Common Stock as of December 31, 2023	8,771,930
Shares vested	<u>(3,289,474)</u>
Unvested shares of Founder Common Stock as of December 31, 2024	5,482,456

Stock Options

Stock options granted generally expire ten years from the date of grant. Stock options granted to employees generally vest over a four-year period with 25% of the shares vesting on the first anniversary of the vesting commencement date and monthly thereafter. Stock options granted to non-employee directors generally vest monthly over a three-year period. The Plan allows for early exercise of stock options prior to full vesting, which may be subject to repurchase by the Company.

The following table summarizes stock option activity under the Plan for the year ended December 31, 2025:

	Number of Options	Weighted- Average Exercise Price Per Share	Weighted- Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value (in thousands)

Vested and expected to vest at December 31, 2025	39,045,219	\$ 1.04	9.0	\$ 1,602

The weighted-average grant-date fair value of stock options was \$0.72 and \$0.73 for the years ended December 31, 2025 and 2024, respectively. The total grant date fair value of stock options vested was \$13.8 million and \$2.3 million during the years ended December 31, 2025 and 2024, respectively. The total intrinsic value of stock options exercised in 2025 was de minimis. As of December 31, 2025, total unrecognized compensation expense related to unvested stock options was \$10.6 million, which is expected to be recognized over a weighted-average term of 2.4 years.

The fair value of the stock options granted during 2025 and 2024 was estimated at the date of grant using the Black-Scholes option-pricing model with the following assumptions:

	Year Ended December 31,	
	2025	2024

10. Defined Contribution Benefit Plan

The Company sponsors a 401(k) retirement plan, in which all of its full-time employees are eligible to participate. Participants may contribute a percentage of their annual compensation to this plan, subject to statutory limitations. The Company recorded expenses of \$0.5 million and \$0.2 million, respectively, as matching contributions for the years ended December 31, 2025 and 2024.

11. Income Taxes

(a) Due to net operating losses and a full valuation allowance, the Company is not subject to state income tax other than negligible minimum state tax.

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

The Company made no material income tax payments during 2024 or 2025 for any jurisdiction due to the net operating loss.

Deferred income taxes reflect the net tax effects of (a) temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes, and (b) operating losses and tax credit carryforwards. Significant components of the Company's net deferred tax assets are as follows (in thousands):

	Year Ended December 31,	
	2025	2024
Deferred tax assets:		
Net operating loss carryforwards	\$ 12,611	\$ 2,384
Tax credits	2,749	696

Stock-based compensation expense	2,947	446

Total deferred tax liabilities	(1,637)	(1,690)
Less: valuation allowance	(61,926)	(30,783)
Net deferred tax assets	<u>\$ —</u>	<u>\$ —</u>

The deferred income tax assets have been fully offset by a valuation allowance, as realization is dependent on future earnings, if any, the timing and amount of which are uncertain. The net valuation allowance increased by \$31.1 million in 2025.

The Company's accounting for deferred taxes involves the evaluation of a number of factors concerning the realizability of its net deferred tax assets. The Company primarily considered such factors as its history of operating losses, the nature of the Company's deferred tax assets, and the timing, likelihood, and amount, if any, of future taxable income during the periods in which those temporary differences and carryforwards become deductible. At present, the Company does not believe that it is more likely than not that the deferred tax assets will be realized; accordingly, a full valuation allowance has been established and no deferred tax asset is shown in the accompanying balance sheets.

As of December 31, 2025 and 2024, the Company had federal net operating loss carryforwards of \$57.8 million and \$9.2 million, respectively, available to reduce future taxable income. The Company also had California net operating loss carryforwards of \$6.3 million as of December 31, 2025 and 2024, and other state net operating loss carryforwards of approximately \$0.8 million and \$28,000, respectively, as of December 31, 2025 and 2024. The federal net operating loss carryforwards generated after 2017 of \$57.8 million does not expire. California net operating loss carryforwards will begin to expire in 2042. Other state net operating loss carryforwards will begin to expire in 2029.

As of December 31, 2025, the Company had federal research and development tax credit carryforwards of \$2.7 million, which will begin to expire in 2044, if not utilized. The Company had California research and development credit carryforwards of \$0.8 million, which will not expire.

AVENZO THERAPEUTICS, INC.
NOTES TO FINANCIAL STATEMENTS- (Continued)

Pursuant to Internal Revenue Code ("IRC") Sections 382 and 383, annual use of the Company's net operating loss and research and development credit carryforwards may be limited in the event a cumulative change in ownership of more than 50% occurs within a three-year period. The Company has not completed an IRC Section 382/383 analysis regarding the limitation of net operating loss and research and development credit carryforwards. The Company's ability to use its remaining net operating loss and tax credit carryforwards may be further limited if the Company experiences a Section 382 ownership change in connection with future changes in its stock ownership, including as a result of the Transaction described in Note 12. Due to the existence of the valuation allowance, future changes in the Company's unrecognized tax benefits will not impact the Company's effective tax rate.

The following table reconciles the beginning and ending amounts of gross unrecognized tax benefits for the years presented (in thousands):

	2025	2024
Beginning balance	\$ 58	\$ 12
Additions from tax positions taken in current year	611	46
Additions from tax positions taken in prior years	15	—
Ending balance	<u>\$ 684</u>	<u>\$ 58</u>

The Company had unrecognized tax benefits of \$0.7 million and \$58,000 as of December 31, 2025 and 2024, respectively. Due to the existence of the valuation allowance, future changes in unrecognized tax benefits would have no effect on the Company's effective tax rate. The Company's policy is to recognize interest and penalties related to income tax matters in income tax expense. For the years ended December 31, 2025 and 2024, the Company has not recorded any interest or penalties related to income tax matters.

The Company is subject to taxation in the United States, the State of California, and various other states. The Company's tax years for 2022 and forward are subject to examination by the federal and various state tax authorities due to the carryforward of unutilized net operating losses and research and development credits. The Company is not currently under examination by any tax authority.

12. Subsequent Events

The Company has evaluated subsequent events that have occurred since December 31, 2025, and through July 15, 2026, the date the financial statements were issued. After review and evaluation, management has concluded that there were no material subsequent events as of the date that the financial statements were available to be issued, other than as disclosed within the accompanying notes to the financial statements.

On May 31, 2026, the Company entered into an Agreement and Plan of Merger and Reorganization (the "Merger Agreement") with Rallybio Corporation, a Delaware corporation ("Rallybio"), and its wholly-owned subsidiary, Farmington Merger Sub, Inc. ("Merger Sub"). Upon the terms and subject to the satisfaction of the conditions described in the Merger Agreement, including the approval of the stockholders of each of Rallybio and the Company, Merger Sub will be merged with and into Avenzo, with Avenzo surviving as a wholly owned subsidiary of Rallybio (the "Merger"). In connection with the Merger, the Company entered into subscription agreements with certain investors for a concurrent private placement financing of \$215.0 million in gross proceeds (the "Concurrent Financing" and, together with the Merger, the "Transaction"). The Transaction is expected to close in the fourth quarter of 2026, subject to the satisfaction or waiver of customary closing conditions. There can be no assurance that the Transaction will be completed on the terms described, or at all.

AVENZO THERAPEUTICS, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

1. Organization

Description of Business

Avenzo Therapeutics, Inc. (the "Company") is a clinical-stage biotechnology company dedicated to developing next-generation oncology therapies. The Company was incorporated in the State of Delaware in August 2022 and has its headquarters in San Diego, California.

Liquidity and Capital Resources

The Company has devoted substantially all of its efforts and resources since its inception to organizing and staffing the Company, business planning, raising capital, licensing key intellectual property rights, conducting preclinical studies and, more recently, clinical trials and providing general and administrative support for these operations.

The accompanying unaudited condensed financial statements have been prepared on a basis that assumes the Company will continue as a going concern. As of March 31, 2026, the Company had cash, cash equivalents and short-term investments of \$159.3 million and an accumulated deficit of \$299.9 million. The Company has funded its operations with the net proceeds from the issuance of its convertible preferred stock. The Company has incurred operating losses and negative cash flows from operations since its inception and expects to incur losses for the foreseeable future. Based on its current operating plan, the Company believes that its existing cash, cash equivalents and short-term investments will not be sufficient to fund its operations for the next 12 months from the date of issuance of these financial statements. Accordingly, these conditions raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that these financial statements are issued. The unaudited condensed financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from this uncertainty. As described in Note 10, on May 31, 2026, the Company entered into an Agreement and Plan of Merger and Reorganization with Rallybio Corporation, in connection with which certain investors have committed to invest in the Concurrent Financing (as defined in Note 10), providing \$215.0 million in gross proceeds. The Transaction (as defined in Note 10) is expected to close in the fourth quarter of 2026, subject to customary closing conditions, and has not yet closed as of the date these unaudited condensed financial statements were issued. There can be no assurance that the Transaction will be completed on the terms described, or at all.

The Company's future operations are highly dependent on a combination of factors, including, but not limited to, the success of its research and development programs, the timely and successful completion of any additional financing (including the Concurrent Financing described in Note 10), the development of competitive therapies by other biotechnology and pharmaceutical companies, the Company's ability to manage growth of the organization, the Company's ability to protect its technology and products, and ultimately, regulatory approval and successful commercialization and market acceptance of its product candidates.

The Company expects to seek additional funding in the form of equity financings, debt financings, or other capital resources, including potential collaborations, out-licenses or dispositions and other similar arrangements; however, there can be no assurance that such efforts will be successful or that, in the event they are successful, the terms and conditions of such financing will be favorable. If the Company is unable to secure additional funding when desired, the Company may need to delay, reduce or eliminate the development, commercialization and/or marketing of its product candidates and scale back its business and operations.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited condensed financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") and following the requirements of the U.S. Securities and Exchange Commission for interim reporting. As permitted under those rules, certain footnotes or other financial information that are normally required by U.S. GAAP can be condensed or omitted. These statements do not include all disclosures required by U.S. GAAP for annual periods and should be read in conjunction with the

AVENZO THERAPEUTICS, INC.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS- (Continued)

Company's audited financial statements and accompanying notes for the year ended December 31, 2025 included elsewhere in this proxy statement/prospectus. In the opinion of management, the unaudited interim financial statements have been prepared on a basis consistent with the audited financial statements and reflect all adjustments, which include only normal recurring adjustments, necessary for the fair presentation of the Company's financial position and its results of operations and cash flows for periods presented. The results of the interim periods are not necessarily indicative of the results that may be expected for the full year or any other period(s).

Risks and Uncertainties

The Company is subject to risks common to early-stage companies in the biotechnology industry including, but not limited to, dependency on the clinical and commercial success of its current and any future product candidates, ability to obtain regulatory approval of its current and any future product candidates, the need for substantial additional financing to achieve its goals, uncertainty of broad adoption of its approved products, if any, by physicians and patients and significant competition from other biotechnology and pharmaceutical companies.

Cash, Cash Equivalents and Restricted Cash

The Company considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of checking and savings accounts, money market funds and U.S. Treasury securities. The Company places its cash and cash equivalents with high credit quality financial institutions.

Restricted cash includes cash held in a deposit account as collateral to maintain a letter of credit required under the Company's office lease agreement and is included in other assets on the Company's balance sheets. The following table presents a reconciliation of cash and cash equivalents and restricted cash reported within the unaudited condensed balance sheets to the amounts shown in the unaudited condensed statements of cash flows (in thousands):

	March 31,	
	2026	2025
Cash and cash equivalents	\$ 64,758	\$ 104,784
Restricted cash included in other assets	966	966
Total cash, cash equivalents and restricted cash	<u>\$ 65,724</u>	<u>\$ 105,750</u>

Net Loss Per Share

The Company considers all series of convertible preferred stock to be participating securities as they participate in any dividends declared by the Company. Net loss attributable to common stockholders is not allocated to convertible preferred stock as the holders of convertible preferred stock do not have a contractual obligation to share in losses.

Basic net loss per share is computed by dividing the net loss attributable to common stockholders by the weighted average number of shares of common stock outstanding for the period, without consideration for potentially dilutive shares of common stock. The Company has excluded unvested common stock subject to repurchase from the weighted average number of shares of common stock outstanding. Diluted net loss per share is computed by dividing the net loss attributable to common stockholders by the weighted average number of shares of common stock outstanding and potentially dilutive securities outstanding for the period determined using the treasury stock and if-converted methods. Since the Company was in a loss position for the three months ended March 31, 2026 and 2025, basic net loss per share is the same as diluted net loss per share as the inclusion of all potentially dilutive shares of common stock would have been anti-dilutive.

AVENZO THERAPEUTICS, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS- (Continued)

The following potentially dilutive securities outstanding have been excluded from the computation of diluted weighted average shares outstanding because such securities have an anti-dilutive impact.

Segment Reporting

Operating segments are identified as components of an enterprise about which separate discrete information is available for evaluation by the chief operating decision maker ("CODM"), or decision-making group, in making decisions regarding resource allocation and assessing performance. The Company operates and manages its business as one reportable segment, which is engaged in developing next-generation oncology therapies. The Company's CODM is its President and Chief Executive Officer. In order to allocate resources, the CODM regularly reviews scientific data from clinical and preclinical studies, forecasted cash balances as well as budget and forecasted expenses to actual results. The CODM assesses performance for the segment based on net loss. The Company has not generated any product revenue since its inception. The measure of segment assets is reported on the balance sheet as total assets. All assets are held in the United States.

The following table reconciles the Company's net loss, including the significant expense categories regularly provided to and reviewed by the CODM, as computed under U.S. GAAP, to the Company's net loss in the unaudited condensed statements of operations and comprehensive loss (in thousands):

New Accounting Standards Not Yet Adopted

In September 2025, the Financial Accounting Standards Board (the "FASB") issued an accounting standards update to modernize the accounting for costs related to internal-use software. The new standard removes all references to project stages under the existing standard and requires entities to begin capitalizing software costs when management with relevant authority authorizes and commits to funding a computer software project, and it is probable that the project will be completed and the software will be used to perform the function intended. The guidance is effective for annual periods beginning after December 15, 2027, and interim periods within those annual periods, with early adoption permitted. The guidance may be applied using a prospective, retrospective or

AVENZO THERAPEUTICS, INC.**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS- (Continued)**

modified transition approach. The Company is currently evaluating the potential impact of adopting the guidance on the Company's financial statements.

In November 2024, the FASB issued an accounting standards update to require disclosure, on an annual and interim basis, disaggregated information about certain income statement expense line items. The guidance is effective for annual periods beginning after December 15, 2026, and interim periods within annual periods beginning after December 15, 2027, with early adoption permitted. Entities are required to apply the guidance prospectively and may apply it retrospectively. The Company is currently evaluating the potential impact of adopting the guidance on the Company's financial statements.

3. Collaboration and License Agreements***Allorion Agreement***

On January 3, 2024, the Company entered into a collaboration and license agreement (the "Allorion Agreement") with Allorion Therapeutics Inc. ("Allorion"), pursuant to which Allorion granted the Company an exclusive license to develop, manufacture and commercialize products containing Allorion's selective cyclin-dependent kinase 2 ("CDK2") inhibitor program globally, excluding Mainland China, Hong Kong, Macau and Taiwan (the "Avenzo Territory"). As part of the Allorion Agreement, Allorion granted the Company an exclusive option to obtain an exclusive license to Allorion's selective cyclin-dependent kinase 4 ("CDK4") inhibitor program in the Avenzo Territory. Under the Allorion Agreement, Allorion is responsible for conducting certain preclinical development activities for the CDK4 inhibitor program, subject to reimbursement by the Company up to a predetermined cap. Except for Allorion's conduct of such preclinical development activities for the CDK4 inhibitor program, the Company is solely responsible for the development and commercialization of licensed products in the Avenzo Territory at its own expense. The Company will be responsible for the manufacture and supply of licensed products for development and commercialization in the Avenzo Territory and will also be responsible for the manufacture and supply of licensed products to Allorion for use in clinical trials outside the Avenzo Territory, pursuant to clinical supply agreements between the parties relating to each licensed product.

In the first quarter of 2024, the Company made an upfront payment to Allorion of \$40.0 million pursuant to the Allorion Agreement. In the second quarter of 2025, the Company exercised the exclusive option to the CDK4 inhibitor program and made a \$15.0 million option exercise payment and a \$7.5 million milestone payment upon the achievement of a specified development milestone, both of which were recorded as acquired in-process research and development ("IPR&D") expense. In the third quarter of 2025, the Company recorded \$7.5 million as acquired IPR&D expense upon the achievement of a specified development milestone, which was paid in the fourth quarter of 2025. These payments were expensed because the underlying technology had not yet received regulatory approval and had no alternative future use. During 2025 and 2024, the Company recorded \$4.6 million and \$5.4 million, respectively, as research and development ("R&D") expense related to reimbursement of preclinical development activities for the CDK4 inhibitor program. During the three months ended March 31, 2025, the Company recorded \$0.9 million as R&D expense related to reimbursement of preclinical development activities for the CDK4 inhibitor program. The preclinical development activities for the CDK4 inhibitor program were completed during 2025.

Under the Allorion Agreement, Allorion is eligible to receive development, regulatory and sales milestone payments of up to approximately \$1.4 billion across both programs, as well as tiered percentage royalties ranging from the mid-single digits to the low-teens on applicable annual net sales, subject to customary deductions, in the Avenzo Territory. The royalty term for each licensed product in a licensed program in each country extends from the first commercial sale of the first licensed product in such licensed program in such country until the latest of:

(i) expiration of the last-to-expire valid claim in specified patents covering the composition of matter of such first licensed product or its approved use in such country; (ii) expiration of the regulatory exclusivity for such first licensed product in such country; or (iii) 10 years after the date of the first commercial sale of such first licensed product in such country. The Allorion Agreement includes customary termination provisions, including the Company's right to terminate the Allorion Agreement, in its entirety or on a licensed program-by-licensed program or region-by-region basis, by providing advance written notice to Allorion.

AVENZO THERAPEUTICS, INC.**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS- (Continued)*****VelaVigo Agreement***

On November 16, 2024, the Company entered into a collaboration, option and license agreement (the "VelaVigo Agreement") with VelaVigo (Shanghai) Limited ("VelaVigo"), pursuant to which VelaVigo granted the Company an exclusive option to obtain an exclusive license to VelaVigo's nectin cell adhesion molecule 4/trophoblast cell-surface antigen 2 ("Nectin4/TROP2") antibody-drug conjugates ("ADCs") in the Avenzo Territory. Under the VelaVigo Agreement, VelaVigo is responsible for conducting certain preclinical development activities, at VelaVigo's own cost, for the Nectin4/TROP2 ADC program. Except for VelaVigo's conduct of such preclinical development activities for the Nectin4/TROP2 ADC program, the Company is solely responsible for the development and commercialization of licensed products in the Avenzo Territory at its own expense. VelaVigo will be responsible for the manufacture and supply of licensed products to the Company until the Company assumes responsibility for such manufacture and supply in the Avenzo Territory.

In January 2025, the Company made an upfront payment to VelaVigo of \$17.0 million, which was recorded as acquired IPR&D expense in 2024 upon the execution of the VelaVigo Agreement. In the third quarter of 2025, the Company exercised the exclusive option to the Nectin4/TROP2 ADC program and made a \$28.0 million option exercise payment, which was recorded as acquired IPR&D expense. In the third quarter of 2025, the Company recorded \$5.0 million as acquired IPR&D expense upon the achievement of a specified development milestone, which was paid in the fourth quarter of 2025. In the second quarter of 2026, the Company recorded \$5.0 million as acquired IPR&D expense upon the achievement of a specified development milestone, which will be paid in the third quarter of 2026. These payments were expensed because the technology had not yet received regulatory approval and had no alternative future use.

Under the VelaVigo Agreement, VelaVigo is eligible to receive development, regulatory and sales milestone payments of up to approximately \$750.0 million, as well as tiered percentage royalties ranging from the mid-single to low-double digits on applicable annual net sales, subject to customary deductions, in the Avenzo Territory. The royalty term for each licensed product in each country extends from the first commercial sale of such licensed product in such country until the latest of: (i) expiration of the last-to-expire valid claim in the licensed patents covering the composition of matter of such licensed product or its approved use in such country; (ii) expiration of the regulatory exclusivity for such licensed product in such country; or (iii) 10 years after the date of the first commercial sale of such licensed product in such country. The VelaVigo Agreement includes customary termination provisions, including the Company's right to terminate the VelaVigo Agreement in its entirety or on a licensed product-by-licensed product or country-by-country basis by providing advance written notice to VelaVigo.

DualityBio Agreement

On December 23, 2024, the Company entered into a collaboration and license agreement (the "DualityBio Agreement") with Duality Biologics (Suzhou) Co., Ltd. ("DualityBio"), pursuant to which DualityBio granted the Company an exclusive license to develop, manufacture and commercialize products containing DualityBio's epidermal growth factor receptor/human epidermal growth factor receptor 3 ("EGFR/HER3") ADCs in the Avenzo Territory. Under the DualityBio Agreement, DualityBio is responsible for conducting certain preclinical development activities at DualityBio's own cost. Except for DualityBio's conduct of such preclinical development activities for the EGFR/HER3 ADC program, the Company is solely responsible for the development and commercialization of licensed products in the Avenzo Territory at its own expense. DualityBio will manufacture and supply licensed products to the Company until the Company assumes responsibility for such manufacture and supply in the Avenzo Territory.

In January 2025, the Company made an upfront payment to DualityBio of \$50.0 million, which was recorded as acquired IPR&D expense in 2024 upon the execution of the DualityBio Agreement. In the second quarter of 2025, the Company made a \$10.0 million milestone payment to DualityBio upon the achievement of a specified development milestone, which was recorded as acquired IPR&D expense. These payments were expensed because the technology had not yet received regulatory approval and had no alternative future use.

AVENZO THERAPEUTICS, INC.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS- (Continued)

Under the DualityBio Agreement, DualityBio is eligible to receive development, regulatory and sales milestone payments of up to approximately \$1.15 billion, as well as tiered percentage royalties ranging from the mid-single digits to the low-teens on applicable annual net sales, subject to customary deductions, in the Avenzo Territory. The royalty term for each licensed product in each country extends from the first commercial sale of such licensed product in such country until the latest of: (i) expiration of the last-to-expire valid claim in the licensed patents covering the composition of matter of such licensed product or its approved use in such country, subject to specified exceptions; (ii) expiration of the regulatory exclusivity for such licensed product in such country; or (iii) 10 years after the date of the first commercial sale of such licensed product in such country. The DualityBio Agreement includes customary termination provisions, including the Company's right to terminate the DualityBio Agreement, in its entirety or on a licensed product-by-licensed product or country-by-country basis, by providing advance written notice to DualityBio.

4. Marketable Securities

The Company invests its excess cash in marketable securities, including debt instruments of financial institutions and corporations with investment grade credit ratings, government securities, commercial paper and time deposits.

At March 31, 2026, marketable securities consisted of the following (in thousands):

The Company regularly reviews the securities in an unrealized loss position. As of March 31, 2026 and December 31, 2025, the Company did not record an allowance for credit losses related to its investment portfolio.

5. Fair Value Measurements

The Company determines the fair value of financial assets and liabilities using three levels of inputs as follows:

Level 1 — Observable inputs such as quoted prices in active markets for identical assets or liabilities at the measurement date;

Level 2 — Inputs (other than quoted market prices included in Level 1) that are either directly or indirectly observable, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the instrument's anticipated life; and

Level 3 — Unobservable inputs for assets or liabilities and include little or no market activity.

AVENZO THERAPEUTICS, INC.
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS- (Continued)

The carrying amounts of cash, prepaid expenses and other current assets, accounts payable, and accrued liabilities approximate fair value due to the short-term nature of these financial instruments. The Company's financial assets subject to fair value measurements on a recurring basis and the level of inputs used for such measurements were as follows (in thousands):

7. Commitments and Contingencies
Operating Leases

The Company leases office space under a lease agreement (the "Lease Agreement") that expires in August 2031 with an option to extend the lease for five years, which was not included in the determination of the lease term as it was not reasonably certain that the Company would exercise this option.

AVENZO THERAPEUTICS, INC.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS- (Continued)

Operating lease costs for the three months ended March 31, 2026 and 2025 were \$0.4 million and \$0.3 million, respectively. Variable lease costs representing the Company's share of the operating expenses and utility costs of the leased properties were de minimis for the three months ended March 31, 2026 and 2025, respectively. Cash paid for amounts included in the measurement of operating lease liabilities was \$0.4 million and \$0.3 million for the three months ended March 31, 2026 and 2025, respectively.

The Company's operating leases had a weighted-average remaining lease term of 5.4 years and 5.7 years as of March 31, 2026 and December 31, 2025, respectively, and a weighted-average discount rate of 7.1% for both periods.

Maturities of operating lease liabilities as of March 31, 2026 were as follows (in thousands):

Under the terms of the Lease Agreement, the Company is required to maintain a cash collateralized letter of credit for the benefit of the landlord in the amount of \$1.0 million, which is included in other assets on the Company's balance sheets.

8. Convertible Preferred Stock

In September 2022, the Company entered into a Series A preferred stock purchase agreement with certain investors (as may be amended from time to time, the "Series A SPA"), pursuant to which the Company agreed to sell and issue to each investor a number of shares of the Company's Series A convertible preferred stock, \$0.0001 par value per share, at a purchase price of \$2.0225 per share, in multiple closings, at such time as a majority of the members of the Board of Directors may determine.

Under the terms of the Series A SPA, the initial closings occurred in September and October 2022 and the Company issued a total of 17,058,096 shares of Series A convertible preferred stock for aggregate gross proceeds of \$34.5 million. The second closing occurred in February 2024 and the Company issued a total of 33,868,975 shares of Series A convertible preferred stock for aggregate gross proceeds of \$68.5 million. The third and final closing occurred in November 2024 and the Company issued a total of 33,868,975 shares of Series A convertible preferred stock for aggregate gross proceeds of \$68.5 million. The Company incurred issuance costs of \$0.3 million in 2022 and \$0.2 million in 2024, which were recorded as a reduction of the carrying value of the convertible preferred stock.

In March 2023, the Company entered into a Series A-1 preferred stock purchase agreement with certain investors (as may be amended from time to time, the "Series A-1 SPA"), pursuant to which the Company agreed to sell and issue to each investor a number of shares of the Company's Series A-1 convertible preferred stock, \$0.0001 par value per share, at a purchase price of \$2.2248 per share, in multiple closings, at such time as a majority of the members of the Board of Directors may determine.

Under the terms of the Series A-1 SPA, the first closing occurred in March 2023 and the Company issued a total of 2,247,393 shares of Series A-1 convertible preferred stock for aggregate gross proceeds of \$5.0 million. The second closings occurred in February and March 2024 and the Company issued a total of 51,847,357 shares of Series A-1

convertible preferred stock for aggregate gross proceeds of \$115.4 million. The third and final closing occurred in November 2024 and the Company issued a total of 42,250,989 shares of Series A-1 convertible preferred stock for aggregate gross proceeds of \$94.0 million. The Company incurred issuance costs of \$0.1 million in 2023 and \$0.5 million in 2024, which were recorded as a reduction of the carrying value of the convertible preferred stock.

The Company determined its potential obligation to issue additional shares of the Series A and Series A-1 convertible preferred stock in the second and third closings under the Series A SPA and Series A-1 SPA did not meet the definition of a freestanding financial instrument and did not require bifurcation.

In August 2025, the Company entered into a Series B preferred stock purchase agreement with certain investors (the "Series B SPA"), pursuant to which the Company agreed to sell and issue to each investor a number of shares of the Company's Series B convertible preferred stock, \$0.0001 par value per share, at a purchase price of \$2.2248 per share in multiple closings.

Under the terms of the Series B SPA, the closings occurred in August and September 2025 and the Company issued a total of 27,093,652 shares of Series B convertible preferred stock for aggregate gross proceeds of \$60.3 million. The Company incurred issuance costs of \$0.5 million in 2025, which were recorded as a reduction of the carrying value of the convertible preferred stock.

The Company had the following convertible preferred stock issued and outstanding as of March 31, 2026 and December 31, 2025:

Series	Shares Authorized	Shares Issued and Outstanding	Liquidation Preference (in thousands)	Carrying Value (in thousands)
Series A	84,796,046	84,796,046	\$ 171,500	\$ 171,024

	<u>214,852,680</u>	<u>208,235,437</u>	<u>\$ 446,128</u>	<u>\$ 444,530</u>

The holders of the convertible preferred stock have the following rights and preferences:

Voting Rights

On any matter presented to the stockholders of the Company for their action or consideration at any meeting of stockholders of the Company, each holder of outstanding shares of the convertible preferred stock is entitled to cast the number of votes equal to the number of whole shares of Class A common stock into which the shares of the convertible preferred stock held by such holder are convertible as of the record date for determining stockholders entitled to vote on such matter.

Dividends

The holders of outstanding shares of convertible preferred stock are entitled to receive, only when, as and if declared by the Board of Directors, out of any funds and assets legally available, dividends at the rate of 8% of the applicable original issue price for each share of convertible preferred stock, prior and in preference to any declaration or payment of any other dividend (other than dividends on shares of common stock payable in shares of common stock). The right to receive dividends on shares of convertible preferred stock is not cumulative, and no right to dividends is accrued to holders of convertible preferred stock by reason of the fact that dividends on said shares are not declared. As of March 31, 2026, no dividends have been declared.

Liquidation Preference

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of shares of convertible preferred stock then outstanding are entitled to be paid out of the assets of the Company available for distribution to its stockholders, and in the event of a deemed liquidation event, the holders of shares of

AVENZO THERAPEUTICS, INC.**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS- (Continued)**

convertible preferred stock then outstanding are entitled to be paid out of the consideration payable to stockholders in such deemed liquidation event or out of the available proceeds, as applicable, before any payment shall be made to the holders of common stock, an amount per share equal to the greater of (i) the applicable original issue price, plus any dividends declared but unpaid or (ii) such amount per share as would have been payable had all shares of the applicable series of convertible preferred stock been converted into common stock immediately prior to such liquidation, dissolution, winding up or deemed liquidation event. If upon such liquidation, dissolution, winding up or deemed liquidation event, the assets of the Company available for distribution to its stockholders are insufficient to pay the holders of shares of convertible preferred stock the full amount to which they are entitled, the holders of the shares of convertible preferred stock shall share ratably in any distribution of the assets available for distribution in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full. After payment in full of all liquidation amounts required to be paid to the holders of convertible preferred stock, the remaining assets of the Company available for distribution to its stockholders, or in the case of a deemed liquidation event, the consideration not payable to the holders of shares of convertible preferred stock or the remaining available proceeds shall be distributed to the holders of shares of common stock, pro rata based on the number of shares held by each such holder.

Conversion

Each share of convertible preferred stock is convertible, at the option of the holder thereof, at any time and from time to time, and without the payment of additional consideration by the holder thereof, into such number of fully paid and non-assessable shares of Class A common stock, or subject to and in accordance with the provisions of the Certificate of Incorporation, Class B common stock, as applicable, on a one-for-one basis initially, subject to certain anti-dilution adjustments.

Upon either (a) the closing of the sale of shares of common stock to the public at a price of at least three times the original issue price of the Series A convertible preferred stock (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the common stock), in a firm-commitment underwritten public offering approved by the Board of Directors, including the approval of a majority of the preferred directors, pursuant to an effective registration statement under the Securities Act of 1933, as amended, resulting in at least \$100 million of gross proceeds to the Company, or (b) the date and time, or the occurrence of an event, specified by vote or written consent of the holders of at least 55% of the outstanding shares of convertible preferred stock, voting together on an as-converted to Class A common stock basis, then (i) all outstanding shares of convertible preferred stock shall automatically be converted into shares of Class A common stock or, subject to the provisions of the Certificate of Incorporation, Class B common stock, as applicable, at the then effective conversion rate and (ii) such shares may not be reissued by the Company.

Redemption

The convertible preferred stock is not redeemable at the option of the holder or the Company, except for the contingent redemption upon the occurrence of a deemed liquidation event as defined in the Company's Certificate of Incorporation. The Company has classified the convertible preferred stock as temporary equity on the accompanying balance sheets as these shares could be redeemed upon the occurrence of certain change in control events that are outside of the Company's control.

9. Stockholders' Deficit**Common Stock**

As of March 31, 2026 and December 31, 2025, the Company's Certificate of Incorporation authorized the Company to issue up to 285,000,000 shares of Class A common stock at a par value of \$0.0001 per share, and up to 11,749,783 shares of non-voting Class B common stock at a par value of \$0.0001 per share (Class A common stock and Class B common stock, collectively referred to as "Common Stock").

Subject to the rights of the holders of convertible preferred stock, the holders of Common Stock are entitled to receive dividends whenever funds are legally available and when declared by the Board of Directors. The holders of

Class A common stock are entitled to one vote for each share of Class A common stock held at all meetings of stockholders (and written actions in lieu of meetings). The holders of Class B common stock are not entitled to vote. The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights, powers and preferences of the holders of convertible preferred stock.

Founder Common Stock

In August 2022, the Company issued 13,157,893 shares of its common stock to certain employees, including its founders, (each a "Purchaser") at a purchase price of \$0.0001 per share (the "Founder Common Stock"), which were reclassified as Class A common stock in September 2022. Shares of Founder Common Stock vest 25% after one year from the issuance date and monthly thereafter over the remaining three-year period. As of March 31, 2026 and December 31, 2025, 1,370,615 shares and 2,192,984 shares, respectively, of Founder Common Stock were unvested and subject to repurchase by the Company at the lower of the original purchase price or the fair market value of the stock as of the date of the repurchase in the event the Purchaser is no longer providing services to the Company. The repurchase liability for Founder Common Stock was nominal as of March 31, 2026 and December 31, 2025. For accounting purposes, unvested shares of common stock subject to repurchase are not considered outstanding.

A summary of the Company's unvested shares of Founder Common Stock is as follows:

Unvested shares of Founder Common Stock as of December 31, 2024	5,482,456
Shares vested	<u>(3,289,472)</u>

2022 Equity Incentive Plan

The Company's 2022 Equity Incentive Plan, as amended from time to time (the "Plan"), provides for the grant of incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards and other stock awards of the Company's Class A common stock to employees, directors and consultants. As of March 31, 2026, the Plan had 5,508,239 total shares available for issuance.

Stock Options

Stock options granted generally expire ten years from the date of grant. Stock options granted to employees generally vest over a four-year period with 25% of the shares vesting on the first anniversary of the vesting commencement date and monthly thereafter. Stock options granted to non-employee directors generally vest monthly over a three-year period. The Plan allows for early exercise of stock options prior to full vesting, which may be subject to repurchase by the Company.

The following table summarizes stock option activity under the Plan for the three months ended March 31, 2026:

10. Subsequent Events

The Company has evaluated subsequent events that have occurred since March 31, 2026, and through July 15, 2026, the date the unaudited condensed financial statements were available to be issued. After review and evaluation, management has concluded that there were no material subsequent events as of the date that the unaudited condensed financial statements were available to be issued, other than as disclosed within the accompanying notes to the unaudited condensed financial statements.

On May 31, 2026, the Company entered into an Agreement and Plan of Merger and Reorganization (the "Merger Agreement") with Rallybio Corporation, a Delaware corporation ("Rallybio"), and its wholly-owned subsidiary, Farmington Merger Sub, Inc. ("Merger Sub"). Upon the terms and subject to the satisfaction of the conditions described in the Merger Agreement, including the approval of the stockholders of each of Rallybio and the Company, Merger Sub will be merged with and into Avenzo, with Avenzo surviving as a wholly owned subsidiary of Rallybio (the

"Merger"). In connection with the Merger, the Company entered into subscription agreements with certain investors for a concurrent private placement financing of \$215.0 million in gross proceeds (the "Concurrent Financing" and, together with the Merger, the "Transaction"). The Transaction is expected to close in the fourth quarter of 2026, subject to the satisfaction or waiver of customary closing conditions. There can be no assurance that the Transaction will be completed on the terms described, or at all.

AGREEMENT AND PLAN OF MERGER AND REORGANIZATION

THIS AGREEMENT AND PLAN OF MERGER AND REORGANIZATION (this “*Agreement*”) is made and entered into as of May 31, 2026, by and among **RALLYBIO CORPORATION**, a Delaware corporation (“*Parent*”), **FARMINGTON MERGER SUB, INC.**, a Delaware corporation and wholly-owned subsidiary of Parent (“*Merger Sub*”), and **AVENZO THERAPEUTICS, INC.**, a Delaware corporation (the “*Company*”). Certain capitalized terms used in this Agreement are defined in **Exhibit A**.

RECITALS

A. Parent and the Company intend to effect a merger of Merger Sub with and into the Company (the “*Merger*”) in accordance with this Agreement and the DGCL. Upon consummation of the Merger, Merger Sub will cease to exist and the Company will become a wholly-owned subsidiary of Parent.

B. The Parties intend that the Merger qualify as a “reorganization” within the meaning of Section 368(a) of the Code, and by executing this Agreement, the Parties hereby adopt a “plan of reorganization” within the meaning of Treasury Regulations Sections 1.368-2(g) and 1.368-3(a).

C. The Parent Board has unanimously (i) determined that the Contemplated Transactions are fair to, advisable and in the best interests of Parent and its stockholders, (ii) authorized, approved and declared advisable this Agreement and the Contemplated Transactions, including the issuance of shares of Parent Common Stock to the stockholders of the Company pursuant to the terms of this Agreement, the change of control of Parent and other actions contemplated by this Agreement, and (iii) determined to recommend, upon the terms and subject to the conditions set forth in this Agreement, that the stockholders of Parent vote to approve the Parent Stockholder Matters.

D. The Merger Sub Board has unanimously (i) determined that the Contemplated Transactions are fair to, advisable, and in the best interests of Merger Sub and its sole stockholder, (ii) authorized, approved and declared advisable this Agreement and the Contemplated Transactions, and (iii) determined to recommend, upon the terms and subject to the conditions set forth in this Agreement, that Parent, as the sole stockholder of Merger Sub, votes to adopt this Agreement and thereby approve the Contemplated Transactions.

E. The Company Board has unanimously (i) determined that the Contemplated Transactions are fair to, advisable and in the best interests of the Company and its stockholders, (ii) authorized, approved and declared advisable this Agreement and the Contemplated Transactions, and (iii) determined to recommend, upon the terms and subject to the conditions set forth in this Agreement, that the stockholders of the Company vote to approve the Company Stockholder Matters.

F. Concurrently with the execution and delivery of this Agreement and as a condition and inducement to Parent’s willingness to enter into this Agreement, (a) the Company Signatories (solely in their capacity as stockholders of the Company), which represent the Required Company Stockholder Vote, are executing support agreements in favor of Parent in substantially the form attached hereto as **Exhibit B-1** (the “*Company Stockholder Support Agreement*”), and (b) the officers, directors and stockholders of the Company listed in **Section A-1** of the Company Disclosure Schedule (the “*Company Lock-Up Signatories*”) (solely in their capacity as stockholders of the Company) are executing lock-up agreements in substantially the form attached hereto as **Exhibit C** (the “*Company Lock-Up Agreement*”).

G. Concurrently with the execution and delivery of this Agreement and as a condition and inducement to the Company’s willingness to enter into this Agreement, the officers, directors and certain stockholders of Parent listed in **Section A-1** of the Parent Disclosure Schedule (solely in their capacity as stockholders of Parent) are executing support agreements in favor of the Company in substantially the form attached hereto as **Exhibit B-2** (the “*Parent Stockholder Support Agreement*”).

H. It is expected that, subject to Section 4.5, within three (3) Business Days after the Registration Statement is declared effective by the SEC, stockholders of the Company holding no less than the Required Company Stockholder Vote will execute and deliver an action by written consent in a form to be mutually agreed by Parent and the Company (each, a “**Company Stockholder Written Consent**” and collectively, the “**Company Stockholder Written Consents**”).

I. Concurrently with the execution and delivery of this Agreement, certain investors have executed a Subscription Agreement by and among the Company and the Persons named therein (representing an aggregate commitment no less than the Concurrent Investment Amount), pursuant to which such Persons have agreed to purchase the number of shares of Company Class A Common Stock set forth therein immediately prior to the Effective Time in connection with the Concurrent Financing (the “**Subscription Agreement**”).

AGREEMENT

The Parties, intending to be legally bound, agree as follows:

Section 1. DESCRIPTION OF TRANSACTION

1.1 The Merger. Upon the terms and subject to the conditions set forth in this Agreement, at the Effective Time, Merger Sub shall be merged with and into the Company, and the separate existence of Merger Sub shall cease. The Company will continue as the surviving corporation in the Merger (the “**Surviving Corporation**”).

1.2 Effects of the Merger. The Merger shall have the effects set forth in this Agreement, the Certificate of Merger and in the applicable provisions of the DGCL. As a result of the Merger, the Company will become a wholly-owned subsidiary of Parent.

1.3 Closing; Effective Time. Unless this Agreement is earlier terminated pursuant to the provisions of Section 9.1, the consummation of the Merger (the “**Closing**”) shall take place remotely on the second (2nd) Business Day following the satisfaction or waiver of the last to be satisfied or waived of the conditions set forth in Sections 6, 7 and 8 (other than those conditions that by their nature are to be satisfied at or immediately prior to the Closing, but subject to the satisfaction or waiver of each of such conditions), or at such other time, date and place as Parent and the Company may mutually agree in writing. The date on which the Closing actually takes place is referred to as the “**Closing Date**.” At the Closing, the Parties shall cause the Merger to be consummated by executing and filing with the Secretary of State of the State of Delaware a certificate of merger with respect to the Merger, satisfying the applicable requirements of the DGCL and in a form reasonably acceptable to Parent and the Company (the “**Certificate of Merger**”). The Merger shall become effective at the time of the filing of such Certificate of Merger with the Secretary of State of the State of Delaware or at such later time as may be specified in such Certificate of Merger with the consent of Parent and the Company (the time as of which the Merger becomes effective being referred to as the “**Effective Time**”).

1.4 Certificate of Incorporation and Bylaws; Directors and Officers. At the Effective Time:

(a) the certificate of incorporation of the Surviving Corporation shall be amended and restated in its entirety to read identically to the certificate of incorporation of Merger Sub as in effect immediately prior to the Effective Time, until thereafter amended as provided by the DGCL and such certificate of incorporation; *provided, however*, that at or immediately prior to the Effective Time, the Surviving Corporation shall file an amendment to its certificate of incorporation to change the name of the Surviving Corporation to “Avenzo Operating Company, Inc.”, or such other name as shall be mutually agreed upon by Parent and the Company prior to filing such amendment;

(b) the certificate of incorporation of Parent shall be identical to the certificate of incorporation of Parent immediately prior to the Effective Time, until thereafter amended as provided by the DGCL and such certificate of incorporation; *provided, however*, that at or immediately prior to the Effective Time, Parent shall file an amendment to its certificate of incorporation (the “**Parent Charter Amendment**”) to (i) change the name of Parent to “Avenzo Therapeutics, Inc.”; (ii) effect the Nasdaq Reverse Split (the “**Reverse Stock Split Proposal**”); (iii) subject to the approval of the Authorized Share Increase Proposal, effect the Authorized Share Increase; and (iv) make such other changes as shall be mutually agreed upon by Parent and the Company prior to filing such amendment;

(c) the bylaws of the Surviving Corporation shall be amended and restated in their entirety to read identically to the bylaws of Merger Sub as in effect immediately prior to the Effective Time (except that the name of the Surviving Corporation in such bylaws shall reflect the name identified in [Section 1.4\(a\)](#)), until thereafter amended as provided by the DGCL and such bylaws;

(d) the Parties shall act in compliance with [Section 5.11](#) (including, to the extent necessary, procuring the resignation or removal of any directors or officers of Parent immediately prior to the Effective Time) so that, as of the Effective Time, the directors and officers of Parent, each to hold office in accordance with the certificate of incorporation and bylaws of Parent, shall consist of the Persons set forth in [Section 5.11](#) after giving effect to the provisions of [Section 5.11](#), or such other Persons as shall be designated by the Company in its sole discretion; and

(e) the directors and officers of the Surviving Corporation, each to hold office in accordance with the certificate of incorporation and bylaws of the Surviving Corporation, shall be the directors and officers of Merger Sub.

1.5 [Conversion of Shares](#).

(a) At the Effective Time, by virtue of the Merger and without any further action on the part of Parent, Merger Sub, the Company or any stockholder of the Company or Parent:

(i) any shares of Company Capital Stock held as treasury stock by the Company or held or owned by Parent, Merger Sub or any Subsidiary of Parent or the Company immediately prior to the Effective Time shall be canceled and retired and shall cease to exist, and no consideration shall be delivered in exchange therefor;

(ii) subject to [Section 1.5\(c\)](#), each share of Company Capital Stock outstanding immediately prior to the Effective Time (excluding shares of Company Capital Stock to be canceled pursuant to [Section 1.5\(a\)\(i\)](#), shares of Company Class A Common Stock issued in the Concurrent Financing to be converted pursuant to [Section 1.5\(a\)\(iii\)](#) and Dissenting Shares), shall be automatically converted solely into the right to receive a number of shares of Parent Common Stock equal to the Exchange Ratio; and

(iii) subject to [Section 1.5\(c\)](#), the Company Class A Common Stock issued in the Concurrent Financing shall be converted solely into the right to receive a number of shares of Parent Common Stock equal to the amount of Concurrent Financing Merger Shares multiplied by the percentage of the Concurrent Financing Proceeds represented by the applicable stockholder’s investment in the Concurrent Financing, as set forth on the Allocation Certificate.

(b) If any shares of Company Capital Stock outstanding immediately prior to the Effective Time are unvested or are subject to a repurchase option or a risk of forfeiture under any applicable restricted stock purchase agreement or other similar agreement with the Company, then the shares of Parent Common Stock issued in exchange for such shares of Company Capital Stock at the Effective Time will to the same extent be unvested and subject to the same repurchase option or risk of forfeiture, and such shares of Parent Common

Stock shall accordingly be marked with appropriate legends. The Company shall take all actions that may be necessary to ensure that, from and after the Effective Time, Parent is entitled to exercise any such repurchase option or other right set forth in any such restricted stock purchase agreement or other agreement in accordance with its terms.

(c) No fractional shares of Parent Common Stock shall be issued in connection with the Merger, and no certificates or scrip for any such fractional shares shall be issued. Any holder of Company Capital Stock who would otherwise be entitled to receive a fraction of a share of Parent Common Stock (after aggregating all fractional shares of Parent Common Stock issuable to such holder) shall receive from Parent, in lieu of such fractional share: (i) one share of Parent Common Stock if the aggregate amount of fractional shares of Parent Common Stock such holder of Company Capital Stock would otherwise be entitled to is equal to or exceeds 0.50; or (ii) no shares of Parent Common Stock if the aggregate amount of fractional shares of Parent Common Stock such holder of Company Capital Stock would otherwise be entitled to is less than 0.50, with no cash being paid for any fractional share eliminated by such rounding.

(d) All Company Options outstanding immediately prior to the Effective Time under the Company Benefit Plan shall be treated in accordance with [Section 5.5\(a\)](#).

(e) Each share of common stock, \$0.0001 par value per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into and exchanged for one validly-issued, fully-paid and nonassessable share of common stock, \$0.0001 par value per share, of the Surviving Corporation. Each stock certificate or book-entry share of Merger Sub evidencing ownership of any such shares shall, as of the Effective Time, evidence ownership of such shares of common stock of the Surviving Corporation.

(f) If, between the time of calculating the Exchange Ratio and the Effective Time, the outstanding shares of Company Capital Stock or Parent Common Stock shall have been changed into, or exchanged for, a different number of shares or a different class, by reason of any stock dividend, subdivision, reclassification, recapitalization, split (including the Nasdaq Reverse Split to the extent such split has not been previously taken into account in calculating the Exchange Ratio), combination or exchange of shares or other like change, the Exchange Ratio shall, to the extent necessary, be equitably adjusted to reflect such change to the extent necessary to provide the holders of Company Capital Stock, Parent Common Stock and Company Options with the same economic effect as contemplated by this Agreement prior to such stock dividend, subdivision, reclassification, recapitalization, split (including the Nasdaq Reverse Split), combination or exchange of shares or other like change; *provided, however*, that nothing herein will be construed to permit the Company or Parent to take any action with respect to Company Capital Stock or Parent Common Stock, respectively, that is prohibited or not expressly permitted by the terms of this Agreement.

1.6 Calculation of Parent Net Cash.

(a) For the purposes of this Agreement, the “**Anticipated Closing Date**” shall be the date, as agreed upon by Parent and the Company at least fifteen (15) calendar days prior to the Parent Stockholders’ Meeting, to be the anticipated date for Closing. At least five (5) Business Days prior to the Parent Stockholders’ Meeting, Parent shall deliver to the Company a schedule (the “**Net Cash Schedule**”) setting forth Parent’s estimated calculation of Parent Net Cash, including each component thereof (the “**Net Cash Calculation**”) as of the Anticipated Closing Date prepared and certified by Parent’s Chief Financial Officer (or if there is no Chief Financial Officer, the principal accounting officer of Parent). Parent shall make available to the Company the work papers and back-up materials used or useful in preparing the Net Cash Schedule (including, with respect to Transaction Expenses, estimated final invoices and current accounts receivable from each advisor to Parent) and, as reasonably requested by the Company, Parent’s accountants and counsel at reasonable times and upon reasonable notice.

(b) Within three (3) Business Days after delivery of the Net Cash Schedule (the “**Response Date**”), the Company will have the right to dispute any part of the Net Cash Schedule by delivering a written notice to that effect to Parent (a “**Dispute Notice**”). Any Dispute Notice shall identify in reasonable detail the nature of any proposed revisions to the Net Cash Calculation.

(c) If on or prior to the Response Date, the Company (i) notifies Parent in writing that it has no objections to the Net Cash Calculation or (ii) fails to deliver a Dispute Notice as provided in [Section 1.6\(b\)](#), then the Net Cash Calculation as set forth in the Net Cash Schedule shall be deemed to have been finally determined for purposes of this Agreement and to represent Parent Net Cash as of the Anticipated Closing Date for purposes of this Agreement.

(d) If the Company delivers a Dispute Notice on or prior to the Response Date, then Representatives of both Parties shall promptly meet and attempt in good faith to resolve the disputed item(s) and negotiate an agreed-upon determination of Parent Net Cash, which agreed upon Parent Net Cash amount shall be deemed to have been finally determined for purposes of this Agreement and to represent Parent Net Cash as of the Anticipated Closing Date for purposes of this Agreement.

(e) If Parent and the Company are unable to negotiate an agreed-upon determination of Parent Net Cash as of the Anticipated Closing Date pursuant to [Section 1.6\(d\)](#) within three (3) calendar days after delivery of the Dispute Notice (or such other period as Parent and the Company may mutually agree upon), then Parent and the Company shall jointly select an independent auditor of recognized national standing (the “**Accounting Firm**”) to resolve any remaining disagreements as to the Net Cash Calculation. Parent shall promptly deliver to the Accounting Firm the work papers and back-up materials used in preparing the Net Cash Schedule, and Parent and the Company shall use commercially reasonable efforts to cause the Accounting Firm to make its determination within ten (10) calendar days of accepting its selection. The Company and Parent shall be afforded the opportunity to present to the Accounting Firm any material related to the unresolved disputes and to discuss the issues with the Accounting Firm; *provided, however*, that no such presentation or discussion shall occur without the presence of a Representative of each of the Company and Parent. The determination of the Accounting Firm shall be limited to the disagreements submitted to the Accounting Firm. The determination of the amount of Parent Net Cash made by the Accounting Firm shall be final and binding upon the Parties and shall be deemed to have been finally determined for purposes of this Agreement and to represent Parent Net Cash as of the Anticipated Closing Date for purposes of this Agreement, and the Parties shall delay the Closing until the resolution of the matters described in this [Section 1.6\(e\)](#). The fees and expenses of the Accounting Firm shall be allocated between Parent and the Company in the same proportion that the disputed amount of Parent Net Cash that was unsuccessfully disputed by such Party (as finally determined by the Accounting Firm) bears to the total disputed amount of Parent Net Cash. If this [Section 1.6\(e\)](#) applies as to the determination of Parent Net Cash as of the Anticipated Closing Date described in [Section 1.6\(a\)](#), upon resolution of the matter in accordance with this [Section 1.6\(e\)](#), the Parties shall not be required to determine Parent Net Cash again even though the Closing Date may occur later than the Anticipated Closing Date, except that either Party may request a re-determination of Parent Net Cash (i) if the Closing Date is more than five (5) Business Days after the Anticipated Closing Date or (ii) prior to the date that the Parent Board authorizes or approves each Parent Distribution Record Date or the payment of the Parent Distributions in accordance with [Section 4.8](#).

1.7 Contingent Value Right. Prior to the Effective Time, Parent shall declare a distribution (the “**Pre-Closing Distribution**”) to holders of (a) Parent Common Stock, (b) Pre-Funded Warrants (c) Parent restricted stock units and (d) In the Money Parent Options of one contingent value right (each, a “**CVR**”) for each outstanding (i) share of Parent Common Stock, (ii) Pre-Funded Warrant, (iii) Parent restricted stock unit and (iv) In the Money Parent Option held by such holder as of the close of business on the record date described below, each representing the right to receive contingent payments upon the occurrence of certain events set forth in, and subject to and in accordance with the terms and conditions of, the Contingent Value Rights Agreement in the form attached hereto as **Exhibit D**, to be entered into between Parent and Computershare Trust Company, N.A. (the “**Rights Agent**”), with such revisions thereto requested by the Rights Agent that are not, individually or

in the aggregate, materially detrimental to the holders of CVRs and reasonably acceptable to the Company and Parent (the “*CVR Agreement*”). The record date for the Pre-Closing Distribution shall be the last Business Day prior to the day on which the Effective Time occurs; *provided that* the Pre-Closing Distribution may be conditioned upon the occurrence of the Effective Time. In connection with the Pre-Closing Distribution, Parent shall cause the CVR Agreement to be duly authorized, executed and delivered by Parent and the Rights Agent.

1.8 Closing of the Company’s Transfer Books. At the Effective Time: (a) all shares of Company Capital Stock outstanding immediately prior to the Effective Time shall be treated in accordance with [Section 1.5\(a\)](#), and all holders of certificates or book-entry shares representing shares of Company Capital Stock that were outstanding immediately prior to the Effective Time shall cease to have any rights as stockholders of the Company; and (b) the stock transfer books of the Company shall be closed with respect to all shares of Company Capital Stock outstanding immediately prior to the Effective Time. No further transfer of any such shares of Company Capital Stock shall be made on such stock transfer books after the Effective Time. If, after the Effective Time, a valid certificate previously representing any shares of Company Capital Stock outstanding immediately prior to the Effective Time (a “*Company Stock Certificate*”) is presented to the Exchange Agent or to the Surviving Corporation, such Company Stock Certificate shall be canceled and shall be exchanged as provided in [Sections 1.5](#) and [1.9](#).

1.9 Surrender of Certificates.

(a) Prior to the Closing Date, Parent and the Company shall enter into an exchange agent agreement with Computershare Trust Company, N.A. (the “*Exchange Agent*”), in a form reasonably acceptable to the Company. At the Effective Time, Parent shall deposit with the Exchange Agent, evidence of book-entry shares representing the Parent Common Stock issuable pursuant to [Section 1.5\(a\)](#). The Parent Common Stock so deposited with the Exchange Agent, together with any dividends or distributions received by the Exchange Agent with respect to such shares, are referred to collectively as the “*Exchange Fund*.”

(b) Promptly after the Effective Time, the Parties shall cause the Exchange Agent to deliver to the Persons who were record holders of shares of Company Capital Stock that were converted into the right to receive the Merger Consideration instructions for effecting the surrender of any Company Stock Certificates in exchange for shares of Parent Common Stock; provided that a holder of uncertificated shares of Company Capital Stock shall not be required to deliver Company Stock Certificates and in lieu thereof, the Exchange Agent shall receive an “agent’s message” in customary form, with respect to such shares of uncertificated shares of Company Capital Stock. Upon surrender of a Company Stock Certificate or other reasonable evidence of the ownership of uncertificated Company Capital Stock to the Exchange Agent for exchange, together with such other documents as may be reasonably required by the Exchange Agent or Parent (including a properly completed IRS Form W-9 or the appropriate version of IRS Form W-8, as applicable): (A) the holder of such Company Capital Stock shall be entitled to receive in exchange therefor book-entry shares representing the Merger Consideration (in a number of whole shares of Parent Common Stock) that such holder has the right to receive pursuant to the provisions of [Section 1.5\(a\)](#) and (B) such Company Stock Certificate so surrendered shall be canceled. Until surrendered as contemplated by this [Section 1.9\(b\)](#), each Company Stock Certificate shall be deemed, from and after the Effective Time, to represent only the right to receive book-entry shares of Parent Common Stock representing the Merger Consideration. If any Company Stock Certificate shall have been lost, stolen or destroyed, Parent may, in its discretion and as a condition precedent to the delivery of any shares of Parent Common Stock, require the owner of such lost, stolen or destroyed Company Stock Certificate to provide an applicable affidavit with respect to such Company Stock Certificate and post a bond indemnifying Parent against any claim suffered by Parent related to the lost, stolen or destroyed Company Stock Certificate as Parent may reasonably request. In the event of a transfer of ownership of a Company Stock Certificate that is not registered in the transfer records of the Company, payment of the Merger Consideration may be made to a Person other than the Person in whose name such Company Stock Certificate so surrendered is registered if such Company Stock Certificate shall be properly endorsed or otherwise be in proper form for transfer and the Person requesting such payment shall pay any transfer or other Taxes required by reason of the transfer or establish to

the reasonable satisfaction of Parent that such Taxes have been paid or are not applicable. The Merger Consideration and any dividends or other distributions as are payable pursuant to [Section 1.9\(c\)](#) shall be deemed to have been in full satisfaction of all rights pertaining to Company Capital Stock formerly represented by such Company Stock Certificates.

(c) No dividends or other distributions declared or made with respect to Parent Common Stock with a record date on or after the Effective Time shall be paid to the holder of any unsurrendered Company Stock Certificate with respect to the shares of Parent Common Stock that such holder has the right to receive in the Merger until such holder surrenders such Company Stock Certificate or provides an affidavit of loss, theft or destruction in lieu thereof in accordance with this [Section 1.9](#) together with such other documents as may be reasonably required by the Exchange Agent or Parent (at which time (or, if later, on the applicable payment date) such holder shall be entitled, subject to the effect of applicable abandoned property, escheat or similar Laws, to receive all such dividends and distributions, without interest).

(d) Any portion of the Exchange Fund that remains undistributed to holders of Company Capital Stock as of the date that is one (1) year after the Closing Date shall be delivered to Parent upon demand, and any holders of Company Capital Stock who have not theretofore surrendered their Company Stock Certificates or uncertificated shares of Company Capital Stock in accordance with this [Section 1.9](#) shall thereafter look only to Parent for satisfaction of their claims for Parent Common Stock and any dividends or distributions with respect to shares of Parent Common Stock.

(e) No Party to this Agreement shall be liable to any holder of any Company Capital Stock or to any other Person with respect to any shares of Parent Common Stock (or dividends or distributions with respect thereto) delivered to any public official pursuant to any applicable abandoned property Law, escheat Law or similar Law.

1.10 [Appraisal Rights](#).

(a) Notwithstanding any provision of this Agreement to the contrary, shares of Company Capital Stock that are outstanding immediately prior to the Effective Time and which are held by stockholders who have exercised and perfected appraisal rights for such shares of Company Capital Stock in accordance with the DGCL (collectively, the “**Dissenting Shares**”) shall not be converted into or represent the right to receive the Merger Consideration described in [Section 1.5](#) attributable to such Dissenting Shares. Such stockholders shall be entitled to receive payment of the appraised value of such shares of Company Capital Stock held by them in accordance with the DGCL, unless and until such stockholders fail to perfect or effectively withdraw or otherwise lose their appraisal rights under the DGCL. All Dissenting Shares held by stockholders who shall have failed to perfect or shall have effectively withdrawn or lost their right to appraisal of such shares of Company Capital Stock under the DGCL (whether occurring before, at or after the Effective Time) shall thereupon be deemed to be converted into and to have become exchangeable for, as of the Effective Time, the right to receive the Merger Consideration, without interest, attributable to such Dissenting Shares upon their surrender in the manner provided in [Sections 1.5](#) and [1.9](#).

(b) The Company shall give Parent prompt written notice of any demands by dissenting stockholders received by the Company, withdrawals of such demands and any other instruments served on the Company and any material correspondence received by the Company in connection with such demands, and Parent shall have the right to participate in all negotiations and proceedings with respect to such demands. The Company shall not, except with Parent’s prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed), make any payment with respect to, or settle or offer to settle, any such demands, or approve any withdrawal of any such demands or agree to do any of the foregoing.

1.11 [Further Action](#). If, at any time after the Effective Time, any further action is determined by the Surviving Corporation to be necessary or desirable to carry out the purposes of this Agreement or to vest the

Surviving Corporation with full right, title and possession of and to all rights and property of the Company, then the officers and directors of the Surviving Corporation shall be fully authorized, and shall use their and its commercially reasonable efforts (in the name of the Company, in the name of Merger Sub, in the name of the Surviving Corporation and otherwise) to take such action.

1.12 Withholding. The Parties, the Exchange Agent, the Rights Agent, and Parent's transfer agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement, the CVR Agreement, the Parent Distributions or any other dividend or distribution, such amounts as such Person reasonably determines it is required to deduct and withhold under the Code or any other Law with respect to the making of such payment. To the extent that amounts are so deducted and withheld and paid to the appropriate Governmental Body, such deducted and withheld amounts shall be treated for all purposes of this Agreement as having been paid to the Person in respect of whom such deduction and withholding were made.

Section 2. REPRESENTATIONS AND WARRANTIES OF THE COMPANY

Except as set forth in the corresponding section or subsection of the disclosure letter delivered by the Company to Parent (the "***Company Disclosure Schedule***") (it being agreed that (i) the disclosure of any information in a particular section or subsection of the Company Disclosure Schedule shall be deemed disclosure of such information with respect to any other section or subsection of this Agreement to which the relevance of such information is readily apparent on its face and (ii) where applicable, references to the Company in this Section 2 shall include the Company's Subsidiaries), the Company represents and warrants to Parent and Merger Sub as follows:

2.1 Organization, Standing and Power

(a) The Company (i) is a corporation duly incorporated, validly existing and in good standing under the Laws of Delaware, (ii) has all requisite corporate or similar power and authority to own, lease and operate its properties and to carry on its business as now being conducted and (iii) is duly qualified or licensed to do business and is in good standing in each jurisdiction in which the nature of its business or the ownership, leasing or operation of its properties makes such qualification or licensing necessary, except in the case of clause (iii), where the failure to be so qualified or licensed or in good standing, individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect.

(b) The Company has previously made available to Parent true and complete copies of the Company's Third Amended and Restated Certificate of Incorporation (the "***Company Charter***") and Amended and Restated Bylaws (the "***Company Bylaws***"), in each case as amended to the date of this Agreement, and each as so delivered is in full force and effect. The Company is not in violation in any material respects of any provision of the Company Charter or Company Bylaws.

2.2 Capital Stock

(a) The authorized capital stock of the Company as of the date of this Agreement consists of (i) 285,000,000 shares of Company Class A Common Stock, 13,277,506 of which have been issued and are outstanding as of the date hereof, and 11,749,783 shares of non-voting Common Stock, none of which have been issued and are outstanding as of the date hereof, and (ii) 214,852,680 shares of Company Preferred Stock, of which 84,796,046 shares are designated as Company Series A Preferred Stock, all of which are issued and outstanding as of the date hereof, 96,345,739 shares are designated as Company Series A-1 Preferred Stock, all of which are issued and outstanding as of the date hereof, and 33,710,895 shares are designated as Company Series B Preferred Stock, 27,093,652 shares of which are issued and outstanding as of the date hereof. As of the date hereof, no shares of Company Common Stock were held by the Company in its treasury. All outstanding shares of capital stock of the Company are, and all shares reserved for issuance will be, when issued, duly authorized, validly issued, fully paid and nonassessable and not subject to any preemptive rights. The Company

does not have outstanding any bonds, debentures, notes or other obligations having the right to vote (or convertible into, or exchangeable or exercisable for, securities having the right to vote) with the stockholders of the Company on any matter. Except as set forth above in this [Section 2.2\(a\)](#), as of the date hereof, there are no outstanding (A) shares of capital stock or other voting securities or equity interests of the Company, (B) securities of the Company convertible into or exchangeable or exercisable for shares of capital stock of the Company or other voting securities or equity interests of the Company, (C) stock appreciation rights, “phantom” stock rights, performance units, interests in or rights to the ownership or earnings of the Company or other equity equivalent or equity-based awards or rights, (D) subscriptions, options, warrants, calls, commitments, Contracts or other rights to acquire from the Company, or obligations of the Company to issue, any shares of capital stock of the Company, voting securities, equity interests or securities convertible into or exchangeable or exercisable for capital stock or other voting securities or equity interests of the Company or rights or interests described in the preceding clause (C), or (E) obligations of the Company to repurchase, redeem or otherwise acquire any such securities or to issue, grant, deliver or sell, or cause to be issued, granted, delivered or sold, any such securities. There are no stockholder agreements, voting trusts or other agreements or understandings to which the Company is a party or of which the Company has knowledge with respect to the holding, voting, registration, redemption, repurchase or disposition of, or that restrict the transfer of, any capital stock or other voting securities or equity interests of the Company.

(b) [Section 2.2\(b\)](#) of the Company Disclosure Schedule sets forth a true and complete list, as of the date hereof, of all holders of rights to purchase or receive shares of Company Class A Common Stock or similar rights (collectively, “**Company Stock Awards**”), indicating as applicable, with respect to each Company Stock Award then outstanding, the type of award (e.g., incentive stock option, non-statutory stock option, restricted stock unit, etc.), the number of shares of Company Class A Common Stock subject to such Company Stock Award, the name of the plan under which such Company Stock Award was granted, the date of grant, exercise or purchase price, vesting schedule, payment schedule (if different from the vesting schedule) and expiration thereof. Each Company Option was granted with a per share exercise price that was not less than the fair market value of a share of Company Class A Common Stock on the date such Company Option was granted and is exempt from the requirements of Section 409A of the Code. The Company has made available to Parent a true and complete copy of the forms of all award agreements evidencing outstanding Company Stock Awards. The Company does not sponsor, maintain or administer any employee or director stock option, stock purchase or equity compensation plan or arrangement other than the Company Benefit Plans. As of the date hereof, the Company is under no obligation to issue shares of Company Class A Common Stock pursuant to any employee or director stock option, stock purchase or equity compensation plan or arrangement, other than in connection with the exercise of outstanding Company Stock Awards.

[2.3 Subsidiaries](#). [Section 2.3](#) of the Company Disclosure Schedule sets forth a true and complete list of each Subsidiary of the Company, including its jurisdiction of incorporation or formation. Each of the Company’s Subsidiaries (a) is an entity duly organized, validly existing and in good standing under the Laws of the jurisdiction of its organization, (b) has all requisite corporate or similar power and authority to own, lease and operate its properties and to carry on its business as now being conducted and (c) is duly qualified or licensed to do business and is in good standing in each jurisdiction in which the nature of its business or the ownership, leasing or operation of its properties makes such qualification or licensing necessary, except in the case of clause (c), where the failure to be so qualified or licensed or in good standing, individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect. All outstanding shares of capital stock and other voting securities or equity interests of each such Subsidiary are owned, directly or indirectly, by the Company, free and clear of all Encumbrances other than Permitted Encumbrances of the Company and its Subsidiaries. Except for the capital stock of, or other equity or voting interests in, its Subsidiaries, the Company does not own, directly or indirectly, any equity, membership interest, partnership interest, joint venture interest, or other equity or voting interest in, or any interest convertible into, exercisable or exchangeable for any of the foregoing, nor is it under any current or prospective obligation to form or participate in, provide funds to, make any loan, capital contribution, guarantee, credit enhancement or other investment in any Person. Neither the Company nor any of its Subsidiaries has, at any time, been a general partner of, or has

otherwise been liable for any of the debts or other obligations of, any general partnership, limited partnership or other Entity.

2.4 Authority.

(a) The Company has all necessary corporate power and authority to execute, deliver and perform its obligations under this Agreement and, subject to the receipt of the Required Company Stockholder Vote and the Company Charter Amendment, to consummate the Contemplated Transactions. The execution, delivery and performance of this Agreement by the Company and the consummation by the Company of the Contemplated Transactions have been duly authorized by all necessary corporate action on the part of the Company and no other corporate proceedings on the part of the Company are necessary to approve this Agreement or to consummate the Merger and the other Contemplated Transactions, subject, in the case of the consummation of the Merger, to the receipt of the Required Company Stockholder Vote. This Agreement has been duly executed and delivered by the Company and, assuming the due authorization, execution and delivery by Parent and Merger Sub, constitutes a valid and binding obligation of the Company, enforceable against the Company in accordance with its terms (subject to the Enforceability Exceptions).

(b) The Company Board, by unanimous written consent duly adopted resolutions (i) determining that the terms of this Agreement, the Merger and the other Contemplated Transactions are fair to and in the best interests of the Company's stockholders, (ii) approving and declaring advisable this Agreement and the Contemplated Transactions, including the Merger, (iii) directing that this Agreement be submitted to the stockholders of the Company for adoption, and (iv) resolving to recommend that the Company's stockholders vote in favor of the adoption of this Agreement and the Contemplated Transactions, including the Merger, which resolutions have not been subsequently rescinded, modified or withdrawn in any way.

(c) The affirmative vote (or written consent) of (i) the holders of at least fifty-five percent (55%) of the outstanding shares of Company Preferred Stock, voting together as a single class, and on an as-converted basis, and (ii) a majority of the outstanding shares of Company Preferred Stock and Company Class A Common Stock, voting together as a single class and on an as converted to Company Class A Common Stock basis (the "**Required Company Stockholder Vote**") and the Investor Agreement Termination Consent, are the only votes of the holders of any class or series of the Company Capital Stock or other Company securities required in connection with the consummation of the Merger and the other Contemplated Transactions (except with respect to the Concurrent Financing). Other than the Required Company Stockholder Vote and the Investor Agreement Termination Consent (and except with respect to the Concurrent Financing), no vote of the holders of any class or series of the Company's capital stock or other securities is required in connection with the consummation of any of the Contemplated Transactions to be consummated by the Company.

2.5 No Conflict: Consents and Approvals.

(a) Subject to obtaining the Required Company Stockholder Vote, the execution, delivery and performance of this Agreement by the Company does not, and the consummation of the Merger and the other Contemplated Transactions and compliance by the Company with the provisions hereof will not, contravene, conflict with, or result in any violation or breach of, or default (with or without notice or lapse of time, or both) under, or give rise to a right of, or result in, termination, cancellation, modification or acceleration of any obligation or to the loss of a benefit under, or result in the creation of any pledge, claim, lien, charge, option, right of first refusal, encumbrance or security interest of any kind or nature whatsoever (including any limitation on voting, sale, transfer or other disposition or exercise of any other attribute of ownership) (collectively, "**Encumbrances**") in or upon any of the properties, assets or rights of the Company under, or give rise to any increased, additional, accelerated or guaranteed rights or entitlements under, or require any consent, waiver or approval of any Person pursuant to, any provision of (i) the Company Charter or Company Bylaws, (ii) any Company Material Contract to which the Company is a party or by which the Company or any of its properties or assets may be bound or (iii) subject to the governmental filings and other matters referred to in [Section 2.5\(b\)](#).

any material Law applicable to the Company or by which the Company or any of its properties or assets may be bound, except as, in the case of clauses (ii) and (iii), as individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect.

(b) No consent, approval, order or authorization of, or registration, declaration, filing with or notice to, any Governmental Body is required by or with respect to the Company in connection with the execution, delivery and performance of this Agreement by the Company or the consummation by the Company of the Merger and the other Contemplated Transactions or compliance with the provisions hereof, except for (i) the filing with the SEC of such reports under Section 13(a) or 15(d) of the Exchange Act, as may be required in connection with this Agreement and the Contemplated Transactions, (ii) such other filings and reports as may be required pursuant to the applicable requirements of the Securities Act, the Exchange Act and any other applicable state or federal securities, takeover and “blue sky” laws or Nasdaq, (iii) the filing of the Certificate of Merger with the Delaware Secretary of State as required by the DGCL, (iv) as may be required under applicable Antitrust Laws and (v) such other consents, approvals, orders, authorizations, registrations, declarations, filings or notices the failure of which to be obtained or made, individual or in the aggregate, have not had and would not reasonably be expected to have a Company Material Adverse Effect.

2.6 Financial Statements.

(a) The Company has made available to Parent true and complete copies of (i) the audited financial statements of the Company as of December 31, 2024 and (ii) the unaudited financial statements of the Company as of December 31, 2025 (the “**Company Financial Statements**”). The Company Financial Statements (i) are correct and complete in all material respects and have been prepared in accordance with the books and records of the Company, (ii) have been prepared in accordance with GAAP (except for, in the case of unaudited statements, the absence of related notes) and (iii) fairly present, in all material respects, the financial position, of the Company as at the dates thereof and the Company’s respective consolidated results of operations and cash flows for the periods then ended, except as otherwise noted therein and subject, in the case of any unaudited financial statements, to normal and recurring year-end adjustments that will not, individually or in the aggregate, be material.

(b) The books of account and financial records of the Company are true and correct and have been prepared and are maintained in accordance with sound accounting practice.

(c) The Company maintains a system of internal accounting controls consistent with the practices of similarly situated private companies designed to provide reasonable assurance that: (i) transactions are executed in accordance with management’s general or specific authorizations, (ii) transactions are recorded as necessary to permit preparation of the financial statements of the Company in conformity with GAAP and to maintain accountability of the Company’s assets, (iii) access to the Company’s assets is permitted only in accordance with management’s general or specific authorization, and (iv) the recorded accountability for the Company’s assets is compared with the existing assets at regular intervals and appropriate action is taken with respect to any differences. The Company maintains internal control over financial reporting that provides reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP.

(d) Since the Company’s inception, the Company has not identified (i) any significant deficiency or material weakness in the design or operation of the system of internal accounting controls utilized by the Company, (ii) any fraud, whether or not material, that involves the Company, the Company’s management, other employees or advisors who have a role in the preparation of financial statements or the internal accounting controls utilized by the Company or (iii) any claim or allegation regarding any of the foregoing.

2.7 No Undisclosed Liabilities. As of the date hereof, the Company does not have any liabilities or obligations of any nature, whether accrued, absolute, contingent or otherwise, known or unknown, whether due

or to become due and whether or not required to be recorded or reflected on a balance sheet under GAAP, except (a) to the extent accrued or reserved against in the balance sheet of the Company as of March 31, 2026 (the “**Company Balance Sheet**”), (b) for liabilities and obligations incurred by the Company in the Ordinary Course of Business since the date of the Company Balance Sheet, (c) liabilities and obligations related to the performance of obligations of the Company under Company Material Contracts, (d) liabilities and obligations incurred in connection with the Contemplated Transactions and (e) liabilities and obligations that are not material to the Company.

2.8 **Absence of Certain Changes or Events**. From the date of the Company Balance Sheet to the date hereof, except in connection with the execution of this Agreement and the consummation of the Contemplated Transactions, (x) the Company has conducted its business only in the Ordinary Course of Business; (y) there has not been any change, event or development or prospective change, event or development that, individually or in the aggregate, has had or would reasonably be expected to have a Company Material Adverse Effect; and (z) the Company has not:

(a) (i) declared, set aside or paid any dividends on, or made any other distributions (whether in cash, stock or property) in respect of, any of its capital stock or other equity interests, (ii) purchased, redeemed or otherwise acquired shares of capital stock or other equity interests of the Company or any options, warrants, or rights to acquire any such shares or other equity interests, or (iii) split, combined, reclassified or otherwise amended the terms of any of its capital stock or other equity interests or issued or authorized the issuance of any other securities in respect of, in lieu of or in substitution for shares of its capital stock or other equity interests;

(b) amended or otherwise changed, or authorized or proposed to amend or otherwise change, its certificate of incorporation or by-laws (or similar organizational documents) except as required to give effect to the Contemplated Transactions;

(c) adopted or entered into a plan of complete or partial liquidation, dissolution, restructuring, recapitalization or reorganization or effected or been a party to any merger, consolidation, share exchange, business combination, recapitalization, reclassification of shares, stock split, reverse stock split or similar transaction except, for the avoidance of doubt, the Contemplated Transactions;

(d) entered into any material transaction in connection with the Contemplated Transactions;

(e) acquired any material asset or sold, leased or otherwise irrevocably disposed of any of its material assets or properties, or granted any Encumbrance (other than Permitted Encumbrances) with respect to such assets or properties;

(f) sold, assigned, transferred, licensed, sublicensed or otherwise disposed of any material Intellectual Property owned or purported to be owned by, assigned to, or exclusively licensed by, the Company, except for the grant of non-exclusive licenses to such Intellectual Property in the Ordinary Course of Business;

(g) changed its financial or Tax accounting methods, principles or practices, except insofar as may have been required by a change in GAAP or applicable Law, or revalued any of its material assets; or

(h) agreed, resolved or committed to do any of the foregoing.

2.9 **Litigation**. As of the date hereof, there is no Legal Proceeding (or basis therefor) pending or, to the knowledge of the Company, threatened against the Company, its properties or assets, or any present or former officer, director or employee of the Company in such individual's capacity as such, other than any Legal Proceeding that (a) does not involve an amount in controversy in excess of \$500,000 and (b) does not seek material injunctive or other nonmonetary relief. Neither the Company nor any of its properties or assets is subject to any outstanding judgment, order, injunction, rule or decree of any Governmental Body. There is no Legal Proceeding pending or, to the knowledge of the Company, threatened seeking to prevent, hinder, modify, delay or challenge the Merger or any of the other Contemplated Transactions.

2.10 Compliance with Laws. The Company is, and since January 1, 2023 has been, in compliance in all material respects with all Laws applicable to its businesses, operations, properties or assets. The Company has not received, since January 1, 2023, a notice or other written communication alleging or relating to a possible material violation of any Law applicable to its businesses, operations, properties, assets or Company Products (as defined below). The Company has in effect all material permits, licenses, variances, exemptions, applications, approvals, clearances, authorizations, registrations, formulary listings, consents, operating certificates, franchises, orders and approvals (collectively, “**Permits**”) of all Governmental Bodies necessary for it to own, lease or operate its properties and assets and to carry on its businesses and operations as now conducted, and there has occurred no material violation of, material default (with or without notice or lapse of time or both) or other event that would give others any right of revocation, non-renewal, adverse modification or cancellation of, with or without notice or lapse of time or both, any such Permit, nor would any such revocation, non-renewal, adverse modification or cancellation result from the consummation of the Contemplated Transactions.

2.11 Health Care Regulatory Matters.

(a) The Company, and to the knowledge of the Company, each of its directors, officers, employees, agents (while acting in such capacity), contract manufacturers, contract research organizations and clinical investigators is, and since January 1, 2023 has been, in material compliance with all health care Laws to the extent applicable to the Company or any of its product candidates or activities, including, but not limited to the following: (i) the Federal Food, Drug & Cosmetic Act; (ii) the Public Health Service Act (42 U.S.C. § 201 et seq.); (iii) fraud and abuse Laws such as the federal Anti-Kickback Statute (42 U.S.C. § 1320a-7b(b)); the civil monetary penalties law (42 U.S.C. § 1320a-7a); the civil False Claims Act (31 U.S.C. § 3729 et seq.); the administrative False Claims Law (42 U.S.C. § 1320a-7b(a)); the Criminal Health Care Fraud Statute (18 U.S.C. § 1347); (iv) the exclusion laws (42 U.S.C. § 1320a-7); and (v) any Laws regulating the ownership, testing, research, development, manufacture, quality, safety, accreditation, packaging, storage, use, distribution, labeling, promotion, sale, offer for sale, import, export or disposal of pharmaceutical products, including licensure required for any such activities (“**Health Care Laws**”). The Company has not engaged in any voluntary disclosure or self-disclosure to any Governmental Body concerning any alleged, potential or actual non-compliance with any applicable Health Care Laws, and to the Company’s knowledge no such self-disclosure to any Governmental Body is warranted. To the knowledge of the Company, there are no other facts or circumstances that reasonably would be expected to give rise to any material liability under any Health Care Laws.

(b) The Company is not party to any corporate integrity agreements, monitoring agreements, consent decrees, settlement orders, or similar agreements with or imposed by any Governmental Body.

(c) All applications, notifications, submissions, information and reports submitted in connection with any and all requests for a Permit from the U.S. Food and Drug Administration (“**FDA**”) or other Governmental Body relating to products that are regulated as drugs, biologics, or other medical products under Health Care Laws, including the drug and biological candidates, compounds or products being researched, tested, stored, developed, labeled, manufactured, packed and/or distributed by the Company (“**Company Products**”), including, without limitation, investigational new drug applications, when submitted to the FDA or other Governmental Body were true, complete and correct in all material respects as of the date of submission and any necessary or required updates, changes, corrections or modification to such applications, submissions, information and data have been submitted to the FDA or other Governmental Body. The Company does not have knowledge of any facts or circumstances that would be reasonably likely to lead to the revocation, suspension, limitation, or cancellation of a material Permit required under Health Care Laws.

(d) All preclinical studies and clinical trials conducted by or, to the knowledge of the Company, on behalf of the Company have been since January 1, 2023, and if still pending are being, conducted in material compliance with research protocols and all applicable Health Care Laws. To the Company’s knowledge, no clinical trial conducted by or on behalf of the Company has been conducted using any clinical investigators who

have been disqualified, debarred or excluded from healthcare programs. Since January 1, 2023, no clinical trial conducted by or on behalf of the Company has been terminated or suspended prior to completion, and no clinical investigator who has participated or is participating in, or institutional review board that has or has had jurisdiction over, a clinical trial conducted by or on behalf of the Company has placed a partial or full clinical hold order on, or otherwise terminated, delayed or suspended, such a clinical trial at a clinical research site based on an actual or alleged lack of safety or efficacy of any Company Product or a failure to conduct such clinical trial in compliance with applicable Health Care Laws.

(e) All manufacturing operations conducted by or, to the knowledge of the Company, for the benefit of the Company have been and are being conducted in material compliance with all Permits and all applicable Health Care Laws.

(f) The Company has not received any written communication from any Governmental Body that relates to an alleged material violation of any Health Care Laws, including any notification of any pending or threatened claim, suit, proceeding, hearing, enforcement, investigation, arbitration, import detention or refusal, FDA Warning Letter or Untitled Letter, or any similar action by a Governmental Body relating to any Health Care Laws.

(g) There have been no seizures, withdrawals, recalls, detentions, or suspensions of manufacturing, testing, or distribution relating to the Company Products required or requested by a Governmental Body, or other notice of action relating to an alleged lack of safety, efficacy, or regulatory compliance of the Company Products, or any adverse experiences relating to the Company Products that have been reported to FDA or another Governmental Body ("**Company Safety Notices**"), and, to the knowledge of the Company, there are no facts or circumstances that reasonably would be expected to give rise to a Company Safety Notice.

(h) Neither the Company, nor, to the knowledge of the Company, any officer, employee or agent of the Company has made an untrue statement of a material fact or fraudulent or misleading statement to a Governmental Body, failed to disclose a material fact required to be disclosed to a Governmental Body, or committed an act, made a statement, or failed to make a statement that would reasonably be expected to provide a basis for the FDA to invoke its policy respecting the "Fraud, Untrue Statements of Material Facts, Bribery, and Illegal Gratuities" Final Policy set forth in 56 Fed. Reg. 46191 (September 10, 1991) and any amendments thereto (the "**FDA Ethics Policy**"). Neither the Company, nor, to the knowledge of the Company, any officer, employee or agent of the Company is or has been under investigation resulting from any allegedly untrue, fraudulent, misleading, or false statement or omission, including data fraud, or had any action pending or threatened relating to the FDA Ethics Policy.

(i) All reports, documents, claims, Permits and notices required to be filed, maintained or furnished to the FDA or any Governmental Body by the Company have been so filed, maintained or furnished, except where failure to file, maintain or furnish such reports, documents, claims, Permits or notices has not had and would not reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect. All such reports, documents, claims, Permits and notices were true and complete in all material respects on the date filed (or were corrected in or supplemented by a subsequent filing).

(j) Neither the Company nor, to the knowledge of the Company, any officer, employee, or agent of the Company has been convicted of any crime or engaged in any conduct that has resulted, or would reasonably be expected to result, in listing on the General Services Administrative System for Award Management or other published list of parties excluded from federal procurement programs and non-procurement programs or in debarment under applicable Law or, including, without limitation, 21 U.S.C. § 335a, or exclusion under 42 U.S.C. § 1320a-7, or any other statutory provision or similar law applicable in other jurisdictions in which the Company Products are sold or intended to be sold. Neither the Company nor, to the knowledge of the Company, any officer, employee or agent of the Company, has been excluded from participation in any federal

health care program or convicted of any crime or engaged in any conduct for which such Person could be excluded from participating in any federal health care program under Section 1128 of the Social Security Act of 1935, or any similar Health Care Law or program.

(k) The Company is not, and has not been, a “business associate,” “covered entity,” or “subcontractor” under Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.), as amended by the Health Information Technology for Economic and Clinical Health Act (42 U.S.C. § 17921 et seq.) (“**HIPAA**”) as those terms are defined in 42 C.F.R. § 160.103 and, since January 1, 2023, has been in material compliance with any Privacy Laws applicable to health information, including HIPAA, in the Company’s possession to the extent applicable to the Company.

2.12 Benefit Plans.

(a) Section 2.12(a) of the Company Disclosure Schedule contains a true and complete list of each material Company Benefit Plan (other than (i) form equity award agreements and awards made pursuant to such form(s), (ii) offer letters, employment agreements or contracts that may be terminated by the Company without notice and do not contain any severance, change in control, retention bonus, or vesting acceleration provisions, and (iii) consultant contracts or arrangements that may be terminated by the Company with no more than 30 days’ notice without penalty). For purposes of this Agreement, “**Company Benefit Plan**” means each “employee benefit plan” (within the meaning of section 3(3) of ERISA, whether or not subject to ERISA), and each stock purchase, stock option, phantom stock or other equity-based plan or award, severance, employment, change-in-control, fringe benefit, bonus, incentive, deferred compensation, supplemental retirement, health, life, or disability insurance, dependent care and each other employee benefit and compensation plan, agreement, program, policy or other arrangement, whether or not subject to ERISA, whether formal or informal, written or oral, legally binding or not, under which any current or former employee, director or individual consultant of the Company (or any of their dependents) has any present or future right to compensation or benefits or the Company sponsors or maintains, is making contributions to or has any present or future liability or obligation (contingent or otherwise) or with respect to which it is otherwise bound. The Company has provided or made available to Parent a current, accurate and complete copy of each material Company Benefit Plan, or if such Company Benefit Plan is not in written form, a written summary of all of the material terms of such Company Benefit Plan.

(b) Neither the Company nor any member of its Controlled Group (defined as any organization which is, or was at the applicable time, a member of a controlled, affiliated or otherwise related group of entities within the meaning of Code Section 414(b), (c), (m) or (o)) has ever sponsored, maintained, contributed to or been required to contribute to or incurred any liability (contingent or otherwise) with respect to: (i) a “multiemployer plan” (within the meaning of ERISA section 3(37)), (ii) an “employee pension benefit plan,” within the meaning of Section 3(2) of ERISA (“**Pension Plan**”) that is subject to Title IV of ERISA or Section 412 of the Code, or (iii) a Pension Plan which is a “multiple employer plan” as defined in Section 413 of the Code.

(c) With respect to the Company Benefit Plans:

(i) each Company Benefit Plan complies in all material respects with its terms and with the applicable provisions of ERISA and the Code and all other applicable legal requirements;

(ii) each Company Benefit Plan intended to be qualified under Section 401(a) of the Code is so qualified and has received a favorable determination, advisory and/or opinion letter, as applicable, from the IRS that it is so qualified and nothing has occurred to the knowledge of the Company since the date of such letter that would reasonably be expected to result in the loss of the sponsor’s ability to rely upon such letter or of the qualified status of such Company Benefit Plan;

(iii) there is no material Legal Proceeding (including any investigation, audit or other administrative proceeding) by the Department of Labor, the Pension Benefit Guaranty Corporation (the “**PBGC**”), the IRS or any other Governmental Body or by any plan participant or beneficiary pending, or to the knowledge of the Company, threatened, relating to the Company Benefit Plans (other than routine claims for benefits);

(iv) none of the Company Benefit Plans currently provides or represents any liability to provide post-termination or retiree welfare benefits to any person for any reason, except as may be required by Section 601 et seq. of ERISA and Section 4980B(b) of the Code or other applicable similar law regarding health care coverage continuation (collectively, “**COBRA**”), and none of the Company or any members of its Controlled Group has any liability to provide post-termination or retiree welfare benefits to any person or ever represented, promised or contracted to any employee or former employee of the Company (either individually or to Company employees as a group) or any other person that such employee(s) or other person would be provided with post-termination or retiree welfare benefits, except to the extent required by statute or except with respect to a contractual obligation to reimburse any premiums such person may pay in order to obtain health coverage under COBRA;

(v) each Company Benefit Plan is subject exclusively to United States Law; and

(vi) the execution and delivery of this Agreement and the consummation of the Merger will not, either alone or in combination with any other event, (A) entitle any current or former employee, officer, director or individual consultant of the Company to severance pay or any other termination payment or other compensation or benefits, (B) accelerate the time of payment or vesting, or increase the amount of or otherwise enhance any benefit due to any such employee, officer, director or consultant or (C) result in a requirement to fund or set aside assets with respect to any Company Benefit Plan.

(d) The Company is not a party to any agreement, Contract, arrangement or plan (including any Company Benefit Plan) that may reasonably be expected to result, separately or in the aggregate, in connection with the Contemplated Transactions (either alone or in combination with any other events), in the payment of any “parachute payments” within the meaning of Section 280G of the Code. There is no agreement, plan or other arrangement to which the Company is a party or by which the Company is otherwise bound to compensate any person in respect of Taxes or other liabilities incurred with respect to Section 409A or 4999 of the Code.

2.13 Labor and Employment Matters.

(a) The Company is and, since January 1, 2023, has been, in compliance in all material respects with all applicable Laws relating to labor and employment, including those relating to employment practices, terms and conditions of employment, collective bargaining, disability, immigration, health and safety, wages, hours and benefits, non-discrimination in employment, workers’ compensation, unemployment compensation, equal employment opportunity, discrimination, harassment, employee and contractor classification, and continuation coverage with respect to group health plans. Since January 1, 2023, there has not been, and as of the date of this Agreement there is not pending or, to the knowledge of the Company, threatened, any labor dispute, work stoppage, labor strike or lockout against the Company by employees.

(b) No employee of the Company is covered by an effective or pending collective bargaining agreement or similar labor agreement. To the knowledge of the Company, there has not been any activity on behalf of any labor union, labor organization or similar employee group to organize any employees of the Company. There are no (i) unfair labor practice charges or complaints against the Company pending before the National Labor Relations Board or any other labor relations tribunal or authority and, to the knowledge of the Company, no such representations, claims or petitions are threatened, (ii) representation claims or petitions pending before the National Labor Relations Board or any other labor relations tribunal or authority or (iii) grievances or pending arbitration proceedings against the Company that arose out of or under any collective bargaining agreement.

(c) To the knowledge of the Company, as of the date hereof, no current officer of the Company intends to, terminate his or her employment relationship with the Company in connection with or as a result of the Merger.

(d) Since the Company's inception, (i) the Company has not effectuated a "plant closing" (as defined in the Worker Adjustment Retraining and Notification Act of 1988 (the "**WARN Act**")) affecting any site of employment or one or more facilities or operating units within any site of employment or facility, (ii) there has not occurred a "mass layoff" (as defined in the WARN Act) in connection with the Company affecting any site of employment or one or more facilities or operating units within any site of employment or facility and (iii) the Company has not engaged in layoffs or employment terminations sufficient in number to trigger application of any similar state, local or foreign law. The Company currently properly classifies and since its inception has classified its employees as exempt or nonexempt in accordance with applicable overtime laws, and no person treated as an independent contractor or consultant by the Company since its inception should have been classified as an employee under applicable Law, except where such action would not, individually or in the aggregate, result in the Company incurring a material liability.

(e) With respect to any current or former employee, officer, consultant or other service provider of the Company, there are no Legal Proceedings against the Company pending, or to the Company's knowledge, threatened to be brought or filed, in connection with the employment or engagement of any current or former employee, officer, consultant or other service provider of the Company, including, without limitation, any claim relating to employment discrimination, harassment, retaliation, equal pay, employment classification or any other employment-related matter arising under applicable Laws, except where such action would not, individually or in the aggregate, result in the Company incurring a material liability.

(f) Except with respect to any Company Benefit Plan (which subject is addressed in [Section 2.12](#) above), the execution of this Agreement and the consummation of the transactions set forth in or contemplated by this Agreement will not result in any breach or violation of, or cause any payment to be made under, any applicable Laws respecting labor and employment or any collective bargaining agreement to which the Company is a party.

(g) Since January 1, 2023, (i) no allegations of workplace sexual harassment, discrimination or other material misconduct have been made, initiated, filed or, to the knowledge of the Company, threatened against the Company or any of its respective current or former directors, officers or senior-level management employees, (ii) to the knowledge of the Company, no incidents of any such workplace sexual harassment, discrimination or other material misconduct have occurred, and (iii) the Company has not entered into any settlement agreement related to allegations of sexual harassment, discrimination or other material misconduct by any of its directors, officers or employees described in clause (i).

2.14 Environmental Matters.

(a) Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect, (i) the Company has conducted its businesses in compliance with all, and has not violated any, applicable Environmental Laws; (ii) the Company has obtained all Permits of all Governmental Bodies and any other Person that are required under any Environmental Law; (iii) there has been no release of any Hazardous Substance by the Company or any other Person in any manner that has given or would reasonably be expected to give rise to any remedial or investigative obligation, corrective action requirement or liability of the Company under applicable Environmental Laws; (iv) the Company has not received any claims, notices, demand letters or requests for information (except for such claims, notices, demand letters or requests for information the subject matter of which has been resolved prior to the date of this Agreement) from any federal, state, local, foreign or provincial Governmental Body or any other Person asserting that the Company is in violation of, or liable under, any Environmental Law; (v) no Hazardous Substance has been disposed of, arranged to be disposed of, released or transported in violation of any applicable

Environmental Law, or in a manner that has given rise to, or that would reasonably be expected to give rise to, any liability under any Environmental Law, in each case, on, at, under or from any current or former properties or facilities owned or operated by the Company or as a result of any operations or activities of the Company at any location and, to the knowledge of the Company, Hazardous Substances are not otherwise present at or about any such properties or facilities in amount or condition that has resulted in or would reasonably be expected to result in liability to the Company under any Environmental Law; and (vi) neither the Company nor any of its respective properties or facilities are subject to, or are threatened to become subject to, any liabilities relating to any suit, settlement, court order, administrative order, regulatory requirement, judgment or claim asserted or arising under any Environmental Law or any agreement relating to environmental liabilities.

(b) As used herein, “**Environmental Law**” means any Law relating to (i) the protection, preservation or restoration of the environment (including air, surface water, groundwater, drinking water supply, surface and subsurface soils and strata, wetlands, plant and animal life or any other natural resource) or (ii) the exposure to, or the use, storage, recycling, treatment, generation, transportation, processing, handling, labeling, production, release or disposal of Hazardous Substances.

(c) As used herein, “**Hazardous Substance**” means any substance listed, defined, designated, classified or regulated as a waste, pollutant or contaminant or as hazardous, toxic, radioactive or dangerous or any other term of similar import under any Environmental Law, including but not limited to petroleum.

2.15 Taxes

(a) The Company and each of its Subsidiaries has (i) timely filed all income and other material Tax Returns required to be filed by or on behalf of it (taking into account any applicable extensions thereof) and all such Tax Returns are true, accurate and complete in all material respects; and (ii) timely paid in full (or caused to be timely paid in full) all material Taxes that are due and payable, whether or not such Taxes were shown as due on such Tax Returns.

(b) All material Taxes not yet due and payable by the Company or any of its Subsidiaries as of the date of the Company Balance Sheet have been, in all material respects, properly accrued in accordance with GAAP on the Company Balance Sheet, and such Company Balance Sheet reflects an adequate reserve (in accordance with GAAP) for all material Taxes accrued but unpaid by the Company and each of its Subsidiaries through the date of the Company Balance Sheet. Since the date of the Company Balance Sheet, neither the Company nor any of its Subsidiaries has incurred, individually or in the aggregate, any liability for Taxes outside the Ordinary Course of Business.

(c) Neither the Company nor any of its Subsidiaries has executed any waiver of any statute of limitations on, or extended the period for the assessment or collection of, any material amount of Tax, in each case that has not since expired.

(d) No material audits or other investigations, proceedings, claims, assessments or examinations by any Governmental Body (each, a “**Tax Action**”) with respect to Taxes or any Tax Return of the Company or any of its Subsidiaries are presently in progress or have been asserted, threatened or proposed in writing, other than any such assertion, threat or proposal that has been settled or withdrawn. No deficiencies or claims for a material amount of Taxes have been claimed, proposed, assessed or asserted in writing against the Company or any of its Subsidiaries by a Governmental Body, other than any such claim, proposal, assessment or assertion that has been satisfied by payment in full, settled or withdrawn.

(e) The Company and each of its Subsidiaries have timely withheld or deducted all material Taxes required to have been withheld or deducted from payments made (or deemed made) to their employees, independent contractors, creditors, shareholders and other third parties and, to the extent required, such material Taxes have been timely paid to the relevant Governmental Body.

(f) Neither the Company nor any of its Subsidiaries has engaged in a “listed transaction” as set forth in Treasury Regulations §1.6011-4(b).

(g) Neither the Company nor any of its Subsidiaries (i) is a party to or bound by, nor has any liability pursuant to, any Tax sharing, allocation, indemnification or similar agreement or obligation, other than any such agreement or obligation which is a customary commercial agreement or obligation entered into in the Ordinary Course of Business with vendors, lessors, lenders or the like the primary purpose of which is not Taxes (each, an “**Ordinary Course Agreement**”); (ii) is or has ever been a member of a group (other than a group the common parent of which is the Company) filing a consolidated, combined, affiliated, unitary or similar income Tax Return; (iii) has any liability for the Taxes of any Person (other than the Company and its Subsidiaries) pursuant to Treasury Regulations § 1.1502-6 (or any similar provision of state, local or non-U.S. Law) as a transferee or successor, by Contract (other than Ordinary Course Agreements) or otherwise by operation of Law; and (iv) is or has ever been treated as a resident for any income Tax purpose, or as subject to Tax by virtue of having a permanent establishment, an office or fixed place of business, in any country other than the country in which it was or is organized.

(h) No private-letter rulings, technical advice memoranda, or similar material agreements or rulings related to Taxes have been requested in writing, entered into or issued by any taxing authority with respect to the Company or any of its Subsidiaries which rulings remain in effect.

(i) Neither the Company nor any of its Subsidiaries will be required to include any material item of income in, or exclude any material item of deduction from, taxable income for any taxable period (or portion thereof) ending after the Closing Date as a result of (i) a change in method of accounting requested or initiated, or use of improper method of accounting, on or prior to the Closing Date, (ii) a “closing agreement” as described in Section 7121 of the Code (or any similar provision of state, local or foreign Tax Law) executed on or prior to the Closing Date, (iii) an installment sale or open-transaction disposition made on or prior to the Closing Date, (iv) any deferred intercompany gain or excess-loss account described in Treasury Regulations under Section 1502 of the Code (or any corresponding or similar provision of state, local or foreign income Tax Law), (v) an election under Section 965 of the Code, or (vi) the application of Section 951 or 951A of the Code with respect to income earned or recognized or payments received prior to the Closing.

(j) There are no Encumbrances for Taxes upon any of the assets of the Company or any of its Subsidiaries other than Encumbrances described in clause (i) of the definition of Permitted Encumbrances.

(k) Neither the Company nor any of its Subsidiaries has distributed stock of another Person or has had its stock distributed by another Person, in a transaction (or series of transactions) that was purported or intended to be governed in whole or in part by Section 355 or 361 of the Code.

(l) Neither the Company nor any of its Subsidiaries has been a United States real property holding corporation, as defined in Section 897(c)(2) of the Code, during the applicable period specified in Section 897(c)(1)(A)(ii) of the Code.

(m) No material claim has been made in writing by any Governmental Body in a jurisdiction where the Company or any of its Subsidiaries has not paid a specific Tax or filed a specific Tax Return that the Company or any of its Subsidiaries is or may be required to pay such Tax or file such Tax Return by such jurisdiction.

(n) Section 2.15(n) of the Company Disclosure Schedule sets forth the entity classification of the Company and each of its Subsidiaries for U.S. federal income tax purposes. Neither the Company nor any of its Subsidiaries has made an election or taken any other action to change its federal and state income tax classification from such classification.

(o) To the Company's knowledge, the Company has not been, is not, and immediately prior to the Effective Time will not be, treated as an "investment company" within the meaning of Section 368(a)(2)(F) of the Code.

(p) Neither the Company nor any of its Subsidiaries has taken any action (or agreed to take any action) nor does it know of any fact or circumstance that would reasonably be expected to prevent or impede the Merger from qualifying for the Intended Tax Treatment.

2.16 Contracts

(a) Section 2.16(a) of the Company Disclosure Schedule lists the following Contracts (other than Company Benefit Plans and Excepted Contracts): (a) to which the Company is a party; (b) by which the Company or any Intellectual Property owned or purported to be owned by, assigned to, or exclusively licensed by, the Company or any other asset of the Company is or may become bound or under which the Company has, or may become subject to, any obligation; or (c) under which the Company has or may acquire any right or interest, in effect as of the date of this Agreement (all such Contracts, "**Company Material Contracts**");

(i) each Contract relating to the disposition or acquisition of material assets or any ownership interest in any entity, except as contemplated hereby, in each case, involving payments in excess of \$500,000 after the date of this Agreement;

(ii) each Contract relating to any mortgages, indentures, loans, notes or credit agreements, security agreements or other agreements or instruments relating to the borrowing of money or extension of credit in excess of \$500,000 or creating any material Encumbrances with respect to any assets of the Company or any loans or debt obligations with officers or directors of the Company;

(iii) each Contract requiring payment by or to the Company after the date of this Agreement in excess of \$500,000 in the aggregate in the current calendar year or any future calendar year pursuant to its express terms relating to: (A) any agreement under which a third party is granted rights related to the sale or distribution of any Company Product (identifying any that contain exclusivity provisions); (B) any agreement (other than a Company Benefit Plan) involving provision of services with respect to any pre-clinical or clinical development activities of the Company; (C) any dealer, distributor, joint marketing, alliance, joint venture, cooperation, or other agreement currently in force under which the Company has continuing obligations to develop or market any product, technology or service, or any agreement pursuant to which the Company has continuing obligations to develop any Intellectual Property that will not be owned, in whole or in part, by the Company; or (D) any Contract under which any third party provides any services relating to the manufacture (in whole or in part) of any Company Product, in each case, except for Contracts entered into in the Ordinary Course of Business;

(iv) each Company In-bound License;

(v) each Company Out-bound License;

(vi) each Contract requiring the payment of any royalty, dividend or similar arrangement based on the revenues or profits of the Company;

(vii) any other Contract that is not terminable at will (with no explicit termination penalty) by the Company and which involves payment or receipt by the Company after the date of this Agreement under any such Contract of more than \$500,000 in the aggregate, or obligations after the date of this Agreement in excess of \$500,000 in the aggregate; and

(viii) other than any Contract identified in Section 2.16(a)(i)-(vii), each Contract that would constitute a "material contract" (as such term is defined in Item 601(b)(10) of Regulation S-K under the

Securities Act), with respect to the Company (assuming the Company was subject to the requirements of the Exchange Act).

(b) (i) Each Company Material Contract is valid and binding on the Company and to the knowledge of the Company, each other party thereto, and is in full force and effect and enforceable in accordance with its terms; (ii) the Company, and, to the knowledge of the Company, each other party thereto, has performed all material obligations required to be performed by it under each Company Material Contract; and (iii) there is no material default under any Company Material Contract by the Company or, to the knowledge of the Company, any other party thereto, and no event or condition has occurred that constitutes, or, after notice or lapse of time or both, would constitute, a material default on the part of the Company or, to the knowledge of the Company, any other party thereto under any such Company Material Contract, nor has the Company received written notice of any such material default, event or condition. The Company has made available to Parent true and complete copies of all Company Material Contracts, including all amendments thereto.

2.17 Insurance. The Company is covered by valid and currently effective insurance policies issued in favor of the Company that are customary and adequate for companies of similar size in the industries and locations in which the Company operates. Section 2.17 of the Company Disclosure Schedule sets forth, as of the date hereof, a true and complete list of all material insurance policies issued in favor of the Company, or pursuant to which the Company is a named insured or otherwise a beneficiary, as well as any historic incurrence-based policies still in force. With respect to each such insurance policy, (a) such policy is in full force and effect and all premiums due thereon have been paid, (b) the Company is not in breach or default, and has not taken any action or failed to take any action which (with or without notice or lapse of time, or both) would constitute such a breach or default, or would permit termination or modification of, any such policy and (c) to the knowledge of the Company, no insurer issuing any such policy has been declared insolvent or placed in receivership, conservatorship or liquidation. No notice of cancellation or termination has been received with respect to any such policy, nor, to the knowledge of the Company, will any such cancellation or termination result from the consummation of the Contemplated Transactions.

2.18 Properties.

(a) The Company has good and valid title to, or in the case of leased property and leased tangible assets, a valid leasehold interest in, all of its real properties and tangible assets that are necessary for the Company to conduct its business as currently conducted, free and clear of all Encumbrances other than: (i) Encumbrances for current Taxes and assessments not yet past due or the amount or validity of which is being contested in good faith by appropriate proceedings; (ii) minor liens that have arisen in the Ordinary Course of Business and that do not (in any case or in the aggregate) materially detract from the value of the assets or properties subject thereto or materially impair the operations of the Company; (iii) statutory liens to secure obligations to landlords, lessors or renters under leases or rental agreements; (iv) deposits or pledges made in connection with, or to secure payment of, workers' compensation, unemployment insurance or similar programs mandated by Law; (v) mechanics', workmen's, repairmen's, warehousemen's and carriers' Encumbrances arising in the Ordinary Course of Business; (vi) non-exclusive licenses of rights to Intellectual Property granted in the Ordinary Course of Business, which do not (in any case or in the aggregate) materially detract from the value of the rights to Intellectual Property subject thereto; and (vii) any such matters of record, Encumbrances and other imperfections of title that do not, individually or in the aggregate, materially impair the continued ownership, use and operation of the assets to which they relate in the business of the Company as currently conducted ("**Permitted Encumbrances**"). Except as has not had and would not reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect on the Company, the tangible personal property currently used in the operation of the business of the Company is in good working order (reasonable wear and tear excepted).

(b) The Company has complied with the terms of all leases to which it is a party, and all such leases are in full force and effect, except for any such noncompliance or failure to be in full force and effect that,

individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect. The Company enjoys peaceful and undisturbed possession under all such leases, except for any such failure to do so that, individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect.

(c) Section 2.18(c) of the Company Disclosure Schedule sets forth a true and complete list of (i) all real property owned by the Company and (ii) all real property leased for the benefit of the Company.

(d) This Section 2.18 does not relate to intellectual property, which is the subject of Section 2.19.

2.19 Intellectual Property.

(a) Section 2.19(a) of the Company Disclosure Schedule sets forth a true and complete list of all (i) material patents and patent applications; (ii) material trademark registrations and applications; and (iii) material copyright registrations and applications, in each case owned by the Company (collectively, “**Company Registered IP**”), and a true and complete list of all domain names owned or exclusively licensed by the Company. Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect (A) all of the Company Registered IP is subsisting and, in the case of any Company Registered IP that is registered or issued and to the knowledge of the Company, valid and enforceable, (B) no Company Registered IP is involved in any interference, reissue, derivation, reexamination, opposition, cancellation or similar proceeding and, to the knowledge of the Company, no such action is threatened with respect to any of the Company Registered IP and (C) the Company owns exclusively, free and clear of any and all Encumbrances (other than Permitted Encumbrances), all Company Owned IP, including all Intellectual Property created on behalf of the Company by its employees or independent contractors.

(b) Section 2.19(b) of the Company Disclosure Schedule accurately identifies all Contracts pursuant to which any material Intellectual Property is licensed to the Company by any third party or any third party has granted to the Company a covenant not to sue with respect to any material Intellectual Property (other than (i) any non-customized software that (A) is so licensed solely in executable or object code form pursuant to a nonexclusive, internal-use software license and other Intellectual Property associated with such software and (B) is not incorporated into any of the Company’s products, (ii) any Intellectual Property licensed on a nonexclusive basis where the license is incidental to the primary purpose of the relevant Contract or the provision of services to the Company, (iii) any material transfer agreements, research agreements, clinical trial agreements, services agreements, non-disclosure agreements or confidentiality agreements, or off the-shelf software licenses or generally-available patent license agreements and (iv) agreements between Company and its employees in Company’s standard form thereof) (each a “**Company In-bound License**,” and the underlying Intellectual Property, the “**Company Licensed IP**”).

(c) Section 2.19(c) of the Company Disclosure Schedule accurately identifies each Contract pursuant to which any Person has been granted any license or covenant not to sue under, any Company Owned IP or Company Licensed IP (other than (i) any material transfer agreements, research agreements, clinical trial agreements, services agreements, non-disclosure agreements or confidentiality agreements and (ii) any Company Owned IP or Company Licensed IP nonexclusively licensed in the Ordinary Course of Business and that does not grant any commercial rights to any Company Product) (each a “**Company Out-bound License**”).

(d) To the knowledge of the Company, the Company Owned IP and the Company Licensed IP constitutes all Intellectual Property necessary for Company to conduct its business as currently conducted; *provided, however*, that the foregoing representation is not a representation with respect to non-infringement of Intellectual Property.

(e) The Company has taken commercially reasonable measures to maintain the confidentiality of all information that constitutes or constitute a material trade secret of the Company, including requiring all

Persons having access thereto to execute written non-disclosure agreements or assume other binding obligations to maintain confidentiality of such information.

(f) Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect, (i) to the knowledge of the Company, the conduct of the businesses of the Company, including the manufacture, marketing, offering for sale, sale, importation, use or intended use (as currently contemplated) or other disposal of any product as currently sold or under development by the Company, has not infringed, misappropriated or diluted, and does not infringe, misappropriate or dilute, any Intellectual Property of any Person, (ii) the Company has not received any written notice or claim asserting or suggesting that any such infringement, misappropriation, or dilution is or may be occurring or has or may have occurred and (iii) to the knowledge of the Company, no Person is infringing, misappropriating, or diluting in any material respect any Company Registered IP or Company Licensed IP.

(g) Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect, (i) the Company has taken commercially reasonable steps to protect the confidentiality and security of the computer and information technology systems owned, licensed and used by the Company (the “**IT Systems**”) and the information and transactions stored or contained therein or transmitted thereby, (ii) to the knowledge of the Company, since January 1, 2023, there has been no unauthorized use, loss, access, transmittal, modification or corruption of any such IT Systems and (iii) since January 1, 2023, there have been no material failures, crashes, viruses, or security breaches (including any unauthorized access to any personally identifiable information) affecting the IT Systems.

(h) Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Company Material Adverse Effect, (i) to the knowledge of the Company, the Company has at all times since January 1, 2023, complied in all material respects with all applicable Laws governing privacy, data protection, and the collection, retention, protection, and use of Personal Information (collectively, “**Privacy Laws**”) collected, used, or held for use by the Company, (ii) since January 1, 2023, no claims have been received by the Company or, to the knowledge of the Company, threatened in writing against the Company alleging the Company violated any applicable Privacy Laws, (iii) neither the Company’s performance of this Agreement nor the Company’s consummation of the Contemplated Transactions will breach or otherwise violate any applicable Privacy Laws and (iv) the Company has taken commercially reasonable steps to protect the Personal Information collected, used or held for use by the Company against unauthorized loss, access, use, modification, disclosure or other misuse.

(i) To the knowledge of the Company, no government funding, facilities or resources of a university, college, other educational institution or research center or funding from third parties was used in the development of the Company Owned IP or, to the knowledge of the Company, Company Licensed IP exclusively licensed to the Company, and no Governmental Body, university, college, other educational institution or research center has, to the knowledge of the Company, any claim or right in or to such Intellectual Property.

(j) The execution, delivery and performance by the Company of this Agreement, and the consummation of the Contemplated Transactions, will not result in the loss of, or give rise to any right of any third party to terminate or modify any of the Company’s rights or obligations under any Company In-bound License or Company Out-bound License.

2.20 State Takeover Statutes. As of the date hereof and at all times on or prior to the Effective Time, the Company Board has taken all actions so that the restrictions applicable to business combinations contained in Section 203 of the DGCL are, and will be, inapplicable to the execution, delivery and performance of this Agreement and the timely consummation of the Merger and the other Contemplated Transactions and will not restrict, impair or delay the ability of Parent or Merger Sub, after the Effective Time, to vote or otherwise exercise all rights as a stockholder of the Company. No other Takeover Statute or any similar anti-takeover provision in the Company Charter or Company Bylaws is, or at the Effective Time will be, applicable to this Agreement, the Merger or any of the other Contemplated Transactions.

2.21 No Rights Plan. There is no stockholder rights plan, “poison pill” anti-takeover plan or other similar device in effect to which the Company is a party or is otherwise bound.

2.22 Related Party Transactions. Since January 1, 2023 through the date of this Agreement, there have been no transactions, agreements, arrangements or understandings between the Company, on the one hand, and the affiliates of the Company, on the other hand, that would be required to be disclosed under Item 404 of Regulation S-K under the Securities Act (assuming the Company was subject to the requirements of the Exchange Act).

2.23 Certain Payments. Neither the Company nor any of its respective directors, officers, employees or, to the Company’s knowledge, agents or any other Person acting on its behalf has, directly or indirectly, made any bribes, rebates, payoffs, influence payments, kickbacks, illegal payments, illegal political contributions, or other payments, in the form of cash, gifts, or otherwise, or taken any other action, in violation of the Foreign Corrupt Practices Act of 1977, the UK Bribery Act of 2010 or any other anti-bribery or anti-corruption Law (collectively, the “*Anti-Bribery Laws*”). The Company is not, nor has it been the subject of any investigation or inquiry by any Governmental Body with respect to potential violations of Anti-Bribery Laws.

2.24 Brokers. No broker, investment banker, financial advisor or other Person, other than as set forth on Section 2.24 of the Company Disclosure Schedule, the fees and expenses of which will be paid by the Company or, following the Effective Time, Parent, is entitled to any broker’s, finder’s, financial advisor’s or other similar fee or commission in connection with the Contemplated Transactions based upon arrangements made by or on behalf of the Company or any of its Affiliates.

2.25 Concurrent Financing Compliance.

(a) The Company has delivered to Parent true, correct and complete copies of all definitive agreements related to the Concurrent Financing, including the Subscription Agreement, pursuant to which the Purchasers (as defined in the Subscription Agreement) party thereto (collectively, the “*Purchasers*”) have agreed, subject to the terms and conditions set forth therein, to purchase the number of shares of Company Class A Common Stock set forth therein in connection with the Contemplated Transactions. The Subscription Agreement has not been amended or modified prior to the date of this Agreement and as of the date hereof, no such amendment or modification is contemplated (other than amendments or modifications that are permitted by Section 5.23), and as of the date hereof, the respective obligations and commitments contained in the Subscription Agreement have not been withdrawn or rescinded in any respect.

(b) As of the date hereof, the Subscription Agreement is in full force and effect and is the legal, valid, binding and enforceable obligation of the Company, and, to the knowledge of the Company, each of the Purchasers. There are no conditions precedent or other contingencies related to the funding of the full amount of the Concurrent Financing, other than as expressly set forth in the Subscription Agreement. As of the date hereof, no event has occurred which, with or without notice, lapse of time or both, would reasonably be expected to constitute a default or breach on the part of the Company or, to the knowledge of the Company, any Purchaser under the Subscription Agreement. As of the date hereof, the Company has no reason to believe that any of the conditions to the Concurrent Financing as contemplated by the Subscription Agreement will not be satisfied.

2.26 No Other Representations or Warranties. Except for the representations and warranties contained in Section 3, the Company acknowledges and agrees that none of Parent, Merger Sub or any other Person on behalf of Parent or Merger Sub makes any other express or implied representation or warranty whatsoever, and specifically (but without limiting the generality of the foregoing) that none of Parent, its Subsidiaries or any other Person on behalf of Parent or Merger Sub makes any representation or warranty with respect to any projections or forecasts delivered or made available to the Company or any of its Representatives of future revenues, results of operations (or any component thereof), cash flows or financial condition (or any component thereof) of Parent (including any such projections or forecasts made available to the Company and Representatives in certain “data

rooms” or management presentations in expectation of the Contemplated Transactions), and the Company has not relied on any such information or any representation or warranty not set forth in [Section 3](#).

Section 3. REPRESENTATIONS AND WARRANTIES OF PARENT AND MERGER SUB

Except (a) as disclosed in the Parent SEC Documents at least three Business Days prior to the date of this Agreement and that is reasonably apparent on the face of such disclosure to be applicable to the representation and warranty set forth herein (other than any disclosures contained or referenced therein under the captions “Risk Factors,” “Forward-Looking Statements,” “Quantitative and Qualitative Disclosures About Market Risk,” and any other disclosures contained or referenced therein of information, factors, or risks that are predictive, cautionary, or forward-looking in nature); or (b) as set forth in the corresponding section or subsection of the disclosure schedule delivered by Parent to the Company immediately prior to the execution of this Agreement (the “*Parent Disclosure Schedule*”) (it being agreed that (i) the disclosure of any information in a particular section or subsection of the Parent Disclosure Schedule shall be deemed disclosure of such information with respect to any other section or subsection of this Agreement to which the relevance of such information is readily apparent on its face and (ii) where applicable, references to Parent in this [Section 3](#) shall include Parent’s Subsidiaries), each of Parent and the Merger Sub represents and warrants to the Company as follows:

3.1 [Organization, Standing and Power](#)

(a) Each of Parent and Merger Sub is a corporation duly incorporated, validly existing and in good standing under the Laws of Delaware. Each of Parent and Merger Sub (i) has all requisite corporate power and authority to own, lease and operate its properties and to carry on its business as now being conducted and (ii) is duly qualified or licensed to do business and is in good standing in each jurisdiction in which the nature of its business or the ownership, leasing or operation of its properties makes such qualification or licensing necessary, except in the case of clause (ii), where the failure to be so qualified or licensed or in good standing, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect. Since the date of its incorporation, Merger Sub has not engaged in any activities other than activities incident to its formation or in connection with or as contemplated by this Agreement.

(b) Parent has previously made available to the Company true and complete copies of the Certificate of Incorporation and Bylaws (or comparable organizational documents) of each of Parent and Merger Sub, and the Certificate of Incorporation and Bylaws (or comparable organizational documents) of each other Subsidiary of Parent, in each case, as amended to the date of this Agreement, and each as so delivered is in full force and effect. None of Parent or Merger Sub is in violation in any material respects of any provision of its respective Certificate of Incorporation or Bylaws (or comparable organizational documents).

3.2 [Capital Stock](#)

(a) The authorized capital stock of Parent consists of (i) 200,000,000 shares of Parent Common Stock and (ii) 50,000,000 shares of Parent Preferred Stock. As of the close of business on the Reference Date, (i) 5,300,039 shares of Parent Common Stock (excluding treasury shares) were issued and outstanding, (ii) no shares of Parent Common Stock were held by Parent in its treasury, (iii) no shares of Parent Preferred Stock were issued and outstanding, (iv) 1,505,021 shares of Parent Common Stock were reserved for issuance pursuant to Parent’s 2021 Equity Incentive Plan (of which (x) 637,921 shares were subject to outstanding options to purchase shares of Parent Common Stock, (y) no shares were subject to outstanding restricted stock awards of Parent and (z) 32,769 shares were subject to outstanding restricted stock units of Parent), (v) 94,281 shares of Parent Common Stock were reserved for issuance pursuant to Parent’s 2021 Employee Stock Purchase Plan and (vi) 416,673 shares of Parent Common Stock were reserved for issuance upon the exercise of the Pre-Funded Warrants. Except as set forth above in this [Section 3.2\(a\)](#), neither Parent nor any of its Subsidiaries has outstanding any bonds, debentures, notes or other obligations having the right to vote (or convertible into, or exchangeable or exercisable for, securities having the right to vote) with the stockholders of Parent or such Subsidiary on any

matter. Except as set forth above in this [Section 3.2\(a\)](#) and except for changes since the close of business on the Reference Date resulting from the exercise of any options as described above, as of the Reference Date, there are no outstanding (A) shares of capital stock or other voting securities or equity interests of Parent, (B) securities of Parent or any of its Subsidiaries convertible into or exchangeable or exercisable for shares of capital stock of Parent or other voting securities or equity interests of Parent or its Subsidiaries, (C) stock appreciation rights, “phantom” stock rights, performance units, interests in or rights to the ownership or earnings of Parent or its Subsidiaries or other equity-equivalent or equity-based awards or rights, (D) subscriptions, options, warrants, calls, commitments, Contracts or other rights to acquire from Parent or its Subsidiaries, or obligations of Parent or any of its Subsidiaries to issue, any shares of capital stock of Parent or any of its Subsidiaries, voting securities, equity interests or securities convertible into or exchangeable or exercisable for capital stock or other voting securities or equity interests of Parent or its Subsidiaries or rights or interests described in the preceding clause (C), or (E) obligations of Parent or any of its Subsidiaries to repurchase, redeem or otherwise acquire any such securities or to issue, grant, deliver or sell, or cause to be issued, granted, delivered or sold, any such securities.

(b) [Section 3.2\(b\)](#) of the Parent Disclosure Schedule sets forth a true and complete list, as of the date hereof, of all holders of rights to purchase or receive shares of Parent Common Stock or similar rights (collectively, “**Parent Stock Awards**”), indicating as applicable, with respect to each Parent Stock Award then outstanding, the type of award (e.g., incentive stock option, non-statutory stock option, restricted stock unit, etc.), the number of shares of Parent Common Stock subject to such Parent Stock Award, the name of the plan under which such Parent Stock Award was granted, the date of grant, exercise or purchase price, vesting schedule, payment schedule (if different from the vesting schedule) and expiration thereof. Parent has made available to the Company a true and complete copy of the forms of all award agreements evidencing outstanding Parent Stock Awards. Parent does not sponsor, maintain or administer any employee or director stock option, stock purchase or equity compensation plan or arrangement other than the Parent Benefit Plans. Parent is under no obligation to issue shares of Parent Common Stock pursuant to any employee or director stock option, stock purchase or equity compensation plan or arrangement.

(c) The authorized capital stock of Merger Sub consists of 1,000 shares of common stock, par value \$0.001 per share, of which 100 shares are issued and outstanding, all of which shares are beneficially owned by Parent.

(d) The shares of Parent Common Stock to be issued pursuant to the Merger will be duly authorized, validly issued, fully paid and nonassessable and not subject to any preemptive rights.

(e) To the knowledge of Parent as of the date of this Agreement and as of the Closing, no “bad actor” disqualifying event described in Rule 506(d)(1)(i)-(viii) of the Securities Act (a “**Disqualifying Event**”) is applicable to Parent or, to Parent’s knowledge, any Covered Person, except for a Disqualifying Event as to which Rule 506(d)(2)(ii-iv) or (d)(3) of the Securities Act is applicable. “**Covered Person**” means, with respect to Parent as an “issuer” for purposes of Rule 506 promulgated under the Securities Act, any person listed in the first paragraph of Rule 506(d)(1).

3.3 Subsidiaries. [Section 3.3](#) of the Parent Disclosure Schedule sets forth a true and complete list of each Subsidiary of Parent, including its jurisdiction of incorporation or formation. Each of Parent’s Subsidiaries (a) is an entity duly organized, validly existing and in good standing under the Laws of the jurisdiction of its organization, (b) has all requisite corporate or similar power and authority to own, lease and operate its properties and to carry on its business as now being conducted and (c) is duly qualified or licensed to do business and is in good standing in each jurisdiction in which the nature of its business or the ownership, leasing or operation of its properties makes such qualification or licensing necessary, except in the case of clause (c), where the failure to be so qualified or licensed or in good standing, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect. All outstanding shares of capital stock and other voting securities or equity interests of each such Subsidiary are owned, directly or indirectly, by Parent,

free and clear of all Encumbrances other than Permitted Encumbrances of Parent and its Subsidiaries. Except for the capital stock of, or other equity or voting interests in, its Subsidiaries, Parent does not own, directly or indirectly, any equity, membership interest, partnership interest, joint venture interest, or other equity or voting interest in, or any interest convertible into, exercisable or exchangeable for any of the foregoing, nor is it under any current or prospective obligation to form or participate in, provide funds to, make any loan, capital contribution, guarantee, credit enhancement or other investment in, or assume any liability or obligation of, any Person. Neither Parent nor any of its Subsidiaries has, at any time, been a general partner of, or has otherwise been liable for any of the debts or other obligations of, any general partnership, limited partnership or other Entity.

3.4 Authority.

(a) Each of Parent and Merger Sub has all necessary corporate power and authority to execute, deliver and perform its obligations under this Agreement and, subject to the receipt of the Required Parent Stockholder Vote, to consummate the Merger and the other Contemplated Transactions. The execution, delivery and performance of this Agreement by Parent and Merger Sub and the consummation by Parent and Merger Sub of the Merger and the other Contemplated Transactions have been duly authorized by all necessary corporate action on the part of Parent and Merger Sub and no other corporate proceedings on the part of Parent or Merger Sub are necessary to approve this Agreement or to consummate the Merger and the other Contemplated Transactions subject to (i) with respect to Parent, receipt of the Required Parent Stockholder Vote and (ii) with respect to Merger Sub, the adoption of this Agreement by Parent in its capacity as sole stockholder of Merger Sub. This Agreement has been duly executed and delivered by Parent and Merger Sub and, assuming the due authorization, execution and delivery by the Company, constitutes a valid and binding obligation of each of Parent and Merger Sub, enforceable against each of Parent and Merger Sub in accordance with its terms (subject to the Enforceability Exceptions).

(b) The Parent Board, at a meeting duly called and held at which all directors of Parent were present, duly adopted resolutions (i) determining that the terms of this Agreement, the Merger and the other Contemplated Transactions and thereby are fair to, advisable and in the best interests of Parent and its stockholders, (ii) approving and declaring advisable this Agreement and the Contemplated Transactions, including the Merger and the issuance of shares of Parent Common Stock to the stockholders of the Company pursuant to the terms of this Agreement, and (iii) determining to recommend, upon the terms and subject to the conditions set forth in this Agreement, that the stockholders of Parent vote to approve the Parent Stockholder Matters, which resolutions have not been subsequently rescinded, modified or withdrawn in any way. The Merger Sub Board (by unanimous written consent) has: (x) determined that the Contemplated Transactions are fair to, advisable and in the best interests of Merger Sub and its sole stockholder, (y) deemed advisable and approved this Agreement and the Contemplated Transactions and (z) determined to recommend, upon the terms and subject to the conditions set forth in this Agreement, that the stockholder of Merger Sub vote to adopt this Agreement and thereby approve the Contemplated Transactions.

(c) The affirmative vote of a majority of the votes cast is the only vote of the holders of any class or series of Parent Capital Stock necessary to approve the Parent Stockholder Matters (the “**Required Parent Stockholder Vote**”).

3.5 No Conflict: Consents and Approvals.

(a) Subject to obtaining the Required Parent Stockholder Vote, the execution, delivery and performance of this Agreement by each of Parent and Merger Sub does not, and the consummation of the Merger and the other Contemplated Transactions and compliance by each of Parent and Merger Sub with the provisions hereof will not, contravene, conflict with, or result in any violation or breach of, or default (with or without notice or lapse of time, or both) under, or give rise to a right of, or result in, termination, cancellation, modification or acceleration of any obligation or to the loss of a benefit under, or result in the creation of any

Encumbrance in or upon any of the properties, assets or rights of Parent or Merger Sub under, or give rise to any increased, additional, accelerated or guaranteed rights or entitlements under, or require any consent, waiver or approval of any Person pursuant to, any provision of (i) the Certificate of Incorporation or Bylaws of Parent or Merger Sub and (ii) any Parent Material Contract to which Parent or Merger Sub is a party by which Parent, Merger Sub or any of their respective properties or assets may be bound, or (iii) subject to the governmental filings and other matters referred to in [Section 3.5\(b\)](#), any material Law or any rule or regulation of Nasdaq applicable to Parent or Merger Sub or by which Parent, Merger Sub or any of their respective properties or assets may be bound, except as, in the case of clauses (ii) and (iii), as individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect.

(b) No consent, approval, order or authorization of, or registration, declaration, filing with or notice to, any Governmental Body is required by or with respect to Parent or Merger Sub in connection with the execution, delivery and performance of this Agreement by Parent or Merger Sub or the consummation by Parent or Merger Sub of the Merger and the other Contemplated Transactions or compliance with the provisions hereof, except for (i) the filing with the SEC of such reports under Section 13(a) or 15(d) of the Exchange Act, as may be required in connection with this Agreement and the Contemplated Transactions, (ii) such other filings and reports as may be required pursuant to the applicable requirements of the Securities Act, the Exchange Act and any other applicable state or federal securities, takeover and “blue sky” laws or Nasdaq, (iii) the filing of the Certificate of Merger with the Delaware Secretary of State as required by the DGCL, (iv) as may be required under applicable Antitrust Laws and (v) such other consents, approvals, orders, authorizations, registrations, declarations, filings or notices, the failure of which to be obtained or made, individual or in the aggregate, have not had and would not reasonably be expected to have a Parent Material Adverse Effect.

(c) The Parent Board and the Merger Sub board have taken and will take all actions necessary to ensure that the restrictions applicable to business combinations contained in Section 203 of the DGCL are, and will be, inapplicable to the execution, delivery and performance of this Agreement and to the consummation of the Contemplated Transactions. No other state takeover statute or similar Law applies or purports to apply to the Merger, this Agreement or any of the other Contemplated Transactions.

3.6 SEC Reports: Financial Statements.

(a) Parent has filed with or furnished to the SEC on a timely basis true and complete copies of all forms, reports, schedules, statements and other documents required to be filed with or furnished to the SEC by Parent since January 1, 2023 (all such documents, together with all exhibits and schedules to the foregoing materials and all information incorporated therein by reference, the “**Parent SEC Documents**”). As of their respective filing dates (or, if amended or superseded by a filing prior to the date of this Agreement, then on the date of such filing), the Parent SEC Documents complied in all material respects with the applicable requirements of the Securities Act, the Exchange Act and the Sarbanes-Oxley Act, as the case may be, including, in each case, the rules and regulations promulgated thereunder, and none of the Parent SEC Documents contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. The certifications and statements required by (i) Rule 13a-14 under the Exchange Act and (ii) 18 U.S.C. §1350 (Section 906 of the Sarbanes-Oxley Act) relating to the Parent SEC Documents (collectively, the “**Certifications**”) are accurate and complete and comply as to form and content with all applicable Laws. As used in this [Section 3.6](#), the term “file” and variations thereof shall be broadly construed to include any manner in which a document or information is furnished, supplied or otherwise made available to the SEC.

(b) The financial statements (including the related notes and schedules thereto) included (or incorporated by reference) in the Parent SEC Documents (i) were prepared in a manner consistent with the books and records of Parent and its Subsidiary, (ii) were prepared in accordance with GAAP (except, in the case of unaudited statements, as permitted by Form 10-Q of the SEC) applied on a consistent basis during the periods involved (except as may be indicated in the notes thereto), (iii) complied as to form in all material respects with

applicable accounting requirements and the published rules and regulations of the SEC with respect thereto and (iv) fairly present in all material respects the consolidated financial position of Parent and its Subsidiaries as of the dates thereof and their respective consolidated results of operations and cash flows for the periods then ended (subject, in the case of unaudited statements, to normal and recurring year-end audit adjustments that were not, or are not expected to be, material in amount), all in accordance with GAAP and the applicable rules and regulations promulgated by the SEC. Since January 1, 2023, Parent has not made any change in the accounting practices or policies applied in the preparation of its financial statements, except as required by GAAP, SEC rule or policy or applicable Law. The books and records of Parent and its Subsidiaries have been, and are being, maintained in all material respects in accordance with GAAP (to the extent applicable) and any other applicable legal and accounting requirements and reflect only actual transactions.

(c) Parent has established and maintains disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Such disclosure controls and procedures are designed to ensure that information relating to Parent, including its consolidated Subsidiaries, required to be disclosed in Parent's periodic and current reports under the Exchange Act, is made known to Parent's chief executive officer and its chief financial officer by others within those entities to allow timely decisions regarding required disclosures as required under the Exchange Act. The chief executive officer and chief financial officer of Parent have evaluated the effectiveness of Parent's disclosure controls and procedures and, to the extent required by applicable Law, presented in any applicable Parent SEC Document that is a report on Form 10-K or Form 10-Q, or any amendment thereto, its conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by such report or amendment based on such evaluation.

(d) Parent and its Subsidiaries have established and maintain a system of internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) which is effective in providing reasonable assurance regarding the reliability of Parent's financial reporting and the preparation of Parent's financial statements for external purposes in accordance with GAAP. Parent has disclosed, based on its most recent evaluation of Parent's internal control over financial reporting prior to the date hereof, to Parent's auditors and audit committee (i) any significant deficiencies and material weaknesses in the design or operation of Parent's internal control over financial reporting which are reasonably likely to adversely affect Parent's ability to record, process, summarize and report financial information and (ii) any fraud, whether or not material, that involves management or other employees who have a significant role in Parent's internal control over financial reporting. A true, correct and complete summary of any such disclosures made by management to Parent's auditors and audit committee is set forth as Section 3.6(d) of Parent Disclosure Schedule. Parent's internal control over financial reporting is effective at the reasonable assurance level and Parent has not identified any material weaknesses in the design or operation of Parent's internal control over financial reporting.

(e) Since January 1, 2023 through the date of this Agreement, (i) neither Parent nor any of its Subsidiaries nor, to the knowledge of Parent, any director, officer, employee, auditor, accountant or representative of the Parent or any of its Subsidiaries has received or otherwise had or obtained knowledge of any material complaint, allegation, assertion or claim, whether written or oral, regarding the accounting or auditing practices, procedures, methodologies or methods of Parent or any of its Subsidiaries or their respective internal accounting controls, including any material complaint, allegation, assertion or claim that Parent or any of its Subsidiaries has engaged in questionable accounting or auditing practices and (ii) no attorney representing Parent or any of its Subsidiaries, whether or not employed by Parent or any of its Subsidiaries, has reported evidence of a material violation of securities Laws, breach of fiduciary duty or similar violation by Parent or any of its Subsidiaries or any of their respective officers, directors, employees or agents to the Parent Board or any committee thereof or to any director or officer of Parent or any of its Subsidiaries.

(f) As of the date of this Agreement, there are no outstanding or unresolved comments in the comment letters received from the SEC staff with respect to the Parent SEC Documents. To the knowledge of Parent, as of the date of this Agreement, none of the Parent SEC Documents is subject to ongoing review or outstanding SEC comment or investigation. As of the date of this Agreement, Parent has not received any

comment letter from the SEC or the staff thereof or any correspondence from Nasdaq or the staff thereof relating to the delisting or maintenance of listing of the Parent Common Stock on Nasdaq that has not previously been disclosed in the Parent SEC Documents.

(g) Neither Parent nor any of its Subsidiaries is a party to, or has any commitment to become a party to, any joint venture, off-balance sheet partnership or any similar Contract (including any Contract or arrangement relating to any transaction or relationship between or among Parent and any of its Subsidiaries, on the one hand, and any unconsolidated Affiliate, including any structured finance, special-purpose or limited-purpose entity or Person, on the other hand, or any “off balance sheet arrangements” (as defined in Item 303(a) of Regulation S-K under the Exchange Act)), where the result, purpose or intended effect of such Contract is to avoid disclosure of any material transaction involving, or material liabilities of, Parent or any of its Subsidiaries in Parent’s or such Subsidiary’s published financial statements or other Parent SEC Documents.

(h) Parent is in compliance in all material respects with (i) the provisions of the Sarbanes-Oxley Act and (ii) the rules and regulations of Nasdaq, in each case, that are applicable to Parent.

(i) No Subsidiary of Parent is required to file any form, report, schedule, statement or other document with the SEC.

(j) Parent has not been and is not currently a “shell company” as defined under Section 12b-2 of the Exchange Act.

(k) Parent is, and since its first date of listing on Nasdaq has been, in compliance in all material respects with the applicable current listing and governance rules and regulations of Nasdaq.

(l) Parent’s auditor has at all times since the date of enactment of the Sarbanes-Oxley Act been: (i) a registered public accounting firm (as defined in Section 2(a)(12) of the Sarbanes-Oxley Act), (ii) to the knowledge of Parent, “independent” with respect to Parent within the meaning of Regulation S-X under the Exchange Act and (iii) to the knowledge of Parent, in compliance with subsections (g) through (l) of Section 10A of the Exchange Act and the rules and regulations promulgated by the SEC and the Public Company Accounting Oversight Board thereunder.

3.7 No Undisclosed Liabilities. As of the date hereof, neither Parent nor any of its Subsidiaries has any liabilities or obligations of any nature, whether accrued, absolute, contingent or otherwise, known or unknown, whether due or to become due and whether or not required to be recorded or reflected on a balance sheet under GAAP, except (a) to the extent accrued or reserved against in the audited consolidated balance sheet of Parent and its Subsidiaries as at December 31, 2025 included in the Annual Report on Form 10-K filed by Parent with the SEC on March 16, 2026 (without giving effect to any amendment thereto filed on or after the date hereof), (b) for liabilities and obligations incurred by Parent or its Subsidiaries in the Ordinary Course of Business since the date of the Parent Balance Sheet, (c) liabilities and obligations related to the performance of obligations of Parent under Parent Material Contracts, (d) liabilities and obligations incurred in connection with the Contemplated Transactions and (e) liabilities and obligations that are not material to Parent and its Subsidiaries, taken as a whole. Parent has no outstanding or accrued financial liability of any kind arising from or in connection with the Contracts set forth on Section 5.12(b) of the Parent Disclosure Schedule.

3.8 Absence of Certain Changes or Events. From January 1, 2026 to the date hereof, except in connection with the execution of this Agreement and the consummation of the Contemplated Transactions, (x) Parent and its Subsidiaries have conducted their business only in the Ordinary Course of Business; (y) there has not been any change, event or development or prospective change, event or development that, individually or in the aggregate, has had or would reasonably be expected to have a Parent Material Adverse Effect; and (z) neither Parent nor any of its Subsidiaries have:

(a) (i) declared, set aside or paid any dividends on, or made any other distributions (whether in cash, stock or property) in respect of, any of its capital stock or other equity interests, except for dividends by a

wholly-owned Subsidiary of Parent to its parent, (ii) purchased, redeemed or otherwise acquired shares of capital stock or other equity interests of Parent or its Subsidiary or any options, warrants, or rights to acquire any such shares or other equity interests, or (iii) split, combined, reclassified or otherwise amended the terms of any of its capital stock or other equity interests or issued or authorized the issuance of any other securities in respect of, in lieu of or in substitution for shares of its capital stock or other equity interests;

(b) amended or otherwise changed, or authorized or proposed to amend or otherwise change, its certificate of incorporation or by-laws (or similar organizational documents) except as required to give effect to Contemplated Transactions;

(c) adopted or entered into a plan of complete or partial liquidation, dissolution, restructuring, recapitalization or reorganization or effected or been a party to any merger, consolidation, share exchange, business combination, recapitalization, reclassification of shares, stock split, reverse stock split or similar transaction except, for the avoidance of doubt, the Contemplated Transactions;

(d) formed any Subsidiary or acquired any equity interest or other interest in any other entity or entered into a joint venture with any other entity;

(e) (i) lent money to any Person (other than advances of reasonable business expenses to cover employees and service providers in the Ordinary Course of Business), (ii) incurred or guaranteed any indebtedness for borrowed money, or (iii) guaranteed any debt securities of others;

(f) Other than as required by applicable Law or the terms of any Parent Benefit Plan as in effect on the date of this Agreement: (A) adopted, terminated, established or entered into any Parent Benefit Plan; (B) caused or permitted any Parent Benefit Plan to be amended in any material respect; (C) paid any material bonus or distributed any profit-sharing account balances or similar payment to, or increased the amount of the wages, salary, commissions, benefits or other compensation or remuneration payable to, any of its directors, officers, employees, consultants or independent contractors; (D) awarded any new or increased or amended any existing severance, retention or change-of-control benefits offered to any current, former or new employees, directors, consultants or other Persons; or (E) hired, terminated or gave notice of termination (other than for cause) to, any officer, employee, consultant or independent contractor;

(g) entered into any material transaction in connection with the Contemplated Transactions;

(h) acquired any material asset or sold, leased or otherwise irrevocably disposed of any of its material assets or properties, or granted any Encumbrance (other than Permitted Encumbrances) with respect to such assets or properties;

(i) engaged in, or taken active steps to prepare for, manufacturing or commercial operations with respect to any product or product candidate;

(j) sold, assigned, transferred, licensed, sublicensed or otherwise disposed of any material Intellectual Property owned or purported to be owned by, assigned to, or exclusively licensed by, Parent or its Subsidiaries, except for the grant of non-exclusive licenses to such Intellectual Property in the Ordinary Course of Business;

(k) other than as required by Law or GAAP, taken any action to change accounting policies or procedures;

(l) changed its financial or Tax accounting methods, principles or practices, except insofar as may have been required by a change in GAAP or applicable Law, or revalued any of its material assets; or

(m) agreed, resolved or committed to do any of the foregoing.

3.9 Litigation. As of the date hereof, there is no Legal Proceeding (or basis therefor) pending or, to the knowledge of Parent, threatened against Parent or any of its Subsidiaries, any of their respective properties or assets, or any present or former officer, director or employee of Parent or any of its Subsidiaries in such individual's capacity as such. Neither Parent nor any of its Subsidiaries nor any of their respective properties or assets is subject to any outstanding judgment, order, injunction, rule or decree of any Governmental Body. There is no Legal Proceeding pending or, to the knowledge of Parent, threatened seeking to prevent, hinder, modify, delay or challenge the Merger or any of the other Contemplated Transactions.

3.10 Compliance with Laws. Parent and each of its Subsidiaries are, and since January 1, 2023 have been, in compliance in all material respects with all Laws applicable to their businesses, operations, properties or assets. None of Parent or any of its Subsidiaries has received, since January 1, 2023, a notice or other written communication alleging or relating to a possible material violation of any Law applicable to their businesses, operations, properties, assets or Parent Products (as defined below). Parent and each of its Subsidiaries have in effect all material Permits of all Governmental Bodies necessary for them to own, lease or operate their properties and assets and to carry on their businesses and operations as now conducted, and there has occurred no material violation of, material default (with or without notice or lapse of time or both) or other event that would give others any right of revocation, non-renewal, adverse modification or cancellation of, with or without notice or lapse of time or both, any such Permit, nor would any such revocation, non-renewal, adverse modification or cancellation result from the consummation of the Contemplated Transactions.

3.11 Health Care Regulatory Matters.

(a) Parent and, to the knowledge of Parent, each of its directors, officers, employees, agents (while acting in such capacity), contract manufacturers, contract research organizations and clinical investigators is and, since January 1, 2023 has been, in material compliance with all Health Care Laws to the extent applicable to Parent or any of its products or activities. Parent has not engaged in any voluntary disclosure or self-disclosure to any Governmental Body concerning any alleged, potential or actual non-compliance with any applicable Health Care Laws, and to the Parent's knowledge no such self-disclosure to any Governmental Body is warranted. To the knowledge of Parent, there are no other facts or circumstances that reasonably would be expected to give rise to any material liability under any Health Care Laws.

(b) Parent is not party to any corporate integrity agreements, monitoring agreements, consent decrees, settlement orders, or similar agreements with or imposed by any Governmental Body.

(c) All applications, notifications, submissions, information, claims and reports submitted in connection with any and all requests for a Permit from the FDA or other Governmental Body relating to products that are regulated as drugs, biologics, or other medical products under Health Care Laws, including the drug and biological candidates, compounds or products being researched, tested, stored, developed, labeled, manufactured, packed and/or distributed by Parent or any of its Subsidiaries ("**Parent Products**"), including, without limitation, investigational new drug applications, when submitted to the FDA or other Governmental Body were true, complete and correct in all material respects as of the date of submission and any necessary or required updates, changes, corrections or modification to such applications, submissions, information and data have been submitted to the FDA or other Governmental Body. Parent does not have knowledge of any facts or circumstances that would be reasonably likely to lead to the revocation, suspension, limitation, or cancellation of a material Permit required under Health Care Laws.

(d) All preclinical studies and clinical trials conducted by or, to the knowledge of Parent, on behalf of Parent have been since January 1, 2023, and if still pending are being, conducted in material compliance with research protocols and all applicable Health Care Laws. To Parent's knowledge, no clinical trial conducted by or on behalf of Parent has been conducted using any clinical investigators who have been disqualified, debarred or excluded from healthcare programs. Since January 1, 2023, no clinical trial conducted by or on behalf of Parent or its Subsidiaries have been terminated or suspended prior to completion, and no

clinical investigator who has participated or is participating in, or institutional review board that has or has had jurisdiction over, a clinical trial conducted by or on behalf of Parent has placed a partial or full clinical hold order on, or otherwise terminated, delayed or suspended, such a clinical trial at a clinical research site based on an actual or alleged lack of safety or efficacy of any Parent Product or a failure to conduct such clinical trial in compliance with applicable Health Care Laws.

(e) All manufacturing operations conducted by or, to the knowledge of Parent, for the benefit of Parent have been and are being conducted in material compliance with all Permits and all applicable Health Care Laws.

(f) Parent has not received from any Governmental Body any written communication that relates to an alleged material violation of any Health Care Laws, including any notification of any pending or threatened claim, suit, proceeding, hearing, enforcement, investigation, arbitration, import detention or refusal, FDA Warning Letter or Untitled Letter, or any similar action by a Governmental Body relating to any Health Care Laws.

(g) There have been no seizures, withdrawals, recalls, detentions, or suspensions of manufacturing, testing, or distribution relating to the Parent Products required or requested by a Governmental Body, or other notice of action relating to an alleged lack of safety, efficacy, or regulatory compliance of the Parent Products, or any adverse experiences relating to the Parent Products that have been reported to FDA or another Governmental Body ("**Parent Safety Notices**"), and, to the knowledge of Parent, there are no facts or circumstances that reasonably would be expected to give rise to a Parent Safety Notice.

(h) Neither Parent, nor, to the knowledge of Parent, any officer, employee or agent of Parent has made an untrue statement of a material fact or fraudulent or misleading statement to a Governmental Body, failed to disclose a material fact required to be disclosed to a Governmental Body, or committed an act, made a statement, or failed to make a statement that would reasonably be expected to provide a basis for the FDA to invoke its FDA Ethics Policy. Neither the Parent, nor, to the knowledge of the Parent, any officer, employee or agent of the Parent is or has been under investigation resulting from any allegedly untrue, fraudulent, misleading, or false statement or omission, including data fraud, or had any action pending or threatened relating to the FDA Ethics Policy.

(i) All reports, documents, claims, Permits and notices required to be filed, maintained or furnished to the FDA or any Governmental Body by Parent have been so filed, maintained or furnished, except where failure to file, maintain or furnish such reports, documents, claims, Permits or notices has not had and would not reasonably be expected to have, individually or in the aggregate, a Parent Material Adverse Effect. All such reports, documents, claims, Permits and notices were true and complete in all material respects on the date filed (or were corrected in or supplemented by a subsequent filing).

(j) Neither Parent nor, to the knowledge of Parent, any officer, employee or agent of Parent has been convicted of any crime or engaged in any conduct that has resulted, or would reasonably be expected to result, in listing on the General Services Administrative System for Award Management or other published list of parties excluded from federal procurement programs and non-procurement programs or in debarment under applicable Law, or including, without limitation, 21 U.S.C. § 335a, or exclusion under 42 U.S.C. § 1320a-7, or any other statutory provision or similar law applicable in other jurisdictions in which the Parent Products are sold or intended to be sold. Neither Parent nor, to the knowledge of Parent, any officer, employee or agent of Parent, has been excluded from participation in any federal health care program or convicted of any crime or engaged in any conduct for which such Person could be excluded from participating in any federal health care program under Section 1128 of the Social Security Act of 1935, or any similar Health Care Law or program.

(k) Parent is not, and has not been, a "business associate," "covered entity," or "subcontractor" under HIPAA as those terms are defined in 42 C.F.R. § 160.103 and, since January 1, 2023, has been in material

compliance with any Privacy Laws applicable to health information, including HIPAA, in Parent's possession to the extent applicable to Parent.

3.12 Benefit Plans.

(a) Section 3.12(a) of the Parent Disclosure Schedule contains a true and complete list of each Parent Benefit Plan (other than form equity award agreements and awards made pursuant to such form(s), which form(s) shall have been provided to the Company). For purposes of this Agreement, "**Parent Benefit Plan**" means each "employee benefit plan" (within the meaning of section 3(3) of ERISA, whether or not subject to ERISA), and each stock purchase, stock option, phantom stock or other equity-based plan or award, severance, employment, change-in-control, fringe benefit, bonus, incentive, deferred compensation, supplemental retirement, health, life, or disability insurance, dependent care and each other employee benefit and compensation plan, agreement, program, policy or other arrangement, whether or not subject to ERISA, whether formal or informal, written or oral, legally binding or not, under which any current or former employee, director or individual consultant of Parent or its Subsidiaries (or any of their dependents) has any present or future right to compensation or benefits or Parent or any of its Subsidiaries sponsors or maintains, is making contributions to or has any present or future liability or obligation (contingent or otherwise) or with respect to which it is otherwise bound. Parent has provided or made available to the Company a current, accurate and complete copy of each Parent Benefit Plan, or if such Parent Benefit Plan is not in written form, a written summary of all of the material terms of such Parent Benefit Plan.

(b) Neither Parent, its Subsidiaries or any member of their Controlled Group (defined as any organization which is, or was at the applicable time, a member of a controlled, affiliated or otherwise related group of entities within the meaning of Code Section 414(b), (c), (m) or (o)) has ever sponsored, maintained, contributed to or been required to contribute to or incurred any liability (contingent or otherwise) with respect to: (i) a "multiemployer plan" (within the meaning of ERISA section 3(37)), (ii) a Pension Plan that is subject to Title IV of ERISA or Section 412 of the Code, or (iii) a Pension Plan which is a "multiple employer plan" as defined in Section 413 of the Code.

(c) With respect to the Parent Benefit Plans:

(i) each Parent Benefit Plan complies in all material respects with its terms and with the applicable provisions of ERISA and the Code and all other applicable legal requirements;

(ii) each Parent Benefit Plan intended to be qualified under Section 401(a) of the Code has received a favorable determination, advisory and/or opinion letter, as applicable, from the IRS that it is so qualified and nothing has occurred to the knowledge of the Parent since the date of such letter that would reasonably be expected to result in the loss of the sponsor's ability to rely upon such letter or of the qualified status of such Parent Benefit Plan;

(iii) there is no material Legal Proceeding (including any investigation, audit or other administrative proceeding) by the Department of Labor, the PBGC, the IRS or any other Governmental Body or by any plan participant or beneficiary pending, or to the knowledge of Parent, threatened, relating to the Parent Benefit Plans (other than routine claims for benefits);

(iv) none of the Parent Benefit Plans currently provides or represents any liability to provide post-termination or retiree welfare benefits to any person for any reason, except as may be required by COBRA, and none of Parent, its Subsidiaries or any members of its Controlled Group has any liability to provide post-termination or retiree welfare benefits to any person or ever represented, promised or contracted to any employee or former employee of Parent (either individually or to Parent employees as a group) or any other person that such employee(s) or other person would be provided with post-termination or retiree welfare benefits, except to the extent required by statute or except with respect to a contractual obligation to reimburse any premiums such person may pay in order to obtain health coverage under COBRA;

(v) each Parent Benefit Plan is subject exclusively to United States Law; and

(vi) the execution and delivery of this Agreement and the consummation of the Merger will not, either alone or in combination with any other event, (A) entitle any current or former employee, officer, director or individual consultant of Parent or any Subsidiary to severance pay or any other termination payment or other compensation or benefits, (B) accelerate the time of payment or vesting, or increase the amount of or otherwise enhance any benefit due to any such employee, officer, director or consultant, (C) result in a requirement to fund or set aside assets with respect to any Parent Benefit Plan or (D) restrict any rights of Parent to amend or terminate any Parent Benefit Plan.

(d) Neither Parent nor any Subsidiary is a party to any agreement, Contract, arrangement or plan (including any Parent Benefit Plan) that may reasonably be expected to result, separately or in the aggregate, in connection with the Contemplated Transactions (either alone or in combination with any other events), in the payment of any “parachute payments” within the meaning of Section 280G of the Code. There is no agreement, plan or other arrangement to which any of Parent or any Subsidiary is a party or by which any of them is otherwise bound to compensate any person in respect of Taxes or other liabilities incurred with respect to Section 409A or 4999 of the Code.

3.13 Labor and Employment Matters.

(a) Parent and its Subsidiaries are and since January 1, 2023, have been in compliance in all material respects with all applicable Laws relating to labor and employment, including those relating to employment practices, terms and conditions of employment, collective bargaining, disability, immigration, health and safety, wages, hours and benefits, non-discrimination in employment, workers’ compensation, unemployment compensation, equal employment opportunity, discrimination, harassment, employee and contractor classification, information privacy and security, and continuation coverage with respect to group health plans. During the preceding three years, there has not been, and as of the date of this Agreement there is not pending or, to the knowledge of Parent, threatened, any labor dispute, work stoppage, labor strike or lockout against Parent or any of its Subsidiaries by employees.

(b) No employee of Parent or any of its Subsidiaries is covered by an effective or pending collective bargaining agreement or similar labor agreement. To the knowledge of Parent, there has not been any activity on behalf of any labor union, labor organization or similar employee group to organize any employees of Parent or any of its Subsidiaries. There are no (i) unfair labor practice charges or complaints against Parent or any of its Subsidiaries pending before the National Labor Relations Board or any other labor relations tribunal or authority and, to the knowledge of Parent, no such representations, claims or petitions are threatened, (ii) representation claims or petitions pending before the National Labor Relations Board or any other labor relations tribunal or authority or (iii) grievances or pending arbitration proceedings against Parent or any of its Subsidiaries that arose out of or under any collective bargaining agreement.

(c) During the preceding three years, (i) neither Parent nor any Subsidiary has effectuated a “plant closing” (as defined in the WARN Act) affecting any site of employment or one or more facilities or operating units within any site of employment or facility, (ii) there has not occurred a “mass layoff” (as defined in the WARN Act) in connection with Parent or any Subsidiary affecting any site of employment or one (1) or more facilities or operating units within any site of employment or facility and (iii) neither Parent nor any Subsidiary has engaged in layoffs or employment terminations sufficient in number to trigger application of any similar state, local or foreign law. The Parent and its Subsidiaries currently properly classify and for the past three (3) years have classified its and their employees as exempt or nonexempt in accordance with applicable overtime laws, and no person treated as an independent contractor or consultant by Parent or any Subsidiary within the past three (3) years should have been classified as an employee under applicable Law, except where such action would not, individually or in the aggregate, result in Parent incurring a material liability.

(d) With respect to any current or former employee, officer, consultant or other service provider of Parent, there are no Legal Proceedings against Parent or any of its Subsidiaries pending, or to Parent's knowledge, threatened to be brought or filed, in connection with the employment or engagement of any current or former employee, officer, consultant or other service provider of Parent, including, without limitation, any claim relating to employment discrimination, harassment, retaliation, equal pay, employment classification or any other employment-related matter arising under applicable Laws, except where such action would not, individually or in the aggregate, result in Parent incurring a material liability.

(e) Except with respect to any Parent Benefit Plan (which subject is addressed in [Section 3.12](#) above), the execution of this Agreement and the consummation of the transactions set forth in or contemplated by this Agreement will not result in any breach or violation of, or cause any payment to be made under, any applicable Laws respecting labor and employment or any collective bargaining agreement to which Parent or any of its Subsidiaries is a party.

(f) Since January 1, 2023, (i) no allegations of workplace sexual harassment, discrimination or other material misconduct have been made, initiated, filed or, to the knowledge of Parent, threatened against Parent, any of its Subsidiaries or any of their respective current or former directors, officers or senior-level management employees, (ii) to the knowledge of Parent, no incidents of any such workplace sexual harassment, discrimination or other material misconduct have occurred, and (iii) Parent has not entered into any settlement agreement related to allegations of sexual harassment, discrimination or other material misconduct by any of its directors, officers or employees described in clause (i).

3.14 Environmental Matters. Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect, (i) Parent and each of its Subsidiaries have conducted their respective businesses in compliance with all, and have not violated any, applicable Environmental Laws; (ii) Parent and its Subsidiaries have obtained all Permits of all Governmental Bodies and any other Person that are required under any Environmental Law; (iii) there has been no release of any Hazardous Substance by Parent or any of its Subsidiaries or any other Person in any manner that has given or would reasonably be expected to give rise to any remedial or investigative obligation, corrective action requirement or liability of Parent or any of its Subsidiaries under applicable Environmental Laws; (iv) neither Parent nor any of its Subsidiaries has received any claims, notices, demand letters or requests for information (except for such claims, notices, demand letters or requests for information the subject matter of which has been resolved prior to the date of this Agreement) from any federal, state, local, foreign or provincial Governmental Body or any other Person asserting that Parent or any of its Subsidiaries is in violation of, or liable under, any Environmental Law; (v) no Hazardous Substance has been disposed of, arranged to be disposed of, released or transported in violation of any applicable Environmental Law, or in a manner that has given rise to, or that would reasonably be expected to give rise to, any liability under any Environmental Law, in each case, on, at, under or from any current or former properties or facilities owned or operated by Parent or any of its Subsidiaries or as a result of any operations or activities of Parent or any of its Subsidiaries at any location and, to the knowledge of Parent, Hazardous Substances are not otherwise present at or about any such properties or facilities in amount or condition that has resulted in or would reasonably be expected to result in liability to Parent or any of its Subsidiaries under any Environmental Law; and (vi) neither Parent, its Subsidiaries nor any of their respective properties or facilities are subject to, or are threatened to become subject to, any liabilities relating to any suit, settlement, court order, administrative order, regulatory requirement, judgment or claim asserted or arising under any Environmental Law or any agreement relating to environmental liabilities.

3.15 Taxes.

(a) Parent and each of its Subsidiaries has (i) timely filed all income and other material Tax Returns required to be filed by or on behalf of them (taking into account any applicable extensions thereof) and all such Tax Returns are true, accurate and complete in all material respects; and (ii) timely paid in full (or caused to be timely paid in full) all material Taxes that are due and payable, whether or not such Taxes were shown as due on such Tax Returns.

(b) All material Taxes not yet due and payable by Parent or any of its Subsidiaries as of the date of the Parent Balance Sheet have been, in all material respects, properly accrued in accordance with GAAP on the financial statements (including the related notes and schedules thereto) included (or incorporated by reference) in the Parent SEC Documents, and such financial statements (including the related notes and schedules thereto) included (or incorporated by reference) in the Parent SEC Documents reflect an adequate reserve (in accordance with GAAP) for all material Taxes accrued but unpaid by Parent and each of its Subsidiaries through the date of such financial statements. Since the date of the Parent Balance Sheet, neither Parent nor any of its Subsidiaries has incurred, individually or in the aggregate, any liability for Taxes outside the Ordinary Course of Business.

(c) Neither Parent nor any of its Subsidiaries has executed any waiver of any statute of limitations on, or extended the period for the assessment or collection of, any material amount of Tax, in each case that has not since expired.

(d) No material Tax Actions with respect to Taxes or any Tax Return of Parent or any of its Subsidiaries are presently in progress or have been asserted, threatened or proposed in writing, other than any such assertion, threat or proposal that has been settled or withdrawn. No deficiencies or claims for a material amount of Taxes have been claimed, proposed, assessed or asserted in writing against Parent or any of its Subsidiaries by a Governmental Body, other than any such claim, proposal, assessment or assertion that has been satisfied by payment in full, settled or withdrawn.

(e) Parent and each of its Subsidiaries have timely withheld or deducted all material Taxes required to have been withheld or deducted from payments made (or deemed made) to their employees, independent contractors, creditors, shareholders and other third parties and, to the extent required, such material Taxes have been timely paid to the relevant Governmental Body.

(f) Neither Parent nor any of its Subsidiaries has engaged in a “listed transaction” as set forth in Treasury Regulations § 1.6011-4(b).

(g) Neither Parent nor any of its Subsidiaries (i) is a party to or bound by, nor has any liability pursuant to, any Tax sharing, allocation, indemnification or similar agreement or obligation other than any Ordinary Course Agreement; (ii) is or has ever been a member of a group (other than a group the common parent of which is Parent) filing a consolidated, combined, affiliated, unitary or similar income Tax Return; (iii) has any liability for the Taxes of any Person (other than Parent and its Subsidiaries) pursuant to Treasury Regulations § 1.1502-6 (or any similar provision of state, local or non-U.S. Law) as a transferee or successor, by Contract (other than Ordinary Course Agreements), or otherwise by operation of Law; and (iv) is or has ever been treated as a resident for any income Tax purpose, or as subject to Tax by virtue of having a permanent establishment, an office or fixed place of business, in any country other than the country in which it was or is organized.

(h) No private-letter rulings, technical advice memoranda, or similar material agreements or rulings related to Taxes have been requested in writing, entered into or issued by any taxing authority with respect to Parent or any of its Subsidiaries which rulings remain in effect.

(i) Neither Parent nor any of its Subsidiaries will be required to include any material item of income in, or exclude any material item of deduction from, taxable income for any taxable period (or portion thereof) ending after the Closing Date as a result of (i) a change in method of accounting requested or initiated, or use of improper method of accounting, on or prior to the Closing Date, (ii) a “closing agreement” as described in Section 7121 of the Code (or any similar provision of state, local or foreign Tax Law) executed on or prior to the Closing Date, (iii) an installment sale or open-transaction disposition made on or prior to the Closing Date, (iv) any deferred intercompany gain or excess-loss account described in Treasury Regulations under Section 1502 of the Code (or any corresponding or similar provision of state, local or foreign income Tax Law), (v) an election under Section 965 of the Code, or (vi) the application of Section 951 or 951A of the Code with respect to income earned or recognized or payments received prior to the Closing.

(j) There are no Encumbrances for Taxes upon any of the assets of Parent or any of its Subsidiaries other than Encumbrances described in clause (i) of the definition of Permitted Encumbrances.

(k) Neither Parent nor any of its Subsidiaries has distributed stock of another Person or has had its stock distributed by another Person, in a transaction (or series of transactions) that was purported or intended to be governed in whole or in part by Section 355 or 361 of the Code.

(l) Neither Parent nor any of its Subsidiaries has been a United States real property holding corporation, as defined in Section 897(c)(2) of the Code, during the applicable period specified in Section 897(c)(1)(A)(ii) of the Code.

(m) No material claim has been made in writing by any Governmental Body in a jurisdiction where Parent or any of its Subsidiaries has not paid a specific Tax or filed a specific Tax Return that Parent or any of its Subsidiaries is or may be required to pay such Tax or file such Tax Return by such jurisdiction.

(n) Section 3.15(n) of the Parent Disclosure Schedule sets forth the entity classification of Parent and each of its Subsidiaries for U.S. federal income tax purposes. Neither Parent nor any of its Subsidiaries has made an election or taken any other action to change its federal and state income tax classification from such classification.

(o) To Parent's knowledge, neither Parent nor any of its Subsidiaries has been, is, or immediately prior to the Effective Time will be, treated as an "investment company" within the meaning of Section 368(a)(2)(F) of the Code.

(p) Neither Parent nor any of its Subsidiaries has taken any action (or agreed to take any action) nor does it know of any fact or circumstance that would reasonably be expected to prevent or impede the Merger from qualifying for the Intended Tax Treatment.

3.16 Contracts

(a) Section 3.16(a) of the Parent Disclosure Schedule lists the following Contracts (other than Parent Benefit Plans) (a) to which Parent or any of its Subsidiaries is a party; (b) by which Parent or its Subsidiaries or any Intellectual Property owned or purported to be owned by, assigned to, or exclusively licensed by, Parent or its Subsidiaries or any other asset of Parent or its Subsidiaries are or may become bound or under which Parent or its Subsidiaries have, or may become subject to, any obligation; or (c) under which Parent or its Subsidiaries have or may acquire any right or interest, in effect as of the date of this Agreement (all such Contracts, "**Parent Material Contracts**");

(i) each Contract relating to the disposition or acquisition of material assets or any ownership interest in any entity, except as contemplated hereby;

(ii) each Contract relating to any mortgages, indentures, loans, notes or credit agreements, security agreements or other agreements or instruments relating to the borrowing of money or extension of credit or creating any material Encumbrances with respect to any assets of Parent or its Subsidiaries or any loans or debt obligations with officers or directors of Parent or its Subsidiaries;

(iii) each Contract requiring payment by or to Parent or its Subsidiaries after the date of this Agreement in excess of \$125,000 in the aggregate in the current calendar year or any future calendar year pursuant to its express terms relating to: (A) any agreement under which a third party is granted rights related to the sale or distribution of any product of Parent or its Subsidiaries (identifying any that contain exclusivity provisions); (B) any agreement (other than a Parent Benefit Plan) involving provision of services with respect to any pre-clinical or clinical development activities of Parent or its Subsidiaries; (C) any dealer, distributor, joint

marketing, alliance, joint venture, cooperation, development or other agreement currently in force under which Parent or its Subsidiaries have continuing obligations to develop or market any product, technology or service, or any agreement pursuant to which Parent or its Subsidiaries have continuing obligations to develop any Intellectual Property that will not be owned, in whole or in part, by Parent or its Subsidiaries; or (D) any Contract under which any third party provides any services relating to the manufacture (in whole or in part) of any product of Parent or its Subsidiaries;

(iv) each Contract containing (A) a covenant limiting the freedom of Parent or any Subsidiary to engage in any line of business or compete with any Person, or limiting the development, manufacture or distribution of the Parent's products or services, (B) any most-favored pricing arrangement, (C) any exclusivity provision, (D) any agreement to purchase minimum quantity of goods or services or (E) any non-solicitation provision;

(v) each Parent In-bound License;

(vi) each Parent Out-bound License;

(vii) each Contract requiring the payment of any royalty, dividend or similar arrangement based on the revenues or profits of Parent or its Subsidiaries;

(viii) each Contract, offer letter, employment agreement, consulting or independent contractor agreement with any employee, independent contractor, consultant or other natural person service provider that (A) is not immediately terminable at will by the Parent or its Subsidiaries without notice, severance or other cost or payment, except as required under applicable Law, or (B) provides for retention payments, change of control payments, severance, accelerated vesting, or any similar payment or benefit that may or will become due as a result of the Merger; and

(ix) any other Contract that is not terminable at will (with no penalty or payment or requirement for more than thirty (30) days' prior notice, except as required by applicable law) by Parent or its Subsidiaries and which involves payment or receipt by Parent or its Subsidiaries after the date of this Agreement under any such Contract of more than \$125,000 in the aggregate, or obligations after the date of this Agreement in excess of \$125,000 in the aggregate.

(b) Except as set forth in the Parent SEC Documents publicly available prior to the date of this Agreement, neither Parent nor any of its Subsidiaries is a party to or is bound by any "material contract" (as such term is defined in Item 601(b)(10) of Regulation S-K under the Securities Act, excluding, however, any Parent Benefit Plans).

(c) (i) Each Parent Material Contract is valid and binding on Parent and any of its Subsidiaries to the extent such Subsidiary is a party thereto, as applicable, and to the knowledge of Parent, each other party thereto, and is in full force and effect and enforceable in accordance with its terms; (ii) Parent and each of its Subsidiaries, and, to the knowledge of Parent, each other party thereto, has performed all material obligations required to be performed by themselves under each Parent Material Contract; and (iii) there is no material default under any Parent Material Contract by Parent or any of its Subsidiaries or, to the knowledge of Parent, any other party thereto, and no event or condition has occurred that constitutes, or, after notice or lapse of time or both, would constitute, a material default on the part of Parent or any of its Subsidiaries or, to the knowledge of Parent, any other party thereto under any such Parent Material Contract, nor has Parent or any of its Subsidiaries received written notice of any such material default, event or condition. Parent has made available to the Company true and complete copies of all Parent Material Contracts, including all amendments there.

3.17 Insurance. Each of Parent and its Subsidiaries is covered by valid and currently effective insurance policies issued in favor of Parent or one or more of its Subsidiaries that are customary and adequate for

companies of similar size in the industries and locations in which Parent operates. Section 3.17 of the Parent Disclosure Schedule sets forth, as of the date hereof, a true and complete list of all material insurance policies issued in favor of Parent or any of its Subsidiaries, or pursuant to which Parent or any of its Subsidiaries is a named insured or otherwise a beneficiary, as well as any historic incurrence-based policies still in force. With respect to each such insurance policy, (a) such policy is in full force and effect and all premiums due thereon have been paid, (b) neither Parent nor any of its Subsidiaries is in breach or default, and has not taken any action or failed to take any action which (with or without notice or lapse of time, or both) would constitute such a breach or default, or would permit termination or modification of, any such policy and (c) to the knowledge of Parent, no insurer issuing any such policy has been declared insolvent or placed in receivership, conservatorship or liquidation. No notice of cancellation or termination has been received with respect to any such policy, nor, to the knowledge of Parent, will any such cancellation or termination result from the consummation of the Contemplated Transactions.

3.18 Properties.

(a) Parent or one of its Subsidiaries has good and valid title to, or in the case of leased property and leased tangible assets, a valid leasehold interest in, all of its real properties and tangible assets that are necessary for Parent and its Subsidiaries to conduct their respective businesses as currently conducted, free and clear of all Encumbrances other than Permitted Encumbrances. Except as has not had and would not reasonably be expected to have, individually or in the aggregate, a Parent Material Adverse Effect, the tangible personal property currently used in the operation of the business of Parent and its Subsidiaries is in good working order (reasonable wear and tear excepted).

(b) Each of Parent and its Subsidiaries has complied with the terms of all leases to which it is a party, and all such leases are in full force and effect, except for any such noncompliance or failure to be in full force and effect that, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect. Each of Parent and its Subsidiaries enjoys peaceful and undisturbed possession under all such leases, except for any such failure to do so that, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect.

(c) Section 3.18(c) of the Parent Disclosure Schedule sets forth a true and complete list of (i) all real property owned by Parent or any of its Subsidiaries and (ii) all real property leased for the benefit of Parent or any of its Subsidiaries.

(d) This Section 3.18 does not relate to intellectual property, which is the subject of Section 3.19.

3.19 Intellectual Property.

(a) Section 3.19(a) of the Parent Disclosure Schedule sets forth a true and complete list of all (i) material patents and patent applications; (ii) material trademark registrations and applications; and (iii) material copyright registrations and applications, in each case owned by Parent and its Subsidiaries, but excluding any such items related solely to RLYB212 (collectively, "**Parent Registered IP**") and a true and complete list of all domain names owned or exclusively licensed by Parent and its Subsidiaries. Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect (A) all of the Parent Registered IP is subsisting and, in the case of any Parent Registered IP that is registered or issued and to the knowledge of Parent, valid and enforceable, (B) no Parent Registered IP is involved in any interference, reissue, derivation, reexamination, opposition, cancellation or similar proceeding and, to the knowledge of Parent, no such action is threatened with respect to any of the Parent Registered IP and (C) Parent or its Subsidiaries own exclusively, free and clear of any and all Encumbrances (other than Permitted Encumbrances), all Parent Owned IP, including all Intellectual Property created on behalf of Parent or its Subsidiaries by its employees or independent contractors.

(b) Section 3.19(b) of the Parent Disclosure Schedule accurately identifies all Contracts pursuant to which any material Intellectual Property is licensed to Parent or its Subsidiaries (other than (i) any non-customized software that (A) is so licensed solely in executable or object code form pursuant to a nonexclusive, internal-use software license and other Intellectual Property associated with such software and (B) is not incorporated into any of Parent's or its Subsidiaries' products, (ii) any Intellectual Property licensed on a nonexclusive basis where the license is incidental to the primary purpose of the relevant Contract or the provision of services to Parent, (iii) any material transfer agreements, non-disclosure agreements, research agreements, clinical trial agreements, services agreements, off-the-shelf software licenses and generally-available patent license agreements and (iv) agreements between Parent and any of its Subsidiaries and their employees in Parent's standard form thereof) (each a "**Parent In-bound License**", and the underlying Intellectual Property, the "**Parent Licensed IP**").

(c) Section 3.19(c) of the Parent Disclosure Schedule accurately identifies each Contract pursuant to which any Person has been granted any license or covenant not to sue under any Parent Owned IP or Parent Licensed IP (other than (i) any material transfer agreements, non-disclosure agreements, research agreements, clinical trial agreements and services agreements and (ii) any Parent Owned IP or Parent Licensed IP nonexclusively licensed in the Ordinary Course of Business and that does not grant any commercial rights to any product of Parent or its Subsidiaries) (each a "**Parent Out-bound License**").

(d) To the knowledge of Parent, the Parent Owned IP and the Parent Licensed IP constitutes all Intellectual Property necessary for Parent and its Subsidiaries to conduct their business as currently conducted; *provided, however*, that the foregoing representation is not a representation with respect to non-infringement of Intellectual Property.

(e) Parent and its Subsidiaries have taken commercially reasonable measures to maintain the confidentiality of all information that constitutes a material trade secret of Parent or its Subsidiaries, including requiring all Persons having access thereto to execute written non-disclosure agreements or other binding obligations to maintain confidentiality of such information.

(f) Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect, (i) to the knowledge of Parent, the conduct of the businesses of Parent and its Subsidiaries, including the manufacture, marketing, offering for sale, sale, importation, use or intended use (as currently contemplated) or other disposal of any product as currently sold or under development by Parent or its Subsidiaries, has not infringed, misappropriated or diluted, and does not infringe, misappropriate or dilute, any Intellectual Property of any Person, (ii) neither Parent nor any of its Subsidiaries has received any written notice or claim asserting or suggesting that any such infringement, misappropriation, or dilution is or may be occurring or has or may have occurred and (iii) to the knowledge of Parent, no Person is infringing, misappropriating, or diluting in any material respect any Parent Registered IP or Parent Licensed IP.

(g) Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect, (i) Parent and its Subsidiaries have taken commercially reasonable steps to protect the confidentiality and security of the computer and information technology systems owned, licensed and used by Parent and its Subsidiaries (the "**Parent IT Systems**") and the information and transactions stored or contained therein or transmitted thereby, (ii) to the knowledge of Parent, since January 1, 2023, there has been no unauthorized or improper use, loss, access, transmittal, modification or corruption of any such Parent IT Systems, and (iii) since January 1, 2023, there have been no material failures, crashes, viruses, or security breaches (including any unauthorized access to any personally identifiable information), affecting the Parent IT Systems.

(h) Except as, individually or in the aggregate, has not had and would not reasonably be expected to have a Parent Material Adverse Effect, (i) to the knowledge of Parent, Parent and its Subsidiaries have at all times since January 1, 2023, complied in all material respects with all applicable Privacy Laws, (ii) since

January 1, 2023, no claims have been received by Parent or, to the knowledge of Parent, threatened in writing against Parent alleging Parent a violated any applicable Privacy Law, (iii) neither Parent's performance of this Agreement nor Parent's consummation of the Contemplated Transactions will breach or otherwise violate any applicable Privacy Laws and (iv) Parent and its Subsidiaries have taken commercially reasonable steps to protect the Personal Information collected, used or held for use by Parent or its subsidiaries against unauthorized loss, access, use, modification, disclosure or other misuse.

(i) To the knowledge of Parent, no government funding, facilities or resources of a university, college, other educational institution or research center or funding from third parties was used in the development of the Parent Owned IP or, to the knowledge of Parent, Parent Licensed IP exclusively licensed to Parent, and no Governmental Body, university, college, other educational institution or research center has, to the knowledge of Parent, any claim or right in or to the Parent Owned IP.

(j) The execution, delivery and performance by Parent of this Agreement, and the consummation of the Contemplated Transactions, will not result in the loss of, or give rise to any right of any third party to terminate or modify any of Parent's or any Subsidiaries' rights or obligations under any Parent Out-bound License or Parent In-bound License.

3.20 Related Party Transactions. Since January 1, 2023 through the date of this Agreement, there have been no transactions, agreements, arrangements or understandings between Parent or any of its Subsidiaries, on the one hand, and the affiliates of Parent, on the other hand (other than Parent's Subsidiaries), that would be required to be disclosed under Item 404 of Regulation S-K under the Securities Act and that have not been so disclosed in the Parent SEC Documents.

3.21 Certain Payments. Neither Parent nor any of its Subsidiaries (nor, to the knowledge of Parent, any of their respective directors, executives, representatives, agents or employees) has, directly or indirectly, made any bribes, rebates, payoffs, influence payments, kickbacks, illegal payments, illegal political contributions, or other payments, in the form of cash, gifts, or otherwise, or taken any other action, in violation of the Anti-Bribery Laws. Parent is not, nor has it been the subject of any investigation or inquiry by any Governmental Body with respect to potential violations of Anti-Bribery Laws.

3.22 Brokers. No broker, investment banker, financial advisor or other Person, other than Evercore Group, L.L.C. and Citizens JMP Securities, LLC, the fees and expenses of which will be paid by Parent, is entitled to any broker's, finder's, financial advisor's or other similar fee or commission in connection with the Contemplated Transactions based upon arrangements made by or on behalf of Parent.

3.23 Opinion of Financial Advisor. The Parent Board has received the opinion of Citizens JMP Securities, LLC, dated the date of this Agreement, to the effect that, as of such date and based upon and subject to the qualifications, limitations, assumptions and other matters set forth therein, the Exchange Ratio is fair, from a financial point of view, to Parent, a signed true and complete copy of which opinion has been or will promptly be provided to the Company.

3.24 Merger Sub. Merger Sub was formed solely for the purpose of engaging in the Merger and the other Contemplated Transactions and has engaged in no business other than in connection with the Contemplated Transactions.

3.25 State Takeover Statutes. No Takeover Statute or any similar anti-takeover provision in the Certificate of Incorporation or Bylaws of Parent applicable to Parent is, or at the Effective Time will be, applicable to this Agreement, the Merger, or any of the other Contemplated Transactions.

3.26 No Other Representations or Warranties. Except for the representations and warranties contained in Section 2, each of Parent and Merger Sub acknowledges and agrees that none of the Company or any other

Person on behalf of the Company makes any other express or implied representation or warranty whatsoever, and specifically (but without limiting the generality of the foregoing) that none of the Company or any other Person on behalf of the Company or any of its Subsidiaries makes any representation or warranty with respect to any projections or forecasts delivered or made available to Parent, Merger Sub or any of their respective Subsidiaries or Representatives of future revenues, results of operations (or any component thereof), cash flows or financial condition (or any component thereof) of the Company (including any such projections or forecasts made available to Parent, Merger Sub or any of their respective Subsidiaries or Representatives in certain “data rooms” or management presentations in expectation of the Contemplated Transactions), and none of Parent or Merger Sub has relied on any such information or any representation or warranty not set forth in [Section 2](#).

Section 4. CERTAIN COVENANTS OF THE PARTIES

4.1 Operation of Parent’s Business.

(a) Except (i) as set forth on [Section 4.1\(a\)](#) of the Parent Disclosure Schedule, (ii) as expressly permitted by or required in accordance with this Agreement, including in connection with the Asset Dispositions pursuant to [Section 4.7](#) and the Parent Distributions in accordance with [Section 4.8](#), (iii) as required by applicable Law, or (iv) as may be consented to in writing by the Company (which consent shall not be unreasonably withheld, conditioned or delayed), during the period commencing on the date of this Agreement and continuing until the earlier to occur of the termination of this Agreement pursuant to [Section 9](#) and the Effective Time (the “**Pre-Closing Period**”), each of Parent and its Subsidiaries shall (A) conduct its business and operations in the Ordinary Course of Business and in compliance in all material respects with all applicable Laws and the requirements of all Contracts that constitute Parent Material Contracts, and (B) continue to pay material outstanding accounts payable and other material current liabilities (including payroll) in the Ordinary Course of Business.

(b) Except (i) as expressly permitted by this Agreement, (ii) as set forth on [Section 4.1\(b\)](#) of the Parent Disclosure Schedule, (iii) as required by applicable Law, (iv) in connection with the Asset Dispositions pursuant to [Section 4.7](#) or the winding down of Parent’s pre-clinical, CMC and clinical activities (including the termination of ongoing contractual obligations related to parent’s current products or product candidates) pursuant to [Section 5.22](#), or (v) with the prior written consent of the Company (which consent shall not be unreasonably withheld, conditioned or delayed), at all times during the Pre-Closing Period, Parent shall not, nor shall it cause or permit any of its Subsidiaries to, do any of the following:

(i) declare, accrue, set aside or pay any dividend (other than the Parent Distributions declared, accrued, set aside, or paid in accordance with [Section 4.8](#)) or make any other distribution in respect of any shares of its capital stock or repurchase, redeem or otherwise reacquire any shares of its capital stock or other securities (except repurchases from terminated employees, directors or consultants of Parent or in connection with the payment of the exercise price or withholding Taxes incurred upon the exercise, settlement or vesting of any award or purchase rights granted under any Parent equity incentive plan in accordance with the terms of such award in effect on the date of this Agreement);

(ii) sell, issue, grant, pledge or otherwise dispose of or encumber or authorize any of the foregoing with respect to: (A) any capital stock or other security of Parent or any of its Subsidiaries (except for shares of Parent Common Stock issued upon the valid exercise or settlement of Parent Stock Awards); (B) any option, warrant or right to acquire any capital stock or any other security; or (C) any instrument convertible into or exchangeable for any capital stock or other security of Parent or any of its Subsidiaries;

(iii) amend the terms of any outstanding Parent Options;

(iv) except as required to give effect to anything in contemplation of the Closing, amend any of its or its Subsidiaries’ certificate of incorporation (other than the Company Charter Amendment) and bylaws

(or comparable organizational documents), or effect or be a party to any merger, consolidation, share exchange, business combination, recapitalization, reclassification of shares, stock split, reverse stock split or similar transaction except, for the avoidance of doubt, the Contemplated Transactions;

(v) form any Subsidiary or acquire any equity interest or other interest in any other Entity or enter into a joint venture with any other Entity;

(vi) (A) lend money to any Person (except for the advancement of reasonable and customary expenses to employees, directors and consultants in the Ordinary Course of Business), (B) incur or guarantee any indebtedness for borrowed money, (C) guarantee any debt securities of others, (D) other than the incurrence or payment of Transaction Expenses, make any capital expenditure in excess of \$50,000, or (E) forgive any loans to any Persons, including Parent's employees, officers, directors or Affiliates;

(vii) other than as required by applicable Law or the terms of any Parent Benefit Plan as in effect on the date of this Agreement: (A) adopt, terminate, establish or enter into any Parent Benefit Plan or any plan or agreement that would be a Parent Benefit Plan if in effect on the date hereof; (B) cause or permit any Parent Benefit Plan to be amended; (C) pay any bonus or make any profit-sharing or similar payment to, or increase the amount of the wages, salary, fringe benefits, commissions, bonus or other compensation or benefits payable to any of its directors, officers, consultants, independent contractors or employees; (D) hire any officer, employee, consultant or independent contractor; (E) modify the terms of any severance, retention or change-of-control benefits offered to any current, former or new employees, directors or consultants (other than acceleration of Parent Stock Awards as contemplated by this Agreement), or (F) grant any new, or modify any existing, severance, retention benefits, change in control award, or similar compensation or benefit to any Person;

(viii) recognize any labor union or labor organization;

(ix) acquire any material asset or sell, lease or otherwise irrevocably dispose of any of its material assets or properties, or grant any Encumbrance with respect to such material assets or properties;

(x) sell, assign, transfer, license, sublicense or otherwise dispose of any Parent Owned IP or any Parent In-bound License;

(xi) make, change or revoke any material Tax election, fail to pay any income or other material Tax as such Tax becomes due and payable (taking into account extensions of time to file any Tax Return granted in the Ordinary Course of Business of not more than seven (7) months), file any amendment making any material change to any Tax Return, settle or compromise any income or other material Tax liability or submit any voluntary disclosure application, enter into any Tax allocation, sharing, indemnification or other similar agreement or arrangement (other than customary commercial contracts entered into in the Ordinary Course of Business the principal subject matter of which is not Taxes), request or consent to any extension or waiver of any limitation period with respect to any claim or assessment for any income or other material Taxes (other than pursuant to an extension of time to file any Tax Return granted in the Ordinary Course of Business of not more than seven (7) months), or adopt or change any material accounting method in respect of Taxes;

(xii) enter into, materially amend or terminate any Parent Material Contract or Contract that would be deemed a Parent Material Contract if entered into prior to the date hereof;

(xiii) other than as required by Law or GAAP, take any action to change accounting policies or procedures;

(xiv) initiate or settle any Legal Proceeding;

(xv) (A) fail to maintain any material insurance policies in full force and effect prior to the renewal period of any such material insurance policies or (B) fail to exercise renewal rights for any such material insurance policies following the applicable expiration or acquire substantially similar insurance policies;

(xvi) enter into or amend a Contract that would reasonably be expected to prevent or materially impede, interfere with, hinder or delay the consummation of the Contemplated Transactions;

(xvii) enter into a new line of business or start to conduct a line of business; or

(xviii) agree, resolve or commit to do any of the foregoing.

(c) Nothing contained in this Agreement shall give the Company, directly or indirectly, the right to control or direct the operations of Parent prior to the Effective Time. Prior to the Effective Time, Parent shall exercise, consistent with the terms and conditions of this Agreement, complete unilateral control and supervision over its business operations.

4.2 Operation of the Company's Business.

(a) Except (i) as set forth on Schedule 4.2(a) of the Company Disclosure Schedule, (ii) as expressly permitted by or required in accordance this Agreement including in connection with the Concurrent Financing pursuant to Section 5.23, (iii) as required by applicable Law, or (iv) as may be consented to in writing by Parent (which consent shall not be unreasonably withheld, conditioned or delayed), during the Pre-Closing Period, the Company shall (A) conduct its business and operations in the Ordinary Course of Business and in compliance in all material respects with all applicable Laws and the requirements of all Contracts that constitute Company Material Contracts, and (B) continue to pay material outstanding accounts payable and other material current liabilities (including payroll) in the Ordinary Course of Business.

(b) Except (i) as expressly permitted by this Agreement, (ii) as set forth on Schedule 4.2(b) of the Company Disclosure Schedule, (iii) as required by applicable Law (iv) in connection with the Concurrent Financing pursuant to Section 5.23, or (v) with the prior written consent of Parent (which consent shall not be unreasonably withheld, conditioned or delayed), at all times during the Pre-Closing Period, the Company shall not, nor shall it cause or permit any of its Subsidiaries to, do any of the following:

(i) declare, accrue, set aside or pay any dividend or make any other distribution in respect of any shares of its capital stock or repurchase, redeem or otherwise reacquire any shares of its capital stock or other securities (except repurchases from terminated employees, directors or consultants of the Company or in connection with the payment of the exercise price or withholding Taxes incurred upon the exercise, settlement or vesting of any award granted under the Company Benefit Plan in accordance with the terms of such award in effect on the date of this Agreement);

(ii) sell, issue, grant, pledge or otherwise dispose of or encumber or authorize any of the foregoing with respect to: (A) any capital stock or other security of the Company or any of its Subsidiaries (except for shares of Company Class A Common Stock issued upon the valid exercise of Company Options); (B) any option, warrant or right to acquire any capital stock or any other security, other than stock options or restricted stock unit awards granted to employees and service providers in the Ordinary Course of Business which are included in the calculation of the Company Outstanding Shares; or (C) any instrument convertible into or exchangeable for any capital stock or other security of the Company or any of its Subsidiaries;

(iii) except as required to give effect to anything in contemplation of the Closing (including in connection with the Concurrent Financing), amend any of its or its Subsidiaries Organizational Documents, or effect or be a party to any merger, consolidation, share exchange, business combination, recapitalization, reclassification of shares, stock split, reverse stock split or similar transaction except, for the avoidance of doubt, the Contemplated Transactions;

(iv) form any Subsidiary or acquire any equity interest or other interest in any other Entity or enter into a joint venture with any other Entity;

(v) (A) lend money to any Person (except for the advancement of reasonable and customary expenses to employees, directors and consultants in the Ordinary Course of Business), (B) incur or guarantee any indebtedness for borrowed money, (C) guarantee any debt securities of others, (D) other than the incurrence or payment of Transaction Expenses, make any capital expenditure in excess of \$1,000,000 of the budgeted capital expenditure amounts set forth in the Company operating budget delivered to Parent concurrently with the execution of this Agreement (the “**Company Budget**”) or (E) forgive any loans to any Persons, including the Company’s employees, officers, directors or Affiliates;

(vi) recognize any labor union or labor organization;

(vii) acquire any material asset or sell, lease or otherwise irrevocably dispose of any of its material assets or properties, or grant any Encumbrance with respect to such material assets or properties, except in the Ordinary Course of Business;

(viii) dispose of any of its material assets or properties, except in the Ordinary Course of Business;

(ix) sell, assign, transfer, license, sublicense or otherwise dispose of any material Company Owned IP or any material Company Licensed IP, in each case other than pursuant to non-exclusive licenses in the Ordinary Course of Business, the abandonment of patent applications or co-commercialization or partnership transaction, in each case, in the Ordinary Course of Business;

(x) make, change or revoke any material Tax election, fail to pay any income or other material Tax as such Tax becomes due and payable (taking into account extensions of time to file any Tax Return granted in the Ordinary Course of Business of not more than seven (7) months), file any amendment making any material change to any Tax Return, settle or compromise any income or other material Tax liability or submit any voluntary disclosure application, enter into any Tax allocation, sharing, indemnification or other similar agreement or arrangement (other than customary commercial contracts entered into in the Ordinary Course of Business the principal subject matter of which is not Taxes), request or consent to any extension or waiver of any limitation period with respect to any claim or assessment for any income or other material Taxes (other than pursuant to an extension of time to file any Tax Return granted in the Ordinary Course of Business of not more than seven (7) months), or adopt or change any material accounting method in respect of Taxes;

(xi) enter into, materially amend or terminate any Company Material Contract or Contract that would be deemed a Company Material Contract if entered into prior to the date hereof, except in the Ordinary Course of Business;

(xii) except as otherwise consistent with the Company Budget and the incurrence or payment of any Transaction Expenses or other costs or expenses arising as a result of this Agreement and the Contemplated Transactions, make any expenditures or discharge or satisfy any liabilities, in each case, in amounts that exceed the aggregate amount anticipated in the Company Budget by \$1,000,000;

(xiii) other than as required by Law or GAAP, take any action to change accounting policies or procedures;

(xiv) initiate or settle any Legal Proceeding;

(xv) (A) fail to maintain any material insurance policies in full force and effect prior to the renewal period of any such material insurance policies or (B) fail to use commercially reasonable efforts to renew any such material insurance policies following the applicable expiration or acquire substantially similar insurance policies;

(xvi) enter into or amend a Contract that would reasonably be expected to prevent or materially impede, interfere with, hinder or delay the consummation of the Contemplated Transactions;

(xvii) enter into a new line of business or start to conduct a line of business; or

(xviii) agree, resolve or commit to do any of the foregoing.

(c) Nothing contained in this Agreement shall give Parent, directly or indirectly, the right to control or direct the operations of the Company prior to the Effective Time. Prior to the Effective Time, the Company shall exercise, consistent with the terms and conditions of this Agreement, complete unilateral control and supervision over its business operations.

4.3 Access and Investigation.

(a) Subject to the terms of the Confidentiality Agreement, which the Parties agree will continue in full force following the date of this Agreement, during the Pre-Closing Period, upon reasonable notice, Parent, on the one hand, and the Company, on the other hand, shall and shall use commercially reasonable efforts to cause such Party's Representatives to: (a) provide the other Party and such other Party's Representatives with reasonable access during normal business hours to such Party's Representatives, personnel, property and assets and to all existing books, records, Tax Returns, work papers and other documents and information relating to such Party and its Subsidiaries; (b) provide the other Party and such other Party's Representatives with such copies of the existing books, records, Tax Returns, work papers, product data, and other documents and information relating to such Party and its Subsidiaries, and with such additional financial, operating and other data and information regarding such Party and its Subsidiaries as the other Party may reasonably request; (c) permit the other Party's officers and other employees to meet, upon reasonable notice and during normal business hours, with the chief financial officer and other officers and managers of such Party responsible for such Party's financial statements and the internal controls of such Party to discuss such matters as the other Party may reasonably deem necessary or appropriate; and (d) make available to the other Party copies of unaudited financial statements, material operating and financial reports prepared for senior management or the board of directors of such Party, and any material notice, report or other document filed with or sent to or received from any Governmental Body in connection with the Contemplated Transactions. Any investigation conducted by either Parent or the Company pursuant to this Section 4.3 shall be conducted in such manner as not to interfere unreasonably with the conduct of the business of the other Party.

(b) Notwithstanding the foregoing, any Party may restrict the foregoing access to the extent that any Law applicable to such Party requires such Party to restrict or prohibit access to any such properties or information or may redact any of the foregoing documents or reports to the extent necessary to preserve the attorney-client privilege under any circumstances in which such privilege may be jeopardized by such access or the disclosure of such document or report.

4.4 Parent Non-Solicitation.

(a) Parent agrees that, during the Pre-Closing Period, neither it nor any of its Subsidiaries shall, nor shall it or any of its Subsidiaries, authorize any of their respective Representatives to, directly or indirectly, other than relating to communicating, discussing, negotiating or consummating the Asset Dispositions: (i) solicit, initiate or knowingly encourage, induce or facilitate the communication, making, submission or announcement of any Acquisition Proposal or Acquisition Inquiry or take any action that could reasonably be expected to lead to an Acquisition Proposal or Acquisition Inquiry; (ii) furnish any non-public information regarding Parent or any of its Subsidiaries to any Person in connection with or in response to an Acquisition Proposal or Acquisition Inquiry; (iii) engage in discussions (other than to inform any Person of the existence of the provisions in this Section 4.4) or negotiations with any Person with respect to any Acquisition Proposal or Acquisition Inquiry; (iv) approve, endorse or recommend any Acquisition Proposal (subject to Section 5.3); (v) execute or enter into

any letter of intent or any Contract contemplating or otherwise relating to any Acquisition Transaction (other than a confidentiality agreement permitted under this [Section 4.4\(a\)](#)); or (vi) publicly propose to do any of the foregoing; *provided, however*, that, notwithstanding anything contained in this [Section 4.4](#) and subject to compliance with this [Section 4.4](#), prior to obtaining the Required Parent Stockholder Vote, Parent and its Subsidiaries may furnish non-public information regarding Parent or any of its Subsidiaries to, and enter into discussions or negotiations with, any Person in response to a *bona fide* Acquisition Proposal by such Person, which the Parent Board determines in good faith, after consultation with Parent's outside financial advisors and outside legal counsel, constitutes, or is reasonably likely to result in, a Superior Offer (and is not withdrawn) if: (A) none of Parent, any of its Subsidiaries or any of their respective Representatives shall have breached this [Section 4.4](#) in any material respect, (B) the Parent Board concludes in good faith based on the advice of outside legal counsel, that the failure to take such action would be inconsistent with the fiduciary duties of the Parent Board under applicable Law; (C) Parent receives from such Person an executed confidentiality agreement containing provisions (including nondisclosure provisions, use restrictions, non-solicitation provisions, no hire and "standstill" provisions), in the aggregate, at least as favorable to Parent as those contained in the Confidentiality Agreement; and (D) substantially contemporaneously with furnishing any such non-public information to such Person, Parent gives the Company notice of Parent's intention to furnish nonpublic information to, or enter into discussions with, such Person and furnishes such non-public information to the Company (to the extent such information has not been previously furnished by Parent to the Company). Without limiting the generality of the foregoing, Parent acknowledges and agrees that, in the event any Representative of Parent or any of its Subsidiaries (whether or not such Representative is purporting to act on behalf of Parent or any of its Subsidiaries) takes any action that, if taken by Parent or any of its Subsidiaries, would constitute a breach of this [Section 4.4](#), the taking of such action by such Representative shall be deemed to constitute a breach of this [Section 4.4](#) by Parent for purposes of this Agreement.

(b) If Parent, any of its Subsidiaries or any of their respective Representatives receives an Acquisition Proposal or Acquisition Inquiry at any time during the Pre-Closing Period, then Parent shall promptly (and in no event later than two (2) Business Days after Parent becomes aware of such Acquisition Proposal or Acquisition Inquiry) (i) advise the Company orally and in writing of such Acquisition Proposal or Acquisition Inquiry (including the identity of the Person making or submitting such Acquisition Proposal or Acquisition Inquiry), (ii) in the case of a written Acquisition Proposal or Acquisition Inquiry, furnish any written documentation and correspondence to or from Parent, any of its Subsidiaries or any of their respective Representatives, including any subsequent modifications or amendments, and (iii) in the case of an oral Acquisition Proposal or Acquisition Inquiry, provide a written summary of the terms thereof. Parent shall keep the Company reasonably and promptly informed with respect to the status and material terms of any such Acquisition Proposal or Acquisition Inquiry, any material modification, amendment or proposed material modification thereto (including any revision in the amount, form or mix of consideration) and of all verbal or written communications related thereto, together with copies of new written documentation and correspondence to or from Parent, any of its Subsidiaries or any of their respective Representatives as well as written summaries of any material oral communications.

(c) Parent shall immediately cease and cause to be terminated any existing discussions, negotiations and communications with any Person that relate to any Acquisition Proposal or Acquisition Inquiry (other than any Asset Disposition) that has not already been terminated as of the date of this Agreement, immediately terminate access to any non-public information of Parent provided to such Person via an electronic or physical data room and within three (3) Business Days after the date of this Agreement, request the destruction or return of any non-public information of Parent or any of its Subsidiaries provided to such Person as soon as practicable after the date of this Agreement.

4.5 Company Non-Solicitation

(a) The Company agrees that, during the Pre-Closing Period, neither it nor any of its Subsidiaries shall nor shall it or any of its Subsidiaries authorize any of their respective Representatives to, directly or

indirectly: (i) solicit, initiate or knowingly encourage, induce or facilitate the communication, making, submission or announcement of any Acquisition Proposal or Acquisition Inquiry or take any action that could reasonably be expected to lead to an Acquisition Proposal or Acquisition Inquiry; (ii) furnish any non-public information regarding the Company or any of its Subsidiaries to any Person in connection with or in response to an Acquisition Proposal or Acquisition Inquiry; (iii) engage in discussions (other than to inform any Person of the existence of the provisions in this [Section 4.5](#)) or negotiations with any Person with respect to any Acquisition Proposal or Acquisition Inquiry; (iv) approve, endorse or recommend any Acquisition Proposal; (v) execute or enter into any letter of intent or any Contract contemplating or otherwise relating to any Acquisition Transaction; or (vi) publicly propose to do any of the foregoing; *provided, however*, that, that, notwithstanding anything contained in this [Section 4.5](#) and subject to compliance with this [Section 4.5](#), prior to obtaining the Required Company Stockholder Vote, Company and its Subsidiaries may furnish non-public information regarding Company or any of its Subsidiaries to, and enter into discussions or negotiations with, any Person in response to a *bona fide* Acquisition Proposal by such Person, which the Company Board determines in good faith, after consultation with Company's outside financial advisors and outside legal counsel, constitutes, or is reasonably likely to result in, a Superior Offer (and is not withdrawn) if: (A) none of the Company, any of its Subsidiaries or any of their respective Representatives shall have breached this [Section 4.5](#) in any material respect, (B) the Company Board concludes in good faith based on the advice of outside legal counsel, that the failure to take such action would be inconsistent with the fiduciary duties of the Company Board under applicable Law; (C) Company receives from such Person an executed confidentiality agreement containing provisions, in the aggregate, at least as favorable to the Company as those contained in the Confidentiality Agreement; and (D) substantially contemporaneously with furnishing any such non-public information to such Person, the Company gives Parent notice of the Company's intention to furnish nonpublic information to, or enter into discussions with, such Person and furnishes such non-public information to Parent (to the extent such information has not been previously furnished by the Company to Parent). Without limiting the generality of the foregoing, the Company acknowledges and agrees that, in the event any Representative of the Company or any of its Subsidiaries (whether or not such Representative is purporting to act on behalf of the Company or any of its Subsidiaries) takes any action that, if taken by the Company or any of its Subsidiaries, would constitute a breach of this [Section 4.5](#), the taking of such action by such Representative shall be deemed to constitute a breach of this [Section 4.5](#) by the Company for purposes of this Agreement.

(b) If the Company or any of its Subsidiaries or any of their respective Representatives receives an Acquisition Proposal or Acquisition Inquiry at any time during the Pre-Closing Period, then the Company shall promptly (and in no event later than two (2) Business Days after the Company becomes aware of such Acquisition Proposal or Acquisition Inquiry) (i) advise Parent orally and in writing of such Acquisition Proposal or Acquisition Inquiry (including the identity of the Person making or submitting such Acquisition Proposal or Acquisition Inquiry), (ii) in the case of a written Acquisition Proposal or Acquisition Inquiry, furnish any written documentation and correspondence to or from the Company, any of its Subsidiaries or any of their respective Representatives, including any subsequent modifications or amendments, and (iii) in the case of an oral Acquisition Proposal or Acquisition Inquiry, provide a written summary of the terms thereof. The Company shall keep Parent reasonably and promptly informed with respect to the status and material terms of any such Acquisition Proposal or Acquisition Inquiry, any material modification, amendment or proposed material modification thereto (including any revision in the amount, form or mix of consideration) and of all verbal or written communications related thereto, together with copies of new written documentation and correspondence to or from the Company or any of its Subsidiaries or any of their respective Representatives as well as written summaries of any material oral communications.

(c) The Company shall immediately cease or cause to be terminated any existing discussions, negotiations and communications with any Person that relate to any Acquisition Proposal or Acquisition Inquiry that has not already been terminated as of the date of this Agreement, immediately terminate access to any non-public information of the Company provided to such Person via an electronic or physical data room and within three (3) Business Days after the date of this Agreement, request the destruction or return of any

non-public information of the Company or any of its Subsidiaries provided to such Person as soon as practicable after the date of this Agreement.

4.6 Notification of Certain Matters.

(a) During the Pre-Closing Period, the Company shall promptly (and in no event later than two (2) Business Days after the Company becomes aware of the same) notify Parent (and, if in writing, furnish copies of any relevant documents) if any of the following occurs: (i) any notice or other communication is received from any Person alleging that the Consent of such Person is or may be required in connection with any of the Contemplated Transactions; (ii) any Legal Proceeding against or involving or otherwise affecting the Company or any of its Subsidiaries is commenced, or, to the knowledge of the Company, threatened against the Company or any of its Subsidiaries or, to the knowledge of the Company, any director or officer of the Company or any of its Subsidiaries; (iii) the Company or any of its Subsidiaries becomes aware of any inaccuracy in any representation or warranty made by it in this Agreement; or (iv) the failure of the Company to comply with any covenant or obligation of the Company; in each case of clauses (i) through (iv), that could reasonably be expected to make the timely satisfaction of any of the conditions set forth in Sections 6 or 7, as applicable, impossible or materially less likely. No notification given to Parent pursuant to this Section 4.6(a) shall change, limit or otherwise affect any of the representations, warranties, covenants or obligations of the Company or any of its Subsidiaries contained in this Agreement or the Company Disclosure Schedule for purposes of Sections 6 and 7, as applicable.

(b) During the Pre-Closing Period, Parent shall promptly (and in no event later than two (2) Business Days after Parent becomes aware of the same) notify the Company (and, if in writing, furnish copies of any relevant documents) if any of the following occurs: (i) any notice or other communication is received from any Person alleging that the Consent of such Person is or may be required in connection with any of the Contemplated Transactions; (ii) any Legal Proceeding against or involving or otherwise affecting Parent or any of its Subsidiaries is commenced, or, to the knowledge of Parent, threatened against Parent or any of its Subsidiaries or, to the knowledge of Parent, any director or officer of Parent or any of its Subsidiaries; (iii) Parent becomes aware of any inaccuracy in any representation or warranty made by it in this Agreement; or (iv) the failure of Parent to comply with any covenant or obligation of Parent or Merger Sub; in each case of clauses (i) through (iv), that could reasonably be expected to make the timely satisfaction of any of the conditions set forth in Sections 6 or 8, as applicable, impossible or materially less likely. No notification given to the Company pursuant to this Section 4.6(b) shall change, limit or otherwise affect any of the representations, warranties, covenants or obligations of Parent or any of its Subsidiaries contained in this Agreement or the Parent Disclosure Schedule for purposes of Sections 6 and 8, as applicable.

4.7 Potentially Transferable Assets. Prior to the Closing, Parent will use reasonable best efforts to sell, transfer, license, assign or otherwise divest the Potentially Transferable Assets to one or more third parties in one or a series of transactions (each an “*Asset Disposition*” and collectively, the “*Asset Dispositions*”); *provided that* an Asset Disposition that would require approval of Parent’s stockholders under applicable Law cannot be consummated until after the Closing. Subject to the provisions of this Section 4.7 and the CVR Agreement, Parent may, in contemplation of the Asset Dispositions, (a) establish one (1) or more Subsidiaries to hold the Potentially Transferable Assets, (b) transfer to any such Subsidiary any or all of the Potentially Transferable Assets and the liabilities and obligations related thereto and (c) take such other steps that are reasonably necessary to prepare for the Asset Dispositions. For clarity, if Parent transfers the Potentially Transferable Assets to one or more Subsidiaries, the terms of this Section 4.7 shall apply to such Subsidiaries in addition to Parent. Each Party further acknowledges that Parent may not be successful in completing the Asset Dispositions. Notwithstanding the foregoing, any such Asset Disposition shall require, to the extent consistent with applicable Laws, the prior written consent of the Company (not to be unreasonably withheld, conditioned or delayed if such Asset Disposition would create any post-disposition liabilities or indemnity obligations for Parent following the Closing; *provided that* the Company will be deemed to have granted its consent required by Section 4.7 if it does not provide its written response within five (5) Business Days of receiving a written request for the Company’s

consent to an Asset Disposition, which request will include a summary of the key terms and a copy of the transaction agreement, if available).

4.8 **Parent Distributions.** At any time during the Pre-Closing Period, Parent shall declare one (1) or more distributions on the shares of Parent Common Stock and, if applicable, securities convertible into or exchangeable or exercisable for shares of Parent Common Stock outstanding as of each Parent Distribution Record Date (excluding for the avoidance of doubt any shares of Parent Common Stock issuable pursuant to the Contemplated Transactions) up to an aggregate amount equal to the aggregate of the amount by which Parent Net Cash will equal or exceed \$0 (excluding any proceeds from any Asset Disposition in accordance with [Section 4.7](#), to the extent contingent or to be received following the date for payment of such distributions) (each, a “**Parent Distribution**” and each such amount declared to be paid, a “**Parent Distribution Amount**”); *provided* that (a) only one (1) Parent Distribution may be declared prior to the Parent Stockholders’ Meeting held in accordance with [Section 5.3\(a\)](#), any if such Parent Distribution is declared, such declared Parent Distribution Amount shall not exceed an aggregate amount equal to \$50,000,000, (b) Parent shall deliver to the Company for its prior review and approval (such approval not to be unreasonably withheld, conditioned or delayed), (i) at least five (5) Business Days prior to the date that Parent Board authorizes and approves each Parent Distribution Record Date, the form of Parent Board resolutions authorizing and approving each such Parent Distribution Record Date and the payment and calculation of each such Parent Distribution, (ii) each form of press release or public announcement to be issued by Parent in connection therewith, (iii) the form of any filing to be filed by Parent with the SEC in connection therewith, including any Current Report on Form 8-K and (iv) any announcement or notification to be made to Nasdaq by Parent in connection therewith and (c) on or prior to the earlier of the date for the payment of each such Parent Distribution or the Closing Date, if permitted by Parent’s transfer agent, Parent shall deposit each Parent Distribution Amount with Parent’s transfer agent for further distribution to the holders of the shares of Parent Common Stock and, if applicable, securities convertible into or exchangeable or exercisable for shares of Parent Common Stock outstanding as of each Parent Distribution Record Date (subject to any adjustments as required by Nasdaq’s due bills period requirements), which such payments for further distribution by Parent’s transfer agent to the holders of shares of Parent Common Stock and, if applicable, securities convertible into or exchangeable or exercisable for shares of Parent Common Stock may be paid following the Closing Date; *provided* that Parent shall use its reasonable best efforts to deliver all documents required to be delivered to the transfer agent in connection with such Distributions prior to the Closing Date.

Section 5. ADDITIONAL AGREEMENTS OF THE PARTIES

5.1 Registration Statement; Proxy Statement.

(a) As promptly as practicable after the date of this Agreement, the Parties shall prepare, and Parent shall cause to be filed with the SEC, the Registration Statement, in which the Proxy Statement will be included as a part. Parent covenants and agrees that the Registration Statement (and the letter to stockholders, notice of meeting and form of proxy included therewith) will not, at the time that the Proxy Statement or any amendments or supplements thereto are filed with the SEC, at the time the Proxy Statement or any amendments or supplements thereto are first mailed to Parent’s stockholders and at the time of the Parent Stockholder’s Meeting, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading. The Company covenants and agrees that the information provided by or on behalf of the Company or its Representatives to Parent for inclusion in the Registration Statement (including the Company Audited Financial Statements or the Company Interim Financial Statements, as the case may be) will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make such information not misleading. Parent makes no covenant, representation or warranty with respect to statements made in the Registration Statement (and the letter to stockholders, notice of meeting and form of proxy included therewith), if any, based on information provided by or on behalf of the Company or any of its Representatives for inclusion therein, and the Company makes no covenant, representation or warranty with

respect to statements made in the Registration Statement (and the letter to stockholders, notice of meeting and form of proxy included therewith), if any, other than with respect to the information provided by or on behalf of the Company, or any of its Representatives for inclusion therein. The Company and its legal counsel shall be given reasonable opportunity to review and comment on the Registration Statement, including all amendments and supplements thereto, prior to the filing thereof with the SEC, and on the response to any comments of the SEC on the Registration Statement, prior to the filing thereof with the SEC; *provided* that any such filings shall be subject to the consent of the Company (not to be unreasonably withheld, conditioned or delayed). Parent shall provide the Company with copies of any written comments, and shall inform the Company of any oral comments, that Parent receives from the SEC or its staff with respect to the Registration Statement promptly after the receipt of such comments. Parent shall use commercially reasonable efforts to respond promptly to any comments of the SEC or its staff and to have the Registration Statement declared effective under the Securities Act as promptly as practicable after it is filed with the SEC; *provided* that any such response shall be subject to the consent of the Company (not to be unreasonably withheld, conditioned or delayed). Each of the Parties shall use commercially reasonable efforts to cause the Proxy Statement to be mailed to Parent's stockholders as promptly as practicable after the Registration Statement is declared effective under the Securities Act. Each Party shall promptly furnish to the other Party all information concerning such Party and such Party's Affiliates and such Party's stockholders that may be required or reasonably requested in connection with any action contemplated by this [Section 5.1](#). If Parent, Merger Sub or the Company become aware of any event or information that, pursuant to the Securities Act or the Exchange Act, should be disclosed in an amendment or supplement to the Registration Statement or Proxy Statement, as the case may be, then such Party, as the case may be, shall promptly inform the other Parties thereof and shall cooperate with such other Parties in filing such amendment or supplement with the SEC and, if appropriate, in mailing such amendment or supplement to Parent's stockholders. The Company and Parent shall each use commercially reasonable efforts to cause the Registration Statement and the Proxy Statement to comply with the applicable rules and regulations promulgated by the SEC and applicable federal and state securities Laws requirements.

(b) The Parties shall reasonably cooperate with each other and provide, and require their respective Representatives to provide, the other Party and its Representatives, with all true, correct and complete information regarding such Party or its Subsidiaries that is required by Law to be included in the Registration Statement and the Proxy Statement or reasonably requested by the other Party to be included in the Registration Statement and the Proxy Statement.

(c) If, in connection with the preparation and filing of the Registration Statement, the SEC requests or requires that a tax opinion be prepared and submitted regarding the Intended Tax Treatment (a "**Tax Opinion**") (i) each of Parent and the Company shall deliver to Cooley LLP and Ropes & Gray LLP, respectively, customary tax representation letters satisfactory to its counsel, dated and executed as of the date the Registration Statement that shall have been declared effective by the SEC and such other date(s) as determined reasonably necessary by such counsel in connection with the preparation and filing of the Registration Statement, which counsel shall be entitled to rely upon in rendering its Tax Opinion, and (ii) the Company and Parent shall each use its reasonable best efforts to cause Cooley LLP and Ropes & Gray LLP to furnish a Tax Opinion with respect to the Intended Tax Treatment. For the avoidance of doubt, in no event shall any such Tax Opinion be a condition to the Closing.

5.2 Company Information Statement: Stockholder Written Consent.

(a) Promptly after the Registration Statement shall have been declared effective under the Securities Act, and in any event no later than three (3) Business Days thereafter, the Company shall prepare, with the cooperation of Parent, and cause to be delivered to its stockholders an information statement, which shall include a copy of the Proxy Statement (the "**Information Statement**"), to solicit the approval by written consent from the Company Signatories, including the Company stockholders sufficient for the Required Company Stockholder Vote in lieu of a meeting pursuant to Section 228 of the DGCL, for purposes of: (i) adopting and approving this Agreement and the Contemplated Transactions, (ii) acknowledging that the approval given

thereby is irrevocable and that such stockholder is aware of its rights to demand appraisal for its shares of Company Capital Stock pursuant to Section 262 of the DGCL, a true and correct copy of which will be attached thereto, and that such stockholder has received and read a copy of Section 262 of the DGCL and (iii) acknowledging that by its approval of the Merger it is not entitled to appraisal rights with respect to its shares of Company Capital Stock in connection with the Merger and thereby waives any rights to receive payment of the fair value of its shares of Company Capital Stock under the DGCL (collectively, the “**Company Stockholder Matters**”). Under no circumstances shall the Company assert that any approval or consent other than the Required Company Stockholder Vote is necessary for its stockholders or otherwise to approve this Agreement and the Contemplated Transactions. All materials (including any amendments thereto) submitted to the stockholders of the Company in accordance with this [Section 5.2\(a\)](#) shall be subject to Parent’s advance review and reasonable approval (such approval not to be unreasonably withheld, conditioned or delayed). The Parties shall reasonably cooperate with each other and provide, and require their respective Representatives to provide, the other Party and its Representatives with all true, correct and complete information regarding such Party or its Subsidiaries that is required by applicable Law to be included in the Information Statement or reasonably requested by the other Party to be included in the Information Statement.

(b) The Company covenants and agrees that the Information Statement, including any pro forma financial statements included therein (and the letter to stockholders and form of Company Stockholder Written Consent included therewith), will not, at the time that the Information Statement or any amendment or supplement thereto is first mailed, distributed or otherwise made available to the stockholders of the Company, at the time of receipt of the Required Company Stockholder Vote and at the Effective Time, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading. Notwithstanding the foregoing, the Company makes no covenant, representation or warranty with respect to statements made in the Information Statement (and the letter to the stockholders and form of Company Stockholder Written Consent included therewith), if any, based on information furnished in writing by Parent or any of its Representatives specifically for inclusion therein. Each of the Parties shall use commercially reasonable efforts to cause the Information Statement to comply with the applicable rules and regulations promulgated by the SEC and applicable federal and state securities Laws requirements.

(c) Promptly following receipt of the Required Company Stockholder Vote, the Company shall prepare and deliver a notice (the “**Stockholder Notice**”) to every stockholder of the Company that did not execute the Company Stockholder Written Consent. The Stockholder Notice shall (i) be a statement to the effect that the Company Board determined that the Merger is advisable in accordance with Section 251(b) of the DGCL and in the best interests of the stockholders of the Company and authorized, approved and adopted this Agreement, the Merger and the other Contemplated Transactions, (ii) provide the stockholders of the Company to whom it is sent with notice of the actions taken in the Company Stockholder Written Consent, including the adoption and approval of this Agreement, the Merger and the other Contemplated Transactions in accordance with Section 228(e) of the DGCL and the Organizational Documents of the Company, and (iii) include a description of the appraisal rights of the Company’s stockholders available under the DGCL, along with such other information as is required thereunder and pursuant to applicable Law. All materials (including any amendments thereto) submitted to the stockholders of the Company in accordance with this [Section 5.2\(c\)](#) shall be subject to Parent’s advance review and reasonable approval (such approval not to be unreasonably withheld, conditioned or delayed).

(d) The Company agrees that: (i) the Company Board shall recommend that the Company’s stockholders vote to approve the Company Stockholder Matters and shall use reasonable best efforts to solicit such approval from the Company’s stockholders within the time set forth in [Section 5.2\(a\)](#) (the recommendation of the Company Board that the Company’s stockholders vote to adopt and approve the Company Stockholder Matters being referred to as the “**Company Board Recommendation**”); and (ii) (1) the Company Board Recommendation shall not be withdrawn or modified, (2) the Company Board shall not publicly propose to withdraw or modify the Company Board Recommendation and (3) no resolution by the Company Board or any

committee thereof to withdraw or modify the Company Board Recommendation or to adopt, approve or recommend (or publicly propose to adopt, approve or recommend) any Acquisition Proposal shall be adopted or proposed (the actions set forth in the foregoing clause (ii), if taken, shall constitute, in each case, a “**Company Board Adverse Recommendation Change**”).

(e) Notwithstanding anything to the contrary contained in this Agreement, and subject to compliance with [Section 4.5](#) and this [Section 5.2\(e\)](#), if at any time prior to the approval of the Company Stockholder Matters:

(i) If the Company has received a *bona fide* Acquisition Proposal (which Acquisition Proposal did not arise out of a material breach of [Section 4.5](#)) from any Person that has not been withdrawn and after consultation with outside legal counsel, the Company Board shall have determined, in good faith, that such Acquisition Proposal is a Superior Offer, the Company Board may make a Company Board Adverse Recommendation Change if and only if: (A) the Company Board determines in good faith, after consultation with the Company’s outside legal counsel and financial advisor, that the failure to do so would be inconsistent with the fiduciary duties of the Company Board to the Company’s stockholders under applicable Law; (B) the Company shall have given Parent prior written notice of its intention to consider making a Company Board Adverse Recommendation Change at least four (4) Business Days prior to making any such Company Board Adverse Recommendation Change (a “**Company Determination Notice**”; and such period the “**Company Notice Period**”) (which notice shall not constitute a Company Board Adverse Recommendation Change); and (C) (1) the Company shall have provided to Parent a description in reasonable detail of the reasons for such Company Board Adverse Recommendation Change the identity of the party making the Acquisition Proposal, a summary of the material terms and conditions of the Acquisition Proposal and written copies of any relevant proposed transaction documents (including with respect to financing arrangements), in accordance with [Section 4.5\(b\)](#), (2) the Company shall have given Parent the three (3) Business Days after the Company Determination Notice to propose revisions to the terms of this Agreement or make another proposal and shall have made its Representatives reasonably available to negotiate in good faith with Parent (to the extent Parent desires to negotiate) with respect to such proposed revisions or other proposal, if any, and (3) after considering the results of any such negotiations and giving effect to the proposals made by Parent, if any, after consultation with outside legal counsel, the Company Board shall have determined, in good faith, that such Acquisition Proposal is a Superior Offer and that the failure to make the Company Board Adverse Recommendation Change would be inconsistent with the fiduciary duties of the Company Board to the Company’s stockholders under applicable Law; *provided* during any Company Notice Period, Parent shall be entitled to deliver to the Company one or more counterproposals to such Acquisition Proposal and the Company will, and cause its Representatives to, negotiate with Parent in good faith (to the extent Parent desires to negotiate) to enable Parent to propose in writing an offer binding on Parent to effect such adjustments to the terms and conditions of this Agreement so that the applicable Acquisition Proposal ceases to constitute a Superior Offer. For the avoidance of doubt, the provisions of this [Section 5.2\(e\)\(i\)](#) shall also apply to any material change to the facts and circumstances relating to such Acquisition Proposal or any amendment to such Acquisition Proposal (including any revision in the amount, form or mix of consideration), and require a new Company Determination Notice and the Company shall be required to provide Parent with notice of such material change or amendment, except that the references to four (4) Business Days shall be deemed to be two (2) Business Days.

(ii) Other than in connection with an Acquisition Proposal, the Company Board may make a Company Board Adverse Recommendation Change in response to a Company Change in Circumstance, if and only if: (A) the Company Board determines in good faith, after consultation with the Company’s outside legal counsel, that the failure to do so would be inconsistent with the fiduciary duties of the Company Board to the Company’s stockholders under applicable Law; (B) the Company shall have given Parent a Company Determination Notice at least four (4) Business Days prior to making any such Company Board Adverse Recommendation Change; and (C) (1) the Company shall have specified the Company Change in Circumstance in reasonable detail, including the material facts and circumstances related to the applicable Company Change in Circumstance, (2) the Company shall have given Parent the three (3) Business Days after the Company

Determination Notice to propose revisions to the terms of this Agreement or make another proposal, and shall have made its Representatives reasonably available to negotiate in good faith with Parent (to the extent Parent desires to do so) with respect to such proposed revisions or other proposal, if any, and (3) after considering the results of any such negotiations and giving effect to the proposals made by Parent, if any, after consultation with outside legal counsel, the Company Board shall have determined, in good faith, that the failure to make the Company Board Adverse Recommendation Change in response to such Company Change in Circumstance would be inconsistent with the fiduciary duties of the Company Board to the Company's stockholders under applicable Law. For the avoidance of doubt, the provisions of this 5.2(e)(ii) shall also apply to any material change to the facts and circumstances relating to such Company Change in Circumstance, and require a new Company Determination Notice and the Company shall be required to provide Parent with notice of such material change, except that the references to four (4) Business Days shall be deemed to be two (2) Business Days.

(f) Unless this Agreement is otherwise terminated pursuant to Section 9.1, the Company's obligation to solicit the consent of its stockholders to sign the Company Stockholder Written Consent in accordance with Section 5.2(a) and Section 5.2(d) shall not be limited or otherwise affected by the commencement, disclosure, announcement or submission of any Superior Offer or other Acquisition Proposal or by any Company Board Adverse Recommendation Change.

5.3 Parent Stockholders' Meeting.

(a) Promptly after the Registration Statement has been declared effective by the SEC under the Securities Act, Parent shall take all action necessary under applicable Law to call, give notice of and hold a meeting of the holders of Parent Common Stock for the purpose of seeking approval of (the "**Parent Stockholders' Meeting**");

(i) (A) the issuance of Parent Common Stock or other securities of Parent that represent (or are convertible into) more than twenty percent (20%) of the shares of Parent Common Stock outstanding immediately prior to the Merger to the holders of Company Capital Stock and Company Options in connection with the Contemplated Transactions pursuant to the Nasdaq rules and (B) the change of control of Parent resulting from the Merger pursuant to the Nasdaq rules;

(ii) the approval of the Parent Charter Amendment to (A) change the name of Parent to "Avenzo Therapeutics, Inc.", (B) effect the Nasdaq Reverse Split and (C) effect the Authorized Share Increase (the matters contemplated by Section 5.3(a)(i) and Section 5.3(a)(ii)(A) and (B), the "**Parent Stockholder Matters**," and the matter contemplated by Section 5.3(a)(ii)(C), the "**Authorized Share Increase Proposal**");

(iii) the Equity Plan Proposals; and

(iv) any other proposals the Parties deem necessary to consummate the Contemplated Transactions.

(b) The Parent Stockholders' Meeting shall be held as promptly as practicable after the Registration Statement is declared effective under the Securities Act and, in any event, no later than forty-five (45) calendar days after the effective date of the Registration Statement. Parent shall take reasonable measures to ensure that all proxies solicited in connection with the Parent Stockholders' Meeting are solicited in compliance with all applicable Laws. Notwithstanding anything to the contrary contained herein, if on the date of the Parent Stockholders' Meeting, or a date preceding the date on which the Parent Stockholders' Meeting is scheduled, Parent reasonably believes that (i) it will not receive proxies sufficient to obtain the Required Parent Stockholder Vote or the approval of the Authorized Share Increase Proposal, whether or not a quorum would be present, or (ii) it will not have sufficient shares of Parent Common Stock represented (whether in person or by proxy) to constitute a quorum necessary to conduct the business of the Parent Stockholders' Meeting, Parent may postpone

or adjourn, or make one or more successive postponements or adjournments of, the Parent Stockholders' Meeting as long as the date of the Parent Stockholders' Meeting is not postponed or adjourned more than an aggregate of thirty (30) calendar days in connection with any postponements or adjournments.

(c) Parent agrees that, subject to [Section 5.3\(d\)](#): (i) the Parent Board shall recommend that the holders of Parent Common Stock vote to approve the Parent Stockholder Matters, the Authorized Share Increase Proposal and the Equity Plan Proposals and shall use commercially reasonable efforts to solicit such approval within the timeframe set forth in [Section 5.3\(b\)](#) above; (ii) the Proxy Statement shall include a statement to the effect that the Parent Board recommends that Parent's stockholders vote to approve the Parent Stockholder Matters, the Authorized Share Increase Proposal and the Equity Plan Proposals (the recommendation of the Parent Board with respect to the Parent Stockholder Matters being referred to as the "**Parent Board Recommendation**"); and (iii) (1) the Parent Board Recommendation shall not be withheld, amended, withdrawn or modified, (2) the Parent Board shall not publicly propose to withhold, amend, withdraw or modify the Parent Board Recommendation, (3) no resolution by the Parent Board or any committee thereof to withdraw or modify the Parent Board Recommendation or to adopt, approve or recommend (or publicly propose to adopt, approve or recommend) any Acquisition Proposal shall be adopted or proposed, and (4) the Parent Board shall not publicly announce an intention or resolution to effect any of the foregoing (the actions set forth in the foregoing clause (iii), if taken, shall constitute, in each case, a "**Parent Board Adverse Recommendation Change**").

(d) Notwithstanding anything to the contrary contained in this Agreement, and subject to compliance with [Section 4.4](#) and this [Section 5.3\(d\)](#), if at any time prior to the approval of the Parent Stockholder Matters at the Parent Stockholders' Meeting by the Required Parent Stockholder Vote:

(i) If Parent has received a *bona fide* Acquisition Proposal (which Acquisition Proposal did not arise out of a material breach of [Section 4.4](#)) from any Person that has not been withdrawn and after consultation with outside legal counsel, the Parent Board shall have determined, in good faith, that such Acquisition Proposal is a Superior Offer, the Parent Board may make a Parent Board Adverse Recommendation Change if and only if: (A) the Parent Board determines in good faith, after consultation with Parent's outside legal counsel and financial advisor, that the failure to do so would be inconsistent with the fiduciary duties of the Parent Board to Parent's stockholders under applicable Law; (B) Parent shall have given the Company prior written notice of its intention to consider making a Parent Board Adverse Recommendation Change at least four (4) Business Days prior to making any such Parent Board Adverse Recommendation Change (a "**Determination Notice**"; and such period the "**Parent Notice Period**") (which notice shall not constitute a Parent Board Adverse Recommendation Change); and (C) (1) Parent shall have provided to the Company a description in reasonable detail of the reasons for such Parent Board Adverse Recommendation Change, the identity of the party making the Acquisition Proposal, a summary of the material terms and conditions of the Acquisition Proposal and written copies of any relevant proposed transaction documents (including with respect to financing arrangements), in accordance with [Section 4.4\(b\)](#), (2) Parent shall have given the Company the three (3) Business Days after the Determination Notice to propose revisions to the terms of this Agreement or make another proposal and shall have made its Representatives reasonably available to negotiate in good faith with the Company (to the extent the Company desires to negotiate) with respect to such proposed revisions or other proposal, if any, and (3) after considering the results of any such negotiations and giving effect to the proposals made by the Company, if any, after consultation with outside legal counsel, the Parent Board shall have determined, in good faith, that such Acquisition Proposal is a Superior Offer and that the failure to make the Parent Board Adverse Recommendation Change would be inconsistent with the fiduciary duties of the Parent Board to Parent's stockholders under applicable Law; *provided* during any Parent Notice Period, the Company shall be entitled to deliver to Parent one or more counterproposals to such Acquisition Proposal and Parent will, and cause its Representatives to, negotiate with the Company in good faith (to the extent the Company desires to negotiate) to enable the Company to propose in writing an offer binding on the Company to effect such adjustments to the terms and conditions of this Agreement so that the applicable Acquisition Proposal ceases to constitute a Superior Offer. For the avoidance of doubt, the provisions of this [Section 5.3\(d\)\(i\)](#) shall also apply to any material change to the facts and circumstances relating to such Acquisition Proposal or any amendment to such Acquisition Proposal

(including any revision in the amount, form or mix of consideration), and require a new Determination Notice and Parent shall be required to provide the Company with notice of such material change or amendment, except that the references to four (4) Business Days shall be deemed to be two (2) Business Days.

(ii) Other than in connection with an Acquisition Proposal, the Parent Board may make a Parent Board Adverse Recommendation Change in response to a Parent Change in Circumstance, if and only if: (A) the Parent Board determines in good faith, after consultation with Parent's outside legal counsel, that the failure to do so would be inconsistent with the fiduciary duties of the Parent Board to Parent's stockholders under applicable Law; (B) Parent shall have given the Company a Determination Notice at least four (4) Business Days prior to making any such Parent Board Adverse Recommendation Change; and (C) (1) Parent shall have specified the Parent Change in Circumstance in reasonable detail, including the material facts and circumstances related to the applicable Parent Change in Circumstance, (2) Parent shall have given the Company the three (3) Business Days after the Determination Notice to propose revisions to the terms of this Agreement or make another proposal, and shall have made its Representatives reasonably available to negotiate in good faith with the Company (to the extent the Company desires to do so) with respect to such proposed revisions or other proposal, if any, and (3) after considering the results of any such negotiations and giving effect to the proposals made by the Company, if any, after consultation with outside legal counsel, the Parent Board shall have determined, in good faith, that the failure to make the Parent Board Adverse Recommendation Change in response to such Parent Change in Circumstance would be inconsistent with the fiduciary duties of the Parent Board to Parent's stockholders under applicable Law. For the avoidance of doubt, the provisions of this [Section 5.3\(d\)\(ii\)](#) shall also apply to any material change to the facts and circumstances relating to such Parent Change in Circumstance, and require a new Determination Notice and Parent shall be required to provide the Company with notice of such material change, except that the references to four (4) Business Days shall be deemed to be two (2) Business Days.

(e) Nothing contained in this Agreement shall prohibit Parent or the Parent Board from (i) complying with Rules 14d-9 and 14e-2(a) promulgated under the Exchange Act, (ii) issuing a "stop, look and listen" communication or similar communication of the type contemplated by Section 14d-9(f) under the Exchange Act or (iii) otherwise making any disclosure to Parent's stockholders; *provided, however*, that, in the case of the foregoing clause (iii), the Parent Board determines in good faith, after consultation with its outside legal counsel, that failure to make such disclosure would be inconsistent with applicable Law, including its fiduciary duties under applicable Law.

(f) Unless this Agreement is otherwise terminated pursuant to [Section 9.1](#), Parent's obligation to call, give notice of and hold the Parent Stockholders' Meeting in accordance with [Section 5.3\(b\)](#) shall not be limited or otherwise affected by the commencement, disclosure, announcement or submission of any Acquisition Proposal or by any Parent Board Adverse Recommendation Change.

5.4 [Regulatory Approvals](#).

(a) Notwithstanding the generality of [Section 5.7](#), each Party shall use reasonable best efforts to file or otherwise submit as promptly as practicable all applications, notices, reports and other documents required to be filed by such Party with or otherwise submitted by such Party to any Governmental Body with respect to the Contemplated Transactions, and to submit promptly any additional information requested by any such Governmental Body.

(b) Parent and the Company shall consult and cooperate with one another, and consider in good faith the views of one another, in connection with, and provide to the other in advance (to the extent legally permissible), any analyses, presentations, memoranda, briefs, arguments, opinions and proposals made or submitted by or on behalf of any party hereto in connection with proceedings under or relating to the Antitrust Laws. Without limiting the foregoing, the Parties agree (i) to give each other reasonable advance notice of all meetings or substantive communications with any Governmental Body relating to any Antitrust Laws, (ii) to give

each other an opportunity to participate in each of such meetings, (iii) to the extent practicable, to give each other reasonable advance notice of all substantive oral communications with any Governmental Body relating to any Antitrust Laws, (iv) if any Governmental Body initiates a substantive oral communication regarding any Antitrust Laws, to promptly notify the other party of the substance of such communication, (v) to provide each other with a reasonable advance opportunity to review and comment upon all written communications (including any analyses, presentations, memoranda, briefs, arguments, opinions and proposals) with a Governmental Body regarding any Antitrust Laws and (vi) to provide each other with copies of all written communications from any Governmental Body relating to any Antitrust Laws. Any such disclosures or provision of copies by one party to the other may be made on an outside counsel basis if appropriate.

(c) Each Party shall bear its own expenses and costs incurred by such Party in connection with any filings and submissions pursuant to Antitrust Laws.

(d) In the event that any Legal Proceeding is instituted (or threatened to be instituted) by a Governmental Body challenging the Merger, each of Parent, Merger Sub and the Company shall cooperate in all respects with each other and shall use reasonable best efforts to contest and resist any such Legal Proceeding and to have vacated, lifted, reversed or overturned any decree, judgment, injunction or other order, whether temporary, preliminary or permanent, that is in effect and that prohibits, prevents or restricts consummation of the Merger; *provided, however*, that the Company may, in its sole discretion, determine to settle such challenge provided that the terms of such settlement do not prevent or unreasonably delay consummation of the Merger.

(e) Neither Party shall, and each Party shall cause its Subsidiaries and Affiliates not to, acquire or agree to acquire any rights, interests, assets, business, Person or division thereof (whether through acquisition, license, joint venture, collaboration or otherwise), or take any other actions, if such acquisition or action would reasonably be expected to (i) prevent, materially delay, or adversely affect in any material respect the ability of the Parties to consummate the any of the Contemplated Transactions, or (ii) result in any Party being required to obtain any clearance, consent, approval, waiver, waiting period expiration or termination, non-action or other authorization under any Laws with respect to any of the Contemplated Transactions.

5.5 Company Options.

(a) At the Effective Time, each Company Option that is outstanding and unexercised immediately prior to the Effective Time under the Company's 2022 Equity Incentive Plan, as may be amended from time to time (the "**Company EIP**"), whether or not vested, shall be converted into and become an option to purchase Parent Common Stock, and Parent shall assume the Company EIP and each such Company Option in accordance with the terms (as in effect as of the date of this Agreement) of the Company EIP and the terms of the stock option agreement by which such Company Option is evidenced (but with changes to such documents as Parent in good faith determines are appropriate to reflect the substitution of the Company Options by Parent to purchase shares of Parent Common Stock). All rights with respect to Company Class A Common Stock under Company Options assumed by Parent shall thereupon be converted into rights with respect to Parent Common Stock. Accordingly, from and after the Effective Time: (i) each Company Option assumed by Parent may be exercised solely for shares of Parent Common Stock; (ii) the number of shares of Parent Common Stock subject to each Company Option assumed by Parent shall be determined by multiplying (A) the number of shares of Company Class A Common Stock that were subject to such Company Option, as in effect immediately prior to the Effective Time, by (B) the Exchange Ratio, and rounding the resulting number down to the nearest whole number of shares of Parent Common Stock; (iii) the per share exercise price for the Parent Common Stock issuable upon exercise of each Company Option assumed by Parent shall be determined by dividing (A) the per share exercise price of Company Class A Common Stock subject to such Company Option, as in effect immediately prior to the Effective Time, by (B) the Exchange Ratio, and rounding the resulting exercise price up to the nearest whole cent; and (iv) any restriction on the exercise of any Company Option assumed by Parent shall continue in full force and effect and the term, exercisability, vesting schedule and other provisions of such Company Option shall otherwise remain unchanged; *provided, however*, that: (A) to the extent provided under

the terms of the respective grant agreements governing the Company Options and the Company EIP, Parent may amend the terms of the Company Options and the Company EIP, in accordance with the terms thereof to reflect Parent's substitution of the Company Options with options to purchase Parent Common Stock (such as by making any change in control or similar definition relate to Parent and having any provision that provides for the adjustment of Company Options upon the occurrence of certain corporate events relate to corporate events that relate to Parent or Parent Common Stock); and (B) the Parent Board or a committee thereof shall succeed to the authority and responsibility of the Company Board or any committee thereof with respect to each Company Option assumed by Parent. Each Company Option so assumed by Parent is intended to qualify following the Effective Time as an incentive stock option as defined in Section 422 of the Code to the extent permitted under Section 422 of the Code and to the extent such Company Option qualified as an incentive stock option prior to the Effective Time, and, further, the assumption of such Company Option pursuant to this [Section 5.5\(a\)](#) shall be effected in a manner that satisfies the requirements of Sections 409A and 424(a) of the Code and the Treasury Regulations promulgated thereunder, and this [Section 5.5\(a\)](#) will be construed consistent with this intent.

(b) Parent shall file with the SEC, as soon as reasonably practicable after the Effective Time, a registration statement on Form S-8 (or any successor form), if available for use by Parent, relating to the shares of Parent Common Stock that are either (i) issuable with respect to Company Options assumed by Parent in accordance with [Section 5.5\(a\)](#) or (ii) reserved for future grants under the Company EIP.

(c) Prior to the Effective Time, the Company shall take all actions that may be necessary (under the Company EIP and otherwise) to effectuate the provisions of this [Section 5.5](#) and to ensure that, from and after the Effective Time, holders of Company Options have no rights with respect thereto other than those specifically provided in this [Section 5.5](#).

5.6 Indemnification of Officers and Directors.

(a) From the Effective Time through the sixth (6th) anniversary of the date on which the Effective Time occurs, each of Parent and the Surviving Corporation, jointly and severally, shall indemnify and hold harmless each person who is now, or has been at any time prior to the date hereof, or who becomes prior to the Effective Time, a director, officer, fiduciary or agent of Parent or any of its Subsidiaries or the Company, respectively (the "**D&O Indemnified Parties**"), against all claims, losses, liabilities, damages, judgments, fines and reasonable fees, costs and expenses, including attorneys' fees and disbursements, incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of or pertaining to the fact that the D&O Indemnified Party is or was a director, officer, fiduciary or agent of Parent or of the Company or their respective Subsidiaries, whether asserted or claimed prior to, at or after the Effective Time, in each case, to the fullest extent permitted by Parent's Organizational Documents or the Company's Organizational Documents, as applicable, or pursuant to indemnification agreements made available to the Company, as applicable. Each D&O Indemnified Party will be entitled to advancement of expenses incurred in the defense of any such claim, action, suit, proceeding or investigation from each of Parent and the Surviving Corporation, jointly and severally, upon receipt by Parent or the Surviving Corporation from the D&O Indemnified Party of a request therefor; *provided* that any such person to whom expenses are advanced provides an undertaking to Parent, to the extent then required by the DGCL, to repay such advances if it is ultimately determined that such person is not entitled to indemnification.

(b) The provisions of the Organizational Documents of Parent or any of its Subsidiaries with respect to indemnification, advancement of expenses and exculpation of present and former directors and officers of Parent or any of its Subsidiaries that are set forth in the Organizational Documents of Parent or any of its Subsidiaries as of the date of this Agreement shall not be amended, modified or repealed for a period of six (6) years from the Effective Time in a manner that would adversely affect the rights thereunder of individuals who, at or prior to the Effective Time, were officers or directors of Parent or any of its Subsidiaries. The Organizational Documents of the Surviving Corporation shall contain, and Parent shall cause the Organizational Documents of the Surviving Corporation to so contain, provisions no less favorable with respect to

indemnification, advancement of expenses and exculpation of present and former directors and officers as those set forth in the Organizational Documents of the Company as of the date of this Agreement.

(c) From and after the Effective Time, (i) the Surviving Corporation shall fulfill and honor in all respects the obligations of the Company to its D&O Indemnified Parties as of immediately prior to the Closing pursuant to any indemnification provisions under the Organizational Documents of the Company and pursuant to any indemnification agreements between the Company and such D&O Indemnified Parties, with respect to claims arising out of matters occurring at or prior to the Effective Time and (ii) Parent shall fulfill and honor in all respects the obligations of Parent or any of its Subsidiaries to its D&O Indemnified Parties as of immediately prior to the Closing pursuant to any indemnification provisions under the Organizational Documents of Parent or any of its Subsidiaries and pursuant to any indemnification agreements between Parent or any of its Subsidiaries and such D&O Indemnified Parties, with respect to claims arising out of matters occurring at or prior to the Effective Time.

(d) From and after the Effective Time, Parent shall maintain directors' and officers' liability insurance policies, with an effective date as of the Closing Date, on commercially available terms and conditions and with coverage limits customary for U.S. public companies similarly situated to Parent. In addition, Parent shall purchase, prior to the Effective Time, a six (6)-year prepaid "tail policy" for the non-cancellable extension of the directors' and officers' liability coverage of Parent's and any of its Subsidiaries' existing directors' and officers' insurance policies and Parent's existing fiduciary liability insurance policies (if any), in each case, for a claims reporting or discovery period of at least six (6) years from and after the Effective Time with respect to any claim related to any period of time at or prior to the Effective Time. During the term of the "tail" policy, Parent shall not take any action following the Effective Time to cause such "tail" policy to be cancelled or any provision therein to be amended or waived in any manner that would adversely affect in any material respect the rights of its or any of its Subsidiaries' former and current officers and directors.

(e) From and after the Effective Time, Parent shall pay all expenses, including reasonable attorneys' fees, that are incurred by the persons referred to in this [Section 5.6](#) in connection with their successful enforcement of the rights provided to such persons in this [Section 5.6](#).

(f) All rights to exculpation, indemnification and advancement of expenses for acts or omissions occurring at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Closing, now existing in favor of the current or former directors, officers or employees, as the case may be, of Parent or the Company or any of their respective Subsidiaries as provided in their respective Organizational Documents or in any agreement shall survive the Merger and shall continue in full force and effect. The provisions of this [Section 5.6](#) are intended to be in addition to the rights otherwise available to the current and former officers and directors of Parent and the Company and any of their respective Subsidiaries by Law, charter, statute, bylaw or Contract, and shall operate for the benefit of, and shall be enforceable by, each of the D&O Indemnified Parties, their heirs and their representatives.

(g) From and after the Effective Time, in the event Parent or the Surviving Corporation or any of their respective successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger, or (ii) transfers all or substantially all of its properties and assets to any Person, then, and in each such case, proper provision shall be made so that the successors and assigns of Parent or the Surviving Corporation, as the case may be, shall succeed to the obligations set forth in this [Section 5.6](#). Parent shall cause the Surviving Corporation to perform all of the obligations of the Surviving Corporation under this [Section 5.6](#).

(h) The obligations set forth in this [Section 5.6](#) shall not be terminated, amended or otherwise modified in any manner that adversely affects any D&O Indemnified Party, or any person who is a beneficiary under the policies referred to in this [Section 5.6](#) and their heirs and representatives, without the prior written consent of such affected D&O Indemnified Party or such other beneficiary.

5.7 Additional Agreements. The Parties shall, subject to Section 4.5, (a) use commercially reasonable efforts to cause to be taken all actions necessary to consummate the Contemplated Transactions and (b) reasonably cooperate with the other Parties and provide the other Parties with such assistance as may be reasonably requested for the purpose of facilitating the performance by each Party of its respective obligations under this Agreement and to enable the Surviving Corporation to continue to meet its obligations under this Agreement following the Closing. Without limiting the generality of the foregoing, each Party shall use reasonable best efforts to: (i) make all filings and other submissions (if any) and give all notices (if any) required to be made and given by such Party in connection with the Contemplated Transactions, (ii) obtain each Consent (if any) reasonably required to be obtained (pursuant to any applicable Law or Contract, or otherwise) by such Party in connection with the Contemplated Transactions with respect to Contracts set forth in Section 5.7 of the Company Disclosure Schedule to remain in full force and effect, (iii) lift any injunction prohibiting, or any other legal bar to, the Contemplated Transactions and (iv) satisfy the conditions precedent to the consummation of the Merger.

5.8 Public Announcement. The initial press release relating to this Agreement shall be a joint press release issued by the Company and Parent and thereafter Parent and the Company shall consult with each other before issuing any further press release(s) or otherwise making any public statement or making any announcement to Parent Associates or Company Associates (to the extent not previously issued or made in accordance with this Agreement) with respect to the Contemplated Transactions and shall not issue any such press release, public statement or announcement to Parent Associates or Company Associates without the other Party's prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed). Notwithstanding the foregoing: (a) each Party may, without such consultation or prior written consent, make any public statement in response to questions from the press, analysts, investors or those attending industry conferences, make internal announcements to employees and make disclosures in Parent SEC Documents, so long as such statements are consistent with and do not disclose material information not previously disclosed in previous press releases, public disclosures or public statements made jointly by the Parties (or individually, if approved by the other Party); (b) a Party may, without the prior written consent of the other Party but subject to giving advance notice to the other Party of, and consulting with the other Party regarding, the text of such press release, announcement or statement, issue any such press release or make any such public announcement or statement which Parent shall have determined in good faith, upon the advice of legal counsel, is required by any applicable Law; and (c) Parent need not consult with the Company in connection with such portion of any press release, public statement or filing to be issued or made pursuant to Section 5.3(e) or with respect to any Acquisition Proposal or Parent Board Adverse Recommendation Change.

5.9 Listing. Parent shall use its commercially reasonable efforts, (a) to maintain its existing listing on Nasdaq until the Closing Date and to obtain approval of the listing of the combined company on Nasdaq; (b) without derogating from the generality of the requirements of the foregoing clause (a) and to the extent required by the rules and regulations of Nasdaq, to prepare and submit to Nasdaq a notification form for the listing of the shares of Parent Common Stock to be issued in connection with the Contemplated Transactions, and to cause such shares to be approved for listing (subject to official notice of issuance), (c) to effect the Nasdaq Reverse Split, and (d) to the extent required by Nasdaq Marketplace Rule 5110, to file an initial listing application for the Parent Common Stock on Nasdaq (the "Nasdaq Listing Application") and to cause such Nasdaq Listing Application to be conditionally approved prior to the Effective Time. The Parties will use commercially reasonable efforts to coordinate with respect to compliance with Nasdaq rules and regulations and will reasonably promptly inform the other Party of all verbal or written communications between Nasdaq and such Party or its representatives. The Company agrees to pay all Nasdaq fees associated with the Nasdaq Listing Application. The Company will cooperate with Parent as reasonably requested by Parent with respect to the Nasdaq Listing Application and promptly furnish to Parent all information concerning the Company and its stockholders that may be required or reasonably requested in connection with any action contemplated by this Section 5.9.

5.10 Tax Matters.

(a) For U.S. federal income Tax purposes, (i) the Parties intend that the Merger qualify as a “reorganization” within the meaning of Section 368(a) of the Code (the “**Intended Tax Treatment**”), and (ii) this Agreement is intended to be, and is hereby adopted as, a “plan of reorganization” for purposes of Section 354 and 361 of the Code and Treasury Regulations Sections 1.368-2(g) and 1.368-3(a), to which Parent, Merger Sub and the Company are parties under Section 368(b) of the Code.

(b) The Parties shall use their respective reasonable best efforts to cause the Merger to qualify, and will not take (or knowingly fail to take) any action or cause (or knowingly fail to cause) any action to be taken which action would reasonably be expected to prevent the Merger from qualifying, for the Intended Tax Treatment. The Parties shall use commercially reasonable efforts to operate the Surviving Corporation so as to meet the “continuity of business enterprise” requirement and any other requirements pursuant to Section 368(a)(2)(E) of the Code. The Parties shall not file any U.S. federal, state or local Tax Return in a manner that is inconsistent with the treatment of the Merger as a “reorganization” within the meaning of Section 368(a) of the Code for U.S. federal, state and other relevant Tax purposes, unless otherwise required by a “determination” within the meaning of Section 1313(a) of the Code.

(c) At least ten (10) Business Days prior to Closing, Parent will provide the Company with its determinations regarding the applicability of Section 280G of the Code and reasonable supporting calculations to any employee, officer, director or other service provider of Parent or any of its Subsidiaries that, in connection with the Contemplated Transactions (i) may receive the payment of any “parachute payment” within the meaning of Section 280G of the Code or (ii) may receive a benefit in the form of accelerated vesting, payment, funding or delivery of, or increase the amount or value of, any payment or benefit received.

(d) Each Party shall reasonably cooperate and shall cause its respective Affiliates to reasonably cooperate with each other Party and its agents, including accounting firms and legal counsel, in connection with the determination of withholding under [Section 1.12](#) (including the calculation of earnings and profits of Parent), any Tax Proceeding and the preparation of any Tax Return of Parent, the Company or any of its Subsidiaries. Such cooperation shall include each Party making such information and documents in its possession relating to Parent, the Company or any of their Subsidiaries reasonably necessary in connection with any Tax Proceeding or such preparation available to the other Party. The Parties shall retain all Tax Returns, schedules, and work papers, and all material records and other documents relating thereto, until the expiration of the applicable statute of limitations (including, to the extent noticed by any Party, any extensions thereof) of the Tax period to which such Tax Returns and other documents and information relate. Each of the Parties shall also make available to the other Party, as reasonably requested and available on a mutually convenient basis, personnel responsible for preparing, maintaining, and interpreting information and documents relevant to Taxes to provide reasonable explanation of any documents or information provided hereunder. Any information or documents provided under this Agreement shall be kept confidential by the Party receiving such information or documents, except as may otherwise be necessary in connection with the filing of Tax Returns or in connection with a Tax Proceeding.

(e) Fifty percent (50%) of any transfer Taxes shall be borne and paid by each of Parent and the Company if and when due. Each of Parent and the Company shall, at its own expense, timely file any Tax Return or other documents with respect to such Taxes.

(f) Parent and its Subsidiaries shall timely file 2025 U.S. federal, state, and foreign income Tax extensions for their applicable Tax Returns. Neither Parent nor any of its Subsidiaries shall file income Tax Returns or any other income Tax related forms (including but not limited to change in accounting method forms) prior to the close of the Merger unless required to meet due dates required by applicable Law (for which a valid extension cannot be made).

5.11 **Directors and Officers.** The Parties shall take all necessary action so that immediately after the Effective Time, (a) the Parent Board comprises seven (7) members (*provided* that the total number of directors to comprise the Parent Board immediately after the Effective Time may be changed by the Company at any time

prior to the Closing by written notice to Parent), with each member designated by the Company, (b) the Persons to be designated by the Company during the Pre-Closing Period are elected or appointed, as applicable, to the positions of officers of Parent, as set forth therein, to serve in such positions effective as of the Effective Time until successors are duly appointed and qualified in accordance with applicable Law and (c) the Persons to be designated by the Company during the Pre-Closing Period are elected or appointed, as applicable, to the positions of directors of Parent, as set forth therein, and to the classes of such director positions as set forth therein, to serve in such positions effective as of the Effective Time until successors are duly appointed and qualified in accordance with applicable Law. If any Person designated by the Company is unable or unwilling to serve as an officer of Parent, as set forth therein, as of the Effective Time, the Company shall designate a successor in its sole discretion. If any Person designated by the Company is unable or unwilling to serve as a director of Parent, as set forth therein, as of the Effective Time, the Company shall designate a successor in its sole discretion. The Persons designated by the Company pursuant to this [Section 5.11](#) shall be the Company's designees pursuant to clause (c) of this [Section 5.11](#) (which initial designees may include vacancies and be supplemented or changed by the Company at any time prior to the Closing by written notice to Parent to include different board designees who are reasonably acceptable to Parent).

5.12 [Termination of Certain Agreements and Rights](#). The Company shall cause the Investor Agreements set forth on [Section 5.12](#) of the Company Disclosure Schedule to be terminated immediately prior to the Effective Time, without any liability being imposed on the part of Parent or the Surviving Corporation, in each case, to the extent the rights contained in such Investor Agreements do not terminate upon or immediately following the Effective Time in accordance with its terms. Parent shall use reasonable best efforts to cause the Contracts set forth on [Section 5.12\(a\)](#) of the Parent Disclosure Schedule to be terminated immediately prior to the Effective Time, without any liability being imposed on the part of Parent or the Surviving Corporation. During the Pre-Closing Period, Parent shall not initiate any research, development or discovery programs (including the nomination of new targets) under the Contracts set forth on [Section 5.12\(b\)](#) of the Parent Disclosure Schedule. Parent shall use commercially reasonable efforts to prepay any costs or expenses to maintain any Legacy Asset (as defined in the CVR Agreement) through the Disposition Period (as defined in the CVR Agreement) under the Contracts set forth on [Section 5.12\(c\)](#) of the Parent Disclosure Schedule.

5.13 [Section 16 Matters](#). Prior to the Effective Time, Parent and the Company shall take all such steps as may be required (to the extent permitted under applicable Laws) to cause any acquisitions of Parent Common Stock, restricted stock awards to acquire Parent Common Stock and any options to purchase Parent Common Stock in connection with the Contemplated Transactions, by each individual who is reasonably expected to become subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to Parent, to be exempt under Rule 16b-3 promulgated under the Exchange Act. At least ten (10) days prior to the Closing Date, the Company shall furnish the following information to Parent for each individual who, immediately after the Effective Time, will become subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to Parent: (a) the number of shares of Company Capital Stock owned by such individual and expected to be exchanged for shares of Parent Common Stock pursuant to the Merger, and (b) the number of other derivative securities (if any) with respect to Company Capital Stock owned by such individual and expected to be converted into shares of Parent Common Stock, restricted stock awards to acquire Parent Common Stock or derivative securities with respect to Parent Common Stock in connection with the Merger.

5.14 [Cooperation](#). Each Party shall cooperate reasonably with the other Party and shall provide the other Party with such assistance as may be reasonably requested for the purpose of facilitating the performance by each Party of its respective obligations under this Agreement and to enable the combined entity to continue to meet its obligations following the Effective Time.

5.15 [Allocation Certificate; Parent Outstanding Shares Certificate](#).

(a) The Company will prepare and deliver to Parent at least ten (10) Business Days prior to the Closing Date a certificate signed by the Chief Financial Officer of the Company in a form reasonably acceptable

to Parent setting forth (as of immediately prior to the Effective Time): (i) each holder of Company Capital Stock and Company Options; (ii) such holder's name and address; (iii) the number and type of Company Capital Stock held or underlying the Company Options as of the immediately prior to the Effective Time for each such holder; (iv) the number of shares of Parent Common Stock to be issued to such holder, or to underlie any Parent Stock Award to be issued to such holder, pursuant to this Agreement in respect of the Company Capital Stock or Company Options held by such holder as of immediately prior to the Effective Time; and (v) each investor in the Concurrent Financing, the total investment to be made by such investor in the Concurrent Financing, the percentage of the Concurrent Financing Proceeds represented by such stockholder's investment in the Concurrent Financing, and the number of shares of Company Class A Common Stock to be issued to such holder pursuant to this Agreement (the "**Allocation Certificate**").

(b) Parent will prepare and deliver to the Company at least ten (10) Business Days prior to the Closing Date a certificate signed by the Chief Financial Officer of Parent in a form reasonably acceptable to the Company, setting forth, as of immediately prior to the Effective Time (i) the number of shares of Parent Common Stock and (ii) the number of shares of Parent Common Stock held or underlying the Parent Stock Awards (including whether such Parent Stock Awards are In the Money Parent Options) or Pre-Funded Warrants, in each case as of the Effective Time for such holder (the "**Parent Outstanding Shares Certificate**").

5.16 Company Financial Statements. The Company will as promptly as practicable furnish to Parent (i) audited financial statements for the fiscal year ended 2025 for inclusion in the Proxy Statement and the Registration Statement (the "**Company 2025 Audited Financial Statements**" and, collectively with the audited financial statements of the Company as of December 31, 2024, the "**Company Audited Financial Statements**") and (ii) unaudited interim financial statements for each interim period completed prior to the Closing that would be required to be included in the Registration Statement or any periodic report due prior to the Closing if the Company were subject to the periodic reporting requirements under the Securities Act or the Exchange Act (the "**Company 2026 Interim Financial Statements**"). Each of the Company 2025 Audited Financial Statements and the Company 2026 Interim Financial Statements will be suitable for inclusion in the Proxy Statement and the Registration Statement and prepared in accordance with GAAP as applied on a consistent basis during the periods involved (except in each case as described in the notes thereto) and on that basis will present fairly, in all material respects, the consolidated financial position and the results of operations, changes in stockholders' equity, and cash flows of the Company as of the dates of and for the periods referred to in the Company 2025 Audited Financial Statements or the Company 2026 Interim Financial Statements, as the case may be.

5.17 Takeover Statutes. If any Takeover Statute is or may become applicable to the Contemplated Transactions, each of the Company, the Company Board, Parent and the Parent Board, as applicable, shall grant such approvals and take such actions as are necessary so that the Contemplated Transactions may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise act to eliminate or minimize the effects of such Takeover Statute on the Contemplated Transactions.

5.18 Stockholder Litigation. Until the earlier of the termination of this Agreement in accordance with its terms or the Effective Time, Parent shall (a) promptly advise the Company in writing of any stockholder litigation or investigation against it or its directors relating to this Agreement, the Merger or the Contemplated Transactions and keep the Company fully informed regarding such stockholder litigation and (b) give the Company the opportunity to participate in the defense or settlement of any stockholder litigation or investigation relating to this Agreement or any of the Contemplated Transactions, and not settle any such litigation or investigation without the Company's written consent, which will not be unreasonably withheld, conditioned or delayed.

5.19 Equity Plans. Prior to or as of the Effective Time, the Parent Board shall approve, adopt and submit for approval by the stockholders of Parent, and recommend and use commercially reasonable efforts to cause the stockholders of Parent to approve, (a) the 2026 Equity Incentive Plan in a form to be mutually agreed by Parent and the Company (the "**2026 Plan**") which will provide for new awards for a number of shares of

Parent Common Stock not exceeding eighteen percent (18%) of the Parent Common Stock issued and expected to be outstanding immediately after the Effective Time, as mutually agreed upon by Parent and the Company, and subject to approval by the Parent Board (for avoidance of doubt, such number of shares shall be in addition to the number of shares of Parent Common Stock subject to outstanding Parent Stock Awards or subject to Company Options assumed by Parent as contemplated by [Section 5.5](#)), and which may include an annual increase pursuant to an “evergreen” provision to provide for optional annual increases of up to five percent (5%) of the total number of fully diluted shares of capital stock of Parent as of the day prior to such increase; and (b) the 2026 Employee Stock Purchase Plan (the “**2026 ESPP**”), in a form to be mutually agreed by Parent and the Company with a total pool of shares of Parent Common Stock not exceeding one percent (1%) of the Parent Common Stock issued and expected to be outstanding immediately after the Effective Time, and may include an annual increase pursuant to an “evergreen” provision providing for an annual increase of up to one percent (1%) of the total number of fully diluted shares of capital stock of Parent outstanding as of the day prior to such increase ((a) and (b), collectively, the “**Equity Plan Proposals**”). Subject to the approval of the 2026 Plan by the stockholders of Parent, Parent shall file with the SEC, as promptly as practicable after the Effective Time, a registration statement on Form S-8 (or any successor form), if available for use by Parent, relating to the shares of Parent Common Stock issuable with respect to the 2026 Plan.

5.20 **Parent SEC Documents.** From the date of this Agreement until the Effective Time, Parent shall use commercially reasonable efforts to timely file with the SEC all Parent SEC Documents. As of its filing date, or if amended after the date of this Agreement, as of the date of the last such amendment, each Parent SEC Document filed by Parent with the SEC shall comply in all material respects with the applicable requirements of the Exchange Act and the Securities Act.

5.21 **Parent Options and RSUs.** Before the Effective Time, Parent shall take all actions necessary to provide that all Parent Stock Awards shall be fully vested as of the Effective Time and that no option to purchase Parent Common Stock shall be exercised later than ninety (90) days following the termination of service of the holder of such option.

5.22 **Parent Operations Wind-Down.** During the Pre-Closing Period, Parent and its Subsidiaries shall, except as the Company shall otherwise consent in writing, wind-down all preclinical, CMC and clinical activities as promptly as practicable after the date hereof, with any liabilities with respect thereto to be reflected on the Net Cash Schedule.

5.23 **Concurrent Financing.**

(a) Subject to the terms and conditions of this Agreement, the Company shall use reasonable best efforts to obtain the Concurrent Financing on the terms and conditions described in the Subscription Agreement and satisfy the conditions to the Concurrent Financing as described in the Subscription Agreement and shall not permit any termination, amendment or modification to be made to, or any waiver of any provision under, or any replacement of, the Subscription Agreement if such termination, amendment, modification, waiver or replacement (i) reduces the aggregate amount of the Concurrent Financing below the Concurrent Investment Amount or (ii) imposes new or additional conditions or otherwise expands, amends or modifies any of the conditions to the receipt of the Concurrent Financing, or otherwise expands, amends or modifies any other provision of the Subscription Agreement, in a manner that would reasonably be expected to (x) delay or prevent the Closing or the consummation of the Merger or (y) adversely impact the ability of the Company to enforce its rights against other parties to the Subscription Agreement. The Company shall promptly deliver to Parent copies of any such termination, amendment, modification, waiver or replacement.

(b) The Company shall use reasonable best efforts (i) to maintain in effect the Subscription Agreement, (ii) to enforce its rights under the Subscription Agreement and (iii) to comply with its obligations under the Subscription Agreement.

(c) The Company shall give Parent prompt notice (i) of any material breach or default by any party to the Subscription Agreement or definitive agreements related to the Concurrent Financing of which the Company becomes aware, (ii) of the receipt of any written notice or other written communication from any Purchaser with respect to any (x) actual material breach, default, termination or repudiation by any party to the Subscription Agreement or definitive agreements related to the Concurrent Financing of any provisions of the Subscription Agreement or definitive agreements related to the Concurrent Financing or (y) material dispute or disagreement relating to the Concurrent Financing with respect to the obligation to fund the Concurrent Financing at or substantially simultaneously with the Closing, and (iii) if at any time for any reason the Company believes in good faith that it will not be able to obtain all or any portion of the Concurrent Investment Amount on the terms and conditions, in the manner or from the sources contemplated by the Subscription Agreement or definitive agreements related to the Concurrent Financing. The Company shall promptly provide information reasonably requested by Parent relating to the circumstances referred to in clauses (i), (ii) or (iii) of the immediately preceding sentence.

Section 6. CONDITIONS PRECEDENT TO OBLIGATIONS OF EACH PARTY

The obligations of each Party to effect the Merger and otherwise consummate the Contemplated Transactions to be consummated at the Closing are subject to the satisfaction (or, to the extent permitted by applicable Law, written waiver by each of the Parties) of each of the following conditions:

6.1 No Restraints. No temporary restraining order, preliminary or permanent injunction or other order preventing the consummation of the Contemplated Transactions shall have been issued by any court of competent jurisdiction or other Governmental Body of competent jurisdiction and remain in effect and there shall not be any Law which has the effect of making the consummation of the Contemplated Transactions illegal.

6.2 Stockholder Approval. (a) Parent shall have obtained the Required Parent Stockholder Vote and (b) the Company shall have obtained the Required Company Stockholder Vote and such Required Company Stockholder Vote shall remain in full force and effect and shall not have been revoked.

6.3 Parent Charter Amendment. The Parent Charter Amendment shall have been duly filed with the Secretary of State of the State of Delaware.

6.4 Listing. (a) The existing shares of Parent Common Stock shall have been continually listed on Nasdaq as of and from the date of this Agreement through the Closing Date and (b) the shares of Parent Common Stock to be issued in the Merger pursuant to this Agreement shall have been approved for listing (subject to official notice of issuance) on Nasdaq as of the Closing.

6.5 Subscription Agreement. The Subscription Agreement shall be in full force and effect and cash proceeds of not less than the Concurrent Investment Amount shall have been received by the Company, or will be received by the Company substantially simultaneously with the Closing, in connection with the consummation of the transactions contemplated by the Subscription Agreement.

6.6 Effectiveness of Registration Statement. The Registration Statement shall have become effective in accordance with the provisions of the Securities Act and shall not be subject to any stop order or proceeding (or threatened proceeding by the SEC) seeking a stop order with respect to the Registration Statement that has not been withdrawn.

6.7 Parent Net Cash Determination. Parent Net Cash shall have been finally determined in accordance with Section 1.6.

Section 7. ADDITIONAL CONDITIONS PRECEDENT TO OBLIGATIONS OF PARENT AND MERGER SUB

The obligations of Parent and Merger Sub to effect the Merger and otherwise consummate the Contemplated Transactions to be consummated at the Closing are subject to the satisfaction (or, to the extent permitted by applicable Law, written waiver by Parent) of each of the following conditions:

7.1 Accuracy of Representations. (i) The representation and warranty of the Company set forth in clause (y) of Section 2.8 shall have been true and correct in all respects as of the date of this Agreement and shall be true and correct in all respects on and as of the Closing Date with the same force and effect as if made on and as of such date; (ii) the Company Fundamental Representations shall have been true and correct in all material respects as of the date of this Agreement and shall be true and correct in all material respects on and as of the Closing Date with the same force and effect as if made on and as of such date (except to the extent such representations and warranties are specifically made as of a particular date, in which case such representations and warranties shall be true and correct in all material respects as of such date); and (iii) the representations and warranties of the Company contained in this Agreement (other than the Company Fundamental Representations and clause (y) of Section 2.8) shall have been true and correct as of the date of this Agreement and shall be true and correct on and as of the Closing Date with the same force and effect as if made on and as of the Closing Date except (a) in each case, or in the aggregate, where the failure to be so true and correct would not reasonably be expected to have a Company Material Adverse Effect (without giving effect to any references therein to any Company Material Adverse Effect or other materiality qualifications), or (b) for those representations and warranties which address matters only as of a particular date (which representations shall have been true and correct, subject to the qualifications as set forth in the preceding clause (a), as of such particular date) (it being understood that, for purposes of determining the accuracy of such representations and warranties, any update of or modification to the Company Disclosure Schedule made or purported to have been made after the date of this Agreement shall be disregarded).

7.2 Performance of Covenants. The Company shall have performed or complied with in all material respects all agreements and covenants required to be performed or complied with by it under this Agreement at or prior to the Effective Time.

7.3 Documents. Parent shall have received the following documents, each of which shall be in full force and effect:

(a) a certificate executed by the Chief Executive Officer or Chief Financial Officer of the Company certifying (i) that the conditions set forth in Sections 7.1, 7.2, 7.5 and 7.6 have been duly satisfied and (ii) that the information set forth in the Allocation Certificate delivered by the Company in accordance with Section 5.15 is true and accurate in all respects as of the Closing Date; and

(b) the Allocation Certificate.

7.4 FIRPTA Certificate. Parent shall have received (i) an original signed statement from the Company that the Company is not, and has not been at any time during the applicable period specified in Section 897(c)(1)(A)(ii) of the Code, a “United States real property holding corporation,” as defined in Section 897(c)(2) of the Code, conforming to the requirements of Treasury Regulations Sections 1.1445-2(c)(3) and 1.897-2(h), and (ii) an original signed notice to be delivered to the IRS in accordance with the provisions of Treasury Regulations Section 1.897-2(h)(2), together with written authorization for Parent to deliver such notice to the IRS on behalf of the Company following the Closing, each dated as of the Closing Date, duly executed by an authorized officer of the Company, and in form and substance reasonably acceptable to Parent.

7.5 No Company Material Adverse Effect. Since the date of this Agreement, there shall not have occurred any Company Material Adverse Effect that is continuing.

7.6 Termination of Investor Agreements. The rights contained in the Investor Agreements set forth on Section 5.12 of the Company Disclosure Schedule shall have been terminated (or will be terminated as of the Closing in accordance with its terms).

7.7 Company Lock-Up Agreements. Parent shall have received the Company Lock-Up Agreements duly executed by each of the Company Lock-Up Signatories and each executive officer and director of the Company who is elected or appointed, as applicable, as an executive officer and director of Parent as of immediately following the Closing, each of which shall be in full force and effect as of immediately following the Effective Time.

Section 8. ADDITIONAL CONDITIONS PRECEDENT TO OBLIGATION OF THE COMPANY

The obligation of the Company to effect the Merger and otherwise consummate the Contemplated Transactions to be consummated at the Closing is subject to the satisfaction (or, to the extent permitted by applicable Law, written waiver by the Company) of each of the following conditions:

8.1 Accuracy of Representations. (i) The representations and warranties of Parent and Merger Sub set forth in clause (y) of Section 3.8 shall have been true and correct in all respects as of the date of this Agreement and shall be true and correct in all respects on and as of the Closing Date with the same force and effect as if made on and as of such date; (ii) the Parent Fundamental Representations shall have been true and correct in all material respects as of the date of this Agreement and shall be true and correct in all material respects on and as of the Closing Date with the same force and effect as if made on and as of such date (except to the extent such representations and warranties are specifically made as of a particular date, in which case such representations and warranties shall be true and correct in all material respects as of such date); and (iii) the representations and warranties of Parent and Merger Sub contained in this Agreement (other than the Parent Fundamental Representations and in clause (y) of Section 3.8) shall have been true and correct as of the date of this Agreement and shall be true and correct on and as of the Closing Date with the same force and effect as if made on and as of the Closing Date except (a) in each case, or in the aggregate, where the failure to be so true and correct would not reasonably be expected to have a Parent Material Adverse Effect (without giving effect to any references therein to any Parent Material Adverse Effect or other materiality qualifications), or (b) for those representations and warranties which address matters only as of a particular date (which representations shall have been true and correct, subject to the qualifications as set forth in the preceding clause (a), as of such particular date) (it being understood that, for purposes of determining the accuracy of such representations and warranties, any update of or modification to the Parent Disclosure Schedule made or purported to have been made after the date of this Agreement shall be disregarded).

8.2 Performance of Covenants. Parent and Merger Sub shall have performed or complied with in all material respects all of their agreements and covenants required to be performed or complied with by each of them under this Agreement at or prior to the Effective Time.

8.3 Documents. The Company shall have received the following documents, each of which shall be in full force and effect:

(a) a certificate executed by the Chief Executive Officer or Chief Financial Officer of Parent certifying that the conditions set forth in Sections 8.1, 8.2 and 8.4 have been duly satisfied;

(b) the Parent Outstanding Shares Certificate;

(c) the Parent Closing Financial Certificate, a draft of which shall have been provided at least five (5) Business Days prior to the Closing, which certificate shall be accompanied by such supporting documentation, information and calculations as are reasonably requested by the Company to verify and determine the information contained therein;

(d) a written resignation, in a form reasonably satisfactory to the Company, dated as of the Closing Date and effective as of the Effective Time, executed by each of the directors of Parent who are not to continue as directors of Parent after the Effective Time pursuant to [Section 5.11](#) hereof; and

(e) the executed CVR Agreement.

8.4 [No Parent Material Adverse Effect](#). Since the date of this Agreement, there shall not have occurred any Parent Material Adverse Effect that is continuing.

8.5 [Parent Net Cash](#). Parent Net Cash determined in accordance with [Section 1.6](#) (after giving effect to the payment of the Parent Pre-Closing Dividend (including any amounts intended to be declared as a Parent Pre-Closing Dividend or declared and unpaid)) shall be greater than an amount equal to \$500,000 below \$0.

8.6 [Parent Distributions](#). Each such Parent Distribution Amount declared or intended to be declared by Parent shall have been either (a) distributed to the holders of shares of Parent Common Stock and, if applicable, securities convertible into or exchangeable or exercisable for shares of Parent Common Stock outstanding as of each Parent Distribution Record Date (subject to any adjustments as required by Nasdaq's due bills period requirements) or (b) deposited by Parent with Parent's transfer agent for further distribution to such holders of shares of Parent Common Stock and, if applicable, securities convertible into or exchangeable or exercisable for shares of Parent Common Stock.

[Section 9. TERMINATION](#)

9.1 [Termination](#). This Agreement may be terminated prior to the Effective Time (whether before or after approval of the Company Stockholder Matters by the Company's stockholders and whether before or after approval of the Parent Stockholder Matters by Parent's stockholders, unless otherwise specified below):

(a) by mutual written consent of Parent and the Company;

(b) by either Parent or the Company if the Contemplated Transactions shall not have been consummated by November 30, 2026 (subject to possible extension as provided in this [Section 9.1\(b\)](#), the "[End Date](#)"; *provided, however*, that the right to terminate this Agreement under this [Section 9.1\(b\)](#) shall not be available to the Company, on the one hand, or to Parent, on the other hand, if such Party's action or failure to act has been a principal cause of the failure of the Contemplated Transactions to occur on or before the End Date and such action or failure to act constitutes a breach of this Agreement, *provided, further, however*, that, in the event that the SEC has not declared the Registration Statement effective under the Securities Act, then either Parent or the Company shall be entitled to extend the End Date for an additional sixty (60) calendar days by written notice to the Company;

(c) by either Parent or the Company if a court of competent jurisdiction or other Governmental Body shall have issued a final and nonappealable order, decree or ruling, or shall have taken any other action, having the effect of permanently restraining, enjoining or otherwise prohibiting the Contemplated Transactions; *provided, however*, that the right to terminate this Agreement under this [Section 9.1\(c\)](#) shall not be available to the Company, on the one hand, or to Parent, on the other hand, if such Party's action or failure to act has been a principal cause of the failure of any such Governmental Body issuing any such order, decree or ruling or taking any such other action;

(d) by Parent if, subject to [Section 4.5](#), the Company Stockholder Written Consent executed by each Company Signatory shall not have been obtained within three (3) Business Days of the Registration Statement becoming effective in accordance with the provisions of the Securities Act; *provided, however*, that once the Company Stockholder Written Consent has been obtained, Parent may not terminate this Agreement pursuant to this [Section 9.1\(d\)](#);

(e) by either Parent or the Company if (i) the Parent Stockholders' Meeting (including any adjournments and postponements thereof) shall have been held and completed and Parent's stockholders shall have taken a final vote on the Parent Stockholder Matters and (ii) the Parent Stockholder Matters shall not have been approved at the Parent Stockholders' Meeting (or at any adjournment or postponement thereof) by the Required Parent Stockholder Vote; *provided, however*, that the right to terminate this Agreement under this [Section 9.1\(g\)](#) shall not be available to Parent where the failure to obtain the Required Parent Stockholder Vote shall have been caused by the action or failure to act of Parent and such action or failure to act constitutes a material breach by Parent of this Agreement;

(f) by the Company (at any time prior to the approval of the Parent Stockholder Matters by the Required Parent Stockholder Vote) if a Parent Triggering Event shall have occurred;

(g) by Parent (at any time prior to the Required Company Stockholder Vote being obtained) if a Company Triggering Event shall have occurred;

(h) by the Company (at any time prior to receipt of the Required Company Stockholder Vote and following compliance in all material respects with all of the requirements set forth in [Section 5.2\(e\)\(i\)](#)) concurrently with entering into a Permitted Alternative Agreement and after having paid to Parent the Parent Termination Fee pursuant to [Section 9.3\(c\)](#);

(i) by the Company, upon a breach of any representation, warranty, covenant or agreement set forth in this Agreement by Parent or Merger Sub or if any representation or warranty of Parent or Merger Sub shall have become inaccurate, in either case, such that the conditions set forth in [Section 8.1](#) or [Section 8.2](#) would not be satisfied as of the time of such breach or as of the time such representation or warranty shall have become inaccurate; *provided* that the Company is not then in material breach of any representation, warranty, covenant or agreement under this Agreement; *provided, further*, that if such inaccuracy in Parent's or Merger Sub's representations and warranties or breach by Parent or Merger Sub is curable by the End Date by Parent or Merger Sub, then this Agreement shall not terminate pursuant to this [Section 9.1\(i\)](#) as a result of such particular breach or inaccuracy until the earlier of (i) the End Date and (ii) the expiration of a thirty (30) calendar day period commencing upon delivery of written notice from the Company to Parent of such breach or inaccuracy and its intention to terminate pursuant to this [Section 9.1\(i\)](#) (it being understood that this Agreement shall not terminate pursuant to this [Section 9.1\(i\)](#) as a result of such particular breach or inaccuracy if such breach by Parent or Merger Sub is cured prior to such termination becoming effective); or

(j) by Parent, upon a breach of any representation, warranty, covenant or agreement set forth in this Agreement by the Company or if any representation or warranty of the Company shall have become inaccurate, in either case, such that the conditions set forth in [Section 7.1](#) or [Section 7.2](#) would not be satisfied as of the time of such breach or as of the time such representation or warranty shall have become inaccurate; *provided* that neither Parent nor Merger Sub is then in material breach of any representation, warranty, covenant or agreement under this Agreement; *provided, further*, that if such inaccuracy in the Company's representations and warranties or breach by the Company is curable by the End Date by the Company then this Agreement shall not terminate pursuant to this [Section 9.1\(j\)](#) as a result of such particular breach or inaccuracy until the earlier of (i) the End Date and (ii) the expiration of a thirty (30) calendar day period commencing upon delivery of written notice from Parent to the Company of such breach or inaccuracy and its intention to terminate pursuant to this [Section 9.1\(j\)](#) (it being understood that this Agreement shall not terminate pursuant to this [Section 9.1\(j\)](#) as a result of such particular breach or inaccuracy if such breach by the Company is cured prior to such termination becoming effective).

The Party desiring to terminate this Agreement pursuant to this [Section 9.1](#), shall give the other Party written notice of such termination, specifying the provisions hereof pursuant to which such termination is made and the basis therefor described in reasonable detail.

9.2 Effect of Termination. In the event of the termination of this Agreement as provided in [Section 9.1](#), this Agreement shall be of no further force or effect; *provided, however*, that (a) this [Section 9.2](#), [Section 5.8](#), [Section 9.3](#), [Section 10](#) and the definitions of the defined terms in such Sections (including the definitions of such defined terms set forth in [Exhibit A](#)) shall survive the termination of this Agreement and shall remain in full force and effect following such termination, and (b) the termination of this Agreement and the provisions of [Section 9.3](#) shall not relieve any Party of any liability for fraud or for any willful and material breach of any representation, warranty, covenant, obligation or other provision contained in this Agreement.

9.3 Expenses; Termination Fees.

(a) Except as set forth in this [Section 9.3](#), [Section 1.6\(g\)](#), [Section 5.4](#), [Section 5.9](#) and [Section 5.10\(e\)](#), the Transaction Expenses shall be paid by the Party incurring such expenses, whether or not the Merger is consummated; *provided* that the Company shall bear sixty percent (60%) of all fees and expenses incurred in relation to (i) the printing and filing with the SEC of the Registration Statement and Proxy Statement and any amendments and supplements thereto and paid to a financial printer or the SEC, and (ii) the proxy solicitation firm engaged in connection with the Parent Stockholders' Meeting.

(b) If:

(i) (A) this Agreement is terminated pursuant to [Section 9.1\(b\)](#), [Section 9.1\(e\)](#) or [Section 9.1\(i\)](#), (B) an Acquisition Proposal with respect to Parent shall have been publicly announced, disclosed or otherwise communicated to Parent or the Parent Board at any time after the date of this Agreement but prior to the termination of this Agreement (which shall not have been withdrawn) and (C) within twelve (12) months after the date of such termination, Parent enters into a definitive agreement with respect to a Subsequent Transaction or consummates a Subsequent Transaction in respect of the Acquisition Proposal referred to in clause (B) or in respect of any other Acquisition Proposal; or

(ii) this Agreement is terminated by the Company pursuant to [Section 9.1\(f\)](#) (or, at the time this Agreement is terminated, the Company had the right to terminate this Agreement pursuant to [Section 9.1\(f\)](#));

then Parent shall pay to the Company a nonrefundable fee in an amount equal to \$600,000 (the "**Company Termination Fee**"), in the case of [Section 9.3\(b\)\(i\)](#), upon the consummation of such Subsequent Transaction or, in the case of [Section 9.3\(b\)\(ii\)](#), within two (2) Business Days following the termination of this Agreement plus any amount payable to the Company pursuant to [Section 9.3\(f\)](#).

(c) If:

(i) (A) this Agreement is terminated pursuant to [Section 9.1\(b\)](#), [Section 9.1\(d\)](#), or [Section 9.1\(j\)](#), (B) an Acquisition Proposal with respect to the Company shall have been publicly announced, disclosed or otherwise communicated to the Company or the Company Board at any time after the date of this Agreement but prior to obtaining the Required Company Stockholder Vote (which shall not have been withdrawn, (1) in the case of a termination pursuant to [Section 9.1\(b\)](#) or [Section 9.1\(j\)](#), at the time the Required Company Stockholder Vote is obtained and (2) in the case of a termination pursuant to [Section 9.1\(d\)](#), at the time of such termination) and (C) within twelve (12) months after the date of such termination, the Company enters into a definitive agreement with respect to a Subsequent Transaction or consummates a Subsequent Transaction in respect of the Acquisition Proposal referred to in clause (B) or in respect of any other Acquisition Proposal;

(ii) this Agreement is terminated by Parent pursuant to [Section 9.1\(g\)](#) (or, at the time this Agreement is terminated, Parent had the right to terminate this Agreement pursuant to [Section 9.1\(g\)](#)); or

(iii) this Agreement is terminated pursuant to [Section 9.1\(h\)](#);

then (A) the Company shall pay to Parent an amount equal to \$20,000,000 (the “**Parent Termination Fee**”), in the case of [Section 9.3\(c\)\(i\)](#) in the event this Agreement is terminated pursuant to [Section 9.1\(d\)](#) or [Section 9.1\(j\)](#), upon the consummation of such Subsequent Transaction or, in the case of [Section 9.3\(c\)\(ii\)](#) and [Section 9.3\(c\)\(iii\)](#), within two (2) Business Days following the termination of this Agreement, plus any amount payable to Parent pursuant to [Section 9.3\(f\)](#) and (B) the Company shall pay to Parent an amount equal to \$8,000,000 in the case of [Section 9.3\(c\)\(i\)](#) in the event this Agreement is terminated pursuant to [Section 9.1\(b\)](#), upon the consummation of such Subsequent Transaction, plus any amount payable to Parent pursuant to [Section 9.3\(f\)](#).

(d) (i) If this Agreement is terminated pursuant to [Section 9.1\(e\)](#), [Section 9.1\(f\)](#) or [Section 9.1\(i\)](#) or (ii) in the event of the failure of the Company to consummate the transactions to be contemplated at the Closing solely as a result of a Parent Material Adverse Effect as set forth in [Section 8.4](#) (*provided* that at such time all of the other conditions precedent to Parent’s obligation to close set forth in [Section 6](#) and [Section 7](#) have been satisfied by the Company, are capable of being satisfied by the Company or have been waived by Parent), then Parent shall reimburse the Company for all reasonable out-of-pocket fees and expenses incurred by the Company in connection with this Agreement and the Contemplated Transactions (such expenses, collectively, the “**Third Party Expenses**”), up to a maximum of \$750,000, by wire transfer of same-day funds within ten (10) Business Days following the date on which the Company submits to Parent true and correct copies of reasonable documentation supporting such Third Party Expenses; *provided, however*, that such Third Party Expenses shall not include any amounts for financial advisors to the Company except for reasonably documented out-of-pocket expenses otherwise reimbursable by the Company to such financial advisors pursuant to the terms of the Company’s engagement letter or similar arrangement with such financial advisors. For the avoidance of doubt, to the extent any Third Party Expenses are paid, such amounts shall be credited against any Company Termination Fee which becomes payable thereafter.

(e) (i) If this Agreement is terminated pursuant to [Section 9.1\(d\)](#), [Section 9.1\(g\)](#) or [Section 9.1\(j\)](#) or (ii) in the event of the failure of Parent to consummate the transactions to be consummated to the Closing solely as a result of a Company Material Adverse Effect as set forth in [Section 7.5](#); *provided* that at such time all of the other conditions precedent to the Company’s obligation to close set forth in [Section 6](#) and [Section 8](#) have been satisfied by Parent are capable of being satisfied by Parent or have been waived by the Company, the Company shall reimburse Parent for all Third Party Expenses incurred by Parent up to a maximum of \$750,000, by wire transfer of same-day funds within ten (10) Business Days following the date on which Parent submits to the Company true and correct copies of reasonable documentation supporting such Third Party Expenses; *provided, however*, that such Third Party Expenses shall not include any amounts for financial advisors to Parent except for amounts paid or to be paid in connection with delivery of a fairness opinion or reasonably documented out-of-pocket expenses otherwise reimbursable by Parent to such financial advisors pursuant to the terms of Parent’s engagement letter or similar arrangement with such financial advisors. For the avoidance of doubt, to the extent any Third Party Expenses are paid, such amounts shall be credited against any Parent Termination Fee which becomes payable thereafter.

(f) Any Company Termination Fee or Parent Termination Fee due under this [Section 9.3](#) shall be paid by wire transfer of same day funds. If a Party fails to pay when due any amount payable by it under this [Section 9.3](#), then (i) such Party shall reimburse the other Party for reasonable out-of-pocket costs and expenses (including reasonable and out-of-pocket fees and disbursements of counsel) incurred in connection with the collection of such overdue amount and the enforcement by the other Party of its rights under this [Section 9.3](#), and (ii) such Party shall pay to the other Party interest on such overdue amount (for the period commencing as of the date such overdue amount was originally required to be paid and ending on the date such overdue amount is actually paid to the other Party in full) at a rate per annum equal to the “prime rate” (as published in *The Wall Street Journal* or any successor thereto) in effect on the date such overdue amount was originally required to be paid plus three percent (3%).

(g) The Parties agree that, (i) subject to [Section 9.2](#), payment of the Company Termination Fee shall, in the circumstances in which it is owed in accordance with the terms of this Agreement, constitute the sole

and exclusive remedy of the Company following the termination of this Agreement under the circumstances described in [Section 9.3\(h\)](#), it being understood that in no event shall Parent be required to pay the amounts payable pursuant to this [Section 9.3](#) on more than one occasion and (ii) following payment of the Company Termination Fee (x) Parent shall have no further liability to the Company in connection with or arising out of this Agreement or the termination thereof, any breach of this Agreement by Parent giving rise to such termination, or the failure of the Contemplated Transactions to be consummated, (y) neither the Company nor any of its Affiliates shall be entitled to bring or maintain any other claim, action or proceeding against Parent or Merger Sub or seek to obtain any recovery, judgment or damages of any kind against such Parties (or any partner, member, stockholder, director, officer, employee, Subsidiary, Affiliate, agent or other Representative of such Parties) in connection with or arising out of this Agreement or the termination thereof, any breach by any such Parties giving rise to such termination or the failure of the Contemplated Transactions to be consummated and (z) the Company and its Affiliates shall be precluded from any other remedy against Parent, Merger Sub and their respective Affiliates, at law or in equity or otherwise, in connection with or arising out of this Agreement or the termination thereof, any breach by such Party giving rise to such termination or the failure of the Contemplated Transactions to be consummated; *provided, however*, that nothing in this [Section 9.3\(g\)](#) shall limit the rights of Parent and Merger Sub under [Section 10.11](#).

(h) The Parties agree that, (i) subject to [Section 9.2](#), payment of the Parent Termination Fee shall, in the circumstances in which it is owed in accordance with the terms of this Agreement, constitute the sole and exclusive remedy of Parent following the termination of this Agreement under the circumstances described in [Section 9.3\(c\)](#), it being understood that in no event shall the Company be required to pay the amounts payable pursuant to this [Section 9.3](#) on more than one occasion and (ii) following payment of the Parent Termination Fee (x) the Company shall have no further liability to Parent in connection with or arising out of this Agreement or the termination thereof, any breach of this Agreement by the Company giving rise to such termination, or the failure of the Contemplated Transactions to be consummated, (y) neither Parent nor any of its Affiliates shall be entitled to bring or maintain any other claim, action or proceeding against the Company or seek to obtain any recovery, judgment or damages of any kind against the Company (or any partner, member, stockholder, director, officer, employee, Subsidiary, Affiliate, agent or other Representative of the Company) in connection with or arising out of this Agreement or the termination thereof, any breach by the Company giving rise to such termination or the failure of the Contemplated Transactions to be consummated and (z) Parent and its Affiliates shall be precluded from any other remedy against the Company and its Affiliates, at law or in equity or otherwise, in connection with or arising out of this Agreement or the termination thereof, any breach by such Party giving rise to such termination or the failure of the Contemplated Transactions to be consummated; *provided, however*, that nothing in this [Section 9.3\(h\)](#) shall limit the rights of the Company under [Section 10.11](#).

(i) Each of the Parties acknowledges that (i) the agreements contained in this [Section 9.3](#) are an integral part of the Contemplated Transactions, (ii) without these agreements, the Parties would not enter into this Agreement and (iii) any amount payable pursuant to this [Section 9.3](#) is not a penalty, but rather is liquidated damages in a reasonable amount that will compensate the applicable Party in the circumstances in which such amount is payable.

Section 10. MISCELLANEOUS PROVISIONS

10.1 **Non-Survival of Representations and Warranties.** The representations, warranties and covenants of the Company, Parent and Merger Sub contained in this Agreement or any certificate or instrument delivered pursuant to this Agreement shall terminate at the Effective Time, and only the covenants that by their terms survive the Effective Time and this [Section 10](#) shall survive the Effective Time.

10.2 **Amendment.** This Agreement may be amended with the approval of the Company, Merger Sub and Parent at any time (whether before or after obtaining the Required Company Stockholder Vote or before or after obtaining the Required Parent Stockholder Vote); *provided, however*, that after any such approval of this Agreement by a Party's stockholders, no amendment shall be made which by Law requires further approval of

such stockholders without the further approval of such stockholders. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the Company, Merger Sub and Parent.

10.3 Waiver.

(a) No failure on the part of any Party to exercise any power, right, privilege or remedy under this Agreement, and no delay on the part of any Party in exercising any power, right, privilege or remedy under this Agreement, shall operate as a waiver of such power, right, privilege or remedy; and no single or partial exercise of any such power, right, privilege or remedy shall preclude any other or further exercise thereof or of any other power, right, privilege or remedy.

(b) No Party shall be deemed to have waived any claim arising out of this Agreement, or any power, right, privilege or remedy under this Agreement, unless the waiver of such claim, power, right, privilege or remedy is expressly set forth in a written instrument duly executed and delivered on behalf of such Party and any such waiver shall not be applicable or have any effect except in the specific instance in which it is given.

10.4 Entire Agreement; Counterparts; Exchanges by Electronic Transmission. This Agreement, the Company Disclosure Schedule, the Parent Disclosure Schedule and the other agreements referred to in this Agreement constitute the entire agreement and supersede all prior agreements and understandings, both written and oral, among or between any of the Parties with respect to the subject matter hereof and thereof; *provided, however*, that the Confidentiality Agreement shall not be superseded and shall remain in full force and effect in accordance with its terms. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same instrument. The exchange of a fully executed Agreement (in counterparts or otherwise) by all Parties by electronic transmission in PDF format shall be sufficient to bind the Parties to the terms and conditions of this Agreement.

10.5 Applicable Law; Jurisdiction; WAIVER OF JURY TRIAL. This Agreement shall be governed by, and construed in accordance with, the Laws of the State of Delaware, regardless of the Laws that might otherwise govern under applicable principles of conflicts of laws. In any action or proceeding between any of the Parties arising out of or relating to this Agreement or any of the Contemplated Transactions, each of the Parties: (a) irrevocably and unconditionally consents and submits to the exclusive jurisdiction and venue of the Court of Chancery of the State of Delaware or, to the extent such court does not have subject matter jurisdiction, the United States District Court for the District of Delaware or, to the extent that neither of the foregoing courts has jurisdiction, the Superior Court of the State of Delaware; (b) agrees that all claims in respect of such action or proceeding shall be heard and determined exclusively in accordance with clause (a) of this Section 10.5; (c) waives any objection to laying venue in any such action or proceeding in such courts; (d) waives any objection that such courts are an inconvenient forum or do not have jurisdiction over any Party; (e) agrees that service of process upon such Party in any such action or proceeding shall be effective if notice is given in accordance with Section 10.8 of this Agreement; and (f) IRREVOCABLY AND UNCONDITIONALLY WAIVES THE RIGHT TO TRIAL BY JURY.

10.6 Attorneys' Fees. In any action at law or suit in equity to enforce this Agreement or the rights of any of the Parties, the prevailing Party in such action or suit (as determined by a court of competent jurisdiction) shall be entitled to recover its reasonable out-of-pocket attorneys' fees and all other reasonable costs and expenses incurred in such action or suit.

10.7 Assignability. This Agreement shall be binding upon, and shall be enforceable by and inure solely to the benefit of, the Parties and their respective successors and permitted assigns; *provided, however*, that neither this Agreement nor any of a Party's rights or obligations hereunder may be assigned or delegated by such Party without the prior written consent of the other Party, and any attempted assignment or delegation of this Agreement or any of such rights or obligations by such Party without the other Party's prior written consent shall be void and of no effect.

10.8 Notices. All notices and other communications hereunder shall be in writing and shall be deemed to have been duly delivered and received hereunder (a) one (1) Business Day after being sent for next Business Day delivery, fees prepaid, via a reputable international overnight courier service, (b) upon delivery in the case of delivery by hand, or (c) on the date delivered in the place of delivery if sent by email (*provided* that no bounceback or similar “undeliverable” message is received by such sender) prior to 5:00 p.m. Eastern Time, otherwise on the next succeeding Business Day, in each case to the intended recipient as set forth below:

10.9 Cooperation. Each Party agrees to cooperate fully with the other Party and to execute and deliver such further documents, certificates, agreements and instruments and to take such other actions as may be reasonably requested by the other Party to evidence or reflect the Contemplated Transactions and to carry out the intent and purposes of this Agreement.

10.10 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions of this Agreement or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If a final judgment of a court of competent jurisdiction declares that any term or provision of this Agreement is invalid or unenforceable, the Parties agree that the court making such determination shall have the power to limit such term or provision, to delete specific words or phrases or to replace such term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be valid and enforceable as so modified. In the event such court does not exercise the power granted to it in the prior sentence, the Parties agree to replace such invalid or unenforceable term or provision with a valid and enforceable term or provision that will achieve,

to the extent possible, the economic, business and other purposes of such invalid or unenforceable term or provision.

10.11 Other Remedies; Specific Performance. Except as otherwise provided herein, any and all remedies herein expressly conferred upon a Party will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon such Party, and the exercise by a Party of any one remedy will not preclude the exercise of any other remedy. The Parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that any Party does not perform the provisions of this Agreement (including failing to take such actions as are required of it hereunder to consummate this Agreement) in accordance with their specified terms or otherwise breaches such provisions. Accordingly, the Parties acknowledge and agree that the Parties shall be entitled to an injunction, specific performance and other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any court of the United States or any state thereof having jurisdiction, in addition to any other remedy to which they are entitled at law or in equity. Each of the Parties agrees that it will not oppose the granting of an injunction, specific performance or other equitable relief on the basis that any other Party has an adequate remedy at law or that any award of specific performance is not an appropriate remedy for any reason at law or in equity. Any Party seeking an injunction or injunctions to prevent breaches of this Agreement shall not be required to provide any bond, surety or other security in connection with any such order or injunction.

10.12 No Third Party Beneficiaries. Nothing in this Agreement, express or implied, is intended to or shall confer upon any Person (other than the Parties and the D&O Indemnified Parties to the extent of their respective rights pursuant to [Section 5.6](#)) any right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

10.13 Construction.

(a) References to “cash,” “dollars” or “\$” are to U.S. dollars.

(b) For purposes of this Agreement, whenever the context requires: the singular number shall include the plural, and vice versa; the masculine gender shall include the feminine and neuter genders; the feminine gender shall include the masculine and neuter genders; and the neuter gender shall include masculine and feminine genders.

(c) The Parties have participated jointly in the negotiating and drafting of this Agreement and agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting Party shall not be applied in the construction or interpretation of this Agreement, and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any provision of this Agreement.

(d) As used in this Agreement, the words “include” and “including,” and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words “without limitation.”

(e) As used in this Agreement, the word “extent” in the phrase “to the extent” means the degree to which a subject extends and does not simply mean “if.”

(f) As used in this Agreement, the word “or” shall not be exclusive (*i.e.*, “or” shall be deemed to mean “and/or”).

(g) Except as otherwise indicated, all references in this Agreement to “Sections,” “Exhibits” and “Schedules” are intended to refer to Sections of this Agreement and Exhibits and Schedules to this Agreement, respectively.

(h) Any reference to legislation or to any provision of any legislation shall include any modification, amendment, re-enactment thereof, any legislative provision substituted therefore and all rules, regulations, and statutory instruments issued or related to such legislations.

(i) The bold-faced headings and table of contents contained in this Agreement are for convenience of reference only, shall not be deemed to be a part of this Agreement and shall not be referred to in connection with the construction or interpretation of this Agreement.

(j) The Parties agree that each of the Company Disclosure Schedule and the Parent Disclosure Schedule shall be arranged in sections and subsections corresponding to the numbered and lettered sections and subsections contained in this Agreement. The disclosures in any section or subsection of the Company Disclosure Schedule or the Parent Disclosure Schedule shall qualify other sections and subsections in this Agreement to the extent it is readily apparent on its face from a reading of the disclosure that such disclosure is applicable to such other sections and subsections.

(k) Each of “delivered” or “made available” means, with respect to any documentation, that prior to 11:59 p.m. Eastern Time on the date that is two (2) calendar days prior to the date of this Agreement (i) a copy of such material has been posted to and made available by a Party to the other Party and its Representatives in the electronic data room maintained by such disclosing Party or (ii) such material is disclosed in the Parent SEC Documents filed with the SEC prior to the date hereof and publicly made available on the SEC’s Electronic Data Gathering Analysis and Retrieval system.

(l) Whenever the last day for the exercise of any privilege or the discharge of any duty hereunder shall fall upon a Saturday, Sunday, or any date on which banks in New York, New York are authorized or obligated by Law to be closed, the Party having such privilege or duty may exercise such privilege or discharge such duty on the next succeeding day which is a regular Business Day.

(m) Unless otherwise indicated, (i) when calculating the period of time before which, within which or following which any act is to be done or step taken pursuant to this Agreement, the date that is the reference date in calculating such period will be excluded; (ii) if the last day of such period is not a Business Day, then the period in question will end on the next Business Day; (iii) if any action (other than any action described in [Section 5.4](#)) must be taken on or by a day that is not a Business Day, then such action may be validly taken on or by the next day that is a Business Day; (iv) the measure of a period of one month or year for purposes of this Agreement will be the day of the following month or year corresponding to the starting date; and (v) if no corresponding date exists, then the end date of such period being measured will be the next actual day of the following month or year (for example, one month following February 18 is March 18 and one month following March 31 is May 1). References to “from” or “through” any date mean, unless otherwise specified, from and including or through and including such date, respectively.

EXHIBIT A

CERTAIN DEFINITIONS

For purposes of this Agreement (including this Exhibit A):

“**Acquisition Inquiry**” means, with respect to a Party, an inquiry, indication of interest or request for information (other than an inquiry, indication of interest or request for information made or submitted by the Company or any of its Affiliates, on the one hand, or Parent or any of its Affiliates, on the other hand, to the other Party) that could reasonably be expected to lead to an Acquisition Proposal; *provided, however*, that the term “**Acquisition Inquiry**” shall not include the Merger or the other Contemplated Transactions or any transactions related to the Asset Dispositions or Concurrent Financing.

“**Acquisition Proposal**” means, with respect to a Party, any offer or proposal, whether written or oral (other than an offer or proposal made or submitted by or on behalf of the Company or any of its Affiliates, on the one hand, or by or on behalf of Parent or any of its Affiliates, on the other hand, to the other Party) contemplating or otherwise relating to any Acquisition Transaction with such Party, other than the Asset Dispositions and the Concurrent Financing.

“**Acquisition Transaction**” means any transaction or series of related transactions (other than the Asset Dispositions and the Concurrent Financing) involving: (x) any merger, consolidation, amalgamation, share exchange, business combination, issuance of securities, acquisition of securities, reorganization, recapitalization, tender offer, exchange offer or other similar transaction: (i) in which a Party is a constituent entity; (ii) in which a Person or “group” (as defined in the Exchange Act) of Persons directly or indirectly acquires beneficial or record ownership of securities representing more than twenty percent (20%) of the outstanding securities of any class of voting securities of a Party or any of its Subsidiaries; or (iii) in which a Party or any of its Subsidiaries issues securities representing more than twenty percent (20%) of the outstanding securities of any class of voting securities of such Party or any of its Subsidiaries; or (y) any sale, lease, exchange, transfer, exclusive license, acquisition or disposition of any business or businesses or assets that constitute or account for twenty percent (20%) or more of the consolidated book value or the fair market value of the assets of a Party and its Subsidiaries, taken as a whole; *provided*, that “**Acquisition Transaction**” shall not include any licenses granted by the Company in the Ordinary Course of Business.

“**Affiliate**” means, with respect to a Person, any other Person that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with, such Person. The term “**control**” (including the corollary terms “**controlled by**” and “**under common control with**”) means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by Contract or otherwise.

“**Agreement**” means the Agreement and Plan of Merger and Reorganization to which this **Exhibit A** is attached, as it may be amended from time to time.

“**Antitrust Laws**” means the HSR Act or any other applicable U.S. or foreign competition, antitrust, merger control or investment Laws.

“**Authorized Share Increase**” means an increase in the number of authorized shares of Parent Capital Stock that Parent is authorized to issue to a number determined by the Company in its sole discretion.

“**Business Day**” means any day other than a Saturday, Sunday or other day on which banks in New York, New York are authorized or obligated by Law to be closed.

“**Cash and Cash Equivalents**” means cash, currency, and cash equivalents as determined in accordance with GAAP, including (a) all cash and cash equivalents in deposit accounts or other similar accounts,

(b) marketable securities with maturities of three (3) months or less, (c) checks, money orders, and other negotiable instruments, (d) cash in transit. Cash and Cash Equivalents shall be net of the amount of any outstanding checks or other payment obligations that have been issued but not yet cleared, and (e) prepaid expenses, including those set forth on Schedule A of the Parent Disclosure Schedule. For the avoidance of doubt, “Cash and Cash Equivalents” excludes any restricted cash, escrowed amounts, or amounts held as collateral for obligations (including letters of credit and performance bonds), and amounts being held for remittance to Tax authorities with respect to Taxes associated with the Pre-Closing Distribution and Parent Distribution.

“**Code**” means the Internal Revenue Code of 1986.

“**Company Associate**” means any current or former employee, independent contractor, officer or director of the Company.

“**Company Board**” means the board of directors of the Company.

“**Company Capital Stock**” means the Company Common Stock and the Company Preferred Stock.

“**Company Change in Circumstance**” means a change in circumstances (other than any such event, development or change to the extent related to (A) any Acquisition Proposal, Acquisition Inquiry or the consequences thereof, or (B) the fact, in and of itself, that the Company meets or exceeds internal budgets, plans or forecasts of its revenues, earnings or other financial performance or results of operations) that affects the business, assets or operations of the Company or any of its Subsidiaries that occurs or arises after the date of this Agreement.

“**Company Charter Amendment**” means an amendment to the Company Charter during the Pre-Closing Period to increase the authorized shares of Company Class A Common Stock.

“**Company Class A Common Stock**” means the Class A Common Stock, \$0.0001 par value per share, of the Company.

“**Company Common Stock**” means, collectively, the Company Class A Common Stock and the Company non-voting Common Stock.

“**Company Fundamental Representations**” means the representations and warranties of the Company set forth in Sections 2.1(a) (Organization, Standing and Power), 2.2 (Capital Stock), 2.3 (Subsidiaries), 2.4 (Authority) and 2.24 (Brokers).

“**Company Material Adverse Effect**” means any Effect that, considered together with all other Effects, has or would reasonably be expected to have a material adverse effect on the business, condition (financial or otherwise), assets, liabilities or results of operations of the Company, taken as a whole; *provided, however*, that any Effect, individually or together with other Effects, arising or resulting from the following shall not be taken into account in determining whether there has been a Company Material Adverse Effect: (a) general business, political, or economic conditions generally affecting the industry in which the Company operates, including with respect to the imposition of, or adjustments to, tariffs or other trade restrictions; (b) acts of war, the outbreak or escalation of armed hostilities, acts of terrorism, earthquakes, wildfires, hurricanes or other natural disasters, health emergencies, including pandemics and related or associated epidemics, disease outbreaks or quarantine restrictions; (c) changes in financial, banking or securities markets; (d) any change in, or any compliance with or action taken for the purpose of complying with, any Law or GAAP (or interpretations of any Law or GAAP); (e) the announcement of this Agreement or the pendency of the Contemplated Transactions; (f) resulting from the taking of any action expressly required to be taken by this Agreement; or (g) continued losses from operations or decreases in cash balances of the Company; except, with respect to clauses (a) through (d), to the extent such Effect disproportionately affects the Company, taken as a whole, relative to other similarly situated companies in the industries in which the Company operates, in which case, such Effect shall be taken into account to the extent of such disproportionate effect on the Company.

“**Company non-voting Common Stock**” means the non-voting Common Stock, \$0.0001 par value per share, of the Company.

“**Company Option**” means any option or other right to purchase shares of Company Capital Stock issued by the Company.

“**Company Owned IP**” means all Intellectual Property owned by the Company or any of its Subsidiaries in whole or in part.

“**Company Preferred Stock**” means collectively, the Company Series A Preferred Stock, the Company Series A-1 Preferred Stock and the Company Series B Preferred Stock.

“**Company Series A Preferred Stock**” means the Series A Preferred Stock, par value \$0.0001 per share, of the Company.

“**Company Series A-1 Preferred Stock**” means the Series A-1 Preferred Stock, par value \$0.0001 per share, of the Company.

“**Company Series B Preferred Stock**” means the Series B Preferred Stock, par value \$0.0001 per share, of the Company.

“**Company Signatories**” means the officers, directors and stockholders of the Company set forth on **Schedule A** hereto.

“**Company Triggering Event**” shall be deemed to have occurred if: (a) the Company Board shall have made a Company Board Adverse Recommendation Change; (b) the Company Board or any committee thereof shall have publicly approved, endorsed or recommended any Acquisition Proposal; or (c) following the date of this Agreement, the Company shall have entered into any letter of intent or similar document or any Contract relating to any Acquisition Proposal.

“**Concurrent Financing**” means an acquisition of shares of Company Class A Common Stock to be consummated immediately prior to the Effective Time pursuant to the Subscription Agreement with aggregate gross cash proceeds of at least the Concurrent Investment Amount.

“**Concurrent Financing Allocation Percentage**” means the quotient (rounded to four decimal places) determined by *dividing* (A) the Concurrent Financing Proceeds by (B) the Aggregate Valuation.

“**Concurrent Financing Merger Shares**” means, subject to Section 1.5(f), the product determined by *multiplying* (i) the Post-Closing Parent Shares by (ii) the Concurrent Financing Allocation Percentage.

“**Concurrent Financing Proceeds**” means the proceeds resulting from the Concurrent Financing.

“**Concurrent Investment Amount**” means \$215,000,000.

“**Confidentiality Agreement**” means the Mutual Confidential Disclosure Agreement, dated as of May 5, 2026, by and between the Company and Parent.

“**Consent**” means any approval, consent, ratification, permission, waiver or authorization (including any Permits).

“**Contemplated Transactions**” means the Merger and the other transactions and actions contemplated by this Agreement, including the Nasdaq Reverse Split, the Parent Charter Amendment, the Concurrent Financing and the Asset Dispositions.

“**Contract**” means, with respect to any Person, any agreement, contract, subcontract, lease (whether for real or personal property), mortgage, license, sublicense or other legally binding commitment or undertaking of any nature to which such Person is a party or by which such Person or any of its assets are bound or affected under applicable Law.

“**DGCL**” means the General Corporation Law of the State of Delaware.

“**Effect**” means any effect, change, event, circumstance or development.

“**Enforceability Exceptions**” means the (a) Laws of general application relating to bankruptcy, insolvency and the relief of debtors; and (b) rules of law governing specific performance, injunctive relief and other equitable remedies.

“**Entity**” means any corporation (including any non-profit corporation), partnership (including any general partnership, limited partnership or limited liability partnership), joint venture, estate, trust, company (including any company limited by shares, limited liability company or joint stock company), firm, society or other enterprise, association, organization or entity, and each of its successors.

“**ERISA**” means the Employee Retirement Income Security Act of 1974.

“**Excepted Contracts**” means (a) shrink-wrap, click wrap and off-the-shelf Contracts for commercially available software or services, (b) Contracts that have expired on their own terms or were terminated prior to the date hereof that do not have any continuing obligations, rights or interests (other than obligations to maintain confidentiality or indemnification provided in the Ordinary Course of Business), (c) any materials transfer agreements, sponsored research agreements, services agreements or other similar Contracts entered into in the Ordinary Course of Business, (d) Contracts with clinical trial sites, subcontractors and/or vendors, in each case, entered into in the Ordinary Course of Business and where any license granted thereunder by the Company or Parent, as applicable, is incidental to the primary purpose of such Contract, (e) Contracts containing an inbound license granted to the Company or Parent, as applicable, to use third party Intellectual Property, where such license is not material to the Company or Parent, as applicable, taken as a whole, (f) nondisclosure agreements entered into (x) in the Ordinary Course of Business or (y) in connection with discussions, negotiations and transactions related to this Agreement or any transactions that were evaluated and/or pursued as an alternative to the Contemplated Transactions, and (g) any Contract for the purchase of services, consumables, materials, equipment or supplies that is entered into the Ordinary Course of Business.

“**Exchange Act**” means the Securities Exchange Act of 1934.

“**Exchange Ratio**” means, subject to [Section 1.5\(f\)](#), the following ratio (rounded to four decimal places): the quotient obtained by *dividing* (a) the Company Merger Shares by (b) the Company Outstanding Shares, in which:

- “**Aggregate Valuation**” means the sum of (i) the Company Valuation, *plus* (ii) the Parent Valuation *plus* (iii) the Concurrent Financing Proceeds.
- “**Company Allocation Percentage**” means the Company Valuation *divided by* the Aggregate Valuation.
- “**Company Merger Shares**” the product determined by *multiplying* (a) the Post-Closing Parent Shares *by* (b) the Company Allocation Percentage.
- “**Company Valuation**” means \$300,000,000.
- “**Company Outstanding Shares**” means the total number of shares of Company Capital Stock outstanding immediately prior to the Effective Time (excluding any shares of Company Class A

Common Stock issued in the Concurrent Financing), expressed on a fully-diluted and as-converted to Company Class A Common Stock basis and using the treasury stock method, but assuming, without limitation or duplication, (i) the exercise of all Company Options outstanding as of immediately prior to the Effective Time, and (ii) the issuance of shares of Company Capital Stock in respect of all other outstanding options, restricted stock awards, restricted stock units, warrants or rights to receive such shares, whether conditional or unconditional and including any outstanding options, warrants, restricted stock awards, restricted stock units or rights triggered by or associated with the consummation of the Merger (but excluding any shares of Company Capital Stock reserved for issuance other than with respect to outstanding Company Options as of immediately prior to the Effective Time).

- “**Parent Allocation Percentage**” means the Parent Valuation *divided by* the Aggregate Valuation.
- “**Parent Equity Value**” means \$15,000,000.
- “**Parent Outstanding Shares**” means, subject to [Section 1.5\(f\)](#) (that addresses, among other things, the possibility to effect the Nasdaq Reverse Split) and the immediately following sentence, the total number of shares of Parent Common Stock outstanding immediately prior to the Effective Time, expressed on a fully-diluted basis and using the treasury stock method (and shall include, for the avoidance of doubt, all In the Money Parent Options), but assuming, without limitation or duplication, the issuance of shares of Parent Common Stock in respect of all Parent Stock Awards, Pre-Funded Warrants, and other outstanding options, warrants or rights to receive such shares, in each case, outstanding as of immediately prior to the Effective Time (assuming cashless exercise), whether conditional or unconditional and including any outstanding options, warrants or rights triggered by or associated with the consummation of the Merger (but excluding any shares of Parent Common Stock reserved for issuance other than with respect to outstanding Parent Stock Awards as of immediately prior to the Effective Time and as set forth above). For the avoidance of doubt, no Out of the Money Parent Options shall be included in the total number of shares of Parent Common Stock outstanding for purposes of determining the Parent Outstanding Shares.
- “**Parent Valuation**” means (i) if Parent Net Cash is greater than \$500,000, the sum of (x) the Parent Equity Value *plus* (y) the amount by which Parent Net Cash exceeds \$500,000, (ii) if Parent Net Cash is between \$500,000 and \$500,000 below zero dollars, the Parent Equity Value, or (iii) Parent Net Cash is greater than \$500,000 below zero dollars, the sum of (x) Parent Equity Value *minus* (y) the amount by which Parent Target Net Cash is greater than \$500,000 below zero dollars.
- “**Post-Closing Parent Shares**” means the quotient obtained by *dividing* the Parent Outstanding Shares *by* the Parent Allocation Percentage.

Set forth on [Schedule I](#) is an illustrative example of Exchange Ratio calculations as of the date of this Agreement.

“**GAAP**” means generally accepted accounting principles and practices in effect from time to time within the United States applied consistently throughout the period involved.

“**Governmental Body**” means any: (a) nation, state, commonwealth, province, territory, county, municipality, district or other jurisdiction of any nature; (b) federal, state, local, municipal, foreign or other government; (c) governmental or quasi-governmental authority of any nature (including any governmental division, department, agency, commission, bureau, instrumentality, official, ministry, fund, foundation, center, organization, unit, body or Entity and any court or other tribunal, and for the avoidance of doubt, any taxing authority); or (d) self-regulatory organization (including Nasdaq).

“**HSR Act**” means the Hart-Scott-Rodino Antitrust Improvements Act of 1976.

“**Personal Information**” means any information that alone or in combination with other information can be used to identify an individual.

“**Parent Triggering Event**” shall be deemed to have occurred if: (a) Parent shall have failed to include in the Proxy Statement the Parent Board Recommendation or shall have made a Parent Board Adverse Recommendation Change; (b) the Parent Board or any committee thereof shall have publicly approved, endorsed or recommended any Acquisition Proposal; (c) following the date of this Agreement, Parent shall have entered into any letter of intent or similar document or Contract relating to any Acquisition Proposal (other than a confidentiality agreement permitted pursuant to Section 4.4) in violation of the terms of this Agreement; (d) Parent or any director or officer of Parent shall have willfully and intentionally breached the provisions set forth in Section 4.4 or Section 5.3; or (e) the Parent Board shall have failed to publicly reaffirm the Parent Board Recommendation within ten (10) Business Days after the Company so requests in writing, *provided*, that the Company may only make such request once every thirty (30) days unless there has been a publicly disclosed change regarding an Acquisition Proposal.

“**Party**” or “**Parties**” means, each of or collectively, as applicable, the Company, Merger Sub and Parent.

“**Permitted Alternative Agreement**” means a definitive agreement that contemplates or otherwise relates to an Acquisition Transaction that constitutes a Superior Offer.

“**Person**” means any individual, Entity or Governmental Body.

“**Potentially Transferable Assets**” means all assets, technology and Intellectual Property of Parent as they existed at any time prior to the date of this Agreement.

“**Pre-Funded Warrants**” means each of the Pre-Funded Warrants to purchase shares of Parent Common Stock issued by Parent on November 15, 2022 to the holders thereof.

“**Proxy Statement**” means the definitive proxy statement/prospectus to be sent to Parent’s stockholders in connection with the Parent Stockholders’ Meeting.

“**Reference Date**” means May 26, 2026.

“**Registration Statement**” means the registration statement on Form S-4 (or any other applicable form under the Securities Act to register Parent Common Stock) to be filed with the SEC by Parent registering the public offering and sale of Parent Common Stock to some or all holders of Company Capital Stock in the Merger, including all shares of Parent Common Stock to be issued in exchange for all shares of Company Capital Stock in the Merger (including shares of Class A Common Stock issued in the Concurrent Financing), as such registration statement may be amended prior to the time it is declared effective by the SEC.

“**Representatives**” means, with respect to a Person, such Person’s directors, officers, employees, agents, attorneys, accountants, investment bankers, advisors and representatives.

“**Sarbanes-Oxley Act**” means the Sarbanes-Oxley Act of 2002.

“**SEC**” means the United States Securities and Exchange Commission.

“**Securities Act**” means the Securities Act of 1933.

“**Subsequent Transaction**” means any Acquisition Transaction (with all references to 20% in the definition of Acquisition Transaction being treated as references to greater than 50% for these purposes).

“**Subsidiary**” means, with respect to a Person, an Entity that such Person directly or indirectly owns or purports to own, beneficially or of record, (a) an amount of voting securities or other interests in such Entity that is sufficient to enable such Person to elect at least a majority of the members of such Entity’s board of directors or other governing body, or (b) at least 50% of the outstanding equity, voting, beneficial or financial interests in such Entity.

“**Superior Offer**” means an unsolicited bona fide written Acquisition Proposal (with all references to twenty percent (20%) in the definition of Acquisition Transaction being treated as references to greater than fifty percent (50%) for these purposes) that: (a) was not obtained or made as a result of a breach of (or in violation of) this Agreement; and (b) is on terms and conditions that the Parent Board or the Company Board, as applicable, determines in good faith, based on such matters that it deems relevant (including the likelihood of consummation thereof and the financing terms thereof), as well as any written offer by the Company or Parent, as applicable, to amend the terms of this Agreement, and following consultation with its outside legal counsel and outside financial advisors, are more favorable, from a financial point of view, to Parent’s stockholders or the Company’s stockholders, as applicable, than the terms of the Contemplated Transactions and is not subject to any financing condition (and if financing is required, such financing is then fully committed to the third party).

“**Takeover Statute**” means any “fair price,” “moratorium,” “control share acquisition” or other similar anti-takeover Law.

“**Tax**” means all U.S. federal, state, local, foreign and other net income, gross income, gross receipts, sales, use, stock, ad valorem, transfer, transaction, franchise, profits, gains, registration, license, wages, lease, service, service use, employee and other withholding, social security, unemployment, welfare, disability, payroll, employment, excise, severance, stamp, occupation, workers’ compensation, premium, real property, personal property, windfall profits, net worth, capital, value-added, alternative or add-on minimum, customs duties, estimated, escheat, unclaimed property and other taxes, fees, assessments, charges or levies of any kind whatsoever in the nature of tax (whether imposed directly or through withholding and including taxes of any third party in respect of which a Person may have a duty to collect or withhold and remit and any amounts resulting from the failure to file any Tax Return), whether disputed or not, together with any interest and any penalties, additions to tax or additional amounts with respect thereto.

“**Tax Proceeding**” means any proposed audit, assessment, examination, claim or other controversy or proceeding relating to an amount of Taxes of the Company or any of its Subsidiaries.

PERSONAL AND CONFIDENTIAL

The Board of Directors
Rallybio Corporation
234 Church Street
New Haven, Connecticut 06510

Members of the Board of Directors of Rallybio Corporation:

You have requested our opinion as to the fairness, from a financial point of view, to Rallybio Corporation, a Delaware corporation ("**Parent**"), of the Exchange Ratio (as defined in the Agreement) proposed to be paid by Parent pursuant to the terms of the Agreement and Plan of Merger and Reorganization (the "**Agreement**") to be entered into by and among Parent, Farmington Merger Sub, Inc., a Delaware corporation ("**Merger Sub**"), and Avenzo Therapeutics, Inc., a Delaware corporation (the "**Company**"), which provides, among other things, for the merger of Company with and into Merger Sub with the Company as the surviving entity (the "**Merger**"), as a result of which the Company will become a wholly-owned subsidiary of Parent.

Pursuant to the Agreement, (a) each outstanding share of common stock of the Company, par value \$0.0001 per share (the "**Company Common Stock**") other than (i) shares of Company Common Stock held in treasury, (ii) Dissenting Shares (as defined in the Agreement), (iii) shares of Company Common Stock owned by Parent or Merger Sub or any stockholder thereof and (iv) shares of Company Common Stock to be issued in the Concurrent Financing (as defined in the Agreement) will be converted into the right to receive a number of shares of common stock of Parent, par value \$0.0001 per share (the "**Parent Common Stock**"), equal to the Exchange Ratio (as defined in the Agreement); (b) the aggregate number of shares of Company Common Stock issued in the Concurrent Financing will be converted into the Concurrent Financing Merger Shares (as defined in the Agreement), which will be allocated *pro rata* in accordance with each stockholder's investment therein ((a) and (b) together, the "**Merger Consideration**"); and (c) holders of Parent Common Stock prior to the consummation of the Merger will receive (i) contingent value rights relating to the net proceeds received from any disposition or commercialization of certain legacy assets of the Parent (the "**Parent Legacy Assets**") occurring within a specified disposition period (the "**Parent CVRs**") and (ii) one or more distributions of cash up to the aggregate amount by which Parent Net Cash (as defined in the Agreement) equals or exceeds \$0 (together, the "**Parent Distributions**"). The terms and conditions of the Merger are more fully set forth in the Agreement.

For purposes of the opinion set forth herein, we have:

- (i) reviewed certain publicly available financial statements and certain other business and financial information relating to Parent;
- (ii) reviewed the historical trading prices and trading activity for the Parent Common Stock;
- (iii) reviewed certain financial and operating data concerning the Company prepared by the management of the Company;
- (iv) reviewed (i) publicly available market capitalization data regarding companies in the biotechnology industry that we believed to be comparable in certain respects to Company; and (ii) publicly available financial terms of certain initial public offerings involving companies in the biotechnology industry that we believed to be comparable in certain respects to the Company;
- (v) participated in discussions with members of the senior management of the Parent and the Company and their respective advisors and representatives;
- (vi) reviewed the Agreement draft, dated as of May 29, 2026, and certain related documents; and

(vii) performed such other analysis and considered such other factors as we deemed appropriate.

In conducting our review and arriving at our opinion, we have assumed and relied, without independent verification, upon the accuracy and completeness of all information and data that was publicly available or furnished to or otherwise reviewed by or discussed with us. We have further relied upon the assurance of the management of Parent and Company that they are not aware of any facts or circumstances that would make such information inaccurate or misleading. As you are aware, neither Parent's nor Company's management provided us with, and we did not otherwise have access to, financial forecasts regarding Parent's or Company's businesses. Accordingly, we did not perform either discounted cash flow analyses with respect to Parent or Company. In addition, with your consent, we have not made any independent evaluation or appraisal of any of the assets or liabilities (contingent, derivative, off-balance-sheet or otherwise) of Parent or Company, nor have we been furnished with any such evaluation or appraisal, and we have not been asked to conduct, and did not conduct, a physical inspection of the properties or assets of Parent or Company. We have been advised that, given that Parent's assets and liabilities are comprised of Parent Net Cash, which is currently contemplated to be distributed to Parent shareholders prior to the consummation of the Merger in the Parent Distributions, and the Parent Legacy Assets, which are currently contemplated to be disposed, and that Parent is not expected to have any continuing business operations on a standalone basis other than those incidental to Parent's status as a publicly traded company, the management of Parent has not prepared financial forecasts relating to Parent. Accordingly, we have not performed a financial analysis of Parent, Parent Legacy Assets or Parent CVRs, and we have not ascribed any value to Parent Net Cash, the Parent Legacy Assets or Parent CVRs. We have assumed the value of Parent as directed by you.

For purposes of rendering our opinion, we have assumed that the representations and warranties of each party contained in the Agreement are true and correct, that each party will perform all of the covenants and agreements required to be performed by it under the Agreement and that all conditions to the consummation of the Merger will be satisfied without waiver thereof. We have assumed that the final form of the Agreement will not vary materially from the last draft Agreement reviewed by us and that the Merger will be consummated substantially on the terms described in such draft, without any amendment or waiver of material terms or conditions. We have also assumed that all necessary governmental, regulatory and other consents and approvals contemplated by the Agreement will be obtained and that in the course of obtaining those consents and approvals no costs or restrictions will be imposed or waivers made that would have an adverse effect on the contemplated benefits of the Merger. We have relied on the assessments of the Company's management as to, among other things, the Company's product pipeline, future products, technology and intellectual property, including the viability of and risks associated therewith.

We are not legal, tax or regulatory advisors and have relied upon, without independent verification, the assessment of the Parent and the Company and their legal, tax or regulatory advisors with respect to legal, tax or regulatory matters. We are not in the business of appraising tangible assets and have not made any independent valuation or appraisal of any or all of the assets or liabilities (including any contingent, derivative or off-balance-sheet assets or liabilities) of the Parent or the Company, nor have we been furnished with any such valuations or appraisals. In addition, we have not evaluated the solvency of any party to the Agreement under any state or federal laws relating to bankruptcy, insolvency or similar matters. Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof may affect this opinion and the assumptions used in preparing it, and we do not assume any obligation to update, revise or reaffirm this opinion.

We were not requested to consider, and our opinion does not address, the Parent's underlying business decision to enter into the Agreement and pursue the Merger, or the relative merits of the Merger as compared to any alternative business strategies that might exist for the Parent or the effect of any other transaction in which the Parent might engage. We were not requested to consider, and our opinion does not address, the non-financial terms of the Agreement or the Merger, including, without limitation, the structure or form of the Merger, nor were we asked to address the terms of any related transactions to be entered into by the parties, including, without limitation, the Parent Distributions, Parent CVRs and the Concurrent Financing, or the fairness of the Merger or any other term or aspect of the Merger to, or any consideration to be received in connection therewith by, or the impact of the Merger on, the holders of any class of securities, creditors or other constituencies of Parent or any other party. This opinion is limited to and addresses only the fairness, from a financial point of view, as of the date hereof, to Parent of the

Exchange Ratio to be paid by Parent pursuant to the terms of the Agreement. Furthermore, we express no opinion with respect to the amount or nature of any compensation to be paid to any officers, directors or employees of any party to the Merger, or any class of such persons, relative to the Merger Consideration or otherwise, or with respect to the fairness of any such compensation.

We, as part of our investment banking business, are customarily engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of securities, private placements and valuations for estate, corporate and other purposes.

We have acted as financial advisor to the Parent in connection with the Merger and will receive a fee for providing this opinion, no portion of which is contingent upon the completion of the Merger. In addition, the Parent has agreed to indemnify us against certain liabilities arising out of our engagement. We previously provided a fairness opinion to Parent in connection with a contemplated business combination transaction, which was subsequently abandoned, for which we received a fee. We have not otherwise had a material relationship with, nor otherwise received fees from, the Parent or any other party to the Merger during the two years preceding the date hereof, other than our provision of ordinary course equity research coverage of Parent during this period.

Consistent with applicable legal and regulatory requirements, we have adopted policies and procedures to establish and maintain the independence of our research department and personnel. As a result, our research analysts may hold views, make statements or investment recommendations and/or publish research reports with respect to Parent or the proposed Merger and other participants in the Merger that differ from the views of our investment banking personnel.

In the ordinary course of our trading, brokerage, investment management and financing activities, we or our affiliates may at any time hold long or short positions, and may trade or otherwise effect transactions, for our own account or the accounts of customers, in debt or equity securities of parties to the Merger or other companies or any currency that may be involved in the Merger. In the future, we may maintain other relationships with, and provide advisory and other services to the Company, Parent and their respective affiliates, and may receive fees for providing such services.

This opinion is given at the request of, and is intended for the benefit and use of, the Board of Directors of the Parent in connection with its consideration of the Merger, and it is not intended to be and does not constitute a recommendation to any shareholder of the Parent as to how such shareholder should vote or act on any matter relating to the Merger. This opinion shall not be used for any other purpose, and may not be disseminated, reproduced, quoted from or referred to at any time, without our prior written approval; *provided*, that this opinion may be included in its entirety in any proxy statement, information statement or solicitation/recommendation statement on Schedule 14d-9 required to be delivered to the Parent's stockholders in connection with the Merger, and provided further that we shall have a reasonable opportunity to review, comment on and approve any summary of or reference to this opinion contained in such statements in advance of any such delivery.

The issuance of this opinion was approved by our fairness opinion review committee.

Based upon and subject to the foregoing, we are of the opinion on the date hereof that the Exchange Ratio to be paid by Parent pursuant to the terms of the Agreement is fair, from a financial point of view, to Parent.

Very truly yours,

/s/ Citizens JMP Securities, LLC

SUPPORT AGREEMENT

This **SUPPORT AGREEMENT (THIS “AGREEMENT”)** is made as of May 31, 2026, by and between **AVENZO THERAPEUTICS, INC.**, a Delaware corporation (“**Company**”), and the Person set forth on Schedule A hereto (the “**Stockholder**”).

WHEREAS, as of the date hereof, the Stockholder is the holder of the number of shares of common stock, par value \$0.0001 per share (“**Common Stock**”) and preferred stock, par value \$0.0001 per share (“**Preferred Stock**” and collectively with the Common Stock, the “**Parent Shares**”), of **RALLYBIO CORPORATION**, a Delaware corporation (the “**Parent**”), set forth opposite the Stockholder’s name on Schedule A (all Parent Shares owned by the Stockholder, or hereafter issued to or otherwise acquired, whether beneficially or of record, or owned by the Stockholder prior to the termination of this Agreement, as well as shares set forth on Schedule A, being referred to herein as the “**Subject Shares**”);

WHEREAS, the Company, Parent and **FARMINGTON MERGER SUB, INC.**, a Delaware corporation and wholly owned subsidiary of Parent (“**Merger Sub**”), propose to enter into an Agreement and Plan of Merger and Reorganization, dated as of the date hereof (the “**Merger Agreement**”), which provides, among other things, for the merger of Merger Sub with and into the Company, with the Company continuing as the surviving company (the “**Merger**”), upon the terms and subject to the conditions set forth in the Merger Agreement (capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Merger Agreement); and

WHEREAS, as a condition to its willingness to enter into the Merger Agreement, Parent has required that the Stockholder, and as an inducement and in consideration therefor, the Stockholder (in the Stockholder’s capacity as a holder of the Subject Shares) has agreed to, enter into this Agreement.

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants and agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, do hereby agree as follows:

ARTICLE I VOTING AGREEMENT; GRANT OF PROXY

The Stockholder hereby covenants and agrees that:

1.1. **Voting of Subject Shares.** From and after the date hereof, at every meeting of the holders of Parent Shares (the “**Parent Stockholders**”), however called, and at every adjournment or postponement thereof (or pursuant to a written consent if the Parent Stockholders act by written consent in lieu of a meeting), the Stockholder shall, or shall cause the holder of record on any applicable record date to, be present (in person or by proxy) and to vote or cause to be voted the Subject Shares (a) in favor of approving the Contemplated Transactions, including the Parent Stockholder Matters, the Authorized Share Increase Proposal and the other actions contemplated by the Merger Agreement, (b) against approval of any proposal made in opposition to, or in competition with, the Merger Agreement or the consummation of the Merger, and (c) against any Acquisition Proposal. Except as permitted under clauses (A) through (K) of Section 1.2 below, the Stockholder shall retain at all times the right to vote the Subject Shares in the Stockholder’s sole discretion and without any other limitation on those matters other than those set forth in this Section 1.1 that are at any time or from time to time presented for consideration to the Parent Stockholders.

1.2. **No Inconsistent Arrangements.** Except as provided hereunder or under the Merger Agreement, prior to the Effective Time, the Stockholder shall not, directly or indirectly, (a) create any Encumbrance other than restrictions imposed by Law or pursuant to this Agreement on any Subject Shares; (b) transfer, sell, assign, gift or otherwise dispose of (collectively, “**Transfer**”), or enter into any contract with respect to any Transfer of, the Subject Shares or any interest therein; (c) grant or permit the grant of any proxy, power of attorney or other authorization in or with respect to the Subject Shares; (d) deposit or permit the deposit of the Subject Shares into a voting trust or enter into a voting agreement or arrangement with respect to the Subject Shares; or (e) take any action that, to the knowledge of the Stockholder, would make any representation or warranty of the Stockholder herein untrue or incorrect in any material respect or have the effect of preventing the Stockholder from performing the Stockholder’s obligations hereunder. Any action taken in violation of the foregoing sentence shall be null and void *ab initio*. Notwithstanding the foregoing, the Stockholder may (A) Transfer the Subject Shares as a *bona fide* charitable contribution, gift or donation; (B) Transfer the Subject Shares to any trust for the direct or indirect benefit of the Stockholder or the immediate family of the Stockholder; (C) Transfer the Subject Shares by will, other testamentary document or intestate succession to the legal representative, heir, beneficiary or a member of the immediate family of the Stockholder; (D) Transfer the Subject Shares to stockholders, direct or indirect affiliates (within the meaning set forth in Rule 405 under the Securities Act), current or former partners (general or limited), members or managers of the Stockholder, as applicable, or to the estates of any such stockholders, affiliates, partners, members or managers, or to another corporation, partnership, limited liability company or other business entity that controls, is controlled by or is under common control with the Stockholder; (E) make Transfers that occur by operation of law pursuant to a qualified domestic relations order or in connection with a divorce settlement; (F) make Transfers not involving a change in beneficial ownership; (G) if the Stockholder is a trust, Transfer Subject Shares to any beneficiary of the Stockholder or the estate of any such beneficiary; (H) exercise an option to purchase Parent Shares or settle an equity award (including a net or cashless exercise of such option); (I) Transfer Parent Shares to the Parent to cover tax withholding obligations of the Stockholder in connection with the vesting, settlement or exercise of any options or other equity awards, as applicable, *provided* that in each case, the underlying Parent Shares shall continue to be subject to the restrictions on transfer set forth in this Agreement; (J) establish a trading plan pursuant to Rule 10b5-1 under the Exchange Act for the transfer of Parent Shares; and (K) Transfer Parent Shares to the Parent pursuant to arrangements under which the Parent has the option to repurchase such Parent Shares; *provided* that, with respect to clauses (A) through (G) above, the transferee agrees in writing to be bound by the terms and conditions of this Agreement and either the Stockholder or the transferee provides Company with a copy of such agreement promptly upon consummation of any such Transfer; *provided, further* that with respect to clauses (A) through (C) and (E) through (G) above, no filing under the Exchange Act or other public announcement shall be required or shall be made voluntarily in connection with such Transfer (other than filings made in respect of involuntary Transfers); *provided* that reasonable notice shall be provided to Company prior to any such filing and that the underlying Parent Shares shall continue to be subject to the restrictions on Transfer set forth in this Agreement. For purposes of this Agreement, “immediate family” shall mean any relationship by blood, marriage or adoption, not more remote than first cousin.

1.3. **Documentation and Information.** The Stockholder shall permit and hereby authorizes the Company and Parent to publish and disclose in all documents and schedules filed with the SEC, and any press release or other disclosure document that the Company or Parent reasonably determines to be necessary in connection with the Merger and any of the Contemplated Transactions, the Stockholder’s identity and ownership of the Subject Shares and the nature of the Stockholder’s commitments and obligations under this Agreement. The Parent is an intended third-party beneficiary of this [Section 1.3](#).

1.4. **Irrevocable Proxy.** The Stockholder hereby revokes (or agrees to cause to be revoked) any proxies that the Stockholder has heretofore granted with respect to the Subject Shares. The Stockholder hereby irrevocably appoints Company as attorney-in-fact and proxy for and on behalf of the Stockholder, for and in the name, place and stead of the Stockholder, to: (a) attend any and all meetings of the Parent Stockholders, (b) vote, express consent or dissent or issue instructions to the record holder to vote the Subject Shares in accordance with the provisions of [Section 1.1](#) at any and all meetings of the Parent Stockholders or in connection with any action sought to be taken by written consent of the Parent Stockholders without a meeting and (c) grant or withhold, or

issue instructions to the record holder to grant or withhold, consistent with the provisions of [Section 1.1](#), all written consents with respect to the Subject Shares at any and all meetings of the Parent Stockholders or in connection with any action sought to be taken by written consent of the Parent Stockholders without a meeting. Company agrees not to exercise the proxy granted herein for any purpose other than the purposes described in this Agreement. The foregoing proxy shall be deemed to be a proxy coupled with an interest, is irrevocable (and as such shall survive and not be affected by the death, incapacity, mental illness or insanity of the Stockholder, as applicable) until the termination of this Agreement and shall not be terminated by operation of law or upon the occurrence of any other event other than the termination of this Agreement pursuant to [Section 4.2](#). The Stockholder authorizes such attorney and proxy to substitute any other Person to act hereunder, to revoke any substitution and to file this proxy and any substitution or revocation with the Secretary of the Parent. The Stockholder hereby affirms that the proxy set forth in this [Section 1.4](#) is given in connection with and granted in consideration of and as an inducement to the Company to enter into the Merger Agreement and that such proxy is given to secure the obligations of the Stockholder under [Section 1.1](#). The proxy set forth in this [Section 1.4](#) is executed and intended to be irrevocable, subject, however, to its automatic termination upon the termination of this Agreement pursuant to [Section 4.2](#). With respect to any Subject Shares that are owned beneficially by the Stockholder but are not held of record by the Stockholder (other than shares beneficially owned by the Stockholder that are held in the name of a bank, broker or nominee), the Stockholder shall take all action necessary to cause the record holder of such Subject Shares to grant the irrevocable proxy and take all other actions provided for in this [Section 1.4](#) with respect to such Subject Shares.

1.5. **No Ownership Interest.** Nothing contained in this Agreement will be deemed to vest in Company any direct or indirect ownership or incidents of ownership of or with respect to the Subject Shares. All rights, ownership and economic benefits of and relating to the Subject Shares will remain and belong to the Stockholder, and Company will have no authority to manage, direct, superintend, restrict, regulate, govern or administer any of the policies or operations of the Parent or exercise any power or authority to direct the Stockholder in the voting of any of the Subject Shares, except as otherwise expressly provided herein with respect to the Subject Shares and except as otherwise expressly provided in the Merger Agreement.

1.6. **Waivers.** In connection with the Contemplated Transactions, the Stockholder hereby expressly agrees that the Stockholder will not bring, commence, institute, maintain, prosecute, participate in or voluntarily aid any action, claim, suit or cause of action, in law or in equity, in any court or before any Governmental Body, which (a) challenges the validity of or seeks to enjoin the operation of any provision of this Agreement or (b) alleges that the execution and delivery of this Agreement by the Stockholder, or the approval of the Merger Agreement by Parent Board, breaches any fiduciary duty of the Parent Board or any member thereof; *provided* that the Stockholder may defend against, contest or settle any such action, claim, suit or cause of action brought against the Stockholder that relates solely to the Stockholder's capacity as a director, officer or securityholder of the Parent.

1.7. **No Solicitation of Transactions.** The Stockholder hereby agrees that, during the Pre-Closing Period, the Stockholder shall not, directly or indirectly: (a) solicit, initiate or knowingly encourage, induce or facilitate the communication, making, submission or announcement of any Acquisition Proposal or Acquisition Inquiry or take any action that could reasonably be expected to lead to an Acquisition Proposal or Acquisition Inquiry; (b) furnish any non-public information regarding the Parent to any Person in connection with or in response to an Acquisition Proposal or Acquisition Inquiry; (c) engage in discussions (other than to inform any Person of the existence of the provisions in this [Section 1.7](#)) or negotiations with any Person with respect to any Acquisition Proposal or Acquisition Inquiry; (d) approve, endorse or recommend any Acquisition Proposal; (e) execute or enter into any letter of intent or any Contract contemplating or otherwise relating to any Acquisition Transaction; or (f) publicly propose to do any of the foregoing; provided, however, that the foregoing restrictions in this [Section 1.7](#) shall only apply to the Stockholder in the Stockholder's capacity as a holder of Parent Shares and not, for the avoidance of doubt, in the Stockholder's capacity as a director or officer (if applicable) of the Parent, whose activities with respect to any Acquisition Proposal or Acquisition Inquiry shall be governed by the Merger Agreement. The Stockholder hereby represents and warrants that the Stockholder has read Section 4.4 (Parent Non-Solicitation) of the Merger Agreement and agrees not to engage in any actions prohibited thereby.

ARTICLE II REPRESENTATIONS AND WARRANTIES OF THE STOCKHOLDER

The Stockholder represents and warrants to Company that:

2.1. **Organization; Authorization; Binding Agreement.** The Stockholder, if not a natural person, is duly incorporated or organized, as applicable, validly existing and in good standing under the laws of its jurisdiction of incorporation or organization. The Stockholder has full legal capacity and power, right and authority to execute and deliver this Agreement and to perform the Stockholder's obligations hereunder and to consummate the transactions contemplated hereby. This Agreement has been duly and validly executed and delivered by the Stockholder, and constitutes a legal, valid and binding obligation of the Stockholder enforceable against the Stockholder in accordance with its terms, subject to the Enforceability Exceptions.

2.2. **Ownership of Subject Shares; Total Shares.** The Stockholder is the record or beneficial owner of the Subject Shares and has good and marketable title to the Subject Shares free and clear of any Encumbrances (including any restriction on the right to vote or otherwise transfer the Subject Shares), except (a) as provided hereunder, (b) pursuant to any applicable restrictions on transfer under the Securities Act, (c) subject to any risk of forfeiture or repurchase rights of the Parent with respect to any Parent Shares granted to the Stockholder under an employee benefit plan of Parent and (d) as provided in the certificate of incorporation or bylaws of the Parent. The Subject Shares listed on Schedule A opposite the Stockholder's name constitute all of the Parent Shares owned by the Stockholder as of the date hereof. Except pursuant to the Parent's certificate of incorporation, bylaws and the right of the Parent to purchase or acquire any Parent Shares pursuant to an employee benefit plan of the Parent, no Person has any contractual or other right or obligation to purchase or otherwise acquire any of the Subject Shares. For purposes of this Agreement "**Beneficial Ownership**" shall be interpreted as defined in Rule 13d-3 under the Exchange Act; *provided* that for purposes of determining Beneficial Ownership, a Person shall be deemed to be the Beneficial Owner of any securities that may be acquired by such Person pursuant to any Contract or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise (irrespective of whether the right to acquire such securities is exercisable immediately or only after the passage of time, including the passage of time in excess of 60 days, the satisfaction of any conditions, the occurrence of any event or any combination of the foregoing).

2.3. **Voting Power.** The Stockholder has full voting power, with respect to the Subject Shares, and full power of disposition, full power to issue instructions with respect to the matters set forth herein and full power to agree to all of the matters set forth in this Agreement, in each case, with respect to all of the Subject Shares. None of the Subject Shares are subject to any proxy, voting trust or other agreement or arrangement with respect to the voting of the Subject Shares, except as provided hereunder.

2.4. **Reliance.** The Stockholder has had the opportunity to review the Merger Agreement, and this Agreement with counsel of the Stockholder's own choosing. The Stockholder has had an opportunity to review with its own tax advisors the tax consequences of the Merger and the transactions contemplated by the Merger Agreement. The Stockholder understands that it must rely solely on its advisors and not on any statements or representations made by Parent, the Company or any of their respective agents or representatives. The Stockholder understands that such Stockholder (and not Parent, the Company or the Surviving Corporation) shall be responsible for such Stockholder's tax liability that may arise as a result of the Merger or the transactions contemplated by the Merger Agreement. The Stockholder understands and acknowledges that the Company, Parent and Merger Sub are entering into the Merger Agreement in reliance upon the Stockholder's execution, delivery and performance of this Agreement.

2.5. **Absence of Litigation.** With respect to the Stockholder, as of the date hereof, there is no action, suit, investigation or proceeding pending against, or, to the knowledge of the Stockholder, threatened against, the Stockholder or any of the Stockholder's properties or assets (including the Subject Shares) that could reasonably be expected to prevent, delay or impair the ability of the Stockholder to perform the Stockholder's obligations hereunder or to consummate the transactions contemplated hereby.

2.6. **Non-Contravention.** The execution and delivery of this Agreement by the Stockholder and the performance of the transactions contemplated by this Agreement by the Stockholder does not and will not

violate, conflict with, or result in a breach of: (a) the organizational documents of such Stockholder, (b) any applicable Law or any injunction, judgment, order, decree, ruling, charge, or other restriction of any Governmental Body to which the Stockholder is subject, or (c) any Contract to which the Stockholder is a party or is bound or to which the Subject Shares are subject, such that it could reasonably be expected to prevent, delay or impair the ability of the Stockholder to perform the Stockholder's obligations hereunder or to consummate the transactions contemplated hereby.

ARTICLE III REPRESENTATIONS AND WARRANTIES OF COMPANY

Company represents and warrants to the Stockholder that:

3.1. **Organization; Authorization.** Company is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware. The consummation of the transactions contemplated hereby is within Company's corporate powers and has been duly authorized by all necessary corporate actions on the part of Company. Company has full power and authority to execute, deliver and perform this Agreement.

3.2. **Binding Agreement.** This Agreement has been duly authorized, executed and delivered by Company and constitutes a valid and binding obligation of Company enforceable against Company in accordance with its terms, subject to the Enforceability Exceptions.

ARTICLE IV MISCELLANEOUS

4.1. **Notices.** All notices, requests and other communications to either party hereunder shall be in writing (including electronic mail) and shall be given, (a) if to Company, in accordance with the provisions of the Merger Agreement and (b) if to the Stockholder, to the Stockholder's address or electronic mail address set forth on a signature page hereto, or to such other address or electronic mail address as the Stockholder may hereafter specify in writing to Company.

4.2. **Termination.** This Agreement shall terminate automatically, without any notice or other action by any Person, upon the earlier of (a) the termination of the Merger Agreement in accordance with its terms, (b) the Effective Time, and (c) the amendment of the Merger Agreement, without the prior written consent of the Stockholder, in a manner that affects the economics or material terms of the Merger Agreement in a manner that is adverse to the Stockholder. Upon termination of this Agreement, neither party shall have any further obligations or liabilities under this Agreement; *provided, however*, that (i) nothing set forth in this [Section 4.2](#) shall relieve either party from liability for any breach of this Agreement prior to termination hereof, and (ii) the provisions of this [Article IV](#) shall survive any termination of this Agreement.

4.3. **Confidentiality.** Except to the extent required by applicable Law, the Stockholder shall hold any non-public information regarding this Agreement, the Merger Agreement and the Merger in strict confidence and shall not divulge any such information to any third person until Company has publicly disclosed its entry into the Merger Agreement and this Agreement; *provided, however*, that the Stockholder may disclose such information (a) to its attorneys, accountants, consultants, trustees, beneficiaries and other representatives (*provided* such representatives are subject to confidentiality obligations at least as restrictive as those contained herein), and (b) to any Affiliate, partner, member, stockholder, parent or subsidiary of the Stockholder, *provided* in each case that the Stockholder informs the Person receiving the information that such information is confidential and such Person agrees in writing to abide by the terms of this [Section 4.3](#). Neither the Stockholder nor any of its Affiliates (other than the Parent, whose actions shall be governed by the Merger Agreement), shall issue or cause the publication of any press release or other public announcement with respect to this Agreement, the Merger, the Merger Agreement or the other transactions contemplated hereby or thereby without the prior written consent of the Company and Parent, except as may be required by applicable Law in which circumstance such announcing

party shall make reasonable efforts to consult with the Company and Parent to the extent practicable. The Parent is an intended third-party beneficiary of this [Section 4.3](#).

4.4. **Amendments and Waivers.** Any provision of this Agreement may be amended or waived if such amendment or waiver is in writing and is signed, in the case of an amendment, by each party to this Agreement, or in the case of a waiver, by the party against whom the waiver is to be effective. No failure or delay by either party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

4.5. **Binding Effect; Benefit; Assignment.** The provisions of this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns. Except as set forth in Section 1.3 and Section 4.3, no provision of this Agreement is intended to confer any rights, benefits, remedies, obligations or liabilities hereunder upon any Person other than the parties hereto and their respective successors and assigns. Neither party may assign, delegate or otherwise transfer any of its rights or obligations under this Agreement without the consent of the other party hereto, except that Company may transfer or assign its rights and obligations under this Agreement, in whole or from time to time in part, to one or more of its Affiliates at any time; *provided* that such transfer or assignment shall not relieve Company of any of its obligations hereunder; *provided however* that the Stockholder may transfer the Parent Shares to stockholders, direct or indirect affiliates (within the meaning set forth in Rule 405 under the Securities Act), current or former partners (general or limited), members or managers of the Stockholder, so long as the transferee agrees in writing to be bound by the terms and conditions of this Agreement and either the Stockholder or the transferee provides Company with a copy of such Agreement promptly upon consummation of any such transfer.

4.6. **Governing Law; Jurisdiction.** This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws. In any action or proceeding between any of the parties hereto arising out of or relating to this Agreement, each party hereto: (a) irrevocably and unconditionally consents and submits to the exclusive jurisdiction and venue of the Court of Chancery of the State of Delaware or, to the extent such court does not have subject matter jurisdiction, the United States District Court for the District of Delaware or, to the extent that neither of the foregoing courts has jurisdiction, the Superior Court of the State of Delaware (the “*Delaware Courts*”); (b) agrees that all claims in respect of such action or proceeding shall be heard and determined exclusively in accordance with clause (a) of this [Section 4.6](#); (c) waives any objection to laying venue in any such action or proceeding in such courts; (d) waives any objection that such courts are an inconvenient forum or do not have jurisdiction over any party hereto; (e) agrees that service of process upon such party in any such action or proceeding shall be effective if notice is given in accordance with [Section 4.1](#) of this Agreement; and (f) irrevocably and unconditionally waives the right to trial by jury.

4.7. **Counterparts.** This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same instrument. The exchange of a fully executed Agreement (in counterparts or otherwise) by all parties by facsimile or electronic transmission in .PDF format shall be sufficient to bind the parties to the terms and conditions of this Agreement.

4.8. **Entire Agreement.** This Agreement constitutes the entire agreement and supersedes all prior agreements and understandings, both written and oral, among or between any of the parties with respect to the subject matter hereof and thereof.

4.9. **Severability.** Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions of this Agreement or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If a final judgment of a court of competent jurisdiction declares that any term or provision of this Agreement is invalid or unenforceable, the parties hereto agree that the court making such determination will have the power to limit such term or provision, to delete specific words or phrases or to replace such term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be valid and enforceable as so

modified. In the event such court does not exercise the power granted to it in the prior sentence, the parties hereto agree to replace such invalid or unenforceable term or provision with a valid and enforceable term or provision that will achieve, to the extent possible, the economic, business and other purposes of such invalid or unenforceable term or provision.

4.10. **Specific Performance.** Any and all remedies herein expressly conferred upon a party will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon such party, and the exercise by a party of any one remedy will not preclude the exercise of any other remedy. The parties hereto agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any Delaware Court, this being in addition to any other remedy to which they are entitled at law or in equity, and each of the parties hereto waives any bond, surety or other security that might be required of any other party with respect thereto.

4.11. **Construction.**

(a) For purposes of this Agreement, whenever the context requires: the singular number shall include the plural, and vice versa; the masculine gender shall include the feminine and neuter genders; the feminine gender shall include the masculine and neuter genders; and the neuter gender shall include masculine and feminine genders.

(b) The parties hereto agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in the construction or interpretation of this Agreement.

(c) As used in this Agreement, the words "include" and "including," and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words "without limitation."

(d) Except as otherwise indicated, all references in this Agreement to "Sections," "Articles," and "Schedules" are intended to refer to Sections or Articles of this Agreement and Schedules to this Agreement, respectively.

(e) The bold-faced headings contained in this Agreement are for convenience of reference only, shall not be deemed to be a part of this Agreement and shall not be referred to in connection with the construction or interpretation of this Agreement.

4.12. **Further Assurances.** Each of the parties hereto will execute and deliver, or cause to be executed and delivered, all further documents and instruments and use their respective reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary under applicable Law to perform their respective obligations as expressly set forth under this Agreement.

4.13. **No Legal Actions.** Each Stockholder will not in its capacity as a Stockholder of Parent bring, commence, institute, maintain, prosecute or voluntarily aid any Legal Proceeding which (i) challenges the validity or seeks to enjoin the operation of any provision of this Agreement or (ii) alleges that the execution and delivery of this Agreement by such Stockholder, either alone or together with the other voting agreements and proxies to be delivered in connection with the execution of the Merger Agreement, or the approval of the Merger Agreement and the Contemplated Transactions by the Parent Board, constitutes a breach of any fiduciary duty of the Parent Board or any member thereof.

4.14. **Voluntary Execution of Agreement.** This Agreement is executed voluntarily and without any duress or undue influence on the part or behalf of the parties. Each of the parties hereby acknowledges, represents and warrants that (i) it has read and fully understood the Merger Agreement, this Agreement and the implications and consequences thereof; (ii) it has been represented in the preparation, negotiation, and execution of this Agreement by legal counsel of its own choice, or it has made a voluntary and informed decision to decline to seek such counsel; and (iii) it is fully aware of the legal and binding effect of this Agreement. The Stockholder has had an opportunity to review with its own tax advisors the tax consequences of the Contemplated

Transactions. The Stockholder understands that it must rely solely on its advisors and not on any statements or representations made by Parent, the Company or any of their respective agents or representatives. The Stockholder understands that such Stockholder (and not Parent, or the Company) shall be responsible for such Stockholder's tax liability that may arise as a result of the Contemplated Transactions. The Stockholder understands and acknowledges that Parent, the Company and Merger Sub are entering into the Merger Agreement in reliance upon the Stockholder's execution, delivery and performance of this Agreement.

4.15. **Fees and Expenses.** Except as otherwise specifically provided herein, the Merger Agreement or any other agreement contemplated by the Merger Agreement to which a party hereto is a party, each party hereto shall bear its own expenses in connection with this Agreement and the transactions contemplated hereby.

4.16. **Capacity as Stockholder.** The Stockholder signs this Agreement solely in the Stockholder's capacity as a holder of Parent Shares, and not in the Stockholder's capacity as a director, officer or employee of the Parent or in the Stockholder's capacity as a trustee or fiduciary of any employee benefit plan or trust. Notwithstanding anything herein to the contrary, nothing herein shall in any way restrict a director or officer of the Parent in the exercise of his or her fiduciary duties as a director or officer of the Parent or in his or her capacity as a trustee or fiduciary of any employee benefit plan or trust or prevent or be construed to create any obligation on the part of any director or officer of the Parent or any trustee or fiduciary of any employee benefit plan or trust from taking any action in his or her capacity as such director, officer, trustee or fiduciary.

4.17. **No Agreement Until Executed.** Irrespective of negotiations among the parties or the exchanging of drafts of this Agreement, this Agreement shall not constitute or be deemed to evidence a contract, agreement, arrangement or understanding between the parties hereto unless and until (a) the Parent Board has approved, for purposes of any applicable anti-takeover laws and regulations, and any applicable provision of the Parent's organizational documents, the Merger, (b) the Merger Agreement is executed by all parties thereto, and (c) this Agreement is executed by all parties hereto.

SUPPORT AGREEMENT

This **SUPPORT AGREEMENT (THIS “AGREEMENT”)** is made as of May 31, 2026, by and between **RALLYBIO CORPORATION**, a Delaware corporation (“**Parent**”), and the [Person] set forth on Schedule A hereto (the “**Stockholder**”).

WHEREAS, as of the date hereof, the Stockholder is the holder of the number of shares of class A common stock, par value \$0.0001 per share (“**Common Stock**”) and preferred stock, par value \$0.0001 per share (“**Preferred Stock**” and collectively with the Common Stock, the “**Company Shares**”), of **AVENZO THERAPEUTICS, INC.**, a Delaware corporation (the “**Company**”), set forth opposite the Stockholder’s name on Schedule A (all Company Shares owned by the Stockholder, or hereafter issued to or otherwise acquired, whether beneficially or of record, or owned by the Stockholder prior to the termination of this Agreement, as well as shares set forth on Schedule A, being referred to herein as the “**Subject Shares**”);

WHEREAS, the Company, Parent and Farmington Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of Parent (“**Merger Sub**”), propose to enter into an Agreement and Plan of Merger and Reorganization, dated as of the date hereof (the “**Merger Agreement**”), which provides, among other things, for the merger of Merger Sub with and into the Company, with the Company continuing as the surviving company (the “**Merger**”), upon the terms and subject to the conditions set forth in the Merger Agreement (capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Merger Agreement); and

WHEREAS, as a condition to its willingness to enter into the Merger Agreement, Parent has required that the Stockholder, and as an inducement and in consideration therefor, the Stockholder (in the Stockholder’s capacity as a holder of the Subject Shares) has agreed to, enter into this Agreement.

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants and agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, do hereby agree as follows:

**ARTICLE I
VOTING AGREEMENT; GRANT OF PROXY**

The Stockholder hereby covenants and agrees that:

1.1. **Voting of Subject Shares.** From and after the date hereof, at every meeting of the holders of Company Shares (the “**Company Stockholders**”), however called, and at every adjournment or postponement thereof (or pursuant to a written consent if the Company Stockholders act by written consent in lieu of a meeting), the Stockholder shall, or shall cause the holder of record on any applicable record date to, be present (in person or by proxy) and to vote or cause to be voted the Subject Shares (a) in favor of adopting the Merger Agreement and approving the Merger, the other Contemplated Transactions, the Company Stockholder Matters, and the other actions contemplated by the Merger Agreement, (b) against approval of any proposal made in opposition to, or in competition with, the Merger Agreement or the consummation of the Merger, and (c) against any Acquisition Proposal. Except as permitted under clauses (A) through (K) of Section 1.2 below, the Stockholder shall retain at all times the right to vote the Subject Shares in the Stockholder’s sole discretion and without any other limitation on those matters other than those set forth in this Section 1.1 that are at any time or from time to time presented for consideration to the Company Stockholders.

1.2. **No Inconsistent Arrangements**. Except as provided hereunder or under the Merger Agreement, prior to the Effective Time, the Stockholder shall not, directly or indirectly, (a) create any Encumbrance other than restrictions imposed by Law or pursuant to this Agreement on any Subject Shares; (b) transfer, sell, assign, gift or otherwise dispose of (collectively, “***Transfer***”), or enter into any contract with respect to any Transfer of, the Subject Shares or any interest therein; (c) grant or permit the grant of any proxy, power of attorney or other authorization in or with respect to the Subject Shares; (d) deposit or permit the deposit of the Subject Shares into a voting trust or enter into a voting agreement or arrangement with respect to the Subject Shares; or (e) take any action that, to the knowledge of the Stockholder, would make any representation or warranty of the Stockholder herein untrue or incorrect in any material respect or have the effect of preventing the Stockholder from performing the Stockholder’s obligations hereunder. Any action taken in violation of the foregoing sentence shall be null and void *ab initio*. Notwithstanding the foregoing, the Stockholder may (A) Transfer the Subject Shares as a *bona fide* charitable contribution, gift or donation; (B) Transfer the Subject Shares to any trust for the direct or indirect benefit of the Stockholder or the immediate family of the Stockholder; (C) Transfer the Subject Shares by will, other testamentary document or intestate succession to the legal representative, heir, beneficiary or a member of the immediate family of the Stockholder; (D) Transfer the Subject Shares to stockholders, direct or indirect affiliates (within the meaning set forth in Rule 405 under the Securities Act), current or former partners (general or limited), members or managers of the Stockholder, as applicable, or to the estates of any such stockholders, affiliates, partners, members or managers, or to another corporation, partnership, limited liability company or other business entity that controls, is controlled by or is under common control with the Stockholder; (E) make Transfers that occur by operation of law pursuant to a qualified domestic relations order or in connection with a divorce settlement; (F) make Transfers not involving a change in beneficial ownership; (G) if the Stockholder is a trust, Transfer Subject Shares to any beneficiary of the Stockholder or the estate of any such beneficiary; (H) exercise an option to purchase Company Shares or settle an equity award (including a net or cashless exercise of such option); (I) Transfer Company Shares to the Company to cover tax withholding obligations of the Stockholder in connection with the vesting, settlement or exercise of any options, or other equity awards, as applicable, *provided* that in each case, the underlying Company Shares shall continue to be subject to the restrictions on transfer set forth in this Agreement; (J) establish a trading plan pursuant to Rule 10b5-1 under the Exchange Act for the transfer of Company Shares; and (K) Transfer Company Shares to the Company pursuant to arrangements under which the Company has the option to repurchase such Company Shares; *provided* that, with respect to clauses (A) through (G) above, the transferee agrees in writing to be bound by the terms and conditions of this Agreement and either the Stockholder or the transferee provides Parent with a copy of such agreement promptly upon consummation of any such Transfer; *provided, further* that with respect to clauses (A) through (C) and (E) through (G) above, no filing under the Exchange Act or other public announcement shall be required or shall be made voluntarily in connection with such Transfer (other than filings made in respect of involuntary Transfers); *provided* that reasonable notice shall be provided to Parent prior to any such filing and that the underlying Company Shares shall continue to be subject to the restrictions on Transfer set forth in this Agreement. For purposes of this Agreement, “immediate family” shall mean any relationship by blood, marriage or adoption, not more remote than first cousin.

1.3. **Documentation and Information**. The Stockholder shall permit and hereby authorizes the Company and Parent to publish and disclose in all documents and schedules filed with the SEC, and any press release or other disclosure document that the Company or Parent reasonably determines to be necessary in connection with the Merger and any of the Contemplated Transactions, the Stockholder’s identity and ownership of the Subject Shares and the nature of the Stockholder’s commitments and obligations under this Agreement. The Company is an intended third-party beneficiary of this **Section 1.3**.

1.4. **Irrevocable Proxy**. The Stockholder hereby revokes (or agrees to cause to be revoked) any proxies that the Stockholder has heretofore granted with respect to the Subject Shares. The Stockholder hereby irrevocably appoints Parent as attorney-in-fact and proxy for and on behalf of the Stockholder, for and in the name, place and stead of the Stockholder, to: (a) attend any and all meetings of the Company Stockholders, (b) vote, express consent or dissent or issue instructions to the record holder to vote the Subject Shares in accordance with the provisions of **Section 1.1** at any and all meetings of the Company Stockholders or in connection with any action

sought to be taken by written consent of the Company Stockholders without a meeting and (c) grant or withhold, or issue instructions to the record holder to grant or withhold, consistent with the provisions of [Section 1.1](#), all written consents with respect to the Subject Shares at any and all meetings of the Company Stockholders or in connection with any action sought to be taken by written consent of the Company Stockholders without a meeting. Parent agrees not to exercise the proxy granted herein for any purpose other than the purposes described in this Agreement. The foregoing proxy shall be deemed to be a proxy coupled with an interest, is irrevocable (and as such shall survive and not be affected by the death, incapacity, mental illness or insanity of the Stockholder, as applicable) until the termination of this Agreement and shall not be terminated by operation of law or upon the occurrence of any other event other than the termination of this Agreement pursuant to [Section 4.2](#). The Stockholder authorizes such attorney and proxy to substitute any other Person to act hereunder, to revoke any substitution and to file this proxy and any substitution or revocation with the Secretary of the Company. The Stockholder hereby affirms that the proxy set forth in this [Section 1.4](#) is given in connection with and granted in consideration of and as an inducement to Parent, the Company to enter into the Merger Agreement and that such proxy is given to secure the obligations of the Stockholder under [Section 1.1](#). The proxy set forth in this [Section 1.4](#) is executed and intended to be irrevocable, subject, however, to its automatic termination upon the termination of this Agreement pursuant to [Section 4.2](#). With respect to any Subject Shares that are owned beneficially by the Stockholder but are not held of record by the Stockholder (other than shares beneficially owned by the Stockholder that are held in the name of a bank, broker or nominee), the Stockholder shall take all action necessary to cause the record holder of such Subject Shares to grant the irrevocable proxy and take all other actions provided for in this [Section 1.4](#) with respect to such Subject Shares.

1.5. **No Ownership Interest.** Nothing contained in this Agreement will be deemed to vest in Parent any direct or indirect ownership or incidents of ownership of or with respect to the Subject Shares. All rights, ownership and economic benefits of and relating to the Subject Shares will remain and belong to the Stockholder, and Parent will have no authority to manage, direct, superintend, restrict, regulate, govern or administer any of the policies or operations of the Company or exercise any power or authority to direct the Stockholder in the voting of any of the Subject Shares, except as otherwise expressly provided herein with respect to the Subject Shares and except as otherwise expressly provided in the Merger Agreement.

1.6. **No Exercise of Appraisal Rights; Waivers.** In connection with the Contemplated Transactions, the Stockholder hereby expressly (a) waives, to the extent permitted under applicable Law, any and all rights under Section 262 of the Delaware General Corporation Law, a copy of which is attached hereto as Appendix I, with respect to any Subject Shares and any and all rights under any other applicable Law granting the Stockholder the right to have any Subject Shares appraised in connection with the Contemplated Transactions or to otherwise dissent from the Contemplated Transactions, (b) agrees that the Stockholder will not, under any circumstances in connection with the Contemplated Transactions, exercise any dissenters' or appraisal rights in respect of any Subject Shares, and (c) agrees that the Stockholder will not bring, commence, institute, maintain, prosecute, participate in or voluntarily aid any action, claim, suit or cause of action, in law or in equity, in any court or before any Governmental Body, which (i) challenges the validity of or seeks to enjoin the operation of any provision of this Agreement or (ii) alleges that the execution and delivery of this Agreement by the Stockholder, or the approval of the Merger Agreement by Company Board, breaches any fiduciary duty of the Company Board or any member thereof; *provided* that the Stockholder may defend against, contest or settle any such action, claim, suit or cause of action brought against the Stockholder that relates solely to the Stockholder's capacity as a director, officer or securityholder of the Company.

1.7. **No Solicitation of Transactions.** The Stockholder hereby agrees that, during the Pre Closing Period, the Stockholder shall not, directly or indirectly: (a) solicit, initiate or knowingly encourage, induce or facilitate the communication, making, submission or announcement of any Acquisition Proposal or Acquisition Inquiry or take any action that could reasonably be expected to lead to an Acquisition Proposal or Acquisition Inquiry; (b) furnish any non-public information regarding the Company to any Person in connection with or in response to an Acquisition Proposal or Acquisition Inquiry; (c) engage in discussions (other than to inform any Person of the existence of the provisions in this [Section 1.7](#)) or negotiations with any Person with respect to any Acquisition

Proposal or Acquisition Inquiry; (d) approve, endorse or recommend any Acquisition Proposal; (e) execute or enter into any letter of intent or any Contract contemplating or otherwise relating to any Acquisition Transaction; or (f) publicly propose to do any of the foregoing; provided, however, that the foregoing restrictions in this [Section 1.7](#) shall only apply to the Stockholder in the Stockholder's capacity as a holder of Company Shares and not, for the avoidance of doubt, in the Stockholder's capacity as a director or officer (if applicable) of the Company, whose activities with respect to any Acquisition Proposal or Acquisition Inquiry shall be governed by the Merger Agreement. The Stockholder hereby represents and warrants that the Stockholder has read Section 4.5 (Company Non-Solicitation) of the Merger Agreement and agrees not to engage in any actions prohibited thereby.

ARTICLE II REPRESENTATIONS AND WARRANTIES OF THE STOCKHOLDER

The Stockholder represents and warrants to Parent that:

2.1. **Organization; Authorization; Binding Agreement.** The Stockholder, if not a natural person, is duly incorporated or organized, as applicable, validly existing and in good standing under the laws of its jurisdiction of incorporation or organization. The Stockholder has full legal capacity and power, right and authority to execute and deliver this Agreement and to perform the Stockholder's obligations hereunder and to consummate the transactions contemplated hereby. This Agreement has been duly and validly executed and delivered by the Stockholder, and constitutes a legal, valid and binding obligation of the Stockholder enforceable against the Stockholder in accordance with its terms, subject to the Enforceability Exceptions.

2.2. **Ownership of Subject Shares; Total Shares.** The Stockholder is the record or beneficial owner of the Subject Shares and has good and marketable title to the Subject Shares free and clear of any Encumbrances (including any restriction on the right to vote or otherwise transfer the Subject Shares), except (a) as provided hereunder, (b) pursuant to any applicable restrictions on transfer under the Securities Act, (c) subject to any risk of forfeiture or repurchase rights of the Company with respect to any Company Shares granted to the Stockholder under an employee benefit plan of Company and (d) as provided in the certificate of incorporation or bylaws of the Company or that certain Investors' Rights Agreement, dated as of August 22, 2025, by and among the Company and certain stockholders of the Company, that certain Right of First Refusal and Co-Sale Agreement, dated August 22, 2025, by and among the Company and certain stockholders of the Company, and that certain Voting Agreement, dated as of August 22, 2025, by and among the Company and certain stockholders of the Company (the "**Voting Agreement**"). The Subject Shares listed on [Schedule A](#) opposite the Stockholder's name constitute all of the Company Shares owned by the Stockholder as of the date hereof. Except pursuant to the Company's certificate of incorporation, bylaws and the right of the Company to purchase or acquire any Company Shares pursuant to an employee benefit plan of the Company, no Person has any contractual or other right or obligation to purchase or otherwise acquire any of the Subject Shares. For purposes of this Agreement "**Beneficial Ownership**" shall be interpreted as defined in Rule 13d-3 under the Exchange Act; *provided* that for purposes of determining Beneficial Ownership, a Person shall be deemed to be the Beneficial Owner of any securities that may be acquired by such Person pursuant to any Contract or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise (irrespective of whether the right to acquire such securities is exercisable immediately or only after the passage of time, including the passage of time in excess of 60 days, the satisfaction of any conditions, the occurrence of any event or any combination of the foregoing).

2.3. **Voting Power.** The Stockholder has full voting power, with respect to the Subject Shares, and full power of disposition, full power to issue instructions with respect to the matters set forth herein and full power to agree to all of the matters set forth in this Agreement, in each case, with respect to all of the Subject Shares. None of the Subject Shares are subject to any proxy, voting trust or other agreement or arrangement with respect to the voting of the Subject Shares, except as provided in the Voting Agreement and as provided hereunder.

2.4. **Reliance.** The Stockholder has had the opportunity to review the Merger Agreement, including the provisions relating to the payment and allocation of the consideration to be paid to the Company Stockholders, and this Agreement with counsel of the Stockholder's own choosing. The Stockholder has had an opportunity to review with its own tax advisors the tax consequences of the Merger and the transactions contemplated by the Merger Agreement. The Stockholder understands that it must rely solely on its advisors and not on any statements or representations made by Parent, the Company or any of their respective agents or representatives. The Stockholder understands that such Stockholder (and not Parent, the Company or the Surviving Corporation) shall be responsible for such Stockholder's tax liability that may arise as a result of the Merger or the transactions contemplated by the Merger Agreement. The Stockholder understands and acknowledges that the Company, Parent and Merger Sub are entering into the Merger Agreement in reliance upon the Stockholder's execution, delivery and performance of this Agreement.

2.5. **Absence of Litigation.** With respect to the Stockholder, as of the date hereof, there is no action, suit, investigation or proceeding pending against, or, to the knowledge of the Stockholder, threatened against, the Stockholder or any of the Stockholder's properties or assets (including the Subject Shares) that could reasonably be expected to prevent, delay or impair the ability of the Stockholder to perform the Stockholder's obligations hereunder or to consummate the transactions contemplated hereby.

2.6. **Non-Contravention.** The execution and delivery of this Agreement by the Stockholder and the performance of the transactions contemplated by this Agreement by the Stockholder does not and will not violate, conflict with, or result in a breach of: (a) the organizational documents of such Stockholder, (b) any applicable Law or any injunction, judgment, order, decree, ruling, charge, or other restriction of any Governmental Body to which the Stockholder is subject, or (c) any Contract to which the Stockholder is a party or is bound or to which the Subject Shares are subject, such that it could reasonably be expected to prevent, delay or impair the ability of the Stockholder to perform the Stockholder's obligations hereunder or to consummate the transactions contemplated hereby.

ARTICLE III REPRESENTATIONS AND WARRANTIES OF PARENT

Parent represents and warrants to the Stockholder that:

3.1. **Organization; Authorization.** Parent is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware. The consummation of the transactions contemplated hereby is within Parent's corporate powers and has been duly authorized by all necessary corporate actions on the part of Parent. Parent has full power and authority to execute, deliver and perform this Agreement.

3.2. **Binding Agreement.** This Agreement has been duly authorized, executed and delivered by Parent and constitutes a valid and binding obligation of Parent enforceable against Parent in accordance with its terms, subject to the Enforceability Exceptions.

ARTICLE IV MISCELLANEOUS

4.1. **Notices.** All notices, requests and other communications to either party hereunder shall be in writing (including electronic mail) and shall be given, (a) if to Parent, in accordance with the provisions of the Merger Agreement and (b) if to the Stockholder, to the Stockholder's address or electronic mail address set forth on a signature page hereto, or to such other address or electronic mail address as the Stockholder may hereafter specify in writing to Parent.

4.2. **Termination.** This Agreement shall terminate automatically, without any notice or other action by any Person, upon the earlier of (a) the termination of the Merger Agreement in accordance with its terms, (b) the Effective Time, and (c) the amendment of the Merger Agreement, without the prior written consent of the Stockholder, in a manner that affects the economics or material terms of the Merger Agreement in a manner that is adverse to the Stockholder. Upon termination of this Agreement, neither party shall have any further obligations or liabilities under this Agreement; provided, however, that (i) nothing set forth in this [Section 4.2](#) shall relieve either party from liability for any breach of this Agreement prior to termination hereof, and (ii) the provisions of this [Article IV](#) shall survive any termination of this Agreement.

4.3. **Confidentiality.** Except to the extent required by applicable Law, the Stockholder shall hold any non-public information regarding this Agreement, the Merger Agreement and the Merger in strict confidence and shall not divulge any such information to any third person until Parent has publicly disclosed its entry into the Merger Agreement and this Agreement; provided, however, that the Stockholder may disclose such information (a) to its attorneys, accountants, consultants, trustees, beneficiaries and other representatives (provided such representatives are subject to confidentiality obligations at least as restrictive as those contained herein), and (b) to any Affiliate, partner, member, stockholder, parent or subsidiary of the Stockholder, provided in each case that the Stockholder informs the Person receiving the information that such information is confidential and such Person agrees in writing to abide by the terms of this [Section 4.3](#). Neither the Stockholder nor any of its Affiliates (other than the Company, whose actions shall be governed by the Merger Agreement), shall issue or cause the publication of any press release or other public announcement with respect to this Agreement, the Merger, the Merger Agreement or the other transactions contemplated hereby or thereby without the prior written consent of the Company and Parent, except as may be required by applicable Law in which circumstance such announcing party shall make reasonable efforts to consult with the Company and Parent to the extent practicable. The Company is an intended third-party beneficiary of this [Section 4.3](#).

4.4. **Amendments and Waivers.** Any provision of this Agreement may be amended or waived if such amendment or waiver is in writing and is signed, in the case of an amendment, by each party to this Agreement, or in the case of a waiver, by the party against whom the waiver is to be effective. No failure or delay by either party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

4.5. **Binding Effect; Benefit; Assignment.** The provisions of this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns. Except as set forth in [Section 1.3](#) and [Section 4.3](#), no provision of this Agreement is intended to confer any rights, benefits, remedies, obligations or liabilities hereunder upon any Person other than the parties hereto and their respective successors and assigns. Neither party may assign, delegate or otherwise transfer any of its rights or obligations under this Agreement without the consent of the other party hereto, except that Parent may transfer or assign its rights and obligations under this Agreement, in whole or from time to time in part, to one or more of its Affiliates at any time; provided that such transfer or assignment shall not relieve Parent of any of its obligations hereunder; provided, however that the Stockholder may transfer the Company Shares to stockholders, direct or indirect affiliates (within the meaning set forth in Rule 405 under the Securities Act), current or former partners (general or limited), members or managers of the Stockholder, so long as the transferee agrees in writing to be bound by the terms and conditions of this Agreement and either the Stockholder or the transferee provides Parent with a copy of such Agreement promptly upon consummation of any such transfer.

4.6. **Governing Law; Jurisdiction.** This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws. In any action or proceeding between any of the parties hereto arising out of or relating to this Agreement, each party hereto: (a) irrevocably and unconditionally consents and submits to the exclusive jurisdiction and venue of the Court of Chancery of the State of Delaware or, to the extent such court does not have subject matter jurisdiction, the United States District Court for the District of Delaware or, to the

extent that neither of the foregoing courts has jurisdiction, the Superior Court of the State of Delaware (the “*Delaware Courts*”); (b) agrees that all claims in respect of such action or proceeding shall be heard and determined exclusively in accordance with clause (a) of this [Section 4.6](#); (c) waives any objection to laying venue in any such action or proceeding in such courts; (d) waives any objection that such courts are an inconvenient forum or do not have jurisdiction over any party hereto; (e) agrees that service of process upon such party in any such action or proceeding shall be effective if notice is given in accordance with [Section 4.1](#) of this Agreement; and (f) irrevocably and unconditionally waives the right to trial by jury.

4.7. **Counterparts.** This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same instrument. The exchange of a fully executed Agreement (in counterparts or otherwise) by all parties by facsimile or electronic transmission in .PDF format shall be sufficient to bind the parties to the terms and conditions of this Agreement.

4.8. **Entire Agreement.** This Agreement constitutes the entire agreement and supersedes all prior agreements and understandings, both written and oral, among or between any of the parties with respect to the subject matter hereof and thereof.

4.9. **Severability.** Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions of this Agreement or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If a final judgment of a court of competent jurisdiction declares that any term or provision of this Agreement is invalid or unenforceable, the parties hereto agree that the court making such determination will have the power to limit such term or provision, to delete specific words or phrases or to replace such term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be valid and enforceable as so modified. In the event such court does not exercise the power granted to it in the prior sentence, the parties hereto agree to replace such invalid or unenforceable term or provision with a valid and enforceable term or provision that will achieve, to the extent possible, the economic, business and other purposes of such invalid or unenforceable term or provision.

4.10. **Specific Performance.** Any and all remedies herein expressly conferred upon a party will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon such party, and the exercise by a party of any one remedy will not preclude the exercise of any other remedy. The parties hereto agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any Delaware Court, this being in addition to any other remedy to which they are entitled at law or in equity, and each of the parties hereto waives any bond, surety or other security that might be required of any other party with respect thereto.

4.11. **Construction.**

(a) For purposes of this Agreement, whenever the context requires: the singular number shall include the plural, and vice versa; the masculine gender shall include the feminine and neuter genders; the feminine gender shall include the masculine and neuter genders; and the neuter gender shall include masculine and feminine genders.

(b) The parties hereto agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in the construction or interpretation of this Agreement.

(c) As used in this Agreement, the words “include” and “including,” and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words “without limitation.”

(d) Except as otherwise indicated, all references in this Agreement to “Sections,” “Articles,” and “Schedules” are intended to refer to Sections or Articles of this Agreement and Schedules to this Agreement, respectively.

(e) The bold-faced headings contained in this Agreement are for convenience of reference only, shall not be deemed to be a part of this Agreement and shall not be referred to in connection with the construction or interpretation of this Agreement.

4.12. **Further Assurances.** Each of the parties hereto will execute and deliver, or cause to be executed and delivered, all further documents and instruments and use their respective reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary under applicable Law to perform their respective obligations as expressly set forth under this Agreement.

4.13. **No Legal Actions.** Each Stockholder will not in its capacity as a Stockholder of the Company bring, commence, institute, maintain, prosecute or voluntarily aid any Legal Proceeding which (i) challenges the validity or seeks to enjoin the operation of any provision of this Agreement or (ii) alleges that the execution and delivery of this Agreement by such Stockholder, either alone or together with the other voting agreements and proxies to be delivered in connection with the execution of the Merger Agreement, or the approval of the Merger Agreement and the Contemplated Transactions by the Company Board, constitutes a breach of any fiduciary duty of the Company Board or any member thereof.

4.14. **Voluntary Execution of Agreement.** This Agreement is executed voluntarily and without any duress or undue influence on the part or behalf of the parties. Each of the parties hereby acknowledges, represents and warrants that (i) it has read and fully understood the Merger Agreement, including the provisions relating to the payment and allocation of the consideration to be paid to Stockholders of the Company as well as holders of Company Options, this Agreement and the implications and consequences thereof; (ii) it has been represented in the preparation, negotiation, and execution of this Agreement by legal counsel of its own choice, or it has made a voluntary and informed decision to decline to seek such counsel; and (iii) it is fully aware of the legal and binding effect of this Agreement. The Stockholder has had an opportunity to review with its own tax advisors the tax consequences of the Contemplated Transactions. The Stockholder understands that it must rely solely on its advisors and not on any statements or representations made by Parent, the Company or any of their respective agents or representatives. The Stockholder understands that such Stockholder (and not Parent, or the Company) shall be responsible for such Stockholder’s tax liability that may arise as a result of the Contemplated Transactions. The Stockholder understands and acknowledges that Parent, the Company and Merger Sub are entering into the Merger Agreement in reliance upon the Stockholder’s execution, delivery and performance of this Agreement.

4.15. **Fees and Expenses.** Except as otherwise specifically provided herein, the Merger Agreement or any other agreement contemplated by the Merger Agreement to which a party hereto is a party, each party hereto shall bear its own expenses in connection with this Agreement and the transactions contemplated hereby.

4.16. **Capacity as Stockholder.** The Stockholder signs this Agreement solely in the Stockholder’s capacity as a holder of Company Shares, and not in the Stockholder’s capacity as a director, officer or employee of the Company or in the Stockholder’s capacity as a trustee or fiduciary of any employee benefit plan or trust. Notwithstanding anything herein to the contrary, nothing herein shall in any way restrict a director or officer of the Company in the exercise of his or her fiduciary duties as a director or officer of the Company or in his or her capacity as a trustee or fiduciary of any employee benefit plan or trust or prevent or be construed to create any obligation on the part of any director or officer of the Company or any trustee or fiduciary of any employee benefit plan or trust from taking any action in his or her capacity as such director, officer, trustee or fiduciary.

4.17. **No Agreement Until Executed.** Irrespective of negotiations among the parties or the exchanging of drafts of this Agreement, this Agreement shall not constitute or be deemed to evidence a contract, agreement,

arrangement or understanding between the parties hereto unless and until (a) the Company Board has approved, for purposes of any applicable anti-takeover laws and regulations, and any applicable provision of the Company's organizational documents, the Merger, (b) the Merger Agreement is executed by all parties thereto, and (c) this Agreement is executed by all parties hereto.

Appendix I

§ 262. Appraisal rights [For application of this section, see § 17; 82 Del. Laws, c. 45, § 23; 82 Del. Laws, c. 256, § 24; and 83 Del. Laws, c. 377, § 22].

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger, consolidation, or conversion, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger, consolidation or conversion nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository; the words "beneficial owner" mean a person who is the beneficial owner of shares of stock held either in voting trust or by a nominee on behalf of such person; and the word "person" means any individual, corporation, partnership, unincorporated association or other entity.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent or converting corporation in a merger, consolidation or conversion to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263, § 264 or § 266 of this title (other than, in each case and solely with respect to a domesticated corporation, a merger, consolidation or conversion authorized pursuant to and in accordance with the provisions of § 388 of this title):

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders, or at the record date fixed to determine the stockholders entitled to consent pursuant to § 228 of this title, to act upon the agreement of merger or consolidation or the resolution providing for conversion (or, in the case of a merger pursuant to § 251(h) of this title, as of immediately prior to the execution of the agreement of merger), were either: (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent or converting corporation if the holders thereof are required by the terms of an agreement of merger or consolidation, or by the terms of a resolution providing for conversion, pursuant to § 251, § 252, § 254, § 255, § 256, § 257, § 258, § 263, § 264 or § 266 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or of the converted entity if such entity is a corporation as a result of the conversion, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger, consolidation or conversion will be either listed on a national securities exchange or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 253 or § 267 of this title is not owned by the parent immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(4) [Repealed.]

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation, the sale of all or substantially all of the assets of the corporation or a conversion effected pursuant to § 266 of this title. If the certificate of incorporation contains such a provision, the provisions of this section, including those set forth in subsections (d), (e), and (g) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger, consolidation or conversion for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations or the converting corporation, and shall include in such notice either a copy of this section (and, if 1 of the constituent corporations or the converting corporation is a nonstock corporation, a copy of § 114 of this title) or information directing the stockholders to a publicly available electronic resource at which this section (and, § 114 of this title, if applicable) may be accessed without subscription or cost. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger, consolidation or conversion, a written demand for appraisal of such stockholder's shares; provided that a demand may be delivered to the corporation by electronic transmission if directed to an information processing system (if any) expressly designated for that purpose in such notice. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger, consolidation or conversion shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger, consolidation or conversion, the surviving, resulting or converted entity shall notify each stockholder of each constituent or converting corporation who has complied with this subsection and has not voted in favor of or consented to the merger, consolidation or conversion, and any beneficial owner who has demanded appraisal under paragraph (d)(3) of this section, of the date that the merger, consolidation or conversion has become effective; or

(2) If the merger, consolidation or conversion was approved pursuant to § 228, § 251(h), § 253, or § 267 of this title, then either a constituent or converting corporation before the effective date of the merger, consolidation or conversion, or the surviving, resulting or converted entity within 10 days after such effective date, shall notify each stockholder of any class or series of stock of such constituent or converting corporation who is entitled to appraisal rights of the approval of the merger, consolidation or conversion and that appraisal rights are available for any or all shares of such class or series of stock of such constituent or converting corporation, and shall include in such notice either a copy of this section (and, if 1 of the constituent corporations or the converting corporation is a nonstock corporation, a copy of § 114 of this title) or information directing the stockholders to a publicly available electronic resource at which this section (and § 114 of this title, if applicable) may be accessed without subscription or cost. Such notice may, and, if given on or after the effective date of the merger, consolidation or conversion, shall, also notify such stockholders of the effective date of the merger, consolidation or conversion. Any stockholder entitled to appraisal rights may, within 20 days after the date of giving such notice or, in the case of a merger approved pursuant to § 251(h) of this title, within the later of the consummation of the offer contemplated by § 251(h) of this title and 20 days after the date of giving such notice, demand in

writing from the surviving or resulting entity the appraisal of such holder's shares; provided that a demand may be delivered to such entity by electronic transmission if directed to an information processing system (if any) expressly designated for that purpose in such notice. Such demand will be sufficient if it reasonably informs such entity of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger, consolidation or conversion, either (i) each such constituent corporation or the converting corporation shall send a second notice before the effective date of the merger, consolidation or conversion notifying each of the holders of any class or series of stock of such constituent or converting corporation that are entitled to appraisal rights of the effective date of the merger, consolidation or conversion or (ii) the surviving, resulting or converted entity shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice or, in the case of a merger approved pursuant to § 251(h) of this title, later than the later of the consummation of the offer contemplated by § 251(h) of this title and 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection and any beneficial owner who has demanded appraisal under paragraph (d)(3) of this section. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation or entity that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation or the converting corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger, consolidation or conversion, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(3) Notwithstanding subsection (a) of this section (but subject to this paragraph (d)(3)), a beneficial owner may, in such person's name, demand in writing an appraisal of such beneficial owner's shares in accordance with either paragraph (d)(1) or (2) of this section, as applicable; provided that (i) such beneficial owner continuously owns such shares through the effective date of the merger, consolidation or conversion and otherwise satisfies the requirements applicable to a stockholder under the first sentence of subsection (a) of this section and (ii) the demand made by such beneficial owner reasonably identifies the holder of record of the shares for which the demand is made, is accompanied by documentary evidence of such beneficial owner's beneficial ownership of stock and a statement that such documentary evidence is a true and correct copy of what it purports to be, and provides an address at which such beneficial owner consents to receive notices given by the surviving, resulting or converted entity hereunder and to be set forth on the verified list required by subsection (f) of this section.

(e) Within 120 days after the effective date of the merger, consolidation or conversion, the surviving, resulting or converted entity, or any person who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger, consolidation or conversion, any person entitled to appraisal rights who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such person's demand for appraisal and to accept the terms offered upon the merger, consolidation or conversion. Within 120 days after the effective date of the merger, consolidation or conversion, any person who has complied with the requirements of subsections (a) and (d) of this section hereof, upon request given in writing (or by electronic transmission directed to an information processing system (if any) expressly designated for that purpose in the notice of appraisal), shall be entitled to receive from the surviving, resulting or converted entity a statement setting forth the aggregate number of shares not voted in favor of the merger, consolidation or conversion (or, in the case of a merger approved pursuant to § 251(h) of this title, the aggregate number of shares (other than any excluded stock (as defined in § 251(h)(6)d. of this title)) that were the subject of, and were not tendered into, and accepted for purchase or exchange in, the offer referred to in § 251(h)(2) of this title)), and, in either case, with respect to which demands for appraisal have been received and the aggregate number of stockholders or beneficial owners holding or owning such

shares (provided that, where a beneficial owner makes a demand pursuant to paragraph (d)(3) of this section, the record holder of such shares shall not be considered a separate stockholder holding such shares for purposes of such aggregate number). Such statement shall be given to the person within 10 days after such person's request for such a statement is received by the surviving, resulting or converted entity or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later.

(f) Upon the filing of any such petition by any person other than the surviving, resulting or converted entity, service of a copy thereof shall be made upon such entity, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all persons who have demanded appraisal for their shares and with whom agreements as to the value of their shares have not been reached by such entity. If the petition shall be filed by the surviving, resulting or converted entity, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving, resulting or converted entity and to the persons shown on the list at the addresses therein stated. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving, resulting or converted entity.

(g) At the hearing on such petition, the Court shall determine the persons who have complied with this section and who have become entitled to appraisal rights. The Court may require the persons who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any person fails to comply with such direction, the Court may dismiss the proceedings as to such person. If immediately before the merger, consolidation or conversion the shares of the class or series of stock of the constituent or converting corporation as to which appraisal rights are available were listed on a national securities exchange, the Court shall dismiss the proceedings as to all holders of such shares who are otherwise entitled to appraisal rights unless (1) the total number of shares entitled to appraisal exceeds 1% of the outstanding shares of the class or series eligible for appraisal, (2) the value of the consideration provided in the merger, consolidation or conversion for such total number of shares exceeds \$1 million, or (3) the merger was approved pursuant to § 253 or § 267 of this title.

(h) After the Court determines the persons entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger, consolidation or conversion, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, and except as provided in this subsection, interest from the effective date of the merger, consolidation or conversion through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger, consolidation or conversion and the date of payment of the judgment. At any time before the entry of judgment in the proceedings, the surviving, resulting or converted entity may pay to each person entitled to appraisal an amount in cash, in which case interest shall accrue thereafter as provided herein only upon the sum of (1) the difference, if any, between the amount so paid and the fair value of the shares as determined by the Court, and (2) interest theretofore accrued, unless paid at that time. Upon application by the surviving, resulting or converted entity or by any person entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the persons entitled to an appraisal. Any person whose name appears on the list filed by the surviving, resulting or converted entity pursuant to subsection (f) of this section may participate fully in all proceedings until it is finally determined that such person is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving, resulting or converted entity to the persons entitled thereto. Payment shall be so made to each such

person upon such terms and conditions as the Court may order. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving, resulting or converted entity be an entity of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a person whose name appears on the list filed by the surviving, resulting or converted entity pursuant to subsection (f) of this section who participated in the proceeding and incurred expenses in connection therewith, the Court may order all or a portion of such expenses, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal not dismissed pursuant to subsection (k) of this section or subject to such an award pursuant to a reservation of jurisdiction under subsection (k) of this section.

(k) From and after the effective date of the merger, consolidation or conversion, no person who has demanded appraisal rights with respect to some or all of such person's shares as provided in subsection (d) of this section shall be entitled to vote such shares for any purpose or to receive payment of dividends or other distributions on such shares (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger, consolidation or conversion); provided, however, that if no petition for an appraisal is filed within the time provided in subsection (e) of this section, or if a person who has made a demand for an appraisal in accordance with this section shall deliver to the surviving, resulting or converted entity a written withdrawal of such person's demand for an appraisal in respect of some or all of such person's shares in accordance with subsection (e) of this section, then the right of such person to an appraisal of the shares subject to the withdrawal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any person without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just, including without limitation, a reservation of jurisdiction for any application to the Court made under subsection (j) of this section; provided, however that this provision shall not affect the right of any person who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such person's demand for appraisal and to accept the terms offered upon the merger, consolidation or conversion within 60 days after the effective date of the merger, consolidation or conversion, as set forth in subsection (e) of this section.

(l) The shares or other equity interests of the surviving, resulting or converted entity to which the shares of stock subject to appraisal under this section would have otherwise converted but for an appraisal demand made in accordance with this section shall have the status of authorized but not outstanding shares of stock or other equity interests of the surviving, resulting or converted entity, unless and until the person that has demanded appraisal is no longer entitled to appraisal pursuant to this section.

Lock-Up Agreement**May 31, 2026**

Ladies and Gentlemen:

The undersigned (the “**Stockholder**”) understands that: (i) **RALLYBIO CORPORATION**, a Delaware corporation (“**Parent**”), has entered into an Agreement and Plan of Merger and Reorganization, dated as of May 31, 2026 (the “**Merger Agreement**”), with **AVENZO THERAPEUTICS, INC.**, a Delaware corporation (the “**Company**”), and **FARMINGTON MERGER SUB, INC.**, a Delaware corporation and wholly-owned subsidiary of Parent (“**Merger Sub**”), pursuant to which at the effective time (the “**Effective Time**”), Merger Sub will be merged with and into the Company (the “**Merger**”) and the separate corporate existence of Merger Sub shall cease and the Company will continue as the surviving corporation; and (ii) in connection with the Merger, the stockholders of the Company will receive shares of common stock, par value \$0.0001 per share, of Parent (“**Parent Common Stock**”). Annex A sets forth definitions for certain capitalized terms used in this agreement that are not defined in the body of this agreement. Those definitions are a part of this agreement. Other capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Merger Agreement.

As a material inducement to the willingness of each of the parties to enter into the Merger Agreement and to consummate the Contemplated Transactions, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Stockholder hereby agrees that the Stockholder will not, subject to the exceptions set forth in this letter agreement, during the period commencing upon the Effective Time and ending on the date that is 180 days after the Effective Time (the “**Restricted Period**”), (a) Sell or Offer to Sell, any shares of Parent Common Stock or any securities convertible into or exercisable or exchangeable for Parent Common Stock, including without limitation, Parent Common Stock or such other securities which may be deemed to be beneficially owned by the Stockholder or such Stockholder’s Family Member, in accordance with the rules and regulations of the U.S. Securities and Exchange Commission and securities of Parent which may be issued upon exercise or settlement of a stock option or other equity award (collectively, “**Shares**”), (b) enter into any Swap, short sale, hedge or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the Shares, regardless of whether any such transaction described in clause (a) or (b) above is to be settled by delivery of Parent Common Stock or such other securities, in cash or otherwise, (c) make any demand for or exercise any right with respect to the registration of any shares of Parent Common Stock or any security convertible into or exercisable or exchangeable for Parent Common Stock, or cause to be filed a registration statement, prospectus or prospectus supplement (or an amendment or supplement thereto) with respect to such registration or (d) publicly announce any intention to do any of the foregoing, in each case other than:

- (i) transfers of Shares as *bona fide* charitable contributions, gifts or donations;
- (ii) transfers or dispositions of Shares to any Family Member or any trust for the direct or indirect benefit of the Stockholder and/or the Family Member of the Stockholder;
- (iii) transfers or dispositions of Shares by will, other testamentary document or intestate succession to the legal representative, heir, beneficiary or a member of the Immediate family of the Stockholder;
- (iv) transfers of Shares to stockholders, direct or indirect Affiliates, current or former partners (general or limited), members or managers of the Stockholder, as applicable, or to the estates of any such stockholders, Affiliates, partners, members or managers, or to another corporation, partnership, limited liability company or other business entity that controls, is controlled by or is under common control with the Stockholder;
- (v) transfers that occur by operation of law pursuant to a court order or settlement agreement related to the distribution of assets in connection with the dissolution of a marriage or civil union;

(vi) transfers or dispositions not involving a change in beneficial ownership;

(vii) if the Stockholder is a trust, transfers or dispositions to any beneficiary of the Stockholder or the estate of any such beneficiary;

(viii) transfers pursuant to a bona fide third party tender offer, merger, consolidation or other similar transaction made to all holders of the Parent's capital stock involving a change of control of the Parent, provided that in the event that such tender offer, merger, consolidation or other such transaction is not completed, the Shares shall remain subject to the restrictions contained in this letter agreement;

(ix) transfers of Parent Common Stock, if any, issued in connection with the Concurrent Financing;

provided, that in each case of clauses (i)-(vii), (a) other than with respect to clauses (i), (iii), (iv), (v) and (vii), no filing by any party (including any donor, donee, transferor or transferee, distributor or distributee) under the Exchange Act or other public announcement shall be required or shall be made voluntarily in connection with such transfer or distribution (other than filings made in respect of involuntary transfers or dispositions or a filing on a Form 5 made after the expiration of the Restricted Period), (b) other than with respect to clause (iv), any such transfer or distribution shall not involve a disposition for value, and (c) the transferee or donee agrees in writing to be bound by the terms and conditions of this letter agreement and either the Stockholder or the transferee or donee provides Parent with a copy of such agreement promptly upon consummation of any such transfer.

Notwithstanding the restrictions imposed by this letter agreement, the Stockholder may (a) exercise or settle an option to purchase Shares or other equity award (including a net or cashless exercise of such option) and provided further, that the underlying Shares shall continue to be subject to the restrictions on transfer set forth in this letter agreement, (b) transfer Shares to Parent to cover tax withholding obligations of the Stockholder in connection with the vesting, settlement or exercise of such options or other equity awards, as applicable, (c) establish a trading plan pursuant to Rule 10b5-1 under the Exchange Act ("**10b5-1 Plan**") for the transfer of Shares, provided that such plan does not provide for any transfers of Shares during the Restricted Period and, provided further, that, no filing under the Exchange Act or other public announcement shall be made voluntarily in connection with the establishment of such a plan, (d) transfer Shares to Parent pursuant to arrangements under which Parent has the option to repurchase such Shares, or (e) transfer or dispose of Shares acquired on the open market following the Effective Time.

Any attempted transfer in violation of this letter agreement will be of no effect and null and void, regardless of whether the purported transferee has any actual or constructive knowledge of the transfer restrictions set forth in this letter agreement, and will not be recorded on the share register of Parent. To ensure compliance with the restrictions referred to herein, the Stockholder agrees that Parent and any duly appointed transfer agent may issue appropriate "stop transfer" certificates or instructions. Parent may cause the legend set forth below, or a legend substantially equivalent thereto, to be placed upon any certificate(s) or other documents or instruments evidencing ownership of the Shares:

THE SHARES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO AND MAY ONLY BE TRANSFERRED IN COMPLIANCE WITH A LOCK-UP AGREEMENT, A COPY OF WHICH IS ON FILE AT THE PRINCIPAL OFFICE OF THE COMPANY.

The Stockholder hereby represents and warrants that the Stockholder has full power and authority to enter into this letter agreement. All authority conferred or agreed to be conferred and any obligations of the Stockholder under this letter agreement will be binding upon the successors, assigns, heirs or personal representatives of the Stockholder.

In the event that any holder of Parent's securities that is subject to a substantially similar agreement entered into by such holder, other than the Stockholder, is granted a release or waiver of the foregoing restrictions by Parent with respect to any shares of Parent Common Stock for value other than as permitted by this or a substantially similar agreement entered into by such holder, the same percentage of shares of Parent Common

Stock held by the Stockholder shall be immediately and fully released on the same terms from any remaining restrictions set forth herein (the “***Pro-Rata Release***”); provided, however, that such Pro-Rata Release shall not be applied unless and until permission has been granted by Parent, to an equity holder or equity holders to sell or otherwise transfer or dispose of all or a portion of such equity holders’ shares of Parent Common Stock in an aggregate amount in excess of 1% of the number of shares of Parent Common Stock outstanding immediately following the Effective Time; provided further that if the Stockholder is an executive officer or director of Parent and such release or waiver was conducted solely for the purpose of meeting Nasdaq’s initial listing standards, then such Stockholder shall not be entitled to such Pro-Rata Release.

Upon the release of any Shares from this letter agreement, Parent will cooperate with the Stockholder to facilitate the timely preparation and delivery of certificates or the establishment of book entry positions at the Parent’s transfer agent representing the Shares without the restrictive legend above and the withdrawal of any stop transfer instructions at the Parent’s transfer agent.

The Stockholder understands that each of Parent and the Company is relying upon this letter agreement in proceeding toward consummation of the Merger. The Stockholder further understands that this letter agreement is irrevocable and is binding upon the Stockholder’s heirs, legal representatives, successors and assigns.

This letter agreement and any claim, controversy or dispute arising under or related to this letter agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to the conflict of laws principles thereof.

The Stockholder understands that if the Merger Agreement is terminated in accordance with its terms, the Stockholder will be released from all obligations under this letter agreement.

The undersigned hereby represents that the undersigned has full power, capacity and authority to enter into this agreement. This letter agreement may be executed by electronic (i.e., PDF) transmission, which is deemed an original.

Capitalized terms not defined in this Annex A shall have the meanings given to them in the body of this agreement.

CONTINGENT VALUE RIGHTS AGREEMENT

THIS CONTINGENT VALUE RIGHTS AGREEMENT (this “*Agreement*”), dated as of [•] (the “*Effective Date*”), is entered into by and between Rallybio Corporation, a Delaware corporation (“*Rallybio*”), and [•], a [•], as Rights Agent (as defined herein).

RECITALS

A. Rallybio, Farmington Merger Sub, Inc., a Delaware corporation and a wholly owned Subsidiary of Rallybio (“*Merger Sub*”) and Avenzo Therapeutics, Inc., a Delaware corporation (the “*Company*”), have entered into an Agreement and Plan of Merger and Reorganization, dated as of May 31, 2026 (as it may be amended, supplemented or otherwise modified from time to time pursuant to the terms thereof, the “*Merger Agreement*”), pursuant to which Merger Sub will merge with and into the Company (the “*Merger*”), with the Company surviving the Merger as a wholly owned Subsidiary of Rallybio.

B. Pursuant to the Merger Agreement, and in accordance with the terms and conditions thereof, Rallybio has agreed to provide to the Holders (as defined herein) certain contingent value rights as hereinafter described.

C. The parties to this Agreement have done all things reasonably necessary to make the contingent value rights, when issued hereunder, the valid obligations of Rallybio and to make this Agreement a valid and binding agreement of Rallybio, in accordance with its terms.

NOW, THEREFORE, in consideration of the premises and the consummation of the transactions referred to above, it is mutually covenanted and agreed, for the proportionate benefit of all Holders, as follows:

ARTICLE 1

DEFINITIONS

1.1 Definitions.

Capitalized terms used but not otherwise defined herein have the meanings ascribed thereto in the Merger Agreement. The following terms have the meanings ascribed to them as follows:

“*Acting Holders*” means, at any time, the registered Holders of more than forty percent (40%) of the total number of CVRs outstanding at such time, as set forth on the CVR Register.

“*Affiliate*” of any particular Person means any other Person controlling, controlled by or under common control with such particular Person. For the purposes of this definition, “controlling,” “controlled” and “control” mean the possession, directly or indirectly, of the power to direct the management and policies of a Person whether through the ownership of voting securities, contract or otherwise.

“*Assignee*” has the meaning set forth in [Section 6.6](#).

“*Business Day*” means any day other than a Saturday, Sunday or other day on which banks in New York, New York are authorized or obligated by Law to be closed.

“*CVR*” means a contingent contractual right of Holders to receive the CVR Payments pursuant to this Agreement.

“**CVR Payment**” means a cash payment equal to one hundred percent (100%) of the Net Proceeds actually received by Rallybio during a CVR Payment Period.

“**CVR Payment Period**” means an annual period (or portion thereof) beginning on the Effective Date and ending on December 31 of any given calendar year during the CVR Term; *provided*, that if the last CVR Payment Period would end subsequent to the expiration of the CVR Term, such CVR Payment Period will end on the Termination Date.

“**CVR Register**” has the meaning set forth in [Section 2.2\(b\)](#).

“**CVR Term**” means the period beginning on the Closing Date (following the Closing) and ending on December 31, 2031.

“**Disposition**” means the sale, license, transfer or other disposition to a third party of any Legacy Asset by Rallybio or its Affiliates, including any sale or disposition of equity securities in any Subsidiary established by Rallybio to hold any right, title or interest in any Legacy Asset, in each case, during the Disposition Period.

“**Disposition Agreement**” means a definitive written agreement providing for the Disposition of all or any portion of the Legacy Assets.

“**Disposition Period**” means the period beginning on the Effective Date and ending on the date that is one year thereafter.

“**Gross Proceeds**” means, without duplication, the sum of all consideration that is received by Rallybio during the CVR Term with respect to (i) any upfront, milestone, royalty and other payments received under a Disposition Agreement and (ii) any Recursion Milestone Amounts; *provided*, that, for the avoidance of doubt, Gross Proceeds shall not include any amounts that are Incidental Benefits. Equity securities shall only constitute Gross Proceeds to the extent they are listed and traded on a national stock exchange, and shall have such value as quoted on such national securities exchange at the time of disposition of such equity securities.

“**Holder**” means, at the relevant time, a Person in whose name one or more CVRs are registered in the CVR Register.

“**Holder Representative**” means Stephen Uden, M.D., or any successor appointed by the Acting Holders with the prior written consent of Rallybio (such consent not to be unreasonably withheld, conditioned or delayed). In the event the Holder Representative is unable or unwilling to serve in such capacity, the Acting Holders shall promptly notify Rallybio and designate a proposed successor, which successor shall not be effective until Rallybio has provided its prior written consent thereto.

“**Incidental Benefits**” means any amounts paid to, received or realized by Rallybio that are:

- (a) Tax attributes, Tax refunds, Tax credits, Tax deductions or other Tax benefits (including utilization of net operating losses, basis increases, amortization or depreciation deductions, or reductions in Tax liability);
 - (b) profit-share, revenue-share, or similar participation payments;
 - (c) reimbursements or payments for research, development, clinical, regulatory, manufacturing, commercialization, patent or other costs or services;
 - (d) in-kind benefits of any nature or non-cash consideration (other than equity securities listed and traded on a national stock exchange);
- and
- (e) other ancillary, indirect or incidental benefits, rights or value received in connection with or arising out of the Disposition Agreement.

“**Law**” means any federal, state, national, foreign, material local or municipal or other law, statute, constitution, principle of common law, resolution, ordinance, code, edict, decree, rule, regulation, ruling, or requirement issued, enacted, adopted, promulgated, implemented or otherwise put into effect by or under the authority of any governmental authority (including under the authority of Nasdaq or the Financial Industry Regulatory Authority).

“**Legacy Assets**” means Rallybio’s rights, assets, technology and intellectual property that were in existence immediately prior to the execution of the Merger Agreement and were used or generated prior to such execution in one or more of Rallybio’s research and development programs. For clarity, the Legacy Assets shall not include any asset, technology or intellectual property owned or controlled by the Company or its Subsidiaries prior to the Closing.

“**Liability**” means any liability, indebtedness, obligation, expense, claim, deficiency, guaranty or endorsement of any kind, whether accrued, absolute, contingent, matured, unmatured or otherwise.

“**Loss**” has the meaning set forth in [Section 3.2\(g\)](#).

“**Membership Interest Purchase Agreement**” means the Membership Interest Purchase Agreement, dated as of July 8, 2025, by and among Rallybio, Recursion Pharmaceuticals, Inc. and the other parties thereto.

“**Net Proceeds**” means, for any CVR Payment Period, Gross Proceeds minus Permitted Deductions. For clarity, to the extent Permitted Deductions exceed Gross Proceeds for any CVR Payment Period, any excess Permitted Deductions shall be applied against Gross Proceeds in subsequent CVR Payment Periods.

“**Notice**” has the meaning set forth in [Section 6.1](#).

“**Officer’s Certificate**” means a certificate signed by the chief executive officer and the chief financial officer of Rallybio, in their respective official capacities.

“**Permitted Deductions**” means the sum of:

(a) any applicable Tax (including any applicable value added or sales taxes) imposed on Gross Proceeds or otherwise payable by Rallybio or any of its Affiliates (regardless of whether the due date for such Taxes arises during or after the Disposition Period), including, without duplication, any income or other similar Taxes payable by Rallybio or any of its Affiliates that would not have been incurred by Rallybio or any of its Affiliates but for the Gross Proceeds, and any applicable Tax imposed on or otherwise payable in connection with making any CVR Payment or the issuance of any CVR (including, without limitation, (i) the employer portion of any employment, payroll, or other similar Taxes in respect of CVR Payments (including in respect of Parent In the Money Stock Options granted to employees, Parent restricted stock units or Parent restricted stock) and (ii) any withholding Taxes (including interest and penalties) relating to the issuance of a CVR or any CVR Payment); *provided* that, for purposes of calculating income Taxes payable by Rallybio or any of its Affiliates in respect of the Gross Proceeds, such income Taxes shall be calculated without taking into account any net operating losses or other Tax attributes generated by Rallybio or any of its Affiliates;

(b) any reasonable and documented expenses incurred by Rallybio or any of its Affiliates to preserve or ready the Legacy Assets for sale or in respect of its performance of this Agreement following the Effective Date or in respect of its performance of any Contract in connection with any Legacy Asset (in each case, to the extent such expenses are not included in the determination of Parent Net Cash in accordance with the Merger Agreement), including any damages, liabilities arising under any Contract or Disposition Agreement;

(c) any reasonable and documented expenses incurred or accrued by Rallybio or any of its Affiliates in connection with the negotiation, entry into and closing of any Disposition Agreement or the Disposition of any Legacy Asset;

(d) any Losses incurred by Rallybio or any of its Affiliates arising out of any third-party claims, demands, actions, or other proceedings relating to or in connection with any Disposition, including indemnification obligations as set forth in a claims notice received by Rallybio or any of its Affiliates pursuant to any Disposition Agreement;

(e) any Liabilities borne by Rallybio or any of its Affiliates pursuant to Contracts related to Legacy Assets, including costs arising from the termination thereof (in each case only to the extent not included in the calculation of Parent Net Cash); and

(f) any amounts payable to the Rights Agent in connection with the distribution of any CVR Payment.

“Permitted Transfer” means a transfer of CVRs (i) upon death of a Holder by will or intestacy, (ii) pursuant to a court order, (iii) by operation of law (including by consolidation or merger) or without consideration in connection with the dissolution, liquidation or termination of any corporation, limited liability company, partnership or other entity, (iv) in the case of CVRs held in book-entry or other similar nominee form, from a nominee to a beneficial owner and, if applicable, through an intermediary, or (v) as provided in [Section 2.5](#).

“Person” means any individual, corporation, partnership, joint venture, estate, trust, company, firm, limited liability company, society or other enterprise, association, organization, or any other entity not specifically listed herein, including any governmental authority.

“Pro Rata Share” means, with respect to any Holder, the quotient obtained by dividing (i) the aggregate number of CVRs held by such Holder by (ii) the aggregate number of outstanding CVRs held by all Holders, in each case, as reflected in the CVR Register.

“Recursion Milestone Amounts” means the aggregate cash payment amounts received by Rallybio from Recursion Pharmaceuticals, Inc. pursuant to Section 1.1(c) of the Membership Interest Purchase Agreement.

“Rights Agent” means the Rights Agent named in the first paragraph of this Agreement, until a successor Rights Agent shall have been appointed pursuant to [Article 3](#) of this Agreement, and thereafter **“Rights Agent”** will mean such successor Rights Agent.

“Securities Act” means the Securities Act of 1933, as amended.

“Payment Statement” means, for a given CVR Payment Period during the CVR Term, a written statement of Rallybio, signed on behalf of Rallybio, setting forth in reasonable detail the calculation of the applicable CVR Payment for such CVR Payment Period.

An entity shall be deemed to be a **“Subsidiary”** of a Person if such Person directly or indirectly owns or purports to own, beneficially or of record, (a) an amount of voting securities or other interests in such entity that is sufficient to enable such Person to elect at least a majority of the members of such entity’s board of directors or other governing body, or (b) at least 50% of the outstanding equity, voting, beneficial or financial interests in such entity.

ARTICLE 2

CONTINGENT VALUE RIGHTS

2.1 Holders of CVRs; Appointment of Rights Agent.

(a) The CVRs represent the contractual rights of Holders to receive contingent cash payment of the aggregate CVR Payments from Rallybio pursuant to this Agreement. The initial Holders shall be the holders of (i) Parent Common Stock, (ii) Pre-Funded Warrants, (iii) Parent restricted stock units and (iv) In the Money

Parent Options as of the close of business on the last Business Day prior to the day on which the Effective Time occurs (the “**Record Date**”). One (1) CVR will be issued with respect to each (w) share of Parent Common Stock, (x) Pre-Funded Warrant, (y) Parent restricted stock unit and (z) In the Money Parent Option that is outstanding as of the close of business on the Record Date.

(b) Rallybio hereby appoints the Rights Agent to act as rights agent for Rallybio in accordance with the express terms and conditions set forth in this Agreement, and the Rights Agent hereby accepts such appointment.

2.2 No Certificate; Registration; Registration of Transfer; Change of Address.

(a) Holders’ rights and obligations in respect of the CVRs derive solely from this Agreement. The CVRs will not be evidenced by a certificate or other instrument.

(b) The Rights Agent will create and maintain a register (the “**CVR Register**”) for the purposes of (i) identifying the Holders of CVRs, (ii) determining the Holders’ entitlement to CVRs and (iii) registering the CVRs and Permitted Transfers thereof. The CVR Register will be created, and CVRs will be distributed, pursuant to written instructions to the Rights Agent from Rallybio. Except for the obligations to the Rights Agent and the Holder Representative set forth herein, neither Rallybio nor its Subsidiaries will have any responsibility or liability whatsoever to any Person other than the Holders.

(c) Subject to the restrictions on transferability set forth in [Section 2.6](#), every request made to transfer CVRs must be in writing and accompanied by a written instrument of transfer reasonably acceptable to the Rights Agent, together with the signature guarantee of a guarantor institution which is a participant in a signature guarantee program approved by the Securities Transfer Association (a “signature guarantee”) and other requested documentation in a form reasonably satisfactory to the Rights Agent, duly executed and properly completed, as applicable, by the Holder or Holders thereof, or by the duly appointed legal representative, personal representative or survivor of such Holder or Holders, setting forth in reasonable detail the circumstances relating to the transfer. Upon receipt of such written notice, the Rights Agent will, subject to its reasonable determination in accordance with its own internal procedures, that the transfer instrument is in proper form and otherwise complies on its face with the other terms and conditions of this Agreement (including the provisions in [Section 2.6](#)), register the transfer of the applicable CVRs in the CVR Register. All transfers of CVRs registered in the CVR Register will be the valid obligations of Rallybio, evidencing the same right, and entitling the transferee to the same benefits and rights under this Agreement, as those held by the transferor. Rallybio and the Rights Agent may each require payment by the applicable Holder of a sum sufficient to cover any stamp or other Tax or governmental charge that is imposed in connection with any such registration of transfer (or evidence from the applicable Holder that such Taxes and charges are not applicable). No transfer of CVRs shall be valid until registered in the CVR Register and unless such transfer would not violate the Securities Act. Any putative transfer not duly registered in the CVR Register or in violation of the Securities Act shall be void.

(d) A Holder may make a written request to the Rights Agent to change such Holder’s address of record in the CVR Register. Such written request must be duly executed by such Holder. Upon receipt of such written notice, the Rights Agent shall promptly record the change of address in the CVR Register. The Acting Holders may, without duplication, make a written request to the Rights Agent for a list containing the names, addresses and number of CVRs of the Holders that are registered in the CVR Register. Upon receipt of such written request from the Acting Holders, the Rights Agent shall promptly deliver a copy of such list to the Acting Holders.

2.3 Payment Procedures.

(a) No later than forty-five (45) days following the end of each CVR Payment Period during the CVR Term, Rallybio shall deliver to the Rights Agent a Payment Statement for such CVR Payment Period. Concurrent with the delivery of each Payment Statement, on the terms and conditions of this Agreement, Rallybio shall pay the Rights Agent in U.S. dollars an amount equal to the CVR Payment for the applicable CVR Payment Period; *provided, however*, that in the event that the aggregate CVR Payment on any Payment Statement shall be less than \$1,000,000, no CVR Payment shall be due and instead such CVR Payment shall be added to subsequent

CVR Payments until: (i) the aggregate CVR Payments shall be at least \$1,000,000 or (ii) the final CVR Payment Period. Rallybio will cause an amount equal to such CVR Payment to be transferred by wire transfer of immediately available funds to an account designated in writing by the Rights Agent (for further distribution to the Holders in accordance with the terms hereof) not less than ten (10) Business Days prior to the date of the applicable payment.

(b) Upon receipt of the wire transfer referred to in [Section 2.3\(a\)](#), the Rights Agent will promptly (and in any event within ten (10) Business Days) pay, by check mailed, first-class postage prepaid, to the address of each Holder set forth in the CVR Register at such time or by other method of delivery as specified by the applicable Holder in writing to the Rights Agent, an amount in cash equal to such Holder's Pro Rata Share of the applicable CVR Payment.

(c) With respect to any Net Proceeds that are paid to Rallybio or its Affiliate, Rallybio shall have no further liability in respect of the respective CVR Payment upon delivery of the relevant funds to the Rights Agent in accordance with [Section 2.3\(a\)](#).

(d) Rallybio and the Rights Agent will be entitled to deduct and withhold, or cause to be deducted and withheld, from any amounts required to be paid or distributed under this Agreement (including any issuance of a CVR pursuant to this Agreement or any CVR Payment payable pursuant to this Agreement), such amounts as Rallybio or the Rights Agent reasonably determines it is required to deduct and withhold with respect to the making of such payment or distribution (including in respect of the distribution of CVRs) under any provision of applicable Law relating to Taxes. To the extent that amounts are so deducted and withheld pursuant to this paragraph (d), such deducted and withheld amounts will be treated for all purposes of this Agreement as having been paid or distributed to the Holder in respect of which such deduction and withholding were made. The Rights Agent will solicit from each Holder a properly completed IRS Form W-9 or the appropriate version of IRS Form W-8, as applicable, at or prior to any distribution or other payment to such Holder under this Agreement. If Rallybio or the Rights Agent fails to withhold any Tax required to be withheld pursuant to any issuance of a CVR or CVR Payment, Rallybio and the Rights Agent will be entitled to deduct and withhold, or cause to be deducted and withheld, such Taxes (including any interest and penalties) from subsequent payments with respect to the applicable CVR or, at Rallybio's option, the Holder of such applicable CVR shall promptly pay such Tax to Rallybio upon request.

(e) Any portion of a CVR Payment that remains undistributed to the Holders on the date that is six months after the Rights Agent's receipt of the applicable Payment Statement (including by means of uncashed checks or invalid addresses on the CVR Register) will be delivered by the Rights Agent to Rallybio or a Person nominated in writing by Rallybio (with written notice thereof from Rallybio to the Rights Agent), and any Holder will thereafter look only to Rallybio for payment of such CVR Payment (which shall be without interest).

(f) If any CVR Payment (or portion thereof) remains unclaimed by a Holder on the date that is one year after the Rights Agent's receipt of the applicable Payment Statement or the CVR Payment (or immediately prior to such earlier date on which such CVR Payment would otherwise escheat to or become the property of any governmental authority), then: (i) such CVR Payment (or portion thereof) will, to the extent permitted by applicable Law, become the property of Rallybio and will be transferred to Rallybio or a Person nominated in writing by Rallybio (with written notice thereof from Rallybio to the Rights Agent), free and clear of all claims or interest of any Person previously entitled thereto, and no consideration or compensation shall be payable therefor, and (ii) the CVRs to which such payment relate shall be deemed abandoned in accordance with [Section 2.5](#) and shall no longer be deemed outstanding for any purpose (including for purposes of calculating each Holder's Pro Rata Share). Neither Rallybio nor the Rights Agent will be liable to any Person in respect of a CVR Payment delivered to a public official pursuant to any applicable abandoned property, escheat or similar legal requirement under applicable Law. In addition to and not in limitation of any other indemnity obligation herein, Rallybio agrees to indemnify and hold harmless the Rights Agent with respect to any liability, penalty, cost or expense the Rights Agent may incur or be subject to in connection with transferring such property to Rallybio or a public official.

2.4 No Voting, Dividends or Interest; No Equity or Ownership Interest.

- (a) CVRs will not have any voting or dividend rights, and interest will not accrue on any amounts payable in respect of CVRs.
- (b) CVRs will not represent any equity or ownership interest in Rallybio or any of its Affiliates. The sole right of the Holders to receive property hereunder is the right to receive CVR Payments, if any, in accordance with the terms hereof.
- (c) The CVRs and the possibility of any payment hereunder with respect thereto are highly speculative and subject to numerous factors outside of Rallybio's control, and there is no assurance that Holders will receive any payments under this Agreement or in connection with the CVRs. It is highly possible that there will not be any CVR Payments. Neither Rallybio nor its Affiliates owe, by virtue of their obligations under this Agreement, a fiduciary duty or any implied duties to the Holders and the parties hereto intend solely the express provisions of this Agreement to govern their contractual relationship with respect to the CVRs. This Section 2.4(g) is an essential and material term of this Agreement.

2.5 Ability to Abandon CVR. A Holder may at any time, at such Holder's option or upon the failure to claim payment under Section 2.3(f), abandon all of such Holder's remaining rights represented by CVRs by transferring such CVR to Rallybio or a Person nominated in writing by Rallybio (with written notice thereof from Rallybio to the Rights Agent) without consideration in compensation therefor, and such rights will be cancelled, with the Rights Agent being promptly notified in writing by Rallybio of such transfer and cancellation. No such notice to the Rights Agent shall be required in the case of abandonment due to the failure to claim payment under Section 2.3(f). Nothing in this Agreement is intended to prohibit Rallybio or its Affiliates from offering to acquire or acquiring CVRs, in private transactions or otherwise, for consideration in its sole discretion.

2.6 Non-transferable. The CVRs may not be sold, assigned, transferred, pledged, encumbered or in any other manner transferred or disposed of, in whole or in part, other than through a Permitted Transfer. The CVRs will not be listed on any quotation system or traded on any securities exchange. Any purported transfer of a CVR other than through a Permitted Transfer shall be null and void *ab initio*.

ARTICLE 3

THE RIGHTS AGENT

3.1 Certain Duties and Responsibilities.

- (a) The Rights Agent will not have any liability for any actions taken or not taken in connection with this Agreement, except to the extent such liability arises as a result of the willful misconduct, bad faith, fraud or gross negligence of the Rights Agent (in each case as determined by a final non-appealable judgment of a court of competent jurisdiction). Anything to the contrary notwithstanding, in no event will the Rights Agent be liable for special, punitive, indirect, incidental or consequential loss or damages of any kind whatsoever (including, without limitation, lost profits), even if the Rights Agent has been advised of the likelihood of such loss or damages, and regardless of the form of action.
- (b) The Rights Agent will not have any duty or responsibility in the case of the receipt of any written demand from any Holder with respect to any action or default by any Person or entity, including, without limiting the generality of the foregoing, any duty or responsibility to initiate or attempt to initiate any proceedings at law or otherwise or to make any demand upon Rallybio. All rights of action under this Agreement may be enforced (but shall not be required to be enforced) by the Rights Agent, any claim, action, suit, audit, investigation or proceeding instituted by the Rights Agent will be brought in its name as the Rights Agent and any recovery in connection therewith will be for the proportionate benefit of all the Holders, as their respective rights or interests may appear on the CVR Register.

3.2 Certain Rights of Rights Agent.

(a) The Rights Agent undertakes to perform such duties and only such duties as are specifically set forth in this Agreement, and no implied covenants or obligations will be read into this Agreement against the Rights Agent.

(b) The Rights Agent may rely and will be protected by Rallybio in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order or other paper or document believed by it in the absence of bad faith to be genuine and to have been signed or presented by or on behalf of Rallybio.

(c) Whenever the Rights Agent deems it desirable that a matter be proved or established prior to taking or omitting any action hereunder, the Rights Agent may (i) rely upon an Officer's Certificate and (ii), in the absence of bad faith, gross negligence, fraud or willful misconduct on its part, incur no liability and be held harmless by Rallybio for or in respect of any action taken or omitted to be taken by it under the provisions of this Agreement in reliance upon such Officer's Certificate.

(d) The Rights Agent may engage and consult with counsel of its selection, and the written advice or opinion of such counsel will, in the absence of bad faith, gross negligence, fraud or willful misconduct on the part of the Rights Agent, be full and complete authorization and protection in respect of any action taken or not taken by the Rights Agent in reliance thereon.

(e) Any permissive rights of the Rights Agent hereunder will not be construed as a duty.

(f) The Rights Agent will not be required to give any note or surety in respect of the execution of its powers or otherwise under this Agreement.

(g) Rallybio agrees to indemnify the Rights Agent for, and to hold the Rights Agent harmless from and against, any loss, liability, damage, judgment, fine, penalty, cost or expense (each, a "**Loss**") suffered or incurred by the Rights Agent and arising out of or in connection with the Rights Agent's performance of its obligations under this Agreement, including the reasonable and documented costs and expenses of defending the Rights Agent against any claims, charges, demands, actions or suits arising out of or in connection with the execution, acceptance, administration, exercise and performance of its duties under this Agreement, including the costs and expenses of defending against any claim of liability arising therefrom, directly or indirectly, or enforcing its rights hereunder, except to the extent such Loss has been determined by a final non-appealable decision of a court of competent jurisdiction to have resulted from the Rights Agent's gross negligence, bad faith, fraud or willful misconduct; *provided* that this Section 3.2(g) shall not apply to (i) income, receipt, franchise or similar Taxes, (ii) any Taxes imposed due to the Rights Agent's connection with the jurisdiction imposing such Taxes (other than any connection caused solely by this Agreement or the Rights Agent performing, enforcing or receiving payments under this Agreement), or (iii) any Taxes imposed due to the failure of the Rights Agent to provide any form, document or certificate that would have reduced or eliminated the amount of withholding taxes ("**Excluded Taxes**").

(h) In addition to the indemnification provided under Section 3.2(g), Rallybio agrees (i) to pay the fees of the Rights Agent in connection with the Rights Agent's performance of its obligations hereunder, as agreed upon in writing by the Rights Agent and Rallybio on or prior to the date of this Agreement, and (ii) to reimburse the Rights Agent for all reasonable and properly documented out-of-pocket expenses, including all stamp and transfer Taxes (excluding any Excluded Taxes) and governmental charges, incurred by the Rights Agent in the performance of its obligations under this Agreement, except that Rallybio will have no obligation to pay the fees of the Rights Agent or reimburse the Rights Agent in connection with any lawsuit initiated by the Rights Agent on behalf of itself or the Holders, except in the case of any suit enforcing the provisions of Section 2.3(a) or Section 3.2(g), if Rallybio is found by a court of competent jurisdiction to be liable to the Rights Agent or the Holders, as applicable in such suit.

(i) No provision of this Agreement shall require the Rights Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers if it believes that repayment of such funds or adequate indemnification against such risk or liability is not reasonably assured to it.

(j) The Rights Agent will not be deemed to have knowledge of any event of which it was supposed to receive notice hereunder but has not received written notice of such event, and the Rights Agent will not incur any liability for failing to take action in connection therewith, in each case, unless and until it has received such notice in writing.

(k) Subject to applicable Law, (i) the Rights Agent and any shareholder, affiliate, director, officer or employee of the Rights Agent may buy, sell or deal in any securities of Rallybio or become peculiarly interested in any transaction in which Rallybio may be interested, or contract with or lend money to Rallybio or otherwise act as fully and freely as though it were not the Rights Agent under this Agreement, and (ii) nothing herein will preclude the Rights Agent from acting in any other capacity for Rallybio or for any other Person.

(l) The Rights Agent may execute and exercise any of the rights or powers hereby vested in it or perform any duty hereunder either itself or by or through its attorney or agents and the Rights Agent shall not be answerable or accountable for any act, default, neglect or misconduct of any such attorney or agents or for any loss to Rallybio resulting from any such act, default, neglect or misconduct, absent gross negligence, bad faith or willful misconduct (each as determined by a final non-appealable judgment of a court of competent jurisdiction) in the selection and continued employment thereof.

(m) Rallybio shall perform, acknowledge and deliver or cause to be performed, acknowledged and delivered all such further and other acts, documents, instruments and assurances as may be reasonably required by the Rights Agent for the carrying out or performing by the Rights Agent of the provisions of this Agreement.

(n) The Rights Agent shall not be liable for or by reason of any of the statements of fact or recitals contained in this Agreement (except its countersignature thereof) or be required to verify the same, and all such statements and recitals are and shall be deemed to have been made by Rallybio only.

(o) The Rights Agent shall act hereunder solely as agent for Rallybio and shall not assume any obligations or relationship of agency or trust with any of the owners or holders of the CVRs. The Rights Agent shall not have any duty or responsibility in the case of the receipt of any written demand from any Holders with respect to any action or default by Rallybio, including, without limiting the generality of the foregoing, any duty or responsibility to initiate or attempt to initiate any proceedings at law or otherwise or to make any demand upon Rallybio.

(p) The Rights Agent may rely on and be fully authorized and protected in acting or failing to act upon (a) any guaranty of signature by an “eligible guarantor institution” that is a member or participant in the Securities Transfer Agents Medallion Program or other comparable “signature guarantee program” or insurance program in addition to, or in substitution for, the foregoing; or (b) any law, act, regulation or any interpretation of the same even though such law, act, or regulation may thereafter have been altered, changed, amended or repealed.

(q) The Rights Agent shall not be liable or responsible for any failure of Rallybio to comply with any of its obligations relating to any registration statement filed with the Securities and Exchange Commission or this Agreement, including without limitation obligations under applicable regulation or law.

(r) The obligations of Rallybio under this [Section 3.2](#) shall survive the expiration of the CVRs and the termination of this Agreement and the resignation, replacement or removal of the Rights Agent.

3.3 Resignation and Removal; Appointment of Successor.

(a) The Rights Agent may resign at any time by written notice to Rallybio. Any such resignation notice shall specify the date on which such resignation will take effect (which shall be at least thirty (30) days following the date that such resignation notice is delivered), and such resignation will be effective on the earlier of (x) the date so specified and (y) the appointment of a successor Rights Agent.

(b) Rallybio will have the right to remove the Rights Agent at any time by written notice to the Rights Agent, specifying the date on which such removal will take effect. Such notice will be given at least thirty (30) days prior to the date so specified (or, if earlier, the appointment of the successor Rights Agent).

(c) If the Rights Agent resigns, is removed or becomes incapable of acting, Rallybio will promptly appoint a qualified successor Rights Agent. Notwithstanding the foregoing, if Rallybio fails to make such appointment within a period of thirty (30) days after giving notice of such removal or after it has been notified in writing of such resignation or incapacity by the resigning or incapacitated Rights Agent, then the incumbent Rights Agent may apply to any court of competent jurisdiction for the appointment of a new Rights Agent. The successor Rights Agent so appointed will, upon its acceptance of such appointment in accordance with this [Section 3.3\(c\)](#) and [Section 3.4](#), become the Rights Agent for all purposes hereunder.

(d) Rallybio will give notice to the Holders of each resignation or removal of the Rights Agent and each appointment of a successor Rights Agent in accordance with [Section 6.2](#). Each notice will include the name and address of the successor Rights Agent. If Rallybio fails to send such notice within ten (10) Business Days after acceptance of appointment by a successor Rights Agent, the successor Rights Agent will cause the notice to be mailed at the expense of Rallybio.

(e) Notwithstanding anything to the contrary in this [Section 3.3](#), unless consented to in writing by the Acting Holders, Rallybio will not appoint as a successor Rights Agent any Person that is not a stock transfer agent of national reputation or the corporate trust department of a commercial bank.

(f) The Rights Agent will reasonably cooperate with Rallybio and any successor Rights Agent in connection with the transition of the duties and responsibilities of the Rights Agent to the successor Rights Agent, including the transfer of all relevant data, including the CVR Register, to the successor Rights Agent; but such predecessor Rights Agent shall not be required to make any additional expenditure or assume any additional liability in connection with the foregoing.

3.4 Acceptance of Appointment by Successor. Every successor Rights Agent appointed hereunder will, at or prior to such appointment, execute, acknowledge and deliver to Rallybio and to the resigning or removed Rights Agent an instrument accepting such appointment and a counterpart of this Agreement, and such successor Rights Agent, without any further act, deed or conveyance, will become vested with all the rights, powers, trusts and duties of the Rights Agent; *provided*, that upon the request of Rallybio or the successor Rights Agent, such resigning or removed Rights Agent will execute and deliver an instrument transferring to such successor Rights Agent all the rights, powers and trusts of such resigning or removed Rights Agent.

ARTICLE 4

COVENANTS

4.1 Efforts. For a period of four (4) months after the Closing Date, Rallybio shall use commercially reasonable efforts to effect the Disposition of Legacy Assets, if any, pursuant to one (1) or more dispositions; *provided* that (a) such efforts shall only apply to a potential Disposition to a third party that Rallybio had been in discussions with regarding a Disposition prior to the Closing Date, (b) prior to the Closing Date, Rallybio shall have provided written notice to the Company of the potential buyer and the proposed terms of the Disposition Agreement, and (c) Rallybio shall only be required to use commercially reasonable efforts to effect the Disposition to the extent the applicable Disposition Agreement does not contain post-closing obligations or an indemnity.

4.2 List of Holders. Rallybio will furnish or cause to be furnished to the Rights Agent, in such form as Rallybio receives from its transfer agent (or other agent performing similar services for Rallybio), the names and addresses of the Holders within thirty (30) days following the Closing Date.

4.3 Prohibited Actions. Unless approved by the Holder Representative, Rallybio shall not grant any lien, security interest, pledge or similar interest in: (a) any CVR Payments, or (b) any Legacy Assets during the Disposition Period, other than (i) pursuant to the terms of a Disposition Agreement or (ii) any such interest generally granted with respect to all assets of Rallybio and not specific to any of the Legacy Assets, and which do not prohibit the ability of Rallybio to complete a Disposition and, in connection therewith, to deliver title to the Legacy Assets to the purchaser thereof, free and clear of such interest.

4.4 Audit Rights. Until the Termination Date and for a period of one year thereafter, Rallybio shall keep, and shall require its Affiliates to keep, complete and accurate books and records that may be necessary for the purpose of calculating the CVR Payments payable under this Agreement. At the request of the Acting Holders, the Holder Representative shall have the right to appoint an independent accounting firm to perform, on behalf of all Holders, an inspection of such books and records for the sole purpose of determining the CVR Payments payable hereunder, subject to the prior execution and delivery of a reasonable confidentiality agreement by such accounting firm. Upon at least ten (10) Business Days' prior written notice from the Holder Representative, such audit shall be conducted during regular business hours in such a manner as to not unnecessarily interfere with Rallybio's normal business activities. Such audit shall not be performed more frequently than once per calendar year, and no CVR Payment Period that has been the subject of a prior audit may be audited more than once. Notwithstanding the foregoing, no audit may cover any CVR Payment Period other than the two (2) most recent CVR Payment Periods ended prior to the date of the applicable audit request. If the audit reveals an overpayment, Rallybio shall be entitled to withhold such amount from future payments of CVR Payments. If the audit reveals an underpayment, Rallybio shall promptly (and in any event within thirty (30) days) remit such amount to the Rights Agent for distribution to the Holders. Rallybio shall pay the reasonable costs of such audit if the audit reveals an underpayment; otherwise, the Acting Holders requesting the audit shall bear such audit expenses.

ARTICLE 5

AMENDMENTS

5.1 Amendments Without Consent of Holders or Rights Agent.

(a) Rallybio, at any time and from time to time, may enter into one or more amendments to this Agreement for any of the following purposes, without the consent of any of the Holders or the Rights Agent (subject to [Section 5.3](#)), *provided*, that if any such amendment(s) (individually or the aggregate) impairs or adversely affects the rights of the Holders hereunder, such amendment shall also require the prior written consent of the Holders in accordance with [Section 5.2](#):

(i) to evidence the appointment of another Person as a successor Rights Agent and the assumption by any successor Rights Agent of the covenants and obligations of the Rights Agent herein in accordance with the provisions hereof;

(ii) to evidence the succession of another Person to Rallybio and the assumption of any such successor of the covenants of Rallybio outlined herein in a transaction contemplated by [Section 6.6](#);

(iii) to add to the covenants of Rallybio such further covenants, restrictions, conditions or provisions for the protection and benefit of the Holders; *provided*, that in each case, such provisions shall not adversely affect the rights of the Holders;

(iv) to cure any ambiguity, to correct or supplement any provision in this Agreement that may be defective or inconsistent with any other provision in this Agreement, or to make any other provisions with respect to matters or questions arising under this Agreement; *provided*, that in each case, such provisions shall not adversely affect the rights of the Holders;

(v) as may be necessary to ensure that CVRs are not subject to registration under the Securities Act or the Securities Exchange Act of 1934, as amended, and the rules and regulations made thereunder, or any applicable state securities or "blue sky" laws;

(vi) as may be necessary to ensure that Rallybio is not required to produce a prospectus or an admission document in order to comply with applicable Law;

(vii) to cancel CVRs (i) in the event that any Holder has abandoned its rights in accordance with [Section 2.5](#) or (ii) following a transfer of such CVRs to Rallybio or its Affiliates in accordance with [Section 2.2](#) and [Section 2.6](#);

(viii) as may be necessary to ensure that Rallybio complies with applicable Law; or

(ix) to effect any other amendment to this Agreement that would provide any additional rights or benefits to the Holders or that does not adversely affect the legal rights under this Agreement of any such Holder.

(b) Promptly after the execution by Rallybio of any amendment pursuant to this [Section 5.1](#), Rallybio will (or will cause the Rights Agent to) notify the Holders in general terms of the substance of such amendment in accordance with [Section 6.2](#).

5.2 Amendments with Consent of Holders.

(a) In addition to any amendments to this Agreement that may be made by Rallybio without the consent of any Holder or the Rights Agent pursuant to [Section 5.1](#), with the consent of the Acting Holders, Rallybio and the Rights Agent may enter into one or more amendments to this Agreement for the purpose of adding, eliminating or amending any provisions of this Agreement, even if such addition, elimination or amendment is adverse to the interests of the Holders.

(b) Promptly after the execution by Rallybio and the Rights Agent of any amendment pursuant to the provisions of this [Section 5.2](#), Rallybio will (or will cause the Rights Agent to) notify the Holders in general terms of the substance of such amendment in accordance with [Section 6.2](#).

5.3 Effect of Amendments. Upon the execution of any amendment under this [Article 5](#), this Agreement will be modified in accordance therewith, such amendment will form a part of this Agreement for all purposes and every Holder will be bound thereby. Upon the delivery of a certificate from an appropriate officer of Rallybio which states that the proposed supplement or amendment is in compliance with the terms of this [Article 5](#), the Rights Agent shall execute such supplement or amendment. Notwithstanding anything in this Agreement to the contrary, the Rights Agent shall not be required to execute any supplement or amendment to this Agreement that it has determined would adversely affect its own rights, duties, obligations or immunities under this Agreement. No supplement, amendment or other modification to this Agreement shall be effective unless duly executed by the Rights Agent.

ARTICLE 6

MISCELLANEOUS

6.1 Notices to Rights Agent and to Rallybio. All notices, requests and other communications (each, a “*Notice*”) to any party hereunder shall be in writing and delivered personally, by FedEx or other internationally recognized overnight courier service or, except with respect to any Notice from any Holder, by email. Such Notice shall be deemed given (a) on the date of delivery, if delivered in person or by e-mail (upon confirmation of receipt) prior to 5:00 p.m. in the time zone of the receiving party or on the next Business Day, if delivered after 5:00 p.m. in the time zone of the receiving party or (b) on the first Business Day following the date of dispatch, if delivered by FedEx or by other internationally recognized overnight courier service (upon proof of delivery), addressed as follows:

if to the Rights Agent, to:

[•]
[•]
[•]
Attention: [•]
E-mail: [•]

if to Rallybio, to:

[•]
[•]
[•]

Attention: [●]
E-mail: [●]

or to such other address as such party may hereafter specify for the purpose by notice to the other parties hereto.

6.2 Notice to Holders. All Notices required to be given to the Holders will be given (unless otherwise herein expressly provided) in writing and mailed, first-class postage prepaid, to each Holder at such Holder's address as set forth in the CVR Register, not later than the latest date, and not earlier than the earliest date, prescribed for the sending of such Notice, if any, and will be deemed given on the date of mailing. In any case where notice to the Holders is given by mail, neither the failure to mail such Notice, nor any defect in any Notice so mailed, to any particular Holder will affect the sufficiency of such Notice with respect to other Holders.

6.3 Entire Agreement. As between Rallybio and the Rights Agent, this Agreement constitutes the entire agreement between the parties with respect to the subject matter of this Agreement, notwithstanding the reference to any other agreement herein, and supersedes all prior agreements and understandings, both written and oral, among or between any of the parties with respect to the subject matter of this Agreement.

6.4 Successor Substituted. Upon any consolidation of or merger by Rallybio with or into any other Person, or any conveyance, transfer or lease of substantially all of the properties and assets of Rallybio to any Person, the surviving Person or acquiring Person (as applicable) shall succeed to, and be substituted for, and may exercise every right and power of, and shall assume all of the obligations of Rallybio under this Agreement with the same effect as if such Person had been named as Rallybio herein.

6.5 Merger or Consolidation or Change of Name of Rights Agent. Any Person into which the Rights Agent or any successor Rights Agent may be merged or with which it may be consolidated, or Person resulting from any merger or consolidation to which the Rights Agent or any successor Rights Agent shall be a party, or any Person succeeding to the stock transfer or other shareholder services business of the Rights Agent or any successor Rights Agent, shall be the successor to the Rights Agent under this Agreement without the execution or filing of any paper or any further act on the part of any of the parties hereto, *provided*, that such Person would be eligible for appointment as a successor Rights Agent under the provisions of Section 3.3. The purchase of all or substantially all of the Rights Agent's assets employed in the performance of transfer agent activities shall be deemed a merger or consolidation for purposes of this Section 6.5.

6.6 Successors and Assigns. This Agreement will be binding upon, and will be enforceable by and inure solely to the benefit of, the Holders, the Holder Representative, Rallybio and the Rights Agent and their respective successors and assigns. Except for assignments to its Affiliates and as provided in Section 6.5, the Rights Agent may not assign this Agreement without Rallybio's prior written consent. Subject to Section 5.1(a)(ii) and Section 6.4 hereof, Rallybio may assign, in its sole discretion and without the consent of any other party, any or all of its rights, interests and obligations hereunder to one or more of its Affiliates or to any Person with whom Rallybio is merged or consolidated, or any entity resulting from any merger or consolidation to which Rallybio shall be a party (each, an "*Assignee*"); *provided, however*, that in connection with any assignment to an Assignee, Rallybio shall agree to remain liable for the performance by Rallybio of its obligations hereunder (to the extent Rallybio exists following such assignment). Rallybio or an Assignee may not otherwise assign this Agreement without the prior consent of the Acting Holders (such consent not to be unreasonably withheld, conditioned or delayed). Any attempted assignment of this Agreement in violation of this Section 6.6 will be void *ab initio* and of no effect.

6.7 Benefits of Agreement; Action by Acting Holders. Nothing in this Agreement, express or implied, will give to any Person (other than Rallybio, the Rights Agent, the Holder Representative, the Holders and their respective permitted successors and assigns hereunder) any benefit or any legal or equitable right, remedy or claim under this Agreement or under any covenant or provision herein contained, all such covenants and provisions being for the sole benefit of Rallybio, the Rights Agent, the Holders and their permitted successors

and assigns. The Holders are intended third-party beneficiaries under this Agreement, but will have no rights hereunder except as are expressly set forth herein. Except for the rights of the Rights Agent set forth herein, the Acting Holders will have the sole right, on behalf of all Holders, by virtue of or under any provision of this Agreement, to institute any action or proceeding at law or in equity with respect to the performance of this Agreement by Rallybio, and no individual Holder or other group of Holders will be entitled to exercise such rights.

6.8 Governing Law. This Agreement and the CVRs will be governed by, and construed in accordance with, the Laws of the State of Delaware (without giving effect to any rule or principle that would result in application of the law of any other jurisdiction) and for all purposes shall be governed by and construed in accordance with the laws of such State applicable to contracts to be made and performed entirely within such State.

6.9 Jurisdiction. In any action or proceeding between any of the parties hereto arising out of or relating to this Agreement or any of the transactions contemplated hereby, each of the parties hereto: (a) irrevocably and unconditionally consents and submits to the exclusive jurisdiction and venue of the Court of Chancery of the State of Delaware, or, if under applicable Law exclusive jurisdiction is vested in the Federal courts, the United States District Court for the District of Delaware (and appellate courts thereof); (b) agrees that all claims in respect of such action or proceeding shall be heard and determined exclusively in accordance with clause (a) of this [Section 6.9](#); (c) waives any objection to laying venue in any such action or proceeding in such courts; (d) waives any objection that such courts are an inconvenient forum or do not have jurisdiction over any party; and (e) agrees that service of process upon such party in any such action or proceeding shall be effective if notice is given in accordance with [Section 6.1](#) or [Section 6.2](#) of this Agreement.

6.10 Waiver of Jury Trial. Each of the parties hereto hereby irrevocably waives any and all right to trial by jury in any legal proceeding arising out of or related to this Agreement or the transactions contemplated hereby. Each party certifies and acknowledges that (i) no representative, agent or attorney of any other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver, (ii) each party understands and has considered the implication of this waiver, (iii) each party makes this waiver voluntarily, and (iv) each party has been induced to enter into this Agreement by, among other things, the mutual waivers and certifications in this [Section 6.10](#).

6.11 Severability Clause. In the event that any provision of this Agreement, or the application of any such provision to any Person or set of circumstances, is for any reason determined to be invalid, unlawful, void or unenforceable to any extent, the remainder of this Agreement, and the application of such provision to Persons or circumstances other than those as to which it is determined to be invalid, unlawful, void or unenforceable, will not be impaired or otherwise affected and will continue to be valid and enforceable to the fullest extent permitted by applicable Law. Upon such a determination, the parties hereto will negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible; *provided, however*, that if an excluded provision shall affect the rights, immunities, liabilities, duties or obligations of the Rights Agent, the Rights Agent shall be entitled to resign immediately upon written notice to Rallybio.

6.12 Counterparts; Effectiveness. This Agreement may be signed in any number of counterparts, each of which will be deemed an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. This Agreement or any counterpart may be executed and delivered by facsimile copies or delivered by electronic communications by portable document format (.pdf), each of which shall be deemed an original. This Agreement will become effective when each party hereto will have received a counterpart hereof signed by the other party hereto. Until and unless each party has received a counterpart hereof signed by the other party hereto, this Agreement will have no effect and no party will have any right or obligation hereunder (whether by virtue of any oral or written agreement or any other communication).

6.13 Termination. This Agreement will automatically terminate and be of no further force or effect and, except as provided in [Section 3.2](#), the parties hereto will have no further liability hereunder, and the CVRs will expire without any consideration or compensation therefor upon the earliest to occur of: (a) the expiration of the CVR Term, (b) the expiration of all payment obligations to Rallybio under the Disposition Agreements and/or the Membership Interest Purchase Agreement, and (c) the delivery of a written notice of termination duly executed by Rallybio and the Holder Representative (such date, the “**Termination Date**”). The termination of this Agreement will not affect or limit the right of Holders to receive the CVR Payments under [Section 2.3\(a\)](#) to the extent earned prior to the termination of this Agreement, and the provisions applicable thereto will survive the expiration or termination of this Agreement.

6.14 Force Majeure. Notwithstanding anything to the contrary contained herein, none of the Rights Agent, Rallybio or any of its Subsidiaries (except as it relates to the obligations of Rallybio under [Article 3](#)) will be liable for any delays or failures in performance resulting from acts beyond its reasonable control including acts of God, terrorist acts, shortage of supply, breakdowns or malfunctions, interruptions or malfunctions of computer facilities, or loss of data due to power failures or mechanical difficulties with information storage or retrieval systems, labor difficulties, war or civil unrest.

6.15 Construction.

(a) As used in this Agreement, the words “include” and “including,” and variations thereof, will not be deemed to be terms of limitation, but rather will be deemed to be followed by the words “without limitation.”

(b) The headings contained in this Agreement are for convenience of reference only, will not be deemed to be a part of this Agreement and will not be referred to in connection with the construction or interpretation of this Agreement.

(c) Any reference in this Agreement to a date or time shall be deemed to be such date or time in New York City, United States, unless otherwise specified. The parties hereto have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties and no presumption or burden of proof shall arise favoring or disfavoring any Person by virtue of the authorship of any provision of this Agreement.

SUBSCRIPTION AGREEMENT

THIS SUBSCRIPTION AGREEMENT (this “*Agreement*”) is made and entered into as of May 31, 2026 (the “*Effective Date*”) by and among Avenzo Therapeutics, Inc., a Delaware corporation (the “*Company*”), and each of the purchasers listed on the signature pages hereto, severally and not jointly (each a “*Purchaser*” and together the “*Purchasers*”). Certain terms used and not otherwise defined in the text of this Agreement are defined in [Section 7](#) hereof.

RECITALS

WHEREAS, the Company is party to that certain Agreement and Plan of Merger and Reorganization by and among the Company, Farmington Merger Sub, Inc., a Delaware corporation (“*Merger Sub*”), and Rallybio Corporation, a Delaware corporation (“*Parent*”), dated on or about the date hereof (the “*Merger Agreement*”), pursuant to which the Company will merge with and into Merger Sub and become a wholly-owned subsidiary of Parent (the “*Merger*”);

WHEREAS, the Company desires to sell to the Purchasers, and the Purchasers, severally and not jointly, desire to purchase from the Company, an aggregate amount equal to \$215,000,000 of shares of the Company’s Class A Common Stock, par value \$0.0001 per share (the “*Common Stock*”), in accordance with the terms and provisions of this Agreement, immediately prior to, but subject to, the closing of the Merger;

WHEREAS, the Company and each Purchaser is executing and delivering this Agreement in reliance upon the exemption from securities registration afforded by Section 4(a)(2) of the 1933 Act and Rule 506 of Regulation D promulgated under the 1933 Act; and

WHEREAS, at the Effective Time (as defined in the Merger Agreement) by virtue of the Merger, the Securities (as defined below) shall be automatically converted into the right to receive a number of shares of common stock par value \$0.0001 per share, of Parent (the “*Merger Shares*”) in accordance with Section 1.5(a)(iii) of the Merger Agreement.

NOW, THEREFORE, in consideration of the foregoing and the mutual representations, warranties and covenants herein contained, the parties hereto hereby agree as follows:

SECTION 1. [Authorization of Securities.](#)

1.01 The Company has authorized the sale and issuance of shares of Common Stock on the terms and subject to the conditions set forth in this Agreement. The shares of Common Stock sold hereunder at the Closing (as defined below) shall be referred to as the “*Shares*” or “*Securities*”.

SECTION 2. [Sale and Purchase of the Securities.](#)

2.01 Upon the terms and subject to the conditions contained herein, the Company agrees to sell and issue to each Purchaser, and each Purchaser agrees, severally and not jointly, to purchase from the Company, at a closing to take place remotely via exchange of executed documents (the “*Closing*” and the date of the Closing, the “*Closing Date*”) to occur immediately prior to the Effective Time (as such term is defined in the Merger Agreement), that number of Shares (the “*Closing Shares*”) equal to (rounded down to the nearest whole Share) (i) the aggregate commitment amount set forth under the heading “*Commitment Amount*” and opposite such Purchaser’s name on the Schedule of Purchasers set forth on [Schedule I](#) (the “*Commitment Amount*”) divided by (ii) the Purchase Price (in each case, subject to adjustment for any stock split, reverse split or similar recapitalization transaction effected after the Effective Date and prior to the Closing, in accordance with Section 8.18 hereof).

2.02 At or prior to the Closing, each Purchaser will pay the aggregate subscription amount equal to the product of (A) the aggregate Closing Shares purchased under [Section 2.01](#), multiplied by (B) the Purchase Price (the “**Subscription Amount**”) by wire transfer of immediately available funds (a “**Wire**”) in accordance with wire instructions provided by the Company to the Purchasers at least five (5) Business Days prior to the Closing (the “**Wire Instructions Notice**”); provided, for the avoidance of doubt, that no Purchaser shall be required to fund prior to the date on which the conditions to the Purchaser’s obligations set forth in [Section 6.01](#) below are satisfied (other than those conditions which, by their nature, are to be satisfied at the closing of the transactions contemplated by the Merger Agreement and the Closing). If so requested by the Company in the Wire Instructions Notice and agreed by the applicable Purchaser, the Subscription Amount of each Purchaser shall be paid into an escrow fund or trust account designated by the Company in writing (the “**Escrow Account**”) to be released to the Company only upon satisfaction of each of the closing conditions set forth in [Section 6](#) below. In the event the Closing does not occur within three (3) Business Days of the Closing Date specified in the Wire Instructions Notice, unless otherwise agreed by the Company and such Purchaser, the Company shall, or shall cause the escrow agent for the Escrow Account to, promptly (but not later than one (1) Business Day thereafter) return the aggregate Subscription Amount to such Purchaser by wire transfer of U.S. dollars in immediately available funds to the account specified by such Purchaser. On the Closing Date, the Company will deliver, against payment by each Purchaser of its Subscription Amount, the Closing Shares in book-entry form, free and clear of all restrictive and other legends (except as expressly provided in [Section 3.10](#) hereof), and shall provide evidence of such issuance from the Company’s transfer agent as of the Closing Date to each Purchaser. Notwithstanding anything to the contrary in this Agreement, (i) each Purchaser acknowledges that, as may be agreed among the Company and one or more Purchasers, such Purchasers may not be required to fund their respective Subscription Amounts until such Purchasers receive evidence of the issuance of the Closing Shares to such Purchaser (or its nominee in accordance with its delivery instructions) in form and substance reasonably acceptable to such Purchaser and such Purchasers shall not be required to fund their respective Subscription Amounts into the Escrow Account and (ii) the Schedule of Purchasers may be amended by the Company and the affected Purchaser up to three (3) Business Days prior to the Closing, without the consent of the other parties hereto, to reflect the Subscription Amount paid by each Purchaser at the Closing and the actual number of Shares purchased by each Purchaser at the Closing, provided that the Company shall provide to Purchasers such updated Schedule of Purchasers. For the avoidance of doubt, an amendment to this Agreement after the Effective Date allowing for the sale of additional Securities (“**Additional Securities**”) to one or more Persons (whether or not an existing Purchaser) shall only require the approval of the Company and the Purchaser Majority; provided that the price paid for such Additional Securities is equal to or greater than the Purchase Price. Subsequent to Closing, upon request of a Purchaser, the Company shall use commercially reasonable efforts to deliver, or cause to be delivered, to Purchaser within two (2) Business Days of such request a book-entry statement of account from Parent’s transfer agent reflecting the issuance of shares of Parent Common Stock (as defined in the Merger Agreement) received in the Merger in exchange for the Shares.

SECTION 3. Representations and Warranties of the Purchasers. Each Purchaser, severally and not jointly, represents and warrants to the Company that:

3.01 Organization. The Purchaser is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization and has the requisite power and authority to own, lease and operate its properties and to carry on its business as now conducted.

3.02 Validity. The execution, delivery and performance of this Agreement and the consummation by the Purchaser of the transactions contemplated hereby have been duly authorized by all necessary corporate, partnership, limited liability or similar actions, as applicable, on the part of such Purchaser. This Agreement has been duly executed and delivered by the Purchaser and, assuming that this Agreement constitutes the valid and binding obligation of the Company, constitutes a valid and binding obligation of the Purchaser, enforceable against it in accordance with its terms, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, and any other laws of general application affecting enforcement of

creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies.

3.03 No Conflicts. The execution, delivery and performance of this Agreement by the Purchaser, the purchase of the Securities in accordance with their terms and the consummation by the Purchaser of the other transactions contemplated hereby will not conflict with or result in any violation of, breach or default by such Purchaser (with or without notice or lapse of time, or both) under, conflict with, or give rise to a right of termination, cancellation or acceleration of any obligation, a change of control right or a loss of a material benefit under (i) any provision of the organizational documents of the Purchaser, including, without limitation, its incorporation or formation papers, bylaws, indenture of trust or partnership or operating agreement, as may be applicable or (ii) any agreement or instrument, undertaking, credit facility, franchise, license, judgment, order, ruling, statute, law, ordinance, rule or regulations, applicable to such Purchaser or its respective properties or assets, except, in the case of clause (ii), as would not, individually or in the aggregate, be reasonably expected to materially delay or hinder the ability of the Purchaser to perform its obligations under this Agreement.

3.04 Brokers. There is no broker, investment banker, financial advisor, finder or other person which has been retained by the Purchaser who is entitled to any fee or commission for which the Company will be liable in connection with the execution of this Agreement and the consummation of the transactions contemplated hereby.

3.05 Investment Representations and Warranties. The Purchaser hereby represents and warrants that, it (i) as of the date of this Agreement is a "qualified institutional buyer" (as defined in Rule 144A under the 1933 Act) or an "accredited investor" as that term is defined in Rule 501(a) under Regulation D promulgated pursuant to the 1933 Act; or (ii) if an individual, is an "accredited investor" as that term is defined in Rule 501(a) of Regulation D of the 1933 Act and has such knowledge and experience in financial and business matters as to be able to protect its own interests in connection with an investment in the Securities. The Purchaser further represents and warrants that (x) it is capable of evaluating the merits and risk of such investment, and (y) that it has not been organized for the purpose of acquiring the Securities and is an "institutional account" as defined by FINRA Rule 4512(c). The Purchaser understands and agrees that the offering and sale of the Securities has not been registered under the 1933 Act or any applicable state securities laws and is being made in reliance upon federal and state exemptions for transactions not involving a public offering which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein.

3.06 Acquisition for Own Account. The Purchaser is acquiring the Securities for its own account for investment and not with a view towards distribution in a manner which would violate the 1933 Act or any applicable state or other securities laws. The Purchaser has not been formed for the specific purpose of acquiring the Securities, to the extent such fact is required for the purposes of qualifying as an accredited investor.

3.07 No General Solicitation. The Purchaser is not purchasing the Securities as a result of any advertisement, article, notice or other communication regarding the Securities published in any newspaper, magazine or similar media or broadcast over television, radio or the internet or presented at any seminar or any other general solicitation or general advertisement. The purchase of the Securities by the Purchaser has not been solicited by or through anyone other than the Company or, on the Company's behalf, by Leerink Partners LLC, Goldman Sachs & Co. LLC, Piper Sandler & Co., or Guggenheim Securities, LLC (collectively, the "**Placement Agents**"), who have been engaged as joint placement agents for the offering of the Securities.

3.08 Ability to Protect Its Own Interests and Bear Economic Risks. The Purchaser is a sophisticated institutional investor, has the capacity to protect its own interests in connection with the transactions contemplated by this Agreement, and has sufficient knowledge and experience in investing in investments similar to the Securities to properly evaluate the merits and risks of the investment in the Securities. The Purchaser is able to bear the economic and other risks of an investment in the Securities including but not limited to loss of the Purchaser's entire investment therein.

3.09 Disqualification Event. To the extent the Purchaser is one of the covered persons identified in Rule 506(d)(1), the Purchaser represents that no disqualifying event described in Rule 506(d)(1)(i-viii) of the 1933 Act (a “**Disqualification Event**”) is applicable to the Purchaser or any of its Rule 506(d) Related Parties (as defined below), except, if applicable, for a Disqualification Event as to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is applicable. The Purchaser hereby agrees that it shall notify the Company promptly in writing in the event a Disqualification Event becomes applicable to the Purchaser or any of its Rule 506(d) Related Parties, except, if applicable, for a Disqualification Event as to which Rule 506(d)(2)(ii) or (iii) or (d)(3) is applicable. For purposes of this Section, “**Rule 506(d) Related Party**” means a person or entity that is a beneficial owner of the Purchaser’s securities for purposes of Rule 506(d) of the 1933 Act.

3.10 Restricted Securities. Such Purchaser acknowledges and agrees that the Securities are being offered in a transaction not involving any public offering within the meaning of the 1933 Act, and such Purchaser understands that the Securities have not been registered under the 1933 Act, by reason of their issuance by the Company in a transaction exempt from the registration requirements of the 1933 Act, and that the Securities must continue to be held and may not be offered, resold, transferred, pledged or otherwise disposed of by such Purchaser unless a subsequent disposition thereof is registered under the 1933 Act or is exempt from such registration and in each case in accordance with any applicable securities laws of any state of the United States. Such Purchaser understands that the exemptions from registration afforded by Rule 144 (the provisions of which are known to it) promulgated under the 1933 Act depend on the satisfaction of various conditions including, but not limited to, the time and manner of sale, the holding period and on requirements relating to the Company which are outside of such Purchaser’s control and which the Company may not be able to satisfy, and that, if applicable, Rule 144 may afford the basis for sales only in limited amounts. Such Purchaser acknowledges and agrees that it has been advised to consult legal counsel prior to making any offer, resale, transfer, pledge or disposition of any of the Securities. Such Purchaser acknowledges that no federal or state agency has passed upon or endorsed the merits of the offering of the Securities or made any findings or determination as to the fairness of this investment.

Each Purchaser understands that any certificates or book entry notations evidencing the Securities may bear one or more legends in substantially the following form and substance:

“THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES. THE SECURITIES HAVE BEEN ACQUIRED FOR INVESTMENT AND MAY NOT BE SOLD, TRANSFERRED OR ASSIGNED UNLESS (I) SUCH SECURITIES HAVE BEEN REGISTERED FOR SALE PURSUANT TO THE SECURITIES ACT, (II) SUCH SECURITIES MAY BE SOLD PURSUANT TO RULE 144, (III) THE COMPANY HAS RECEIVED AN OPINION OF COUNSEL REASONABLY SATISFACTORY TO IT THAT SUCH TRANSFER MAY LAWFULLY BE MADE WITHOUT REGISTRATION UNDER THE SECURITIES ACT, OR (IV) THE SECURITIES ARE TRANSFERRED WITHOUT CONSIDERATION TO AN AFFILIATE OF SUCH HOLDER OR A CUSTODIAL NOMINEE (WHICH FOR THE AVOIDANCE OF DOUBT SHALL REQUIRE NEITHER CONSENT NOR THE DELIVERY OF AN OPINION). NOTWITHSTANDING THE FOREGOING, THE SECURITIES MAY BE PLEDGED IN CONNECTION WITH A BONA FIDE MARGIN ACCOUNT OR OTHER LOAN OR FINANCING ARRANGEMENT SECURED BY THE SECURITIES.”

In addition, the Securities may contain a legend regarding affiliate status of the Purchaser, if applicable, provided that the Company will notify the Purchaser in advance of Closing if such legend is to be placed on its Securities.

3.11 Review and Advisors. The Purchaser has had the opportunity to review with the Purchaser’s own tax advisors the U.S. federal, state and local and non-U.S. tax consequences of its purchase of the Securities set forth opposite such Purchaser’s name on the Schedule of Purchasers and the transactions contemplated by this Agreement. The Purchaser is relying solely on the Purchaser’s own determination as to tax consequences, and on

the Purchaser's own sources of information and advisors with respect to all tax matters, and not on any statements or representations of the Company (other than the representations and warranties in this Agreement), the Placement Agents or any of their respective agents, and understands that the Purchaser (and not the Company) shall be responsible for the Purchaser's own tax liability that may arise as a result of the transactions contemplated by this Agreement. Based on such information as the Purchaser deemed appropriate and without reliance upon the Placement Agents, the Purchaser has independently made its own analysis and decision to purchase the Securities. The Purchaser has (i) had the opportunity to ask questions of and receive answers directly with respect to its purchase of Securities, and (ii) conducted and completed its own independent due diligence with respect to the purchase of Securities.

3.12 Residency. Such Purchaser's residence (if an individual) or offices in which its investment decision with respect to the Securities was made (if an entity) are located at the address immediately below such Purchaser's name on the Schedule of Purchasers, or as otherwise noted on the Schedule of Purchasers.

3.13 Disclosure of Information. The Purchaser has had an opportunity to review Parent's filings with the Securities and Exchange Commission (the "**Commission**") and discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Securities and the terms of the Merger with the Company's management. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 4 of this Agreement or the right of the Purchasers to rely thereon.

SECTION 4. Representations and Warranties by the Company. The Company represents and warrants to the Purchasers as of the date of this Agreement and as of the Closing Date (except for the representations and warranties that speak as of a specific date, which shall be made as of such date) that:

4.01 Organization and Good Standing; Absence of Changes. The Company is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware, has the requisite power and authority to own, lease and operate its properties and to carry on its business as now conducted and is qualified to do business in each jurisdiction in which the character of its properties or the nature of its business requires such qualification, except where such failure to be in good standing or to have such power and authority or to so qualify would not reasonably be expected to have a Material Adverse Effect. "**Material Adverse Effect**" means any change, condition, event, circumstance, occurrence, result, state of facts or development that has or would reasonably be expected to have a materially adverse effect on (a) the business, condition (financial or otherwise), general affairs, management, assets, liabilities, operations, results of operations, stockholders' equity or financial performance of the Company or (b) the Company's ability or legal authority to consummate the transactions contemplated hereby and by the Merger Agreement. Since the incorporation of the Company, the Company has conducted its business only in the ordinary course of business (except for the execution and performance of this Agreement and the Merger Agreement, and the discussions, negotiations, and transactions related thereto) and (i) there has not been a Material Adverse Effect, (ii) there have been no transactions entered into by the Company, other than those in the ordinary course of business (which shall include the entering into material license agreements and the Company's Series A Preferred Stock, Series A-1 Preferred Stock and Series B Preferred Stock financings) and except as contemplated in this Agreement and the Merger Agreement (which shall include the Company Disclosure Schedule (as defined in the Merger Agreement)), which are material with respect to the Company, and (iii) there has been no dividend or distribution of any kind declared, paid or made by the Company on any class of its capital stock.

4.02 Subsidiaries. The Company does not have any subsidiaries and does not otherwise own any shares of capital stock or any interest in any other Person. The Company does not control directly or indirectly or have any direct or indirect equity participation or similar interest in any corporation, partnership, limited liability company, joint venture, trust or other business association or entity.

4.03 Validity; Valid Issuance of Securities. The Company has all necessary corporate power and authority to enter into this Agreement, the Registration Rights Agreement and the Merger Agreement and to

consummate the transactions contemplated by this Agreement and the Merger Agreement, subject only to (i) the adoption of the Merger Agreement in accordance with the terms thereof and an amendment to the Company's certificate of incorporation by the Company's stockholders under the Delaware General Corporation Law and the Company's certificate of incorporation, (ii) the filing of an amendment to the Company's certificate of incorporation and (iii) the consent required by the Company's stockholders to terminate the Company's investor agreements. The execution, delivery and performance of this Agreement and the Registration Rights Agreement and the consummation of the transactions contemplated hereby and thereby by the Company have been duly authorized by all necessary corporate action on the part of the Company, subject to obtaining the stockholder approvals set forth above. This Agreement and the Merger Agreement have been duly executed and delivered by the Company and, assuming the due authorization, execution and delivery by the other parties hereto and thereto, this Agreement and the Merger Agreement each constitute a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies. Upon its execution by the Company and the other parties thereto and assuming that it constitutes legal, valid and binding agreements of the other parties thereto, the Registration Rights Agreement will constitute a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies. The Securities are duly authorized and, when issued, sold and delivered in accordance with the terms and for the consideration set forth in this Agreement, will be validly issued, fully paid and nonassessable and free and clear of any liens or other restrictions, other than restrictions on transfer under applicable state and federal securities laws or such restrictions as the Purchaser has agreed to in writing with the Company, and will not have been issued in violation of or subject to any preemptive or similar rights created under the Company's certificate of incorporation, as amended by the certificate of amendment to be filed immediately prior to the Closing, or bylaws or the Delaware General Corporation Law. All of the issued and outstanding shares of capital stock of the Company have been issued in compliance in all material respects with applicable federal and state securities laws.

4.04 Governmental Consents and Filings. Assuming the accuracy of the representations made by the Purchasers in Section 3 hereof and except as set forth in the Merger Agreement (which shall include the Company Disclosure Schedule) and the Registration Rights Agreement and the filing of the certificate of amendment to the Company's certificate of incorporation, no material consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, or giving of notice to, any Governmental Entity (as defined below) is required on the part of the Company in connection with the execution and delivery of, or the consummation of the transactions contemplated by this Agreement or the Registration Rights Agreement.

4.05 Absence of Violations, Defaults and Conflicts. The Company is not (i) in violation of its charter, bylaws or similar organizational document, (ii) in default in the performance or observance of any obligation, agreement, covenant or condition contained in any contract, indenture, mortgage, deed of trust, loan or credit agreement, note, lease or other agreement or instrument to which the Company is a party or by which it may be bound or to which any of the properties or assets of the Company is subject (collectively, "**Agreements and Instruments**"), except for such defaults that would not, singly or in the aggregate, result in a Material Adverse Effect, or (iii) in violation of any law, statute, rule, regulation, judgment, order, writ or decree of any arbitrator, court, governmental body, regulatory body, administrative agency or other authority, body or agency having jurisdiction over the Company or any of its properties, assets or operations (each, a "**Governmental Entity**"), except for such violations that would not, singly or in the aggregate, result in a Material Adverse Effect. Subject to obtaining the Required Company Stockholder Vote (as defined in the Merger Agreement), the execution, delivery and the performance of this Agreement, the Registration Rights Agreement and the Merger Agreement and the consummation of the transactions contemplated herein and therein (including the issuance and sale of the Securities) and compliance by the Company with its obligations hereunder and thereunder do not and will not,

whether with or without the giving of notice or passage of time or both, (1) conflict with or constitute a breach of, or default under, or result in the creation or imposition of any lien, charge or encumbrance upon any properties or assets of the Company pursuant to, the Agreements and Instruments, (2) result in any violation of the provisions of the certificate of incorporation, by-laws or similar organizational document of the Company which have not been waived or (3) subject to the governmental filings and other matters referred to in Section 2.5(b) of the Merger Agreement, result in any violation of any applicable law, statute, rule, regulation, judgment, order, writ or decree of any Governmental Entity, except in the case of clauses (1) and (3), for such violations as would not, singly or in the aggregate, have or reasonably be expected to have a Material Adverse Effect, or materially affect the validity of the Securities or the legal authority of the Company to perform its obligations hereunder and timely comply in all material respects with the terms of this Agreement, the Registration Rights Agreement or the Merger Agreement.

4.06 Absence of Proceedings. There is no action, suit, proceeding or, to the knowledge of the Company, inquiry or investigation, before or brought by any Governmental Entity now pending or, to the knowledge of the Company, threatened, against or affecting the Company, which would have or reasonably be expected to have a Material Adverse Effect or materially affect the validity of the Securities or the legal authority of the Company to perform its obligations hereunder and timely comply in all material respects with the terms of this Agreement, the Registration Rights Agreement or the Merger Agreement.

4.07 Possession of Licenses and Permits. The Company possesses such permits, licenses, approvals, consents and other authorizations (collectively, “**Governmental Licenses**”) issued by the appropriate Governmental Entities necessary to conduct the business now operated by it, except where the failure so to possess would not, singly or in the aggregate, have or reasonably be expected to have a Material Adverse Effect. The Company is in compliance with the terms and conditions of all Governmental Licenses, except where the failure to comply would not, singly or in the aggregate, have or reasonably be expected to have a Material Adverse Effect. All of the Governmental Licenses are valid and in full force and effect, except when the invalidity of such Governmental Licenses or the failure of such Governmental Licenses to be in full force and effect would not, singly or in the aggregate, have or reasonably be expected to have a Material Adverse Effect. The Company has not received any notice of proceedings relating to the revocation or modification of any Governmental Licenses which, singly or in the aggregate, if the subject of an unfavorable decision, ruling or finding, would have or would reasonably be expected to have a Material Adverse Effect.

4.08 Payment of Taxes. The Company has filed all federal, state and foreign income tax returns and other tax returns required to have been filed under applicable law (or extensions have been duly obtained) and have paid all taxes required to have been paid by them, except for those which are being contested in good faith and except where failure to file such tax returns or pay such taxes would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. No assessment in connection with U.S. federal income tax returns has been made against the Company that has not been paid or otherwise resolved in full. The Company has filed all tax returns that are required to have been filed by them through the date hereof or have timely requested extensions thereof pursuant to applicable law except insofar as the failure to file such returns would not have or reasonably be expected to have a Material Adverse Effect, and have paid all taxes due pursuant to such returns or all taxes due and payable pursuant to any assessment received by the Company, except for such taxes, if any, as are being contested in good faith and as to which adequate reserves have been established by the Company and except where the failure to pay such taxes would not have or reasonably be expected to have a Material Adverse Effect.

4.09 Insurance. The Company carries or is entitled to the benefits of insurance, with what the Company reasonably believes to be financially sound and reputable insurers, in such amounts and covering such risks as is customary for similarly situated companies and is adequate for the conduct of its business and the value of its properties and assets, and all such insurance is in full force and effect. The Company has no reason to believe that it will not be able (i) to renew its existing insurance coverage as and when such policies expire or (ii) to obtain comparable coverage from similar institutions as may be necessary or appropriate to conduct its business as now conducted and at a cost that would not have or reasonably be expected to have a Material Adverse Effect.

4.10 Investment Company Act. The Company is not required, and upon the issuance and sale of the Securities will not be required, to register as an “*investment company*” under the Investment Company Act of 1940, as amended.

4.11 Regulatory Matters. Except as would not, singly or in the aggregate, have or reasonably be expected to have a Material Adverse Effect: (i) the Company has not received any FDA Form 483, notice of adverse finding, warning letter or other correspondence or written notice from the U.S. Food and Drug Administration (“*FDA*”) or any other Governmental Entity alleging or asserting noncompliance with any Applicable Laws (as defined in clause (ii) below) or Authorizations (as defined in clause (iii) below); (ii) the Company is and has been in compliance with statutes, laws, ordinances, rules and regulations applicable to the Company for the ownership, testing, development, manufacture, packaging, processing, use, distribution, marketing, labeling, promotion, sale, offer for sale, storage, import, export or disposal of any product manufactured or distributed by the Company, including without limitation, the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. § 301, et seq., similar laws of other Governmental Entities and the regulations promulgated pursuant to such laws (collectively, “*Applicable Laws*”); (iii) the Company possesses all licenses, certificates, approvals, clearances, authorizations, permits and supplements or amendments thereto required by any such Applicable Laws and/or to carry on its businesses as now conducted (“*Authorizations*”) and such Authorizations are valid and in full force and effect and the Company is not in violation of any term of any such Authorizations; (iv) the Company has not received notice of any ongoing claim, action, suit, proceeding, hearing, enforcement, investigation, arbitration or other action from any Governmental Entity or third party alleging that any product, operation or activity is in violation of any Applicable Laws or Authorizations or has any knowledge that any such Governmental Entity or third party is considering any such claim, litigation, arbitration, action, suit, investigation or proceeding, nor, to the Company’s knowledge, has there been any noncompliance with or violation of any Applicable Laws by the Company that could reasonably be expected to require the issuance of any such communication or result in an investigation, corrective action, or enforcement action by FDA or similar Governmental Entity; (v) the Company has not received notice that any Governmental Entity has taken, is taking or intends to take action to limit, suspend, modify or revoke any Authorizations or has any knowledge that any such Governmental Entity is threatening or is considering such action; and (vi) the Company has filed, obtained, maintained or submitted all reports, documents, forms, notices, applications, records, claims, submissions and supplements or amendments as required by any Applicable Laws or Authorizations and that all such reports, documents, forms, notices, applications, records, claims, submissions and supplements or amendments were complete, correct and not misleading on the date filed (or were corrected or supplemented by a subsequent submission).

4.12 Compliance With Laws. The Company has complied with, is not in violation of, and has not received any written notice alleging any violation with respect to, any applicable provisions of any statute, law or regulation with respect to the conduct of its business, or the ownership or operation of its respective properties or assets, except for such violation that would not, singly or in the aggregate, result in a Material Adverse Effect.

4.13 Financial Statements. The Company has made available to each Purchaser its unaudited financial statements (including balance sheet, income statement and statement of cash flows) as of and for the fiscal year ended December 31, 2025 and its unaudited financial statements (including balance sheet, income statement and statement of cash flows) as of March 31, 2026 (the “*Balance Sheet Date*”) and for the three-month period ended on the Balance Sheet Date (collectively, the “*Financial Statements*”). The Financial Statements have been prepared in accordance with United States generally accepted accounting principles (“*GAAP*”) applied on a consistent basis throughout the periods indicated, except that the unaudited Financial Statements may not contain all footnotes and other presentation items required by GAAP. The Financial Statements fairly present in all material respects the financial condition of the Company as of the dates, and for the periods, indicated therein, subject in the case of the unaudited Financial Statements to normal year-end audit adjustments. Since the Balance Sheet Date, the Company has not incurred any liabilities or obligations, contingent or otherwise, that would be, individually or in the aggregate, material to the Company, other than (a) liabilities incurred in the ordinary course of business; (b) obligations under contracts and commitments incurred in the ordinary course of business;

(c) liabilities for transaction expenses incurred in connection with the transactions contemplated by this Agreement and the Merger Agreement; and

(d) liabilities and obligations of a type or nature not required under GAAP to be reflected in the Financial Statements. The Company maintains and will continue to maintain a standard system of accounting established and administered to provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements of the Company in conformity with GAAP. Since the Balance Sheet Date, there has been no material change to any material contract or arrangement by which the Company is bound or to which any of its properties or assets is subject, nor any other event or condition of any character that, in each case, has had or would reasonably be expected to have a Material Adverse Effect.

4.14 Information Provided. The information to be supplied by or on behalf of the Company for inclusion or incorporation by reference in the Registration Statement (as defined in the Merger Agreement) or supplied by or on behalf of the Company for inclusion in any filing pursuant to Rule 165 and Rule 425 under the 1933 Act or Rule 14a-12 under the 1934 Act, including the Company Presentation (each a “**Regulation M-A Filing**”), shall not, at the time the Registration Statement or any such Regulation M-A Filing is filed with the Commission, at any time it is amended or supplemented or at the time the Registration Statement is declared effective by the Commission, as applicable, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein not misleading. The information to be supplied by or on behalf of the Company for inclusion in the Registration Statement to be sent to the stockholders of Parent in connection with the meeting of Parent’s stockholders (the “**Public Company Meeting**”), shall not, on the date the proxy statement/prospectus included in the Registration Statement is first mailed to stockholders of Parent, at the time of the Public Company Meeting or at the Effective Time, contain any statement that, at such time and in light of the circumstances under which it shall be made, is false or misleading with respect to any material fact, or omit to state any material fact necessary in order to make the statements made in the Registration Statement not false or misleading; or omit to state any material fact necessary to correct any statement in any earlier communication with respect to the solicitation of proxies for the Public Company Meeting that has become false or misleading.

4.15 No Additional Agreements. The Company does not have any agreement or understanding with any Purchaser or any other person (other than the Placement Agents) with respect to the transactions contemplated by this Agreement other than as specified in this Agreement. For the avoidance of doubt, the Company has not entered into any other securities purchase agreement, side letter or other agreement with any other Person on or around the date hereof, that includes terms and conditions that are more favorable to such Person than to any Purchaser hereunder (other than confidentiality, nondisclosure, or similar agreements).

4.16 Private Placement. Neither the Company nor any person acting on its behalf has, directly or indirectly, made any offers or sales of any security or solicited any offers to buy any security under any circumstances that would require registration under the 1933 Act of the Securities being sold pursuant to this Agreement. Assuming the accuracy of the representations and warranties of the Purchasers contained in [Section 3](#) hereof, the issuance and sale of the Securities is exempt from registration under the 1933 Act.

4.17 No Disqualification Events. No Disqualification Event is applicable to the Company or, to the Company’s knowledge, any Company Covered Person (as defined below), except for a Disqualification Event as to which Rule 506(d)(2)(ii)-(iv) or (d)(3) is applicable. “**Company Covered Person**” means, with respect to the Company as an “**issuer**” for purposes of Rule 506 promulgated under the 1933 Act, any person listed in the first paragraph of Rule 506(d)(1). The Company is not aware of any Person (other than any Company Covered Person) that has been or will be paid (directly or indirectly) remuneration for solicitation of purchasers in connection with the sale of the Securities pursuant to this Agreement. The Company has complied, to the extent applicable, with its disclosure obligations under Rule 506(e).

4.18 No General Solicitation. Neither the Company nor, to the Company’s knowledge, any person acting on behalf of the Company has, directly or indirectly, offered or sold any of the Securities or solicited any

offers to buy any Securities, under any circumstances that would require registration under the 1933 Act of the offer and sale of the Securities, including by any form of general solicitation or general advertising.

4.19 No Integrated Offering. Assuming the accuracy of the Purchasers' representations and warranties set forth in [Section 3](#) hereof, neither the Company, nor, to the Company's knowledge, any of its Affiliates or any Person acting on its or their behalf has, directly or indirectly, at any time within the past six months, made any offers or sales of any Company security or solicited any offers to buy any security under circumstances that would (i) eliminate the availability of the exemption from registration under Regulation D under the 1933 Act in connection with the offer and sale by the Company of the Securities as contemplated hereby or (ii) cause the offering of the Securities pursuant to this Agreement to be integrated with prior offerings by the Company for purposes of any applicable law, regulation or stockholder approval provisions.

4.20 No Covered Foreign Person. The Company is not a "covered foreign person," as that term is defined in 31 C.F.R. § 850.209. The consummation of the transactions contemplated by this Agreement will not result in the establishment of a covered foreign person or the engagement by a "person of a country of concern," as defined in 31 C.F.R. § 850.221, in a covered activity, as that term is defined in 31 C.F.R. § 850.208. The Company does not currently engage, and has no plans to engage, directly or indirectly, in a covered activity.

4.21 Brokers. Other than the Placement Agents, there is no broker, investment banker, financial advisor, finder or other person which has been retained by or is authorized to act on behalf of the Company that is entitled to any fee or commission in connection with the execution of this Agreement and the consummation of the transactions contemplated hereby (excluding the Merger). The Purchasers shall have no obligation with respect to any fees or with respect to any claims made by or on behalf of any broker, investment banker, financial advisor, finder or other person, in each case, which has been retained or authorized to act on behalf of the Company for fees of a type contemplated by this Section 4.21 that may be due in connection with the transactions contemplated by this Agreement. The Company shall indemnify, pay and hold each Purchaser harmless against any liability, loss or expense (including attorneys' fees and out-of-pocket expenses) arising in connection with any such right, interest or claim.

4.22 Additional Representations and Warranties. The Company's representations and warranties set forth in the Merger Agreement in [Section 2.2](#) (Capital Stock), [2.12](#) (Benefit Plans), [2.13](#) (Labor and Employment Matters), [2.14](#) (Environmental Matters), [2.16](#) (Contracts), [2.18](#) (Properties), [2.19](#) (Intellectual Property), and [2.22](#) (Related Party Transactions) are hereby incorporated by reference and made by the Company, as qualified by the disclosures in the Company Disclosure Schedule. As of the Effective Date, to the knowledge of the Company, following customary due diligence, the representations and warranties of Parent in the Merger Agreement and in any certificate or other writing delivered by Parent pursuant thereto are true and correct as though given in accordance with [Section 8.1](#) of the Merger Agreement.

4.23 Reliance by Purchasers. The Company acknowledges that each Purchaser will rely upon the truth and accuracy of, and the Company's compliance with, the representations, warranties, agreements, acknowledgements and understandings of the Company set forth in this Agreement.

4.24 Lock-Up Agreements. The Company shall not consent or agree to amend, alter, waive or otherwise modify the terms of any of the Company Lock-Up Agreements (as defined in the Merger Agreement) without the consent of the Placement Agents and the Purchaser Majority. Notwithstanding the foregoing, the Company may waive any Company Lock-Up Agreement solely for the purposes of complying with Nasdaq's initial listing standards.

4.25 Anti-Bribery and Anti-Money Laundering Laws; Sanctions. Each of the Company and, to the knowledge of the Company, any of its officers, directors, supervisors, managers, agents, or employees are and have at all times been in compliance with and its participation in the offering will not violate: (A) anti-bribery laws, including but not limited to, any applicable law, rule, or regulation of any locality, including but not limited to any law, rule, or regulation promulgated to implement the OECD Convention on Combating Bribery of

Foreign Public Officials in International Business Transactions, signed December 17, 1997, including the U.S. Foreign Corrupt Practices Act of 1977, as amended, the U.K. Bribery Act 2010, or any other law, rule or regulation of similar purposes and scope, (B) anti-money laundering laws, including, but not limited to, applicable federal, state, international, foreign or other laws, regulations or government guidance regarding anti-money laundering, including, without limitation, Title 18 U.S. Code sections 1956 and 1957, the Patriot Act, the Bank Secrecy Act, and international anti-money laundering principles or procedures by an intergovernmental group or organization, such as the Financial Action Task Force on Money Laundering, of which the United States is a member and with which designation the United States representative to the group or organization continues to concur, all as amended, and any executive order, directive, or regulation pursuant to the authority of any of the foregoing, or any orders or licenses issued thereunder, or (C) except as would not reasonably be expected, individually or in the aggregate, to result in a Material Adverse Effect, any laws with respect to import and export control and economic sanctions, including the U.S. Export Administration Regulations, the U.S. International Traffic in Arms Regulations, and economic sanctions regulations and executive orders administered by the U.S. Department of the Treasury Office of Foreign Asset Control.

4.26 Clinical Data and Regulatory Compliance. Except as would not reasonably be expected to result in a Material Adverse Effect: (i) the preclinical tests and clinical trials, and other studies used to support regulatory approval (collectively, “*studies*”) being conducted by the Company that are described in, or the results of which are referred to in, the Company Presentation were and, if still pending, are being conducted in all material respects in accordance with the protocols, procedures and controls designed and approved for such studies and with standard medical and scientific research procedures; (ii) each description of the results of such studies is accurate and complete in all material respects and fairly presents the data derived from such studies, and the Company has no knowledge of any other studies the results of which are inconsistent with, or otherwise call into question, the results described or referred to in the Company Presentation; (iii) the Company has made or will make all such filings and obtained all such approvals as may be required by the FDA or from any other U.S. federal, state or local government or foreign government or Drug Regulatory Agency, or Institutional Review Board, each having jurisdiction over biopharmaceutical products (collectively, the “*Regulatory Agencies*”) for the conduct of its business as described in the Company Presentation; (iv) the Company has not received any notice of, or correspondence from, any Regulatory Agency requiring the termination or suspension of or imposing any clinical hold on any clinical trials that are described or referred to in the Company Presentation; and (v) the Company has operated and currently is in compliance in all material respects with all applicable rules, regulations and policies of the Regulatory Agencies. Neither the Company nor any of its representatives will provide any Purchaser with U.S. Sensitive Personal Data and Government-Related Data subject to Data Security Program regulations (28 CFR Parts 202 et seq).

4.27 Parent Reps. As of the Effective Date and as of the Closing Date, to the knowledge of the Company, the representations and warranties of Parent contained in Section 3 of the Merger Agreement and in any certificate or other writing delivered by Parent pursuant thereto are true and correct as though given in accordance with Section 8.1 of the Merger Agreement.

4.28 OISP. The Company is not nor does it intend to become a “covered foreign person” within the meaning of the Outbound Investment Security Program. “Outbound Investment Security Program” means the regulations implemented by the U.S. Department of the Treasury under Executive Order 14105 “Addressing United States Investments in Certain National Security Technologies and Products in Countries of Concern,” as codified at 31 C.F.R. Part 850.

SECTION 5. Covenants.

5.01 Further Assurances. Each party agrees to cooperate and generally do such reasonable acts and things in good faith as may be necessary to timely satisfy each of the conditions to be satisfied by it as provided in Section 6 of this Agreement and effectuate the intents and purposes of this Agreement subject to the terms and conditions hereof.

5.02 Disclosure of Transactions and Other Material Information. The Company shall or shall cause Parent to, on or before 9:00 a.m., New York City time, on the Business Day immediately following the Effective Date (or if this Agreement is executed between midnight and 9:00 a.m., New York City time, on any Business Day, no later than 9:01 a.m. on the Effective Date), issue one or more press releases and/or file with the Commission a Current Report on Form 8-K (including all exhibits thereto, collectively, the “**Disclosure Document**” and the actual issuance or acceptance (as applicable) of the filing of such press releases or Current Report on Form 8-K, the “**Disclosure Time**”) disclosing all material terms of the transactions contemplated hereby and by the Merger Agreement and any other material nonpublic information that the Company, Parent, their respective subsidiaries or their respective officers, directors, employees, agents or any other person acting at the direction of the Company or Parent, including the Placement Agents, has provided to the Purchasers in connection with the transactions contemplated by this Agreement and by the Merger Agreement prior to the filing of the Disclosure Document. To the extent any Purchaser is named therein in accordance with the terms of this Agreement, the Company shall provide such Purchaser with a reasonable opportunity to review and provide comments on the draft of such Disclosure Document. The Company represents and warrants that, from and after the Disclosure Time, no Purchaser shall be in possession of any material, nonpublic information received from the Company, Parent, their respective subsidiaries or their respective officers, directors, employees, agents or other person, including the Placement Agents, acting at their direction. In addition, effective upon the Disclosure Time, the Company acknowledges and agrees that any and all confidentiality or similar obligations under any agreement relating to the subject matter hereof, whether written or oral, between the Company or any of its officers, directors, affiliates, employees or agents, including, without limitation, the Placement Agents, on the one hand, and any Purchaser or any of their respective affiliates, on the other hand, shall terminate and be of no further force or effect. The Company understands and confirms that each of the Purchasers will rely on the foregoing representations in effecting transactions in securities of the Company. Notwithstanding the terms of this Section 5.02, the Company shall not, and shall cause its officers, directors, employees, agents and any other Person acting at its direction or on its behalf and Parent not to, publicly disclose the name of any Purchaser or any affiliate or investment adviser of any Purchaser, or include the name of any Purchaser or any affiliate or investment adviser of any Purchaser without the prior written consent (including by e-mail) of such Purchaser (i) in any press release, marketing materials or any other public announcement, or (ii) in any filing with the Commission or any regulatory agency or trading market, except (A) as required by the federal securities laws, rules or regulations, (B) to the extent such disclosure is required by other laws, rules or regulations, at the request of the staff of the Commission or regulatory agency or under regulations of any national securities exchange on which Parent’s securities are listed for trading or (C) to the extent such disclosure contains only information previously approved in accordance with this Section 5.02, and in the case of any disclosure to be made pursuant to clause (ii), the Company will provide such Purchaser with prior written notice (including by e-mail) of and an opportunity to review and comment on the applicable portion of such filing.

5.03 Concurrent Financing Restructuring. In the event the structure of the Concurrent Financing (as defined in the Merger Agreement) either violates applicable Law (as defined in the Merger Agreement) or materially and adversely affects Parent’s ability to cause the Registration Statement to become effective in a timely manner, and in any event 60 days prior to the End Date (as defined in, and as may be extended in accordance with, the Merger Agreement), then the Company and Purchasers shall cooperate and use commercially reasonable efforts to cause the Concurrent Financing to be amended, modified and/or restructured such that such investment occurs as a direct acquisition of shares of Parent Common Stock (as defined in the Merger Agreement) substantially contemporaneously with the Closing in a manner which preserves to the extent possible, the amount of funds ultimately received by Parent and its subsidiaries, and the number of shares of Parent Common Stock ultimately held by each Purchaser in respect of such amounts as though the Concurrent Financing and the Merger pursuant to the Merger Agreement have been consummated according to their respective terms.

5.04 Expenses. The Company and each Purchaser is liable for, and will pay, its own expenses incurred in connection with the negotiation, preparation, execution and delivery of this Agreement, including, without limitation, attorneys’ and consultants’ fees and expenses.

5.05 Form S-4. From the date hereof until the Closing Date, the Company shall use commercially reasonable efforts to ensure the Registration Statement will register the issuance of the shares of Parent Common Stock to be issued, subject to and in accordance with the terms of the Merger Agreement, by virtue of the Contemplated Transactions (as defined in the Merger Agreement), including the shares of Parent Common Stock to be issued to the Purchasers upon exchange of the Securities.

5.06 Blue Sky Laws. The Company, on or before the Closing Date, shall take such action as the Company shall reasonably determine is necessary in order to obtain an exemption for or to qualify the Securities for sale to each Purchaser at the Closing pursuant to this Agreement under applicable securities or “blue sky” laws of the states of the United States (or to obtain an exemption from such qualification). The Company shall make all filings and reports relating to the offer and sale of the Securities required under applicable securities or “blue sky” laws of the states of the United States following the Closing Date.

5.07 No Amendment or Waiver of Merger Agreement Terms. The Company shall not amend, modify or waive (or approve an amendment, modification or a waiver requested by Parent of, or fail to contest an action regarding a breach of) any provision of the Merger Agreement in a manner that would reasonably be expected to materially and adversely affect the benefits that the Purchaser would reasonably expect to receive pursuant to this Agreement without the consent of each Purchaser, it being agreed that any amendment or modification to the definitions of “*Company Valuation*,” “*Company Outstanding Shares*,” “*Concurrent Financing Merger Shares*,” “*Concurrent Financing Allocation Percentage*,” “*Concurrent Investment Amount*” and “*Concurrent Financing Proceeds*” shall be deemed materially adverse to the Purchasers.

5.08 Equal Treatment of Purchasers. No consideration shall be offered or paid to any Purchaser to amend or consent to a waiver or modification of any provision of this Agreement unless the same consideration is also offered to all of the Purchasers. For clarification purposes, this provision constitutes a separate right granted to each Purchaser by the Company and negotiated separately by each Purchaser and shall not in any way be construed as the Purchasers acting in concert or as a group with respect to the purchase, disposition or voting of shares of Common Stock or otherwise.

5.09 Legend Removal.

(a) The restrictive legends described in Section 3.10 shall promptly be removed in accordance with applicable securities laws and, if applicable, the relevant provisions of the Registration Rights Agreement following the closing of the Merger. The Merger Shares will be issued in book-entry form, free and clear of any liens or other restrictions whatsoever and without restrictive legends in accordance with, and subject to, applicable securities laws and, if applicable, the relevant provisions of the Registration Rights Agreement and/or this Section 5.09.

(b) If the issuance of the Merger Shares is not registered pursuant to the Registration Statement and such Merger Shares are subject to restrictive legends, then, in connection with any sale, assignment, transfer or other disposition of the Merger Shares by a Purchaser pursuant to Rule 144 or pursuant to any other exemption under the 1933 Act such that the purchaser acquires freely tradable shares and upon compliance by such Purchaser with the requirements of this Agreement, if requested by the Purchaser by notice to the Company or Parent, the Company shall cause Parent’s transfer agent to remove any restrictive legends related to the book entry account holding such shares and make a new, unlegended entry for such book entry shares sold or disposed of without restrictive legends as promptly as reasonably practicable (expected to be within three (3) Business Days) following any such request therefor from the Purchaser, provided that the Company or Parent has timely received from the Purchaser customary representations and other documentation, including broker representation letters reasonably acceptable to the Company or Parent and the transfer agent and the Depository Trust Company (“*DTC*”) in connection therewith. The Company or Parent shall be responsible for the fees of its transfer agent and its legal counsel associated with such legend removal.

(c) Subject to receipt from a Purchaser by the Company or Parent and its transfer agent of customary representations and other documentation, including broker representation letters reasonably acceptable to the Company or Parent and the transfer agent and DTC in connection therewith, upon the earliest of such time as the Merger Shares (i) have been registered under the 1933 Act pursuant to an effective registration statement, (ii) have been sold pursuant to Rule 144, or (iii) are eligible for resale under Rule 144, the Company shall, or shall cause Parent to, in accordance with the provisions of this Section 5.09(c) and as soon as reasonably practicable following any request therefor from a Purchaser accompanied by such customary and reasonably acceptable documentation referred to above, (A) deliver to its transfer agent irrevocable instructions that the transfer agent shall make a new, unlegended entry for such book entry shares, and (B) cause its counsel to deliver to the transfer agent one or more opinions to the effect that the removal of such legends in such circumstances may be effected under the 1933 Act if required by the transfer agent to effect the removal of the legend in accordance with the provisions of this Agreement. The Company or Parent shall be responsible for the fees of its transfer agent, DTC and its legal counsel associated with such legend removal.

5.10 Indemnification.

(a) The Company agrees to indemnify and hold harmless each Purchaser and its Affiliates, and their respective directors, officers, trustees, general partners, members, stockholders, partners, managers, employees, investment advisers and agents (and any other Persons with a functionally equivalent role of a Person holding such titles notwithstanding a lack of such title or any other title) and each Person who controls such Purchaser (within the meaning of Section 15 of the 1933 Act and Section 20 of the 1934 Act), and the directors, officers, stockholders, agents, members, partners or employees (and any other Persons with a functionally equivalent role of a Person holding such titles notwithstanding a lack of such title or any other title) of such controlling persons (collectively, the “**Indemnified Persons**”), from and against any and all losses, claims, damages, liabilities and expenses (including without limitation reasonable and documented attorneys’ fees and disbursements and other documented out-of-pocket expenses reasonably incurred in connection with investigating, preparing or defending any action, claim or proceeding, pending or threatened and the costs of enforcement thereof) to which such Indemnified Person may become subject (i) as a result of any breach of representation, warranty, covenant or agreement made by or to be performed on the part of the Company under this Agreement or (ii) as a result of or arising out of any action, claim or proceeding, pending or threatened, against an Indemnified Person in any capacity by any third party (including a stockholder of the Company or Parent), whether directly or in a derivative capacity, who is not an Affiliate of the Indemnified Person, with respect to the transactions contemplated by this Agreement, the Merger Agreement or the Registration Rights Agreement, and will reimburse any such Indemnified Person for all such amounts as they are incurred by such Indemnified Person, except to the extent such amounts have been finally judicially determined to have resulted from such Person’s fraud or willful misconduct.

(b) Any person entitled to indemnification hereunder shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification and (ii) permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party; provided that any person entitled to indemnification hereunder shall have the right to employ separate counsel and to participate in the defense of such claim, but the fees and expenses of such counsel shall be at the expense of such person unless (a) the indemnifying party has agreed in writing to pay such fees or expenses, (b) the indemnifying party shall have failed to assume the defense of such claim and employ counsel reasonably satisfactory to such person or (c) in the reasonable judgment of any such person, based upon written advice of its counsel, a conflict of interest exists between such person and the indemnifying party with respect to such claims (in which case, if the person notifies the indemnifying party in writing that such person elects to employ separate counsel at the expense of the indemnifying party, the indemnifying party shall not have the right to assume the defense of such claim on behalf of such person); and provided, further, that the failure of any indemnified party to give written notice as provided herein shall not relieve the indemnifying party of its obligations hereunder, except to the extent that such failure to give notice shall materially adversely affect the indemnifying party in the defense of any such claim or litigation. It is understood that the indemnifying party shall not, in connection with any

proceeding in the same jurisdiction, be liable for fees or expenses of more than one separate firm of attorneys at any time for all such indemnified parties. No indemnifying party will, except with the consent of the indemnified party, which consent shall not be unreasonably withheld, conditioned or delayed, consent to entry of any judgment or enter into any settlement unless such judgment or settlement (i) imposes no liability or obligation on, (ii) includes as an unconditional term thereof the giving of a complete, explicit and unconditional release from the party bringing such indemnified claims of all liability of the indemnified party in respect of such claim or litigation in favor of, and (iii) does not include any admission of fault, culpability, wrongdoing or malfeasance by or on behalf of, the indemnified party. No indemnified party will, except with the consent of the indemnifying party, which consent shall not be unreasonably withheld, conditioned or delayed, consent to entry of any judgment or enter into any settlement.

5.11 Withholding Taxes. Each Purchaser agrees to furnish the Company with any information, representations and forms as shall reasonably be requested by the Company from time to time to assist the Company in complying with any applicable tax law (including any withholding obligations).

SECTION 6. Conditions of Closing.

6.01 Conditions of the Purchasers' Obligations at the Closing. The obligations of each Purchaser under Section 2 hereof are subject to the fulfillment, at or prior to the Closing, of all of the following conditions, unless otherwise waived by such Purchaser solely as to itself.

(a) Representations and Warranties. The representations and warranties of the Company contained in this Agreement shall be true and correct in all respects on the Effective Date, and shall be true and correct in all material respects on and as of the Closing Date with the same effect as though such representations and warranties had been made on and as of the Closing Date (except (i) the representations and warranties of the Company set forth in Sections 4.01, 4.03, 4.04, 4.05 and 4.21 of this Agreement (collectively, the "**Fundamental Representations**") shall be true and correct in all respects on the Effective Date and on and as of the Closing Date with the same effect as though such Fundamental Representations had been made on and as of the Closing Date, (ii) to the extent expressly made as of an earlier date in which case as of such earlier date and (iii) representations and warranties that are qualified as to materiality or Material Adverse Effect, which representations and warranties shall be true in all respects).

(b) Performance. The Company shall have performed and complied in all material respects with all covenants, agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by it on or prior to the Closing Date.

(c) Compliance Certificate. The Chief Executive Officer of the Company shall have delivered to the Purchasers at the Closing Date a certificate, in form and substance reasonably acceptable to the Purchasers, certifying that the conditions specified in Sections 6.01(a), 6.01(b), 6.01(f), 6.01(g), 6.01(i), 6.01(j), 6.01(k) and 6.01(n) of this Agreement have been fulfilled.

(d) Qualification under Securities Laws. All registrations, qualifications, permits and approvals, if any, required under applicable securities laws shall have been obtained for the lawful execution, delivery and performance of this Agreement.

(e) Secretary's Certificate. The Secretary of the Company shall have delivered to the Purchasers at the Closing a certificate, in form and substance reasonably acceptable to the Purchasers (such consent not to be unreasonably withheld, conditioned or delayed), certifying (i) the certificate of incorporation and bylaws of the Company, (ii) authorization of the Board of Directors of the Company approving this Agreement and the transactions contemplated under this Agreement (including the Merger Agreement) and (iii) as to a certificate evidencing the good standing of the Company in Delaware issued by the Secretary of State of Delaware and in the State of California, issued by the Secretary of the State of California, each issued as of a date within five Business Days of the Closing Date.

(f) Merger. All conditions to the closing of the Merger shall have been satisfied or waived (other than the Closing hereunder and other than those conditions which, by their nature, are to be satisfied at the closing of the transactions contemplated by the Merger Agreement), and the closing of the Merger shall be set to occur substantially concurrently with the Closing hereunder. The Merger Agreement or any provision thereof shall not have been amended, modified or waived in contravention of Section 5.07 hereof.

(g) No Injunction. No statute, rule, regulation, executive order, decree, ruling or injunction shall have been enacted, entered, promulgated or endorsed by any Governmental Entity of competent jurisdiction that prohibits the consummation of any of the transactions contemplated by this Agreement.

(h) Registration Rights Agreement. The Company shall have delivered the fully executed Registration Rights Agreement.

(i) Registration Statement; Proxy Statement/Prospectus. The Registration Statement shall have become effective under the 1933 Act and no stop order suspending the effectiveness of the Registration Statement shall have been issued and no proceeding for that purpose, and no similar proceeding with respect to the Registration Statement shall have been initiated or threatened in writing by the Commission or its staff.

(j) Nasdaq. Parent shall have submitted with Nasdaq an Initial Listing Application in respect of the Parent Common Stock to be issued in the Contemplated Transactions, which shall have been approved by Nasdaq.

(k) No Material Adverse Effect. Since the date of this Agreement, no event or series of events shall have occurred that has had or would reasonably be expected to have a Material Adverse Effect.

(l) Minimum Financing Amount. The Company shall receive at Closing aggregate proceeds from the purchase of Securities pursuant to this Agreement of not less than \$150,000,000.

(m) Opinion of Company Counsel. The Placement Agents and the Purchasers shall have received from Cooley LLP, counsel for the Company, an opinion, dated as of the Closing Date, in the form agreed between the Company and the Placement Agents and the Purchaser Majority.

(n) Consents. Any and all consents, permits, approvals, registrations and waivers necessary for the consummation of the purchase and sale of the Shares, including the approval of the stockholders of Parent in connection with the Public Company Meeting, shall have been obtained.

(o) Lock-up Agreements. Company Lock-Up Agreements shall be executed by each Company Lock-Up Signatory (as defined in the Merger Agreement).

6.02 Conditions of the Company's Obligations. The obligations of the Company under Section 2 hereof are subject to the fulfillment, at or prior to the Closing, of all of the following conditions, any of which may be waived in whole or in part by the Company in its absolute discretion.

(a) Representations and Warranties. The representations and warranties of the Purchasers contained in this Agreement shall be true and correct as of the Effective Date and true and correct in all material respects on and as of the Closing Date with the same effect as though such representations and warranties had been made on and as of the Closing Date (except (i) to the extent expressly made as of an earlier date in which case shall be as of such earlier date and (ii) representations and warranties that are qualified as to materiality, which representations and warranties shall be true in all respects, except as would not, in the aggregate, materially and adversely affect the Purchasers' ability to consummate the transactions contemplated hereby).

(b) Performance. Each Purchaser shall have performed and complied in all material respects with all covenants, agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by it on or prior to the Closing Date.

(c) Qualification under Securities Laws. All registrations, qualifications, permits and approvals, if any, required under applicable securities laws shall have been obtained for the lawful execution, delivery and performance of this Agreement.

(d) Merger. All conditions to the closing of the Merger shall have been satisfied or waived (other than the Closing hereunder and other than those conditions which, by their nature, are to be satisfied at the closing of the transactions contemplated by the Merger Agreement), and the closing of the Merger shall be set to occur substantially concurrently with the Closing hereunder.

(e) Payment. Except as may be agreed to among the Company and one or more Purchasers in accordance with Section 2.02, the Company shall have received payment, by wire transfer of immediately available funds, in the full amount of the purchase price for the number of Securities being purchased by each Purchaser at the Closing as set forth on the Schedule of Purchasers.

(f) Injunction. The purchase of and payment for the Securities by each Purchaser shall not be prohibited or enjoined by any law or governmental or court order or regulation.

SECTION 7. Definitions. Unless the context otherwise requires, the terms defined in this Section 7 shall have the meanings specified for all purposes of this Agreement.

“**1933 Act**” means the Securities Act of 1933, as amended, and the rules and regulations promulgated thereunder.

“**1934 Act**” means the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder.

or at such other address as the Company or each Purchaser may specify by written notice to the other parties hereto in accordance with this Section 8.02.

8.03 Consent to Electronic Notice. From the date hereof until the Closing Date, each Purchaser consents to the delivery of any stockholder notice pursuant to Section 232 of the Delaware General Corporation Law, as amended or superseded from time to time, at the e-mail address set forth below the Purchaser’s name on the signature page or Schedule I, as updated from time to time by notice to the Company. To the extent that any notice given by means of electronic mail is returned or undeliverable for any reason, the foregoing consent shall be deemed to have been revoked until a new or corrected e-mail address has been provided, and such attempted electronic notice shall be ineffective and deemed to not have been given. Each party agrees to promptly notify the other parties of any change in its e-mail address, and that failure to do so shall not affect the foregoing.

8.04 Severability. If any part or provision of this Agreement is held unenforceable or in conflict with the applicable laws or regulations of any jurisdiction, the invalid or unenforceable part or provisions shall be replaced with a provision which accomplishes, to the extent possible, the original business purpose of such part or provision in a valid and enforceable manner, and the remainder of this Agreement shall remain binding upon the parties hereto.

8.05 Governing Law; Submission to Jurisdiction; Venue; Waiver of Trial by Jury.

(a) This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York without regard to choice of laws or conflicts of laws provisions thereof that would require the application of the laws of any other jurisdiction, except to the extent that mandatory principles of Delaware law may apply.

(b) The Company and each of the Purchasers hereby irrevocably and unconditionally:

(i) submits for itself and its property in any legal action or proceeding relating solely to this Agreement or the transactions contemplated hereby, to the general jurisdiction of any state court or United States Federal court sitting in the Borough of Manhattan, City of New York in the State of New York;

(ii) consents that any such action or proceeding may be brought in such courts, and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same to the extent permitted by applicable law;

(iii) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the party, as the case may be, at its address set forth in Section 8.02 or at such other address of which the other party shall have been notified pursuant thereto;

(iv) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction for recognition and enforcement of any judgment or if jurisdiction in the courts referenced in the foregoing clause (i) are not available despite the intentions of the parties hereto;

(v) agrees that final judgment in any such suit, action or proceeding brought in such a court may be enforced in the courts of any jurisdiction to which such party is subject by a suit upon such judgment, provided that service of process is effected upon such party in the manner specified herein or as otherwise permitted by law;

(vi) agrees that to the extent that such party has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process with respect to itself or its property, such party hereby irrevocably waives such immunity in respect of its obligations under this Agreement, to the extent permitted by law; and

(vii) irrevocably and unconditionally waives trial by jury in any legal action or proceeding in relation to this Agreement.

8.06 Assignment. None of the parties may assign its rights or obligations under this Agreement or designate another person (i) to perform all or part of its obligations under this Agreement or (ii) to have all or part of its rights and benefits under this Agreement, in each case without the prior written consent of (x) the Company, in the case of a Purchaser, and (y) the Purchasers, in the case of the Company, provided that a Purchaser may, without the prior consent of the Company, assign its rights to purchase the Securities hereunder to any of its Affiliates or to any other investment funds or accounts managed or advised by the investment

manager who acts on behalf of such Purchaser (provided each such assignee agrees to be bound by the terms of this Agreement and makes the same representations and warranties set forth in [Section 3](#)). In the event of any assignment in accordance with the terms of this Agreement, the assignee shall specifically assume and be bound by the provisions of this Agreement by executing a writing agreeing to be bound by and subject to the provisions of this Agreement and shall deliver an executed counterpart signature page to this Agreement and, notwithstanding such assumption or agreement to be bound hereby by an assignee, no such assignment shall relieve any party assigning any interest hereunder from its obligations or liability pursuant to this Agreement.

8.07 Confidential Information.

(a) Each Purchaser covenants that until such time as the transactions contemplated by this Agreement and any material non-public information provided to such Purchaser are publicly disclosed by the Company in accordance with Section 5.02 (or earlier termination of this Agreement), such Purchaser will maintain the confidentiality of all disclosures made to it in connection with this transaction (including the existence and terms of this transaction), other than to such Purchaser's outside attorney, accountant, auditor or investment advisor only to the extent necessary to permit evaluation of the investment, and the performance of the necessary or required tax, accounting, financial, legal, or administrative tasks and services and other than as may be required by law.

(b) The Company may request from the Purchasers such reasonable and customary additional information as the Company may deem necessary to evaluate the eligibility of a Purchaser to acquire the Securities, and such Purchaser shall promptly provide such information as may reasonably be requested to the extent readily available; provided, that the Company agrees to keep any such information provided by such Purchaser confidential, except (i) as required by the federal securities laws, rules or regulations and (ii) to the extent such disclosure is required by other laws, rules or regulations, at the request of the staff of the Commission or regulatory agency or under the regulations of Nasdaq. The Purchaser acknowledges that the Company (or Parent) may file a copy of this Agreement and the Registration Rights Agreement with the Commission as exhibits to a periodic report, current report or a registration statement of the Company.

8.08 Reliance by and Exculpation of Placement Agents.

(a) Each Purchaser agrees for the express benefit of each Placement Agent, its affiliates and its representatives that (i) it is not relying upon, and has not relied upon, any statement, representation or warranty made by the Placement Agents, any of their respective affiliates or any of their or their respective representatives, in making its investment or decision to invest in the Company, (ii) the Placement Agents are acting solely as placement agents in connection with the transactions contemplated hereby and are not acting as underwriters, initial purchasers, dealers or in any other such capacity and are not and shall not be construed as a fiduciary for such Purchaser, (iii) the Placement Agents, their respective affiliates and representatives have not made, and will not make any representations or warranties with respect to the Company or the offer and sale of the Securities or any other matter concerning the Company or the transactions contemplated hereby, and the Purchaser will not rely on any statements made by the Placement Agents, orally or in writing, to the contrary, (iv) the Purchaser will be responsible for conducting its own due diligence investigation with respect to the Company and the offer and sale of the Securities, (v) the Purchaser will be purchasing Securities based on the results of its own due diligence investigation of the Company and the Placement Agents and each of their respective directors, officers, employees, representatives, and controlling persons have made no independent investigation with respect to the Company, the Securities, or the accuracy, completeness, or adequacy of any information supplied to the Purchaser by the Company, (vi) the Purchaser has negotiated the offer and sale of the Securities directly with the Company, and the Placement Agents will not be responsible for the ultimate success of any such investment and (vii) the decision to invest in the Company will involve a significant degree of risk, including a risk of total loss of such investment. Each Purchaser further represents and warrants to the Placement Agents that it, including any fund or funds that it manages or advises that participates in the offer and sale of the Securities, is permitted under its constitutive documents (including, without limitation, all limited partnership agreements, charters, bylaws,

limited liability company agreements, all applicable side letters with investors, and similar documents) to make investments of the type contemplated by this Agreement. This [Section 8.08](#) shall survive any termination of this Agreement.

(b) The Company agrees and acknowledges that the Placement Agents may rely on its representations, warranties, agreements and covenants contained in this Agreement and each Purchaser agrees that the Placement Agents may rely on such Purchaser's representations and warranties contained in this Agreement as if such representations and warranties, as applicable, were made directly to the Placement Agents.

(c) Neither the Placement Agents nor any of their respective affiliates or representatives (1) shall be liable for any improper payment made in accordance with the information provided by the Company; (2) makes any representation or warranty, or has any responsibilities as to the validity, enforceability, accuracy, value or genuineness of any information, certificates or documentation delivered by or on behalf of the Company pursuant to this Agreement or in connection with any of the transactions contemplated herein; or (3) shall be liable (x) for any action taken, suffered or omitted by any of them in good faith and reasonably believed to be authorized or within the discretion or rights or powers conferred upon it by this Agreement or (y) for anything which any of them may do or refrain from doing in connection with this Agreement, except in each case for such party's own gross negligence or willful misconduct.

(d) The Company agrees that the Placement Agents, their respective affiliates and representatives shall be entitled to (1) rely on, and shall be protected in acting upon, any certificate, instrument, opinion, notice, letter or any other document or security delivered to any Purchaser by or on behalf of the Company, and (2) be indemnified by the Company for acting as the Placement Agents hereunder pursuant to the indemnification provisions set forth in the applicable letter agreement between the Company and the Placement Agents.

8.09 Third Parties. Nothing in this Agreement, express or implied, is intended to confer on any Person other than the parties to this Agreement any rights, remedies, claims, benefits, obligations or liabilities under or by reason of this Agreement, and no Person that is not a party to this Agreement (including, without limitation, any partner, member, shareholder, director, officer, employee or other beneficial owner of any party to this Agreement, in its own capacity as such or in bringing a derivative action on behalf of a party to this Agreement) shall have any standing as a third party beneficiary with respect to this Agreement or the transactions contemplated hereby, except as expressly set forth in this Agreement. Notwithstanding the foregoing, (i) the Placement Agents are intended third-party beneficiaries of the representations and warranties of the each Purchaser and the Company set forth in [Section 3](#), [Section 4](#) and [Section 6.01\(c\)](#) and [Section 8.08](#) respectively, of this Agreement and (ii) the Indemnified Persons are intended third-party beneficiaries of [Section 5.10](#).

8.10 Independent Nature of Purchasers' Obligations and Right. The obligations of each Purchaser under this Agreement are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance of the obligations of any other Purchaser under this Agreement. Nothing contained herein, and no action taken by any Purchaser pursuant hereto, shall be deemed to constitute the Purchasers as, and the Company acknowledges that the Purchasers do not so constitute, a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group (including a "group" within the meaning of Section 13(d)(3) of the 1934 Act), and the Company will not assert any such claim with respect to such obligations or the transactions contemplated by this Agreement, and the Company acknowledges that the Purchasers are not acting in concert or as a group with respect to such obligations or the transactions contemplated by this Agreement. It is expressly understood that each provision contained in this Agreement is between the Company and a Purchaser, solely, and not between the Company and the Purchasers collectively and not between and among the Purchasers. The Company acknowledges and each Purchaser confirms that it has independently participated in the negotiation of the transaction contemplated hereby with the advice of its own counsel and advisors. Each Purchaser also acknowledges that Cooley LLP has not rendered legal advice to such Purchaser. Each Purchaser shall be entitled to independently protect and enforce its rights,

including, without limitation, the rights arising out of this Agreement, and it shall not be necessary for any other Purchaser to be joined as an additional party in any proceeding for such purpose. The Company has elected to provide all Purchasers with the same terms for the convenience of the Company and not because it was required or requested to do so by any Purchaser.

8.11 Headings. The titles, subtitles and headings in this Agreement are for convenience of reference and shall not form part of, or affect the interpretation of, this Agreement.

8.12 Counterparts. This Agreement may be executed in two or more identical counterparts, all of which shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to the other party; provided that a facsimile or pdf signature including any electronic signatures complying with the U.S. federal ESIGN Act of 2000, e.g., www.docusign.com shall be considered due execution and shall be binding upon the signatory thereto with the same force and effect as if the signature were an original, not a facsimile or pdf (or other electronic reproduction of a) signature.

8.13 Entire Agreement. This Agreement and the other agreements contemplated hereby (including all schedules and exhibits hereto and thereto), constitute the entire agreement between the parties hereto respecting the subject matter of this Agreement and supersedes all prior agreements, negotiations, understandings, representations and statements respecting the subject matter of this Agreement, whether written or oral.

8.14 Survival. The covenants, representations and warranties made by each party hereto contained in this Agreement shall survive the Closing and the delivery of the Securities in accordance with their respective terms. Each Purchaser shall be responsible only for its own representations, warranties, agreements and covenants hereunder.

8.15 Contract Interpretation. This Agreement is the joint product of each Purchaser and the Company and each provision of this Agreement has been subject to the mutual consultation, negotiation and agreement of such parties and shall not be construed for or against any party hereto.

8.16 Arm's Length Negotiations. For the avoidance of doubt, the parties acknowledge and confirm that the terms and conditions of the Securities were determined as a result of arm's-length negotiations.

8.17 Termination. This Agreement shall terminate and be void and of no further force and effect, and all obligations of the parties hereunder shall terminate without any further liability on the part of any party in respect thereof, upon the earlier to occur of (a) such date and time that the Merger Agreement is terminated in accordance with its terms, (b) upon the mutual written agreement of the Company and the Purchaser (provided that such termination shall not otherwise apply to the other Purchasers), (c) by the Company, if any of the conditions set forth in [Section 6.02](#) shall have become incapable of fulfillment and shall not have been waived by the Company, (d) by a Purchaser, if any of the conditions set forth in [Section 6.01](#) shall have become incapable of fulfillment and shall not have been waived by such Purchaser or (e) the Closing has not occurred by the six month anniversary of the Effective Date (or the 8 month anniversary of the Effective Date if the End Date is automatically extended per the terms of the Merger Agreement). The Company shall notify each Purchaser of any termination of the Merger Agreement as promptly as practicable after the termination thereof. Upon the termination hereof in accordance with this [Section 8.17](#), any amounts paid by a Purchaser to the Company in connection with the transactions contemplated herein shall promptly (and in any event within one Business Day) be returned in full to such Purchaser by wire transfer of immediately available funds to the account specified by such Purchaser, without any deduction for or on account of any tax withholding, charges or set-off.

8.18 Adjustments in Share Numbers and Price. In the event of any stock split, subdivision, dividend or distribution payable in shares of Common Stock (or other securities or rights convertible into, or entitling the holder thereof to receive directly or indirectly shares of Common Stock), combination or other similar recapitalization or event occurring after the date hereof and prior to the Closing, each reference herein to a number of shares or a price per share shall be deemed to be amended to appropriately account for such event.

8.19 Public Statements or Releases. Except as set forth in Section 5.02, neither the Company nor any Purchaser shall make any public announcement with respect to the existence or terms of this Agreement or the transactions provided for herein without the prior consent of the other party. Notwithstanding the foregoing, and subject to compliance with Section 5.02, nothing in this Section 8.19 shall prevent any party from making any public announcement it considers necessary in order to satisfy its obligations under the law, including applicable securities laws, or under the rules of any national securities exchange or securities market, in which case the Company shall allow the Purchaser reasonable time to comment on such release or announcement in advance of such issuance.

Form of Registration Rights Agreement

REGISTRATION RIGHTS AGREEMENT

THIS REGISTRATION RIGHTS AGREEMENT (this “*Agreement*”), dated as of May 31, 2026, is entered into by and among Avenzo Therapeutics, Inc., a Delaware corporation, Rallybio Corporation, a Delaware corporation (the “*Parent*”), and the several investors signatory hereto (individually as a “*Purchaser*” and collectively together with their respective permitted assigns, the “*Purchasers*”). Capitalized terms used herein and not otherwise defined herein shall have the respective meanings set forth in the Subscription Agreement by and among the Company and the Purchasers, dated as of May 31, 2026 (as amended, restated, supplemented or otherwise modified from time to time, the “*Subscription Agreement*”).

WHEREAS:

A. Upon the terms and subject to the conditions of the Subscription Agreement, the Company has agreed to issue to the Purchasers, and the Purchasers have agreed to purchase, severally and not jointly, an aggregate of up to \$215,000,000 of shares (the “*Shares*”) of the Company’s Class A Common Stock, par value \$0.0001 per share (the “*Common Stock*”), pursuant to the Subscription Agreement.

B. The Company is party to that certain Agreement and Plan of Merger and Reorganization by and among the Company, Farmington Merger Sub, Inc., and Parent, dated as of May 31, 2026 (the “*Merger Agreement*”), pursuant to which the Company will become a wholly-owned subsidiary of Parent (the “*Merger*”).

C. Following the Effective Time (as defined in the Merger Agreement), Parent will change its name to Avenzo Therapeutics, Inc. (“*TopCo*”);

D. To induce the Purchasers to enter into the Subscription Agreement, the Company has agreed to provide certain registration rights under the U.S. Securities Act of 1933, as amended, and the rules and regulations thereunder, or any similar successor statute (collectively, the “*1933 Act*”), and applicable state securities laws.

NOW, THEREFORE, in consideration of the promises and the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Company and the Purchasers hereby agree as follows:

1. DEFINITIONS.

For purposes of this Agreement, the following terms shall have the following meanings:

(a) “*Company*” means Avenzo Therapeutics, Inc. for all periods prior to the Effective Time and TopCo for all periods following the Effective Time.

(b) “*Filing Deadline*” means, with respect to the Initial Registration Statement required hereunder, the 30th calendar day following the Closing Date and, with respect to any New Registration Statements or other Registration Statement filed hereunder, the 21st calendar day following the later of (i) date on which the Company is permitted by SEC Guidance to file such New Registration Statement related to the Registrable Securities and (ii) the date on which the Company becomes aware of the necessity of filing such New Registration Statement related to the Registrable Securities.

(c) “*Person*” means any individual or entity including but not limited to any corporation, limited liability company, association, partnership, organization, business, individual, governmental or political subdivision thereof or a governmental agency.

(d) “*Register*,” “*Registered*,” and “*Registration*” refer to a registration effected by preparing and filing one or more registration statements of the Company in compliance with the 1933 Act and providing for offering securities on a continuous basis, and the declaration or ordering of effectiveness of such registration statement(s) by the U.S. Securities and Exchange Commission (the “*SEC*”).

(e) “**Registrable Securities**” means (i) all shares of TopCo common stock issued to the Purchasers at the closing of the Merger and (ii) any TopCo common stock issued or issuable with respect to the foregoing as a result of any stock split or subdivision, stock dividend, recapitalization, exchange or similar event. Registrable Securities shall cease to be Registrable Securities (and the Company shall not be required to maintain the effectiveness of any, or file another, Registration Statement hereunder with respect thereto) upon the earliest to occur of (A) the date on which the Purchasers shall have resold all the Registrable Securities covered by the Registration Statement, (B) such Registrable Securities have been previously sold in accordance with Rule 144, (C) such securities become eligible for resale without volume or manner-of-sale restrictions pursuant to Rule 144 and without the requirement for the Company to be in compliance with the current public information requirement under Rule 144, and (D) with respect to Registrable Securities held by a Purchaser that is not an affiliate of the Company, upon exchange of such Registrable Securities for unrestricted shares under an effective registration statement on Form S-4, if available and assuming any applicable legends (if any) are removed from such Registrable Securities in accordance with this Agreement, or if unavailable, another appropriate form filed with the SEC.

(f) “**Registration Expenses**” means all registration and filing fee expenses incurred by the Company in effecting any registration pursuant to this Agreement, including (i) all registration, qualification, and filing fees, printing expenses, and any other fees and expenses associated with filings required to be made with the SEC, the Financial Industry Regulatory Authority, Inc. or any other regulatory authority, (ii) all fees and expenses in connection with compliance with or clearing the Registrable Securities for sale under any securities or “Blue Sky” laws, (iii) all printing, duplicating, word processing, messenger, telephone, facsimile and delivery expenses, and (iv) all fees and disbursements of counsel for the Company and of all independent certified public accountants of the Company (including the expenses of any special audit and cold comfort letters required by or incident to such performance); provided that in no event shall the Company be responsible for any underwriting, broker or similar fees or commissions of any Purchaser or, except to the extent provided for in the Subscription Agreement, any legal fees or other costs of the Purchasers.

(g) “**Registration Statement**” means any registration statement of the Company filed with, or to be filed with, the SEC under the 1933 Act, that Registers Registrable Securities, including the related preliminary or final prospectus, amendments and supplements to such registration statement, including pre- and post-effective amendments, and all exhibits and all material incorporated by reference in such registration statement as may be necessary to comply with applicable securities laws. “**Registration Statement**” shall also include a New Registration Statement, as amended when each became effective, including all documents filed as part thereof or incorporated by reference therein, and including any information contained in a prospectus subsequently filed with the SEC.

(h) “**Required Purchasers**” means the Purchasers holding a majority of the Registrable Securities outstanding from time to time, provided that such majority includes each Purchaser who initially purchased (together with its affiliates and affiliated funds) at least \$18 million of Closing Shares (as defined in the Subscription Agreement) pursuant to the Subscription Agreement and continues to hold such number of Closing Shares at the relevant time, provided further that such Closing Shares are Registrable Securities at the relevant time.

(i) “**SEC Guidance**” means (i) any publicly-available written or oral guidance of the SEC staff, or any comments, requirements or requests of the SEC staff (whether or not publicly-available); provided, that any such oral guidance, comments, requirements or requests are reduced to writing by the SEC (and shared with the Purchasers upon request if not publicly-available) and (ii) the 1933 Act.

(j) “**Selling Expenses**” means all underwriting discounts and selling commissions applicable to the sale of Registrable Securities and all similar fees and commissions relating to a Purchaser’s disposition of its Registrable Securities, including any legal fees or other costs of such Purchaser.

2. REGISTRATION.

(a) **Mandatory Registration.** The Company shall, as promptly as reasonably practicable and in any event no later than the Filing Deadline, prepare and file with the SEC an initial Registration Statement (the

“**Initial Registration Statement**”) covering the resale of all of the Registrable Securities. Before filing any Registration Statement, the Company shall furnish to the Purchasers a copy of the Registration Statement. The Purchasers and their respective counsel shall have at least three (3) Business Days prior to the anticipated filing date of a Registration Statement to review and comment upon such Registration Statement and any amendment or supplement to such Registration Statement and any related prospectus (including any documents incorporated by reference therein), prior to its filing with the SEC. Subject to any SEC comments, such Registration Statement shall include the plan of distribution substantially in the form attached hereto as **Exhibit A**. Such Registration Statement also shall cover, to the extent allowable under the 1933 Act and the rules promulgated thereunder (including Rule 416), such indeterminate number of additional shares of Common Stock resulting from stock splits, stock dividends or similar transactions with respect to the Registrable Securities. The Company shall (a) use commercially reasonable efforts to address in each such document prior to being so filed with the SEC such comments as the Purchaser or its counsel reasonably proposed to the Company, and (b) not file any Registration Statement or related prospectus or any amendment or supplement thereto containing information regarding the Purchaser to which such Purchaser reasonably (x) objects or (y) believes contains an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, unless such information is required (in the good faith opinion of the Company) to comply with any applicable law or regulation or SEC Guidance. Each Purchaser shall furnish all information with respect to such Purchaser reasonably requested by the Company and as shall be reasonably required in connection with any registration referred to in this Agreement.

(b) **Effectiveness.** The Company shall use reasonable best efforts to have the Initial Registration Statement and any amendment declared effective by the SEC at the earliest possible date but no later than the earlier of (a) the seventy-fifth (75th) calendar day following the initial filing date of the Initial Registration Statement if the SEC notifies the Company that it will “review” the Initial Registration Statement and (b) the fifth (5th) Business Day after the date the Company is notified (orally or in writing, whichever is earlier) by the SEC that the Initial Registration Statement will not be “reviewed” or will not be subject to further review (the “**Effectiveness Deadline**”). The Company shall notify the Purchaser by e-mail as promptly as practicable, and in any event, within twenty-four (24) hours, after the Registration Statement is declared effective or is supplemented and shall provide the Purchaser with copies of any related prospectus to be used in connection with the sale or other disposition of the securities covered thereby. The Company shall use reasonable best efforts to keep the Initial Registration Statement continuously effective pursuant to Rule 415 promulgated under the 1933 Act and available for the resale by the Purchasers of all of the Registrable Securities covered thereby at all times until the earliest to occur of the following events: (i) the date on which the Purchasers shall have resold all the Registrable Securities covered thereby and (ii) the date on which the Registrable Securities may be resold by the Purchasers without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, and without the requirement for the Company to be in compliance with the current public information requirement under Rule 144 under the 1933 Act or any other rule of similar effect (the “**Registration Period**”). The Initial Registration Statement (including any amendments or supplements thereto and prospectuses contained therein) shall not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein, or necessary to make the statements therein, in light of the circumstances in which they were made, not misleading.

(c) **Sufficient Number of Shares Registered.** In the event the number of shares available under the Initial Registration Statement at any time is insufficient to cover the Registrable Securities, the Company shall, to the extent necessary and permissible, amend the Initial Registration Statement or file a new registration statement (together with any prospectuses or prospectus supplements thereunder, a “**New Registration Statement**”), so as to cover all of such Registrable Securities as soon as reasonably practicable, but in any event not later than the Filing Deadline. The Company shall use its reasonable best efforts to have such amendment and/or New Registration Statement become effective as soon as reasonably practicable following the filing thereof but no later than the earlier of the (i) seventy-fifth (75th) calendar day following the initial filing date of the New Registration Statement if the SEC notifies the Company that it will “review” the New Registration Statement and (ii) the fifth (5th) Business Day after the date the Company is notified (orally or in writing, whichever is earlier)

by the SEC that the New Registration Statement will not be “reviewed” or will not be subject to further review (the earlier of such dates, the “**New Registration Effectiveness Deadline**”). The provisions of Sections 2(a) and 2(b) shall apply to the New Registration Statement, except as modified hereby.

(d) Liquidated Damages. If (i) the Initial Registration Statement has not been filed by the Filing Deadline, (ii) the Initial Registration Statement has not been declared effective by the Effectiveness Deadline, (iii) the New Registration Statement has not been filed by the Filing Deadline, (iv) the New Registration Statement has not been declared effective by the New Registration Effectiveness Deadline or (v) after any Registration Statement has been declared effective by the SEC, sales cannot be made pursuant to such Registration Statement for any reason (including without limitation by reason of a stop order, or the Company’s failure to update such Registration Statement), but excluding any Allowed Delay (as defined below) or, if the Registration Statement is on Form S-1, for a period of 20 days following the date on which the Company files a post-effective amendment to incorporate the Company’s Annual Report on Form 10-K, then the Company will make pro rata payments to each Purchaser then holding Registrable Securities, as liquidated damages and not as a penalty, in an amount equal to 1.0% of the aggregate amount paid pursuant to the Subscription Agreement by such Purchaser for such Registrable Securities then held by such Purchaser for each 30-day period or pro rata for any portion thereof during which the failure continues (the “**Blackout Period**”), provided that no liquidated damages shall be payable (i) if as of the relevant date, the Registrable Securities may be sold by the Purchaser without volume or manner of sale restrictions under Rule 144, and provided the Company is then in compliance with any current public information requirements thereunder, as determined by counsel to the Company pursuant to a written opinion letter to such effect, addressed and reasonably acceptable to the Purchaser and the Company’s transfer agent (regardless of whether the restrictive legend has been actually removed from the certificates representing such Registrable Securities), (ii) to a Purchaser in the event it is unable to lawfully sell any of its Registrable Securities because of possession of material non-public information, (iii) if and to the extent to, despite best efforts by the Company to avoid a breach hereof, the Company’s failure was caused by a government shutdown resulting in the SEC’s inability to review or declare effective the Registration Statement, (iv) to a Purchaser causing an event that relates to or is caused by any action or inaction taken by such Purchaser, or (v) with respect to any period after the expiration of the Registration Period. The Company shall not be liable for liquidated damages under this Agreement as to any Registrable Securities which are not permitted by the SEC to be included in a Registration Statement due solely to SEC Guidance; in such case, the liquidated damages shall be calculated to only apply to the percentage of Registrable Securities which are permitted in accordance with SEC Guidance to be included in such Registration Statement. Such payments shall constitute the Purchasers’ exclusive monetary remedy for such events, but shall not affect the right of the Purchasers to seek injunctive relief. The amounts payable as liquidated damages pursuant to this paragraph shall be paid in cash no later than five Business Days after each such 30-day period following the commencement of the Blackout Period until the termination of the Blackout Period (the “**Blackout Period Payment Date**”). Interest shall accrue at the rate of 0.5% per month (pro rated for any period less than a month) on any such liquidated damages payments that shall not be paid by the Blackout Period Payment Date until such amount is paid in full. Notwithstanding the above, in no event shall the aggregate amount of liquidated damages (or interest thereon) paid under this Agreement to any Purchaser exceed, in the aggregate, 5.0% of the aggregate purchase price of the Shares purchased by such Purchaser under the Subscription Agreement. Notwithstanding anything in this Section 2(d) to the contrary, during any periods that the Company is unable to meet its obligations hereunder with respect to the registration of the Registrable Securities because any Purchaser fails to furnish information required to be provided pursuant to Section 2(a) or Section 4(a) within three Business Days of the Company’s request, any liquidated damages that would otherwise accrue as to such Purchaser only shall be tolled until such information is delivered to the Company. The Effectiveness Deadline or New Registration Effectiveness Deadline, as applicable, shall be extended without default or liquidated damages hereunder in the event that the Company’s failure to obtain the effectiveness of the Registration Statement on a timely basis results from the failure of such Purchaser to timely provide the Company with information requested by the Company and necessary to complete the Registration Statement.

(e) Allowable Delays. On no more than two (2) occasions in any twelve (12)-month period for not more than thirty (30) consecutive days or for a total of not more than sixty (60) days, the Company may delay the

effectiveness of the Initial Registration Statement or any other Registration Statement, or suspend the use of any prospectus included in any Registration Statement, in the event that the Company's Board of Directors reasonably determines, in good faith and upon advice of legal counsel, that such delay or suspension is necessary to (A) delay the disclosure of material non-public information concerning the Company, including in connection with the negotiation or consummation of a material transaction by the Company that is pending, that would require additional disclosure by the Company in the Registration Statement of material non-public information that the Company has a bona fide business purpose for preserving as confidential and the non-disclosure of which would be expected, in the good faith opinion of the Company's Board of Directors, upon advice of legal counsel, to cause the Registration Statement to fail to comply with applicable disclosure requirements, or (B) amend or supplement the affected Registration Statement or the related prospectus so that such Registration Statement or prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the case of the prospectus in light of the circumstances under which they were made, not misleading (an "**Allowed Delay**"); provided, that the Company shall promptly (i) notify each Purchaser in writing (email being sufficient) of the commencement of an Allowed Delay, but shall not (without the prior written consent of a Purchaser) disclose to such Purchaser any material non-public information giving rise to an Allowed Delay, (ii) advise the Purchasers in writing to cease all sales under the applicable Registration Statement until the end of the Allowed Delay and (iii) use commercially reasonable efforts to terminate an Allowed Delay as promptly as practicable. Each Purchaser may deliver written notice (an "**Opt-Out Notice**") to the Company requesting that such Purchaser not receive notices from the Company otherwise required by this Section 2(e); provided, however, that such Purchaser may later revoke any such Opt-Out Notice in writing, which shall be effective five (5) Business Days after the receipt thereof. Following receipt of an Opt-Out Notice from a Purchaser (unless subsequently revoked), the Company shall not deliver any notices pursuant to this Section 2(e) to such Purchaser and such Purchaser shall no longer be entitled to the rights associated with any such notice.

(f) Rule 415: Cutback. If at any time the SEC takes the position that the offering of some or all of the Registrable Securities in any Registration Statement is not eligible to be made on a delayed or continuous basis under the provisions of Rule 415 under the 1933 Act (provided, however, the Company shall be obligated to use commercially reasonable efforts to advocate with the SEC for the registration of all of the Registrable Securities) or requires any Purchaser to be named as an "underwriter," the Company shall (i) promptly notify each holder of Registrable Securities thereof and (ii) make commercially reasonable efforts to persuade the SEC that the offering contemplated by such Registration Statement is a valid secondary offering and not an offering "by or on behalf of the issuer" as defined in Rule 415 and that none of the Purchasers is an "underwriter." Each Purchaser shall have the right to have its legal counsel, at such Purchaser's expense, to review and oversee any registration or matters pursuant to this Section 2(f), including to comment on any written submission made to the SEC with respect thereto. In the event that, despite the Company's reasonable best efforts and compliance with the terms of this Section 2(f), the SEC refuses to alter its position, the Company shall (i) remove from such Registration Statement such portion of the Registrable Securities and/or (ii) agree to such restrictions and limitations on the registration and resale of the Registrable Securities as the SEC may require to assure the Company's compliance with the requirements of Rule 415 (collectively, the "**SEC Restrictions**"); provided, however, that the Company shall not name any Purchaser as an "underwriter" in such Registration Statement without the prior written consent of such Purchaser (provided that, in the event a Purchaser withholds such consent, the Company shall have no obligation hereunder to include any Registrable Securities of such Purchaser in any Registration Statement covering the resale thereof until such time as the SEC no longer requires such Purchaser to be named as an "underwriter" in such Registration Statement or such Purchaser otherwise consents in writing to being so named). Any cut-back imposed on the Purchasers pursuant to this Section 2(f) shall be applied first to any of the Registrable Securities of a Purchaser that the SEC has indicated cannot be included or must be limited in the number of Registrable Securities that can be included, and thereafter shall be allocated among the Purchasers on a pro rata basis, unless the SEC Restrictions otherwise require or provides otherwise, or a Purchaser otherwise agrees.

(g) Each Registration Statement filed hereunder shall be on Form S-3 (except if the Company is not then eligible to register for resale the Registrable Securities on Form S-3, in which case such registration

shall be on another form in accordance with the provisions of this Section 2(g)). If Form S-3 is not available for the registration of the resale of Registrable Securities hereunder, the Company shall (i) register the resale of the Registrable Securities on another appropriate form and (ii) undertake to register the Registrable Securities on Form S-3 as soon as such form is available, provided that the Company shall use reasonable best efforts to maintain the effectiveness of the Registration Statement then in effect until such time as a Registration Statement on Form S-3 covering the Registrable Securities has been declared effective by the SEC.

3. RELATED COMPANY OBLIGATIONS.

With respect to the Registration Statement and whenever any Registrable Securities are to be Registered pursuant to Section 2, including on the Initial Registration Statement or on any New Registration Statement, the Company shall use its reasonable best efforts to effect the registration of the Registrable Securities in accordance with the intended method of disposition thereof and, pursuant thereto, the Company shall have the following obligations:

(a) Notifications. The Company will promptly notify the Purchasers of the time when any subsequent amendment to the Initial Registration Statement or any New Registration Statement, other than documents incorporated by reference, has been filed with the SEC and/or has become effective or where a receipt has been issued therefor or any subsequent supplement to a prospectus has been filed and of any request by the SEC for any amendment or supplement to the Registration Statement, any New Registration Statement or any prospectus or for additional information regarding the Purchaser.

(b) Amendments. The Company will prepare and file with the SEC any amendments, post-effective amendments or supplements to the Initial Registration Statement, any New Registration Statement or any related prospectus, as applicable, that, (a) as may be necessary to keep such Registration Statement effective for the Registration Period and to comply with the provisions of the 1933 Act and the Securities Exchange Act of 1934, as amended (the “**1934 Act**”), with respect to the distribution of all of the Registrable Securities covered thereby, or (b) in the reasonable opinion of a Purchaser and the Company, as may be necessary or advisable in connection with any acquisition or sale of Registrable Securities by the Purchasers at least one (1) Business Day prior to filing.

(c) Purchaser Review. The Company will not file any amendment or supplement to the Registration Statement, any New Registration Statement or any prospectus, other than documents incorporated by reference, relating to any Purchaser, the Registrable Securities or the transactions contemplated hereby unless (A) the Purchaser and its counsel shall have been advised and afforded the opportunity to review and comment thereon at least three (3) Business Days prior to filing with the SEC and (B) the Company shall have given reasonable due consideration to any comments thereon received from the Purchaser or its counsel.

(d) Copies Available. The Company will furnish to any Purchaser whose Registrable Securities are included in any Registration Statement and its counsel copies of the Initial Registration Statement, any prospectus thereunder (including all documents incorporated by reference therein), any prospectus supplement thereunder, any New Registration Statement and all amendments to the Initial Registration Statement or any New Registration Statement that are filed with the SEC during the Registration Period (including all documents filed with or furnished to the SEC during such period that are deemed to be incorporated by reference therein), each letter written by or on behalf of the Company to the SEC or the staff of the SEC, and each item of correspondence from the SEC or the staff of the SEC, in each case relating to such Registration Statement (other than any portion thereof which contains information for which the Company has sought confidential treatment) and such other documents as Purchaser may reasonably request in order to facilitate the disposition of the Registrable Securities owned by such Purchaser that are covered by such Registration Statement, in each case as soon as reasonably practicable upon such Purchaser’s request and in such quantities as such Purchaser may from time to time reasonably request; provided, however, (x) that the Company shall not be required to furnish any document to the Purchaser to the extent such document is available on EDGAR and (y) the Company shall redact any sections of such documents that may contain material non-public information unless the Purchaser consents in writing to receive such information and agree to hold it in confidence.

(e) Notification of Stop Orders: Material Changes. The Company shall use commercially reasonable efforts to (i) prevent the issuance of any stop order or other suspension of effectiveness and, (ii) if such order is issued, obtain the withdrawal of any such order as soon as practicable. The Company shall advise the Purchasers promptly (but in no event later than 24 hours) and shall confirm such advice in writing, in each case: (1) of the Company's receipt of notice of any request by the SEC or any other federal or state governmental authority for amendment of or a supplement to the Registration Statement or any prospectus or for any additional information; (2) of the Company's receipt of notice of the issuance by the SEC or any other federal or state governmental authority of any stop order suspending the effectiveness of the Initial Registration Statement or prohibiting or suspending the use of any prospectus or prospectus supplement, or any New Registration Statement, or of the Company's receipt of any notification of the suspension of qualification of the Registrable Securities for offering or sale in any jurisdiction or the initiation or contemplated initiation of any proceeding for such purpose; and (3) of the Company becoming aware of the happening of any event, which makes any statement of a material fact made in any Registration Statement or any prospectus untrue or which requires the making of any additions to or changes to the statements then made in any Registration Statement or any prospectus in order to state a material fact required by the 1933 Act to be stated therein or necessary in order to make the statements then made therein (in the case of any prospectus, in light of the circumstances under which they were made) not misleading, or of the necessity to amend any Registration Statement or any prospectus to comply with the 1933 Act or any other law. The Company shall not be required to disclose to the Purchasers (and shall not so disclose to any Purchaser without such Purchaser's prior written consent) the substance of specific reasons of any of the events set forth in clauses (1) through (3) of the immediately preceding sentence and shall not provide any material non-public information to the Purchasers in such notice (each, a "***Suspension Event***"), but rather, shall only be required to disclose that the event has occurred. If at any time the SEC, or any other federal or state governmental authority shall issue any stop order suspending the effectiveness of any Registration Statement or prohibiting or suspending the use of any prospectus or prospectus supplement, the Company shall use its reasonable best efforts to obtain the withdrawal of such order at the earliest practicable time. The Company shall furnish to any Purchaser, without charge, a copy of any correspondence from the SEC or the staff of the SEC, or any other federal or state governmental authority to the Company or its representatives relating to the Initial Registration Statement, any New Registration Statement or any prospectus, or prospectus supplement as the case may be. In the event of a Suspension Event set forth in clause (3) of the second sentence of this Section 3(e), the Company will use its commercially reasonable efforts to publicly disclose such event as soon as reasonably practicable, or otherwise resolve the matter such that sales under Registration Statements may resume.

(f) Confirmation of Effectiveness. If reasonably requested by a Purchaser at any time in respect of any Registration Statement, the Company shall deliver to such Purchaser a written confirmation (email being sufficient) from Company's counsel of whether or not the effectiveness of such Registration Statement has lapsed at any time for any reason (including, without limitation, the issuance of a stop order) and whether or not such Registration Statement is currently effective and available to the Purchaser for sale of Registrable Securities.

(g) Listing. The Company shall use best efforts to cause all Registrable Securities covered by a Registration Statement to be listed on the Nasdaq Stock Market and any other National Exchange upon which the Registrable Securities are then listed.

(h) Compliance. The Company shall otherwise use best efforts to comply with all applicable rules and regulations of the SEC under the 1933 Act and the 1934 Act, including, without limitation, Rule 172 under the 1933 Act, file any final prospectus, including any supplement or amendment thereof, with the SEC pursuant to Rule 424 under the 1933 Act, promptly inform the Purchaser in writing if, at any time during the Registration Period, the Company does not satisfy the conditions specified in Rule 172 and, as a result thereof, the Purchaser is required to deliver a prospectus in connection with any disposition of Registrable Securities and take such other actions as may be reasonably necessary to facilitate the registration of the Registrable Securities hereunder, and make available to its security holders, as soon as reasonably practicable, but not later than the Availability Date (as defined below), an earnings statement covering a period of at least twelve (12) months, beginning after

the effective date of each Registration Statement, which earnings statement shall satisfy the provisions of Section 11(a) of the 1933 Act, including Rule 158 promulgated thereunder (for the purpose of this [Section 3\(h\)](#), “**Availability Date**” means the forty-fifth (45th) day following the end of the fourth (4th) fiscal quarter that includes the effective date of such Registration Statement, except that, if such fourth (4th) fiscal quarter is the last quarter of the Company’s fiscal year, “**Availability Date**” means the ninetieth (90th) day after the end of such fourth (4th) fiscal quarter).

(i) [Blue-Sky](#). The Company shall register or qualify or cooperate with a Purchaser and its counsel in connection with the registration or qualification of such Registrable Securities for the offer and sale under the securities or blue sky laws of such jurisdictions reasonably requested by such Purchaser; provided, however, that the Company shall not be required in connection therewith or as a condition thereto to (i) qualify to do business in any jurisdiction where it would not otherwise be required to qualify but for this [Section 3\(i\)](#), (ii) subject itself to general taxation in any jurisdiction where it would not otherwise be so subject but for this [Section 3\(i\)](#), or (iii) file a general consent to service of process in any such jurisdiction.

(j) [Rule 144](#). With a view to making available to the Purchasers the benefits of Rule 144 (or its successor rule) and any other rule or regulation of the SEC that may at any time permit the Purchasers to sell shares of TopCo common stock to the public without registration, for so long as any Registrable Securities are outstanding, the Company covenants and agrees to use best efforts to: (i) make and keep adequate current public information available, as those terms are understood and defined in Rule 144; (ii) file with the SEC in a timely manner all reports and other documents required of the Company under the 1934 Act; and (iii) furnish electronically to each Purchaser upon request, as long as such Purchaser owns any Registrable Securities, (A) a written statement by the Company that it has complied with the reporting requirements of the 1934 Act, (B) a copy of or electronic access to the Company’s most recent Annual Report on Form 10-K or Quarterly Report on Form 10-Q, and (C) such other information as may be reasonably requested in order to avail such Purchaser of any rule or regulation of the SEC that permits the selling of any such Registrable Securities without registration.

(k) [Cooperation](#). The Company shall cooperate with the holders of the Registrable Securities to facilitate the timely preparation and delivery of certificates or uncertificated shares representing the Registrable Securities to be sold pursuant to such Registration Statement or Rule 144 free of any restrictive legends and representing such number of shares of Common Stock and registered in such names as the holders of the Registrable Securities may reasonably request in accordance with the provisions of the Subscription Agreement, and the Company may satisfy its obligations hereunder without issuing physical stock certificates through the use of The Depository Trust Company’s Direct Registration System.

(l) [Removal of Restrictive Legends](#). Without limiting Section 5.09 of the Subscription Agreement, the Company shall use commercially reasonable efforts to cause the Company’s transfer agent to remove any restrictive legend from any Registrable Securities, as promptly as practicable following effectiveness of the applicable Registration Statement, without any request for removal being required from any holder of Registrable Securities.

4. OBLIGATIONS OF THE PURCHASERS.

(a) [Purchaser Information](#). Each Purchaser shall provide a completed Investor Questionnaire in the form attached hereto as Exhibit B or such other form of questionnaire or information reasonably required by the Company in connection with the registration of the Registrable Securities within three (3) Business Days of request by the Company and no later than the end of the third (3rd) Business Day following the date on which such Purchaser receives draft materials in accordance with Section 2(a).

(b) [Suspension of Sales](#). Each Purchaser, severally and not jointly with any other Purchaser, agrees that, upon receipt of any notice from the Company of the existence of an Allowed Delay or Suspension Event, the Purchaser will promptly discontinue disposition of Registrable Securities pursuant to any Registration Statement covering such Registrable Securities until the Purchaser’s receipt of a notice from the Company confirming the resolution of such Allowed Delay or Suspension Event and that such dispositions may again be made; provided, for the avoidance of doubt, that the foregoing shall not limit the right of a Purchaser to sell or

otherwise dispose of the Registrable Securities pursuant to Rule 144 or any other exemption from the registration requirements of the 1933 Act or to settle a transaction pursuant to a Registration Statement as to which a contract for such sale was entered into prior to such Purchaser's receipt of the notice from the Company of the existence of the Allowed Delay or Suspension Event. The Company shall cause its transfer agent to deliver unlegended shares of Common Stock to a transferee of a Purchaser in accordance with any sale of Registrable Securities pursuant to a Registration Statement with respect to which such Purchaser has entered into a contract for sale prior to such Purchaser's receipt of the notice from the Company of the existence of the Allowed Delay or Suspension Event.

(c) Purchaser Cooperation. Each Purchaser, severally and not jointly with any other Purchaser, agrees to cooperate with the Company as reasonably requested by the Company in connection with the preparation and filing of any amendments and supplements to any Registration Statement or New Registration Statement hereunder, unless such Purchaser has notified the Company in writing of its election to exclude all of its Registrable Securities from such Registration Statement.

5. EXPENSES OF REGISTRATION.

All Registration Expenses incurred in connection with registrations pursuant to this Agreement shall be borne by the Company. All Selling Expenses relating to securities registered on behalf of a Purchaser shall be borne by such Purchaser.

6. INDEMNIFICATION.

(a) To the fullest extent permitted by law, the Company will, and hereby does, indemnify, hold harmless and defend each Purchaser, each Person, if any, who controls each Purchaser, the members, shareholders, directors, officers, partners, employees, members, managers, agents, representatives and advisors of each Purchaser and each Person, if any, who controls each Purchaser within the meaning of the 1933 Act or the 1934 Act (each, an "**Indemnified Person**"), against any losses, obligation, claims, damages, liabilities, contingencies, judgments, fines, penalties, charges and costs (including, without limitation, court costs and costs of preparation, reasonable and documented attorneys' fees, amounts paid in settlement (with the prior consent of the Company, such consent not to be unreasonably withheld, conditioned or delayed) or reasonable and documented expenses (collectively, "**Indemnified Damages**")) reasonably incurred in investigating, preparing or defending any action, claim, suit, inquiry, proceeding, investigation or appeal taken from the foregoing by or before any court or governmental, administrative or other regulatory agency or body or the SEC, whether pending or threatened, whether or not an indemnified party is or may be a party thereto ("**Claims**"), to which any of them may become subject insofar as such Claims arise out of or are based upon: (i) any untrue statement or alleged untrue statement or omission or alleged omission of any material fact contained in any Registration Statement, any preliminary prospectus or final prospectus, or any amendment or supplement thereof, or (ii) any violation or alleged violation by the Company of the 1933 Act, 1934 Act or any other state securities or other "blue sky" laws of any jurisdiction in which Registrable Securities are offered or any rule or regulation promulgated thereunder applicable to the Company or its agents and relating to action or inaction required of the Company in connection with such registration of the Registrable Securities (the matters in the foregoing clauses (i) and (ii) being, collectively, "**Violations**"). The Company shall reimburse each Indemnified Person promptly as such Indemnified Damages are incurred and are due and payable in connection with investigating or defending any such Claim. Notwithstanding anything to the contrary contained herein, the indemnification agreement contained in this Section 6(a): (A) shall not apply to a Claim by an Indemnified Person arising out of or based upon a Violation which occurs in reliance upon and in conformity with information furnished in writing to the Company by the Purchaser or such Indemnified Person specifically for use in such Registration Statement and was reviewed and approved in writing by such Purchaser or such Indemnified Person expressly for use in connection with the preparation of any Registration Statement, any prospectus or any such amendment thereof or supplement thereto if the foregoing was timely made available by the Company; (B) with respect to any superseded prospectus, shall not inure to the benefit of any such Person from whom the Person asserting any such Claim purchased the Registrable Securities that are the subject thereof (or to the benefit of any other Indemnified

Person) if the untrue statement or omission of material fact contained in the superseded prospectus was corrected in the revised prospectus, as then amended or supplemented, and the Indemnified Person was promptly advised in writing not to use the outdated, defective or incorrect prospectus prior to the use giving rise to a Violation; (C) shall not be available to the extent such Claim is based on a failure of the Indemnified Person to deliver, or cause to be delivered, if required the prospectus to the Persons asserting an untrue statement or omission or alleged untrue statement or omission at or prior to the written confirmation of the sale of Registrable Securities; and (D) shall not apply to amounts paid in settlement of any Claim if such settlement is effected without the prior written consent of the Company, which consent shall not be unreasonably withheld, conditioned or delayed. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of the Indemnified Person and shall survive the transfer of the Registrable Securities by the Purchaser pursuant to Section 8.

(b) In connection with the Initial Registration Statement, any New Registration Statement or any prospectus, each Purchaser, severally and not jointly, agree to indemnify, hold harmless and defend, the Company, each of its directors and officers who signed the Initial Registration Statement or signs any New Registration Statement, and each Person, if any, who controls the Company within the meaning of the 1933 Act or the 1934 Act (each, an “**Indemnified Party**”), against any losses, claims, damages, liabilities and expenses (including reasonable attorney fees) resulting from (i) any untrue statement or alleged untrue statement or omission or alleged omission of any material fact contained in any Registration Statement or (ii) any Violation or alleged Violation by the Purchaser of its obligations under this Agreement, in each case to the extent, and only to the extent, that such Violation occurs in reliance upon and in conformity with information about the relevant Purchaser furnished in writing by or on behalf of such Purchaser to the Company expressly for use in connection with the preparation of the Registration Statement, any New Registration Statement, any prospectus or any such amendment thereof or supplement thereto, and which was provided to such Purchaser or such Indemnified Person for review prior to use in the Registration Statement, any New Registration Statement, any prospectus or any such amendment thereof or supplement thereto. In no event shall the liability of a Purchaser be greater in amount than the dollar amount of the proceeds (net of all expense paid by such Purchaser in connection with any claim relating to this Section 6 and the amount of any damages such Purchaser has otherwise been required to pay by reason of such Violation) received by such Purchaser upon the sale of the Registrable Securities included in such Registration Statement giving rise to such indemnification obligation. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of such Indemnified Party and shall survive the transfer of the Registrable Securities by a Purchaser pursuant to Section 8.

(c) Promptly after receipt by an Indemnified Person or Indemnified Party under this Section 6 of notice of the commencement of any action or proceeding (including any governmental action or proceeding) involving a Claim, such Indemnified Person or Indemnified Party shall, if a Claim in respect thereof is to be made against any indemnifying party under this Section 6, deliver to the indemnifying party a written notice of the commencement thereof, and the indemnifying party shall have the right to participate in, and, to the extent the indemnifying party so desires, jointly with any other indemnifying party similarly noticed, to assume control of the defense thereof with counsel mutually satisfactory to the indemnifying party and the Indemnified Person or the Indemnified Party, as the case may be, and upon such notice, the indemnifying party shall not be liable to the Indemnified Person or the Indemnified Party for any legal or other expenses subsequently incurred by the Indemnified Person or the Indemnified Party in connection with the defense thereof; provided, however, that an Indemnified Person or Indemnified Party (together with all other Indemnified Persons and Indemnified Parties that may be represented without conflict by one counsel) shall have the right to retain its own counsel with the reasonable fees and expenses to be paid by the indemnifying party, if, in the reasonable opinion of counsel retained by the indemnifying party, the representation by such counsel of the Indemnified Person or Indemnified Party and the indemnifying party would be inappropriate due to actual or potential differing interests between such Indemnified Person or Indemnified Party and any other party represented by such counsel in such proceeding. The Indemnified Party or Indemnified Person shall cooperate with the indemnifying party in connection with any negotiation or defense of any such action or claim by the indemnifying party and shall furnish to the indemnifying party all information reasonably available to the Indemnified Party or Indemnified Person which relates to such action or claim. The indemnifying party shall keep the Indemnified Party or

Indemnified Person fully apprised as to the status of the defense or any settlement negotiations with respect thereto. No indemnifying party shall be liable for any settlement of any action, claim or proceeding effected without its written consent, provided, however, that the indemnifying party shall not unreasonably withhold, delay or condition its consent. No indemnifying party shall, without the consent of the Indemnified Party or Indemnified Person, consent to entry of any judgment or enter into any settlement or other compromise unless such judgment or settlement (i) imposes no liability or obligation on, (ii) includes as an unconditional term thereof the giving of a complete, explicit and unconditional release from the party bringing such indemnified claims of all liability of the Indemnified Party or Indemnified Person in respect to or arising out of such claim or litigation in favor of, and (iii) does not include any admission of fault, culpability, wrongdoing or malfeasance by or on behalf of, the Indemnified Party or Indemnified Person. Following indemnification as provided for hereunder, the indemnifying party shall be subrogated to all rights of the Indemnified Party or Indemnified Person with respect to all third parties, firms or corporations relating to the matter for which indemnification has been made. The failure to deliver written notice to the indemnifying party within a reasonable time of the commencement of any such action shall not relieve such indemnifying party of any liability to the Indemnified Person or Indemnified Party under this Section 6, except to the extent that the indemnifying party is prejudiced in its ability to defend such action.

(d) The indemnification required by this Section 6 shall be made by periodic payments of the amount thereof during the course of the investigation or defense, as and when bills are received or Indemnified Damages are incurred. Any Person receiving a payment pursuant to this Section 6 which person is later determined to not be entitled to such payment shall return such payment (including reimbursement of expenses) to the person making it.

(e) The indemnity agreements contained herein shall be in addition to (i) any cause of action or similar right of the Indemnified Party or Indemnified Person against the indemnifying party or others, and (ii) any liabilities the indemnifying party may be subject to pursuant to the law.

7. CONTRIBUTION.

To the extent any indemnification by an indemnifying party is prohibited or limited by law, the indemnifying party agrees to make the maximum contribution with respect to any amounts for which it would otherwise be liable under Section 6 to the fullest extent permitted by law; provided, however, that: (i) no seller of Registrable Securities guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the 1933 Act) shall be entitled to contribution from any seller of Registrable Securities who was not guilty of fraudulent misrepresentation; and (ii) contribution by any seller of Registrable Securities shall be limited in amount to the net amount of proceeds (net of all expenses paid by such holder in connection with any claim relating to this Section 7 and the amount of any damages such holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission) received by such seller from the sale of such Registrable Securities giving rise to such contribution obligation.

8. ASSIGNMENT OF REGISTRATION RIGHTS.

The Company shall not assign this Agreement or any rights or obligations hereunder (whether by operation of law or otherwise) without the prior written consent of the Purchasers holding a majority of the Registrable Securities then outstanding (voting together as a single class); provided, however, that in any transaction, whether by merger, reorganization, restructuring, consolidation, financing or otherwise, whereby the Company is a party and in which the Registrable Securities are converted into the equity securities of another Person, from and after the effective time of such transaction, such Person shall, by virtue of such transaction, be deemed to have assumed the obligations of the Company hereunder, the term “*Company*” shall be deemed to refer to such Person and the term “*Registrable Securities*” shall be deemed to include the securities received by the Purchaser in connection with such transaction unless such securities are otherwise freely tradable by the Purchaser after giving effect to such transaction, and the prior written consent of the Purchasers holding a majority of the Registrable Securities then outstanding (voting together as a single class) shall not be required for such

transaction. No Purchaser may assign its rights under this Agreement, other than to an affiliate of such Purchaser or to any other investment funds or accounts managed or advised by the investment manager who acts on behalf of the Purchaser, without the prior written consent of the Company. The provisions of this Agreement shall be binding upon and inure to the benefit of the Purchaser and its successors and permitted assigns.

9. AMENDMENTS AND WAIVERS.

The provisions of this Agreement, including the provisions of this sentence, may be amended, modified or supplemented, or waived only by a written instrument executed by (i) the Company and (ii) the Required Purchasers, provided that (a) any party may give a waiver as to itself, (b) any amendment, modification, supplement or waiver that disproportionately and adversely affects the rights and obligations of any Purchaser relative to the comparable rights and obligations of the other Purchasers shall require the prior written consent of such adversely affected Purchaser or each Purchaser, as applicable, and (c) any amendments to Section 6 or to the definitions of “Filing Deadline,” “Effectiveness Deadline,” “New Registration Effectiveness Deadline” or “Registration Period” shall require the written consent of each Purchaser. Notwithstanding the foregoing, a waiver or consent to depart from the provisions hereof with respect to a matter that relates exclusively to the rights of one or more Purchasers and that does not adversely directly or indirectly affect the rights of other Purchasers may be given by Purchasers holding a majority of the Registrable Securities to which such waiver or consent relates.

10. MISCELLANEOUS.

(a) Notices. All notices, requests, consents, and other communications under this Agreement shall be in writing and shall be deemed delivered (a) when delivered, if delivered personally, (b) four (4) Business Days after being sent by registered or certified mail, return receipt requested, postage prepaid, (c) one (1) Business Day after being sent via a reputable nationwide overnight courier service guaranteeing next Business Day delivery, or (d) when delivered, in the case of email, in each case to the intended recipient as set forth below, with respect to the Company, and with respect to the Purchasers, to the addresses and emails set forth in Schedule I to the Subscription Agreement and/or each Purchasers’ respective signature page.

or at such other address as the Company or each Purchaser may specify by written notice to the other parties hereto in accordance with this Section 10(a).

(b) No Waiver. No failure or delay on the part of either party hereto in the exercise of any power, right or privilege under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any such power, right or privilege preclude any other or further exercise thereof or of any other right, power or privilege.

(c) Governing Law; Submission to Jurisdiction; Venue; Waiver of Trial by Jury. The provisions of Section 8.05 of the Subscription Agreement are incorporated by reference herein *mutatis mutandis*.

(d) Entire Agreement. This Agreement, the Subscription Agreement and any other agreement contemplated hereby or thereby (including all schedules and exhibits hereto and thereto) constitute the entire agreement between the parties hereto respecting the subject matter hereof and thereof and supersedes all prior agreements, negotiations, understandings, representations and statements respecting the subject matter hereof and thereof, whether written or oral.

(e) Headings. The titles, subtitles and headings in this Agreement are for convenience of reference and shall not form part of, or affect the interpretation of, this Agreement.

(f) Counterparts. This Agreement may be executed in two or more identical counterparts, all of which shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to the other party; provided that a facsimile or pdf signature including any electronic signatures complying with the U.S. federal ESIGN Act of 2000, e.g., www.docusign.com shall be considered due execution and shall be binding upon the signatory thereto with the same force and effect as if the signature were an original, not a facsimile or pdf (or other electronic reproduction of a) signature.

(g) Further Assurances. Each party shall do and perform, or cause to be done and performed, all such further acts and things, and shall execute and deliver all such other agreements, certificates, instruments and documents as the other party may reasonably request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.

(h) Contract Interpretation. This Agreement is the joint product of each Purchaser and the Company and each provision hereof has been subject to the mutual consultation, negotiation and agreement of such parties and shall not be construed for or against any party hereto.

(i) No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective permitted successors and assigns, and is not for the benefit of, nor may any provision hereof be enforced by, any other Person except as expressly provided in this Agreement. Except as set forth in Sections 6, 7 and 8, nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and assigns any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

(j) Severability. If any part or provision of this Agreement is held unenforceable or in conflict with the applicable laws or regulations of any jurisdiction, the invalid or unenforceable part or provisions shall be replaced with a provision which accomplishes, to the extent possible, the original business purpose of such part or provision in a valid and enforceable manner, and the remainder of this Agreement shall remain binding upon the parties hereto.

(k) Non-Recourse. Notwithstanding anything that may be expressed or implied in this Agreement, the Company covenants, agrees and acknowledges that no recourse under this Agreement or any documents or instruments delivered in connection with this Agreement shall be had against any current or future director, officer, employee, stockholder, general or limited partner or member of any Purchaser or of any affiliates or assignees thereof, whether by the enforcement of any assessment or by any legal or equitable proceeding, or by virtue of any statute, regulation or other applicable law, it being expressly agreed and acknowledged that no personal liability whatsoever shall attach to, be imposed on or otherwise be incurred by any current or future director, officer, employee, stockholder, general or limited partner or member of any Purchaser or of any affiliates or assignees thereof, as such for any obligation of any Purchaser under this Agreement or any documents or instruments delivered in connection with this Agreement for any claim based on, in respect of or by reason of such obligations or their creation.

(l) Specific Performance. In addition to any and all other remedies that may be available at law in the event of any breach of this Agreement, each Purchaser shall be entitled to seek specific performance of the agreements and obligations of the Company hereunder and to such other injunction or equitable relief as may be granted by a court of competent jurisdiction.

(m) Cumulative Remedies. The remedies provided herein are cumulative and not exclusive of any remedies provided by law.

PLAN OF DISTRIBUTION

The selling stockholders, which as used herein includes donees, pledgees, transferees or other successors-in-interest selling shares of common stock or interests in shares of common stock received after the date of this prospectus from a selling stockholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of their shares of common stock or interests in shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The selling stockholders may use any one or more of the following methods when disposing of shares or interests therein:

- distributions to members, partners, stockholders or other equityholders of the selling stockholders;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales and settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling stockholders for purposes of this prospectus.

In connection with the sale of our common stock or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholders may also sell shares of our common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling stockholders from the sale of the common stock offered by them will be the purchase price of the common stock less discounts or commissions, if any. Each of the selling stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents. We will not receive any of the proceeds from this offering.

The selling stockholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule, or another available exemption from the registration requirements under the Securities Act.

The selling stockholders and any underwriters, broker-dealers or agents that participate in the sale of the common stock or interests therein may be “underwriters” within the meaning of Section 2(a)(11) of the Securities Act (it being understood that the selling stockholders shall not be deemed to be underwriters solely as a result of their participation in this offering). Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling stockholders who are “underwriters” within the meaning of Section 2(a)(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

To the extent required, the shares of our common stock to be sold, the names of the selling stockholders, the respective purchase prices and public offering prices, the names of any agent, dealer or underwriter, and any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, the common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

We have advised the selling stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates. In addition, to the extent applicable, we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the selling stockholders against liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus.

We have agreed with the selling stockholders to use commercially reasonable efforts to cause the registration statement of which this prospectus constitutes a part to become effective and to remain continuously effective until the earlier of: (i) the date on which the selling stockholders shall have resold or otherwise disposed of all the shares covered by this prospectus and (ii) the date on which the shares covered by this prospectus no longer constitute “Registrable Securities” as such term is defined in the Registration Rights Agreement, such that they may be resold by the selling stockholders without registration and without regard to any volume or manner-of-sale limitations and without current public information pursuant to Rule 144 under the Securities Act or any other rule of similar effect.

**CERTIFICATE OF AMENDMENT
TO THE
AMENDED AND RESTATED CERTIFICATE OF INCORPORATION**

[RALLYBIO CORPORATION]¹, a corporation organized and existing under the laws of the State of Delaware, hereby certifies as follows:

1. The name of the corporation is [Rallybio Corporation] (the “Corporation”). The Corporation’s original Certificate of Incorporation was filed with the Secretary of State of the State of Delaware on June 30, 2021 (the “Certificate of Incorporation”). The Certificate of Incorporation was amended on July 12, 2021. The Certificate of Incorporation, as amended, was amended and restated on August 2, 2021 (the “Restated Certificate”). The Restated Certificate was further amended on February 6, 2026 [and _____, 2027]². This Certificate of Amendment (the “Amendment”) amends certain provisions of the Restated Certificate, and has been duly adopted in accordance with the provisions of Section 242 of the General Corporation Law of the State of Delaware.
2. The Board of Directors of the Corporation has duly adopted a resolution, pursuant to Section 242 of the General Corporation Law of the State of Delaware, setting forth the following amendment to the Restated Certificate, and declaring the Amendment to be advisable.
3. This Amendment was duly adopted by the vote of the stockholders holding the requisite number of shares of outstanding stock of the Corporation entitled to vote thereon in accordance with the provisions of Sections 216 and 242 of the General Corporation Law of the State of Delaware.
4. The Restated Certificate is hereby amended by adding the following Article XI — REVERSE STOCK SPLIT:

ARTICLE XI — REVERSE STOCK SPLIT

As of 12:01 A.M. (Eastern Time) on _____, 2026 (the “Effective Time”), each issued and outstanding share of the Corporation’s Common Stock (including each share of treasury stock, collectively, the “Pre-Split Stock”) shall automatically and without any action on the part of the holder thereof be reclassified as and reduced to _____ of a share of Common Stock (such reduction of shares designated as the “Reverse Stock Split”). The par value of the Corporation’s Common Stock following the Reverse Stock Split shall remain \$0.0001 per share. Each holder of a certificate or certificates of Pre-Split Stock shall be entitled to receive, upon surrender of such certificates to the Corporation’s transfer agent for cancellation, a new certificate or certificates for a number of shares equal to such holder’s Pre-Split Stock divided by _____, with any fraction resulting from such division rounded down to the nearest whole number (in each case, such fraction, if any, being a “Fractional Share”). No Fractional Shares will be issued for Pre-Split Stock in connection with the Reverse Stock Split. Each holder of Pre-Split Stock at the Effective Time who would otherwise be entitled to a Fractional Share shall, in lieu thereof, receive a cash payment equal to x) the Fractional Share multiplied by y) the closing price of the Company’s Common Stock as reported on The Nasdaq Capital Market or other principal market of the Common Stock on the first business day immediately preceding the date of the Effective Time.”

5. This Amendment shall be effective as of _____, 2026 in accordance with the provisions of Section 103(d) of the General Corporation Law of the State of Delaware.
6. Except as set forth in this Amendment, the Restated Certificate remains in full force and effect.

IN WITNESS WHEREOF, the undersigned has duly executed this Amendment in the name of and on behalf of the Corporation on this day of _____, 2026.

AVENZO THERAPEUTICS, INC.
2026 EQUITY INCENTIVE PLAN

ADOPTED BY THE BOARD OF DIRECTORS: [], 2026
APPROVED BY THE STOCKHOLDERS: [], 2026

1. GENERAL.

(a) Successor to and Continuation of Prior Plan. The Plan is the successor to and continuation of the Prior Plan. As of the Effective Date, (i) no additional awards may be granted under the Prior Plan; (ii) any Returning Shares will become available for issuance pursuant to Awards granted under this Plan; and (iii) all outstanding awards granted under the Prior Plan will remain subject to the terms of the Prior Plan (except to the extent such outstanding awards result in Returning Shares that become available for issuance pursuant to Awards granted under this Plan). All Awards granted under this Plan will be subject to the terms of this Plan.

(b) Plan Purpose. The Company, by means of the Plan, seeks to secure and retain the services of Employees, Directors and Consultants, to provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and to provide a means by which such persons may be given an opportunity to benefit from increases in value of the Common Stock through the granting of Awards.

(c) Available Awards. The Plan provides for the grant of the following Awards: (i) Incentive Stock Options; (ii) Nonstatutory Stock Options; (iii) SARs; (iv) Restricted Stock Awards; (v) RSU Awards; (vi) Performance Awards; and (vii) Other Awards.

(d) Adoption Date; Effective Date. The Plan will come into existence on the Adoption Date, but no Award may be granted prior to the Effective Date.

2. SHARES SUBJECT TO THE PLAN.

(a) Share Reserve. Subject to adjustment in accordance with Section 2(c) and any adjustments as necessary to implement any Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Awards will not exceed []¹ shares, which is the sum of: (i) []² new shares, plus (ii) up to [] Returning Shares, as such shares become available from time to time. In addition, subject to any adjustments as necessary to implement any Capitalization Adjustments, such aggregate number of shares of Common Stock will automatically increase on January 1 of each year for a period of ten years commencing on January 1, 2027 and ending on (and including) January 1, 2036, in an amount equal to five percent (5%) of the total number of Fully Diluted Shares on December 31 of the preceding year; provided, however, that the Board may act prior to January 1st of a given year to provide that the increase for such year will be a lesser number of shares of Common Stock.

(b) Aggregate Incentive Stock Option Limit. Notwithstanding anything to the contrary in Section 2(a) and subject to any adjustments as necessary to implement any Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options is []³ shares.

¹ **NTD:** Equal to 18% of the Parent Common Stock issued and outstanding immediately after the Effective Time.

² **NTD:** Amount equal to the total share reserve (e.g., maximum number of shares), less Returning Shares.

³ **NTD:** To be equal to share reserve, multiplied by 3.

(c) Share Reserve Operation.

(i) Limit Applies to Common Stock Issued Pursuant to Awards. For clarity, the Share Reserve is a limit on the number of shares of Common Stock that may be issued pursuant to Awards and does not limit the granting of Awards, except that the Company will keep available at all times the number of shares of Common Stock reasonably required to satisfy its obligations to issue shares pursuant to such Awards. Shares may be issued in connection with a merger or acquisition as permitted by, as applicable, Nasdaq Listing Rule 5635(c), NYSE Listed Company Manual Section 303A.08, NYSE American Company Guide Section 711 or other applicable rule, and such issuance will not reduce the number of shares available for issuance under the Plan.

(ii) Actions that Do Not Constitute Issuance of Common Stock and Do Not Reduce Share Reserve. The following actions do not result in an issuance of shares under the Plan and accordingly do not reduce the number of shares subject to the Share Reserve and available for issuance under the Plan: (1) the expiration or termination of any portion of an Award without the shares covered by such portion of the Award having been issued; (2) the settlement of any portion of an Award in cash (*i.e.*, the Participant receives cash rather than Common Stock); (3) the withholding of shares that would otherwise be issued by the Company to satisfy the exercise, strike or purchase price of an Award; or (4) the withholding of shares that would otherwise be issued by the Company to satisfy a tax withholding obligation in connection with an Award.

(iii) Reversion of Previously Issued Shares of Common Stock to Share Reserve. The following shares of Common Stock previously issued pursuant to an Award and accordingly initially deducted from the Share Reserve will be added back to the Share Reserve and again become available for issuance under the Plan: (1) any shares that are forfeited back to or repurchased by the Company because of a failure to meet a contingency or condition required for the vesting of such shares; (2) any shares that are reacquired by the Company to satisfy the exercise, strike or purchase price of an Award; and (3) any shares that are reacquired by the Company to satisfy a tax withholding obligation in connection with an Award.

3. ELIGIBILITY AND LIMITATIONS.

(a) Eligible Award Recipients. Subject to the terms of the Plan, Employees, Directors and Consultants are eligible to receive Awards.

(b) Specific Award Limitations.

(i) Limitations on Incentive Stock Option Recipients. Incentive Stock Options may be granted only to Employees of the Company or a “parent corporation” or “subsidiary corporation” thereof (as such terms are defined in Sections 424(e) and (f) of the Code).

(ii) Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds \$100,000 (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(iii) Limitations on Incentive Stock Options Granted to Ten Percent Stockholders. A Ten Percent Stockholder may not be granted an Incentive Stock Option unless (1) the exercise price of such Option is at least 110% of the Fair Market Value on the date of grant of such Option and (2) the Option is not exercisable after the expiration of five years from the date of grant of such Option.

(iv) Limitations on Nonstatutory Stock Options and SARs. Nonstatutory Stock Options and SARs may not be granted to Employees, Directors and Consultants unless the stock underlying such Awards is treated

as “service recipient stock” under Section 409A or unless such Awards otherwise comply with the requirements of Section 409A.

(c) Aggregate Incentive Stock Option Limit. The aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options is the number of shares specified in Section 2(b).

(d) Non-Employee Director Compensation Limit. The aggregate value of all compensation granted or paid, as applicable, to any individual for service as a Non-Employee Director with respect to any calendar year, including Awards granted and cash fees paid by the Company to such Non-Employee Director, will not exceed (1) \$750,000 in total value or (2) in the event such Non-Employee Director is first appointed or elected to the Board during such calendar year, \$1,000,000 in total value, in each case, calculating the value of any equity awards based on the grant date fair value of such equity awards for financial reporting purposes. The limitations in this Section 3(d) shall apply commencing with the first calendar year that begins following the Effective Date.

4. OPTIONS AND STOCK APPRECIATION RIGHTS.

Each Option and SAR will have such terms and conditions as determined by the Board. Each Option will be designated in writing as an Incentive Stock Option or Nonstatutory Stock Option at the time of grant; provided, however, that if an Option is not so designated or if an Option designated as an Incentive Stock Option fails to qualify as an Incentive Stock Option, then such Option will be a Nonstatutory Stock Option, and the shares purchased upon exercise of each type of Option will be separately accounted for. Each SAR will be denominated in shares of Common Stock equivalents. The terms and conditions of separate Options and SARs need not be identical; provided, however, that each Option Agreement and SAR Agreement will conform (through incorporation of provisions hereof by reference in the Award Agreement or otherwise) to the substance of each of the following provisions:

(a) Term. Subject to Section 3(b) regarding Ten Percent Stockholders, no Option or SAR will be exercisable after the expiration of ten years from the date of grant of such Award or such shorter period specified in the Award Agreement.

(b) Exercise or Strike Price. Subject to Section 3(b) regarding Ten Percent Stockholders, the exercise or strike price of each Option or SAR will not be less than 100% of the Fair Market Value on the date of grant of such Award. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise or strike price lower than 100% of the Fair Market Value on the date of grant of such Award if such Award is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Corporate Transaction and in a manner consistent with the provisions of Sections 409A and, if applicable, 424(a) of the Code.

(c) Exercise Procedure and Payment of Exercise Price for Options. In order to exercise an Option, the Participant must provide notice of exercise to the Plan Administrator in accordance with the procedures specified in the Option Agreement or otherwise provided by the Company. The Board has the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The exercise price of an Option may be paid, to the extent permitted by Applicable Law and as determined by the Board, by one or more of the following methods of payment to the extent set forth in the Option Agreement:

(i) by cash or check, bank draft or money order payable to the Company;

(ii) pursuant to a “cashless exercise” program developed under Regulation T as promulgated by the U.S. Federal Reserve Board that, prior to the issuance of the Common Stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock that are already owned by the Participant free and clear of any liens, claims, encumbrances or security interests, with a Fair Market Value on the date of exercise that does not exceed the exercise price, provided that (1) at the time of exercise the Common Stock is publicly traded, (2) any remaining balance of the exercise price not satisfied by such delivery is paid by the Participant in cash or other permitted form of payment, (3) such delivery would not violate any Applicable Law or agreement restricting the redemption of the Common Stock, (4) any certificated shares are endorsed or accompanied by an executed assignment separate from certificate, and (5) such shares have been held by the Participant for any minimum period necessary to avoid adverse accounting treatment as a result of such delivery;

(iv) if the Option is a Nonstatutory Stock Option, by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value on the date of exercise that does not exceed the exercise price, provided that (1) such shares used to pay the exercise price will not be exercisable thereafter and (2) any remaining balance of the exercise price not satisfied by such net exercise is paid by the Participant in cash or other permitted form of payment; or

(v) in any other form of consideration that may be acceptable to the Board and permissible under Applicable Law.

(d) Exercise Procedure and Payment of Appreciation Distribution for SARs. In order to exercise any SAR, the Participant must provide notice of exercise to the Plan Administrator in accordance with the SAR Agreement. The appreciation distribution payable to a Participant upon the exercise of a SAR will not be greater than an amount equal to the excess of (i) the aggregate Fair Market Value on the date of exercise of a number of shares of Common Stock equal to the number of Common Stock equivalents that are vested and being exercised under such SAR, over (ii) the strike price of such SAR. Such appreciation distribution may be paid to the Participant in the form of Common Stock or cash (or any combination of Common Stock and cash) or in any other form of payment, as determined by the Board and specified in the SAR Agreement.

(e) Transferability. Options and SARs may not be transferred to third party financial institutions for value. The Board may impose such additional limitations on the transferability of an Option or SAR as it determines. In the absence of any such determination by the Board, the following restrictions on the transferability of Options and SARs will apply, provided that except as explicitly provided herein, neither an Option nor a SAR may be transferred for consideration and *provided, further*, that if an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer:

(i) Restrictions on Transfer. An Option or SAR will not be transferable, except by will or by the laws of descent and distribution, and will be exercisable during the lifetime of the Participant only by the Participant; provided, however, that the Board may permit transfer of an Option or SAR in a manner that is not prohibited by applicable tax and securities laws upon the Participant’s request, including to a trust if the Participant is considered to be the sole beneficial owner of such trust (as determined under Section 671 of the Code and applicable state law) while such Option or SAR is held in such trust, provided that the Participant and the trustee enter into a transfer and other agreements required by the Company.

(ii) Domestic Relations Orders. Notwithstanding the foregoing, subject to the execution of transfer documentation in a format acceptable to the Company and subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to a domestic relations order.

(f) Vesting. The Board may impose such restrictions on or conditions to the vesting and/or exercisability of an Option or SAR as determined by the Board. Except as otherwise provided in the applicable Award Agreement or other written agreement between a Participant and the Company or an Affiliate, vesting of Options and SARs will cease upon termination of the Participant’s Continuous Service.

(g) Termination of Continuous Service for Cause. Except as explicitly otherwise provided in the Award Agreement or other written agreement between a Participant and the Company or an Affiliate, if a Participant's Continuous Service is terminated for Cause, the Participant's Options and SARs will terminate and be forfeited immediately upon such termination of Continuous Service, and the Participant will be prohibited from exercising any portion (including any vested portion) of such Awards on and after the date of such termination of Continuous Service and the Participant will have no further right, title or interest in such forfeited Award, the shares of Common Stock subject to the forfeited Award, or any consideration in respect of the forfeited Award.

(h) Post-Termination Exercise Period Following Termination of Continuous Service for Reasons Other than Cause. Subject to Section 4(i), if a Participant's Continuous Service terminates for any reason other than for Cause, the Participant may exercise his or her Option or SAR to the extent vested, but only within the following period of time or, if applicable, such other period of time provided in the Award Agreement or other written agreement between a Participant and the Company or an Affiliate; provided, however, that in no event may such Award be exercised after the expiration of its maximum term (as set forth in Section 4(a)):

(i) three months following the date of such termination if such termination is a termination without Cause (other than any termination due to the Participant's Disability or death);

(ii) 12 months following the date of such termination if such termination is due to the Participant's Disability;

(iii) 18 months following the date of such termination if such termination is due to the Participant's death; or

(iv) 18 months following the date of the Participant's death if such death occurs following the date of such termination but during the period such Award is otherwise exercisable (as provided in (i) or (ii) above).

Following the date of such termination, to the extent the Participant does not exercise such Award within the applicable Post-Termination Exercise Period (or, if earlier, prior to the expiration of the maximum term of such Award), such unexercised portion of the Award will terminate, and the Participant will have no further right, title or interest in the terminated Award, the shares of Common Stock subject to the terminated Award, or any consideration in respect of the terminated Award.

(i) Restrictions on Exercise; Extension of Exercisability. A Participant may not exercise an Option or SAR at any time that the issuance of shares of Common Stock upon such exercise would violate Applicable Law. Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company or an Affiliate, if a Participant's Continuous Service terminates for any reason other than for Cause and, at any time during the last thirty days of the applicable Post-Termination Exercise Period: (i) the exercise of the Participant's Option or SAR would be prohibited solely because the issuance of shares of Common Stock upon such exercise would violate Applicable Law, or (ii) the immediate sale of any shares of Common Stock issued upon such exercise would violate the Company's Trading Policy, then the applicable Post-Termination Exercise Period will be extended to the last day of the calendar month that commences following the date the Award would otherwise expire, with an additional extension of the exercise period to the last day of the next calendar month to apply if any of the foregoing restrictions apply at any time during such extended exercise period, generally without limitation as to the maximum permitted number of extensions; provided, however, that in no event may such Award be exercised after the expiration of its maximum term (as set forth in Section 4(a)).

(j) Non-Exempt Employees. No Option or SAR, whether or not vested, granted to an Employee who is a non-exempt employee for purposes of the U.S. Fair Labor Standards Act of 1938, as amended, will be first exercisable for any shares of Common Stock until at least six months following the date of grant of such Award. Notwithstanding the foregoing, in accordance with the provisions of the U.S. Worker Economic Opportunity Act, any vested portion of such Award may be exercised earlier than six months following the date of grant of such

Award in the event of (i) such Participant's death or Disability, (ii) a Corporate Transaction in which such Award is not assumed, continued or substituted, (iii) a Change in Control, or (iv) such Participant's retirement (as such term may be defined in the Award Agreement or another applicable agreement or, in the absence of any such definition, in accordance with the Company's then current employment policies and guidelines). This Section 4(j) is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from his or her regular rate of pay.

(k) Whole Shares. Options and SARs may be exercised only with respect to whole shares of Common Stock or their equivalents.

5. AWARDS OTHER THAN OPTIONS AND STOCK APPRECIATION RIGHTS.

(a) Restricted Stock Awards and RSU Awards. Each Restricted Stock Award and RSU Award will have such terms and conditions as determined by the Board; provided, however, that each Restricted Stock Award Agreement and RSU Award Agreement will conform (through incorporation of the provisions hereof by reference in the Award Agreement or otherwise) to the substance of each of the following provisions:

(i) Form of Award.

(1) Restricted Stock Awards: To the extent consistent with the Company's Bylaws, at the Board's election, shares of Common Stock subject to a Restricted Stock Award may be (A) held in book entry form subject to the Company's instructions until such shares become vested or any other restrictions lapse, or (B) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. Unless otherwise determined by the Board, a Participant will have voting and other rights as a stockholder of the Company with respect to any shares subject to a Restricted Stock Award.

(2) RSU Awards: An RSU Award represents a Participant's right to be issued on a future date the number of shares of Common Stock that is equal to the number of restricted stock units subject to the RSU Award. As a holder of an RSU Award, a Participant is an unsecured creditor of the Company with respect to the Company's unfunded obligation, if any, to issue shares of Common Stock in settlement of such Award and nothing contained in the Plan or any RSU Award Agreement, and no action taken pursuant to its provisions, will create or be construed to create a trust of any kind or a fiduciary relationship between a Participant and the Company or an Affiliate or any other person. A Participant will not have voting or any other rights as a stockholder of the Company with respect to any RSU Award (unless and until shares are actually issued in settlement of a vested RSU Award).

(ii) Consideration.

(1) Restricted Stock Awards: A Restricted Stock Award may be granted in consideration for (A) cash or check, bank draft or money order payable to the Company, (B) services to the Company or an Affiliate, or (C) any other form of consideration as the Board may determine and permissible under Applicable Law.

(2) RSU Awards: Unless otherwise determined by the Board at the time of grant, an RSU Award will be granted in consideration for the Participant's services to the Company or an Affiliate, such that the Participant will not be required to make any payment to the Company (other than such services) with respect to the grant or vesting of the RSU Award, or the issuance of any shares of Common Stock pursuant to the RSU Award. If, at the time of grant, the Board determines that any consideration must be paid by the Participant (in a form other than the Participant's services to the Company or an Affiliate) upon the issuance of any shares of Common Stock in settlement of the RSU Award, such consideration may be paid in any form of consideration as the Board may determine and permissible under Applicable Law.

(iii) Vesting. The Board may impose such restrictions on or conditions to the vesting of a Restricted Stock Award or RSU Award as determined by the Board. Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company or an Affiliate, vesting of Restricted Stock Awards and RSU Awards will cease upon termination of the Participant's Continuous Service.

(iv) Termination of Continuous Service. Except as otherwise provided in the Award Agreement or other written agreement between a Participant and the Company or an Affiliate, if a Participant's Continuous Service terminates for any reason, (1) the Company may receive through a forfeiture condition or a repurchase right any or all of the shares of Common Stock held by the Participant under his or her Restricted Stock Award that have not vested as of the date of such termination as set forth in the Restricted Stock Award Agreement and the Participant will have no further right, title or interest in the Restricted Stock Award, the shares of Common Stock subject to the Restricted Stock Award, or any consideration in respect of the Restricted Stock Award and (2) any portion of his or her RSU Award that has not vested will be forfeited upon such termination and the Participant will have no further right, title or interest in the RSU Award, the shares of Common Stock issuable pursuant to the RSU Award, or any consideration in respect of the RSU Award.

(v) Dividends and Dividend Equivalents. Dividends or dividend equivalents may be paid or credited, as applicable, with respect to any shares of Common Stock subject to a Restricted Stock Award or RSU Award, as determined by the Board and specified in the Award Agreement.

(vi) Settlement of RSU Awards. An RSU Award may be settled by the issuance of shares of Common Stock or cash (or any combination thereof) or in any other form of payment, as determined by the Board and specified in the RSU Award Agreement. At the time of grant, the Board may determine to impose such restrictions or conditions that delay such delivery to a date following the vesting of the RSU Award.

(b) Performance Awards. With respect to any Performance Award, the length of any Performance Period, the Performance Goals to be achieved during the Performance Period, the other terms and conditions of such Award, and the measure of whether and to what degree such Performance Goals have been attained will be determined by the Board.

(c) Other Awards. Other forms of Awards valued in whole or in part by reference to, or otherwise based on, Common Stock, including the appreciation in value thereof may be granted either alone or in addition to Awards provided for under Section 4 and the preceding provisions of this Section 5. Subject to the provisions of the Plan, the Board will have sole and complete discretion to determine the persons to whom and the time or times at which such Other Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Awards and all other terms and conditions of such Other Awards.

6. ADJUSTMENTS UPON CHANGES IN COMMON STOCK; OTHER CORPORATE EVENTS.

(a) Capitalization Adjustments. In the event of a Capitalization Adjustment, the Board shall appropriately and proportionately adjust: (i) the class(es) and maximum number of shares of Common Stock subject to the Plan and the maximum number of shares by which the Share Reserve may annually increase pursuant to Section 2(a); (ii) the class(es) and maximum number of shares that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 2(b); and (iii) the class(es) and number of securities and exercise price, strike price or purchase price of Common Stock subject to outstanding Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. Notwithstanding the foregoing, no fractional shares or rights for fractional shares of Common Stock shall be created in order to implement any Capitalization Adjustment. The Board shall determine an appropriate equivalent benefit, if any, for any fractional shares or rights to fractional shares that might be created by the adjustments referred to in the preceding provisions of this Section.

(b) Dissolution or Liquidation. Except as otherwise provided in the Award Agreement, in the event of a dissolution or liquidation of the Company, all outstanding Awards (other than Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company's right of repurchase) will terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Award is providing Continuous Service, provided, however, that the Board may determine to cause some or all Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Awards have not previously expired or terminated) before the dissolution or liquidation is completed but contingent on its completion.

(c) Corporate Transaction. The following provisions will apply to Awards in the event of a Corporate Transaction, except as set forth in Section 11, unless otherwise provided in the instrument evidencing the Award or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Board at the time of grant of an Award.

(i) Awards May Be Assumed. In the event of a Corporate Transaction, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue any or all Awards outstanding under the Plan or may substitute similar awards for Awards outstanding under the Plan (including but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Corporate Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Awards may be assigned by the Company to the successor of the Company (or the successor's parent company, if any), in connection with such Corporate Transaction. A surviving corporation or acquiring corporation (or its parent) may choose to assume or continue only a portion of an Award or substitute a similar award for only a portion of an Award, or may choose to assume, continue or substitute the Awards held by some, but not all Participants. The terms of any assumption, continuation or substitution will be set by the Board.

(ii) Awards Held by Current Participants. In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Awards or substitute similar awards for such outstanding Awards, then with respect to Awards that have not been assumed, continued or substituted and that are held by Participants whose Continuous Service has not terminated prior to the effective time of the Corporate Transaction (referred to as the "**Current Participants**"), the vesting of such Awards (and, with respect to Options and Stock Appreciation Rights, the time when such Awards may be exercised) will be accelerated in full to a date prior to the effective time of such Corporate Transaction (contingent upon the effectiveness of the Corporate Transaction) as the Board determines (or, if the Board does not determine such a date, to the date that is five days prior to the effective time of the Corporate Transaction), and such Awards will terminate if not exercised (if applicable) at or prior to the effective time of the Corporate Transaction, and any reacquisition or repurchase rights held by the Company with respect to such Awards will lapse (contingent upon the effectiveness of the Corporate Transaction). With respect to the vesting of Performance Awards that will accelerate upon the occurrence of a Corporate Transaction pursuant to this subsection (ii) and that have multiple vesting levels depending on the level of performance, unless otherwise provided in the Award Agreement, the vesting of such Performance Awards will accelerate at 100% of the target level upon the occurrence of the Corporate Transaction in which the Awards are not assumed, continued or substituted in accordance with Section 6(c)(i). With respect to the vesting of Awards that will accelerate upon the occurrence of a Corporate Transaction pursuant to this subsection (ii) and are settled in the form of a cash payment, such cash payment will be made no later than 30 days following the occurrence of the Corporate Transaction or such later date as required to comply with Section 409A of the Code.

(iii) Awards Held by Persons other than Current Participants. In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Awards or substitute similar awards for such outstanding Awards, then with respect to Awards that have not been assumed, continued or substituted and that are held by persons other than Current

Participants, such Awards will terminate if not exercised (if applicable) prior to the occurrence of the Corporate Transaction; provided, however, that any reacquisition or repurchase rights held by the Company with respect to such Awards will not terminate and may continue to be exercised notwithstanding the Corporate Transaction.

(iv) Payment for Awards in Lieu of Exercise. Notwithstanding the foregoing, in the event an Award will terminate if not exercised prior to the effective time of a Corporate Transaction, the Board may provide, in its sole discretion, that the holder of such Award may not exercise such Award but will receive a payment, in such form as may be determined by the Board, equal in value, at the effective time, to the excess, if any, of (1) the value of the property the Participant would have received upon the exercise of the Award (including, at the discretion of the Board, any unvested portion of such Award), over (2) any exercise price payable by such holder in connection with such exercise.

(d) Appointment of Stockholder Representative. As a condition to the receipt of an Award under this Plan, a Participant will be deemed to have agreed that the Award will be subject to the terms of any agreement governing a Corporate Transaction involving the Company, including, without limitation, a provision for the appointment of a stockholder representative that is authorized to act on the Participant's behalf with respect to any escrow, indemnities and any contingent consideration.

(e) No Restriction on Right to Undertake Transactions. The grant of any Award under the Plan and the issuance of shares pursuant to any Award does not affect or restrict in any way the right or power of the Company, the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any Change in Control, any Corporate Transaction, any merger or consolidation of the Company, any issue of stock or of options, rights or options to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

7. ADMINISTRATION.

(a) Administration by Board. The Board will administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in subsection (c) below.

(b) Powers of Board. The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine from time to time (1) which of the persons eligible under the Plan will be granted Awards; (2) when and how each Award will be granted; (3) what type or combination of types of Award will be granted; (4) the provisions of each Award granted (which need not be identical), including the time or times when a person will be permitted to receive an issuance of Common Stock or other payment pursuant to an Award; (5) the number of shares of Common Stock or cash equivalent with respect to which an Award will be granted to each such person; (6) the Fair Market Value applicable to an Award; and (7) the terms of any Performance Award that is not valued in whole or in part by reference to, or otherwise based on, the Common Stock, including the amount of cash payment or other property that may be earned and the timing of payment.

(ii) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Award Agreement, in a manner and to the extent it deems necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards granted under it.

(iv) To accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest, notwithstanding the provisions in the Award Agreement stating the time at which it may first be exercised or the time during which it will vest.

(v) To prohibit the exercise of any Option, SAR or other exercisable Award during a period of up to 30 days prior to the consummation of any pending stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the shares of Common Stock or the share price of the Common Stock, including any Corporate Transaction, for reasons of administrative convenience.

(vi) To suspend or terminate the Plan at any time. Suspension or termination of the Plan will not Materially Impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant.

(vii) To amend the Plan in any respect the Board deems necessary or advisable; provided, however, that stockholder approval will be required for any amendment to the extent required by Applicable Law. Except as provided above, rights under any Award granted before amendment of the Plan will not be Materially Impaired by any amendment of the Plan unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(viii) To submit any amendment to the Plan for stockholder approval.

(ix) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided however*, that, a Participant's rights under any Award will not be Materially Impaired by any such amendment unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(x) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(xi) To adopt such procedures and sub-plans as are necessary or appropriate to permit and facilitate participation in the Plan by, or take advantage of specific tax treatment for Awards granted to, Employees, Directors or Consultants who are non-U.S. nationals or employed outside the United States (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Award Agreement to ensure or facilitate compliance with the laws of the relevant non-U.S. jurisdiction).

(xii) To effect, at any time and from time to time, subject to the consent of any Participant whose Award is Materially Impaired by such action, (1) the reduction of the exercise price (or strike price) of any outstanding Option or SAR; (2) the cancellation of any outstanding Option or SAR and the grant in substitution therefor of (A) a new Option, SAR, Restricted Stock Award, RSU Award or Other Award, under the Plan or another equity plan of the Company, covering the same or a different number of shares of Common Stock, (B) cash and/or (C) other valuable consideration (as determined by the Board); or (3) any other action that is treated as a repricing under generally accepted accounting principles.

(c) Delegation to Committee.

(i) General. The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to

the Committee, including the power to delegate to another Committee or a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. Each Committee may retain the authority to concurrently administer the Plan with the Committee or subcommittee to which it has delegated its authority hereunder and may, at any time, revert in such Committee some or all of the powers previously delegated. The Board may retain the authority to concurrently administer the Plan with any Committee and may, at any time, revert in the Board some or all of the powers previously delegated.

(ii) Rule 16b-3 Compliance. To the extent an Award is intended to qualify for the exemption from Section 16(b) of the Exchange Act that is available under Rule 16b-3 of the Exchange Act, the Award will be granted by the Board or a Committee that consists solely of two or more Non-Employee Directors, as determined under Rule 16b-3(b)(3) of the Exchange Act and thereafter any action establishing or modifying the terms of the Award will be approved by the Board or a Committee meeting such requirements to the extent necessary for such exemption to remain available.

(d) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board or any Committee in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

(e) Delegation to Other Person or Body. The Board or any Committee may delegate to one or more persons or bodies the authority to do one or more of the following to the extent permitted by Applicable Law: (i) designate recipients, other than Officers, of Awards, provided that no person or body may be delegated authority to grant an Award to itself; (ii) determine the number of shares subject to such Awards; and (iii) determine the terms of such Awards; provided, however, that the Board or Committee action regarding such delegation will fix the terms of such delegation in accordance with Applicable Law, including without limitation Sections 152 and 157 of the Delaware General Corporation Law. Unless provided otherwise in the Board or Committee action regarding such delegation, each Award granted pursuant to this section will be granted on the applicable form of Award Agreement most recently approved for use by the Board or the Committee, with any modifications necessary to incorporate or reflect the terms of such Award. Notwithstanding anything to the contrary herein, neither the Board nor any Committee may delegate to any person or body (who is not a Director or that is not comprised solely of Directors, respectively) the authority to determine the Fair Market Value.

8. TAX WITHHOLDING

(a) Withholding Authorization. As a condition to acceptance of any Award under the Plan, a Participant authorizes withholding from payroll and any other amounts payable to such Participant, and otherwise agrees to make adequate arrangements to satisfy the Tax-Related Items withholding obligations, if any, of the Company and/or an Affiliate that arise in connection with the grant, vesting, exercise or settlement of such Award, as applicable. Accordingly, a Participant may not be able to exercise an Award even though the Award is vested, and the Company shall have no obligation to issue shares of Common Stock subject to an Award, unless and until such obligations are satisfied.

(b) Satisfaction of Withholding Obligation. To the extent permitted by the terms of an Award Agreement, the Company may, in its sole discretion, satisfy any Tax-Related Items withholding obligation relating to an Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Award; (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; (v) by allowing a Participant to effectuate a "cashless exercise" pursuant to a program developed under Regulation T as promulgated by the U.S. Federal Reserve Board; or (vi) by such other method as may be set forth in the Award Agreement.

(c) No Obligation to Notify or Minimize Taxes; No Liability to Claims. Except as required by Applicable Law, the Company has no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Award. Furthermore, the Company has no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of an Award to the holder of such Award and will not be liable to any holder of an Award for any adverse tax consequences to such holder in connection with an Award. As a condition to accepting an Award under the Plan, each Participant (i) agrees to not make any claim against the Company, or any of its Officers, Directors, Employees or Affiliates related to tax liabilities arising from such Award or other Company compensation and (ii) acknowledges that such Participant was advised to consult with his or her own personal tax, financial and other legal advisors regarding the tax consequences of the Award and has either done so or knowingly and voluntarily declined to do so. Additionally, each Participant acknowledges any Option or SAR granted under the Plan is exempt from Section 409A only if the exercise or strike price is at least equal to the “fair market value” of the Common Stock on the date of grant as determined by the U.S. Internal Revenue Service and there is no other impermissible deferral of compensation associated with the Award. Additionally, as a condition to accepting an Option or SAR granted under the Plan, each Participant agrees to not make any claim against the Company, or any of its Officers, Directors, Employees or Affiliates in the event that the U.S. Internal Revenue Service asserts that such exercise price or strike price is less than the “fair market value” of the Common Stock on the date of grant as subsequently determined by the U.S. Internal Revenue Service.

(d) Withholding Indemnification. The Company and/or its Affiliate may withhold or account for Tax-Related Items by considering statutory or other withholding rates, including minimum or maximum rates applicable in a Participant’s jurisdiction. In the event of overwithholding, the Participant may receive a refund of any over-withheld amount in cash (with no entitlement to the equivalent in Common Stock) or, if not refunded, the Participant may seek a refund from the local tax authorities. In the event of under-withholding, the Participant may be required to pay any additional Tax-Related Items directly to the applicable tax authority or to the Company and/or its Affiliate. As a condition to accepting an Award under the Plan, in the event that the amount of the Company’s and/or its Affiliate’s withholding obligation in connection with such Award was greater than the amount actually withheld by the Company and/or its Affiliates, each Participant agrees to indemnify and hold the Company and/or its Affiliates harmless from any failure by the Company and/or its Affiliates to withhold the proper amount. Further, if the obligation for Tax-Related Items is satisfied by withholding in shares of Common Stock, for tax purposes, the Participant will be deemed to have been issued the full number of shares subject to the Award, notwithstanding that a number of the shares is held back solely for the purpose of paying the Tax-Related Items.

9. MISCELLANEOUS.

(a) Source of Shares. The stock issuable under the Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market or otherwise.

(b) Use of Proceeds from Sales of Common Stock. Proceeds from the sale of shares of Common Stock pursuant to Awards will constitute general funds of the Company.

(c) Corporate Action Constituting Grant of Awards. Corporate action constituting a grant by the Company of an Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action approving the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Award Agreement or related grant documents as a result of a clerical error in the Award Agreement or related grant documents, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Award Agreement or related grant documents.

(d) Stockholder Rights. No Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Award unless and until (i) such Participant has satisfied all requirements for exercise of the Award pursuant to its terms, if applicable, and (ii) the issuance of the Common Stock subject to such Award is reflected in the records of the Company.

(e) No Employment or Other Service Rights. Nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or affect the right of the Company or an Affiliate to terminate at will (unless otherwise required under Applicable Law) and without regard to any future vesting opportunity that a Participant may have with respect to any Award (i) the employment of an Employee with or without notice and with or without Cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the U.S. state or non-U.S. jurisdiction in which the Company or the Affiliate is incorporated, as the case may be. Further, nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Award will constitute any promise or commitment by the Company or an Affiliate regarding the fact or nature of future positions, future work assignments, future compensation or any other term or condition of employment or service or confer any right or benefit under the Award or the Plan unless such right or benefit has specifically accrued under the terms of the Award Agreement and/or Plan.

(f) Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of his or her services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee or takes an extended leave of absence) after the date of grant of any Award to the Participant, the Board may determine, to the extent permitted by Applicable Law, to (i) make a corresponding reduction in the number of shares or cash amount subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment, and (ii) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

(g) Execution of Additional Documents. As a condition to accepting an Award under the Plan, the Participant agrees to execute any additional documents or instruments necessary or desirable, as determined in the Plan Administrator's sole discretion, to carry out the purposes or intent of the Award, or facilitate compliance with securities and/or other regulatory requirements, in each case at the Plan Administrator's request.

(h) Electronic Delivery and Participation. Any reference herein or in an Award Agreement to a "written" agreement or document will include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access). By accepting any Award the Participant consents to receive documents by electronic delivery and to participate in the Plan through any on-line electronic system established and maintained by the Plan Administrator or another third party selected by the Plan Administrator. The form of delivery of any Common Stock (e.g., a stock certificate or electronic entry evidencing such shares) shall be determined by the Company.

(i) Clawback/Recovery. All Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other Applicable Law and any clawback policy that the Company otherwise adopts, to the extent applicable and permissible under Applicable Law. In addition, the Board may impose such other clawback, recovery or recoupment provisions in an Award Agreement as the

Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of Common Stock or other cash or property upon the occurrence of Cause. No recovery of compensation under such a clawback policy will be an event giving rise to a Participant's right to voluntarily terminate employment upon a "resignation for good reason," or for a "constructive termination" or any similar term under any plan of or agreement with the Company.

(j) Securities Law Compliance. A Participant will not be issued any shares in respect of an Award unless either (i) the shares are registered under the Securities Act or (ii) the Company has determined that such issuance would be exempt from the registration requirements of the Securities Act. Each Award also must comply with other Applicable Law governing the Award, and a Participant will not receive such shares if the Company determines that such receipt would not be in material compliance with Applicable Law.

(k) Transfer or Assignment of Awards; Issued Shares. Except as expressly provided in the Plan or the form of Award Agreement, Awards granted under the Plan may not be transferred or assigned by the Participant. After the vested shares subject to an Award have been issued, or in the case of a Restricted Stock Award and similar awards, after the issued shares have vested, the holder of such shares is free to assign, hypothecate, donate, encumber or otherwise dispose of any interest in such shares provided that any such actions are in compliance with the provisions herein, the terms of the Trading Policy and Applicable Law.

(l) Effect on Other Employee Benefit Plans. The value of any Award granted under the Plan, as determined upon grant, vesting or settlement, shall not be included as compensation, earnings, salaries, or other similar terms used when calculating any Participant's benefits under any employee benefit plan sponsored by the Company or any Affiliate, except as such plan otherwise expressly provides. The Company expressly reserves its rights to amend, modify, or terminate any of the Company's or any Affiliate's employee benefit plans.

(m) Deferrals. To the extent permitted by Applicable Law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may also establish programs and procedures for deferral elections to be made by Participants. Deferrals will be made in accordance with the requirements of Section 409A.

(n) Section 409A. Unless otherwise expressly provided for in an Award Agreement, the Plan and Award Agreements will be interpreted to the greatest extent possible in a manner that makes the Plan and the Awards granted hereunder exempt from Section 409A, and, to the extent not so exempt, in compliance with the requirements of Section 409A. If the Board determines that any Award granted hereunder is not exempt from and is therefore subject to Section 409A, the Award Agreement evidencing such Award will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code, and to the extent an Award Agreement is silent on terms necessary for compliance, such terms are hereby incorporated by reference into the Award Agreement. Notwithstanding anything to the contrary in this Plan (and unless the Award Agreement specifically provides otherwise), if the shares of Common Stock are publicly traded, and if a Participant holding an Award that constitutes "deferred compensation" under Section 409A is a "specified employee" for purposes of Section 409A, no distribution or payment of any amount that is due because of a "separation from service" (as defined in Section 409A without regard to alternative definitions thereunder) will be issued or paid before the date that is six months and one day following the date of such Participant's "separation from service" or, if earlier, the date of the Participant's death, unless such distribution or payment can be made in a manner that complies with Section 409A, and any amounts so deferred will be paid in a lump sum on the day after such six month period elapses, with the balance paid thereafter on the original schedule.

(o) Choice of Law. This Plan and any controversy arising out of or relating to this Plan shall be governed by, and construed in accordance with, the internal laws of the State of Delaware, without regard to conflict of law principles that would result in any application of any law other than the law of the State of Delaware.

10. COVENANTS OF THE COMPANY.

The Company will seek to obtain from each regulatory commission or agency, as may be deemed to be necessary, having jurisdiction over the Plan such authority as may be required to grant Awards and to issue and sell shares of Common Stock upon exercise or vesting of the Awards; provided, however, that this undertaking will not require the Company to register under the Securities Act the Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary or advisable for the lawful issuance and sale of Common Stock under the Plan, the Company will be relieved from any liability for failure to issue and sell Common Stock upon exercise or vesting of such Awards unless and until such authority is obtained. A Participant is not eligible for the grant of an Award or the subsequent issuance of Common Stock pursuant to the Award if such grant or issuance would be in violation of any Applicable Law.

11. ADDITIONAL RULES FOR AWARDS SUBJECT TO SECTION 409A.

(a) Application. Unless the provisions of this Section of the Plan are expressly superseded by the provisions in the form of Award Agreement, the provisions of this Section shall apply and shall supersede anything to the contrary set forth in the Award Agreement for a Non-Exempt Award.

(b) Non-Exempt Awards Subject to Non-Exempt Severance Arrangements. To the extent a Non-Exempt Award is subject to Section 409A due to application of a Non-Exempt Severance Arrangement, the following provisions of this subsection (b) apply.

(i) If the Non-Exempt Award vests in the ordinary course during the Participant's Continuous Service in accordance with the vesting schedule set forth in the Award Agreement, and does not accelerate vesting under the terms of a Non-Exempt Severance Arrangement, in no event will the shares be issued in respect of such Non-Exempt Award any later than the later of: (i) December 31st of the calendar year that includes the applicable vesting date; or (ii) the 60th day that follows the applicable vesting date.

(ii) If vesting of the Non-Exempt Award accelerates under the terms of a Non-Exempt Severance Arrangement in connection with the Participant's Separation from Service, and such vesting acceleration provisions were in effect as of the date of grant of the Non-Exempt Award and, therefore, are part of the terms of such Non-Exempt Award as of the date of grant, then the shares will be earlier issued in settlement of such Non-Exempt Award upon the Participant's Separation from Service in accordance with the terms of the Non-Exempt Severance Arrangement, but in no event later than the 60th day that follows the date of the Participant's Separation from Service. However, if at the time the shares would otherwise be issued the Participant is subject to the distribution limitations contained in Section 409A applicable to "specified employees," as defined in Section 409A(a)(2)(B)(i) of the Code, such shares shall not be issued before the date that is six months following the date of such Participant's Separation from Service, or, if earlier, the date of the Participant's death that occurs within such six-month period.

(iii) If vesting of a Non-Exempt Award accelerates under the terms of a Non-Exempt Severance Arrangement in connection with a Participant's Separation from Service, and such vesting acceleration provisions were not in effect as of the date of grant of the Non-Exempt Award and, therefore, are not a part of the terms of such Non-Exempt Award on the date of grant, then such acceleration of vesting of the Non-Exempt Award shall not accelerate the issuance date of the shares, but the shares shall instead be issued on the same schedule as set forth in the Grant Notice as if they had vested in the ordinary course during the Participant's Continuous Service, notwithstanding the vesting acceleration of the Non-Exempt Award. Such issuance schedule is intended to satisfy the requirements of payment on a specified date or pursuant to a fixed schedule, as provided under U.S. Treasury Regulations Section 1.409A-3(a)(4).

(c) Treatment of Non-Exempt Awards Upon a Corporate Transaction for Employees and Consultants. The provisions of this subsection (c) shall apply and shall supersede anything to the contrary set forth in the Plan with respect to the permitted treatment of any Non-Exempt Award in connection with a Corporate Transaction if the Participant was either an Employee or Consultant upon the applicable date of grant of the Non-Exempt Award.

(i) Vested Non-Exempt Awards. The following provisions shall apply to any Vested Non-Exempt Award in connection with a Corporate Transaction:

(1) If the Corporate Transaction is also a Section 409A Change in Control then the Acquiring Entity may not assume, continue or substitute the Vested Non-Exempt Award. Upon the Section 409A Change in Control the settlement of the Vested Non-Exempt Award will automatically be accelerated and the shares will be immediately issued in respect of the Vested Non-Exempt Award. Alternatively, the Company may instead provide that the Participant will receive a cash settlement equal to the Fair Market Value of the shares that would otherwise be issued to the Participant upon the Section 409A Change in Control.

(2) If the Corporate Transaction is not also a Section 409A Change in Control, then the Acquiring Entity must either assume, continue or substitute each Vested Non-Exempt Award. The shares to be issued in respect of the Vested Non-Exempt Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of the Fair Market Value of the shares made on the date of the Corporate Transaction.

(ii) Unvested Non-Exempt Awards. The following provisions shall apply to any Unvested Non-Exempt Award unless otherwise determined by the Board pursuant to subsection (e) of this Section.

(1) In the event of a Corporate Transaction, the Acquiring Entity shall assume, continue or substitute any Unvested Non-Exempt Award. Unless otherwise determined by the Board, any Unvested Non-Exempt Award will remain subject to the same vesting and forfeiture restrictions that were applicable to the Award prior to the Corporate Transaction. The shares to be issued in respect of any Unvested Non-Exempt Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of Fair Market Value of the shares made on the date of the Corporate Transaction.

(2) If the Acquiring Entity will not assume, substitute or continue any Unvested Non-Exempt Award in connection with a Corporate Transaction, then such Award shall automatically terminate and be forfeited upon the Corporate Transaction with no consideration payable to any Participant in respect of such forfeited Unvested Non-Exempt Award. Notwithstanding the foregoing, to the extent permitted and in compliance with the requirements of Section 409A, the Board may in its discretion determine to elect to accelerate the vesting and settlement of the Unvested Non-Exempt Award upon the Corporate Transaction, or instead substitute a cash payment equal to the Fair Market Value of such shares that would otherwise be issued to the Participant, as further provided in subsection (e)(ii) below. In the absence of such discretionary election by the Board, any Unvested Non-Exempt Award shall be forfeited without payment of any consideration to the affected Participants if the Acquiring Entity will not assume, substitute or continue the Unvested Non-Exempt Awards in connection with the Corporate Transaction.

(3) The foregoing treatment shall apply with respect to all Unvested Non-Exempt Awards upon any Corporate Transaction, and regardless of whether or not such Corporate Transaction is also a Section 409A Change in Control.

(d) Treatment of Non-Exempt Awards Upon a Corporate Transaction for Non-Employee Directors. The following provisions of this subsection (d) shall apply and shall supersede anything to the contrary that may be set forth in the Plan with respect to the permitted treatment of a Non-Exempt Director Award in connection with a Corporate Transaction.

(i) If the Corporate Transaction is also a Section 409A Change in Control then the Acquiring Entity may not assume, continue or substitute the Non-Exempt Director Award. Upon the Section 409A Change in Control the vesting and settlement of any Non-Exempt Director Award will automatically be accelerated and the shares will be immediately issued to the Participant in respect of the Non-Exempt Director Award. Alternatively, the Company may provide that the Participant will instead receive a cash settlement equal to the Fair Market Value of the shares that would otherwise be issued to the Participant upon the Section 409A Change in Control pursuant to the preceding provision.

(ii) If the Corporate Transaction is not also a Section 409A Change in Control, then the Acquiring Entity must either assume, continue or substitute the Non-Exempt Director Award. Unless otherwise determined by the Board, the Non-Exempt Director Award will remain subject to the same vesting and forfeiture restrictions that were applicable to the Award prior to the Corporate Transaction. The shares to be issued in respect of the Non-Exempt Director Award shall be issued to the Participant by the Acquiring Entity on the same schedule that the shares would have been issued to the Participant if the Corporate Transaction had not occurred. In the Acquiring Entity's discretion, in lieu of an issuance of shares, the Acquiring Entity may instead substitute a cash payment on each applicable issuance date, equal to the Fair Market Value of the shares that would otherwise be issued to the Participant on such issuance dates, with the determination of Fair Market Value made on the date of the Corporate Transaction.

(e) If the RSU Award is a Non-Exempt Award, then the provisions in this Section 11(e) shall apply and supersede anything to the contrary that may be set forth in the Plan or the Award Agreement with respect to the permitted treatment of such Non-Exempt Award:

(i) Any exercise by the Board of discretion to accelerate the vesting of a Non-Exempt Award shall not result in any acceleration of the scheduled issuance dates for the shares in respect of the Non-Exempt Award unless earlier issuance of the shares upon the applicable vesting dates would be in compliance with the requirements of Section 409A.

(ii) The Company explicitly reserves the right to earlier settle any Non-Exempt Award to the extent permitted and in compliance with the requirements of Section 409A, including pursuant to any of the exemptions available in U.S. Treasury Regulations Section 1.409A-3(j)(4)(ix).

(iii) To the extent the terms of any Non-Exempt Award provide that it will be settled upon a Change in Control or Corporate Transaction, to the extent it is required for compliance with the requirements of Section 409A, the Change in Control or Corporate Transaction event triggering settlement must also constitute a Section 409A Change in Control. To the extent the terms of a Non-Exempt Award provide that it will be settled upon a termination of employment or termination of Continuous Service, to the extent it is required for compliance with the requirements of Section 409A, the termination event triggering settlement must also constitute a Separation From Service. However, if at the time the shares would otherwise be issued to a Participant in connection with a "separation from service" such Participant is subject to the distribution limitations contained in Section 409A applicable to "specified employees," as defined in Section 409A(a)(2)(B)(i) of the Code, such shares shall not be issued before the date that is six months following the date of the Participant's Separation From Service, or, if earlier, the date of the Participant's death that occurs within such six month period.

(iv) The provisions in this subsection (e) for delivery of the shares in respect of the settlement of an RSU Award that is a Non-Exempt Award are intended to comply with the requirements of Section 409A so that the delivery of the shares to the Participant in respect of such Non-Exempt Award will not trigger the additional tax imposed under Section 409A, and any ambiguities herein will be so interpreted.

12. SEVERABILITY.

If all or any part of the Plan or any Award Agreement is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity shall not invalidate any portion of the Plan or such Award Agreement not declared to be unlawful or invalid. Any Section of the Plan or any Award Agreement (or part of such a Section) so declared to be unlawful or invalid shall, if possible, be construed in a manner which will give effect to the terms of such Section or part of a Section to the fullest extent possible while remaining lawful and valid.

13. TERMINATION OF THE PLAN.

The Board may suspend or terminate the Plan at any time. No Incentive Stock Options may be granted after the tenth anniversary of the earlier of: (i) the Adoption Date; or (ii) the date the Plan is approved by the Company's stockholders. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

14. DEFINITIONS.

As used in the Plan, the following definitions apply to the capitalized terms indicated below:

- (a) "**Acquiring Entity**" means the surviving or acquiring corporation (or its parent company) in connection with a Corporate Transaction.
- (b) "**Adoption Date**" means the date the Plan is first approved by the Board or Compensation Committee, as applicable.
- (c) "**Affiliate**" means, at the time of determination, any "parent" or "subsidiary" of the Company as such terms are defined in Rule 405 promulgated under the Securities Act. The Board may determine the time or times at which "parent" or "subsidiary" status is determined within the foregoing definition.
- (d) "**Applicable Law**" means the Code and any applicable U.S and non-U.S. securities, exchange, control, tax, federal, state, material local or municipal or other law, statute, constitution, principle of common law, resolution, ordinance, code, edict, decree, rule, listing rule, regulation, judicial decision, ruling or requirement issued, enacted, adopted, promulgated, implemented or otherwise put into effect by or under the authority of any Governmental Body (including under the authority of any applicable self-regulating organization such as the Nasdaq Stock Market, New York Stock Exchange, or the Financial Industry Regulatory Authority).
- (e) "**Award**" means any right to receive Common Stock, cash or other property granted under the Plan (including an Incentive Stock Option, a Nonstatutory Stock Option, a Restricted Stock Award, an RSU Award, a SAR, a Performance Award or any Other Award).
- (f) "**Award Agreement**" means a written or electronic agreement between the Company and a Participant evidencing the terms and conditions of an Award. The Award Agreement generally consists of the Grant Notice and the agreement containing the written summary of the general terms and conditions applicable to the Award and which is provided, including through electronic means, to a Participant along with the Grant Notice.
- (g) "**Board**" means the Board of Directors of the Company (or its designee). Any decision or determination made by the Board shall be a decision or determination that is made in the sole discretion of the Board (or its designee), and such decision or determination shall be final and binding on all Participants.

(h) “**Capitalization Adjustment**” means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Award after the Adoption Date without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, reverse stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(i) “**Cause**” has the meaning ascribed to such term in any written agreement between a Participant and the Company or any Affiliate of the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, the occurrence of any of the following events: (i) the Participant’s dishonest statements or acts with respect to the Company or any Affiliate of the Company, or any current or prospective customers, suppliers, vendors or other third parties with which such entity does business; (ii) the Participant’s commission of (A) a felony or (B) any misdemeanor involving moral turpitude, deceit, dishonesty or fraud, or in each case the equivalent in any relevant jurisdiction; (iii) the Participant’s failure to perform the Participant’s assigned duties and responsibilities to the reasonable satisfaction of the Company or any Affiliate of the Company which failure continues, in the reasonable judgment of the Company, after written notice given to the Participant by the Company or any Affiliate of the Company; (iv) the Participant’s gross negligence, willful misconduct or insubordination with respect to the Company or any Affiliate of the Company; or (v) the Participant’s material violation of any provision of any agreement(s) between the Participant and the Company or any Affiliate of the Company relating to noncompetition, nonsolicitation, nondisclosure and/or assignment of inventions. The determination that a termination of the Participant’s Continuous Service is either for Cause or without Cause will be made by the Board with respect to Participants who are executive officers of the Company and by the Company’s Chief Executive Officer with respect to Participants who are not executive officers of the Company. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Awards held by such Participant will have no effect upon any determination of the rights or obligations of the Company or any Affiliate of the Company or such Participant for any other purpose.

(j) “**Change in Control**” or “**Change of Control**” means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company’s then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur (A) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person that acquires the Company’s securities in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities, or (C) solely because the level of Ownership held by any Exchange Act Person (the “*Subject Person*”) exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control shall be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either

(A) outstanding voting securities representing more than 50% of the combined outstanding voting power of the Acquiring Entity in such merger, consolidation or similar transaction or (B) more than 50% of the combined outstanding voting power of the parent of the Acquiring Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than 50% of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(iv) individuals who, on the Adoption Date, are members of the Board (the “*Incumbent Board*”) cease for any reason to constitute at least a majority of the members of the Board; provided, however, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member shall, for purposes of this Plan, be considered as a member of the Incumbent Board.

Notwithstanding the foregoing or any other provision of this Plan, (A) the term Change in Control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company, (B) the definition of Change in Control (or any analogous term) in an individual written agreement between the Company or any Affiliate and the Participant shall supersede the foregoing definition with respect to Awards subject to such agreement; provided, however, that if no definition of Change in Control or any analogous term is set forth in such an individual written agreement, the foregoing definition shall apply, and (C) with respect to any nonqualified deferred compensation that becomes payable on account of the Change in Control, the transaction or event described in clause (i), (ii), (iii), or (iv) also constitutes a Section 409A Change in Control if required in order for the payment not to violate Section 409A of the Code.

(k) “*Code*” means the U.S. Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

(l) “*Committee*” means the Compensation Committee and any other committee of one or more Directors to whom authority has been delegated by the Board or Compensation Committee in accordance with the Plan.

(m) “*Common Stock*” means the common stock of the Company.

(n) “*Company*” means Avenzo Therapeutics, Inc., a Delaware corporation, and any successor corporation thereto.

(o) “*Compensation Committee*” means the Compensation Committee of the Board.

(p) “*Consultant*” means any person, including an advisor, who is (i) engaged by the Company or an Affiliate to render consulting or advisory services and is compensated for such services, or (ii) serving as a member of the board of directors of an Affiliate and is compensated for such services. However, service solely as a Director, or payment of a fee for such service, will not cause a Director to be considered a “Consultant” for purposes of the Plan. Notwithstanding the foregoing, a person is treated as a Consultant under this Plan only if a Form S-8 Registration Statement under the Securities Act is available to register either the offer or the sale of the Company’s securities to such person.

(q) “*Continuous Service*” means that the Participant’s service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate as an Employee, Director or Consultant or a change in

the Entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant's service with the Company or an Affiliate, will not terminate a Participant's Continuous Service; provided, however, that if the Entity for which a Participant is rendering services ceases to qualify as an Affiliate, as determined by the Board, such Participant's Continuous Service will be considered to have terminated on the date such Entity ceases to qualify as an Affiliate. For example, a change in status from an Employee of the Company to a Consultant of an Affiliate or to a Director will not constitute an interruption of Continuous Service. To the extent permitted by Applicable Law, the Board or the chief executive officer of the Company, in that party's sole discretion, may determine whether Continuous Service will be considered interrupted in the case of (i) any leave of absence approved by the Company or an Affiliate, including sick leave, military leave or any other personal leave, or (ii) transfers between the Company, an Affiliate, or their successors. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in an Award only to such extent as may be provided in the Company's leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by Applicable Law. In addition, to the extent required for exemption from or compliance with Section 409A, the determination of whether there has been a termination of Continuous Service will be made, and such term will be construed, in a manner that is consistent with the definition of "separation from service" as defined under U.S. Treasury Regulation Section 1.409A-1(h) (without regard to any alternative definition thereunder).

(r) "**Corporate Transaction**" means the consummation, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) a sale or other disposition of all or substantially all, as determined by the Board, of the consolidated assets of the Company and its Subsidiaries;

(ii) a sale or other disposition of at least 50% of the outstanding securities of the Company;

(iii) a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(iv) a merger, consolidation or similar transaction following which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

Notwithstanding the foregoing or any other provision of this Plan, (A) the term Corporate Transaction shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company, (B) the definition of Corporate Transaction (or any analogous term) in an individual written agreement between the Company or any Affiliate and the Participant shall supersede the foregoing definition with respect to Awards subject to such agreement; provided, however, that if no definition of Corporate Transaction or any analogous term is set forth in such an individual written agreement, the foregoing definition shall apply, and (C) with respect to any nonqualified deferred compensation that becomes payable on account of the Corporate Transaction, the transaction or event described in clause (i), (ii), (iii), or (iv) also constitutes a Section 409A Change in Control if required in order for the payment not to violate Section 409A of the Code.

(s) "**determine**" or "**determined**" means as determined by the Board or the Committee (or its designee) in its sole discretion.

(t) "**Director**" means a member of the Board.

(u) "**Disability**" means, with respect to a Participant, such Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months,

as provided in Section 22(e)(3) of the Code, and will be determined by the Board on the basis of such medical evidence as the Board deems warranted under the circumstances.

(v) “**Effective Date**” means the effective date of this Plan, which is [], 2026.

(w) “**Employee**” means any person employed by the Company or an Affiliate. However, service solely as a Director, or payment of a fee for such services, will not cause a Director to be considered an “Employee” for purposes of the Plan.

(x) “**Employer**” means the Company or the Affiliate that employs the Participant.

(y) “**Entity**” means a corporation, partnership, limited liability company or other entity.

(z) “**Exchange Act**” means the U.S. Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder.

(aa) “**Exchange Act Person**” means any natural person, Entity or “group” (within the meaning of Section 13(d) or 14(d) of the Exchange Act), except that “Exchange Act Person” will not include (i) the Company or any Subsidiary of the Company, (ii) any employee benefit plan of the Company or any Subsidiary of the Company or any trustee or other fiduciary holding securities under an employee benefit plan of the Company or any Subsidiary of the Company, (iii) an underwriter temporarily holding securities pursuant to a registered public offering of such securities, (iv) an Entity Owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their Ownership of stock of the Company, or (v) any natural person, Entity or “group” (within the meaning of Section 13(d) or 14(d) of the Exchange Act) that, as of the Effective Date, is the Owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company’s then outstanding securities.

(bb) “**Fair Market Value**” means, as of any date, unless otherwise determined by the Board, the value of the Common Stock (as determined on a per share or aggregate basis, as applicable) determined as follows:

(i) If the Common Stock is listed on any established stock exchange or traded on any established market, the Fair Market Value will be the closing sales price for such stock as quoted on such exchange or market (or the exchange or market with the greatest volume of trading in the Common Stock) on the date of determination, as reported in a source the Board deems reliable.

(ii) If there is no closing sales price for the Common Stock on the date of determination, then the Fair Market Value will be the closing selling price on the last preceding date for which such quotation exists.

(iii) In the absence of such markets for the Common Stock, or if otherwise determined by the Board, the Fair Market Value will be determined by the Board in good faith and in a manner that complies with Sections 409A and 422 of the Code.

(cc) “**Fully Diluted Shares**” means, as of any date, all of the common stock of the Company outstanding plus all shares of common stock of the Company issuable upon conversion or exercise of outstanding securities and rights, including (without limitation) preferred stock on an as-converted basis, equity awards, warrants (including pre-funded warrants), and any convertible indebtedness or similar instruments, whether or not then vested or currently exercisable.

(dd) “**Governmental Body**” means any: (i) nation, state, commonwealth, canton, province, territory, county, municipality, district or other jurisdiction of any nature; (ii) U.S. or non-U.S. federal, state, local, municipal, or other government; (iii) governmental or regulatory body, or quasi-governmental body of any nature (including any governmental division, department, administrative agency or bureau, commission, authority, instrumentality, official, ministry, fund, foundation, center, organization, unit, body or Entity and any court or other tribunal, and

for the avoidance of doubt, any tax authority) or other body exercising similar powers or authority; or (iv) self-regulatory organization (including the Nasdaq Stock Market, New York Stock Exchange, and the Financial Industry Regulatory Authority).

(ee) “**Grant Notice**” means the notice provided to a Participant that he or she has been granted an Award under the Plan and which includes the name of the Participant, the type of Award, the date of grant of the Award, number of shares of Common Stock subject to the Award or potential cash payment right, (if any), the vesting schedule for the Award (if any) and other key terms applicable to the Award.

(ff) “**Incentive Stock Option**” means an option granted pursuant to Section 4 of the Plan that is intended to be, and qualifies as, an “incentive stock option” within the meaning of Section 422 of the Code.

(gg) “**Materially Impair**” means any amendment to the terms of the Award that materially adversely affects the Participant’s rights under the Award. A Participant’s rights under an Award will not be deemed to have been Materially Impaired by any such amendment if the Board, in its sole discretion, determines that the amendment, taken as a whole, does not materially impair the Participant’s rights. For example, the following types of amendments to the terms of an Award do not Materially Impair the Participant’s rights under the Award: (i) imposition of reasonable restrictions on the minimum number of shares subject to an Option or SAR that may be exercised; (ii) to maintain the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (iii) to change the terms of an Incentive Stock Option in a manner that disqualifies, impairs or otherwise affects the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (iv) to clarify the manner of exemption from, or to bring the Award into compliance with or qualify it for an exemption from, Section 409A; or (v) to comply with other Applicable Laws.

(hh) “**Non-Employee Director**” means a Director who either (i) is not a current employee or officer of the Company or an Affiliate, does not receive compensation, either directly or indirectly, from the Company or an Affiliate for services rendered as a consultant or in any capacity other than as a Director (except for an amount as to which disclosure would not be required under Item 404(a) of Regulation S-K promulgated pursuant to the Securities Act (“**Regulation S-K**”)), does not possess an interest in any other transaction for which disclosure would be required under Item 404(a) of Regulation S-K, and is not engaged in a business relationship for which disclosure would be required pursuant to Item 404(b) of Regulation S-K; or (ii) is otherwise considered a “non-employee director” for purposes of Rule 16b-3.

(ii) “**Non-Exempt Award**” means any Award that is subject to, and not exempt from, Section 409A, including as the result of (i) a deferral of the issuance of the shares subject to the Award which is elected by the Participant or imposed by the Company, or (ii) the terms of any Non-Exempt Severance Arrangement.

(jj) “**Non-Exempt Director Award**” means a Non-Exempt Award granted to a Participant who was a Director but not an Employee on the applicable grant date.

(kk) “**Non-Exempt Severance Arrangement**” means a severance arrangement or other agreement between the Participant and the Company that provides for acceleration of vesting of an Award and issuance of the shares in respect of such Award upon the Participant’s termination of employment or separation from service (as such term is defined in Section 409A(a)(2)(A)(i) of the Code (and without regard to any alternative definition thereunder)) (“**Separation from Service**”) and such severance benefit does not satisfy the requirements for an exemption from application of Section 409A provided under U.S. Treasury Regulations Section 1.409A-1(b)(4), 1.409A-1(b)(9) or otherwise.

(ll) “**Nonstatutory Stock Option**” means any option granted pursuant to Section 4 of the Plan that does not qualify as an Incentive Stock Option.

(mm) “**Officer**” means a person who is an officer of the Company within the meaning of Section 16 of the Exchange Act.

(nn) “**Option**” means an Incentive Stock Option or a Nonstatutory Stock Option to purchase shares of Common Stock granted pursuant to the Plan.

(oo) “**Option Agreement**” means a written or electronic agreement between the Company and the Optionholder evidencing the terms and conditions of the Option grant. The Option Agreement includes the Grant Notice for the Option and the agreement containing the written summary of the general terms and conditions applicable to the Option and which is provided including through electronic means, to a Participant along with the Grant Notice. Each Option Agreement will be subject to the terms and conditions of the Plan.

(pp) “**Optionholder**” means a person to whom an Option is granted pursuant to the Plan or, if applicable, such other person who holds an outstanding Option.

(qq) “**Other Award**” means an award valued in whole or in part by reference to, or otherwise based on, Common Stock, including the appreciation in value thereof (e.g., options or stock rights with an exercise price or strike price less than 100% of the Fair Market Value at the time of grant) that is not an Incentive Stock Option, Nonstatutory Stock Option, SAR, Restricted Stock Award, RSU Award or Performance Award.

(rr) “**Other Award Agreement**” means a written or electronic agreement between the Company and a holder of an Other Award evidencing the terms and conditions of an Other Award grant. Each Other Award Agreement will be subject to the terms and conditions of the Plan.

(ss) “**Own**,” “**Owned**,” “**Owner**,” or “**Ownership**” means that a person or Entity will be deemed to “Own,” to have “Owned,” to be the “Owner” of, or to have acquired “Ownership” of securities if such person or Entity, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, has or shares voting power, which includes the power to vote or to direct the voting, with respect to such securities.

(tt) “**Participant**” means an Employee, Director or Consultant to whom an Award is granted pursuant to the Plan or, if applicable, such other person who holds an outstanding Award.

(uu) “**Performance Award**” means an Award that may vest or may be exercised or a cash award that may vest or become earned and paid contingent upon the attainment during a Performance Period of certain Performance Goals and which is granted under the terms and conditions of Section 5(b) pursuant to such terms as are approved by the Board. In addition, to the extent permitted by Applicable Law and set forth in the applicable Award Agreement, the Board may determine that cash or other property may be used in payment of Performance Awards. Performance Awards that are settled in cash or other property are not required to be valued in whole or in part by reference to, or otherwise based on, the Common Stock.

(vv) “**Performance Criteria**” means one or more criteria that the Board will select for purposes of establishing the Performance Goals for a Performance Period. The Performance Criteria that will be used to establish such Performance Goals may be based on any one of, or combination of, the following as determined by the Board: earnings (including earnings per share and net earnings); earnings before interest, taxes and depreciation; earnings before interest, taxes, depreciation and amortization; total stockholder return; relative stockholder return; return on equity or average stockholder’s equity; return on assets, investment, or capital employed; stock price; margin (including gross margin); income (before or after taxes); operating income; operating income after taxes; pre-tax profit; operating cash flow; sales, annual recurring revenue or revenue targets; increases in revenue or product revenue; expenses and cost reduction goals; improvement in or attainment of working capital levels; economic value added (or an equivalent metric); market share; cash flow; cash flow per share; share price performance; debt reduction; customer satisfaction; stockholders’ equity; capital expenditures; debt levels; operating profit or net operating profit; workforce diversity; growth of net income or operating income; billings; financing; regulatory milestones; stockholder liquidity; corporate governance and compliance; intellectual property; personnel matters; progress of internal research; progress of partnered programs; partner satisfaction; budget management; partner or collaborator achievements; internal controls,

including those related to the U.S. Sarbanes-Oxley Act of 2002; investor relations, analysts and communication; implementation or completion of projects or processes; employee retention; number of users, including unique users; strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property); establishing relationships with respect to the marketing, distribution and sale of the Company's products; supply chain achievements; co-development, co-marketing, profit sharing, joint venture or other similar arrangements; individual performance goals; corporate development and planning goals; and other measures of performance selected by the Board or Committee whether or not listed herein.

(ww) "Performance Goals" means, for a Performance Period, one or more goals established by the Board for the Performance Period based upon the Performance Criteria. Performance Goals may be based on a Company-wide basis, with respect to one or more business units, divisions, Affiliates, or business segments, and in either absolute terms or relative to the performance of one or more comparable companies or the performance of one or more relevant indices. Unless specified otherwise by the Board (i) in the Award Agreement at the time the Award is granted or (ii) in such other document setting forth the Performance Goals at the time the Performance Goals are established, the Board will appropriately make adjustments in the method of calculating the attainment of Performance Goals for a Performance Period as follows: (1) to exclude restructuring and/or other nonrecurring charges; (2) to exclude exchange rate effects; (3) to exclude the effects of changes to generally accepted accounting principles; (4) to exclude the effects of any statutory adjustments to corporate tax rates; (5) to exclude the effects of items that are "unusual" in nature or occur "infrequently" as determined under generally accepted accounting principles; (6) to exclude the dilutive effects of acquisitions or joint ventures; (7) to assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a Performance Period following such divestiture; (8) to exclude the effect of any change in the outstanding shares of Common Stock by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends; (9) to exclude the effects of stock based compensation and the award of bonuses under the Company's bonus plans; (10) to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be expensed under generally accepted accounting principles; and (11) to exclude the goodwill and intangible asset impairment charges that are required to be recorded under generally accepted accounting principles. In addition, the Board may establish or provide for other adjustment items in the Award Agreement at the time the Award is granted or in such other document setting forth the Performance Goals at the time the Performance Goals are established. In addition, the Board retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of Performance Goals and to define the manner of calculating the Performance Criteria it selects to use for such Performance Period. Partial achievement of the specified criteria may result in the payment or vesting corresponding to the degree of achievement as specified in the Award Agreement or the written terms of a Performance Award.

(xx) "Performance Period" means the period of time selected by the Board over which the attainment of one or more Performance Goals will be measured for the purpose of determining a Participant's right to vesting or exercise of an Award. Performance Periods may be of varying and overlapping duration, at the sole discretion of the Board.

(yy) "Plan" means this Avenzo Therapeutics, Inc. 2026 Equity Incentive Plan, as amended from time to time.

(zz) "Plan Administrator" means the person, persons, and/or third-party administrator designated by the Company to administer the day-to-day operations of the Plan and the Company's other equity incentive programs.

(aaa) "Post-Termination Exercise Period" means the period following termination of a Participant's Continuous Service within which an Option or SAR is exercisable, as specified in Section 4(h).

(bbb) “**Prior Plan**” means the Rallybio Corporation 2021 Equity Incentive Plan, as amended from time to time.

(ccc) “**Prospectus**” means the document containing the Plan information specified in Section 10(a) of the Securities Act.

(ddd) “**Restricted Stock Award**” or “**RSA**” means an Award of shares of Common Stock which is granted pursuant to the terms and conditions of Section 5(a).

(eee) “**Restricted Stock Award Agreement**” means a written or electronic agreement between the Company and a holder of a Restricted Stock Award evidencing the terms and conditions of a Restricted Stock Award grant. The Restricted Stock Award Agreement includes the Grant Notice for the Restricted Stock Award and the agreement containing the written summary of the general terms and conditions applicable to the Restricted Stock Award and which is provided including by electronic means, to a Participant along with the Grant Notice. Each Restricted Stock Award Agreement will be subject to the terms and conditions of the Plan.

(fff) “**Returning Shares**” means shares subject to outstanding stock awards granted under the Prior Plan and that following the Effective Date: (A) are not issued because such stock award or any portion thereof expires or otherwise terminates without all of the shares covered by such stock award having been issued; (B) are not issued because such stock award or any portion thereof is settled in cash; (C) are forfeited back to or repurchased by the Company because of the failure to meet a contingency or condition required for the vesting of such shares; (D) are withheld or reacquired to satisfy the exercise, strike or purchase price; or (E) are withheld or reacquired to satisfy a tax withholding obligation.

(ggg) “**RSU Award**” or “**RSU**” means an Award of restricted stock units representing the right to receive an issuance of shares of Common Stock which is granted pursuant to the terms and conditions of Section 5(a).

(hhh) “**RSU Award Agreement**” means a written or electronic agreement between the Company and a holder of an RSU Award evidencing the terms and conditions of an RSU Award grant. The RSU Award Agreement includes the Grant Notice for the RSU Award and the agreement containing the written summary of the general terms and conditions applicable to the RSU Award and which is provided including by electronic means, to a Participant along with the Grant Notice. Each RSU Award Agreement will be subject to the terms and conditions of the Plan.

(iii) “**Rule 16b-3**” means Rule 16b-3 promulgated under the Exchange Act or any successor to Rule 16b-3, as in effect from time to time.

(jjj) “**Rule 405**” means Rule 405 promulgated under the Securities Act.

(kkk) “**SAR Agreement**” means a written or electronic agreement between the Company and a holder of a SAR evidencing the terms and conditions of a SAR grant. The SAR Agreement includes the Grant Notice for the SAR and the agreement containing the written summary of the general terms and conditions applicable to the SAR and which is provided, including by electronic means, to a Participant along with the Grant Notice. Each SAR Agreement will be subject to the terms and conditions of the Plan.

(III) “**Section 409A**” means Section 409A of the Code and the regulations and other guidance thereunder.

(mmm) “**Section 409A Change in Control**” means a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the Company’s assets, as provided in Section 409A(a)(2)(A)(v) of the Code and U.S. Treasury Regulations Section 1.409A-3(i)(5) (without regard to any alternative definition thereunder).

(nnn) “**Securities Act**” means the U.S. Securities Act of 1933, as amended.

(ooo) “*Share Reserve*” means the number of shares available for issuance under the Plan as set forth in Section 2(a).

(ppp) “*Stock Appreciation Right*” or “*SAR*” means a right to receive the appreciation on Common Stock that is granted pursuant to the terms and conditions of Section 4.

(qqq) “*Subsidiary*” means, with respect to the Company, (i) any corporation of which more than 50% of the outstanding capital stock having ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether, at the time, stock of any other class or classes of such corporation will have or might have voting power by reason of the happening of any contingency) is at the time, directly or indirectly, Owned by the Company, and (ii) any partnership, limited liability company or other entity in which the Company has a direct or indirect interest (whether in the form of voting or participation in profits or capital contribution) of more than 50%.

(rrr) “*Tax-Related Items*” means any income tax, social insurance, payroll tax, fringe benefit tax, payment on account or other tax-related items arising out of or in relation to a Participant’s participation in the Plan and legally applicable or deemed applicable to the Participant.

(sss) “*Ten Percent Stockholder*” means a person who Owns (or is deemed to Own pursuant to Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Affiliate.

(ttt) “*Trading Policy*” means the Company’s policy permitting certain individuals to sell Company shares only during certain “window” periods and/or otherwise restricts the ability of certain individuals to transfer or encumber Company shares, as in effect from time to time.

(vvv) “*Vested Non-Exempt Award*” means the portion of any Non-Exempt Award that had vested in accordance with its terms upon or prior to the date of a Corporate Transaction.

AVENZO THERAPEUTICS, INC.

AVENZO THERAPEUTICS, INC. 2026 EMPLOYEE STOCK PURCHASE PLAN

ADOPTED BY THE BOARD OF DIRECTORS: [], 2026
APPROVED BY THE STOCKHOLDERS: [], 2026

1. GENERAL; PURPOSE.

(a) The Plan provides a means by which Eligible Employees of the Company and certain Designated Companies may be given an opportunity to purchase shares of Common Stock. The Plan permits the Company to grant a series of Purchase Rights to Eligible Employees under an Employee Stock Purchase Plan. In addition, the Plan permits the Company to grant a series of Purchase Rights to Eligible Employees that do not meet the requirements of an Employee Stock Purchase Plan.

(b) The Plan includes two components: a 423 Component and a Non-423 Component. The Company intends (but makes no undertaking or representation to maintain) the 423 Component to qualify as an Employee Stock Purchase Plan. The provisions of the 423 Component, accordingly, will be construed in a manner that is consistent with the requirements of Section 423 of the Code. In addition, this Plan authorizes grants of Purchase Rights under the Non-423 Component that do not meet the requirements of an Employee Stock Purchase Plan. Except as otherwise provided in the Plan or determined by the Board, the Non-423 Component will operate and be administered in the same manner as the 423 Component. In addition, the Company may make separate Offerings which vary in terms (provided that such terms are not inconsistent with the provisions of the Plan or the requirements of an Employee Stock Purchase Plan to the extent the Offering is made under the 423 Component), and the Company will designate which Designated Company is participating in each separate Offering.

(c) The Company, by means of the Plan, seeks to retain the services of Eligible Employees, to secure and retain the services of new Employees and to provide incentives for such persons to exert maximum efforts for the success of the Company and its Related Corporations.

2. ADMINISTRATION.

(a) The Board will administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine how and when Purchase Rights will be granted and the provisions of each Offering (which need not be identical).

(ii) To designate from time to time (A) which Related Corporations will be eligible to participate in the Plan as Designated 423 Companies, (B) which Related Corporations or Affiliates will be eligible to participate in the Plan as Designated Non-423 Companies, (C) which Affiliates or Related Corporations may be excluded from participation in the Plan, and (D) which Designated Companies will participate in each separate Offering (to the extent that the Company makes separate Offerings).

(iii) To construe and interpret the Plan and Purchase Rights, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan, in a manner and to the extent it deems necessary or expedient to make the Plan fully effective.

(iv) To settle all controversies regarding the Plan and Purchase Rights granted under the Plan.

(v) To suspend or terminate the Plan at any time as provided in Section 12.

(vi) To amend the Plan at any time as provided in Section 12.

(vii) Generally, to exercise such powers and to perform such acts as it deems necessary or expedient to promote the best interests of the Company, its Related Corporations and Affiliates, and to carry out the intent that the Plan be treated as an Employee Stock Purchase Plan with respect to the 423 Component.

(viii) To adopt such rules, procedures and sub-plans as are necessary or appropriate to permit or facilitate participation in the Plan by Employees who are non-U.S. nationals or employed or located outside the United States. Without limiting the generality of, and consistent with, the foregoing, the Board specifically is authorized to adopt rules, procedures, and sub-plans regarding, without limitation, eligibility to participate in the Plan, the definition of eligible "earnings," handling and making of Contributions, establishment of bank or trust accounts to hold Contributions, payment of interest, conversion of local currency, obligations to pay payroll tax, determination of beneficiary designation requirements, withholding procedures and handling of share issuances, any of which may vary according to applicable requirements, and which, if applicable to a Designated Non-423 Company, do not have to comply with the requirements of Section 423 of the Code.

(c) The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan and any applicable Offering Document to the Board will thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. Further, to the extent not prohibited by Applicable Law, the Board or Committee may, from time to time, delegate some or all of its authority under the Plan to one or more officers of the Company or other persons or groups of persons as it deems necessary, appropriate or advisable under conditions or limitations that it may set at or after the time of the delegation. The Board may retain the authority to concurrently administer the Plan with the Committee (or its delegate) and may, at any time, revert in the Board some or all of the powers previously delegated. Whether or not the Board has delegated administration of the Plan to a Committee (or a delegate of the Committee), the Board will have the final power to determine all questions of policy and expediency that may arise in the administration of the Plan.

(d) All determinations, interpretations and constructions made by the Board will not be subject to review by any person and will be final, binding and conclusive on all persons.

3. SHARES OF COMMON STOCK SUBJECT TO THE PLAN.

(a) Subject to the provisions of Section 11(a) relating to Capitalization Adjustments, the maximum number of shares of Common Stock that may be issued under the Plan will not exceed []¹ shares of Common Stock, plus the number of shares of Common Stock that are automatically added on January 1st of each year for a period of up to ten years, commencing on January 1, 2027 and ending on (and including) January 1, 2036, in an amount equal to the lesser of (x) one percent (1%) of the total number of Fully Diluted Shares on December 31st of the preceding calendar year, and (y) []² shares of Common Stock. Notwithstanding the foregoing, the Board may act prior to the first day of any calendar year to provide that there will be no January 1st increase in the share reserve for such calendar year or that the increase in the share reserve for such calendar year will be a

¹ **NTD**: To be equal to 1% of the Parent Common Stock issued and expected to be outstanding immediately after the Effective Time.

² **NTD**: To be equal to the initial limit, multiplied by 3.

lesser number of shares of Common Stock than would otherwise occur pursuant to the preceding sentence. For the avoidance of doubt, up to the maximum number of shares of Common Stock reserved under this Section 3(a) may be used to satisfy purchases of Common Stock under the 423 Component and any remaining portion of such maximum number of shares may be used to satisfy purchases of Common Stock under the Non-423 Component.

(b) If any Purchase Right granted under the Plan terminates without having been exercised in full, the shares of Common Stock not purchased under such Purchase Right will again become available for issuance under the Plan.

(c) The stock purchasable under the Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market.

4. GRANT OF PURCHASE RIGHTS; OFFERING.

(a) The Board may from time to time grant or provide for the grant of Purchase Rights to Eligible Employees under an Offering (consisting of one or more Purchase Periods) on an Offering Date or Offering Dates selected by the Board. Each Offering will be in such form and will contain such terms and conditions as the Board will deem appropriate, and with respect to the 423 Component, will comply with the requirement of Section 423(b)(5) of the Code that all Employees granted Purchase Rights will have the same rights and privileges. The terms and conditions of an Offering shall be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering will include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering will be effective, which period will not exceed 27 months beginning with the Offering Date, and the substance of the provisions contained in Sections 5 through 8, inclusive.

(b) If a Participant has more than one Purchase Right outstanding under the Plan, unless such Participant otherwise indicates in forms delivered to the Company or a third party designated by the Company (each, a “*Company Designee*”): (i) each form will apply to all of such Participant’s Purchase Rights under the Plan, and (ii) a Purchase Right with a lower exercise price (or an earlier-granted Purchase Right, if different Purchase Rights have identical exercise prices) will be exercised to the fullest possible extent before a Purchase Right with a higher exercise price (or a later-granted Purchase Right if different Purchase Rights have identical exercise prices) will be exercised.

(c) The Board will have the discretion to structure an Offering so that if the Fair Market Value of a share of Common Stock on the first Trading Day of a new Purchase Period within that Offering is less than or equal to the Fair Market Value of a share of Common Stock on the Offering Date for that Offering, then (i) that Offering will terminate immediately as of that first Trading Day, and (ii) the Participants in such terminated Offering will be automatically enrolled in a new Offering beginning on the first Trading Day of such new Purchase Period.

5. ELIGIBILITY.

(a) Purchase Rights may be granted only to Employees of the Company or, as the Board may designate in accordance with Section 2(b), to Employees of a Related Corporation or an Affiliate. Except as provided in Section 5(b) or as required by Applicable Law, an Employee will not be eligible to be granted Purchase Rights unless, on the Offering Date, the Employee has been in the employ of the Company, the Related Corporation or the Affiliate, as the case may be, for such continuous period preceding such Offering Date as the Board may (unless prohibited by Applicable Law) require, but in no event will the required period of continuous employment be equal to or greater than two years. In addition, the Board may provide (unless prohibited by Applicable Law) that no Employee will be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, such Employee’s customary employment with the Company, the Related Corporation or the Affiliate is more than 20 hours per week and more than five months per calendar year or such other criteria as the

Board may determine consistent with Section 423 of the Code with respect to the 423 Component. The Board may also exclude (unless prohibited by Applicable Law) from participation in the Plan or any Offering Employees who are “highly compensated employees” (within the meaning of Section 423(b)(4)(D) of the Code) of the Company, a Related Corporation or an Affiliate, or a subset of such highly compensated employees.

(b) The Board may provide that each person who, during the course of an Offering, first becomes an Eligible Employee will, on a date or dates specified in the Offering which coincides with the day on which such person becomes an Eligible Employee or which occurs thereafter, receive a Purchase Right under that Offering, which Purchase Right will thereafter be deemed to be a part of that Offering. Such Purchase Right will have the same characteristics as any Purchase Rights originally granted under that Offering, as described herein, except that:

(i) the date on which such Purchase Right is granted will be the “Offering Date” of such Purchase Right for all purposes, including determination of the exercise price of such Purchase Right;

(ii) the period of the Offering with respect to such Purchase Right will begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board may provide that if such person first becomes an Eligible Employee within a specified period of time before the end of the Offering, the individual will not receive any Purchase Right under that Offering.

(c) No Employee will be eligible for the grant of any Purchase Rights under the 423 Component if, immediately after any such Purchase Rights are granted, such Employee owns stock possessing five percent or more of the total combined voting power or value of all classes of stock of the Company or of any Related Corporation. For purposes of this Section 5(c), the rules of Section 424(d) of the Code will apply in determining the stock ownership of any Employee, and stock which such Employee may purchase under all outstanding Purchase Rights and options will be treated as stock owned by such Employee.

(d) As specified by Section 423(b)(8) of the Code, an Eligible Employee may be granted Purchase Rights under the 423 Component only if such Purchase Rights, together with any other rights granted under all Employee Stock Purchase Plans of the Company and any Related Corporations, do not permit such Eligible Employee’s rights to purchase stock of the Company or any Related Corporation to accrue at a rate which, when aggregated, exceeds U.S. \$25,000 of Fair Market Value of such stock (determined at the time such rights are granted, and which, with respect to the Plan, will be determined as of their respective Offering Dates) for each calendar year in which such rights are outstanding at any time.

(e) Officers of the Company and any Designated Company, if they are otherwise Eligible Employees, will be eligible to participate in Offerings under the Plan. Notwithstanding the foregoing, the Board may (unless prohibited by Applicable Law) provide in an Offering that Employees who are highly compensated Employees within the meaning of Section 423(b)(4)(D) of the Code will not be eligible to participate.

(f) Notwithstanding anything in this Section 5 to the contrary, in the case of an Offering under the Non-423 Component, an Eligible Employee (or group of Eligible Employees) may be excluded from participation in the Plan or an Offering if the Board has determined, in its sole discretion, that participation of such Eligible Employee(s) is not advisable or practical for any reason.

6. PURCHASE RIGHTS; PURCHASE PRICE.

(a) On each Offering Date, each Eligible Employee, pursuant to an Offering made under the Plan, will be granted a Purchase Right to purchase up to that number of shares of Common Stock purchasable either with a

percentage of earnings (as such concept is defined in the Offering Document) or with a maximum dollar amount, but in either case as so specified by the Board in the Offering Document, during the period that begins on the Offering Date (or such later date as the Board determines for a particular Offering) and ends on the date stated in the Offering, which date will be no later than the end of the Offering.

(b) The Board will establish one or more Purchase Dates during an Offering on which Purchase Rights granted for that Offering will be exercised and shares of Common Stock will be purchased in accordance with such Offering.

(c) In connection with each Offering made under the Plan, the Board may specify (i) a maximum number of shares of Common Stock that may be purchased by any Participant on any Purchase Date during such Offering, (ii) a maximum aggregate number of shares of Common Stock that may be purchased by all Participants pursuant to such Offering and/or (iii) a maximum aggregate number of shares of Common Stock that may be purchased by all Participants on any Purchase Date under the Offering. If the aggregate purchase of shares of Common Stock issuable upon exercise of Purchase Rights granted under the Offering would exceed any such maximum aggregate number, then, in the absence of any Board action otherwise, a pro rata (based on each Participant's accumulated Contributions) allocation of the shares of Common Stock (rounded down to the nearest whole share) available will be made in as nearly a uniform manner as will be practicable and equitable.

(d) The purchase price of shares of Common Stock acquired pursuant to Purchase Rights will be specified by the Board prior to commencement of an Offering and will not be less than the lesser of:

(i) an amount equal to 85% of the Fair Market Value of the shares of Common Stock on the Offering Date; or

(ii) an amount equal to 85% of the Fair Market Value of the shares of Common Stock on the applicable Purchase Date.

7. PARTICIPATION; WITHDRAWAL; TERMINATION.

(a) An Eligible Employee may elect to participate in an Offering and authorize payroll deductions as the means of making Contributions by completing and delivering to the Company or a Company Designee, within the time specified in the Offering, an enrollment form provided by the Company or a Company Designee. The enrollment form will specify the amount of Contributions not to exceed the maximum amount specified by the Board. Each Participant's Contributions will be credited to a bookkeeping account for such Participant under the Plan and will be deposited with the general funds of the Company except where Applicable Law requires that Contributions be held separately or deposited with a third party. If permitted in the Offering, a Participant may begin such Contributions with the first practicable payroll occurring on or after the Offering Date (or, in the case of a payroll date that occurs after the end of the prior Offering but before the Offering Date of the next new Offering, Contributions from such payroll will be included in the new Offering). If permitted in the Offering, a Participant may thereafter reduce (including to zero) or increase such Participant's Contributions. If payroll deductions are impermissible or problematic under Applicable Law or if specifically provided in the Offering and to the extent permitted by Section 423 of the Code with respect to the 423 Component, in addition to or instead of making Contributions by payroll deductions, a Participant may make Contributions through payment by cash, check or wire transfer prior to a Purchase Date.

(b) During an Offering, a Participant may cease making Contributions and withdraw from the Offering by delivering to the Company or a Company Designee a withdrawal form provided by the Company or a Company Designee. The Company may impose a deadline before a Purchase Date for withdrawing. Upon such withdrawal, such Participant's Purchase Right in that Offering will immediately terminate and the Company will distribute as soon as practicable to such Participant all of such Participant's accumulated but unused Contributions and such Participant's Purchase Right in that Offering shall thereupon terminate. A Participant's withdrawal from that

Offering will have no effect upon such Participant's eligibility to participate in any other Offerings under the Plan, but such Participant will be required to deliver a new enrollment form to participate in subsequent Offerings.

(c) Purchase Rights granted pursuant to any Offering under the Plan will terminate immediately if the Participant either (i) is no longer an Employee for any reason or for no reason or (ii) is otherwise no longer eligible to participate. The Company will distribute as soon as practicable to such individual all of such individual's accumulated but unused Contributions.

(d) Unless otherwise determined by the Board, a Participant whose employment transfers or whose employment terminates with an immediate rehire (with no break in service) by or between the Company and a Designated Company or between Designated Companies will not be treated as having terminated employment for purposes of participating in the Plan or an Offering; however, if a Participant transfers from an Offering under the 423 Component to an Offering under the Non-423 Component, the exercise of the Participant's Purchase Right will be qualified under the 423 Component only to the extent such exercise complies with Section 423 of the Code. If a Participant transfers from an Offering under the Non-423 Component to an Offering under the 423 Component, the exercise of the Purchase Right will remain non-qualified under the Non-423 Component for the remainder of the Offering. The Board may establish different and additional rules governing transfers between separate Offerings within the 423 Component and between Offerings under the 423 Component and Offerings under the Non-423 Component.

(e) During a Participant's lifetime, Purchase Rights will be exercisable only by such Participant. Purchase Rights are not transferable by a Participant, except by will, by the laws of descent and distribution, or, if permitted by the Company and valid under Applicable Law, by a beneficiary designation as described in Section 10.

(f) Unless otherwise specified in the Offering or required by Applicable Law, the Company will have no obligation to pay interest on Contributions.

8. EXERCISE OF PURCHASE RIGHTS.

(a) On each Purchase Date, each Participant's accumulated Contributions will be applied to the purchase of shares of Common Stock, up to the maximum number of shares of Common Stock permitted by the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares will be issued unless specifically provided for in the Offering.

(b) Unless otherwise provided in the Offering, if any amount of accumulated Contributions remains in a Participant's account after the purchase of shares of Common Stock and such remaining amount is less than the amount required to purchase one share of Common Stock on the final Purchase Date of an Offering, then such remaining amount will be held in such Participant's account for the purchase of shares of Common Stock under the next Offering under the Plan, unless such Participant withdraws from or is not eligible to participate in such next Offering, in which case such amount will be distributed to such Participant after the final Purchase Date without interest (unless the payment of interest is otherwise required by Applicable Law). If the amount of Contributions remaining in a Participant's account after the purchase of shares of Common Stock is at least equal to the amount required to purchase one (1) whole share of Common Stock on the final Purchase Date of an Offering, then such remaining amount will be distributed in full to such Participant after the final Purchase Date of such Offering without interest (unless otherwise required by Applicable Law).

(c) No Purchase Rights may be exercised to any extent unless the shares of Common Stock to be issued upon such exercise under the Plan are covered by an effective registration statement pursuant to the Securities Act and the Plan is in material compliance with all applicable U.S. and non-U.S. federal, state and other securities, exchange control and other laws applicable to the Plan. If on a Purchase Date the shares of Common

Stock are not so registered or the Plan is not in such compliance, no Purchase Rights will be exercised on such Purchase Date, and, subject to Section 423 of the Code with respect to the 423 Component, the Purchase Date will be delayed until the shares of Common Stock are subject to such an effective registration statement and the Plan is in material compliance, except that the Purchase Date will in no event be more than 27 months from the Offering Date. If, on the Purchase Date, as delayed to the maximum extent permissible, the shares of Common Stock are not registered and the Plan is not in material compliance with all Applicable Laws, as determined by the Company in its sole discretion, no Purchase Rights will be exercised and all accumulated but unused Contributions will be distributed to the Participants without interest (unless the payment of interest is otherwise required by Applicable Law).

9. COVENANTS OF THE COMPANY.

The Company will seek to obtain from each U.S. and non-U.S. federal, state or other regulatory commission, agency or other Governmental Body having jurisdiction over the Plan such authority as may be required to grant Purchase Rights and issue and sell shares of Common Stock thereunder unless the Company determines, in its sole discretion, that doing so is not practical or would cause the Company to incur costs that are unreasonable. If, after commercially reasonable efforts, the Company is unable to obtain the authority that counsel for the Company deems necessary for the grant of Purchase Rights or the lawful issuance and sale of Common Stock under the Plan, and at a commercially reasonable cost, the Company will be relieved from any liability for failure to grant Purchase Rights and/or to issue and sell Common Stock upon exercise of such Purchase Rights.

10. DESIGNATION OF BENEFICIARY.

(a) The Company may, but is not obligated to, permit a Participant to submit a form designating a beneficiary who will receive any shares of Common Stock and/or Contributions from the Participant's account under the Plan if the Participant dies before such shares and/or Contributions are delivered to the Participant. The Company may, but is not obligated to, permit the Participant to change such designation of beneficiary. Any such designation and/or change must be on a form approved by the Company.

(b) If a Participant dies, and in the absence of a valid beneficiary designation, the Company will deliver any shares of Common Stock and/or Contributions to the executor or administrator of the estate of the Participant. If no executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares of Common Stock and/or Contributions, without interest (unless the payment of interest is otherwise required by Applicable Law), to the Participant's spouse, dependents or relatives, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

11. ADJUSTMENTS UPON CHANGES IN COMMON STOCK; CORPORATE TRANSACTIONS.

(a) In the event of a Capitalization Adjustment, the Board will appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities by which the share reserve is to increase automatically each year pursuant to Section 3(a), (iii) the class(es) and number of securities subject to, and the purchase price applicable to outstanding Offerings and Purchase Rights, and (iv) the class(es) and number of securities that are the subject of the purchase limits under each ongoing Offering. The Board will make these adjustments, and its determination will be final, binding and conclusive.

(b) In the event of a Corporate Transaction, then: (i) any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue outstanding Purchase Rights or may substitute similar rights (including a right to acquire the same consideration paid to the stockholders in the Corporate Transaction) for outstanding Purchase Rights, or (ii) if any surviving or acquiring corporation (or

its parent company) does not assume or continue such Purchase Rights or does not substitute similar rights for such Purchase Rights, then the Participants' accumulated Contributions will be used to purchase shares of Common Stock (rounded down to the nearest whole share) within ten business days (or such other period specified by the Board) prior to the Corporate Transaction under the outstanding Purchase Rights, and the Purchase Rights will terminate immediately after such purchase.

12. AMENDMENT, TERMINATION OR SUSPENSION OF THE PLAN.

(a) The Board may amend the Plan at any time in any respect the Board deems necessary or advisable. However, except as provided in Section 11(a) relating to Capitalization Adjustments, stockholder approval will be required for any amendment of the Plan for which stockholder approval is required by Applicable Law.

(b) The Board may suspend or terminate the Plan at any time. No Purchase Rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(c) Any benefits, privileges, entitlements and obligations under any outstanding Purchase Rights granted before an amendment, suspension or termination of the Plan will not be materially impaired by any such amendment, suspension or termination except (i) with the consent of the person to whom such Purchase Rights were granted, (ii) as necessary to facilitate compliance with any laws, listing requirements, or governmental regulations (including, without limitation, the provisions of Section 423 of the Code and the regulations and other interpretive guidance issued thereunder relating to Employee Stock Purchase Plans) including without limitation any such regulations or other guidance that may be issued or amended after the date the Plan is adopted by the Board, or (iii) as necessary to obtain or maintain favorable tax, listing, or regulatory treatment. To be clear, the Board may amend outstanding Purchase Rights without a Participant's consent if such amendment is necessary to ensure that the Purchase Right and/or the Plan complies with the requirements of Section 423 of the Code with respect to the 423 Component or with respect to other Applicable Laws. Notwithstanding anything in the Plan or any Offering Document to the contrary, the Board will be entitled to: (i) establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars; (ii) permit Contributions in excess of the amount designated by a Participant in order to adjust for mistakes in the Company's processing of properly completed Contribution elections; (iii) establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each Participant properly correspond with amounts withheld from the Participant's Contributions; (iv) amend any outstanding Purchase Rights or clarify any ambiguities regarding the terms of any Offering to enable the Purchase Rights to qualify under and/or comply with Section 423 of the Code with respect to the 423 Component; and (v) establish other limitations or procedures as the Board determines in its sole discretion advisable that are consistent with the Plan. The actions of the Board pursuant to this paragraph will not be considered to alter or impair any Purchase Rights granted under an Offering as they are part of the initial terms of each Offering and the Purchase Rights granted under each Offering.

13. TAX QUALIFICATION; TAX WITHHOLDING.

(a) Although the Company may endeavor to (i) qualify a Purchase Right for special tax treatment under the laws of the United States or jurisdictions outside of the United States or (ii) avoid adverse tax treatment, the Company makes no representation to that effect and expressly disavows any covenant to maintain special or to avoid unfavorable tax treatment, notwithstanding anything to the contrary in this Plan. The Company will be unconstrained in its corporate activities without regard to the potential negative tax impact on Participants.

(b) Each Participant will make arrangements, satisfactory to the Company and any applicable Related Corporation or Affiliate, to enable the Company, the Related Corporation or the Affiliate to fulfill any withholding obligation for Tax-Related Items. Without limitation to the foregoing, in the Company's sole discretion and subject to Applicable Law, such withholding obligation may be satisfied in whole or in part by (i) withholding from the Participant's salary or any other cash payment due to the Participant from the Company,

a Related Corporation or an Affiliate; (ii) withholding from the proceeds of the sale of shares of Common Stock acquired under the Plan, either through a voluntary sale or a mandatory sale arranged by the Company; or (iii) any other method deemed acceptable by the Board. The Company shall not be required to issue any shares of Common Stock under the Plan until such obligations are satisfied.

(c) The 423 Component is exempt from the application of Section 409A of the Code, and any ambiguities herein shall be interpreted to so be exempt from Section 409A of the Code. The Non-423 Component is intended to be exempt from the application of Section 409A of the Code under the short-term deferral exception and any ambiguities shall be construed and interpreted in accordance with such intent. In furtherance of the foregoing and notwithstanding any provision in the Plan to the contrary, if the Committee determines that an option granted under the Plan may be subject to Section 409A of the Code or that any provision in the Plan would cause an option under the Plan to be subject to Section 409A, the Committee may amend the terms of the Plan and/or of an outstanding option granted under the Plan, or take such other action the Committee determines is necessary or appropriate, in each case, without the Participant's consent, to exempt any outstanding option or future option that may be granted under the Plan from or to allow any such options to comply with Section 409A of the Code, but only to the extent any such amendments or action by the Committee would not violate Section 409A of the Code. Notwithstanding the foregoing, the Company shall have no liability to a Participant or any other party if the option under the Plan that is intended to be exempt from or compliant with Section 409A of the Code is not so exempt or compliant or for any action taken by the Committee with respect thereto.

14. EFFECTIVE DATE OF PLAN.

The Plan will become effective immediately prior to and contingent upon the Effective Date. No Purchase Rights will be exercised unless and until the Plan has been approved by the stockholders of the Company, which approval must be within 12 months before or after the date the Plan is adopted (or if required under Section 12(a) above, materially amended) by the Board.

15. MISCELLANEOUS PROVISIONS.

(a) Proceeds from the sale of shares of Common Stock pursuant to Purchase Rights will constitute general funds of the Company.

(b) A Participant will not be deemed to be the holder of, or to have any of the rights of a holder with respect to, shares of Common Stock subject to Purchase Rights unless and until the Participant's shares of Common Stock acquired upon exercise of Purchase Rights are recorded in the books of the Company (or its transfer agent).

(c) The Plan and Offering do not constitute an employment contract. Nothing in the Plan or in the Offering will in any way alter the at will nature of a Participant's employment or amend a Participant's employment or service contract, as applicable, or be deemed to create in any way whatsoever any obligation on the part of any Participant to continue in the employ or service of the Company, a Related Corporation or an Affiliate, or on the part of the Company, a Related Corporation or an Affiliate to continue the employment or service of a Participant.

(d) The provisions of the Plan will be governed by the laws of the State of Delaware without resort to that state's conflict of laws rules.

(e) If any particular provision of the Plan is found to be invalid or otherwise unenforceable, such provision will not affect the other provisions of the Plan, but the Plan will be construed in all respects as if such invalid provision were omitted.

(f) If any provision of the Plan does not comply with Applicable Law, such provision shall be construed in such a manner as to comply with Applicable Law.

16. DEFINITIONS.

As used in the Plan, the following definitions will apply to the capitalized terms indicated below:

(a) “**423 Component**” means the part of the Plan, which excludes the Non-423 Component, pursuant to which Purchase Rights that satisfy the requirements for an Employee Stock Purchase Plan may be granted to Eligible Employees.

(b) “**Affiliate**” means any entity, other than a Related Corporation, whether now or subsequently established, which is at the time of determination, a “parent” or “subsidiary” of the Company as such terms are defined in Rule 405 promulgated under the Securities Act. The Board may determine the time or times at which “parent” or “subsidiary” status is determined within the foregoing definition.

(c) “**Applicable Law**” means the Code and any applicable U.S. and non-U.S. securities, exchange control, tax, federal, state, material local or municipal or other law, statute, constitution, principle of common law, resolution, ordinance, code, edict, decree, rule, listing rule, regulation, judicial decision, ruling or requirement issued, enacted, adopted, promulgated, implemented or otherwise put into effect by or under the authority of any Governmental Body (or under the authority of the New York Stock Exchange, Nasdaq Stock Market or the Financial Industry Regulatory Authority).

(d) “**Board**” means the Board of Directors of the Company.

(e) “**Capitalization Adjustment**” means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Purchase Right after the date the Plan is adopted by the Board without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other similar equity restructuring transaction, as that term is used in Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(f) “**Code**” means the U.S. Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

(g) “**Committee**” means a committee of one or more members of the Board to whom authority has been delegated by the Board in accordance with Section 2(c).

(h) “**Common Stock**” means the common stock of the Company.

(i) “**Company**” means Avenzo Therapeutics, Inc., a Delaware corporation.

(j) “**Contributions**” means the payroll deductions, contributions made by Participants in case payroll deductions are impermissible or problematic under Applicable Law and other additional payments specifically provided for in the Offering that a Participant contributes to fund the exercise of a Purchase Right. A Participant may make additional payments into the Participant’s account if specifically provided for in the Offering, and then only if the Participant has not already had the maximum permitted amount withheld during the Offering through payroll deductions or other contributions and, with respect to the 423 Component, to the extent permitted by Section 423.

(k) “**Corporate Transaction**” means the consummation, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) a sale or other disposition of all or substantially all, as determined by the Board in its sole discretion, of the consolidated assets of the Company and its subsidiaries;

(ii) a sale or other disposition of more than 50% of the outstanding securities of the Company;

(iii) a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(iv) a merger, consolidation or similar transaction following which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

(l) “**Designated 423 Company**” means any Related Corporation selected by the Board as participating in the 423 Component.

(m) “**Designated Company**” means any Designated Non-423 Company or Designated 423 Company, provided, however, that at any given time, a Related Corporation participating in the 423 Component shall not be a Related Corporation participating in the Non-423 Component.

(n) “**Designated Non-423 Company**” means any Related Corporation or Affiliate selected by the Board as participating in the Non-423 Component.

(o) “**Director**” means a member of the Board.

(p) “**Effective Date**” means the effective date of this Plan, which is [], 2026.

(q) “**Eligible Employee**” means an Employee who meets the requirements set forth in the document(s) governing the Offering for eligibility to participate in the Offering, provided that such Employee also meets the requirements for eligibility to participate set forth in the Plan.

(r) “**Employee**” means any person, including an Officer or Director, who is “employed” for purposes of Section 423(b)(4) of the Code by the Company or a Related Corporation or solely with respect to the Non-423 Component, an Affiliate. However, service solely as a Director, or payment of a fee for such services, will not cause a Director to be considered an “Employee” for purposes of the Plan.

(s) “**Employee Stock Purchase Plan**” means a plan that grants Purchase Rights intended to be options issued under an “employee stock purchase plan,” as that term is defined in Section 423(b) of the Code.

(t) “**Exchange Act**” means the U.S. Securities Exchange Act of 1934, as amended and the rules and regulations promulgated thereunder.

(u) “**Fair Market Value**” means, as of any date, the value of the Common Stock determined as follows:

(i) If the Common Stock is listed on any established stock exchange or traded on any established market, the Fair Market Value of a share of Common Stock will be, unless otherwise determined by the Board, the closing sales price for such stock as quoted on such exchange or market (or the exchange or market with the greatest volume of trading in the Common Stock) on the date of determination, as reported in such source as the Board deems reliable. Unless otherwise provided by the Board, if there is no closing sales price for the Common Stock on the date of determination, then the Fair Market Value will be the closing sales price on the last preceding date for which such quotation exists.

(ii) In the absence of such markets for the Common Stock, the Fair Market Value will be determined by the Board in good faith in compliance with Applicable Laws and regulations and, to the extent applicable as determined in the sole discretion of the Board, in a manner that complies with Sections 409A of the Code.

(v) “**Fully Diluted Shares**” means, as of any date, all of the common stock of the Company outstanding plus all shares of common stock of the Company issuable upon conversion or exercise of outstanding securities and rights, including (without limitation) preferred stock on an as-converted basis, equity awards, warrants (including pre-funded warrants), and any convertible indebtedness or similar instruments, whether or not then vested or currently exercisable.

(w) “**Governmental Body**” means any: (i) nation, state, commonwealth, canton, province, territory, county, municipality, district or other jurisdiction of any nature; (ii) U.S. or non-U.S. federal, state, local, municipal or other government; (iii) governmental or regulatory body, or quasi-governmental body of any nature (including any governmental division, department, administrative agency or bureau, commission, authority, instrumentality, official, ministry, fund, foundation, center, organization, unit, body or entity and any court or other tribunal, and for the avoidance of doubt, any tax authority) or other body exercising similar powers or authority; or (iv) self-regulatory organization (including the New York Stock Exchange, the Nasdaq Stock Market and the Financial Industry Regulatory Authority).

(x) “Non-423 Component” means the part of the Plan, which excludes the 423 Component, pursuant to which Purchase Rights that are not intended to satisfy the requirements for an Employee Stock Purchase Plan may be granted to Eligible Employees.

(y) “**Offering**” means the grant to Eligible Employees of Purchase Rights, with the exercise of those Purchase Rights automatically occurring at the end of one or more Purchase Periods. The terms and conditions of an Offering will generally be set forth in the “**Offering Document**” approved by the Board for that Offering.

(z) “**Offering Date**” means a date selected by the Board for an Offering to commence.

(aa) “**Officer**” means a person who is an officer of the Company or a Related Corporation within the meaning of Section 16 of the Exchange Act.

(bb) “**Participant**” means an Eligible Employee who holds an outstanding Purchase Right.

(cc) “**Plan**” means this Avenzo Therapeutics, Inc. 2026 Employee Stock Purchase Plan, as amended from time to time, including both the 423 Component and the Non-423 Component.

(dd) “**Purchase Date**” means one or more dates during an Offering selected by the Board on which Purchase Rights will be exercised and on which purchases of shares of Common Stock will be carried out in accordance with such Offering.

(ee) “**Purchase Period**” means a period of time specified within an Offering, generally beginning on the Offering Date or on the first Trading Day following a Purchase Date, and ending on a Purchase Date. An Offering may consist of one or more Purchase Periods.

(ff) “**Purchase Right**” means an option to purchase shares of Common Stock granted pursuant to the Plan.

(gg) “**Related Corporation**” means any “parent corporation” or “subsidiary corporation” of the Company whether now or subsequently established, as those terms are defined in Sections 424(e) and (f), respectively, of the Code.

(hh) “**Securities Act**” means the U.S. Securities Act of 1933, as amended.

(ii) “**Tax-Related Items**” means any income tax, social insurance, payroll tax, fringe benefit tax, payment on account or other tax-related items arising out of or in relation to a Participant’s participation in the Plan, including, but not limited to, the exercise of a Purchase Right and the receipt of shares of Common Stock or the sale or other disposition of shares of Common Stock acquired under the Plan.

(jj) “*Trading Day*” means any day on which the exchange(s) or market(s) on which shares of Common Stock are listed, including but not limited to the New York Stock Exchange, Nasdaq Global Select Market, the Nasdaq Global Market, the Nasdaq Capital Market or any successors thereto, is open for trading.

**SECTION 262 OF THE
GENERAL CORPORATION LAW OF THE STATE OF DELAWARE
APPRAISAL RIGHTS**

Appraisal Rights.

(a) Any stockholder of a corporations of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger, consolidation, conversion, transfer, domestication or continuance nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository; the words "beneficial owner" mean a person who is the beneficial owner of shares of stock held either in voting trust or by a nominee on behalf of such person; and the word "person" means any individual, corporation, partnership, unincorporated association or other entity.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent, converting, transferring, domesticating or continuing corporation in a merger, consolidation, conversion, transfer, domestication or continuance to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263, § 264, § 266 or § 390 of this title (other than, in each case and solely with respect to a converted or domesticated corporation, a merger, consolidation, conversion, transfer, domestication or continuance authorized pursuant to and in accordance with the provisions of § 265 or § 388 of this title):

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders, or at the record date fixed to determine the stockholders entitled to consent pursuant to § 228 of this title, to act upon the agreement of merger or consolidation or the resolution providing for the conversion, transfer, domestication or continuance (or, in the case of a merger pursuant to § 251(h) of this title, as of immediately prior to the execution of the agreement of merger), were either: (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent, converting, transferring, domesticating or continuing corporation if the holders thereof are required by the terms of an agreement of merger or consolidation, or by the terms of a resolution providing for conversion, transfer, domestication or continuance, pursuant to § 251, § 252, § 254, § 255, § 256, § 257, § 258, § 263, § 264, § 266 or § 390 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or of the converted entity or the entity resulting from a transfer, domestication or continuance if such entity is a corporation as a result of the conversion, transfer, domestication or continuance, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger, consolidation, conversion, transfer, domestication or continuance will be either listed on a national securities exchange or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 253 or § 267 of this title is not owned by the parent immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(4) [Repealed.]

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation, the sale of all or substantially all of the assets of the corporation or a conversion effected pursuant to § 266 of this title or a transfer, domestication or continuance effected pursuant to § 390 of this title. If the certificate of incorporation contains such a provision, the provisions of this section, including those set forth in subsections (d), (e), and (g) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger, consolidation, conversion, transfer, domestication or continuance for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations or the converting, transferring, domesticating or continuing corporation, and shall include in such notice either a copy of this section (and, if 1 of the constituent corporations or the converting corporation is a nonstock corporation, a copy of § 114 of this title) or information directing the stockholders to a publicly available electronic resource at which this section (and, § 114 of this title, if applicable) may be accessed without subscription or cost. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger, consolidation, conversion, transfer, domestication or continuance, a written demand for appraisal of such stockholder's shares; provided that a demand may be delivered to the corporation by electronic transmission if directed to an information processing system (if any) expressly designated for that purpose in such notice. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger, consolidation, conversion, transfer, domestication or continuance shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger, consolidation, conversion, transfer, domestication or continuance, the surviving, resulting or converted entity shall notify each stockholder of each constituent or converting, transferring, domesticating or continuing corporation who has complied with this subsection and has not voted in favor of or consented to the merger, consolidation, conversion, transfer, domestication or continuance, and any beneficial owner who has demanded appraisal under paragraph (d)(3) of this section, of the date that the merger, consolidation or conversion has become effective; or

(2) If the merger, consolidation, conversion, transfer, domestication or continuance was approved pursuant to § 228, § 251(h), § 253, or § 267 of this title, then either a constituent, converting, transferring, domesticating or continuing corporation before the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, or the surviving, resulting or converted entity within 10 days after such effective date, shall notify each stockholder of any class or series of stock of such constituent, converting, transferring, domesticating or continuing corporation who is entitled to appraisal rights of the approval of the merger, consolidation, conversion, transfer, domestication or continuance and that appraisal rights are available for any or all shares of

such class or series of stock of such constituent, converting, transferring, domesticating or continuing corporation, and shall include in such notice either a copy of this section (and, if 1 of the constituent corporations or the converting, transferring, domesticating or continuing corporation is a nonstock corporation, a copy of § 114 of this title) or information directing the stockholders to a publicly available electronic resource at which this section (and § 114 of this title, if applicable) may be accessed without subscription or cost. Such notice may, and, if given on or after the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, shall, also notify such stockholders of the effective date of the merger, consolidation, conversion, transfer, domestication or continuance. Any stockholder entitled to appraisal rights may, within 20 days after the date of giving such notice or, in the case of a merger approved pursuant to § 251(h) of this title, within the later of the consummation of the offer contemplated by § 251(h) of this title and 20 days after the date of giving such notice, demand in writing from the surviving, resulting or converted entity the appraisal of such holder's shares; provided that a demand may be delivered to such entity by electronic transmission if directed to an information processing system (if any) expressly designated for that purpose in such notice. Such demand will be sufficient if it reasonably informs such entity of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, either (i) each such constituent corporation or the converting, transferring, domesticating or continuing corporation shall send a second notice before the effective date of the merger, consolidation, conversion, transfer, domestication or continuance notifying each of the holders of any class or series of stock of such constituent, converting, transferring, domesticating or continuing corporation that are entitled to appraisal rights of the effective date of the merger, consolidation, conversion, transfer, domestication or continuance or (ii) the surviving, resulting or converted entity shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice or, in the case of a merger approved pursuant to § 251(h) of this title, later than the later of the consummation of the offer contemplated by § 251(h) of this title and 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection and any beneficial owner who has demanded appraisal under paragraph (d)(3) of this section. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation or entity that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation or the converting, transferring, domesticating or continuing corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(3) Notwithstanding subsection (a) of this section (but subject to this paragraph (d)(3)), a beneficial owner may, in such person's name, demand in writing an appraisal of such beneficial owner's shares in accordance with either paragraph (d)(1) or (2) of this section, as applicable; provided that (i) such beneficial owner continuously owns such shares through the effective date of the merger, consolidation, conversion, transfer, domestication or continuance and otherwise satisfies the requirements applicable to a stockholder under the first sentence of subsection (a) of this section and (ii) the demand made by such beneficial owner reasonably identifies the holder of record of the shares for which the demand is made, is accompanied by documentary evidence of such beneficial owner's beneficial ownership of stock and a statement that such documentary evidence is a true and correct copy of what it purports to be, and provides an address at which such beneficial owner consents to receive notices given by the surviving, resulting or converted entity hereunder and to be set forth on the verified list required by subsection (f) of this section.

(e) Within 120 days after the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, the surviving, resulting or converted entity, or any person who has complied with subsections (a) and (d) of this section and who is otherwise entitled to appraisal rights, may commence an appraisal

proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, any person entitled to appraisal rights who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such person's demand for appraisal and to accept the terms offered upon the merger, consolidation, conversion, transfer, domestication or continuance. Within 120 days after the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, any person who has complied with the requirements of subsections (a) and (d) of this section, upon request given in writing (or by electronic transmission directed to an information processing system (if any) expressly designated for that purpose in the notice of appraisal), shall be entitled to receive from the surviving, resulting or converted entity a statement setting forth the aggregate number of shares not voted in favor of the merger, consolidation, conversion, transfer, domestication or continuance (or, in the case of a merger approved pursuant to § 251(h) of this title, the aggregate number of shares (other than any excluded stock (as defined in § 251(h)(6)(d. of this title)) that were the subject of, and were not tendered into, and accepted for purchase or exchange in, the offer referred to in § 251(h)(2) of this title)), and, in either case, with respect to which demands for appraisal have been received and the aggregate number of stockholders or beneficial owners holding or owning such shares (provided that, where a beneficial owner makes a demand pursuant to paragraph (d)(3) of this section, the record holder of such shares shall not be considered a separate stockholder holding such shares for purposes of such aggregate number). Such statement shall be given to the person within 10 days after such person's request for such a statement is received by the surviving, resulting or converted entity or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section, whichever is later.

(f) Upon the filing of any such petition by any person other than the surviving, resulting or converted entity, service of a copy thereof shall be made upon such entity, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all persons who have demanded appraisal for their shares and with whom agreements as to the value of their shares have not been reached by such entity. If the petition shall be filed by the surviving, resulting or converted entity, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving, resulting or converted entity and to the persons shown on the list at the addresses therein stated. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving, resulting or converted entity.

(g) At the hearing on such petition, the Court shall determine the persons who have complied with this section and who have become entitled to appraisal rights. The Court may require the persons who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any person fails to comply with such direction, the Court may dismiss the proceedings as to such person. If immediately before the merger, consolidation, conversion, transfer, domestication or continuance the shares of the class or series of stock of the constituent, converting, transferring, domesticating or continuing corporation as to which appraisal rights are available were listed on a national securities exchange, the Court shall dismiss the proceedings as to all holders of such shares who are otherwise entitled to appraisal rights unless (1) the total number of shares entitled to appraisal exceeds 1% of the outstanding shares of the class or series eligible for appraisal, (2) the value of the consideration provided in the merger, consolidation, conversion, transfer, domestication or continuance for such total number of shares exceeds \$1 million, or (3) the merger was approved pursuant to § 253 or § 267 of this title.

(h) After the Court determines the persons entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger, consolidation, conversion, transfer, domestication or continuance, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the

Court in its discretion determines otherwise for good cause shown, and except as provided in this subsection, interest from the effective date of the merger, consolidation, conversion, transfer, domestication or continuance through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger, consolidation or conversion and the date of payment of the judgment. At any time before the entry of judgment in the proceedings, the surviving, resulting or converted entity may pay to each person entitled to appraisal an amount in cash, in which case interest shall accrue thereafter as provided herein only upon the sum of (1) the difference, if any, between the amount so paid and the fair value of the shares as determined by the Court, and (2) interest theretofore accrued, unless paid at that time. Upon application by the surviving, resulting or converted entity or by any person entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the persons entitled to an appraisal. Any person whose name appears on the list filed by the surviving, resulting or converted entity pursuant to subsection (f) of this section may participate fully in all proceedings until it is finally determined that such person is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving, resulting or converted entity to the persons entitled thereto. Payment shall be so made to each such person upon such terms and conditions as the Court may order. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving, resulting or converted entity be an entity of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a person whose name appears on the list filed by the surviving, resulting or converted entity pursuant to subsection (f) of this section who participated in the proceeding and incurred expenses in connection therewith, the Court may order all or a portion of such expenses, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal not dismissed pursuant to subsection (k) of this section or subject to such an award pursuant to a reservation of jurisdiction under subsection (k) of this section.

(k) Subject to the remainder of this subsection, from and after the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, no person who has demanded appraisal rights with respect to some or all of such person's shares as provided in subsection (d) of this section shall be entitled to vote such shares for any purpose or to receive payment of dividends or other distributions on such shares (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger, consolidation, conversion, transfer, domestication or continuance). If a person who has made a demand for an appraisal in accordance with this section shall deliver to the surviving, resulting or converted entity a written withdrawal of such person's demand for an appraisal in respect of some or all of such person's shares in accordance with subsection (e) of this section, either within 60 days after such effective date or thereafter with the written approval of the corporation, then the right of such person to an appraisal of the shares subject to the withdrawal shall cease. Notwithstanding the foregoing, an appraisal proceeding in the Court of Chancery shall not be dismissed as to any person without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just, including without limitation, a reservation of jurisdiction for any application to the Court made under subsection (j) of this section; provided, however that this provision shall not affect the right of any person who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such person's demand for appraisal and to accept the terms offered upon the merger, consolidation, conversion, transfer, domestication or continuance within 60 days after the effective date of the merger, consolidation, conversion, transfer, domestication or continuance, as set forth in subsection (e) of this section. If a petition for an appraisal is not filed within the time provided in subsection (e) of this section, the right to appraisal with respect to all shares shall cease.

(l) The shares or other equity interests of the surviving, resulting or converted entity to which the shares of stock subject to appraisal under this section would have otherwise converted but for an appraisal demand made in accordance with this section shall have the status of authorized but not outstanding shares of stock or other equity interests of the surviving, resulting or converted entity, unless and until the person that has demanded appraisal is no longer entitled to appraisal pursuant to this section.

PART II

INFORMATION NOT REQUIRED IN PROXY STATEMENT/PROSPECTUS

Item 20. Indemnification of Directors and Officers.

As permitted by Section 102(b)(7) of the DGCL, Rallybio's amended and restated certificate of incorporation includes a provision to eliminate the personal liability of Rallybio's directors for monetary damages for breach of their fiduciary duties as directors, subject to certain exceptions. In addition, Rallybio's amended and restated certificate of incorporation and amended and restated bylaws provide that Rallybio required to indemnify its officers and directors under certain circumstances, including those circumstances in which indemnification would otherwise be discretionary, and Rallybio is required to advance expenses to its officers and directors as incurred in connection with proceedings against them for which they may be indemnified, in each case except to the extent that the DGCL prohibits the elimination or limitation of liability of directors for breaches of fiduciary duty.

Section 145(a) of the DGCL provides that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interest of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful. No indemnification shall be made with respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery (the "Court of Chancery") or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Rallybio has entered into indemnification agreements with its directors and certain of its officers. These indemnification agreements provide broader indemnity rights than those provided under the DGCL and Rallybio's amended and restated certificate of incorporation. These indemnification agreements are not intended to deny or otherwise limit third-party or derivative suits against Rallybio or its directors or officers, but to the extent a director or officer were entitled to indemnity or contribution under the indemnification agreement, the financial burden of a third-party suit would be borne by Rallybio, and Rallybio would not benefit from derivative recoveries against the director or officer. Such recoveries would accrue to Rallybio's benefit but would be offset by Rallybio's obligations to the director or officer under the indemnification agreement.

Rallybio maintains directors' and officers' liability insurance for the benefit of its directors and officers.

The Merger Agreement provides that, subject to certain limitations as set forth in the Merger Agreement, from the Effective Time through the sixth anniversary of the date on which the Effective Time occurs, Rallybio and the Surviving Corporation will indemnify each person who is, has been at any time prior to the date of the Merger Agreement, or who becomes prior to the Effective Time, a director, officer, fiduciary or agent of Rallybio or Avenzo or their respective subsidiaries. The Merger Agreement also provides that the provisions relating to the indemnification, advancement of expenses and exculpation of present and former directors and officers of Rallybio or any of its subsidiaries set forth in the organizational documents of Rallybio or any of its subsidiaries will not be amended, modified or repealed for a period of six years from the Effective Time in any manner that would adversely affect the rights of individuals who, at or prior to the Effective Time, were officers or directors of Rallybio or any of its

subsidiaries, unless required by applicable law. After Closing, the organizational documents of the surviving corporation will contain provisions at least as favorable as the provisions relating to the indemnification, advancement of expenses and exculpation of present and former directors and officers presently set forth in Rallybio's organizational documents as of the date of the Merger Agreement.

From and after the Effective Time, (i) the Surviving Corporation shall fulfill and honor in all respects the obligations of Avenzo to each person who is or has served as a director or officer of Avenzo as of immediately prior to the Closing pursuant to any indemnification provisions under Avenzo's amended and restated certificate of incorporation and bylaws and pursuant to any indemnification agreements between Avenzo and such directors and officers, with respect to claims arising out of matters occurring at or prior to the Effective Time and (ii) Rallybio shall fulfill and honor in all respects the obligations of Rallybio or any of its subsidiaries to each person who is or has served as a director or officer of Rallybio as of immediately prior to the Closing pursuant to any indemnification provisions under Rallybio's amended and restated certificate of incorporation and amended and restated bylaws or any of its subsidiaries and pursuant to any indemnification agreements between Rallybio or any of its subsidiaries and such directors and officers, with respect to claims arising out of matters occurring at or prior to the Effective Time.

From the Effective Time through the sixth (6th) anniversary of the date on which the Effective Time occurs, Rallybio shall maintain directors' and officers' liability insurance policies, with an effective date as of the Closing Date, on commercially available terms and conditions and with coverage limits customary for companies similarly situated to Rallybio.

From and after the Effective Time, Rallybio shall pay all expenses, including reasonable attorneys' fees, that are incurred by indemnified persons in connection with their successful enforcement of the rights provided to such persons in the Merger Agreement. The director and officer indemnification provisions of the Merger Agreement are intended to be in addition to the rights otherwise available to the current and former officers and directors of Rallybio and Avenzo by law, charter, statute, bylaw or agreement, and shall operate for the benefit of, and shall be enforceable by, each of such indemnified persons, their heirs and their representatives.

In the event Rallybio or the Surviving Corporation or any of their respective successors or assigns (i) consolidates with or merges into any other person and shall not be the continuing or surviving corporation or entity of such consolidation or merger, or (ii) transfers all or substantially all of its properties and assets to any person, then, and in each such case, proper provision shall be made so that the successors and assigns of Rallybio or the Surviving Corporation, as the case may be, shall succeed to the indemnification obligations set forth in the Merger Agreement. Rallybio shall cause the Surviving Corporation to perform all of the director and officer indemnification obligations of the Surviving Corporation under the Merger Agreement.

Item 22. Undertakings.

- (a) The registrant hereby undertakes:
- a. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - i. To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
 - b. That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - c. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 - d. That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
 - e. That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, if a primary offering of securities of the undersigned registrant is deemed to occur pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, and if the securities are deemed to be offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - i. Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - ii. Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - iii. The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - iv. Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

- f. That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- g. That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.
- h. That every prospectus (i) that is filed pursuant to paragraph (g)(1) of Item 512 of Regulation S-K or (ii) that purports to meet the requirements of section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- i. To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first-class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.
- j. To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
- k. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

TERMINATION DATE: AUGUST 14, 2032

1. General.

(a) Eligible Stock Award Recipients. Employees, Directors and Consultants are eligible to receive Stock Awards.

(b) Available Stock Awards. The Plan provides for the grant of the following types of Stock Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Stock Appreciation Rights, (iv) Restricted Stock Awards, (v) Restricted Stock Unit Awards and (vi) Other Stock Awards.

(c) Purpose. The Plan, through the grant of Stock Awards, is intended to help the Company secure and retain the services of eligible award recipients, provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and provide a means by which the eligible recipients may benefit from increases in value of the Common Stock.

2. Administration.

(a) Administration by the Board. The Board will administer the Plan. The Board may delegate administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) Powers of the Board. The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine (A) who will be granted Stock Awards; (B) when and how each Stock Award will be granted; (C) what type of Stock Award will be granted; (D) the provisions of each Stock Award (which need not be identical), including when a person will be permitted to exercise or otherwise receive cash or Common Stock under the Stock Award; (E) the number of shares of Common Stock subject to, or the cash value of, a Stock Award; and (F) the Fair Market Value applicable to a Stock Award.

(ii) To construe and interpret the Plan and Stock Awards granted under it, and to establish, amend and revoke rules and regulations for administration of the Plan and Stock Awards. The Board, in the exercise of these powers, may correct any defect, omission or inconsistency in the Plan or in any Stock Award Agreement, in a manner and to the extent it will deem necessary or expedient to make the Plan or Stock Award fully effective.

(iii) To settle all controversies regarding the Plan and Stock Awards granted under it.

(iv) To accelerate, in whole or in part, the time at which a Stock Award may be exercised or vest (or the time at which cash or shares of Common Stock may be issued in settlement thereof).

(v) To suspend or terminate the Plan at any time. Except as otherwise provided in the Plan or a Stock Award Agreement, suspension or termination of the Plan will not impair a Participant's rights under the Participant's then-outstanding Stock Award without the Participant's written consent except as provided in subsection (viii) below.

(vi) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, by adopting amendments relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and/or bringing the Plan or Stock Awards granted under the Plan into compliance with the requirements for Incentive Stock Options or ensuring that they are exempt from, or compliant with, the requirements for nonqualified deferred compensation under Section 409A of the Code, subject to the limitations, if any, of applicable law. If required by applicable law or listing requirements, and except as provided in Section 9(a) relating to Capitalization Adjustments, the Company will seek stockholder approval of any amendment of the Plan that (A) materially increases the number of shares of Common Stock available for issuance under the Plan, (B) materially expands the class of individuals eligible to receive Stock Awards under the Plan, (C) materially increases the benefits accruing to Participants under the Plan, (D) materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (E) materially extends the term of the Plan, or (F) materially expands the types of Stock Awards available for issuance under the Plan. Except as otherwise provided in the Plan or a Stock Award Agreement, no amendment of the Plan will materially impair a Participant's rights under an outstanding Stock Award without the Participant's written consent.

(vii) To submit any amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 422 of the Code regarding Incentive Stock Options.

(viii) To approve forms of Stock Award Agreements for use under the Plan and to amend the terms of any one or more Stock Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Stock Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided however*, that a Participant's rights under any Stock Award will not be impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing. Notwithstanding the foregoing, (1) a Participant's rights will not be deemed to have been impaired by any

such amendment if the Board, in its sole discretion, determines that the amendment, taken as a whole, does not materially impair the Participant's rights, and (2) subject to the limitations of applicable law, if any, the Board may amend the terms of any one or more Stock Awards without the affected Participant's consent (A) to maintain the qualified status of the Stock Award as an Incentive Stock Option under Section 422 of the Code; (B) to change the terms of an Incentive Stock Option, if such change results in impairment of the Stock Award solely because it impairs the qualified status of the Stock Award as an Incentive Stock Option under Section 422 of the Code; (C) to clarify the manner of exemption from, or to bring the Stock Award into compliance with, Section 409A of the Code; or (D) to comply with other applicable laws.

(ix) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Stock Awards.

(x) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Stock Award Agreement that are required for compliance with the laws of the relevant foreign jurisdiction).

(xi) To effect, with the consent of any adversely affected Participant, (A) the reduction of the exercise, purchase or strike price of any outstanding Stock Award; (B) the cancellation of any outstanding Stock Award and the grant in substitution thereof of a new (1) Option or SAR, (2) Restricted Stock Award, (3) Restricted Stock Unit Award, (4) Other Stock Award, (5) cash and/or (6) other valuable consideration determined by the Board, in its sole discretion, with any such substituted award (x) covering the same or a different number of shares of Common Stock as the cancelled Stock Award and (y) granted under the Plan or another equity or compensatory plan of the Company; or (C) any other action that is treated as a repricing under generally accepted accounting principles.

(c) **Delegation to Committee.** The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee, as applicable). Any delegation of administrative powers will be reflected in resolutions, not inconsistent with the provisions of the Plan, adopted from time to time by the Board or Committee (as applicable). The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revert in the Board some or all of the powers previously delegated.

(d) **Delegation to Other Person or Body.** The Board may delegate to one or more persons or bodies, in addition to the Board, the authority to do one or both of the following: (i) designate recipients of Options and SARs (and, to the extent permitted by applicable law, other Stock Awards) and, to the extent permitted by applicable law, the terms of such Stock Awards, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such recipients; *provided, however*, that the Board resolutions regarding such delegation will fix the terms of such delegation in accordance with applicable law, including without limitation Sections 152 and/or 157 of the Delaware General Corporation Law, and *provided* that no Board resolution may permit a person or body to grant a Stock Award to such person or body. Any such Stock Awards will be granted on the form of Stock Award Agreement most recently approved for use by the Committee or the Board, unless otherwise provided in the resolutions approving the delegation authority. The Board may not delegate authority to determine the Fair Market Value pursuant to Section 13(t) below to any person or body, except that the Board may delegate such authority to a Committee or Committees of the Board in accordance with Section 2(c) above.

(e) **Effect of Board's Decision.** All determinations, interpretations and constructions made by the Board in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

3. Shares Subject to the Plan.

(a) Share Reserve.

(i) Subject to Section 9(a) relating to Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Stock Awards from and after the Effective Date will not exceed 43,748,383 shares (the "**Share Reserve**").

(ii) For clarity, the Share Reserve in this Section 3(a) is a limitation on the number of shares of Common Stock that may be issued pursuant to the Plan. Accordingly, this Section 3(a) does not limit the granting of Stock Awards except as provided in Section 7(a).

(b) **Reversion of Shares to the Share Reserve.** If a Stock Award or any portion thereof (i) expires or otherwise terminates without all of the shares covered by such Stock Award having been issued or (ii) is settled in cash (i.e., the Participant receives cash rather than stock), such expiration, termination or settlement will not reduce (or otherwise offset) the number of shares of Common Stock that may be available for issuance under the Plan. If any shares of Common Stock issued pursuant to a Stock Award are forfeited back to or repurchased by the Company because of the failure to meet a contingency or condition required to vest such shares in the Participant, then the shares that are forfeited or repurchased will revert to and again become available for issuance under the Plan. Any shares reacquired by the Company in satisfaction of tax withholding obligations on a Stock Award or as consideration for the exercise or purchase price of a Stock Award will again become available for issuance under the Plan.

(c) **Incentive Stock Option Limit.** Subject to the Share Reserve and Section 9(a) relating to Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options will be a number of shares of Common Stock equal to three multiplied by the Share Reserve.

(d) **Source of Shares.** The stock issuable under the Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market or otherwise.

4. Eligibility.

(a) **Eligibility for Specific Stock Awards.** Incentive Stock Options may be granted only to employees of the Company or a "parent corporation" or "subsidiary corporation" thereof (as such terms are defined in Sections 424(e) and 424(f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants; *provided, however*, that Stock Awards may not be granted to Employees, Directors and Consultants who are providing Continuous Service only to any "parent" of the Company, as such term is defined in Rule 405, unless (i) the stock underlying such Stock Awards is treated as "service recipient stock" under Section 409A of the Code (for example, because the Stock Awards are granted pursuant to a corporate transaction such as a spin off transaction), (ii) the Company, in consultation with its legal counsel, has determined that such Stock Awards are otherwise exempt from Section 409A of the Code, or (iii) the Company, in consultation with its legal counsel, has determined that such Stock Awards comply with the distribution requirements of Section 409A of the Code.

(b) Ten Percent Stockholders. A Ten Percent Stockholder will not be granted an Incentive Stock Option unless the exercise price of such Option is at least 110% of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five years from the date of grant.

(c) Consultants. A Consultant will not be eligible for the grant of a Stock Award if, at the time of grant, either the offer or sale of the Company's securities to such Consultant is not exempt under Rule 701 because of the nature of the services that the Consultant is providing to the Company, because the Consultant is not a natural person, or because of any other provision of Rule 701, unless the Company determines that such grant need not comply with the requirements of Rule 701 and will satisfy another exemption under the Securities Act as well as comply with the securities laws of all other relevant jurisdictions.

5. Provisions Relating to Options and Stock Appreciation Rights.

Each Option or SAR will be in such form and will contain such terms and conditions as the Board deems appropriate. All Options will be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, or if an Option is designated as an Incentive Stock Option but some portion or all of the Option fails to qualify as an Incentive Stock Option under the applicable rules, then the Option (or portion thereof) will be a Nonstatutory Stock Option. The provisions of separate Options or SARs need not be identical; *provided, however*, that each Stock Award Agreement will conform to (through incorporation of provisions hereof by reference in the applicable Stock Award Agreement or otherwise) the substance of each of the following provisions:

(a) Term. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, no Option or SAR will be exercisable after the expiration of 10 years from the date of its grant or such shorter period specified in the Stock Award Agreement.

(b) Exercise Price. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, the exercise or strike price of each Option or SAR will be not less than 100% of the Fair Market Value of the Common Stock subject to the Option or SAR on the date the Stock Award is granted. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise or strike price lower than 100% of the Fair Market Value of the Common Stock subject to the Stock Award if such Stock Award is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Corporate Transaction and in a manner consistent with the provisions of Section 409A of the Code and, if applicable, Section 424(a) of the Code. Each SAR will be denominated in shares of Common Stock equivalents.

(c) Purchase Price for Options. The purchase price of Common Stock acquired pursuant to the exercise of an Option may be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board will have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to use a particular method of payment. The permitted methods of payment are as follows:

- (i) by cash, check, bank draft, electronic funds transfer or money order payable to the Company;

(ii) subject to Company and/or Board consent at the time of exercise and provided that at the time of exercise the Common Stock is publicly traded, pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of Common Stock, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds. This manner of payment is also known as a “broker-assisted exercise”, “same day sale”, or “sell to cover”;

(iii) subject to Company and/or Board consent at the time of exercise and provided that at the time of exercise the Common Stock is publicly traded, by delivery to the Company (either by actual delivery or attestation) of already-owned shares of Common Stock that are owned free and clear of any liens, claims, encumbrances or security interests, and that are valued at Fair Market Value on the date of exercise. “Delivery” for these purposes, in the sole discretion of the Company and/or the Board, at the time Participant exercises their Option, will include delivery to the Company of Participant’s attestation of ownership of such shares of Common Stock in a form approved by the Company. Participant may not exercise their option by delivery to the Company of Common Stock if doing so would violate the provisions of any law, regulation or agreement restricting the redemption of the Company’s stock;

(iv) subject to Company and/or Board consent at the time of exercise, and provided that the Option is a Nonstatutory Stock Option, by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise of the Option by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price plus, to the extent permitted by the Company and/or Board at the time of exercise, the aggregate withholding obligations in respect of the Option exercise; provided, further that Participant must pay any remaining balance of the aggregate exercise price not satisfied by the “net exercise” in cash or other permitted form of payment. Shares of Common Stock will no longer be subject to the Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are used to pay the exercise price pursuant to the “net exercise,” (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations;

(v) according to a deferred payment or similar arrangement with the Optionholder; provided, however, that interest will compound at least annually and will be charged at the minimum rate of interest necessary to avoid (A) the imputation of interest income to the Company and compensation income to the Optionholder under any applicable provisions of the Code, and (B) the classification of the Option as a liability for financial accounting purposes; or

(vi) in any other form of legal consideration that may be acceptable to the Board.

(d) Exercise and Payment of a SAR. To exercise any outstanding SAR, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Appreciation Right Agreement evidencing such SAR. The appreciation distribution payable on the exercise of a SAR will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the SAR) of a number of shares of Common Stock equal to the number of Common Stock equivalents in which the Participant is vested under such SAR, and with respect to which the Participant is exercising the SAR on such date, over (B) the aggregate strike price of the number of Common Stock equivalents with respect to which the Participant is exercising the SAR on such date. The appreciation distribution may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and contained in the Stock Award Agreement evidencing such SAR.

(e) Transferability of Options and SARs. The Board may, in its sole discretion, impose such limitations on the transferability of Options and SARs as the Board will determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options and SARs will apply:

(i) Restrictions on Transfer. An Option or SAR will not be transferable except by will or by the laws of descent and distribution (or pursuant to subsections (ii) and (iii) below), and will be exercisable during the lifetime of the Participant only by the Participant. The Board may permit transfer of the Option or SAR in a manner that is not prohibited by applicable tax and securities laws. Except as explicitly provided in the Plan, neither an Option nor a SAR may be transferred for consideration.

(ii) Domestic Relations Orders. Subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulation 1.421-1(b)(2). If an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) Beneficiary Designation. Subject to the approval of the Board or a duly authorized Officer, a Participant may, by delivering written notice to the Company, in a form approved by the Company (or the designated broker), designate a third party who, upon the death of the Participant, will thereafter be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. In the absence of such a designation, upon the death of the Participant, the executor or administrator of the Participant's estate will be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. However, the Company may prohibit designation of a beneficiary at any time, including due to any conclusion by the Company that such designation would be inconsistent with the provisions of applicable laws.

(f) Vesting Generally. The total number of shares of Common Stock subject to an Option or SAR may vest and therefore become exercisable in periodic installments that may or may not be equal. The Option or SAR may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of performance goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options or SARs may vary. The provisions of this Section 5(f) are subject to any Option or SAR provisions governing the minimum number of shares of Common Stock as to which an Option or SAR may be exercised.

(g) Termination of Continuous Service. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates (other than for Cause and other than upon the Participant's death or Disability), the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Stock Award as of the date of termination of Continuous Service) within the period of time ending on the earlier of (i) the date three months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the applicable Stock Award Agreement, which period will not be less than 30 days if necessary to comply with applicable laws unless such termination is for Cause) and (ii) the expiration of the term of the Option or SAR as set forth in the Stock Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR (as applicable) within the applicable time frame, the Option or SAR will terminate.

(h) Extension of Termination Date. If the exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause and other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option or SAR will terminate on the earlier of (i) the expiration of a total period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous

Service during which the exercise of the Option or SAR would not be in violation of such registration requirements, and (ii) the expiration of the term of the Option or SAR as set forth in the applicable Stock Award Agreement. In addition, unless otherwise provided in a Participant's Stock Award Agreement, if the sale of any Common Stock received upon exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause) would violate the Company's insider trading policy, then the Option or SAR will terminate on the earlier of (i) the expiration of the period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service during which the sale of the Common Stock received upon exercise of the Option or SAR would not be in violation of the Company's insider trading policy, and (ii) the expiration of the term of the Option or SAR as set forth in the applicable Stock Award Agreement.

(i) Disability of Participant. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date 12 months following such termination of Continuous Service (or such longer or shorter period specified in the Stock Award Agreement, which period will not be less than six months if necessary to comply with applicable laws unless such termination is for Cause), and (ii) the expiration of the term of the Option or SAR as set forth in the Stock Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the applicable time frame, the Option or SAR (as applicable) will terminate.

(j) Death of Participant. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if (i) a Participant's Continuous Service terminates as a result of the Participant's death, or (ii) the Participant dies within the period (if any) specified in the Stock Award Agreement for exercisability after the termination of the Participant's Continuous Service (for a reason other than death), then the Option or SAR may be exercised (to the extent the Participant was entitled to exercise such Option or SAR as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Option or SAR by bequest or inheritance or by a person designated to exercise the Option or SAR upon the Participant's death, but only within the period ending on the earlier of (i) the date 18 months following the date of death (or such longer or shorter period specified in the Stock Award Agreement, which period will not be less than six months if necessary to comply with applicable laws unless such termination is for Cause), and (ii) the expiration of the term of such Option or SAR as set forth in the Stock Award Agreement. If, after the Participant's death, the Option or SAR is not exercised within the applicable time frame, the Option or SAR (as applicable) will terminate.

(k) Termination for Cause. Except as explicitly provided otherwise in a Participant's Stock Award Agreement or other individual written agreement between the Company or any Affiliate and the Participant, if a Participant's Continuous Service is terminated for Cause, the Option or SAR will terminate immediately upon such Participant's termination of Continuous Service, and the Participant will be prohibited from exercising his or her Option or SAR (whether vested or unvested) from and after the date of such termination of Continuous Service.

(l) Non-Exempt Employees. If an Option or SAR is granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, the Option or SAR will not be first exercisable for any shares of Common Stock until at least six months following the date of grant of the Option or SAR (although the Stock Award may vest prior to such date). Consistent with the provisions of the Worker Economic Opportunity Act, (i) if such non-exempt Employee dies or suffers a Disability, (ii) upon a Corporate Transaction in which such Option or SAR is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Participant's retirement (as such term may be

defined in the Participant's Stock Award Agreement, in another agreement between the Participant and the Company, or, if no such definition, in accordance with the Company's then current employment policies and guidelines), the vested portion of any Options and SARs may be exercised earlier than six months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from his or her regular rate of pay. To the extent permitted and/or required for compliance with the Worker Economic Opportunity Act to ensure that any income derived by a non-exempt employee in connection with the exercise, vesting or issuance of any shares under any other Stock Award will be exempt from the employee's regular rate of pay, the provisions of this Section 5(l) will apply to all Stock Awards and are hereby incorporated by reference into such Stock Award Agreements.

(m) Early Exercise of Options. An Option may, but need not, include a provision whereby the Optionholder may elect at any time before the Optionholder's Continuous Service terminates to exercise the Option as to any part or all of the shares of Common Stock subject to the Option prior to the full vesting of the Option. Subject to the "Repurchase Limitation" in Section 8(l), any unvested shares of Common Stock so purchased may be subject to a repurchase right in favor of the Company or to any other restriction the Board determines to be appropriate. Provided that the "Repurchase Limitation" in Section 8(l) is not violated, the Company will not be required to exercise its repurchase right until at least six months (or such longer or shorter period of time required to avoid classification of the Option as a liability for financial accounting purposes) have elapsed following exercise of the Option unless the Board otherwise specifically provides in the Option Agreement.

(n) Right of Repurchase. Subject to the "Repurchase Limitation" in Section 8(l), the Option or SAR may include a provision whereby the Company may elect to repurchase all or any part of the vested shares of Common Stock acquired by the Participant pursuant to the exercise of the Option or SAR.

(o) Right of First Refusal. The Option or SAR may include a provision whereby the Company may elect to exercise a right of first refusal following receipt of notice from the Participant of the intent to transfer all or any part of the shares of Common Stock received upon the exercise of the Option or SAR. Such right of first refusal will be subject to the "Repurchase Limitation" in Section 8(l). Except as expressly provided in this Section 5(o) or in the Stock Award Agreement, such right of first refusal will otherwise comply with any applicable provisions of the bylaws of the Company.

6. Provisions of Stock Awards Other than Options and SARs.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement will be in such form and will contain such terms and conditions as the Board will deem appropriate. To the extent consistent with the Company's bylaws, at the Board's election, shares of Common Stock underlying a Restricted Stock Award may be (i) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse; or (ii) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical. Each Restricted Stock Award Agreement will conform to (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (A) cash, check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of legal consideration (including future services) that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. Subject to the “Repurchase Limitation” in Section 8(l), shares of Common Stock awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) Termination of Participant’s Continuous Service. If a Participant’s Continuous Service terminates, the Company may receive through a forfeiture condition or a repurchase right, any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement will be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board will determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(v) Dividends. A Restricted Stock Award Agreement may provide that any dividends paid on Restricted Stock will be subject to the same vesting and forfeiture restrictions as apply to the shares subject to the Restricted Stock Award to which they relate.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement will be in such form and will contain such terms and conditions as the Board will deem appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical. Each Restricted Stock Unit Award Agreement will conform to (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each share of Common Stock subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions on or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment. A Restricted Stock Unit Award may be settled by the delivery of shares of Common Stock, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of the shares of Common Stock (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(v) Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional shares of Common Stock covered by the Restricted Stock Unit Award in such manner as determined by the Board. Any additional shares covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(vi) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(vii) Compliance with Section 409A of the Code. Notwithstanding anything to the contrary set forth herein, any Restricted Stock Unit Award granted under the Plan that is not exempt from the requirements of Section 409A of the Code will contain such provisions so that such Restricted Stock Unit Award will comply with the requirements of Section 409A of the Code. Such restrictions, if any, will be determined by the Board and contained in the Restricted Stock Unit Award Agreement evidencing such Restricted Stock Unit Award. For example, such restrictions may include, without limitation, a requirement that any Common Stock that is to be issued in a year following the year in which the Restricted Stock Unit Award vests must be issued in accordance with a fixed pre-determined schedule.

(c) Other Stock Awards. Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock, including the appreciation in value thereof (e.g., options or stock rights with an exercise price or strike price less than 100% of the Fair Market Value of the Common Stock at the time of grant) may be granted either alone or in addition to Stock Awards provided for under Section 5 and the preceding provisions of this Section 6. Subject to the provisions of the Plan, the Board will have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. Covenants of the Company.

(a) Availability of Shares. The Company will keep available at all times the number of shares of Common Stock reasonably required to satisfy then-outstanding Stock Awards.

(b) Securities Law Compliance. The Company will seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however*, that this undertaking will not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company will be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained. A Participant will not be eligible for the grant of a Stock Award or the subsequent issuance of cash or Common Stock pursuant to the Stock Award if such grant or issuance would be in violation of any applicable securities law.

(c) No Obligation to Notify or Minimize Taxes. The Company will have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company will have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of a Stock Award or a possible period in which the Stock Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of a Stock Award to the holder of such Stock Award.

8. Miscellaneous.

(a) Use of Proceeds from Sales of Common Stock. Proceeds from the sale of shares of Common Stock pursuant to Stock Awards will constitute general funds of the Company.

(b) Corporate Action Constituting Grant of Stock Awards. Corporate action constituting a grant by the Company of a Stock Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Stock Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action constituting the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Stock Award Agreement or related grant documents as a result of a clerical error in the papering of the Stock Award Agreement or related grant documents, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Stock Award Agreement or related grant documents.

(c) Stockholder Rights. No Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to a Stock Award unless and until (i) such Participant has satisfied all requirements for exercise of, or the issuance of shares of Common Stock under, the Stock Award pursuant to its terms, and (ii) the issuance of the Common Stock subject to the Stock Award has been entered into the books and records of the Company.

(d) No Employment or Other Service Rights. Nothing in the Plan, any Stock Award Agreement or any other instrument executed thereunder or in connection with any Stock Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or will affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(e) Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of his or her services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee or takes an extended leave of absence) after the date of grant of any Stock Award to the Participant, the Board has the right in its sole discretion to (x) make a corresponding reduction in the number of shares subject to any portion of such Stock Award that is scheduled to vest or become payable after the date of such change in time commitment, and (y) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Stock Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Stock Award that is so reduced or extended.

(f) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds \$100,000 (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(g) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that the Participant is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, will be inoperative if (A) the issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (B) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(h) Withholding Obligations. Unless prohibited by the terms of a Stock Award Agreement, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to a Stock Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Stock Award; *provided, however*, that no shares of Common Stock are withheld with a value exceeding the maximum amount of tax required to be withheld by law (or such lesser amount as may be necessary to avoid classification of the Stock Award as a liability for financial accounting purposes); (iii) withholding cash from a Stock Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; or (v) by such other method as may be set forth in the Stock Award Agreement.

(i) Electronic Delivery. Any reference herein to a "written" agreement or document will include any agreement or document delivered electronically or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access).

(j) Deferrals. To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Stock Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company. The Board is authorized to make deferrals of Stock Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(k) Compliance with Section 409A of the Code. To the extent that the Board determines that any Stock Award granted hereunder is subject to Section 409A of the Code, the Stock Award Agreement evidencing such Stock Award will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code. To the extent applicable, the Plan and Stock Award Agreements will be interpreted in accordance with Section 409A of the Code. Notwithstanding anything to the contrary in the Plan (and unless the Stock Award Agreement specifically provides otherwise), if the shares of Common Stock are publicly traded, and if a Participant holding a Stock Award

that constitutes “deferred compensation” under Section 409A of the Code is a “specified employee” for purposes of Section 409A of the Code, no distribution or payment of any amount that is due because of a “separation from service” (as defined in Section 409A of the Code without regard to alternative definitions thereunder) will be issued or paid before the date that is six months following the date of such Participant’s “separation from service” (as defined in Section 409A of the Code without regard to alternative definitions thereunder) or, if earlier, the date of the Participant’s death, unless such distribution or payment can be made in a manner that complies with Section 409A of the Code, and any amounts so deferred will be paid in a lump sum on the day after such six month period elapses, with the balance paid thereafter on the original schedule.

(l) Repurchase Limitation. The terms of any repurchase right will be specified in the Stock Award Agreement. The repurchase price for vested shares of Common Stock will be the Fair Market Value of the shares of Common Stock on the date of repurchase. The repurchase price for unvested shares of Common Stock will be the lower of (i) the Fair Market Value of the shares of Common Stock on the date of repurchase or (ii) their original purchase price. However, the Company will not exercise its repurchase right until at least six months (or such longer or shorter period of time necessary to avoid classification of the Stock Award as a liability for financial accounting purposes) have elapsed following delivery of shares of Common Stock subject to the Stock Award, unless otherwise specifically provided by the Board.

9. Adjustments upon Changes in Common Stock; Other Corporate Events.

(a) Capitalization Adjustments. In the event of a Capitalization Adjustment, then: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 3(c), and (iii) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards will be proportionately adjusted and such adjustment shall occur automatically. To the extent such adjustments cannot occur automatically, the Board shall have the power to make determinations as it deems necessary and its determinations and any adjustments under this section will be final, binding and conclusive.

(b) Dissolution or Liquidation. Except as otherwise provided in the Stock Award Agreement, in the event of a dissolution or liquidation of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company’s right of repurchase) will terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company’s repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service, *provided, however*, that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the dissolution or liquidation is completed but contingent on its completion.

(c) Corporate Transaction. The following provisions will apply to Stock Awards in the event of a Corporate Transaction unless otherwise provided in the instrument evidencing the Stock Award or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Board at the time of grant of a Stock Award. In the event of a Corporate Transaction, then, notwithstanding any other provision of the Plan, the Board may take one or more of the following actions with respect to Stock Awards, contingent upon the closing or completion of the Corporate Transaction:

(i) arrange for the surviving corporation or acquiring corporation (or the surviving or acquiring corporation’s parent company) to assume or continue the Stock Award or to substitute a similar stock award for the Stock Award (including, but not limited to, an award to acquire the same consideration paid to the stockholders of the Company pursuant to the Corporate Transaction);

(ii) arrange for the assignment of any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to the Stock Award to the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company);

(iii) accelerate the vesting, in whole or in part, of the Stock Award (and, if applicable, the time at which the Stock Award may be exercised) to a date prior to the effective time of such Corporate Transaction as the Board determines (or, if the Board does not determine such a date, to the date that is five days prior to the effective date of the Corporate Transaction), with such Stock Award terminating if not exercised (if applicable) at or prior to the effective time of the Corporate Transaction; *provided, however*, that the Board may require Participants to complete and deliver to the Company a notice of exercise before the effective date of a Corporate Transaction, which exercise is contingent upon the effectiveness of such Corporate Transaction;

(iv) arrange for the lapse, in whole or in part, of any reacquisition or repurchase rights held by the Company with respect to the Stock Award;

(v) cancel or arrange for the cancellation of the Stock Award, to the extent not vested or not exercised prior to the effective time of the Corporate Transaction, in exchange for such cash consideration (including no consideration) as the Board, in its sole discretion, may consider appropriate; and

(vi) make a payment, in such form as may be determined by the Board equal to the excess, if any, of (A) the value of the property the Participant would have received upon the exercise of the Stock Award immediately prior to the effective time of the Corporate Transaction, over (B) any exercise price payable by such holder in connection with such exercise. For clarity, this payment may be zero (\$0) if the value of the property is equal to or less than the exercise price. Payments under this provision may be delayed to the same extent that payment of consideration to the holders of the Company's Common Stock in connection with the Corporate Transaction is delayed as a result of escrows, earn outs, holdbacks or any other contingencies.

The Board need not take the same action or actions with respect to all Stock Awards or portions thereof or with respect to all Participants. The Board may take different actions with respect to the vested and unvested portions of a Stock Award.

(d) Change in Control. A Stock Award may be subject to additional acceleration of vesting and exercisability upon or after a Change in Control as may be provided in the Stock Award Agreement for such Stock Award or as may be provided in any other written agreement between the Company or any Affiliate and the Participant, but in the absence of such provision, no such acceleration will occur.

10. Plan Term; Earlier Termination or Suspension of the Plan.

(a) Plan Term. The Board may suspend or terminate the Plan at any time. Unless terminated sooner by the Board, the Plan will automatically terminate on the day before the 10th anniversary of the earlier of (i) the date the Plan is adopted by the Board, or (ii) the date the Plan is approved by the stockholders of the Company. No Stock Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) **No Impairment of Rights.** Suspension or termination of the Plan will not impair rights and obligations under any Stock Award granted while the Plan is in effect except with the written consent of the affected Participant or as otherwise permitted in the Plan.

11. Effective Date of Plan.

This Plan will become effective on the Effective Date.

12. Choice of Law.

The laws of the State of Delaware will govern all questions concerning the construction, validity and interpretation of this Plan, without regard to that state's conflict of laws rules.

13. Definitions. As used in the Plan (or as otherwise used in connection with an Award, or as otherwise may be defined in the applicable Stock Award Agreement), the following definitions will apply to the capitalized terms indicated below:

(a) **"Affiliate"** means, at the time of determination, any "parent" or "majority-owned subsidiary" of the Company, as such terms are defined in Rule 405. The Board will have the authority to determine the time or times at which "parent" or "majority-owned subsidiary" status is determined within the foregoing definition.

(b) **"Board"** means the Board of Directors of the Company.

(c) **"Capitalization Adjustment"** means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Stock Award after the Effective Date without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, reverse stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure, or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(d) **"Cause"** will have the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, the occurrence of any of the following events: (i) such Participant's commission of any felony or any crime involving fraud, dishonesty or moral turpitude under the laws of the United States or any state thereof; (ii) such Participant's attempted commission of, or participation in, a fraud or act of dishonesty against the Company, or any of its employees or directors; (iii) such Participant's intentional, material violation of any contract or agreement between the Participant and the Company, the Company's employment policies, or of any statutory or other duty owed to the Company; (iv) such Participant's unauthorized use or disclosure of the Company's confidential information or trade secrets; or (v) such Participant's gross misconduct. The determination that a termination of the Participant's Continuous Service is either for Cause or without Cause will be made by the Company, in its sole discretion. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Stock Awards held by such Participant will have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

(e) “**Change in Control**” means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) Any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company’s then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control will not be deemed to occur (A) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person that acquires the Company’s securities in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities or (C) solely because the level of Ownership held by any Exchange Act Person (the “**Subject Person**”) exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control will be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than 50% of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than 50% of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction; or

(iii) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than 50% of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition.

Notwithstanding the foregoing definition or any other provision of this Plan, (A) the term Change in Control will not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company, (B) the definition of Change in Control (or any analogous term) in an individual written agreement between the Company or any Affiliate and the Participant will supersede the foregoing definition with respect to Stock Awards subject to such agreement; *provided, however*, that if no definition of Change in Control or any analogous term is set forth in such an individual written agreement, the definition set forth herein will apply, and (C) if at any time the Company’s Certificate of Incorporation provides definitions of various analogous transactions that would be deemed a liquidation event for the Company, then such definition will apply as if it were the definition set forth herein except as is otherwise expressly provided in an individual written agreement between the Company or any Affiliate and the Participant.

(f) “**Code**” means the Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

(g) “**Committee**” means a committee of one or more Directors to whom authority has been delegated by the Board in accordance with Section 2(c).

(h) “**Common Stock**” means the Class A common stock of the Company.

(i) “**Company**” means Avenzo Therapeutics, Inc., a Delaware corporation.

(j) “**Consultant**” means any person, including an advisor, who is (i) engaged by the Company or an Affiliate to render consulting or advisory services and is compensated for such services, or (ii) serving as a member of the board of directors of an Affiliate and is compensated for such services. However, service solely as a Director, or payment of a fee for such service, will not cause a Director to be considered a “Consultant” for purposes of the Plan.

(k) “**Continuous Service**” means that the Participant’s service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate as an Employee, Director or Consultant or a change in the Entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant’s service with the Company or an Affiliate, will not terminate a Participant’s Continuous Service; *provided, however*, that if the Entity for which a Participant is rendering services ceases to qualify as an Affiliate, as determined by the Board in its sole discretion, such Participant’s Continuous Service will be considered to have terminated on the date such Entity ceases to qualify as an Affiliate. For example, a change in status from an Employee of the Company to a Consultant of an Affiliate or to a Director will not constitute an interruption of Continuous Service. To the extent permitted by law, the Board or the chief executive officer of the Company, in that party’s sole discretion, may determine whether Continuous Service will be considered interrupted in the case of (i) any leave of absence approved by the Board or chief executive officer, including sick leave, military leave or any other personal leave, or (ii) transfers between the Company, an Affiliate, or their successors. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in a Stock Award only to such extent as may be provided in the Company’s leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by law.

(l) “**Corporate Transaction**” means the consummation, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) a sale or other disposition of all or substantially all, as determined by the Board in its sole discretion, of the consolidated assets of the Company and its Subsidiaries;

(ii) a sale or other disposition of more than 50% of the outstanding securities of the Company;

(iii) a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(iv) a merger, consolidation or similar transaction following which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

(m) “**Director**” means a member of the Board.

(n) “**Disability**” means, with respect to a Participant, the inability of such Participant to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than twelve (12) months as provided in Sections 22(e)(3) and 409A(a)(2)(c)(i) of the Code, and will be determined by the Board on the basis of such medical evidence as the Board deems warranted under the circumstances.

(o) “**Effective Date**” means the effective date of this Plan, which is the earlier of (i) the date that this Plan is first approved by the Company’s stockholders, and (ii) the date this Plan is adopted by the Board.

(p) “**Employee**” means any person employed by the Company or an Affiliate. However, service solely as a Director, or payment of a fee for such services, will not cause a Director to be considered an “Employee” for purposes of the Plan.

(q) “**Entity**” means a corporation, partnership, limited liability company or other entity.

(r) “**Exchange Act**” means the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder.

(s) “**Exchange Act Person**” means any natural person, Entity or “group” (within the meaning of Section 13(d) or 14(d) of the Exchange Act), except that “Exchange Act Person” will not include (i) the Company or any Subsidiary of the Company, (ii) any employee benefit plan of the Company or any Subsidiary of the Company or any trustee or other fiduciary holding securities under an employee benefit plan of the Company or any Subsidiary of the Company, (iii) an underwriter temporarily holding securities pursuant to a registered public offering of such securities, (iv) an Entity Owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their Ownership of stock of the Company; or (v) any natural person, Entity or “group” (within the meaning of Section 13(d) or 14(d) of the Exchange Act) that, as of the Effective Date, is the Owner, directly or indirectly, of securities of the Company representing more than 50% of the combined voting power of the Company’s then outstanding securities.

(t) “**Fair Market Value**” means, as of any date, the value of the Common Stock determined by the Board in compliance with Section 409A of the Code or, in the case of an Incentive Stock Option, in compliance with Section 422 of the Code.

(u) “**Good Reason**” will have the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, a material and unreasonable diminution of such Participant’s duties (as determined by the Board in its sole discretion) without such Participant’s consent; provided, however, that the following shall not constitute Good Reason: (i) a change of title; (ii) a reduction in such Participant’s duties by virtue of the Company undergoing a Change in Control and/or being made part of a larger entity or group of entities; and/or (iii) cessation of such Participant’s service, if any, on the Board or a committee thereof. For such Participant to receive the benefits under the applicable written agreement between such Participant and the Company as a result of a voluntary resignation for Good Reason, unless otherwise provided in such agreement, all of the following requirements must be satisfied: (A) such Participant must provide notice to the Company of such Participant’s intent to assert Good Reason within thirty (30) days of the initial existence of the condition set forth in the previous sentence; (B) the Company will have thirty (30) days (the “**Company Cure Period**”) from the date of such notice to remedy the

condition and, if it does so, such Participant may withdraw such Participant's resignation or such Participant may resign with no benefits under the applicable written agreement; and (C) any termination of such Participant's Continuous Service under this provision must occur within ten (10) days of the earlier of expiration of the Company Cure Period or written notice from the Company that it will not undertake to cure the applicable condition. Unless otherwise set forth in the applicable written agreement, should the Company remedy the condition as set forth above and then such condition arises again, such Participant may assert Good Reason again subject to all of the conditions set forth herein. Unless otherwise set forth in the applicable written agreement, the term "Company" for purposes of "Good Reason" will be interpreted to include any Affiliate of the Company to which such Participant provides services, if appropriate, as determined by the Board in its sole discretion.

(v) "**Incentive Stock Option**" means an option granted pursuant to Section 5 of the Plan that is intended to be, and that qualifies as, an "incentive stock option" within the meaning of Section 422 of the Code.

(w) "**Nonstatutory Stock Option**" means an option granted pursuant to Section 5 of the Plan that does not qualify as an Incentive Stock Option.

(x) "**Officer**" means any person designated by the Company as an officer.

(y) "**Option**" means an Incentive Stock Option or a Nonstatutory Stock Option to purchase shares of Common Stock granted pursuant to the Plan.

(z) "**Option Agreement**" means a written agreement between the Company and an Optionholder evidencing the terms and conditions of an Option grant. Each Option Agreement will be subject to the terms and conditions of the Plan.

(aa) "**Optionholder**" means a person to whom an Option is granted pursuant to the Plan or, if applicable, such other person who holds an outstanding Option.

(bb) "**Other Stock Award**" means an award based in whole or in part by reference to the Common Stock which is granted pursuant to the terms and conditions of Section 6(c).

(cc) "**Other Stock Award Agreement**" means a written agreement between the Company and a holder of an Other Stock Award evidencing the terms and conditions of an Other Stock Award grant. Each Other Stock Award Agreement will be subject to the terms and conditions of the Plan.

(dd) "**Own,**" "**Owned,**" "**Owner,**" "**Ownership**" A person or Entity will be deemed to "Own," to have "Owned," to be the "Owner" of, or to have acquired "Ownership" of securities if such person or Entity, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, has or shares voting power, which includes the power to vote or to direct the voting, with respect to such securities.

(ee) "**Participant**" means a person to whom a Stock Award is granted pursuant to the Plan or, if applicable, such other person who holds an outstanding Stock Award.

(ff) "**Plan**" means this 2022 Equity Incentive Plan.

(gg) "**Restricted Stock Award**" means an award of shares of Common Stock which is granted pursuant to the terms and conditions of Section 6(a).

(hh) “**Restricted Stock Award Agreement**” means a written agreement between the Company and a holder of a Restricted Stock Award evidencing the terms and conditions of a Restricted Stock Award grant. Each Restricted Stock Award Agreement will be subject to the terms and conditions of the Plan.

(ii) “**Restricted Stock Unit Award**” means a right to receive shares of Common Stock which is granted pursuant to the terms and conditions of Section 6(b).

(jj) “**Restricted Stock Unit Award Agreement**” means a written agreement between the Company and a holder of a Restricted Stock Unit Award evidencing the terms and conditions of a Restricted Stock Unit Award grant. Each Restricted Stock Unit Award Agreement will be subject to the terms and conditions of the Plan.

(kk) “**Rule 405**” means Rule 405 promulgated under the Securities Act.

(ll) “**Rule 701**” means Rule 701 promulgated under the Securities Act.

(mm) “**Securities Act**” means the Securities Act of 1933, as amended.

(nn) “**Stock Appreciation Right**” or “**SAR**” means a right to receive the appreciation on Common Stock that is granted pursuant to the terms and conditions of Section 5.

(oo) “**Stock Appreciation Right Agreement**” means a written agreement between the Company and a holder of a Stock Appreciation Right evidencing the terms and conditions of a Stock Appreciation Right grant. Each Stock Appreciation Right Agreement will be subject to the terms and conditions of the Plan.

(pp) “**Stock Award**” means any right to receive Common Stock granted under the Plan, including an Incentive Stock Option, a Nonstatutory Stock Option, a Restricted Stock Award, a Restricted Stock Unit Award, a Stock Appreciation Right or any Other Stock Award.

(qq) “**Stock Award Agreement**” means a written agreement between the Company and a Participant evidencing the terms and conditions of a Stock Award grant. Each Stock Award Agreement will be subject to the terms and conditions of the Plan.

(rr) “**Subsidiary**” means, with respect to the Company, (i) any corporation of which more than 50% of the outstanding capital stock having ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether, at the time, stock of any other class or classes of such corporation will have or might have voting power by reason of the happening of any contingency) is at the time, directly or indirectly, Owned by the Company, and (ii) any partnership, limited liability company or other entity in which the Company has a direct or indirect interest (whether in the form of voting or participation in profits or capital contribution) of more than 50%.

(ss) “**Ten Percent Stockholder**” means a person who Owns (or is deemed to Own pursuant to Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Affiliate.

STOCK OPTION GRANT NOTICE
(2022 EQUITY INCENTIVE PLAN)

Avenzo Therapeutics, Inc. (the “*Company*”), pursuant to its 2022 Equity Incentive Plan (as amended and/or restated as of the Date of Grant set forth below, the “*Plan*”), has granted to Optionholder an option to purchase the number of shares of the Class A Common Stock set forth below (the “*Option*”). The Option is subject to all of the terms and conditions as set forth in this Stock Option Grant Notice (the “*Grant Notice*”) and in the Plan, the Option Agreement, and the Notice of Exercise, all of which are attached to this Grant Notice and incorporated into this Grant Notice in their entirety. Capitalized terms not explicitly defined in this Grant Notice but defined in the Plan or the Option Agreement shall have the meanings set forth in the Plan or the Option Agreement, as applicable. If the Company uses an electronic capitalization table system (such as Carta or Shareworks) and the fields below are blank or the information is otherwise provided in a different format electronically, the blank fields and other information (such as exercise schedule and type of grant) shall be deemed to come from the electronic capitalization system and is considered part of this Grant Notice.

¹ The exercise price may be paid by one or a combination of the methods permitted in the Option Agreement.

² If this is an Incentive Stock Option, it (plus other outstanding Incentive Stock Options) cannot be first *exercisable* for more than \$100,000 in value (measured by exercise price) in any calendar year. Any excess over \$100,000 is a Nonstatutory Stock Option.

Optionholder Acknowledgements: By Optionholder's signature below or by electronic acceptance or authentication in a form authorized by the Company, Optionholder understands and agrees that the Option is governed by this Stock Option Grant Notice, and the provisions of the Plan and the Option Agreement and the Notice of Exercise, all of which are made a part of this document.

By accepting this Option, Optionholder consents to receive this Grant Notice, the Option Agreement, the Plan, and any other Plan-related documents by electronic delivery and to participate in the Plan through an on-line or electronic system established and maintained by the Company or another third party designated by the Company. Optionholder represents that he or she has read and is familiar with the provisions of the Plan and the Option Agreement. Optionholder acknowledges and agrees that this Grant Notice and the Option Agreement may not be modified, amended or revised except in writing signed by Optionholder and a duly authorized officer of the Company.

Optionholder further acknowledges that in the event of any conflict between the provisions in this Grant Notice, the Option Agreement, the Notice of Exercise and the terms of the Plan, the terms of the Plan shall control. Optionholder further acknowledges that the Option Agreement sets forth the entire understanding between Optionholder and the Company regarding the acquisition of Class A Common Stock and supersedes all prior oral and written agreements, promises and/or representations on that subject with the exception of other equity awards previously granted to Optionholder and any written employment agreement, offer letter, severance agreement, written severance plan or policy, or other written agreement between the Company and Optionholder in each case that specifies the terms that should govern this Option.

Optionholder further acknowledges that this Grant Notice has been prepared on behalf of the Company by Cooley LLP, counsel to the Company and that Cooley LLP does not represent, and is not acting on behalf of, Optionholder in any capacity. Optionholder has been provided with an opportunity to consult with Optionholder's own counsel with respect to this Grant Notice.

This Grant Notice may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, Uniform Electronic Transactions Act or other applicable law) or other transmission method and any counterpart so delivered will be deemed to have been duly and validly delivered and be valid and effective for all purposes.

OPTION AGREEMENT

AVENZO THERAPEUTICS, INC.

2022 Equity Incentive Plan

OPTION AGREEMENT

(INCENTIVE STOCK OPTION OR NONSTATUTORY STOCK OPTION)

Pursuant to your Stock Option Grant Notice (“**Grant Notice**”) and this Option Agreement, **Avenzo Therapeutics, Inc.** (the “**Company**”) has granted you an option under its 2022 Equity Incentive Plan (the “**Plan**”) to purchase the number of shares of the Company’s Common Stock indicated in your Grant Notice at the exercise price indicated in your Grant Notice. The option is granted to you effective as of the date of grant set forth in the Grant Notice (the “**Date of Grant**”). If there is any conflict between the terms in this Option Agreement and the Plan, the terms of the Plan will control. Capitalized terms not explicitly defined in this Option Agreement or in the Grant Notice but defined in the Plan will have the same definitions as in the Plan.

The details of your option, in addition to those set forth in the Grant Notice and the Plan, are as follows:

1. Vesting. Your option will vest as provided in your Grant Notice. Vesting will cease upon the termination of your Continuous Service.

2. Number of Shares and Exercise Price. The number of shares of Common Stock subject to your option and your exercise price per share in your Grant Notice will be adjusted for Capitalization Adjustments.

3. Exercise Restriction for Non-Exempt Employees. If you are an Employee eligible for overtime compensation under the Fair Labor Standards Act of 1938, as amended (that is, a “**Non-Exempt Employee**”), and except as otherwise provided in the Plan, you may not exercise your option until you have completed at least six months of Continuous Service measured from the Date of Grant, even if you have already been an employee for more than six months. Consistent with the provisions of the Worker Economic Opportunity Act, you may exercise your option as to any vested portion prior to such six month anniversary in the case of (i) your death or disability, (ii) a Corporate Transaction in which your option is not assumed, continued or substituted, (iii) a Change in Control or (iv) your termination of Continuous Service on your “retirement” (as defined in the Company’s benefit plans).

4. Exercise prior to Vesting (“Early Exercise”). If permitted in your Grant Notice (*i.e.*, the “Exercise Schedule” indicates “Early Exercise Permitted”) and subject to the provisions of your option, you may elect at any time that is both (i) during the period of your Continuous Service and (ii) during the term of your option, to exercise all or part of your option, including the unvested portion of your option; *provided, however*, that:

(a) a partial exercise of your option will be deemed to cover first vested shares of Common Stock and then the earliest vesting installment of unvested shares of Common Stock;

(b) any shares of Common Stock so purchased from installments that have not vested as of the date of exercise will be subject to the purchase option in favor of the Company as described in the Company’s form of Early Exercise Stock Purchase Agreement;

(c) you will enter into the Company's form of Early Exercise Stock Purchase Agreement with a vesting schedule that will result in the same vesting as if no early exercise had occurred; and

(d) if your option is an Incentive Stock Option, then, to the extent that the aggregate Fair Market Value (determined at the Date of Grant) of the shares of Common Stock with respect to which your option plus all other Incentive Stock Options you hold are exercisable for the first time by you during any calendar year (under all plans of the Company and its Affiliates) exceeds \$100,000, your option(s) or portions thereof that exceed such limit (according to the order in which they were granted) will be treated as Nonstatutory Stock Options.

5. Method of Payment. You must pay the full amount of the exercise price for the shares you wish to exercise. The permitted methods of payment are as follows:

(a) by cash, check, bank draft, electronic funds transfer or money order payable to the Company;

(b) subject to Company and/or Board consent at the time of exercise and provided that at the time of exercise the Common Stock is publicly traded, pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of Common Stock, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds. This manner of payment is also known as a "broker-assisted exercise", "same day sale", or "sell to cover";

(c) subject to Company and/or Board consent at the time of exercise and provided that at the time of exercise the Common Stock is publicly traded, by delivery to the Company (either by actual delivery or attestation) of already-owned shares of Common Stock that are owned free and clear of any liens, claims, encumbrances or security interests, and that are valued at Fair Market Value on the date of exercise. "Delivery" for these purposes, in the sole discretion of the Company at the time you exercise your option, will include delivery to the Company of your attestation of ownership of such shares of Common Stock in a form approved by the Company. You may not exercise your option by delivery to the Company of Common Stock if doing so would violate the provisions of any law, regulation or agreement restricting the redemption of the Company's stock;

(d) subject to Company and/or Board consent at the time of exercise, and provided that the Option is a Nonstatutory Stock Option, by a "net exercise" arrangement pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise of the Option by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price plus, to the extent permitted by the Company and/or Board at the time of exercise, the aggregate withholding obligations in respect of the Option exercise; provided, further that you must pay any remaining balance of the aggregate exercise price not satisfied by the "net exercise" in cash or other permitted form of payment. Shares of Common Stock will no longer be subject to the Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are used to pay the exercise price pursuant to the "net exercise," (B) shares are delivered to you as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations;

(e) subject to the consent of the Company and/or Board at the time of exercise, according to a deferred payment or similar arrangement with you; *provided, however*, that interest will compound at least annually and will be charged at the minimum rate of interest necessary to avoid (A) the imputation of interest income to the Company and compensation income to the Optionholder under any applicable provisions of the Code, and (B) the classification of the Option as a liability for financial accounting purposes; or

(f) in any other form of legal consideration that may be acceptable to the Board. Stock.

6. Whole Shares. You may exercise your option only for whole shares of Common stock.

7. Securities Law Compliance. In no event may you exercise your option unless the shares of Common Stock issuable upon exercise are then registered under the Securities Act or, if not registered, the Company has determined that your exercise and the issuance of the shares would be exempt from the registration requirements of the Securities Act. The exercise of your option also must comply with all other applicable laws and regulations governing your option, and you may not exercise your option if the Company determines that such exercise would not be in material compliance with such laws and regulations (including any restrictions on exercise required for compliance with Treas. Reg. 1.401(k)-1(d)(3), if applicable).

8. Term. You may not exercise your option before the Date of Grant or after the expiration of the option's term. Except as set forth in your Grant Notice, the term of your option expires, subject to the provisions of Section 5(h) of the Plan, upon the earliest of the following:

(a) immediately upon the termination of your Continuous Service for Cause;

(b) three months after the termination of your Continuous Service for any reason other than Cause, your Disability or your death (except as otherwise provided in Section 8(d) below); *provided, however*, that if during any part of such three month period your option is not exercisable solely because of the condition set forth in the section above relating to "Securities Law Compliance," your option will not expire until the earlier of the Expiration Date or until it has been exercisable for an aggregate period of three months after the termination of your Continuous Service; *provided further*, that if (i) you are a Non-Exempt Employee, (ii) your Continuous Service terminates within six months after the Date of Grant, and (iii) you have vested in a portion of your option at the time of your termination of Continuous Service, your option will not expire until the earlier of (x) the later of (A) the date that is seven months after the Date of Grant, and (B) the date that is three months after the termination of your Continuous Service, and (y) the Expiration Date;

(c) 12 months after the termination of your Continuous Service due to your Disability (except as otherwise provided in Section 8(d)) below;

(d) 18 months after your death if you die either during your Continuous Service or within three (3) months after your Continuous Service terminates for any reason other than Cause;

(e) the Expiration Date indicated in your Grant Notice; or

(f) the day before the 10th anniversary of the Date of Grant.

If your option is an Incentive Stock Option, note that to obtain the federal income tax advantages associated with an Incentive Stock Option, the Code requires that at all times beginning on the Date of Grant and ending on the day three months before the date of your option's exercise, you must be an employee of the Company or an Affiliate, except in the event of your death or Disability. The Company has provided for extended exercisability of your option under certain circumstances for your benefit but cannot guarantee that your option will necessarily be treated as an Incentive Stock Option if you continue to provide services to the Company or an Affiliate as a Consultant or Director after your employment terminates or if you otherwise exercise your option more than three months after the date your employment with the Company or an Affiliate terminates.

9. Exercise.

(a) You may exercise the vested portion of your option (and the unvested portion of your option if your Grant Notice so permits) during its term by delivering a Notice of Exercise (in a form designated by the Company) together with the exercise price to the Secretary of the Company, or to such other person as the Company may designate, during regular business hours. If required by the Company, your exercise may be made contingent on your execution of any additional documents specified by the Company as more fully set forth in Section 14 below.

(b) By exercising your option you agree that, as a condition to any exercise of your option, the Company may require you to enter into an arrangement providing for the payment by you to the Company of any tax withholding obligation of the Company arising by reason of (i) the exercise of your option, (ii) the lapse of any substantial risk of forfeiture to which the shares of Common Stock are subject at the time of exercise, or (iii) the disposition of shares of Common Stock acquired upon such exercise.

(c) If your option is an Incentive Stock Option, by exercising your option you agree that you will notify the Company in writing within 15 days after the date of any disposition of any of the shares of the Common Stock issued upon exercise of your option that occurs within two years after the Date of Grant or within one year after such shares of Common Stock are transferred upon exercise of your option.

(d) By exercising your option you agree that you will not sell, dispose of, transfer, make any short sale of, grant any option for the purchase of, or enter into any hedging or similar transaction with the same economic effect as a sale with respect to any shares of Common Stock or other securities of the Company held by you, for a period of 180 days following the effective date of a registration statement of the Company filed under the Securities Act or such longer period as the underwriters or the Company will request to facilitate compliance with applicable FINRA rules (the “**Lock-Up Period**”); *provided, however*, that nothing contained in this section will prevent the exercise of a repurchase option, if any, in favor of the Company during the Lock-Up Period. You further agree to execute and deliver such other agreements as may be reasonably requested by the Company or the underwriters that are consistent with the foregoing or that are necessary to give further effect thereto. In order to enforce the foregoing covenant, the Company may impose stop-transfer instructions with respect to your shares of Common Stock until the end of such period. You also agree that any transferee of any shares of Common Stock (or other securities) of the Company held by you will be bound by this Section 9(d). The underwriters of the Company’s stock are intended third party beneficiaries of this Section 9(d) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. You further agree that the obligations contained in this Section 9(d) shall also, if so determined by the Company’s Board of Directors, apply in the Company’s initial listing of its Common Stock on a national securities exchange by means of a registration statement on Form S-1 under the Securities Act (or any successor registration form under the Securities Act subsequently adopted by the Securities and Exchange Commission) filed by the Company with the Securities and Exchange Commission that registers shares of existing capital stock of the Company for resale (a “**Direct Listing**”), provided that all holders of at least 5% of the Company’s outstanding Common Stock (after giving effect to the conversion into Common Stock of any outstanding Preferred Stock of the Company) are subject to substantially similar obligations with respect to such Direct Listing.

10. Transferability. Except as otherwise provided in this Section 10, your option is not transferable, except by will or by the laws of descent and distribution, and is exercisable during your life only by you.

(a) Certain Trusts. Upon receiving written permission from the Board or its duly authorized designee, you may transfer your option to a trust if you are considered to be the sole beneficial owner (determined under Section 671 of the Code and applicable state law) while the option is held in the trust. You and the trustee must enter into transfer and other agreements required by the Company.

(b) Domestic Relations Orders. Upon receiving written permission from the Board or its duly authorized designee, and provided that you and the designated transferee enter into transfer and other agreements required by the Company, you may transfer your option pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulation 1.421-1(b)(2) that contains the information required by the Company to effectuate the transfer. You are encouraged to discuss the proposed terms of any division of this option with the Company prior to finalizing the domestic relations order or marital settlement agreement to help ensure the required information is contained within the domestic relations order or marital settlement agreement. If this option is an Incentive Stock Option, this option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(c) Beneficiary Designation. Upon receiving written permission from the Board or its duly authorized designee, you may, by delivering written notice to the Company, in a form approved by the Company and any broker designated by the Company to handle option exercises, designate a third party who, on your death, will thereafter be entitled to exercise this option and receive the Common Stock or other consideration resulting from such exercise. In the absence of such a designation, your executor or administrator of your estate will be entitled to exercise this option and receive, on behalf of your estate, the Common Stock or other consideration resulting from such exercise.

11. Option not a Service Contract. Your option is not an employment or service contract, and nothing in your option will be deemed to create in any way whatsoever any obligation on your part to continue in the employ of the Company or an Affiliate, or of the Company or an Affiliate to continue your employment. In addition, nothing in your option will obligate the Company or an Affiliate, their respective stockholders, boards of directors, officers or employees to continue any relationship that you might have as a Director or Consultant for the Company or an Affiliate.

12. Withholding Obligations.

(a) At the time you exercise your option, in whole or in part, and at any time thereafter as requested by the Company, you hereby authorize withholding from payroll and any other amounts payable to you, and otherwise agree to make adequate provision for (including by means of a "same day sale" pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board to the extent permitted by the Company), any sums required to satisfy the federal, state, local and foreign tax withholding obligations of the Company or an Affiliate, if any, which arise in connection with the exercise of your option.

(b) If this option is a Nonstatutory Stock Option, then upon your request and subject to approval by the Company, and compliance with any applicable legal conditions or restrictions, the Company may withhold from fully vested shares of Common Stock otherwise issuable to you upon the exercise of your option a number of whole shares of Common Stock having a Fair Market Value, determined by the Company as of the date of exercise, not in excess of the minimum amount of tax required to be withheld by law (or such lower amount as may be necessary to avoid classification of your option as a liability for financial accounting purposes). If the date of determination of any tax withholding obligation is deferred to a date later than the date of exercise of your option, share withholding pursuant to the preceding sentence will not be permitted unless you make a proper and timely election under Section 83(b) of the Code, covering the aggregate number of shares of Common Stock acquired upon such exercise with

respect to which such determination is otherwise deferred, to accelerate the determination of such tax withholding obligation to the date of exercise of your option. Notwithstanding the filing of such election, shares of Common Stock will be withheld solely from fully vested shares of Common Stock determined as of the date of exercise of your option that are otherwise issuable to you upon such exercise. Any adverse consequences to you arising in connection with such share withholding procedure will be your sole responsibility.

(c) You may not exercise your option unless the tax withholding obligations of the Company and/or any Affiliate are satisfied.

Accordingly, you may not be able to exercise your option when desired even though your option is vested, and the Company will have no obligation to issue a certificate for such shares of Common Stock or release such shares of Common Stock from any escrow provided for herein, if applicable, unless such obligations are satisfied.

13. Tax Consequences. You hereby agree that the Company does not have a duty to design or administer the Plan or its other compensation programs in a manner that minimizes your tax liabilities. You will not make any claim against the Company, or any of its Officers, Directors, Employees or Affiliates related to tax liabilities arising from your option or your other compensation. In particular, you acknowledge that this option is exempt from Section 409A of the Code only if the exercise price per share specified in the Grant Notice is at least equal to the "fair market value" per share of the Common Stock on the Date of Grant and there is no other impermissible deferral of compensation associated with the option. Because the Common Stock is not traded on an established securities market, the Fair Market Value is determined by the Board, perhaps in consultation with an independent valuation firm retained by the Company. You acknowledge that there is no guarantee that the Internal Revenue Service will agree with the valuation as determined by the Board, and you will not make any claim against the Company, or any of its Officers, Directors, Employees or Affiliates in the event that the Internal Revenue Service asserts that the valuation determined by the Board is less than the "fair market value" as subsequently determined by the Internal Revenue Service.

14. Imposition of Other Requirements. You agree to execute further documents or instruments necessary or desirable in the sole determination of the Company to carry out the purposes or intent of this option. You further agree to execute, to the extent requested by the Company, at any time and from time to time, any agreements entered into with holders of capital stock of the Company, including without limitation a right of first refusal and co-sale agreement, stockholders agreement and/or a voting agreement.

15. Notices. Any notices provided for in your option or the Plan will be given in writing (including electronically) and will be deemed effectively given upon receipt or, in the case of notices delivered by mail by the Company to you, five days after deposit in the United States mail, postage prepaid, addressed to you at the last address you provided to the Company. The Company may, in its sole discretion, decide to deliver any documents related to participation in the Plan and this option by electronic means or to request your consent to participate in the Plan by electronic means. By accepting this option, you consent to receive such documents by electronic delivery and to participate in the Plan through an on-line or electronic system established and maintained by the Company or another third party designated by the Company.

16. Governing Plan Document. Your option is subject to all the provisions of the Plan, the provisions of which are hereby made a part of your option, and is further subject to all interpretations, amendments, rules and regulations, which may from time to time be promulgated and adopted pursuant to the Plan. If there is any conflict between the provisions of your option and those of the Plan, the provisions of the Plan will control.

⁶ Subject to Company and/or Board consent and must meet the public trading and other requirements set forth in the Option Agreement. Shares must be valued in accordance with the terms of the option being exercised, and must be owned free and clear of any liens, claims, encumbrances or security interests. Certificates must be endorsed or accompanied by an executed assignment separate from certificate.

⁷ Subject to Company and/or Board consent and must be a Nonstatutory Option.

I hereby make the following certifications and representations with respect to the number of Shares listed above, which are being acquired by me for my own account upon exercise of the option as set forth above:

I acknowledge that the Shares have not been registered under the Securities Act of 1933, as amended (the “**Securities Act**”), and are deemed to constitute “restricted securities” under Rule 701 and Rule 144 promulgated under the Securities Act. I warrant and represent to the Company that I have no present intention of distributing or selling said Shares, except as permitted under the Securities Act and any applicable state securities laws.

I further acknowledge and agree that, except for such information as required to be delivered to me by the Company pursuant to the option or the Plan (if any), I will have no right to receive any information from the Company by virtue of the grant of the option or the purchase of shares of Class A Common Stock through exercise of the option, ownership of such shares of Class A Common Stock, or as a result of my being a holder of record of stock of the Company. Without limiting the foregoing, to the fullest extent permitted by law, I hereby waive all inspection rights under Section 220 of the Delaware General Corporation Law and all such similar information and/or inspection rights that may be provided under the law of any jurisdiction, or any federal, state or foreign regulation, that are, or may become, applicable to the Company or the Company’s capital stock (the “**Inspection Rights**”). I hereby covenant and agree never to directly or indirectly commence, voluntarily aid in any way, prosecute, assign, transfer, or cause to be commenced any claim, action, cause of action, or other proceeding to pursue or exercise the Inspection Rights.

I further acknowledge that I will not be able to resell the Shares for at least 90 days after the stock of the Company becomes publicly traded (*i.e.*, subject to the reporting requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934) under Rule 701 and that more restrictive conditions apply to affiliates of the Company under Rule 144.

I further acknowledge that all certificates representing any of the Shares subject to the provisions of the option will have endorsed thereon appropriate legends reflecting the foregoing limitations, as well as any legends reflecting restrictions pursuant to the Company’s Certificate of Incorporation, Bylaws and/or applicable securities laws.

I further agree that, if required by the Company (or a representative of the underwriters) in connection with the first underwritten registration of the offering of any securities of the Company under the Securities Act, I will not sell, dispose of, transfer, make any short sale of, grant any option for the purchase of, or enter into any hedging or similar transaction with the same economic effect as a sale with respect to any shares of Common Stock or other securities of the Company for a period of 180 days following the effective date of a registration statement of the Company filed under the Securities Act (or such longer period as the underwriters or the Company will request to facilitate compliance with applicable FINRA rules) (the “**Lock-Up Period**”). I further agree to execute and deliver such other agreements as may be reasonably requested by the Company or the underwriters that are consistent with the foregoing or that are necessary to give further effect thereto. In order to enforce the foregoing covenant, the Company may impose stop-transfer instructions with respect to securities subject to the foregoing restrictions until the end of such period. I further agree that the obligations contained in this paragraph shall also, if so determined by the Company’s Board of Directors, apply in the Company’s initial listing of its Common Stock on a national securities exchange by means of a registration statement on Form S-1 under the Securities Act (or any successor registration form under the Securities Act subsequently adopted by the Securities and Exchange Commission) filed by the Company with the Securities and Exchange Commission that registers shares of existing capital stock of the Company for resale (a “**Direct Listing**”), provided that all holders of at least 5% of the Company’s outstanding Common Stock (after giving effect to the conversion into Common Stock of any outstanding Preferred Stock of the Company) are subject to substantially similar obligations with respect to such Direct Listing.

Very truly yours,

AVENZO THERAPEUTICS, INC.
COMMON STOCK PURCHASE AGREEMENT

This Common Stock Purchase Agreement (the “*Agreement*”) is made as of [] by and between **Avenzo Therapeutics, Inc.**, a Delaware corporation (the “*Company*”) and [] (“*Purchaser*”). Certain capitalized terms used below are defined in the terms and conditions set forth in **Exhibit A** attached to this Agreement, which are incorporated by reference.

Total shares of Stock purchased: [] shares of Common Stock of the Company (the “*Stock*”)
Purchase Price per share: \$0.0001
Total Purchase Price: \$[]
Form of Payment: Cash: \$[]

Vesting Schedule:

[] shares of the Stock (the “*Unvested Shares*”) are subject to the Repurchase Option as of the date of this Agreement. On the date 12 months from [] (the “*Vesting Anniversary Date*”), 12/48ths of the Unvested Shares will vest and be released from the Repurchase Option; thereafter, 1/48th of the Unvested Shares will vest and be released from the Repurchase Option on a monthly basis on the same day of the month as the Vesting Anniversary Date (or if there is no corresponding day, on the last day of the month), until all the Unvested Shares are released from the Repurchase Option (provided in each case that Purchaser remains a Service Provider as of the date of such release).

Adjustment of Total shares of Stock Purchased:

The number of shares of Stock shall be subject to a downward adjustment at the last closing of the Company’s next equity financing in which it issues shares of its preferred stock (the “*Next Equity Financing*”) to reach the target percentage of []% (the “*Target Percentage*”) of the Company’s fully diluted capitalization immediately following the last closing of the Next Equity Financing. Any such downward adjustment shall be effectuated by an automatic repurchase by the Company (the “*Downward Adjustment Repurchase*”) of the number of shares of Stock required to ensure that the remaining shares of Stock represent the Target Percentage of the Company’s fully diluted capitalization immediately following the last closing of the Next Equity Financing (the “*Downward Adjustment Shares*”). If the Downward Adjustment Repurchase is automatically triggered, the Company shall pay the Purchaser an amount equal to the Purchase Price per share for each of the Downward Adjustment Shares being repurchased, and such Downward Adjustment Repurchase shall be made pursuant to a stock repurchase agreement in a form acceptable to the Company. In addition, the Repurchase Option, and the rate of the lapse of the Repurchase Option, shall be proportionately adjusted to account for any Downward Adjustment Repurchase. For purposes of determining any downward adjustment pursuant to this paragraph, any shares of the Company’s preferred stock held by Purchaser (or held by a family member, a trust created for the benefit of Purchaser or a family member or an entity affiliated with Purchaser or that Purchaser would otherwise be deemed to have beneficial ownership of as defined under Section 13(d) of the Securities Exchange Act of 1934, as amended) will not be included in the numerator (but will be included in the denominator) in calculating Purchaser’s Target Percentage on a fully diluted capitalization basis following the Next Equity Financing.

Common Stock Purchase Agreement

Acceleration Provision:

If within three months before or 12 months following a Change in Control, (i) Purchaser's services in all capacities as a Service Provider are involuntarily terminated without Cause, or (ii) Purchaser resigns Purchaser's service in all capacities as a Service Provider for Good Reason, and in either case other than as a result of death or disability, and provided such termination constitutes a "separation from service" within the meaning of Treasury Regulation Section 1.409A-1(h), the Repurchase Option will lapse as to 100% of the Unvested Shares and such Unvested Shares will immediately become fully vested.

EXHIBIT A

TERMS AND CONDITIONS INCORPORATED INTO
COMMON STOCK PURCHASE AGREEMENT

1. Purchase and Sale of Stock. Purchaser agrees to purchase from the Company, and the Company agrees to sell to Purchaser, the number of shares of Stock for the consideration set forth in the cover page to this Agreement. The closing of the transactions contemplated by this Agreement, including payment for and delivery of the Stock, will occur at the offices of the Company immediately following the execution of this Agreement, or at such other time and place as the parties may mutually agree.

2. Investment Representations. In connection with the purchase of the Stock, Purchaser represents to the Company the following:

(a) Purchaser is aware of the Company's business affairs and financial condition and has acquired sufficient information about the Company to reach an informed and knowledgeable decision to acquire the Stock. Purchaser is purchasing the Stock for investment for Purchaser's own account only and not with a view to, or for resale in connection with, any "distribution" thereof within the meaning of the Securities Act of 1933, as amended (the "*Act*").

(b) Purchaser understands that the Stock has not been registered under the Act by reason of a specific exemption therefrom, which exemption depends upon, among other things, the bona fide nature of Purchaser's investment intent as expressed in this Agreement.

(c) Purchaser further acknowledges and understands that the Stock must be held indefinitely unless the Stock is subsequently registered under the Act or an exemption from such registration is available. Purchaser further acknowledges and understands that the Company is under no obligation to register the Stock. Purchaser understands that the certificate evidencing the Stock will be imprinted with a legend that prohibits the transfer of the Stock unless the Stock is registered or such registration is not required in the opinion of counsel for the Company.

(d) Purchaser is familiar with the provisions of Rule 144 under the Act as in effect from time to time, that, in substance, permits limited public resale of "restricted securities" acquired, directly or indirectly, from the issuer of such securities (or from an affiliate of such issuer), in a non-public offering subject to the satisfaction of certain conditions.

(e) Purchaser further understands that at the time Purchaser wishes to sell the Stock there may be no public market upon which to make such a sale, and that, even if such a public market then exists, the Company may not be satisfying the current public information requirements of Rule 144, and that, in such event, Purchaser may be precluded from selling the Stock under Rule 144 even if the minimum holding period requirement had been satisfied.

(f) Purchaser further warrants and represents that Purchaser has either (i) preexisting personal or business relationships, with the Company or any of its officers, directors or controlling persons, or (ii) the capacity to protect Purchaser's own interests in connection with the purchase of the Stock by virtue of the business or financial expertise of Purchaser or of professional advisors to Purchaser who are unaffiliated with and who are not compensated by the Company or any of its affiliates, directly or indirectly.

(g) Purchaser acknowledges that Purchaser has read all tax related sections and further acknowledges Purchaser has had an opportunity to consult Purchaser's own tax, legal and financial advisors regarding the purchase of common stock under this Agreement.

Exhibit A to Common Stock Purchase Agreement

[]
Page 1

(h) Purchaser acknowledges and agrees that in making the decision to purchase the common stock under this Agreement, Purchaser has not relied on any statement, whether written or oral, regarding the subject matter of this Agreement, except as expressly provided in this Agreement and in the attachments and exhibits to this Agreement.

(i) If the Purchaser is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended (the “Code”)), the Purchaser has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Stock or any use of this Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Stock, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Stock. The Purchaser’s subscription and payment for and continued beneficial ownership of the Stock will not violate any applicable securities or other laws of the Purchaser’s jurisdiction.

3. Restrictive Legends. All certificates representing the Stock will have endorsed thereon legends in substantially the following forms (in addition to any other legend which may be required by other agreements between the parties to this Agreement):

(a) “THE SHARES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 AS AMENDED. THEY MAY NOT BE SOLD, OFFERED FOR SALE, PLEDGED OR HYPOTHECATED IN THE ABSENCE OF AN EFFECTIVE REGISTRATION STATEMENT AS TO THE SECURITIES UNDER SAID ACT OR AN OPINION OF COUNSEL SATISFACTORY TO THE CORPORATION THAT SUCH REGISTRATION IS NOT REQUIRED.”

(b) “THE SHARES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A RIGHT OF FIRST REFUSAL OPTION IN FAVOR OF THE CORPORATION AND/OR ITS ASSIGNEE(S) AS PROVIDED IN THE BYLAWS OF THE CORPORATION.”

(c) “THE SHARES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A TRANSFER RESTRICTION, AS PROVIDED IN THE BYLAWS OF THE CORPORATION.”

(d) “THE SHARES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO AN OPTION SET FORTH IN AN AGREEMENT BETWEEN THE CORPORATION AND THE REGISTERED HOLDER, OR SUCH HOLDER’S PREDECESSOR IN INTEREST, A COPY OF WHICH IS ON FILE AT THE PRINCIPAL OFFICE OF THE CORPORATION. ANY TRANSFER OR ATTEMPTED TRANSFER OF ANY SHARES SUBJECT TO SUCH OPTION IS VOID WITHOUT THE PRIOR EXPRESS WRITTEN CONSENT OF THE CORPORATION.”

(e) Any legend required by applicable blue sky laws.

4. Market Stand-Off Agreement. Purchaser will not sell, dispose of, transfer, make any short sale of, grant any option for the purchase of, or enter into any hedging or similar transaction with the same economic effect as a sale of, any Common Stock or other securities of the Company held by Purchaser (other than those included in the registration), including the Stock (the “*Restricted Securities*”), during the 180-day period following the effective date of the Company’s first firm commitment underwritten public offering of its Common Stock (or such longer period as the underwriters or the Company will request in order to facilitate compliance with applicable FINRA rules) (the “*Lock Up Period*”), *provided, however*, that nothing contained in this Section 4 will prevent the exercise of the Repurchase Option during the Lock Up Period. Purchaser agrees to execute and deliver such other agreements as may be reasonably requested

Exhibit A to Common Stock Purchase Agreement

by the Company and/or the managing underwriters that are consistent with the foregoing or that are necessary to give further effect to the foregoing provision. In order to enforce the foregoing covenant, the Company may impose stop-transfer instructions with respect to Purchaser's Restricted Securities until the end of such period. The underwriters of the Company's stock are intended third party beneficiaries of this Section 4 and have the right, power and authority to enforce the provisions hereof as though they were a party to this Agreement. The obligations contained in this Section 4 shall also, if so determined by the Company's Board of Directors, apply in the Company's initial listing of its Common Stock on a national securities exchange by means of a registration statement on Form S-1 under the Act (or any successor registration form under the Act subsequently adopted by the Securities and Exchange Commission) filed by the Company with the Securities and Exchange Commission that registers shares of existing capital stock of the Company for resale (a "**Direct Listing**"), provided that all holders of at least 5% of the Company's outstanding Common Stock (after giving effect to the conversion into Common Stock of any outstanding Preferred Stock) are subject to substantially similar obligations with respect to such Direct Listing.

5. Repurchase Option. The following provisions apply to the Unvested Shares, as provided in the cover page to this Agreement (the "**Vesting Provisions**"):

(a) Repurchase Option. In the event Purchaser's relationship with the Company (or a parent or subsidiary of the Company) terminates for any reason (including death or disability), or for no reason, with or without cause, such that after such termination Purchaser is no longer providing services to the Company (or a parent or subsidiary of the Company) as an employee, consultant or advisor (but not services as a member of the Company's Board of Directors) (a "**Service Provider**"), then the Company will have an irrevocable option (the "**Repurchase Option**") for a period of 120 days after said termination (the "**Repurchase Period**") to repurchase from Purchaser or Purchaser's personal representative, as the case may be, at the lower of (i) the Purchase Price per share as provided in the cover page to this Agreement, or (ii) the Fair Market Value per share of such Unvested Shares as of the date of repurchase (such lower price, the "**Option Price**"), up to but not exceeding the number of Unvested Shares that have not vested in accordance with the Vesting Provisions as of such termination date. The Repurchase Option will be exercised as provided in Section 5(b). For purposes of the Repurchase Option, the "**Fair Market Value**" means the value of the Unvested Shares as determined in good faith by the Company's Board of Directors. The term of the Repurchase Option will be extended to such longer period (A) as may be agreed to by the Company and the Purchaser, or (B) as needed to ensure the stock issued by the Company does not lose its status as "qualified small business stock" under Section 1202 of the Code (as defined below). **Purchaser acknowledges that the Company has no obligation, either now or in the future, to repurchase any of the shares of Common Stock, whether vested or unvested, at any time. Further, Purchaser acknowledges and understands that, in the event that the Company repurchases shares, the repurchase price may be less than the price Purchaser originally paid and that Purchaser bears any risk associated with the potential loss in value.**

(b) Exercise of Repurchase Option. The Company, or any assignee or assignees of the Company, may exercise the Repurchase Option by giving notice to the holder of the Unvested Shares during the Repurchase Period in writing. Notwithstanding the foregoing, the Company will be deemed to have exercised the Repurchase Option as of the last day of the Repurchase Period, unless an officer of the Company gives notice to the holder of the Unvested Shares during the Repurchase Period in writing that the Company expressly declines to exercise its Repurchase Option for some or all of the Unvested Shares. Upon exercise of the Repurchase Option, the Company will pay to the holder of the Unvested Shares the Option Price for the Unvested Shares being repurchased. The Company is entitled to pay for any Unvested Shares purchased pursuant to its Repurchase Option at the Company's option in cash or by offset against any indebtedness owing to the Company by Purchaser (including without limitation any Note given in payment for the Unvested Shares), or by a combination of both. Upon exercise of the Repurchase Option

Exhibit A to Common Stock Purchase Agreement

[]
Page 3

and payment of the purchase price in any of the ways described above, the Company will become the legal and beneficial owner of the Unvested Shares being repurchased and all rights and interest in or related to the Unvested Shares, and the Company will have the right to transfer to its own name the Unvested Shares being repurchased by the Company, without further action by Purchaser. The certificate(s) representing the Unvested Shares that have been repurchased by the Company will be delivered to the Company. It is expressly agreed between the parties that money damages are inadequate to compensate the Company for the Unvested Shares and that the Company will, upon proper exercise of the Repurchase Option, be entitled to specific enforcement of its rights to purchase and receive said Unvested Shares.

(c) Adjustments to Unvested Shares. If, from time to time, during the term of the Repurchase Option there is any change affecting the Company's outstanding Common Stock as a class that is effected without the receipt of consideration by the Company (through merger, consolidation, reorganization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, change in corporation structure or other transaction not involving the receipt of consideration by the Company), then any and all new, substituted or additional securities or other property to which Purchaser is entitled by reason of Purchaser's ownership of Unvested Shares will be immediately subject to the Repurchase Option and be included in the meaning of "Unvested Shares" for all purposes of the Repurchase Option with the same force and effect as the Unvested Shares presently subject to the Repurchase Option, but only to the extent the Unvested Shares are, at the time, covered by such Repurchase Option. While the total Option Price will remain the same after each such event, the Option Price of the Unvested Shares upon exercise of the Repurchase Option will be appropriately adjusted.

(d) Corporate Transaction. In the event of (a) an Acquisition (as defined below); or (b) an Asset Transfer (as defined below) ((a) and (b) being collectively referred to in the Agreement as a "**Corporate Transaction**"), then the Repurchase Option will be assigned by the Company to any successor of the Company (or the successor's parent) in connection with such Corporate Transaction. To the extent that the Repurchase Option remains in effect following such a Corporate Transaction, it will apply to the new capital stock or other property received in exchange for the Unvested Shares in consummation of the Corporate Transaction, but only to the extent the Unvested Shares are at the time covered by such right. Appropriate adjustments will be made to the Option Price per share payable upon exercise of the Repurchase Option to reflect the effect of the Corporate Transaction upon the Company's capital structure; *provided, however*, that the aggregate Option Price will remain the same. For the purposes of this Section 5(d): (i) "**Acquisition**" means (A) any consolidation or merger of the Company with or into any other corporation or other entity or person, or any other corporate reorganization; or (B) any transaction or series of related transactions to which the Company is a party in which in excess of 50% of the Company's voting power is transferred; and (ii) "**Asset Transfer**" means a sale, lease, exclusive license or other disposition of all or substantially all of the assets of the Company.

(e) Termination of Repurchase Option. Sections 5(a) through 5(d) of this Agreement will terminate upon the exercise in full or expiration of the Repurchase Option, whichever occurs first.

(f) Escrow of Unvested Shares. As security for Purchaser's faithful performance of the terms of this Agreement and to insure the availability for delivery of Purchaser's Unvested Shares upon exercise of the Repurchase Option herein provided for, Purchaser agrees, at the closing hereunder, to deliver to and deposit with the Secretary of the Company or the Secretary's designee, including the person or entity named in Joint Escrow Instructions of the Company and Purchaser attached to this Agreement as **Exhibit B** and incorporated by this reference ("**Joint Escrow Instructions**"), as Escrow Agent in this transaction ("**Escrow Agent**"), one stock assignment duly endorsed (with date and number of shares blank) in the form attached to this Agreement as **Exhibit C**, together with a certificate or certificates evidencing all Unvested Shares that are subject to the Repurchase Option; said documents are to be held by the Escrow Agent and delivered by said Escrow Agent pursuant to the Joint Escrow Instructions, which instructions will also be delivered

Exhibit A to Common Stock Purchase Agreement

[]
Page 4

to the Escrow Agent at the closing hereunder. Purchaser acknowledges that the Escrow Agent is so appointed as the escrow holder with the foregoing authorities as a material inducement to make this Agreement and that said appointment is coupled with an interest and is accordingly irrevocable. Purchaser agrees that Escrow Agent is not liable to any party hereof (or to any other party). Escrow Agent may rely upon any letter, notice or other document executed by any signature purported to be genuine and may resign at any time. Purchaser agrees that if the Escrow Agent resigns as Escrow Agent for any or no reason, the Board of Directors of the Company has the power to appoint a successor to serve as Escrow Agent pursuant to the terms of this Agreement. Purchaser agrees that if the Secretary of the Company resigns as Secretary, the successor Secretary will serve as Escrow Agent pursuant to the terms of this Agreement.

(g) Rights of Purchaser. Subject to the provisions of Sections 5(f), 5(h), 4 and 5(j) in this Agreement, Purchaser will exercise all rights and privileges of a stockholder of the Company with respect to the Unvested Shares deposited in escrow. Purchaser will be deemed to be the holder for purposes of receiving any dividends that may be paid with respect to such Unvested Shares and for the purpose of exercising any voting rights relating to such Unvested Shares, even if some or all of such Unvested Shares have not yet vested and been released from the Repurchase Option.

(h) Limitations on Transfer. In addition to any other limitation on transfer created by applicable securities laws, Purchaser will not assign, hypothecate, donate, encumber or otherwise dispose of any interest in the Unvested Shares while the Unvested Shares are subject to the Repurchase Option. After any Unvested Shares have been released from the Repurchase Option, Purchaser will not assign, hypothecate, donate, encumber or otherwise dispose of any interest in the Unvested Shares except in compliance with the provisions herein, in the Company's Bylaws and applicable securities laws. Furthermore, the Unvested Shares will be subject to any right of first refusal in favor of the Company or its assignees that may be contained in the Company's Bylaws. **Purchaser further acknowledges that Purchaser may be required to hold the Common Stock purchased hereunder indefinitely. During the period of time during which the Purchaser holds the Common Stock, the value of the Common Stock may increase or decrease, and any risk associated with such Common Stock and such fluctuation in value will be borne by the Purchaser.**

(i) Section 83(b) Election. Purchaser understands that, pursuant to Section 83(a) of the Code, the difference between the amount paid for the Unvested Shares and the fair market value of the Unvested Shares as of the date any restrictions on the Unvested Shares lapse will be taxed as ordinary income earned by Purchaser as of the date of such lapse. In this context, "restriction" includes the right of the Company to buy back the Unvested Shares pursuant to the Repurchase Option set forth above. Purchaser understands that Purchaser may elect to be taxed at the time the Unvested Shares are purchased, rather than when and as the Repurchase Option expires, by filing an election under Section 83(b) (an "**83(b) Election**") of the Code with the Internal Revenue Service within 30 days from the date of purchase, a form of which has been provided in connection with this Agreement. Even if the fair market value of the Unvested Shares at the time of the execution of this Agreement equals the amount paid for the Unvested Shares, the 83(b) Election must be made to avoid income under Section 83(a) in the future. Purchaser understands that failure to file such an 83(b) Election in a timely manner may result in adverse tax consequences for Purchaser. Purchaser further understands that an additional copy of such 83(b) Election is required to be filed with Purchaser's federal income tax return for the calendar year in which the date of this Agreement falls. **Purchaser further acknowledges and understands that it is Purchaser's sole obligation and responsibility to timely file such 83(b) Election, and neither the Company nor the Company's legal or financial advisors have any obligation or responsibility with respect to such filing.** Purchaser acknowledges that the foregoing is only a summary of the effect of United States federal income taxation with respect to the purchase of Unvested Shares hereunder, and does not purport to be complete. Purchaser further acknowledges that the Company has directed Purchaser to seek independent advice regarding the applicable provisions of the Code, the income tax laws of any municipality, state or foreign country in which Purchaser may reside, and the tax consequences of Purchaser's death. Purchaser assumes all responsibility for filing an 83(b) Election and paying all taxes resulting from such election or the lapse of the restrictions on the Unvested Shares.

(j) Refusal to Transfer. The Company will not be required (i) to transfer on its books any Unvested Shares of the Company that have been transferred in violation of any of the provisions set forth in this Agreement or (ii) to treat as owner of such shares or to accord the right to vote as such owner or to pay dividends to any transferee to whom such shares have been so transferred.

(k) No Employment Rights. This Agreement is not an employment or other service contract and nothing in this Agreement will affect in any manner whatsoever the right or power of the Company (or a parent or subsidiary of the Company) to terminate Purchaser's employment or other service relationship for any reason at any time, with or without cause and with or without notice.

(l) Parachute Payments.

(i) If any payment or benefit Purchaser would receive pursuant to a Corporate Transaction from the Company or otherwise ("**Payment**") would (i) constitute a "parachute payment" within the meaning of Section 280G of the Code, and (ii) but for this sentence, be subject to the excise tax imposed by Section 4999 of the Code (the "**Excise Tax**"), then such Payment will be reduced to the Reduced Amount. The "**Reduced Amount**" will be either (x) the largest portion of the Payment that would result in no portion of the Payment being subject to the Excise Tax or (y) the largest portion, up to and including the total, of the Payment, whichever amount, after taking into account all applicable federal, state and local employment taxes, income taxes, and the Excise Tax (all computed at the highest applicable marginal rate), results in Purchaser's receipt, on an after-tax basis, of the greater amount of the Payment notwithstanding that all or some portion of the Payment may be subject to the Excise Tax. If a reduction in payments and/or benefits constituting "parachute payments" is necessary so that the Payment equals the Reduced Amount, reduction will occur in the following order: reduction of current cash payments; reduction of deferred cash payments subject to Code Section 409A; cancellation of accelerated vesting of stock awards; reduction of employee benefits. In the event that acceleration of vesting of stock award compensation is to be reduced, such acceleration of vesting will be cancelled in the reverse order of the date of grant of Purchaser's stock awards.

(ii) The accounting firm engaged by the Company for general audit purposes as of the day prior to the effective date of the Corporate Transaction will perform the foregoing calculations. If the accounting firm so engaged by the Company is serving as accountant or auditor for the individual, entity or group affecting the Corporate Transaction, the Company will appoint a nationally recognized accounting firm to make the determinations required hereunder. The Company will bear all expenses with respect to the determinations by such accounting firm required to be made hereunder.

(iii) The accounting firm engaged to make the determinations hereunder will provide its calculations, together with detailed supporting documentation, to the Company and Purchaser within fifteen (15) calendar days after the date on which Purchaser's right to a Payment is triggered (if requested at that time by the Company or Purchaser) or such other time as requested by the Company or Purchaser. If the accounting firm determines that no Excise Tax is payable with respect to a Payment, it will furnish the Company and Purchaser with an opinion reasonably acceptable to Purchaser that no Excise Tax will be imposed with respect to such Payment. Any good faith determinations of the accounting firm made hereunder will be final, binding and conclusive upon the Company and Purchaser.

(m) **Certain Defined Terms.** For purposes of this Agreement, the following defined terms apply:

(i) **“Cause”** means any of the following: (1) commission of any felony or any crime involving moral turpitude or dishonesty, (2) participation in a fraud or act of dishonesty against the Company, (3) willful and material breach of Purchaser’s duties that has not been cured within 30 days after written notice from the Company’s Board of Directors of such breach, (4) intentional and material damage to the Company’s property, or (5) material breach of Purchaser’s Confidential Information and Inventions Assignment Agreement (if applicable), any agreement between Purchaser and the Company or the Company’s written policies or rules.

(ii) **“Change in Control”** means (1) a merger or consolidation in which the Company is a constituent party (or in which a subsidiary of the Company is a constituent party and the Company issues shares of its capital stock pursuant to such merger or consolidation), other than a merger or consolidation in which the voting securities of the Company outstanding immediately prior to such merger or consolidation continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the surviving entity outstanding immediately after such merger or consolidation, or (2) any transaction or series of related transactions in which in excess of 50% of the Company’s voting power is transferred, other than the sale by the Company of stock in transactions the primary purpose of which is to raise capital for the Company’s operations and activities, or (3) a sale, lease, exclusive license or other disposition of all or substantially all (as determined by the Board of Directors in its sole discretion) of the assets of the Company other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company to an entity, more than 50% of the combined voting power of the voting securities of which are beneficially owned by shareholders of the Company in substantially the same proportions as their beneficial ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, exclusive license or other disposition.

(iii) **“Good Reason”** means any of the following actions taken by the Company or a successor corporation or entity without Purchaser’s consent (unless such action is taken in response to conduct by Purchaser that constitutes Cause): (1) material reduction of Purchaser’s base compensation, other than a reduction that applies generally to all executives and does not exceed 10%; (2) material reduction in Purchaser’s authority, duties or responsibilities; *provided, however*, that a change in job position (including a change in title) will not be deemed a “material reduction” unless Purchaser’s new authority, duties or responsibilities are materially reduced from the prior authority, duties or responsibilities; and *provided, further*, that if Purchaser no longer reports to the Board of Directors of the Company or the surviving entity following a Change in Control, such reporting change shall not be deemed to be a “material reduction” in Purchaser’s authority, duties or responsibilities; (3) failure or refusal of a successor to the Company to materially assume the Company’s obligations under this Agreement; or (4) relocation of Purchaser’s principal place of employment that results in an increase in Purchaser’s one-way driving distance by more than 50 miles from Purchaser’s then current principal residence; *provided that* no relocation will constitute Good Reason if the Purchaser is allowed to continue to provide services remotely (e.g., through telecommuting) at the time of the relocation. In order to resign for Good Reason, the Purchaser must provide written notice of the event giving rise to Good Reason to the Company’s Board of Directors within 30 days after the condition arises, allow the Company 90 days to cure such condition, and if the Company fails to cure the condition within such period, the Purchaser’s resignation from all positions Purchaser then holds with the Company must be effective not later than 30 days after the end of the Company’s cure period.

6. Miscellaneous.

(a) **Release.** As a condition of receiving the Acceleration Provisions set forth in the cover page to this Agreement to which Purchaser would not otherwise be entitled, Purchaser will execute the Company’s standard form of a release of claims (the **“Release”**) and permit such Release to become effective in accordance with its terms. Unless the Release is executed by Purchaser and delivered to the Company within the period of time set forth in the Release, and such Release becomes effective, Purchaser will not receive any of the benefits of the Acceleration Provisions provided for under this Agreement.

(b) Notices. All notices required or permitted hereunder will be in writing and will be deemed effectively given: (i) upon personal delivery to the party to be notified; (ii) when sent by confirmed electronic mail or facsimile if sent during normal business hours of the recipient, and if not sent during normal business hours of the recipient, then on the next business day; (iii) five calendar days after having been sent by registered or certified mail, return receipt requested, postage prepaid; or (iv) one business day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. All communications will be sent to the other party to this Agreement at such party's address hereinafter set forth on the signature page hereof, or at such other address as such party may designate by 10 days' advance written notice to the other party hereto.

(c) Successors and Assigns. This Agreement will inure to the benefit of the successors and assigns of the Company and, subject to the restrictions on transfer herein set forth, be binding upon Purchaser, Purchaser's successors, and assigns. The Repurchase Option of the Company hereunder will be assignable by the Company at any time or from time to time, in whole or in part.

(d) Attorneys' Fees. The prevailing party in any suit or action hereunder will be entitled to recover from the losing party all costs incurred by it in enforcing the performance of, or protecting its rights under, any part of this Agreement, including reasonable costs of investigation and attorneys' fees.

(e) Governing Law; Venue. This Agreement will be governed by and construed in accordance with the laws of the State of Delaware. The parties agree that any action brought by either party to interpret or enforce any provision of this Agreement will be brought in, and each party agrees to, and does hereby, submit to the jurisdiction and venue of, the appropriate state or federal court for the district encompassing the Company's principal place of business.

(f) Further Execution. The parties agree to take all such further actions as may reasonably be necessary to carry out and consummate this Agreement as soon as practicable, and to take whatever steps may be necessary to obtain any governmental approval in connection with or otherwise qualify the issuance of the securities that are the subject of this Agreement.

(g) Independent Counsel. Purchaser acknowledges that this Agreement has been prepared on behalf of the Company by Cooley LLP, counsel to the Company and that Cooley LLP does not represent, and is not acting on behalf of, Purchaser in any capacity. Purchaser has been provided with an opportunity to consult with Purchaser's own counsel with respect to this Agreement.

(h) Entire Agreement; Amendment. This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes and merges all prior agreements or understandings, whether written or oral, with respect to the subject matter hereof. This Agreement may not be amended, modified or revoked, in whole or in part, except by an agreement in writing signed by each of the parties hereto.

(i) Severability. If one or more provisions of this Agreement are held to be unenforceable under applicable law, the parties agree to renegotiate such provision in good faith. In the event that the parties cannot reach a mutually agreeable and enforceable replacement for such provision, then (i) such provision will be excluded from this Agreement, (ii) the balance of the Agreement will be interpreted as if such provision were so excluded and (iii) the balance of the Agreement will be enforceable in accordance with its terms.

(j) Counterparts. This Agreement (including any schedules and/or exhibits hereto or thereto) may be executed in two or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, Uniform Electronic Transactions Act or other applicable law) or other transmission method and any counterpart so delivered will be deemed to have been duly and validly delivered and be valid and effective for all purposes.

Ladies and Gentlemen:

As Escrow Agent for both **Avenzo Therapeutics, Inc.**, a Delaware corporation ("**Company**") and [] ("**Purchaser**"), you are hereby authorized and directed to hold the documents delivered to you pursuant to the terms of that certain Common Stock Purchase Agreement dated as of [] ("**Agreement**"), to which a copy of these Joint Escrow Instructions is attached as an Exhibit, in accordance with the following instructions:

1. In the event Company or an assignee elects to exercise the Repurchase Option set forth in the Agreement, the Company or its assignee will give to Purchaser and you a written notice specifying the number of shares of stock to be purchased, the purchase price, and the time for a closing thereunder at the principal office of the Company. Purchaser and the Company hereby irrevocably authorize and direct you to close the transaction contemplated by such notice in accordance with the terms of said notice.

2. At the closing, you are directed (a) to date the stock assignments necessary for the transfer in question, (b) to fill in the number of shares being transferred, and (c) to deliver the same, together with the certificate evidencing the shares of stock to be transferred, to the Company against the simultaneous delivery to you of the purchase price (which may include suitable acknowledgment of cancellation of indebtedness) for the number of shares of stock being purchased pursuant to the exercise of the Repurchase Option.

3. Purchaser irrevocably authorizes the Company to deposit with you any certificates evidencing shares of stock to be held by you hereunder and any additions and substitutions to said shares as specified in the Agreement. Purchaser does hereby irrevocably constitute and appoint you as Purchaser's attorney-in-fact and agent for the term of this escrow to execute with respect to such securities all documents necessary or appropriate to make such securities negotiable and complete any transaction herein contemplated, including but not limited to any appropriate filing with state or government officials or bank officials. Subject to the provisions of this paragraph 3, Purchaser will exercise all rights and privileges of a shareholder of the Company while the stock is held by you.

4. This escrow will terminate upon the exercise in full or expiration of the Repurchase Option, whichever occurs first.

5. If at the time of termination of this escrow under Section 4 herein you should have in your possession any documents, securities, or other property belonging to Purchaser, you will deliver all of the same to Purchaser and will be discharged of all further obligations hereunder; *provided, however*, that if at the time of termination of this escrow you are advised by the Company that any property subject to this escrow is the subject of a pledge or other security agreement, you will deliver all such property to the pledgeholder or other person designated by the Company.

6. Except as otherwise provided in these Joint Escrow Instructions, your duties hereunder may be altered, amended, modified or revoked only by a writing signed by all of the parties hereto.

7. You are obligated only for the performance of such duties as are specifically set forth herein and may rely and will be protected in relying or refraining from acting on any instrument reasonably believed by you to be genuine and to have been signed or presented by the proper party or parties. You will not be personally liable for any act you may do or omit to do hereunder as Escrow Agent or as attorney-in-fact for Purchaser while acting in good faith and in the exercise of your own good judgment, and any act done or omitted by you pursuant to the advice of your own attorneys will be conclusive evidence of such good faith.

8. You are hereby expressly authorized to disregard any and all warnings given by any of the parties hereto or by any other person or entity, excepting only orders or process of courts of law, and are hereby expressly authorized to comply with and obey orders, judgments or decrees of any court. In case you obey or comply with any such order, judgment or decree of any court, you will not be liable to any of the parties hereto or to any other person, firm or corporation by reason of such compliance, notwithstanding any such order, judgment or decree being subsequently reversed, modified, annulled, set aside, vacated or found to have been entered without jurisdiction.

9. You will not be liable in any respect on account of the identity, authorities or rights of the parties executing or delivering or purporting to execute or deliver these Joint Escrow Instructions documents or papers deposited or called for hereunder.

10. You will not be liable for the outlawing of any rights under any statute of limitations with respect to these Joint Escrow Instructions or any documents deposited with you.

11. Your responsibilities as Escrow Agent hereunder will terminate if you cease to be Secretary of the Company or if you resign by written notice to the Company. In the event of any such termination, the Secretary of the Company will automatically become the successor Escrow Agent unless the Company appoints another successor Escrow Agent, and Purchaser hereby confirms the appointment of such successor as Purchaser's attorney-in-fact and agent to the full extent of your appointment.

12. If you reasonably require other or further instruments in connection with these Joint Escrow Instructions or obligations in respect hereto, the necessary parties hereto will join in furnishing such instruments.

13. It is understood and agreed that should any dispute arise with respect to the delivery and/or ownership or right of possession of the securities held by you hereunder, you are authorized and directed to retain in your possession without liability to anyone all or any part of said securities until such dispute has been settled either by mutual written agreement of the parties concerned or by a final order, decree or judgment of a court of competent jurisdiction after the time for appeal has expired and no appeal has been perfected, but you will be under no duty whatsoever to institute or defend any such proceedings.

14. All notices required or permitted hereunder will be in writing and will be deemed effectively given: (a) upon personal delivery to the party to be notified, (b) when sent by confirmed telex or facsimile if sent during normal business hours of the recipient, and if not during normal business hours of the recipient, then on the next business day, (c) five calendar days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (d) one business day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. All communications will be sent to the other party hereto at such party's address set forth below, or at such other address as such party may designate by 10 days advance written notice to the other party hereto.

Re: Employment Terms

Dear Athena:

This letter agreement (the “**Agreement**”) is effective as of August 22, 2025 (the “**Effective Date**”) and amends and restates that certain letter agreement between you and Avenzo Therapeutics, Inc. (the “**Company**”) dated August 18, 2022 (the “**Prior Agreement**”). The terms of this Agreement supersede the terms of the Prior Agreement in their entirety.

1. Employment by the Company. Your employment with the Company began on August 18, 2022 and shall continue on the terms set forth in this Agreement. You will serve as the President and Chief Executive Officer of the Company. This is an exempt position, and during your employment with the Company, you will devote your best efforts and substantially all of your business time and attention to the business of the Company, except for approved vacation periods and reasonable periods of illness or other incapacities permitted by the Company’s general employment policies. You shall perform such duties as are required by the Company’s Board of Directors (“**Board**”), to whom you will report. Your primary work location shall be the Company’s office located in San Diego, California. The Company reserves the right to reasonably require you to perform your duties at places other than your primary work location from time to time, and to require reasonable business travel. The Company may modify your job title and duties as it deems necessary and appropriate in light of the Company’s needs and interests from time to time.

2. Compensation.

2.1 Base Salary. For services to be rendered hereunder, you shall receive a base salary at the rate of \$766,819 per year (the “**Base Salary**”), subject to standard payroll deductions and withholdings and payable in accordance with the Company’s regular payroll schedule.

2.2 Annual Bonus. During your employment, you will be eligible for an annual discretionary bonus with a target amount of up to 70% of your then current annual Base Salary, prorated for the number of days employed in a calendar year (the “**Annual Bonus**”). Whether you receive an Annual Bonus for any given year, and the amount of any such Annual Bonus, will be determined by the Board in its discretion based upon the achievement of corporate and/or individual objectives and milestones that are determined in the sole discretion of the Board. You must continue to be employed through the date the Annual Bonus is paid in order to earn such bonus. The Annual Bonus, if any, shall be paid to you in a lump sum no later than March 15th of the calendar year that follows the performance year, subject to applicable payroll deductions and withholdings.

2.3 Founder Common Stock. You previously purchased 10,000,000 shares of Common Stock of the Company (the “**Common Stock**”).

2.4 Anti-Dilution.

(a) Generally. In the event, at any time subsequent to the last closing of the Company’s Series A Preferred Stock financing (the “**Last Series A Financing Closing**”) and the earlier of (i) immediately following the consummation of the sale of the Company’s securities pursuant to a registration statement filed by the Company under the Securities Act of 1933, as amended, in connection with a firm commitment underwritten offering of its securities to the public (an “**IPO**”) or (ii) immediately prior to the consummation of a Change in Control (as defined in that certain Common Stock Purchase Agreement by and between you and the Company dated August 15, 2022, as amended (the “**SPA**”)), your equity holdings in the Company (excluding any Preferred Stock of the Company held by you) no longer represent at least 8.5% (the “**IPO Target Percentage**”) of the Fully-Diluted Capitalization of the Company as a result of (a) the issuance of additional shares of capital stock, (b) the issuance of options, warrants, convertible securities and other rights to acquire capital stock or (c) the reservation for issuance of any shares of capital stock under the Company’s equity incentive plans (any such event, a “**Dilution Event**”), then as soon as reasonably practicable after the occurrence of a Dilution Event that causes your equity holdings (excluding any Preferred Stock of the Company held by you) to decrease below such threshold, subject to the approval of the Board, you will be granted an option to purchase a number of shares of Common Stock in an amount that will cause your equity holdings in the Company after the option is granted (excluding any Preferred Stock of the Company held by you) to represent the IPO Target Percentage of the Fully-Diluted Capitalization of the Company, which option shall be governed in all respects by the terms of the governing documents under the Company’s 2022 Equity Incentive Plan (the “**Plan**”) and applicable option agreement between you and the Company. 25% of the shares subject to each such option shall vest on the date 12 months from August 15, 2022 (the “**Vesting Anniversary Date**”), and thereafter, 1/48th of the shares subject to each such option will vest on a monthly basis on the same day of the month as the Vesting Anniversary Date (or if there is no corresponding day, on the last day of the month), until all the shares subject to each such option are vested, provided in each case that you remain a Service Provider (as defined in the SPA) as of each such vesting date. For purposes of this Agreement, “**Fully-Diluted Capitalization of the Company**” means: (1) all issued and outstanding equity securities of the Company; (2) all shares issuable upon the conversion, exercise, or exchange of any outstanding options, warrants or other convertible or exchangeable securities of the Company; and (3) all shares reserved for future issuance pursuant to the Company stock option and/or equity incentive plans, including without limitation the Plan (without double counting equity incentives granted under the Plan).

(b) Preferred Stock Financing. In the event, at any time subsequent to the Last Series A Financing Closing and prior to the earlier of the consummation of (i) an IPO or (ii) a Change in Control, the Company consummates any additional equity financing in which it issues shares of its Preferred Stock (each, a “**Preferred Stock Financing**”) and immediately following the consummation of any closing of any Preferred Stock Financing, your equity holdings in the Company (excluding any Preferred Stock of the Company held by you) no longer represent at least 9.0% (the “**Preferred Financing Target Percentage**”) of the Fully-Diluted Capitalization of the Company, then as soon as reasonably practicable after any such closing of any Preferred Stock Financing, subject to the approval of the Board, you will be granted an option to purchase a number of shares of Common Stock in an amount that will cause your equity holdings in the Company after the option is granted (excluding any Preferred Stock of the Company held by you) to represent the Preferred Financing Target Percentage of the Fully-Diluted Capitalization of the Company, which option shall be governed in all respects by the terms of the governing Plan documents and applicable option agreement between you and the Company. 25% of the shares subject to such option shall vest on the Vesting Anniversary Date, and thereafter, 1/48th of the shares subject to such option will vest on a monthly basis on the same day of the month as the Vesting Anniversary Date (or if there is no corresponding day, on the last day of the month), until all the shares subject to such option are vested, provided that you remain a Service Provider as of each such vesting date.

2.5 Further Adjustments. Notwithstanding the foregoing in this Section 2.4, (i) in the event that the Company consummates an additional equity financing after the Initial Closing (as defined in that certain Series B Preferred Stock Purchase Agreement, dated on or about the date hereof, by and between the Company and the investors listed on Exhibit A attached thereto) in which it issues shares of its Preferred Stock (the “**Additional Preferred Stock Financing**”) (a) prior to consummating an IPO or Change in Control and (b) the per share purchase price of the Company’s Preferred Stock issued and sold in the Additional Preferred Stock Financing is at least 1.1 times the per share purchase price of the Company’s Series B Preferred Stock issued and sold in the Initial Closing (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization) (a “**Qualifying Additional Preferred Stock Financing**”), then the Preferred Financing Target Percentage in Section 2.4(b) shall be 9.5% with respect to such Qualifying Additional Preferred Stock Financing and on a go-forward basis, (ii) in the event that the Company consummates an IPO (a) prior to consummating a Qualifying Additional Preferred Stock Financing or Change in Control and (b) the Company’s pre-money valuation for such IPO is at least 1.1 times the post-money valuation of the Company as of immediately following the last closing of the Company’s Series B Preferred Stock financing (the “**Last Series B Financing Closing**”), then you shall be granted, as soon as reasonably practicable after the IPO and subject to the approval of the Board and on the terms and conditions set forth in Section 2.4(b) above, an option to purchase a number of shares of Common Stock that would have caused your equity holdings in the Company after taking into account such option (excluding any Preferred Stock of the Company held by you) to represent 9.5% of the Fully-Diluted Capitalization of the Company, calculated as of immediately following the closing of the Company’s most recent Preferred Stock financing (the “**Most Recent Closing**”); *provided*, that, for purposes of clarity, no such option grant will be made to the extent that such contemplated option is covered by the option to be granted pursuant to Section 2.4(a) above and (iii) in the event that the Company consummates a Change in Control (a) prior to consummating a Qualifying Additional Preferred Stock Financing or IPO and (b) the Company’s valuation for such Change in Control is at least 1.1 times the post-money valuation of the Company as of immediately following the Last Series B Financing Closing, then you shall be granted, as part of such Change of Control and subject to the approval of the Board, a number of shares of Common Stock that would have caused your equity holdings in the Company after taking into account such grant (excluding any Preferred Stock of the Company held by you) to represent 9.5% of the Fully-Diluted Capitalization of the Company as of immediately following the Most Recent Closing, which shares shall be subject to vesting on the same terms as set forth in Section 2.4(b) above.

3. Reasonable Business Expenses. You will be eligible for reimbursement of all reasonable, necessary and documented out-of-pocket business, entertainment, and travel expenses incurred by you in connection with the performance of your duties hereunder in accordance with the Company’s expense reimbursement policies and procedures.

4. Company Policies; Standard Company Benefits.

4.1 The employment relationship between the parties shall be governed by the general employment policies and practices of the Company, except that when the terms of this Agreement differ from or are in conflict with the Company’s general employment policies or practices, this Agreement shall control.

4.2 You shall be entitled to participate in all employee benefit programs for which you are eligible under the terms and conditions of the benefit plans that may be in effect from time to time and provided by the Company to its employees. The Company reserves the right to cancel or change the benefit plans or programs it offers to its employees at any time.

5. At-Will Employment. Your employment relationship is at-will. Either you or the Company may terminate the employment relationship at any time, with or without cause or advance notice.

6. Outside Activities During Employment. Except with the prior written consent of the Company's Board, you will not during the term of your employment with the Company undertake or engage in any other employment, occupation or business enterprise, other than ones in which you are a passive investor. Without limiting the generality of the foregoing, the Company agrees that (i) you may serve on the board of directors of up to five for-profit companies that are not competitive with the Company; and (ii) you may engage in civic and not-for-profit activities; provided that, in either case (i) and (ii), such activities do not materially interfere with the performance of your duties hereunder and do not create a conflict of interest with respect to the Company. For the avoidance of doubt, the Board agrees that you may participate in the Permitted Outside Activities listed in Exhibit A hereto in accordance with the terms and conditions set forth therein. You agree not to acquire, assume or participate in, directly or indirectly, any position, investment or interest known to be adverse or antagonistic to the Company, its business or prospects, financial or otherwise.

7. Termination.

7.1 Term and Termination. The term of this Agreement shall be the period commencing on the Effective Date and ending on the date that this Agreement is terminated by either party pursuant to the provisions of this Agreement. You are employed at-will, meaning that, subject to the terms and conditions set forth herein, either the Company or you may terminate your employment at any time, with or without Cause. Upon termination of your employment for any reason, you shall resign from all positions and terminate any relationships as an employee, advisor, officer or director with the Company and any of its affiliates, each effective on the date of termination.

7.2 Compensation upon Termination. Upon the termination of your employment for any reason, the Company shall pay you all of your accrued and unpaid wages earned through your last day of employment (the "**Separation Date**").

7.3 Severance Benefits upon an Involuntary Termination. If you are subject to an Involuntary Termination (that does not occur within the Change in Control Period (as defined below)), and provided that you remain in compliance with the terms of this Agreement (including the conditions described in Section 7.7 below), the Company shall provide you with the following benefits (the "**Severance Benefits**"):

(a) **Cash Severance.** The Company shall pay you, as severance, the equivalent of 18 months (the "**Severance Period**") of your Base Salary in effect as of the Separation Date, subject to standard payroll deductions and withholdings (the "**Severance**"). The Severance will be paid as a continuation on the Company's regular payroll, beginning no later than the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in Section 7.7) has become effective.

(b) **Payment of Continued Group Health Plan Benefits.** If you are eligible for and timely elect continued group health plan coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 or any state law of similar effect ("**COBRA**") following your Involuntary Termination, the Company will pay your COBRA group health insurance premiums for you and your eligible dependents directly to the insurer until the earliest of (A) the end of the period immediately

following your Involuntary Termination that is equal to the Severance Period (the “**COBRA Payment Period**”), (B) the expiration of your eligibility for continuation coverage under COBRA, or (C) the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. For purposes of this Section, references to COBRA premiums shall not include any amounts payable by you under a Section 125 health care reimbursement plan under the Code. Notwithstanding the foregoing, if at any time the Company determines, in its sole discretion, that it cannot pay the COBRA premiums without potentially incurring financial costs or penalties under applicable law (including, without limitation, Section 2716 of the Public Health Service Act), then in lieu of providing the COBRA premiums, the Company will instead pay you on the last day of each remaining month of the COBRA Payment Period, a fully taxable cash payment equal to the COBRA premiums for that month, subject to applicable tax withholdings (such amount, the “**Special Severance Payment**”), which payments shall continue until the earlier of expiration of the COBRA Payment Period or the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. On the first payroll date following the effectiveness of the Separation Agreement, the Company will make the first payment to the insurer under this clause (and, in the case of the Special Severance Payment, such payment will be to you, in a lump sum) equal to the aggregate amount of payments that the Company would have paid through such date had such payments instead commenced on the Separation Date, with the balance of the payments paid thereafter on the schedule described above. If you become eligible for coverage under another employer’s group health plan, you must immediately notify the Company of such event, and all payments and obligations under this subsection shall cease.

(c) **Annual Bonus.** In addition, you will receive a payment equal to the product of 1.5 multiplied by the Annual Bonus that you would have been entitled to receive if corporate and/or individual objectives and milestones were fully achieved for the calendar year in which the Separation Date occurs (less standard payroll deductions and applicable withholdings), to be paid in a lump sum on the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in [Section 7.7](#)) has become effective.

(d) **Accelerated Vesting.** The vesting and exercisability of all outstanding options, restricted stock unit awards, and other equity awards covering Common Stock that are held by you as of immediately prior to the Involuntary Termination, to the extent such equity awards would otherwise have vested solely conditioned on your continued services with the Company, shall accelerate vesting in accordance with their applicable vesting schedules as if you had completed an additional number of months of service with the Company equal to the Severance Period as of the Separation Date. For the avoidance of doubt, equity awards which vest wholly or partially subject to the attainment of performance goals are not eligible to accelerate vesting pursuant to this subsection.

7.4 Severance Benefits upon an Involuntary Termination during Change in Control Period. If you are subject to an Involuntary Termination during the Change in Control Period, and provided that you remain in compliance with the terms of this Agreement (including the conditions described in [Section 7.7](#) below), the Company shall provide you with the following change in control severance benefits (the “**Change in Control Severance Benefits**”):

(a) **Cash Severance.** The Company shall pay you, as severance, the equivalent of 24 months (the “**CIC Severance Period**”) of your Base Salary in effect as of the Separation Date, subject to standard payroll deductions and withholdings (the “**CIC Severance**”). The CIC Severance will be paid in a lump sum on the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in [Section 7.7](#)) has become effective.

(b) **Annual Bonus.** In addition, you will receive a payment equal to the product of two multiplied by the Annual Bonus that you would have been entitled to receive if corporate and/or individual objectives and milestones were fully achieved for the calendar year in which the Separation Date occurs (less standard payroll deductions and applicable withholdings), to be paid in a lump sum on the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in [Section 7.7](#)) has become effective.

(c) **Payment of Continued Group Health Plan Benefits.** If you are eligible for and timely elect continued group health plan coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 or any state law of similar effect (“**COBRA**”) following your Involuntary Termination, the Company will pay your COBRA group health insurance premiums for you and your eligible dependents directly to the insurer until the earliest of (A) the end of the period immediately following your Involuntary Termination that is equal to the CIC Severance Period (the “**CIC COBRA Payment Period**”), (B) the expiration of your eligibility for continuation coverage under COBRA, or (C) the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. For purposes of this Section, references to COBRA premiums shall not include any amounts payable by you under a Section 125 health care reimbursement plan under the Code. Notwithstanding the foregoing, if at any time the Company determines, in its sole discretion, that it cannot pay the COBRA premiums without potentially incurring financial costs or penalties under applicable law (including, without limitation, Section 2716 of the Public Health Service Act), then regardless of whether you elect continued health coverage under COBRA, and in lieu of providing the COBRA premiums, the Company will instead pay you on the last day of each remaining month of the CIC COBRA Payment Period, a fully taxable cash payment equal to the COBRA premiums for that month, subject to applicable tax withholdings (such amount, the “**Special Severance Payment**”), which payments shall continue until the earlier of expiration of the CIC COBRA Payment Period or the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. On the first payroll date following the effectiveness of the Separation Agreement, the Company will make the first payment to the insurer under this clause (and, in the case of the Special Severance Payment, such payment will be to you, in a lump sum) equal to the aggregate amount of payments that the Company would have paid through such date had such payments instead commenced on the Separation Date, with the balance of the payments paid thereafter on the schedule described above. If you become eligible for coverage under another employer’s group health plan, you must immediately notify the Company of such event, and all payments and obligations under this subsection shall cease.

(d) **Accelerated Vesting.** Effective as of the later of the Separation Date or the effective date of the Change in Control, the vesting and exercisability of all outstanding time-based stock options, time-based restricted stock unit awards, and other time-based equity awards covering Common Stock that are held by you as of immediately prior to the Separation Date shall accelerate vesting in full. For the avoidance of doubt, vesting acceleration under this subsection is conditioned upon the actual consummation of a Change in Control and equity awards which vest wholly or partially subject to the attainment of performance goals are not eligible to accelerate vesting pursuant to this subsection.

For the avoidance of doubt, in no event shall you be entitled to benefits under both [Section 7.3](#) and this [Section 7.4](#). If you are eligible for benefits under both [Section 7.3](#) and this [Section 7.4](#), you shall receive the benefits set forth in this [Section 7.4](#) and such benefits shall be reduced by any benefits previously provided to you under [Section 7.3](#).

7.5 Termination upon Death; Acceleration Benefit. Your employment hereunder shall terminate automatically upon your death. In the event that your employment is terminated on account of your death, and provided that your estate and/or beneficiaries timely execute the Separation Agreement (as defined below) and allow it to become effective by the Release Deadline (as defined below), then the

vesting and exercisability of all outstanding time-based stock options, time-based restricted stock unit awards, and other time-based equity awards covering Common Stock that are held by you as of immediately prior to the Separation Date shall accelerate vesting in full (the “**Acceleration Benefit**”). For the avoidance of doubt, equity awards which vest wholly or partially subject to the attainment of performance goals are not eligible to accelerate vesting pursuant to this subsection.

7.6 Termination for Cause; Resignation Without Good Reason; or Disability. If you resign without Good Reason, or the Company terminates your employment for Cause, upon dissolution or cessation of the Company, or upon your disability, then (a) you will no longer vest in any equity awards, (b) all payments of compensation by the Company to you hereunder will terminate immediately (except as to amounts already earned), and (c) you will not be entitled to any Severance Benefits, Change in Control Severance Benefits, or the Acceleration Benefit.

7.7 Conditions to Receipt of Severance Benefits, Change in Control Severance Benefits, and Acceleration Benefit. The receipt of the Severance Benefits, the Change in Control Severance Benefits and Acceleration Benefit will be subject to you (or your estate and/or beneficiaries, as applicable) signing and not revoking a separation agreement and general release of claims in a form reasonably satisfactory to the Company (the “**Separation Agreement**”) by no later than the sixtieth (60th) day after the Separation Date (“**Release Deadline**”). No Severance Benefits, Change in Control Severance Benefits, or Acceleration Benefit will be paid or provided until the Separation Agreement becomes effective. You shall also resign from all positions and terminate any relationships as an employee, advisor, officer or director with the Company and any of its affiliates, each effective on the Separation Date.

8. Definitions.

8.1 Cause. For purposes of this Agreement, “**Cause**” shall have the meaning as set forth in the SPA.

8.2 Change in Control. For purposes of this Agreement, a “**Change in Control**” shall have the meaning as set forth in the SPA.

8.3 Change in Control Period. For purposes of this Agreement, the “**Change in Control Period**” means the period commencing three months prior to a Change in Control and ending 12 months following a Change in Control.

8.4 Code. For purposes of this Agreement, “**Code**” means the U.S. Internal Revenue Code of 1986 (as it has been and may be amended from time to time) and any regulations and guidance that has been promulgated or may be promulgated from time to time thereunder and any state law of similar effect.

8.5 Good Reason. For purposes of this Agreement, “**Good Reason**” shall have the meaning as set forth in the SPA.

8.6 Involuntary Termination. For purposes of this Agreement, “**Involuntary Termination**” means a termination of your employment with the Company pursuant to either (i) a termination initiated by the Company without Cause, or (ii) your resignation for Good Reason, and provided in either case such termination constitutes a Separation from Service. An Involuntary Termination does not include any other termination of your employment, including a termination due to your death or disability.

8.7 Separation from Service. For purposes of this Agreement, “Separation from Service” means a “separation from service”, as defined under Treasury Regulation Section 1.409A-1(h).

9. Proprietary Information Obligations. As a condition of your continued employment, you shall abide by the terms of that certain Employee Confidential Information and Inventions Assignment Agreement, dated August 15, 2022, by and between you and the Company. In your work for the Company, you will be expected not to use or disclose any confidential information, including trade secrets, of any former employer or other person to whom you have an obligation of confidentiality. Rather, you will be expected to use only that information which is generally known and used by persons with training and experience comparable to your own, which is common knowledge in the industry or otherwise legally in the public domain, or which is otherwise provided or developed by the Company. You agree that you will not bring onto Company premises any unpublished documents or property belonging to any former employer or other person to whom you have an obligation of confidentiality. You hereby represent that you have disclosed to the Company any contract you have signed that may restrict your activities on behalf of the Company and that you are not subject to or a party to any employment agreement, non-competition covenant, or other agreement that would be breached by, or prohibit you from, executing this Agreement and performing fully your duties and responsibilities hereunder.

10. Section 409A. It is intended that all of the severance benefits and other payments payable under this Agreement satisfy, to the greatest extent possible, the exemptions from the application of Code Section 409A provided under Treasury Regulations Sections 1.409A 1(b)(4), 1.409A 1(b)(5) and 1.409A 1(b)(9), and this Agreement will be construed to the greatest extent possible as consistent with those provisions, and to the extent not so exempt, this Agreement (and any definitions hereunder) will be construed in a manner that complies with Section 409A. For all purposes of Code Section 409A (including, without limitation, for purposes of Treasury Regulations Sections 1.409A 2(b)(2)(i) and (iii)), your right to receive any installment payments under this Agreement (whether severance payments, reimbursements or otherwise) shall be treated as a right to receive a series of separate payments and, accordingly, each installment payment hereunder shall at all times be considered a separate and distinct payment. Notwithstanding any provision to the contrary in this Agreement, if you are deemed by the Company at the time of your Separation from Service to be a “specified employee” for purposes of Code Section 409A(a)(2)(B)(i), and if any of the payments upon Separation from Service set forth herein and/or under any other agreement with the Company are deemed to be “deferred compensation,” then to the extent delayed commencement of any portion of such payments is required in order to avoid a prohibited distribution under Code Section 409A(a)(2)(B)(i) and the related adverse taxation under Section 409A, such payments shall not be provided to you prior to the earliest of (i) the first date following expiration of the six-month period following the date of your Separation from Service with the Company, (ii) the date of your death or (iii) such earlier date as permitted under Section 409A without the imposition of adverse taxation. Upon the first business day following the expiration of such applicable Code Section 409A(a)(2)(B)(i) period, all payments deferred pursuant to this Paragraph shall be paid in a lump sum to you, and any remaining payments due shall be paid as otherwise provided herein or in the applicable agreement. No interest shall be due on any amounts so deferred. If the severance benefits are not covered by one or more exemptions from the application of Section 409A and the Release Deadline occurs in the calendar year following the calendar year of your Separation from Service, the Separation Agreement will not be deemed effective any earlier than the Release Deadline for purposes of determining the timing of provision of any severance benefits.

11. Section 280G.

If any payment or benefit you will or may receive from the Company or otherwise (a “**280G Payment**”) would (i) constitute a “parachute payment” within the meaning of Section 280G of the Code, and (ii) but for this sentence, be subject to the excise tax imposed by Section 4999 of the Code (the “**Excise Tax**”), then any such 280G Payment pursuant to this Agreement or otherwise (a “**Payment**”) shall be equal to the Reduced Amount. The “**Reduced Amount**” shall be either (x) the largest portion of the Payment that would result in no portion of the Payment (after reduction) being subject to the Excise Tax or (y) the

largest portion, up to and including the total, of the Payment, whichever amount (i.e., the amount determined by clause (x) or by clause (y)), after taking into account all applicable federal, state and local employment taxes, income taxes, and the Excise Tax (all computed at the highest applicable marginal rate), results in your receipt, on an after-tax basis, of the greater economic benefit notwithstanding that all or some portion of the Payment may be subject to the Excise Tax. If a reduction in a Payment is required pursuant to the preceding sentence and the Reduced Amount is determined pursuant to clause (x) of the preceding sentence, the reduction shall occur in the manner (the “**Reduction Method**”) that results in the greatest economic benefit for you. If more than one method of reduction will result in the same economic benefit, the items so reduced will be reduced pro rata (the “**Pro Rata Reduction Method**”).

Notwithstanding the foregoing, if the Reduction Method or the Pro Rata Reduction Method would result in any portion of the Payment being subject to taxes pursuant to Section 409A that would not otherwise be subject to taxes pursuant to Section 409A, then the Reduction Method and/or the Pro Rata Reduction Method, as the case may be, shall be modified so as to avoid the imposition of taxes pursuant to Section 409A as follows: (A) as a first priority, the modification shall preserve to the greatest extent possible, the greatest economic benefit for you as determined on an after-tax basis; (B) as a second priority, Payments that are contingent on future events (e.g., being terminated without Cause), shall be reduced (or eliminated) before Payments that are not contingent on future events; and (C) as a third priority, Payments that are “deferred compensation” within the meaning of Section 409A shall be reduced (or eliminated) before Payments that are not deferred compensation within the meaning of Section 409A.

Unless you and the Company agree on an alternative accounting firm, the accounting firm engaged by the Company for general tax compliance purposes as of the day prior to the effective date of the change in control transaction triggering the Payment shall perform the foregoing calculations. If the accounting firm so engaged by the Company is serving as accountant or auditor for the individual, entity or group effecting the change in control transaction, the Company shall appoint a nationally recognized accounting firm to make the determinations required hereunder. The Company shall bear all expenses with respect to the determinations by such accounting firm required to be made hereunder. The Company shall use commercially reasonable efforts to cause the accounting firm engaged to make the determinations hereunder to provide its calculations, together with detailed supporting documentation, to you and the Company within fifteen (15) calendar days after the date on which your right to a 280G Payment becomes reasonably likely to occur (if requested at that time by you or the Company) or such other reasonable time as requested by you or the Company.

If you receive a Payment for which the Reduced Amount was determined pursuant to clause (x) of the first paragraph of this Section and the Internal Revenue Service determines thereafter that some portion of the Payment is subject to the Excise Tax, you shall promptly return to the Company a sufficient amount of the Payment (after reduction pursuant to clause (x) of the first paragraph of this Section so that no portion of the remaining Payment is subject to the Excise Tax). For the avoidance of doubt, if the Reduced Amount was determined pursuant to clause (y) in the first paragraph of this Section, you shall have no obligation to return any portion of the Payment pursuant to the preceding sentence.

12. Arbitration of All Disputes.

12.1 Agreement to Arbitrate. To ensure the timely and economical resolution of disputes that may arise between you and the Company, both you and the Company mutually agree that pursuant to the Federal Arbitration Act, 9 U.S.C. §1-16 (“FAA”), and to the fullest extent permitted by applicable law, you and the Company will submit solely to final, binding and confidential arbitration any and all disputes, claims, or causes of action arising from or relating to: (i) the negotiation, execution, interpretation, performance, breach or enforcement of this Agreement; or (ii) your employment with the Company (including but not limited to all statutory claims); or (iii) the termination of your employment with the Company (including but not limited to all statutory claims). **BY AGREEING TO THIS ARBITRATION PROCEDURE, BOTH YOU AND THE COMPANY WAIVE THE RIGHT TO RESOLVE ANY SUCH DISPUTES THROUGH A TRIAL BY JURY OR JUDGE OR THROUGH AN ADMINISTRATIVE PROCEEDING.**

12.2 Arbitrator Authority. The arbitrator shall have the sole and exclusive authority to determine whether a dispute, claim or cause of action is subject to arbitration under this Section and to determine any procedural questions which grow out of such disputes, claims or causes of action and bear on their final disposition.

12.3 Individual Capacity Only. All claims, disputes, or causes of action under this Section, whether by you or the Company, must be brought solely in an individual capacity, and shall not be brought as a plaintiff (or claimant) or class member in any purported class or representative proceeding, nor joined or consolidated with the claims of any other person or entity. The arbitrator may not consolidate the claims of more than one person or entity, and may not preside over any form of representative or class proceeding. To the extent that the preceding sentences in this Section are found to violate applicable law or are otherwise found unenforceable, any claim(s) alleged or brought on behalf of a class shall proceed in a court of law rather than by arbitration.

12.4 Arbitration Process. Any arbitration proceeding under this Section shall be presided over by a single arbitrator and conducted by JAMS, Inc. (“JAMS”) in San Diego, California, or as otherwise agreed to by you and the Company, under the then applicable JAMS rules for the resolution of employment disputes (available upon request and also currently available at <http://www.jamsadr.com/rules-employment-arbitration/>). You and the Company both have the right to be represented by legal counsel at any arbitration proceeding, at each party’s own expense. The arbitrator shall: **(i)** have the authority to compel adequate discovery for the resolution of the dispute; **(ii)** issue a written arbitration decision, to include the arbitrator’s essential findings and conclusions and a statement of the award; and **(iii)** be authorized to award any or all remedies that you or the Company would be entitled to seek in a court of law. The Company shall pay all JAMS arbitration fees in excess of the amount of court fees that would be required of you if the dispute were decided in a court of law.

12.5 Excluded Claims. This Section shall not apply to any action or claim that cannot be subject to mandatory arbitration as a matter of law, including, without limitation, sexual assault disputes and sexual harassment disputes as defined in the FAA, claims brought pursuant to the California Private Attorneys General Act of 2004, as amended, the California Fair Employment and Housing Act, as amended, and the California Labor Code, as amended, to the extent such claims are not permitted by applicable law to be submitted to mandatory arbitration and such applicable law is not preempted by the FAA or otherwise invalid (collectively, the “**Excluded Claims**”). In the event you intend to bring multiple claims, including one of the Excluded Claims listed above, the Excluded Claims may be filed with a court, while any other claims will remain subject to mandatory arbitration.

12.6 Injunctive Relief and Final Orders. Nothing in this Section is intended to prevent either you or the Company from obtaining injunctive relief in court to prevent irreparable harm pending the conclusion of any such arbitration. Any final award in any arbitration proceeding hereunder may be entered as a judgment in the federal and state courts of any competent jurisdiction and enforced accordingly.

13. General Provisions. This Agreement, together with its Exhibits, constitutes the entire agreement between you and the Company with regard to this subject matter and is the complete, final, and exclusive embodiment of the parties' agreement with regard to this subject matter. This Agreement is entered into without reliance on any promise or representation, written or oral, other than those expressly contained herein, and it supersedes any other such promises, warranties or representations, including but not limited to the Prior Agreement. Modifications or amendments to this Agreement, other than those changes expressly reserved to the Company's discretion in this letter, must be made in a written agreement signed by you and the Company's Board. Whenever possible, each provision of this Agreement will be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability will not affect any other provision or any other jurisdiction, but this Agreement will be reformed, construed and enforced in such jurisdiction to the extent possible in keeping with the intent of the parties. Any waiver of any breach of any provisions of this Agreement must be in writing to be effective, and it shall not thereby be deemed to have waived any preceding or succeeding breach of the same or any other provision of this Agreement. This Agreement is intended to bind and inure to the benefit of and be enforceable by you and the Company, and their respective successors, assigns, heirs, executors and administrators. The Company may freely assign this Agreement, without your prior written consent. You may not assign any of your duties hereunder and you may not assign any of your rights hereunder without the written consent of the Company. This Agreement shall become effective as of the Effective Date and shall terminate upon your termination of employment with the Company. The obligations as forth under Sections 7, 8, 9, 10, 11, 12, and 13 will survive the termination of this Agreement. All questions concerning the construction, validity and interpretation of this Agreement will be governed by the laws of the State of California.

This offer is subject to satisfactory proof of your identity and right to work in the United States and other applicable pre-employment screenings.

We look forward to having you join us. If you have any questions about this Agreement, please do not hesitate to call me.

Best regards,

AVENZO THERAPEUTICS, INC.

Exhibit A

The Company agrees that, during my employment, I may engage in outside services and activities (the “**Permitted Outside Activities**”):

- Member of the board of directors of Iovance Biotherapeutics, Inc.
- Member of the board of directors of Passage Bio, Inc.
- Chairperson of the board of directors of Leal Therapeutics, Inc.
- Member of the board of directors of Recludix Pharma, Inc.
- Member of the board of directors of BioMarin Pharmaceutical Inc.

As a condition to the Company’s consent to my participation in such outside activities during my employment with the Company, I hereby represent, warrant and agree that:

1. I agree that, at all relevant times during my employment with the Company, my employment duties to the Company shall take precedence over the Permitted Outside Activities, and such Permitted Outside Activities shall not interfere or conflict with the performance of my duties and obligations to the Company.
2. I understand and agree that, during my employment with the Company, the Company shall have the discretion to determine whether my time commitment to such Permitted Outside Activities conflicts with my duties to the Company and to reasonably request changes to such outside time commitment by providing advance notice to me.
3. I will not use for any outside party’s benefit (or that of any other third parties), any information relating to or arising out of my employment with or work on behalf of the Company. I will not utilize the funds, personnel, facilities, equipment, materials or other resources of the Company in performing the Permitted Outside Activities.
4. I will not incorporate any of the Company’s intellectual property, confidential information or proprietary information into the Permitted Outside Activities. Likewise, I will not incorporate any outside party’s intellectual property, confidential information or proprietary information into my work for the Company.
5. Without limiting the Company’s other rights and remedies, I agree that the Company’s consent to my participation in such outside activities may be immediately withdrawn if the Company determines, in its sole discretion, that such activities compromise or threaten to compromise the Company’s or its affiliates’ business interests or conflict with my duties or obligations to the Company or its affiliates, or upon breach of any of the foregoing statements.

Re: Employment Terms

Dear Mohammad:

Avenzo Therapeutics, Inc. (the “**Company**”) is pleased to offer you at-will employment in the position of Executive Vice President and Chief Medical Officer on the terms and conditions set forth in this letter agreement (the “**Agreement**”).

1. Employment by the Company. Your employment with the Company shall begin on the terms under this Agreement effective as of August 22, 2022 (the “**Effective Date**”). This is an exempt position, and during your employment with the Company, you will devote your best efforts and substantially all of your business time and attention to the business of the Company, except for approved vacation periods and reasonable periods of illness or other incapacities permitted by the Company’s general employment policies. You shall perform such duties as are required by the Company’s Chief Executive Officer (“**CEO**”), to whom you will report. Your primary work location shall initially be your home office located in San Francisco, CA, provided that you shall be expected to travel to and work from the Company’s headquarters in San Diego, California from time to time as mutually agreed between you and the Company’s CEO. The Company reserves the right to reasonably require you to perform your duties at places other than your primary work location from time to time, and to require reasonable business travel. The Company may modify your job title and duties as it deems necessary and appropriate in light of the Company’s needs and interests from time to time.

2. Compensation.

2.1 Base Salary. For services to be rendered hereunder, you shall receive a base salary at the rate of \$525,000 per year (the “**Base Salary**”), subject to standard payroll deductions and withholdings and payable in accordance with the Company’s regular payroll schedule.

2.2 Annual Bonus. During your employment, you will be eligible for an annual discretionary bonus with a target amount of up to 45% of your then current annual Base Salary, prorated for the number of days employed in a calendar year (the “**Annual Bonus**”). Whether you receive an Annual Bonus for any given year, and the amount of any such Annual Bonus, will be

determined by the Board of Directors of the Company (the “**Board**”) or the Compensation Committee of the Board (the “**Compensation Committee**”) in its discretion based upon the achievement of corporate and/or individual objectives and milestones that are determined in the sole discretion of the Board or Compensation Committee. You must continue to be employed through the date the Annual Bonus is paid in order to earn such bonus. The Annual Bonus, if any, shall be paid to you in a lump sum no later than March 15th of the calendar year that follows the performance year, subject to applicable payroll deductions and withholdings.

2.3 Founder Common Stock. You previously purchased 2,105,263 shares of Common Stock of the Company (the “**Common Stock**”).

2.4 Anti-Dilution.

(a) Generally. In the event, at any time subsequent to the last closing of the Company’s Series A Preferred Stock financing (the “**Last Series A Financing Closing**”) and the earlier of (i) immediately following the consummation of the sale of the Company’s securities pursuant to a registration statement filed by the Company under the Securities Act of 1933, as amended, in connection with a firm commitment underwritten offering of its securities to the public (an “**IPO**”) or (ii) immediately prior to the consummation of a Change in Control (as defined in that certain Common Stock Purchase Agreement by and between you and the Company dated August 17, 2022 (the “**SPA**”)), your equity holdings in the Company (excluding any Preferred Stock of the Company held by you) no longer represent at least 1.0% (the “**IPO Target Percentage**”) of the Fully-Diluted Capitalization of the Company as a result of (a) the issuance of additional shares of capital stock, (b) the issuance of options, warrants, convertible securities and other rights to acquire capital stock or (c) the reservation for issuance of any shares of capital stock under the Company’s equity incentive plans (any such event, a “**Dilution Event**”), then as soon as reasonably practicable after the occurrence of a Dilution Event that causes your equity holdings (excluding any Preferred Stock of the Company held by you) to decrease below such threshold, subject to the approval of the Board or Compensation Committee, you will be granted an option to purchase a number of shares of Common Stock in an amount that will cause your equity holdings in the Company after the option is granted (excluding any Preferred Stock of the Company held by you) to represent the IPO Target Percentage of the Fully-Diluted Capitalization of the Company, which option shall be governed in all respects by the terms of the governing documents under the Company’s 2022 Equity Incentive Plan (the “**Plan**”) and applicable option agreement between you and the Company. 25% of the shares subject to each such option shall vest on the date 12 months from August 17, 2022 (the “**Vesting Anniversary Date**”), and thereafter, 1/48th of the shares subject to each such option will vest on a monthly basis on the same day of the month as the Vesting Anniversary Date (or if there is no corresponding day, on the last day of the month), until all the shares subject to each such option are vested, provided in each case that you remain a Service Provider (as defined in the SPA) as of each such vesting date. For purposes of this Agreement, “**Fully-Diluted Capitalization of the Company**” means: (1) all issued and outstanding equity securities of the Company; (2) all shares issuable upon the conversion, exercise, or exchange of any outstanding options, warrants or other convertible or exchangeable securities of the Company; and (3) all shares reserved for future issuance pursuant to the Company stock option and/or equity incentive plans, including without limitation the Plan (without double counting options outstanding equity incentives granted under the Plan).

(b) **Preferred Stock Financing.** In the event, at any time subsequent to the Last Series A Financing Closing and prior to the earlier of the consummation of (i) an IPO or (ii) a Change in Control, the Company consummates any additional equity financing in which it issues shares of its Preferred Stock (each, a “**Preferred Stock Financing**”) and immediately following the consummation of any closing of any Preferred Stock Financing, your equity holdings in the Company (excluding any Preferred Stock of the Company held by you) no longer represent at least 2.0% (the “**Preferred Financing Target Percentage**”) of the Fully-Diluted Capitalization of the Company, then as soon as reasonably practicable after any such closing of any Preferred Stock Financing, subject to the approval of the or Compensation Committee, you will be granted an option to purchase a number of shares of Common Stock in an amount that will cause your equity holdings in the Company after the option is granted (excluding any Preferred Stock of the Company held by you) to represent the Preferred Financing Target Percentage of the Fully-Diluted Capitalization of the Company, which option shall be governed in all respects by the terms of the governing Plan documents and applicable option agreement between you and the Company. 25% of the shares subject to such option shall vest on the Vesting Anniversary Date, and thereafter, 1/48th of the shares subject to such option will vest on a monthly basis on the same day of the month as the Vesting Anniversary Date (or if there is no corresponding day, on the last day of the month), until all the shares subject to such option are vested, provided that you remain a Service Provider as of each such vesting date.

3. **Reasonable Business Expenses.** You will be eligible for reimbursement of all reasonable, necessary and documented out-of-pocket business, entertainment, and travel expenses incurred by you in connection with the performance of your duties hereunder in accordance with the Company’s expense reimbursement policies and procedures.

4. **Company Policies; Standard Company Benefits.**

4.1 The employment relationship between the parties shall be governed by the general employment policies and practices of the Company, except that when the terms of this Agreement differ from or are in conflict with the Company’s general employment policies or practices, this Agreement shall control.

4.2 You shall be entitled to participate in all employee benefit programs for which you are eligible under the terms and conditions of the benefit plans that may be in effect from time to time and provided by the Company to its employees. The Company reserves the right to cancel or change the benefit plans or programs it offers to its employees at any time.

5. **At-Will Employment.** Your employment relationship is at-will. Either you or the Company may terminate the employment relationship at any time, with or without cause or advance notice.

6. **Outside Activities During Employment.** Except with the prior written consent of the Company’s Chief Executive Officer, you will not during the term of your employment with the Company undertake or engage in any other employment, occupation or business enterprise, other than ones in which you are a passive investor. Without limiting the generality of the foregoing, the Company agrees that (i) you may serve on the board of directors of up to two for-profit companies that are not competitive with the Company; and (ii) you may engage in civic and not-for-profit activities; provided that, in either case (i) and (ii), such activities do not materially interfere with the performance of your duties hereunder and do not create a conflict of interest with respect to the Company. You agree not to acquire, assume or participate in, directly or indirectly, any position, investment or interest known to be adverse or antagonistic to the Company, its business or prospects, financial or otherwise.

7. Termination.

7.1 Term and Termination. The term of this Agreement shall be the period commencing on the Effective Date and ending on the date that this Agreement is terminated by either party pursuant to the provisions of this Agreement. You are employed at-will, meaning that, subject to the terms and conditions set forth herein, either the Company or you may terminate your employment at any time, with or without Cause. Upon termination of your employment for any reason, you shall resign from all positions and terminate any relationships as an employee, advisor, officer or director with the Company and any of its affiliates, each effective on the date of termination.

7.2 Compensation upon Termination. Upon the termination of your employment for any reason, the Company shall pay you all of your accrued and unpaid wages earned through your last day of employment (the "**Separation Date**").

7.3 Severance Benefits upon an Involuntary Termination. If you are subject to an Involuntary Termination (that does not occur within the Change in Control Period (as defined below)), and provided that you remain in compliance with the terms of this Agreement (including the conditions described in Section 7.7 below), the Company shall provide you with the following benefits (the "**Severance Benefits**"):

(a) **Cash Severance.** The Company shall pay you, as severance, the equivalent of 12 months (the "**Severance Period**") of your Base Salary in effect as of the Separation Date, subject to standard payroll deductions and withholdings (the "**Severance**"). The Severance will be paid as a continuation on the Company's regular payroll, beginning no later than the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in Section 7.7) has become effective.

(b) **Payment of Continued Group Health Plan Benefits.** If you are eligible for and timely elect continued group health plan coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 or any state law of similar effect ("**COBRA**") following your Involuntary Termination, the Company will pay your COBRA group health insurance premiums for you and your eligible dependents directly to the insurer until the earliest of (A) the end of the period immediately following your Involuntary Termination that is equal to the Severance Period (the "**COBRA Payment Period**"), (B) the expiration of your eligibility for continuation coverage under COBRA, or (C) the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. For purposes of this Section, references to COBRA premiums shall not include any amounts payable by you under a Section 125 health care reimbursement plan under the Code. Notwithstanding the foregoing, if at any time the Company determines, in its sole discretion, that it cannot pay the COBRA premiums without potentially incurring financial costs or penalties under applicable law (including, without limitation, Section 2716 of the Public Health Service Act), then in lieu of providing the COBRA premiums, the Company will instead pay you on the last day of each remaining month of the COBRA Payment Period, a fully taxable cash payment equal to the COBRA premiums for that month, subject to applicable tax withholdings (such amount, the "**Special Severance Payment**"), which payments shall continue until the earlier of expiration of the COBRA Payment Period or the date when you become eligible for

substantially equivalent health insurance coverage in connection with new employment or self-employment. On the first payroll date following the effectiveness of the Separation Agreement, the Company will make the first payment to the insurer under this clause (and, in the case of the Special Severance Payment, such payment will be to you, in a lump sum) equal to the aggregate amount of payments that the Company would have paid through such date had such payments instead commenced on the Separation Date, with the balance of the payments paid thereafter on the schedule described above. If you become eligible for coverage under another employer's group health plan, you must immediately notify the Company of such event, and all payments and obligations under this subsection shall cease.

7.4 Severance Benefits upon an Involuntary Termination during Change in Control Period. If you are subject to an Involuntary Termination during the Change in Control Period, and provided that you remain in compliance with the terms of this Agreement (including the conditions described in Section 7.7 below), the Company shall provide you with the following change in control severance benefits (the "Change in Control Severance Benefits"):

(a) Cash Severance. The Company shall pay you, as severance, the equivalent of 18 months (the "**CIC Severance Period**") of your Base Salary in effect as of the Separation Date, subject to standard payroll deductions and withholdings (the "**CIC Severance**"). The CIC Severance will be paid in a lump sum on the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in Section 7.7) has become effective.

(b) Annual Bonus. In addition, you will receive a payment equal to the product of 1.5 multiplied by the Annual Bonus that you would have been entitled to receive if corporate and/or individual objectives and milestones were fully achieved for the calendar year in which the Separation Date occurs (less standard payroll deductions and applicable withholdings), to be paid in a lump sum on the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in Section 7.7) has become effective.

(c) Payment of Continued Group Health Plan Benefits. If you are eligible for and timely elect continued group health plan coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 or any state law of similar effect ("**COBRA**") following your Involuntary Termination, the Company will pay your COBRA group health insurance premiums for you and your eligible dependents directly to the insurer until the earliest of (A) the end of the period immediately following your Involuntary Termination that is equal to the CIC Severance Period (the "**CIC COBRA Payment Period**"), (B) the expiration of your eligibility for continuation coverage under COBRA, or (C) the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. For purposes of this Section, references to COBRA premiums shall not include any amounts payable by you under a Section 125 health care reimbursement plan under the Code. Notwithstanding the foregoing, if at any time the Company determines, in its sole discretion, that it cannot pay the COBRA premiums without potentially incurring financial costs or penalties under applicable law (including, without limitation, Section 2716 of the Public Health Service Act), then regardless of whether you elect continued health coverage under COBRA, and in lieu of providing the COBRA premiums, the Company will instead pay you on the last day of each remaining month of the CIC COBRA Payment Period, a fully taxable cash payment equal to the COBRA premiums for that month, subject to applicable tax withholdings (such amount, the "**Special Severance Payment**"), which payments shall continue until the earlier of expiration of

the CIC COBRA Payment Period or the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. On the first payroll date following the effectiveness of the Separation Agreement, the Company will make the first payment to the insurer under this clause (and, in the case of the Special Severance Payment, such payment will be to you, in a lump sum) equal to the aggregate amount of payments that the Company would have paid through such date had such payments instead commenced on the Separation Date, with the balance of the payments paid thereafter on the schedule described above. If you become eligible for coverage under another employer's group health plan, you must immediately notify the Company of such event, and all payments and obligations under this subsection shall cease.

(d) Accelerated Vesting. Effective as of the later of the Separation Date or the effective date of the Change in Control, the vesting and exercisability of all outstanding time-based stock options, time-based restricted stock unit awards, and other time-based equity awards covering Common Stock that are held by you as of immediately prior to the Separation Date shall accelerate vesting in full. For the avoidance of doubt, vesting acceleration under this subsection is conditioned upon the actual consummation of a Change in Control and equity awards which vest wholly or partially subject to the attainment of performance goals are not eligible to accelerate vesting pursuant to this subsection.

For the avoidance of doubt, in no event shall you be entitled to benefits under both Section 7.3 and this Section 7.4. If you are eligible for benefits under both Section 7.3 and this Section 7.4, you shall receive the benefits set forth in this Section 7.4 and such benefits shall be reduced by any benefits previously provided to you under Section 7.3.

7.5 Termination upon Death; Acceleration Benefit. Your employment hereunder shall terminate automatically upon your death. In the event that your employment is terminated on account of your death, and provided that your estate and/or beneficiaries timely execute the Separation Agreement (as defined below) and allow it to become effective by the Release Deadline (as defined below), then the vesting and exercisability of all outstanding time-based stock options, time-based restricted stock unit awards, and other time-based equity awards covering Common Stock that are held by you as of immediately prior to the Separation Date shall accelerate vesting in full (the "**Acceleration Benefit**"). For the avoidance of doubt, equity awards which vest wholly or partially subject to the attainment of performance goals are not eligible to accelerate vesting pursuant to this subsection.

7.6 Termination for Cause; Resignation Without Good Reason; or Disability. If you resign without Good Reason, or the Company terminates your employment for Cause, upon dissolution or cessation of the Company, or upon your disability, then (a) you will no longer vest in any equity awards, (b) all payments of compensation by the Company to you hereunder will terminate immediately (except as to amounts already earned), and (c) you will not be entitled to any Severance Benefits, Change in Control Severance Benefits, or the Acceleration Benefit.

7.7 Conditions to Receipt of Severance Benefits, Change in Control Severance Benefits, and Acceleration Benefit. The receipt of the Severance Benefits, the Change in Control Severance Benefits and Acceleration Benefit will be subject to you (or your estate and/or beneficiaries, as applicable) signing and not revoking a separation agreement and general release of claims in a form reasonably satisfactory to the Company (the "**Separation Agreement**") by no later than the sixtieth (60th) day after the Separation Date ("**Release Deadline**"). No Severance Benefits, Change in Control Severance Benefits, or Acceleration Benefit will be paid or provided until the Separation Agreement becomes effective. You shall also resign from all positions and terminate any relationships as an employee, advisor, officer or director with the Company and any of its affiliates, each effective on the Separation Date.

8. Definitions.

8.1 Cause. For purposes of this Agreement, “Cause” shall have the meaning as set forth in the SPA.

8.2 Change in Control. For purposes of this Agreement, a “Change in Control” shall have the meaning as set forth in the SPA.

8.3 Change in Control Period. For purposes of this Agreement, the “Change in Control Period” means the period commencing three months prior to a Change in Control and ending 12 months following a Change in Control.

8.4 Code. For purposes of this Agreement, “Code” means the U.S. Internal Revenue Code of 1986 (as it has been and may be amended from time to time) and any regulations and guidance that has been promulgated or may be promulgated from time to time thereunder and any state law of similar effect.

8.5 Good Reason. For purposes of this Agreement, “Good Reason” shall have the meaning as set forth in the SPA.

8.6 Involuntary Termination. For purposes of this Agreement, “Involuntary Termination” means a termination of your employment with the Company pursuant to either (i) a termination initiated by the Company without Cause, or (ii) your resignation for Good Reason, and provided in either case such termination constitutes a Separation from Service. An Involuntary Termination does not include any other termination of your employment, including a termination due to your death or disability.

8.7 Separation from Service. For purposes of this Agreement, “Separation from Service” means a “separation from service”, as defined under Treasury Regulation Section 1.409A-1(h).

9. Proprietary Information Obligations. As a condition of employment, you shall execute and abide by the Company’s standard form of Employee Confidential Information and Inventions Assignment Agreement (the “**Confidentiality Agreement**”), attached as **Exhibit A**. In your work for the Company, you will be expected not to use or disclose any confidential information, including trade secrets, of any former employer or other person to whom you have an obligation of confidentiality. Rather, you will be expected to use only that information which is generally known and used by persons with training and experience comparable to your own, which is common knowledge in the industry or otherwise legally in the public domain, or which is otherwise provided or developed by the Company. You agree that you will not bring onto Company premises any unpublished documents or property belonging to any former employer or other person to whom you have an obligation of confidentiality. You hereby represent that you have disclosed to the Company any contract you have signed that may restrict your activities on behalf of the Company and that you are not subject to or a party to any employment agreement, non-competition covenant, or other agreement that would be breached by, or prohibit you from, executing this Agreement and performing fully your duties and responsibilities hereunder.

10. **Section 409A.** It is intended that all of the severance benefits and other payments payable under this Agreement satisfy, to the greatest extent possible, the exemptions from the application of Code Section 409A provided under Treasury Regulations Sections 1.409A 1(b)(4), 1.409A 1(b)(5) and 1.409A 1(b)(9), and this Agreement will be construed to the greatest extent possible as consistent with those provisions, and to the extent not so exempt, this Agreement (and any definitions hereunder) will be construed in a manner that complies with Section 409A. For all purposes of Code Section 409A (including, without limitation, for purposes of Treasury Regulations Sections 1.409A 2(b)(2)(i) and (iii)), your right to receive any installment payments under this Agreement (whether severance payments, reimbursements or otherwise) shall be treated as a right to receive a series of separate payments and, accordingly, each installment payment hereunder shall at all times be considered a separate and distinct payment. Notwithstanding any provision to the contrary in this Agreement, if you are deemed by the Company at the time of your Separation from Service to be a “specified employee” for purposes of Code Section 409A(a)(2)(B)(i), and if any of the payments upon Separation from Service set forth herein and/or under any other agreement with the Company are deemed to be “deferred compensation,” then to the extent delayed commencement of any portion of such payments is required in order to avoid a prohibited distribution under Code Section 409A(a)(2)(B)(i) and the related adverse taxation under Section 409A, such payments shall not be provided to you prior to the earliest of (i) the first date following expiration of the six-month period following the date of your Separation from Service with the Company, (ii) the date of your death or (iii) such earlier date as permitted under Section 409A without the imposition of adverse taxation. Upon the first business day following the expiration of such applicable Code Section 409A(a)(2)(B)(i) period, all payments deferred pursuant to this Paragraph shall be paid in a lump sum to you, and any remaining payments due shall be paid as otherwise provided herein or in the applicable agreement. No interest shall be due on any amounts so deferred. If the severance benefits are not covered by one or more exemptions from the application of Section 409A and the Release Deadline occurs in the calendar year following the calendar year of your Separation from Service, the Separation Agreement will not be deemed effective any earlier than the Release Deadline for purposes of determining the timing of provision of any severance benefits.

11. **Section 280G.**

If any payment or benefit you will or may receive from the Company or otherwise (a “**280G Payment**”) would (i) constitute a “parachute payment” within the meaning of Section 280G of the Code, and (ii) but for this sentence, be subject to the excise tax imposed by Section 4999 of the Code (the “**Excise Tax**”), then any such 280G Payment pursuant to this Agreement or otherwise (a “**Payment**”) shall be equal to the Reduced Amount. The “**Reduced Amount**” shall be either (x) the largest portion of the Payment that would result in no portion of the Payment (after reduction) being subject to the Excise Tax or (y) the largest portion, up to and including the total, of the Payment, whichever amount (i.e., the amount determined by clause (x) or by clause (y)), after taking into account all applicable federal, state and local employment taxes, income taxes, and the Excise Tax (all computed at the highest applicable marginal rate), results in your receipt, on an after-tax basis, of the

greater economic benefit notwithstanding that all or some portion of the Payment may be subject to the Excise Tax. If a reduction in a Payment is required pursuant to the preceding sentence and the Reduced Amount is determined pursuant to clause (x) of the preceding sentence, the reduction shall occur in the manner (the “**Reduction Method**”) that results in the greatest economic benefit for you. If more than one method of reduction will result in the same economic benefit, the items so reduced will be reduced pro rata (the “**Pro Rata Reduction Method**”).

Notwithstanding the foregoing, if the Reduction Method or the Pro Rata Reduction Method would result in any portion of the Payment being subject to taxes pursuant to Section 409A that would not otherwise be subject to taxes pursuant to Section 409A, then the Reduction Method and/or the Pro Rata Reduction Method, as the case may be, shall be modified so as to avoid the imposition of taxes pursuant to Section 409A as follows: (A) as a first priority, the modification shall preserve to the greatest extent possible, the greatest economic benefit for you as determined on an after-tax basis; (B) as a second priority, Payments that are contingent on future events (e.g., being terminated without Cause), shall be reduced (or eliminated) before Payments that are not contingent on future events; and (C) as a third priority, Payments that are “deferred compensation” within the meaning of Section 409A shall be reduced (or eliminated) before Payments that are not deferred compensation within the meaning of Section 409A.

Unless you and the Company agree on an alternative accounting firm, the accounting firm engaged by the Company for general tax compliance purposes as of the day prior to the effective date of the change in control transaction triggering the Payment shall perform the foregoing calculations. If the accounting firm so engaged by the Company is serving as accountant or auditor for the individual, entity or group effecting the change in control transaction, the Company shall appoint a nationally recognized accounting firm to make the determinations required hereunder. The Company shall bear all expenses with respect to the determinations by such accounting firm required to be made hereunder. The Company shall use commercially reasonable efforts to cause the accounting firm engaged to make the determinations hereunder to provide its calculations, together with detailed supporting documentation, to you and the Company within fifteen (15) calendar days after the date on which your right to a 280G Payment becomes reasonably likely to occur (if requested at that time by you or the Company) or such other reasonable time as requested by you or the Company.

If you receive a Payment for which the Reduced Amount was determined pursuant to clause (x) of the first paragraph of this Section and the Internal Revenue Service determines thereafter that some portion of the Payment is subject to the Excise Tax, you shall promptly return to the Company a sufficient amount of the Payment (after reduction pursuant to clause (x) of the first paragraph of this Section so that no portion of the remaining Payment is subject to the Excise Tax). For the avoidance of doubt, if the Reduced Amount was determined pursuant to clause (y) in the first paragraph of this Section, you shall have no obligation to return any portion of the Payment pursuant to the preceding sentence.

12. Arbitration of All Disputes.

12.1 Agreement to Arbitrate. To ensure the timely and economical resolution of disputes that may arise between you and the Company, both you and the Company mutually agree that pursuant to the Federal Arbitration Act, 9 U.S.C. §1-16 (“FAA”), and to the fullest extent permitted by applicable law, you and the Company will submit solely to final, binding and confidential arbitration any and all disputes, claims, or causes of action arising from or relating to: (i) the

negotiation, execution, interpretation, performance, breach or enforcement of this Agreement; or (ii) your employment with the Company (including but not limited to all statutory claims); or (iii) the termination of your employment with the Company (including but not limited to all statutory claims). **BY AGREEING TO THIS ARBITRATION PROCEDURE, BOTH YOU AND THE COMPANY WAIVE THE RIGHT TO RESOLVE ANY SUCH DISPUTES THROUGH A TRIAL BY JURY OR JUDGE OR THROUGH AN ADMINISTRATIVE PROCEEDING.**

12.2 Arbitrator Authority. The arbitrator shall have the sole and exclusive authority to determine whether a dispute, claim or cause of action is subject to arbitration under this Section and to determine any procedural questions which grow out of such disputes, claims or causes of action and bear on their final disposition.

12.3 Individual Capacity Only. All claims, disputes, or causes of action under this Section, whether by you or the Company, must be brought solely in an individual capacity, and shall not be brought as a plaintiff (or claimant) or class member in any purported class or representative proceeding, nor joined or consolidated with the claims of any other person or entity. The arbitrator may not consolidate the claims of more than one person or entity, and may not preside over any form of representative or class proceeding. To the extent that the preceding sentences in this Section are found to violate applicable law or are otherwise found unenforceable, any claim(s) alleged or brought on behalf of a class shall proceed in a court of law rather than by arbitration.

12.4 Arbitration Process. Any arbitration proceeding under this Section shall be presided over by a single arbitrator and conducted by JAMS, Inc. ("JAMS") in San Diego, California, or as otherwise agreed to by you and the Company, under the then applicable JAMS rules for the resolution of employment disputes (available upon request and also currently available at <http://www.jamsadr.com/rules-employment-arbitration/>). You and the Company both have the right to be represented by legal counsel at any arbitration proceeding, at each party's own expense. The arbitrator shall: (i) have the authority to compel adequate discovery for the resolution of the dispute; (ii) issue a written arbitration decision, to include the arbitrator's essential findings and conclusions and a statement of the award; and (iii) be authorized to award any or all remedies that you or the Company would be entitled to seek in a court of law. The Company shall pay all JAMS arbitration fees in excess of the amount of court fees that would be required of you if the dispute were decided in a court of law.

12.5 Excluded Claims. This Section shall not apply to any action or claim that cannot be subject to mandatory arbitration as a matter of law, including, without limitation, sexual assault disputes and sexual harassment disputes as defined in the FAA, claims brought pursuant to the California Private Attorneys General Act of 2004, as amended, the California Fair Employment and Housing Act, as amended, and the California Labor Code, as amended, to the extent such claims are not permitted by applicable law to be submitted to mandatory arbitration and such applicable law is not preempted by the FAA or otherwise invalid (collectively, the "**Excluded Claims**"). In the event you intend to bring multiple claims, including one of the Excluded Claims listed above, the Excluded Claims may be filed with a court, while any other claims will remain subject to mandatory arbitration.

12.6 Injunctive Relief and Final Orders. Nothing in this Section is intended to prevent either you or the Company from obtaining injunctive relief in court to prevent irreparable harm pending the conclusion of any such arbitration. Any final award in any arbitration proceeding hereunder may be entered as a judgment in the federal and state courts of any competent jurisdiction and enforced accordingly.

13. General Provisions. This Agreement, together with its Exhibits, constitutes the entire agreement between you and the Company with regard to this subject matter and is the complete, final, and exclusive embodiment of the parties' agreement with regard to this subject matter. This Agreement is entered into without reliance on any promise or representation, written or oral, other than those expressly contained herein, and it supersedes any other such promises, warranties or representations. Modifications or amendments to this Agreement, other than those changes expressly reserved to the Company's discretion in this letter, must be made in a written agreement signed by you and the Company's Chief Executive Officer. Whenever possible, each provision of this Agreement will be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability will not affect any other provision or any other jurisdiction, but this Agreement will be reformed, construed and enforced in such jurisdiction to the extent possible in keeping with the intent of the parties. Any waiver of any breach of any provisions of this Agreement must be in writing to be effective, and it shall not thereby be deemed to have waived any preceding or succeeding breach of the same or any other provision of this Agreement. This Agreement is intended to bind and inure to the benefit of and be enforceable by you and the Company, and their respective successors, assigns, heirs, executors and administrators. The Company may freely assign this Agreement, without your prior written consent. You may not assign any of your duties hereunder and you may not assign any of your rights hereunder without the written consent of the Company. This Agreement shall become effective as of the Effective Date and shall terminate upon your termination of employment with the Company. The obligations as forth under Sections 7, 8, 9, 10, 11, 12, and 13 will survive the termination of this Agreement. All questions concerning the construction, validity and interpretation of this Agreement will be governed by the laws of the State of California.

This offer is subject to satisfactory proof of your identity and right to work in the United States and other applicable pre-employment screenings.

We look forward to having you join us. If you have any questions about this Agreement, please do not hesitate to call me.

Best regards,

Re: Employment Terms

Dear Brian:

Avenzo Therapeutics, Inc. (the “**Company**”) is pleased to offer you at-will employment in the position of Senior Vice President, Chief Legal Officer and Corporate Secretary on the terms and conditions set forth in this letter agreement (the “**Agreement**”).

1. Employment by the Company. Your employment with the Company shall begin on the terms under this Agreement effective as of August 22, 2022 (the “**Effective Date**”). This is an exempt position, and during your employment with the Company, you will devote your best efforts and substantially all of your business time and attention to the business of the Company, except for approved vacation periods and reasonable periods of illness or other incapacities permitted by the Company’s general employment policies. You shall perform such duties as are required by the Company’s Chief Executive Officer (“**CEO**”), to whom you will report. Your primary work location shall be the Company’s office located in San Diego, California. The Company reserves the right to reasonably require you to perform your duties at places other than your primary work location from time to time, and to require reasonable business travel. The Company may modify your job title and duties as it deems necessary and appropriate in light of the Company’s needs and interests from time to time.

2. Compensation.

2.1 Base Salary. For services to be rendered hereunder, you shall receive a base salary at the rate of \$445,000 per year (the “**Base Salary**”), subject to standard payroll deductions and withholdings and payable in accordance with the Company’s regular payroll schedule.

2.2 Annual Bonus. During your employment, you will be eligible for an annual discretionary bonus with a target amount of up to 45% of your then current annual Base Salary, prorated for the number of days employed in a calendar year (the “**Annual Bonus**”). Whether you receive an Annual Bonus for any given year, and the amount of any such Annual Bonus, will be determined by the Board of Directors of the Company (the “**Board**”) or the Compensation Committee of the Board (the “**Compensation Committee**”) in its discretion based upon the achievement of corporate and/or individual objectives and milestones that are determined in the sole discretion of the

Board or Compensation Committee. You must continue to be employed through the date the Annual Bonus is paid in order to earn such bonus. The Annual Bonus, if any, shall be paid to you in a lump sum no later than March 15th of the calendar year that follows the performance year, subject to applicable payroll deductions and withholdings.

2.3 Founder Common Stock. You previously purchased 1,052,630 shares of Common Stock of the Company (the “**Common Stock**”).

2.4 Anti-Dilution.

(a) Generally. In the event, at any time subsequent to the last closing of the Company’s Series A Preferred Stock financing (the “**Last Series A Financing Closing**”) and the earlier of (i) immediately prior to the consummation of the sale of the Company’s securities pursuant to a registration statement filed by the Company under the Securities Act of 1933, as amended, in connection with a firm commitment underwritten offering of its securities to the public (an “**IPO**”) or (ii) immediately prior to the consummation of a Change in Control (as defined in that certain Common Stock Purchase Agreement by and between you and the Company dated August 17, 2022 (the “**SPA**”)), your equity holdings in the Company (excluding any Preferred Stock of the Company held by you) no longer represent at least 0.75% (the “**IPO Target Percentage**”) of the Fully-Diluted Capitalization of the Company as a result of (a) the issuance of additional shares of capital stock, (b) the issuance of options, warrants, convertible securities and other rights to acquire capital stock or (c) the reservation for issuance of any shares of capital stock under the Company’s equity incentive plans (any such event, a “**Dilution Event**”), then as soon as reasonably practicable after the occurrence of a Dilution Event that causes your equity holdings (excluding any Preferred Stock of the Company held by you) to decrease below such threshold, subject to the approval of the Board or Compensation Committee, you will be granted an option to purchase a number of shares of Common Stock in an amount that will cause your equity holdings in the Company after the option is granted (excluding any Preferred Stock of the Company held by you) to represent the IPO Target Percentage of the Fully-Diluted Capitalization of the Company, which option shall be governed in all respects by the terms of the governing documents under the Company’s 2022 Equity Incentive Plan (the “**Plan**”) and applicable option agreement between you and the Company. 25% of the shares subject to each such option shall vest on the date 12 months from August 17, 2022 (the “**Vesting Anniversary Date**”), and thereafter, 1/48th of the shares subject to each such option will vest on a monthly basis on the same day of the month as the Vesting Anniversary Date (or if there is no corresponding day, on the last day of the month), until all the shares subject to each such option are vested, provided in each case that you remain a Service Provider (as defined in the SPA) as of each such vesting date. For purposes of this Agreement, “**Fully-Diluted Capitalization of the Company**” means: (1) all issued and outstanding equity securities of the Company; (2) all shares issuable upon the conversion, exercise, or exchange of any outstanding options, warrants or other convertible or exchangeable securities of the Company; and (3) all shares reserved for future issuance pursuant to the Company stock option and/or equity incentive plans, including without limitation the Plan (without double counting options outstanding equity incentives granted under the Plan).

(b) Preferred Stock Financing. In the event, at any time subsequent to the Last Series A Financing Closing and prior to the earlier of the consummation of (i) an IPO or (ii) a Change in Control, the Company consummates an additional equity financing in which it issues shares of its Preferred Stock (the “**Series B Financing**”) and immediately following the consummation of any closing of the Series B Financing, your equity holdings in the Company (excluding any Preferred Stock of the Company held by you) no longer represent at least 1% (the “**Preferred Financing Target**”).

Percentage") of the Fully-Diluted Capitalization of the Company, then as soon as reasonably practicable after any such closing of the Series B Financing, subject to the approval of the Board or Compensation Committee, you will be granted an option to purchase a number of shares of Common Stock in an amount that will cause your equity holdings in the Company after the option is granted (excluding any Preferred Stock of the Company held by you) to represent the Preferred Financing Target Percentage of the Fully-Diluted Capitalization of the Company (each, a "**Series B Anti-Dilution Option**"), which option shall be governed in all respects by the terms of the governing Plan documents and applicable option agreement between you and the Company. 25% of the shares subject to such option shall vest on the Vesting Anniversary Date, and thereafter, 1/48th of the shares subject to such option will vest on a monthly basis on the same day of the month as the Vesting Anniversary Date (or if there is no corresponding day, on the last day of the month), until all the shares subject to such option are vested, provided that you remain a Service Provider as of each such vesting date. Notwithstanding the foregoing, in the event the Company raises an aggregate of greater than \$50,000,000 in gross proceeds in the Series B Financing and the per share purchase price of the Company's Preferred Stock issued and sold in the Series B Financing is less than 1.3 times the per share purchase price of the Company's Series A Preferred Stock issued and sold in the Series A Financing, the number of shares of Common Stock subject to the Series B Anti-Dilution Option shall be calculated assuming the Company raised an aggregate of \$50,000,000 in gross proceeds in the Series B Financing.

3. Reasonable Business Expenses. You will be eligible for reimbursement of all reasonable, necessary and documented out-of-pocket business, entertainment, and travel expenses incurred by you in connection with the performance of your duties hereunder in accordance with the Company's expense reimbursement policies and procedures.

4. Company Policies; Standard Company Benefits.

4.1 The employment relationship between the parties shall be governed by the general employment policies and practices of the Company, except that when the terms of this Agreement differ from or are in conflict with the Company's general employment policies or practices, this Agreement shall control.

4.2 You shall be entitled to participate in all employee benefit programs for which you are eligible under the terms and conditions of the benefit plans that may be in effect from time to time and provided by the Company to its employees. The Company reserves the right to cancel or change the benefit plans or programs it offers to its employees at any time.

5. At-Will Employment. Your employment relationship is at-will. Either you or the Company may terminate the employment relationship at any time, with or without cause or advance notice.

6. Outside Activities During Employment. Except with the prior written consent of the Company's Chief Executive Officer, you will not during the term of your employment with the Company undertake or engage in any other employment, occupation or business enterprise, other than ones in which you are a passive investor. Without limiting the generality of the foregoing, the Company agrees that (i) you may serve on the board of directors of up to one for-profit company that is not competitive with the Company; and (ii) you may engage in civic and not-for-profit activities; provided that, in either case (i) and (ii), such activities do not materially interfere with the performance of your duties hereunder and do not create a conflict of interest with respect to the Company. For the avoidance of doubt, the Company agrees that you may participate in the Permitted Outside Activities

listed in **Exhibit A** hereto in accordance with the terms and conditions set forth therein. You agree not to acquire, assume or participate in, directly or indirectly, any position, investment or interest known to be adverse or antagonistic to the Company, its business or prospects, financial or otherwise.

7. Termination.

7.1 Term and Termination. The term of this Agreement shall be the period commencing on the Effective Date and ending on the date that this Agreement is terminated by either party pursuant to the provisions of this Agreement. You are employed at-will, meaning that, subject to the terms and conditions set forth herein, either the Company or you may terminate your employment at any time, with or without Cause. Upon termination of your employment for any reason, you shall resign from all positions and terminate any relationships as an employee, advisor, officer or director with the Company and any of its affiliates, each effective on the date of termination.

7.2 Compensation upon Termination. Upon the termination of your employment for any reason, the Company shall pay you all of your accrued and unpaid wages earned through your last day of employment (the "**Separation Date**").

7.3 Severance Benefits upon an Involuntary Termination. If you are subject to an Involuntary Termination (that does not occur within the Change in Control Period (as defined below)), and provided that you remain in compliance with the terms of this Agreement (including the conditions described in Section 7.7 below), the Company shall provide you with the following benefits (the "**Severance Benefits**"):

(a) **Cash Severance.** The Company shall pay you, as severance, the equivalent of 12 months (the "**Severance Period**") of your Base Salary in effect as of the Separation Date, subject to standard payroll deductions and withholdings (the "**Severance**"). The Severance will be paid as a continuation on the Company's regular payroll, beginning no later than the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in Section 7.7) has become effective.

(b) **Payment of Continued Group Health Plan Benefits.** If you are eligible for and timely elect continued group health plan coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 or any state law of similar effect ("**COBRA**") following your Involuntary Termination, the Company will pay your COBRA group health insurance premiums for you and your eligible dependents directly to the insurer until the earliest of (A) the end of the period immediately following your Involuntary Termination that is equal to the Severance Period (the "**COBRA Payment Period**"), (B) the expiration of your eligibility for continuation coverage under COBRA, or (C) the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. For purposes of this Section, references to COBRA premiums shall not include any amounts payable by you under a Section 125 health care reimbursement plan under the Code. Notwithstanding the foregoing, if at any time the Company determines, in its sole discretion, that it cannot pay the COBRA premiums without potentially incurring financial costs or penalties under applicable law (including, without limitation, Section 2716 of the Public Health Service Act), then in lieu of providing the COBRA premiums, the Company will instead pay you on the last day of each remaining month of the COBRA Payment Period, a fully taxable cash payment equal to the COBRA premiums for that month, subject to applicable tax withholdings (such amount, the "**Special Severance Payment**"), which payments shall continue until the earlier of expiration of the COBRA Payment Period or the date when you become

eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. On the first payroll date following the effectiveness of the Separation Agreement, the Company will make the first payment to the insurer under this clause (and, in the case of the Special Severance Payment, such payment will be to you, in a lump sum) equal to the aggregate amount of payments that the Company would have paid through such date had such payments instead commenced on the Separation Date, with the balance of the payments paid thereafter on the schedule described above. If you become eligible for coverage under another employer's group health plan, you must immediately notify the Company of such event, and all payments and obligations under this subsection shall cease.

7.4 Severance Benefits upon an Involuntary Termination during Change in Control Period. If you are subject to an Involuntary Termination during the Change in Control Period, and provided that you remain in compliance with the terms of this Agreement (including the conditions described in Section 7.7 below), the Company shall provide you with the following change in control severance benefits (the "Change in Control Severance Benefits"):

(a) Cash Severance. The Company shall pay you, as severance, the equivalent of 12 months (the "**CIC Severance Period**") of your Base Salary in effect as of the Separation Date, subject to standard payroll deductions and withholdings (the "**CIC Severance**"). The CIC Severance will be paid in a lump sum on the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in Section 7.7) has become effective.

(b) Annual Bonus. In addition, you will receive a payment equal to the Annual Bonus that you would have been entitled to receive if corporate and/or individual objectives and milestones were fully achieved for the calendar year in which the Separation Date occurs (less standard payroll deductions and applicable withholdings), to be paid in a lump sum on the first regularly-scheduled payroll date following the 60th day after your Separation from Service, provided the Separation Agreement (as discussed in Section 7.7) has become effective.

(c) Payment of Continued Group Health Plan Benefits. If you are eligible for and timely elect continued group health plan coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 or any state law of similar effect ("**COBRA**") following your Involuntary Termination, the Company will pay your COBRA group health insurance premiums for you and your eligible dependents directly to the insurer until the earliest of (A) the end of the period immediately following your Involuntary Termination that is equal to the CIC Severance Period (the "**CIC COBRA Payment Period**"), (B) the expiration of your eligibility for continuation coverage under COBRA, or (C) the date when you become eligible for substantially equivalent health insurance coverage in connection with new employment or self-employment. For purposes of this Section, references to COBRA premiums shall not include any amounts payable by you under a Section 125 health care reimbursement plan under the Code. Notwithstanding the foregoing, if at any time the Company determines, in its sole discretion, that it cannot pay the COBRA premiums without potentially incurring financial costs or penalties under applicable law (including, without limitation, Section 2716 of the Public Health Service Act), then regardless of whether you elect continued health coverage under COBRA, and in lieu of providing the COBRA premiums, the Company will instead pay you on the last day of each remaining month of the CIC COBRA Payment Period, a fully taxable cash payment equal to the COBRA premiums for that month, subject to applicable tax withholdings (such amount, the "**Special Severance Payment**"), which payments shall continue until the earlier of expiration of the CIC COBRA Payment Period or the date when you become eligible for substantially

equivalent health insurance coverage in connection with new employment or self-employment. On the first payroll date following the effectiveness of the Separation Agreement, the Company will make the first payment to the insurer under this clause (and, in the case of the Special Severance Payment, such payment will be to you, in a lump sum) equal to the aggregate amount of payments that the Company would have paid through such date had such payments instead commenced on the Separation Date, with the balance of the payments paid thereafter on the schedule described above. If you become eligible for coverage under another employer's group health plan, you must immediately notify the Company of such event, and all payments and obligations under this subsection shall cease.

(d) Accelerated Vesting. Effective as of the later of the Separation Date or the effective date of the Change in Control, the vesting and exercisability of all outstanding time-based stock options, time-based restricted stock unit awards, and other time-based equity awards covering Common Stock that are held by you as of immediately prior to the Separation Date shall accelerate vesting in full. For the avoidance of doubt, vesting acceleration under this subsection is conditioned upon the actual consummation of a Change in Control and equity awards which vest wholly or partially subject to the attainment of performance goals are not eligible to accelerate vesting pursuant to this subsection.

For the avoidance of doubt, in no event shall you be entitled to benefits under both Section 7.3 and this Section 7.4. If you are eligible for benefits under both Section 7.3 and this Section 7.4, you shall receive the benefits set forth in this Section 7.4 and such benefits shall be reduced by any benefits previously provided to you under Section 7.3.

7.5 Termination upon Death; Acceleration Benefit. Your employment hereunder shall terminate automatically upon your death. In the event that your employment is terminated on account of your death, and provided that your estate and/or beneficiaries timely execute the Separation Agreement (as defined below) and allow it to become effective by the Release Deadline (as defined below), then the vesting and exercisability of all outstanding time-based stock options, time-based restricted stock unit awards, and other time-based equity awards covering Common Stock that are held by you as of immediately prior to the Separation Date shall accelerate vesting in full (the "**Acceleration Benefit**"). For the avoidance of doubt, equity awards which vest wholly or partially subject to the attainment of performance goals are not eligible to accelerate vesting pursuant to this subsection.

7.6 Termination for Cause; Resignation Without Good Reason; or Disability. If you resign without Good Reason, or the Company terminates your employment for Cause, upon dissolution or cessation of the Company, or upon your disability, then (a) you will no longer vest in any equity awards, (b) all payments of compensation by the Company to you hereunder will terminate immediately (except as to amounts already earned), and (c) you will not be entitled to any Severance Benefits, Change in Control Severance Benefits, or the Acceleration Benefit.

7.7 Conditions to Receipt of Severance Benefits, Change in Control Severance Benefits, and Acceleration Benefit. The receipt of the Severance Benefits, the Change in Control Severance Benefits and Acceleration Benefit will be subject to you (or your estate and/or beneficiaries, as applicable) signing and not revoking a separation agreement and general release of claims in a form reasonably satisfactory to the Company (the "**Separation Agreement**") by no later than the sixtieth (60th) day after the Separation Date ("**Release Deadline**"). No Severance Benefits, Change in Control Severance Benefits, or Acceleration Benefit will be paid or provided until the Separation Agreement becomes effective. You shall also resign from all positions and terminate any relationships as an employee, advisor, officer or director with the Company and any of its affiliates, each effective on the Separation Date.

8. Definitions.

8.1 Cause. For purposes of this Agreement, “Cause” shall have the meaning as set forth in the SPA.

8.2 Change in Control. For purposes of this Agreement, a “Change in Control” shall have the meaning as set forth in the SPA.

8.3 Change in Control Period. For purposes of this Agreement, the “Change in Control Period” means the period commencing three months prior to a Change in Control and ending 12 months following a Change in Control.

8.4 Code. For purposes of this Agreement, “Code” means the U.S. Internal Revenue Code of 1986 (as it has been and may be amended from time to time) and any regulations and guidance that has been promulgated or may be promulgated from time to time thereunder and any state law of similar effect.

8.5 Good Reason. For purposes of this Agreement, “Good Reason” shall have the meaning as set forth in the SPA.

8.6 Involuntary Termination. For purposes of this Agreement, “Involuntary Termination” means a termination of your employment with the Company pursuant to either (i) a termination initiated by the Company without Cause, or (ii) your resignation for Good Reason, and provided in either case such termination constitutes a Separation from Service. An Involuntary Termination does not include any other termination of your employment, including a termination due to your death or disability.

8.7 Separation from Service. For purposes of this Agreement, “Separation from Service” means a “separation from service”, as defined under Treasury Regulation Section 1.409A-1(h).

9. Proprietary Information Obligations. As a condition of employment, you shall execute and abide by the Company’s standard form of Employee Confidential Information and Inventions Assignment Agreement (the “Confidentiality Agreement”), attached as **Exhibit B**. In your work for the Company, you will be expected not to use or disclose any confidential information, including trade secrets, of any former employer or other person to whom you have an obligation of confidentiality. Rather, you will be expected to use only that information which is generally known and used by persons with training and experience comparable to your own, which is common knowledge in the industry or otherwise legally in the public domain, or which is otherwise provided or developed by the Company. You agree that you will not bring onto Company premises any unpublished documents or property belonging to any former employer or other person to whom you have an obligation of confidentiality. You hereby represent that you have disclosed to the Company any contract you have signed that may restrict your activities on behalf of the Company and that you are not subject to or a party to any employment agreement, non-competition covenant, or other agreement that would be breached by, or prohibit you from, executing this Agreement and performing fully your duties and responsibilities hereunder.

10. Section 409A. It is intended that all of the severance benefits and other payments payable under this Agreement satisfy, to the greatest extent possible, the exemptions from the application of Code Section 409A provided under Treasury Regulations Sections 1.409A 1(b)(4), 1.409A 1(b)(5) and 1.409A 1(b)(9), and this Agreement will be construed to the greatest extent possible as consistent with those provisions, and to the extent not so exempt, this Agreement (and any definitions hereunder) will be construed in a manner that complies with Section 409A. For all purposes of Code Section 409A (including, without limitation, for purposes of Treasury Regulations Sections 1.409A 2(b)(2)(i) and (iii)), your right to receive any installment payments under this Agreement (whether severance payments, reimbursements or otherwise) shall be treated as a right to receive a series of separate payments and, accordingly, each installment payment hereunder shall at all times be considered a separate and distinct payment. Notwithstanding any provision to the contrary in this Agreement, if you are deemed by the Company at the time of your Separation from Service to be a “specified employee” for purposes of Code Section 409A(a)(2)(B)(i), and if any of the payments upon Separation from Service set forth herein and/or under any other agreement with the Company are deemed to be “deferred compensation,” then to the extent delayed commencement of any portion of such payments is required in order to avoid a prohibited distribution under Code Section 409A(a)(2)(B)(i) and the related adverse taxation under Section 409A, such payments shall not be provided to you prior to the earliest of (i) the first date following expiration of the six-month period following the date of your Separation from Service with the Company, (ii) the date of your death or (iii) such earlier date as permitted under Section 409A without the imposition of adverse taxation. Upon the first business day following the expiration of such applicable Code Section 409A(a)(2)(B)(i) period, all payments deferred pursuant to this Paragraph shall be paid in a lump sum to you, and any remaining payments due shall be paid as otherwise provided herein or in the applicable agreement. No interest shall be due on any amounts so deferred. If the severance benefits are not covered by one or more exemptions from the application of Section 409A and the Release Deadline occurs in the calendar year following the calendar year of your Separation from Service, the Separation Agreement will not be deemed effective any earlier than the Release Deadline for purposes of determining the timing of provision of any severance benefits.

11. Section 280G.

If any payment or benefit you will or may receive from the Company or otherwise (a “**280G Payment**”) would (i) constitute a “parachute payment” within the meaning of Section 280G of the Code, and (ii) but for this sentence, be subject to the excise tax imposed by Section 4999 of the Code (the “**Excise Tax**”), then any such 280G Payment pursuant to this Agreement or otherwise (a “**Payment**”) shall be equal to the Reduced Amount. The “**Reduced Amount**” shall be either (x) the largest portion of the Payment that would result in no portion of the Payment (after reduction) being subject to the Excise Tax or (y) the largest portion, up to and including the total, of the Payment, whichever amount (i.e., the amount determined by clause (x) or by clause (y)), after taking into account all applicable federal, state and local employment taxes, income taxes, and the Excise Tax (all computed at the highest applicable marginal rate), results in your receipt, on an after-tax basis, of the greater economic benefit notwithstanding that all or some portion of the Payment may be subject to the Excise Tax. If a reduction in a Payment is required pursuant to the preceding sentence and the Reduced Amount is determined pursuant to clause (x) of the preceding sentence, the reduction shall occur in the manner (the “**Reduction Method**”) that results in the greatest economic benefit for you. If more than one method of reduction will result in the same economic benefit, the items so reduced will be reduced pro rata (the “**Pro Rata Reduction Method**”).

Notwithstanding the foregoing, if the Reduction Method or the Pro Rata Reduction Method would result in any portion of the Payment being subject to taxes pursuant to Section 409A that would not otherwise be subject to taxes pursuant to Section 409A, then the Reduction Method and/or the Pro Rata Reduction Method, as the case may be, shall be modified so as to avoid the imposition of taxes pursuant to Section 409A as follows: (A) as a first priority, the modification shall preserve to the greatest extent possible, the greatest economic benefit for you as determined on an after-tax basis; (B) as a second priority, Payments that are contingent on future events (e.g., being terminated without Cause), shall be reduced (or eliminated) before Payments that are not contingent on future events; and (C) as a third priority, Payments that are “deferred compensation” within the meaning of Section 409A shall be reduced (or eliminated) before Payments that are not deferred compensation within the meaning of Section 409A.

Unless you and the Company agree on an alternative accounting firm, the accounting firm engaged by the Company for general tax compliance purposes as of the day prior to the effective date of the change in control transaction triggering the Payment shall perform the foregoing calculations. If the accounting firm so engaged by the Company is serving as accountant or auditor for the individual, entity or group effecting the change in control transaction, the Company shall appoint a nationally recognized accounting firm to make the determinations required hereunder. The Company shall bear all expenses with respect to the determinations by such accounting firm required to be made hereunder. The Company shall use commercially reasonable efforts to cause the accounting firm engaged to make the determinations hereunder to provide its calculations, together with detailed supporting documentation, to you and the Company within fifteen (15) calendar days after the date on which your right to a 280G Payment becomes reasonably likely to occur (if requested at that time by you or the Company) or such other reasonable time as requested by you or the Company.

If you receive a Payment for which the Reduced Amount was determined pursuant to clause (x) of the first paragraph of this Section and the Internal Revenue Service determines thereafter that some portion of the Payment is subject to the Excise Tax, you shall promptly return to the Company a sufficient amount of the Payment (after reduction pursuant to clause (x) of the first paragraph of this Section so that no portion of the remaining Payment is subject to the Excise Tax). For the avoidance of doubt, if the Reduced Amount was determined pursuant to clause (y) in the first paragraph of this Section, you shall have no obligation to return any portion of the Payment pursuant to the preceding sentence.

12. Arbitration of All Disputes.

12.1 Agreement to Arbitrate. To ensure the timely and economical resolution of disputes that may arise between you and the Company, both you and the Company mutually agree that pursuant to the Federal Arbitration Act, 9 U.S.C. §1-16 (“FAA”), and to the fullest extent permitted by applicable law, you and the Company will submit solely to final, binding and confidential arbitration any and all disputes, claims, or causes of action arising from or relating to: (i) the negotiation, execution, interpretation, performance, breach or enforcement of this Agreement; or (ii) your employment with the Company (including but not limited to all statutory claims); or (iii) the termination of your employment with the Company (including but not limited to all statutory claims). **BY AGREEING TO THIS ARBITRATION PROCEDURE, BOTH YOU AND THE COMPANY WAIVE THE RIGHT TO RESOLVE ANY SUCH DISPUTES THROUGH A TRIAL BY JURY OR JUDGE OR THROUGH AN ADMINISTRATIVE PROCEEDING.**

12.2 Arbitrator Authority. The arbitrator shall have the sole and exclusive authority to determine whether a dispute, claim or cause of action is subject to arbitration under this Section and to determine any procedural questions which grow out of such disputes, claims or causes of action and bear on their final disposition.

12.3 Individual Capacity Only. All claims, disputes, or causes of action under this Section, whether by you or the Company, must be brought solely in an individual capacity, and shall not be brought as a plaintiff (or claimant) or class member in any purported class or representative proceeding, nor joined or consolidated with the claims of any other person or entity. The arbitrator may not consolidate the claims of more than one person or entity, and may not preside over any form of representative or class proceeding. To the extent that the preceding sentences in this Section are found to violate applicable law or are otherwise found unenforceable, any claim(s) alleged or brought on behalf of a class shall proceed in a court of law rather than by arbitration.

12.4 Arbitration Process. Any arbitration proceeding under this Section shall be presided over by a single arbitrator and conducted by JAMS, Inc. ("JAMS") in San Diego, California, or as otherwise agreed to by you and the Company, under the then applicable JAMS rules for the resolution of employment disputes (available upon request and also currently available at <http://www.jamsadr.com/rules-employment-arbitration/>). You and the Company both have the right to be represented by legal counsel at any arbitration proceeding, at each party's own expense. The arbitrator shall: (i) have the authority to compel adequate discovery for the resolution of the dispute; (ii) issue a written arbitration decision, to include the arbitrator's essential findings and conclusions and a statement of the award; and (iii) be authorized to award any or all remedies that you or the Company would be entitled to seek in a court of law. The Company shall pay all JAMS arbitration fees in excess of the amount of court fees that would be required of you if the dispute were decided in a court of law.

12.5 Excluded Claims. This Section shall not apply to any action or claim that cannot be subject to mandatory arbitration as a matter of law, including, without limitation, sexual assault disputes and sexual harassment disputes as defined in the FAA, claims brought pursuant to the California Private Attorneys General Act of 2004, as amended, the California Fair Employment and Housing Act, as amended, and the California Labor Code, as amended, to the extent such claims are not permitted by applicable law to be submitted to mandatory arbitration and such applicable law is not preempted by the FAA or otherwise invalid (collectively, the "Excluded Claims"). In the event you intend to bring multiple claims, including one of the Excluded Claims listed above, the Excluded Claims may be filed with a court, while any other claims will remain subject to mandatory arbitration.

12.6 Injunctive Relief and Final Orders. Nothing in this Section is intended to prevent either you or the Company from obtaining injunctive relief in court to prevent irreparable harm pending the conclusion of any such arbitration. Any final award in any arbitration proceeding hereunder may be entered as a judgment in the federal and state courts of any competent jurisdiction and enforced accordingly.

13. General Provisions. This Agreement, together with its Exhibits, constitutes the entire agreement between you and the Company with regard to this subject matter and is the complete, final, and exclusive embodiment of the parties' agreement with regard to this subject matter. This

Agreement is entered into without reliance on any promise or representation, written or oral, other than those expressly contained herein, and it supersedes any other such promises, warranties or representations. Modifications or amendments to this Agreement, other than those changes expressly reserved to the Company's discretion in this letter, must be made in a written agreement signed by you and the Company's Chief Executive Officer . Whenever possible, each provision of this Agreement will be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability will not affect any other provision or any other jurisdiction, but this Agreement will be reformed, construed and enforced in such jurisdiction to the extent possible in keeping with the intent of the parties. Any waiver of any breach of any provisions of this Agreement must be in writing to be effective, and it shall not thereby be deemed to have waived any preceding or succeeding breach of the same or any other provision of this Agreement. This Agreement is intended to bind and inure to the benefit of and be enforceable by you and the Company, and their respective successors, assigns, heirs, executors and administrators. The Company may freely assign this Agreement, without your prior written consent. You may not assign any of your duties hereunder and you may not assign any of your rights hereunder without the written consent of the Company. This Agreement shall become effective as of the Effective Date and shall terminate upon your termination of employment with the Company. The obligations as forth under Sections 7, 8, 9, 10, 11, 12, and 13 will survive the termination of this Agreement. All questions concerning the construction, validity and interpretation of this Agreement will be governed by the laws of the State of California.

This offer is subject to satisfactory proof of your identity and right to work in the United States and other applicable pre-employment screenings.

We look forward to having you join us. If you have any questions about this Agreement, please do not hesitate to call me.

Best regards,

Exhibit A

The Company agrees that, during my employment, I may engage in outside services and activities (the “**Permitted Outside Activities**”):

- Member of the board of directors of True Diagnostics, Inc.
- Advisor to Trutino Biosciences, Inc.

As a condition to the Company’s consent to my participation in such outside activities during my employment with the Company, I hereby represent, warrant and agree that:

1. I agree that, at all relevant times during my employment with the Company, my employment duties to the Company shall take precedence over the Permitted Outside Activities, and such Permitted Outside Activities shall not interfere or conflict with the performance of my duties and obligations to the Company.
2. I understand and agree that, during my employment with the Company, the Company shall have the discretion to determine whether my time commitment to such Permitted Outside Activities conflicts with my duties to the Company and to reasonably request changes to such outside time commitment by providing advance notice to me.
3. I will not use for any outside party’s benefit (or that of any other third parties), any information relating to or arising out of my employment with or work on behalf of the Company. I will not utilize the funds, personnel, facilities, equipment, materials or other resources of the Company in performing the Permitted Outside Activities.
4. I will not incorporate any of the Company’s intellectual property, confidential information or proprietary information into the Permitted Outside Activities. Likewise, I will not incorporate any outside party’s intellectual property, confidential information or proprietary information into my work for the Company.
5. Without limiting the Company’s other rights and remedies, I agree that the Company’s consent to my participation in such outside activities may be immediately withdrawn if the Company determines, in its sole discretion, that such activities compromise or threaten to compromise the Company’s or its affiliates’ business interests or conflict with my duties or obligations to the Company or its affiliates, or upon breach of any of the foregoing statements.

COLLABORATION AND LICENSE AGREEMENT

This Collaboration and License Agreement (this “**Agreement**”) is made as of January 3, 2024 (the “**Effective Date**”), by and between Avenzo Therapeutics, Inc., a corporation organized and existing under the laws of the State of Delaware (“**Avenzo**”), with offices located at 12707 High Bluff Drive, Suite 200, San Diego, California 92130, United States, and Allorion Therapeutics Inc., a corporation organized and existing under the laws of Massachusetts (“**Allorion**”), with offices located at 22 Strathmore Road, Suite 341, Natick, MA 01760. Allorion and Avenzo may be referred to in this Agreement individually as a “**Party**” and together as the “**Parties**.”

RECITALS

WHEREAS, Allorion is a biopharmaceutical company conducting research and development programs related to selective CDK inhibitors, including those that target CDK2 and CDK4;

WHEREAS, Avenzo is a biopharmaceutical company focused on developing next generation oncology therapies; and

WHEREAS, the Parties desire to enter into a collaboration in which (a) Allorion shall grant Avenzo exclusive rights to develop, manufacture and commercialize products arising from Allorion’s selective CDK2 inhibitor program outside the Allorion Territory, (b) Allorion will retain rights to develop, manufacture for commercial purposes and commercialize products arising from Allorion’s selective CDK2 inhibitor program in the Allorion Territory and (c) Allorion shall conduct specified preclinical research and development activities for the selective CDK4 inhibitor program and shall grant to Avenzo the exclusive option to practice the exclusive license granted to such selective CDK4 inhibitor program outside the Allorion Territory, all in accordance with and subject to the terms and conditions set forth below.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 DEFINITIONS

The following initially capitalized terms, whether used in the singular or plural, have the respective meanings set forth below:

1.1 “**Acquired Party**” has the meaning set forth in Section 5.8(c) (Acquisition of a Third Party by a Party).

1.2 “**Acquisition Party**” has the meaning set forth in Section 5.8(b) (Effects of Change of Control).

1.3 “**Adverse Event**” means any unwanted or harmful medical occurrence in a patient or subject who is administered a Licensed Product, whether or not considered related to such Licensed Product, including any undesirable sign (including abnormal laboratory findings of clinical concern).

1.4 “**Affiliate**” means, with respect to a specified Person, any entity that directly or indirectly controls, is controlled by or is under common control with such Person. As used in this [Section 1.4](#) (Affiliate), “control” (and, with correlative meanings, the terms “controlled by” and “under common control with”) means, in the case of a corporation, the ownership of more than 50% of the outstanding voting securities thereof or, in the case of any other type of entity, an interest that results in the ability to direct or cause the direction of the management and policies of such entity or the power to appoint more than 50% of the members of the governing body of the entity or, where ownership of more than 50% of such securities or interest is prohibited by law, ownership of the maximum amount legally permitted.

1.65 **"Collaboration Patent"** means any Patent that (a) has a priority date on or after the Effective Date (including the case where a priority date for certain claims within a continuation-in-part patent application is on or after the Effective Date) and (b) Covers any invention included in the Collaboration Know-How.

1.66 **"Collaboration Technology"** means Collaboration Know-How and Collaboration Patents.

1.67 **"Combination Product"** means any Licensed Product, other than a CDK2/CDK4 Combination Product, comprising or containing a Licensed Molecule with one or more other clinically or pharmacologically active ingredients that is not a Licensed Molecule in a single formulation or final package presentation for sale as a single unit (including separate unit doses so configured). The Licensed Molecule portion of any Combination Product shall be deemed the **"Licensed Component"** and the other clinically or pharmacologically active ingredients of such Combination Product, the **"Other Components."**

1.68 **"Commercialization"** or "Commercialize" means all activities directed to marketing, distribution, promoting or selling of pharmaceutical products (including importing and exporting activities in connection therewith), but excluding activities directed to Manufacturing or Development. "Commercializing" and "Commercialized" have the correlative meanings.

1.69 **"Commercially Reasonable Efforts"** means, with respect to [***].

1.70 **"Committee(s)"** means the JSC, JDC, JMSC, or any other subcommittee established by the JSC, as applicable.

1.71 **"Competing Product"** means, with respect to a given Licensed Program, any product or compound that is [***].

1.72 **"Competitive Infringement"** has the meaning set forth in Section 16.5(a) (Notice).

1.73 **"Confidential Information"** has the meaning set forth in Section 13.1 (Confidential Information).

1.74 **"Confidentiality Agreement"** means the Confidentiality Agreement between the Parties dated [***], as amended by that certain First Amendment to the Confidentiality Agreement dated [***] and that certain Second Amendment to the Confidentiality Agreement dated [***].

1.75 **"Control"** or "Controlled" means, subject to Section 5.4 (Future In-Licenses), with respect to any Know-How, Patents or other subject matter, that a Party has the legal authority or right (whether by ownership, license or otherwise, without taking into account any license granted by one Party to the other Party pursuant to this Agreement) to grant a license, sublicense, access or right to use (as applicable) under such Know-How, Patents or other subject matter, on the terms and conditions set forth herein, in each case, without breaching the terms of any agreement with a Third Party. [***].

1.76 “**Cover**,” “**Covered**” or “**Covering**” means with respect to Patents and any invention or any ARTS-021 Molecule, ARTS-021 Product, CDK4 Molecule, CDK4 Product, or CDK2/CDK4 Combination Product that in the absence of a Person obtaining ownership of or a license to such Patent, the use or practice of such invention or the Exploitation of such ARTS-021 Molecule, ARTS-021 Product, CDK4 Molecule, CDK4 Product, or CDK2/CDK4 Combination Product would fall within the scope of one or more claims of such Patent.

1.77 “**Cure Period**” has the meaning set forth in [Section 17.4](#) (Termination for Material Breach).

1.78 “**Data**” means any and all results of research, preclinical studies, including *in vitro* and *in vivo* studies, Clinical Trials and other testing of any composition of matter, product candidate or product, and any and all other data related to the development, manufacture or commercialization of any composition of matter, product candidate or product, including biological, chemical, pharmacological, toxicological, pharmacokinetic, preclinical, clinical, CMC, analytical, quality control, mechanical, software, electronic and other data, results and descriptions.

1.79 “**Development**” or “**Develop**” means research and preclinical and clinical drug or biological development activities, including test method development, toxicology, formulation, quality assurance/quality control development, statistical analysis, preclinical studies and Clinical Trials and regulatory affairs, and regulatory activities, including filing for, obtaining and maintaining Regulatory Approval, but excluding activities directed to Manufacturing or Commercialization. “**Developing**” has the correlative meaning.

1.80 “**Development Milestone Event**” has the meaning set forth in [Section 12.4\(a\)](#) (Development Milestone Payments).

1.81 “**Development Milestone Payment**” has the meaning set forth in [Section 12.4\(a\)](#) (Development Milestone Payments).

1.82 “**Directed To**” means, with regard CDK2 or CDK4, that the compound or product at issue selectively binds to, inhibits, or otherwise modulates CDK2 or CDK4, as applicable, as the primary therapeutic mechanism, such that the binding, inhibition, or other modulation [***]. When required grammatically, the defined term “Directed To” may be separated and will have the same meaning set forth above, *e.g.*, when discussing targets To which a compound or product is Directed.

1.83 “**Disclosing Party**” has the meaning set forth in [Section 13.1](#) (Confidential Information).

1.84 “**Dispute**” has the meaning set forth in [Section 18.1](#) (General).

- 1.89 “**Exclusivity Letter**” means that certain letter agreement by and between the Parties dated [***], as amended by that certain First Amendment to the Exclusivity Letter dated [***], that certain Second Amendment to the Exclusivity Letter dated [***], and that certain Third Amendment to the Exclusivity Letter dated [***].
- 1.90 [***].
- 1.91 “**Exploit**” means Develop, Manufacture, use, practice, sell, offer for sale, import, export, Commercialize or otherwise exploit.
- 1.92 “**Export Control Laws**” means all applicable Laws relating to (a) sanctions and embargoes imposed by the Office of Foreign Assets Control of the U.S. Department of Treasury or (b) the export or re-export of commodities, technologies or services, including the Export Administration Act of 1979, 24 U.S.C. §§ 2401-2420, the International Emergency Economic Powers Act, 50 U.S.C. §§ 1701-1706, the Trading with the Enemy Act, 50 U.S.C. §§ 1 et. seq., the Arms Export Control Act, 22 U.S.C. §§ 2778 and 2779, and the International Boycott Provisions of Section 999 of the U.S. Internal Revenue Code of 1986, in each case, as amended.
- 1.93 “**FDA**” means the United States Food & Drug Administration, or any successor agency thereto.
- 1.94 “**Field**” means any and all uses.
- 1.95 “**Final Study Report**” means the final study report from the CDK4 GLP Toxicology Study as further described in the Research Plan.
- 1.96 “**First Commercial Sale**” means, on a Licensed Product-by-Licensed Product and country-by-country basis within the Avenzo Territory, the first arm’s length sale of a Licensed Product to a Third Party in a country by Avenzo or its Affiliate or Sublicensee for use or consumption in such country following receipt of Regulatory Approval of such Licensed Product in such country; [***].

1.97 "**FTE**" means, with respect to a Licensed Program, full-time equivalent employee of Allorion based on a total of [***] hours of scientific, technical or managerial activities under such Licensed Program per Calendar Year. Overtime and work on weekends, holidays, and the like, in each case, will not be counted with any multiplier (e.g., time-and-a-half or double time) toward the number of hours that are used to calculate the FTE contribution. The portion of an FTE billable by Allorion for one individual during a given accounting period will be determined by dividing the number of hours worked directly by such individual on the work to be conducted under this Agreement during such accounting period and the number of FTE hours applicable for such accounting period based on [***] working hours per Calendar Year.

1.98 "**FTE Costs**" means the applicable FTE Rate multiplied by the applicable number of FTEs performing the applicable activities under this Agreement.

1.99 "**FTE Rate**" means the amount for an FTE per year, which for the Calendar Year ending on [***] will be \$[***] per FTE (pro-rated for the period beginning on the Effective Date and ending on [***]). [***].

1.100 "**Fully Burdened Manufacturing Costs**" means the cost of Manufacturing Licensed Products. Fully Burdened Manufacturing Costs shall be a "standard cost" per unit (calculated annually), comprised of the following elements calculated in accordance with GAAP, to the extent such Licensed Product is Manufactured by a Party or its Affiliates: [***].

1.101 "**Future In-License Agreement**" means any agreement between a Party (or any of its Affiliates), on the one hand, and a Third Party, on the other hand, entered into after the Effective Date, pursuant to which a Party or any of its Affiliates acquires Control of any Know-How or Patent that would be included in the Know-How or Patents to be licensed by such Party to the other Party hereunder (such Know-How or Patents, "Future In-Licensed Technology").

1.102 **"Future In-Licensed Technology"** has the meaning set forth in Section 1.101 (Future In-License Agreements).

1.103 **"GAAP"** means U.S. Generally Accepted Accounting Principles, consistently applied.

1.104 **"GCP"** means all applicable Good Clinical Practice standards for the design, conduct, performance, monitoring, auditing, recording, analyses and reporting of Clinical Trials, including, as applicable (a) as set forth in the International Council on Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Use Guideline for Good Clinical Practice (CPMP/ICH/135/95) and any other guidelines for good clinical practice for trials on medicinal products in the Avenzo Territory, (b) the Declaration of Helsinki (2004) as last amended at the 52nd World Medical Association in October 2000 and any further amendments or clarifications thereto, (c) U.S. Code of Federal Regulations Title 21, Parts 50 (Protection of Human Subjects), 56 (Institutional Review Boards) and 312 (Investigational New Drug Application), as may be amended from time to time, and (d) the equivalent guidelines or Applicable Laws in any other region in the Avenzo Territory, each as may be amended and applicable from time to time and in each case, that provide for, among other things, assurance that the clinical Data and reported results are credible and accurate and protect the rights, integrity, and confidentiality of trial subjects.

1.105 **"Generic Product"** means, with respect to a Licensed Product that has received Regulatory Approval in a country within the Avenzo Territory and is being marketed and sold by Avenzo or any of its Affiliates or Sublicensees in such country, any drug product for human use that: (a) is sold in such country by a Third Party that is not a Sublicensee of Avenzo or its Affiliates and did not purchase or acquire such product or its active pharmaceutical ingredients in a chain of distribution that included Avenzo or any of its Affiliates or Sublicensees; (b) contains the same active pharmaceutical ingredient as such Licensed Product and is approved in reliance on a prior Regulatory Approval of such Licensed Product; and (c) has received Regulatory Approval in such country as a "generic medicinal product," "bioequivalent," or similar designation by the applicable Regulatory Authority in such country, pursuant to an approval process in accordance with the then-current rules and regulations in such country, where such Licensed Product is the "reference medicinal product," "reference listed product" or similar designation in such country.

1.106 **"Global Clinical Trial"** means any Clinical Trial that (a) has sites both in the Allorion Territory and Avenzo Territory, and (b) is designed to fulfill the requirements of Regulatory Authorities both in the Allorion Territory and Avenzo Territory to commence the next stage of clinical Development or to obtain Regulatory Approval for the relevant Licensed Product, as applicable.

1.107 **"Global Development Plan"** means, with respect to each Licensed Program, a plan that includes the Global Clinical Trials for the Licensed Molecules and Licensed Products that are the subject of such Licensed Program, together with other global Development activities for such Licensed Molecules and Licensed Products, as such plan may be updated from time to time in accordance with this Agreement.

1.108 **"GLP"** means all applicable Good Laboratory Practice standards, including, as applicable, as set forth in the then current good laboratory practice standards promulgated or endorsed by the FDA as defined in 21 C.F.R. - 1.123 "**JAMS**" has the meaning set forth in Exhibit 1.33.
- 1.124 "**Joint Collaboration Know-How**" means all Collaboration Know-How conceived, discovered, developed, generated, invented, or otherwise made jointly by a Party or its Affiliates, or any Person who assigns or licenses such Know-How to a Party or its Affiliates, on the one hand, and a Party or its Affiliates, or any Person who assigns or licenses such Know-How to a Party or its Affiliates, on the other hand.
- 1.125 "**Joint Collaboration Patent**" means any Collaboration Patent that Covers any invention included in the Joint Collaboration Know-How.
- 1.126 "**Joint Collaboration Technology**" means Joint Collaboration Know-How and Joint Collaboration Patents.
- 1.127 "**Joint Development Committee**" or "JDC" has the meaning set forth in Section 4.2(b) (Joint Development Committee).
- 1.128 "**Joint Manufacturing and Supply Committee**" or "JMSC" has the meaning set forth in Section 4.2(c) (Joint Manufacturing and Supply Committee).
- 1.129 "**Joint Steering Committee**" or "JSC" has the meaning set forth in Section 4.2(a) (Joint Steering Committee).

1.130 "**Know-How**" means any scientific or technical information, results, data, and materials of any type whatsoever, in any tangible or intangible form whatsoever, including Data, databases, safety information, practices, methods, techniques, technology, specifications, formulations, formulae, chemical or biological materials, knowledge, know-how, skill, experience, test data including pharmacological, medicinal chemistry, biological, chemical, biochemical, toxicological and clinical test data, analytical and quality control data, stability data, studies and procedures, and manufacturing process and development information, results and data.

1.131 "**Knowledge**" means with respect to each Party, the actual knowledge (without any obligation of investigation) of the Persons listed for such Party on Exhibit 1.131; *provided* that with respect to information regarding the status of Patents and other intellectual property rights, "Knowledge" means, with respect to a Party, the actual knowledge of the Persons listed for such Party on Exhibit 1.131 after reasonable investigation, including inquiry of internal or external patent counsel who have knowledge of such facts and information, but without any requirement to conduct any freedom to operate analysis.

1.132 "**Launch Quarter**" has the meaning set forth in Section 12.7(d)(ii) (Generic Competition).

1.133 "**Licensed Component**" has the meaning set forth in Section 1.67 (Combination Product).

1.134 "**Licensed Know-How**" means any and all Know-How Controlled by Allorion or its Affiliates as of the Effective Date or during the Term, including Allorion's or its Affiliate's joint ownership interest in any Joint Collaboration Know-How, that is necessary or reasonably useful to Exploit any ARTS-021 Product, CDK4 Product, or CDK2/CDK4 Combination Product (including any ARTS-021 Molecule or CDK4 Molecule, as applicable, contained therein) in the Field in the Avenzo Territory. Exhibit 1.134 contains a high-level description of the Licensed Know-How existing as of the Effective Date.

1.135 "**Licensed Molecule**" means (a) any ARTS-021 Molecule, or (b) following the CDK4 License Option Exercise, any CDK4 Molecule.

1.136 "**Licensed Patents**" means any and all Patents in the Avenzo Territory Controlled by Allorion or its Affiliates as of the Effective Date or during the Term, excluding Allorion's or its Affiliate's interest in any Joint Collaboration Patents, Covering any ARTS-021 Product, CDK4 Product, or CDK2/CDK4 Combination Product (including any ARTS-021 Molecule or CDK4 Molecule, as applicable, contained therein) or that are necessary or reasonably useful to Exploit such ARTS-021 Product, CDK4 Product, or CDK2/CDK4 Combination Product (including any ARTS-021 Molecule or CDK4 Molecule, as applicable, contained therein) in the Field in the Avenzo Territory. Exhibit 1.136 sets forth a list of all Licensed Patents existing as of the Effective Date.

1.137 "**Licensed Product**" means (a) any ARTS-021 Product, (b) following the CDK4 License Option Exercise, any CDK4 Product, or (c) following the CDK4 License Option Exercise, any CDK2/CDK4 Combination Product.

1.138 "**Licensed Program**" means (a) the ARTS-021 Program; or (b) following the CDK4 License Option Exercise, the CDK4 Program.

1.139 "**Licensed Program Target**" means (a) with respect to the ARTS-021 Program, CDK2; and (b) following the CDK4 License Option Exercise, with respect to the CDK4 Program, CDK4.

1.140 "**Licensed Technology**" means the Licensed Know-How, Licensed Patents, and Allorion's or its Affiliate's interest in any Joint Collaboration Patents.

1.141 "**Losses**" has the meaning set forth in Section 15.1 (By Avenzo).

1.142 **"MAA"** means (a) a New Drug Application (as more fully defined in 21 C.F.R. §314.5, et seq., as may be amended) or a Biologics License Application (as more fully defined in 21 C.F.R. §601.2, as may be amended), as applicable, submitted to the FDA or (b) the equivalent application(s) filed with any Regulatory Authority in any jurisdiction outside the U.S. for approval to market and sell a new drug in such jurisdiction; in each case, including all amendments and supplements to any of the foregoing.

1.143 **"MAA Approval"** means (a) with respect to an MAA for a Licensed Product submitted to the FDA, the approval of such MAA by the FDA; or (b) with respect to an MAA for a Licensed Product filed with the applicable Regulatory Authority in any jurisdiction outside the U.S., the approval of such MAA by such Regulatory Authority.

1.144 **"Manufacture"** or "Manufacturing" or "Manufactured" means all operations involved in the manufacturing, filling and finishing, quality control testing (including in-process, release and stability testing, if applicable), storage, releasing, packaging, labeling, and supply.

1.145 **"Manufacturing Support"** has the meaning set forth in Section 9.2(d) (Manufacturing Technology Transfer to Avenzo).

1.146 **"Manufacturing Technology Transfer"** has the meaning set forth in Section 9.2(d) (Manufacturing Technology Transfer to Avenzo).

1.147 **"Manufacturing Technology Transfer Plan"** has the meaning set forth in Section 9.2(d) (Manufacturing Technology Transfer to Avenzo).

1.148 **"Milestone Payments"** means Development Milestone Payments, Regulatory Milestone Payments or Annual Net Sales Milestone Payments, as applicable.

1.149 **"Necessary Product Improvement Technology"** means (a) any Collaboration Know-How within the Product Improvements (excluding Data, which is separately addressed in Section 7.7 (Data Exchange and Use)) and (b) any Collaboration Patents in the Allorion Territory within the Product Improvement Patents, in each case of clauses (a) and (b), that are [***].

1.150 **"Net Sales"** means, with respect to any Licensed Product, [***]:

- (a) [***];
- (b) [***];

1.151 **"NMPA"** means the National Medical Products Administration, formerly known as the China Food and Drug Administration, and local or provincial counterparts thereto, and any successor agency(ies) or authority thereto having substantially the same function.

1.152 **"Optimization Activities"** has the meaning set forth in Section 2.1(a) (IND-Enabling Studies; Backup Candidates; Optimization Activities).

1.153 **"Other Components"** has the meaning set forth in Section 1.67 (Combination Product).

1.154 **"Out-of-Pocket Costs"** means reasonable amounts paid by a Party or any of its Affiliates to Third Party subcontractors (without mark-up by such Party or any of its Affiliates) under arm's length arrangements for services or material provided by such subcontractors in performance of activities under this Agreement.

1.155 **"Participation Option"** has the meaning set forth in Section 11.1 (Participation Right).

1.156 **"Participation Option Exercise Fee"** has the meaning set forth in Section 11.3 (Exercise).

1.157 **"Participation Rights"** has the meaning set forth in Section 11.1 (Participation Right).

1.158 **"Party"** or **"Parties"** has the meaning set forth in the preamble to this Agreement.

1.159 **"Patent"** or **"Patents"** means (a) all national, regional and international patents and patent applications, including any provisional patent application, (b) any patent application claiming priority from such patent application or provisional patent applications, including divisions, continuations, continuations-in-part, additions, (c) any patent that has issued or in the future issues from any of the foregoing patent applications, including any utility or design patent or certificate of invention, and (d) re-issues, renewals, extensions, substitutions, re-examinations or restorations, registrations and revalidations, and supplementary protection certificates and equivalents to any of the foregoing.

1.160 **"Patent Challenge"** has the meaning set forth in Section 17.6 (Termination for Patent Challenge).

1.161 **"Person"** means any individual, sole proprietorship, corporation, joint venture, limited liability company, partnership, limited partnership, limited liability partnership, trust or any other private, public or governmental entity.

1.162 **"Pharmacovigilance Agreement"** has the meaning set forth in Section 8.10(a) (Adverse Events Reporting).

1.163 **"Phase 1 Clinical Trial"** means a Clinical Trial of a Licensed Product conducted in healthy human subjects or patients with the disease or condition under study to generate information on product safety and tolerability (as a primary purpose), and as applicable pharmacological activity or pharmacokinetics, as more fully described in, 21 C.F.R. §312.21(a), as amended from time to time.

1.164 **"Phase 1/2 Clinical Trial"** means a Clinical Trial that combines both a Phase 1 Clinical Trial and a Phase 2 Clinical Trial into a single protocol, where the Phase 1 Clinical Trial portion is performed first to: (a) establish initial safety, tolerability, pharmacokinetic and pharmacodynamic information for the Licensed Product as a monotherapy or in combination with another agent; or (b) determine the maximum tolerable dose of such Licensed Product in subjects, and the Phase 2 Clinical Trial portion is performed second to further evaluate safety or efficacy of such Licensed Product as a monotherapy or in combination with another agent in subjects treated with a selected dose.

1.165 "**Phase 2 Clinical Trial**" means a Clinical Trial of a Licensed Product following one or more Phase 1 Clinical Trials conducted in the target patient population for an Indication under study to evaluate the safety, efficacy, and dose-ranging of such Licensed Product, which Clinical Trial is prospectively designed to generate Data that is sufficient (if successful) to commence a Phase 3 Clinical Trial or other Registrational Clinical Trial or to file for accelerated MAA Approval, as more fully described in 21 C.F.R. §312.21(b), as amended from time to time.

1.166 "**Phase 3 Clinical Trial**" means a Clinical Trial of a Licensed Product that is consistent with the requirements of US 21 C.F.R. § 312.21(c) (or the foreign equivalent thereof).

1.167 "**PMDA**" means the Japanese Pharmaceutical and Medical Device Administration or any successor agency thereto.

1.168 "**PRC**" means the People's Republic of China, which for purposes of this Agreement excludes Hong Kong, Macau and Taiwan.

1.169 "**PRC-Qualified CMO**" has the meaning set forth in Section 9.2(b) (Nomination and Approval of CMO).

1.170 "**Product Improvement**" means (a) any Avenzo Collaboration Know-How or (b) Avenzo's or its Affiliate's joint ownership interest in any Joint Collaboration Know-How, in each case ((a) and (b)), that is [***].

1.171 "**Product Improvement Patent**" means (a) any Avenzo Collaboration Patent or (b) Avenzo's or its Affiliate's joint ownership interest in any Joint Collaboration Patent, in each case ((a) and (b)), that Covers any Product Improvement.

1.172 "**Product Improvement Technology**" means the Product Improvements and the Product Improvement Patents.

1.173 "**Product Marks**" has the meaning set forth in Section 10.3 (Product Trademarks).

1.174 "**Prosecution**" means, with respect to a Patent, the filing, preparation, prosecution (including conducting all correspondence and interactions with any patent office and seeking, conducting and defending all any interferences, *inter partes* reviews, reissue proceedings, reexaminations, and oppositions and similar proceedings), and maintenance thereof, including obtaining patent term extensions, regulatory exclusivity, supplemental protection certificates, or their equivalents with respect thereto. When used as a verb, "Prosecute" and "Prosecuting" mean to engage in Prosecution. "Prosecution," "Prosecute," and "Prosecuting" exclude any enforcement action with respect to a Patent.

ARTICLE 2

CDK4 PRECLINICAL DEVELOPMENT WORK

2.1 CDK4 Preclinical Development Work.

(a) **IND-Enabling Studies; Backup Candidates; Optimization Activities.** Pursuant to the Research Plan and subject to this Section 2.1(a) (IND-Enabling Studies; Backup Candidates; Optimization Activities), Allorion shall advance through IND-Enabling Studies [***], based on the Parties' evaluation of such [***], as such molecules may be modified or optimized pursuant to the Research Plan, as an alternative to the initial CDK4 Development Candidate, where such alternative has [***] compared to the prior existing CDK4 Development Candidate, as contemplated by the Research Plan (a "**CDK4 Backup Candidate**"), including performing the [***]. Pursuant to the Research Plan and subject to this Section 2.1(a) (IND-Enabling Studies; Backup Candidates; Optimization Activities), Allorion shall conduct Development activities to identify or optimize the CDK4 Development Candidate and [***]

("Optimization Activities"). Allorion shall provide Avenzo the identity of all CDK4 Molecules identified, discovered or developed in, or arising or resulting from, the CDK4 Preclinical Development Work promptly following the identification, discovery or development of such CDK4 Molecule. If (i) the results of the CDK4 GLP Toxicology Study for the CDK4 Development Candidate do not meet the primary safety and efficacy endpoints set forth in the Research Plan, or (ii) IND Clearance for the CDK4 Development Candidate is not achieved, then, in either case ((i) or (ii), each a "CDK4 DC Failure"), Allorion will, unless [***] determines otherwise, advance the CDK4 Backup Candidate through the CDK4 GLP Toxicology Study. If [***] determines not to advance the CDK4 Backup Candidate, then the CDK4 License Option Exercise will be deemed not to occur and the consequences set forth in Section 3.2 (Termination of CDK4 License Option) will apply. Avenzo will reimburse Allorion for all FTE Costs and Out-of-Pocket Costs related to CDK4 Preclinical Development Work for such CDK4 Development Candidate and CDK4 Backup Candidates, subject to the CDK4 Reimbursement Cap.

(b) **Performance Standards.** Allorion shall perform and be responsible for the conduct of the CDK4 Preclinical Development Work, at Allorion's own cost, subject to reimbursement of certain amounts as set forth in Section 12.3 (Funding for Certain CDK4 Program Expenses). Allorion shall perform the CDK4 Preclinical Development Work in a professional manner and in compliance in all respects with the Research Plan and the requirements of Applicable Laws, using Commercially Reasonable Efforts to meet the timelines set forth in the Research Plan. The initial Research Plan is attached hereto as Exhibit 2.1. Either Party, directly or indirectly through its representatives on the JSC, may propose amendments to the Research Plan from time to time. Any such amendment shall be subject to review, discussion, and approval by the JSC.

(c) **JSC Updates.** At each quarterly JSC meeting during the period in which Allorion is performing the CDK4 Preclinical Development Work, Allorion shall provide the JSC with a reasonably detailed update on the CDK4 Preclinical Development Work and the results of such activities. The Parties shall discuss the status, progress and results of such activities at such JSC meetings, including amending the Development timelines for activities to be conducted for the CDK4 Development Candidate or any CDK4 Backup Candidate, and Allorion shall provide such additional information related thereto as reasonably requested by Avenzo.

(d) **CDK4 Preclinical Development Work Deliverables.** In addition to the updates described in Section 2.1(c) (JSC Updates), Allorion shall provide Avenzo the Data, results, information and deliverables required to be delivered by Allorion to Avenzo in the course of conducting the CDK4 Preclinical Development Work as set forth in the Research Plan, and promptly following completion of the CDK4 GLP Toxicology Study, Allorion shall provide Avenzo the Final Study Report. Avenzo shall have the opportunity to review and inspect such Final Study Report or other deliverables under the Research Plan and to ask questions of or request additional information from Allorion, and Allorion shall promptly (and in any event within [***] Business Days of the applicable request) respond to such questions and provide such additional information with respect to the CDK4 GLP Toxicology Study or any other IND-Enabling Studies for the CDK4 Product or other deliverables under the Research Plan, in each case, to the extent required to be provided under the Research Plan or otherwise in Allorion's or its Affiliate's possession or Control.

2.2 Step-In Remedy. In the event that Avenzo has the right to terminate this Agreement pursuant to Section 17.4 (Termination for Material Breach) or Section 17.5 (Termination for Insolvency) [***].

2.3 Pre-Clinical Activities Following CDK4 License Option Exercise.

(a) **Exercise of CDK4 License Option Prior to Completion of Allorion Activities.** If, as of the CDK4 License Option Exercise, Allorion has not completed the activities allocated to Allorion under the Research Plan in accordance with the terms of this Agreement or the JSC otherwise agreed to update the Research Plan to include additional Development activities to be performed by Allorion following the CDK4 License Option Exercise, then, Allorion shall complete such activities in accordance with the Research Plan and this Section 2.3(a) (Exercise of CDK4 License Option Prior to Completion of Allorion Activities).

(b) **IND and Other Regulatory Submissions.** Pursuant to the Research Plan, at any time prior to expiration of the CDK4 License Exercise Period, if [***] determines that the Data and results from the CDK4 GLP Toxicology Study and other IND-Enabling Studies for the CDK4 Product are sufficient to support the filing thereof, Allorion shall prepare an IND for the CDK4 Development Candidate (or the CDK4 Backup Candidate advanced in the IND-Enabling Studies as set forth in Section 2.1(a) (IND-Enabling Studies; Backup Candidates; Optimization Activities), if applicable). Allorion shall provide Avenzo drafts of such IND and other Regulatory Submissions for review and comment and shall incorporate any comments and revisions to such IND and other Regulatory Submissions provided by Avenzo. Unless otherwise determined by the JSC, Avenzo will file any such IND in the Avenzo Territory in Avenzo's name.

ARTICLE 3 CDK4 LICENSE OPTION GRANT AND EXERCISE

3.1 **CDK4 License Option Grant.** Allorion hereby grants to Avenzo the right to terminate the restrictive covenant in Section 5.2 (Avenzo Restrictive Covenant) with respect to the CDK4 Program, and thereby permit Avenzo to (a) exercise its license rights under Section 5.1 (License Grants to Avenzo) for the CDK4 Program (as a Licensed Program) and (b) exercise all other rights, and perform its obligations, as set forth in this Agreement for the CDK4 Program (as a Licensed Program), subject to the terms of this Article 3 (CDK4 License Option Grant and Exercise) (the "**CDK4 License Option**").

3.2 Exercise of CDK4 License Option.

(a) Avenzo will have the right to exercise the CDK4 License Option by providing to Allorion written notice of such exercise at any time during the CDK4 License Exercise Period and paying to Allorion the CDK4 License Exercise Payment in accordance with Section 12.2 (CDK4 License Exercise Payment) (upon Allorion's receipt of the CDK4 License Exercise Payment, the "**CDK4 License Option Exercise**").

(b) **Effects of CDK4 License Option Exercise.** Effective on the CDK4 License Option Exercise, the following effects shall automatically occur: (i) all CDK4 Molecules shall be "Licensed Molecules," (ii) all CDK4 Products and CDK2/CDK4 Combination Products shall be "Licensed Products," (iii) the CDK4 Program (including, for clarity, all assets or activities of Allorion or its Affiliates directed to the discovery, identification, research or Development of compounds that are Directed To CDK4 (alone or in combination with compounds that are Directed To CDK2) created or arising during or prior to the CDK4 License Exercise Period) shall be a "Licensed Program", (iv) CDK4 shall be a "Licensed Program Target," (v) the restrictive covenant in Section 5.2 (Avenzo Restrictive Covenant) shall terminate, and thereby Avenzo shall have the right to exercise its license rights under Section 5.1 (License Grants to Avenzo) with respect to all CDK4 Molecules, all CDK4 Products, all CDK2/CDK4 Combination Products, and the CDK4 Program (as Licensed Molecules, Licensed Products and a Licensed Program). (vi) Allorion shall provide Avenzo the identity of all CDK4 Molecules identified, discovered or developed in, or arising or resulting from, the CDK4 Program (to the extent not previously provided) and (vii) all of the rights and obligations of each Party with respect to all CDK4 Molecules, all CDK4 Products, all CDK2/CDK4 Combination Products, and the CDK4 Program (as Licensed Molecules, Licensed Products, and a Licensed Program), and CDK4 as a Licensed Program Target, including the payment obligations relating thereto, will become the binding obligations of the applicable Party in respect of such Licensed Molecules, Licensed Products, Licensed Program, and Licensed Program Target, as applicable.

(c) **Exploitation Following CDK4 License Option Exercise.** Following the CDK4 License Option Exercise, except as set forth above in Section 2.3 (Pre-Clinical Activities Following CDK4 License Option Exercise) with respect to certain activities that may be conducted by each Party with respect to the CDK4 Program following the CDK4 License Option Exercise, Exploitation of the CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products will thereafter be governed by Article 7 (Development), Article 8 (Regulatory), Article 9 (Manufacturing and Supply), and Article 10 (Commercialization and Medical Affairs).

(d) **Termination of CDK4 License Option.** [***].

ARTICLE 4 GOVERNANCE

4.1 Alliance Managers. Within [***] days following the Effective Date, each Party will appoint (and notify the other Party of such appointment) a representative to act as its alliance manager regarding the CDK4 Preclinical Development Work and the Development and Manufacture of the Licensed Products and, during the CDK4 License Exercise Period, CDK4 Products and CDK2/CDK4 Combination Products in the Avenzo Territory and in the Allorion Territory pursuant to this Agreement (each such individual appointed, an “**Alliance Manager**”). The Alliance Managers will serve as the primary contact points between the Parties and will (a) facilitate the flow of information; (b) otherwise promote communication, coordination and collaboration between the Parties by providing single points of contact for communication by and between the functions/subject matter experts for seeking consensus both internally within each Party's respective organization, including facilitating review of external corporate communications, and raising cross-Party or cross-functional disputes in a timely manner; and (c) manage the JSC (and any other committee) meetings by (i) calling meetings; (ii) preparing and issuing minutes of each such meeting within [***] Business Days thereafter; and (iii) preparing and circulating an agenda for the upcoming meeting, in each case, at the direction of and in consultation with the then-current chair of the applicable Committee. Each Party may remove and replace its Alliance Manager at any time by written notice to the other Party.

4.2 Committees.

(a) **Joint Steering Committee.** Within [***] days following the Effective Date, Allorion and Avenzo will establish a joint steering committee (“**Joint Steering Committee**” or “**JSC**”) to oversee the CDK4 Preclinical Development Work and oversee and coordinate the overall conduct of the Licensed Programs and, during the CDK4 License Exercise Period, the CDK4 Program and the Development and Manufacture of the Licensed Products and, during the CDK4 License Exercise Period, CDK4 Products and CDK2/CDK4 Combination Products in the Avenzo Territory and in the Allorion Territory, to resolve any disputes of the JDC, JMSC or other subcommittee of the JSC, and to serve as a forum for the exchange and discussion of information with respect thereto. The JSC will be responsible for:

(i) establishing the JDC and the JMSC and such other subcommittees as necessary or advisable to undertake any of the responsibilities of the JSC delegated to such subcommittee by the JSC or to further the purposes of this Agreement;

(ii) reviewing and monitoring the progress of the CDK4 Preclinical Development Work and any other activities conducted pursuant to the Research Plan;

(iii) upon [***];

(iv) determining whether the Data and results from the CDK4 GLP Toxicology Study and other IND-Enabling Studies for the CDK4 Product are [***];

(v) reviewing, discussing, and approving any proposed amendment to the Research Plan, including amending the Development timelines for activities to be conducted for the CDK4 Development Candidate or any CDK4 Backup Candidate;

(vi) discussing and approving the schedule proposed by Allorion for disclosure of Licensed Know-How and Greater China Know-How;

(vii) on a Licensed Program-by-Licensed Program basis, or as otherwise agreed in writing by the Parties, reviewing, discussing, and approving the Global Development Plan for the applicable Licensed Program, as applicable;

(viii) on a Licensed Program-by-Licensed Program basis, or as otherwise agreed in writing by the Parties, reviewing, discussing, and approving any material amendment to a Global Development Plan for the applicable Licensed Program, as applicable;

(ix) reviewing and discussing any deficiencies discovered during a Clinical Trial audit and remediation thereof;

(x) resolving disputes related to the approval of a Clinical Supply Agreement and associated Clinical Quality Agreement;

(xi) overseeing and managing the strategic direction of the collaboration between the Parties with respect to the Licensed Programs and, during the CDK4 License Exercise Period, the CDK4 Program and Development, Manufacturing and regulatory activities with respect to the Licensed Products, and during the CDK4 License Exercise Period, the CDK4 Products and the CDK2/CDK4 Combination Products in the Avenzo Territory and the Allorion Territory and recommendations from the JDC, JMSC or other subcommittee of the JSC with respect to any such matter;

(xii) resolving any matter within the authority of the JDC, JMSC or other subcommittee of the JSC on which the applicable Committee cannot reach a decision as to such matter; and

(xiii) undertaking such other matters as are specifically assigned to the JSC in this Agreement.

(b) **Joint Development Committee.** Within [***] days following the Effective Date, the JSC will establish as a subcommittee of the JSC a joint development committee ("**Joint Development Committee**" or "**JDC**") to coordinate the Parties' Development and regulatory activities with respect to the Licensed Products, and during the CDK4 License Exercise Period, the CDK4 Products and CDK2/CDK4 Combination Products in the Avenzo Territory and the Allorion Territory and to serve as a forum for the exchange and discussion of information with respect thereto. The JDC will be responsible for:

(i) discussing Development and regulatory strategy for the Licensed Products and during the CDK4 License Exercise Period, the CDK4 Products and the CDK2/CDK4 Combination Products in the Avenzo Territory and Allorion Territory and facilitating the transfer of information between the Parties;

(ii) on a Licensed Program-by-Licensed Program basis, or as otherwise agreed in writing by the Parties, preparing, discussing and submitting the Global Development Plan for the applicable Licensed Program to the JSC for review and approval, as applicable;

(iii) preparing, discussing, and submitting any material amendment to any Global Development Plan to the JSC for review and approval, and reviewing and discussing any changes in the scope or direction of the Development work with respect to each of the Licensed Products to be performed pursuant to this Agreement that would be a material deviation from the applicable Global Development Plan;

(iv) coordinating the Parties' activities under the Global Development Plan(s) in the Parties' respective territories;

(v) serving as the principal forum by which Avenzo keeps Allorion reasonably informed regarding Avenzo's Development plans, efforts and results with respect to Licensed Products and during the CDK4 License Exercise Period, the CDK4 Products and CDK2/CDK4 Combination Products in the Avenzo Territory and by which Allorion keeps Avenzo reasonably informed regarding Allorion's Development plans, efforts and results with respect to Licensed Products and during the CDK4 License Exercise Period, the CDK4 Products and CDK2/CDK4 Combination Products in the Allorion Territory; and

(vi) undertaking such other matters as are specifically assigned to the JDC in this Agreement.

(c) **Joint Manufacturing and Supply Committee.** Within [***] days following the Effective Date, the JSC will establish as a subcommittee of the JSC a joint manufacturing and supply committee ("**Joint Manufacturing and Supply Committee**" or "**JMSC**") to oversee the Manufacture for Development purposes of the Licensed Products and during the CDK4 License Exercise Period, the CDK4 Products and CDK2/CDK4 Combination Products and to serve as a forum for the exchange and discussion of information with respect thereto. The JMSC will be responsible for:

(i) overseeing the exchange of information and coordinating the activities of the Parties with respect to Manufacturing of Licensed Products and during the CDK4 License Exercise Period, the CDK4 Products and CDK2/CDK4 Combination Products for Development purposes in each of the Allorion Territory and Avenzo Territory;

(ii) reviewing, discussing, and approving any CMO nominated by Avenzo for the Manufacture of Licensed Products for Development purposes, taking into account the CMO Qualifications;

(iii) establishing and approving a Manufacturing Technology Transfer Plan; and

(iv) undertaking such other matters as are specifically assigned to the JMSC in this Agreement.

(d) **Membership.** Each Committee will be composed of two representatives of each of Allorion and Avenzo (or such other number of representatives of each Party as agreed in writing by Allorion and Avenzo). Each Party will appoint its initial Committee representatives by written notice to the other Party within [***] days of the Effective Date and will appoint its initial representatives to any other Committee by written notice to the other Party within [***] days of establishment of such Committee. Either Party may replace its respective Committee representatives at any time with prior written notice to the other Party; *provided* that each Party will ensure that, at all times during the existence of a Committee, such Party's Committee representatives (initial or replacement) have appropriate expertise and sufficient seniority within the applicable Party to make recommendations and decisions arising within the scope of the applicable Committee's responsibilities; and *provided, further*, that the Parties shall use reasonable efforts not to make changes to such representatives during the first year after establishment of each Committee. With respect to the JSC, each Party will ensure that at all times during the existence of the JSC, (i) such Party's JSC representatives (initial or replacement) have the authority to bind such Party with respect to matters within the purview of the JSC, and (ii) at least one of each Party's JSC representatives is an executive officer of the Party other than such Party's Senior Executive. A member of the JDC or JMSC may also be a member of the JSC or any other subcommittee established by the JSC if so desired by the Party who appoints such member.

(e) **Meetings.** Each of the Committees, once established, will meet at least once each Calendar Quarter, or more or less often as otherwise agreed to by the Parties. Responsibility for chairing Committee meetings will alternate between the Parties. The chair for any Committee meeting will not have any greater authority than any other representative of either Party on such Committee. All Committee meetings may be conducted by telephone, video-conference, or in person; *provided, however*, that each Committee will meet in person at least once each Calendar Year, unless the Parties agree to meet by alternative means. Unless otherwise agreed by the Parties, all in-person meetings for a Committee will be held on an alternating basis between the facilities of each Party. Each Party will bear its own personnel and travel costs and expenses relating to participation in Committee meetings. Upon each Party's invitation, a reasonable number of additional representatives of such Party may attend Committee meetings in a non-voting capacity.

(f) **Minutes.** The chair of each Committee meeting will be responsible for ensuring draft minutes of such Committee meeting are prepared and circulated by the Alliance Managers to all members of such Committee for comments. Such minutes will provide a description, in reasonable detail, of the discussions at the meeting and will document all actions and determinations approved by the Committee at such meeting. The Parties will promptly discuss any comments on such minutes and finalize the minutes no later than the date of the next applicable Committee meeting.

(g) **Decision-Making.** Decisions of a Committee will be made by unanimous vote, with each Party's representatives on such Committee collectively having one vote. No vote of a Committee may be taken unless at least one of each Party's representatives is present for such Committee vote. If after reasonable discussion and good faith consideration of each Party's view on a particular matter before the JDC, JMSC or other subcommittee of the JSC, the applicable Committee cannot reach a decision as to such matter, then such Committee will bring the matter to the attention of the JSC for resolution. If after reasonable discussion and good faith consideration of each Party's view on a particular matter before the JSC, the JSC cannot reach a decision as to such matter within [***] days after such matter was brought to the JSC for resolution, then:

(i) the matter shall be submitted to the Senior Executives of Avenzo and Allorion for resolution, who shall promptly initiate discussions in good faith to resolve such dispute; and

(ii) if such escalated dispute cannot be resolved within [***] days after the dispute being submitted to the Senior Executives, then:

(A) Avenzo shall have final decision making authority with respect to any matter: [***];

(B) Allorion shall have final decision-making authority with respect to any matter: [***] ; and

(C) neither Party shall have final decision-making authority, and the *status quo* shall be maintained or no decision shall be implemented (as applicable), with respect to any matter other than a matter described in the foregoing subsections (A) or (B), including the following matters: [***].

(iii) Notwithstanding any other provision of this Article 4 (Governance) to the contrary, neither any Committee, including the JSC, nor a Senior Executive or Expert in the exercise of the foregoing decision-making authority, will have the right to: (A) modify or amend the terms and conditions, or waive any term or condition, of this Agreement; (B) determine any issue in a manner that would conflict with, or cause a Party to breach or violate, the terms and conditions of this Agreement; (C) make any determination that a Party is in breach (or not) of this Agreement; or (D) make a decision that is expressly stated to require the written agreement or written consent of the Parties. The Parties intend that all matters within the scope of a Committee's decision-making authority will be resolved by the Parties in accordance with this Section 4.2(g) (Decision-Making), and no matter within the scope of a Committee's authority will be subject to the dispute resolution provisions set forth in Article 18 (Dispute Resolution).

4.3 Scope of Governance. Notwithstanding the creation of a Committee, each Party will retain the rights, powers and discretion granted to it hereunder, and no Committee will be delegated or vested with rights, powers or discretion unless such delegation or vesting is expressly provided herein. No Committee will have the power to amend or modify this Agreement, and no decision of a Committee will be in contravention of any terms and conditions of this Agreement. It is understood and agreed that issues to be formally decided by a Committee are only those specific issues that are expressly provided in this Agreement to be decided by such Committee.

4.4 Discontinuation of Committees. On a Licensed Program-by-Licensed Program basis, the JSC and all other Committees will continue to exist until the first to occur of: (a) the Parties agreeing in writing to disband the JSC, and (b) upon the first Regulatory Approval of the first Licensed Product from such Licensed Program in the U.S. Upon the occurrence of the event described in clause (a) or (b) above, the JSC and all other Committees will disband and shall have no further authority or duties under this Agreement. After the JSC ceases to exist, (i) each Party shall designate a contact person for the exchange of information previously exchanged through the JSC (and, if applicable the JDC, JMSC and any other subcommittee), and (ii) any decisions that are designated under this Agreement as being subject to the review or approval of the JSC (or if applicable the JDC, JMSC and any other subcommittee), will be made by written agreement of the Parties directly, subject to the other terms and conditions of this Agreement.

ARTICLE 5
LICENSES; NON-COMPETE

5.1 License Grants to Avenzo. Subject to the terms and conditions of this Agreement and for each of the ARTS-021 Program and CDK4 Program, Allorion hereby grants to Avenzo the following licenses:

(a) an exclusive (even as to Allorion and its Affiliates, subject to Section 5.6 (Retained Rights)), transferable (subject to Section 19.4 (Assignment)), royalty-bearing license, with the right to grant sublicenses through multiple tiers (in accordance with Section 5.4 (Right to Sublicense)), under the Licensed Technology to Exploit the ARTS-021 Products, ARTS-021 Molecules, CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products, in each case, in the Field in the Avenzo Territory; and

(b) a non-exclusive, transferable (subject to Section 19.4 (Assignment)) license, with the right to grant sublicenses through multiple tiers (in accordance with Section 5.4 (Right to Sublicense)), under the Greater China Technology to Develop, Manufacture and have Manufactured ARTS-021 Products, ARTS-021 Molecules, CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products, in each case, in the Field in the Allorion Territory solely in connection with the (i) Development of such ARTS-021 Products, ARTS-021 Molecules, CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products, in each case, by or on behalf of Avenzo or its Affiliates or Sublicensees for purposes of obtaining Regulatory Approval of the ARTS-021 Products, ARTS-021 Molecules, CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products, in each case, in the Avenzo Territory, (ii) the sale, offer for sale, import, export, Commercialization and other exploitation of such ARTS-021 Products, ARTS-021 Molecules, CDK4 Products, CDK4 Molecules, and CDK2/CDK4 Combination Products, in each case, in the Avenzo Territory, and (iii) fulfilling its obligation to Manufacture Licensed Products for use of such Licensed Products in Clinical Trials by Allorion and its Affiliates and (sub)licensees in the Allorion Territory, as described in Section 9.2 (Clinical Supply).

5.2 Avenzo Restrictive Covenant. Avenzo shall not exercise any rights granted to it under Section 5.1 (License Grants to Avenzo) with respect to any CDK4 Molecules, CDK4 Products, the CDK4 Program, or CDK2/CDK4 Combination Products unless and until the termination of the restrictive covenant set forth in this Section 5.2 (Avenzo Restrictive Covenant) for the CDK4 Program, which shall occur automatically upon the CDK4 License Option Exercise.

5.3 License Grant to Allorion. Subject to the terms and conditions of this Agreement, during the Term, Avenzo hereby grants to Allorion an exclusive (even as to Avenzo and its Affiliates, subject to Section 5.6 (Retained Rights)), transferable license, with the right to grant sublicenses through multiple tiers (in accordance with Section 5.4 (Right to Sublicense)), (a) under any Data of Avenzo provided to Allorion pursuant to, for use as permitted in, Section 7.7 (Data Exchange and Use), (b) under Necessary Product Improvement Technology to Exploit the ARTS-021 Products and ARTS-021 Molecules, and, after the CDK4 License Option Exercise, CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products, in each case, in the Field in the Allorion Territory, and (c) under Avenzo Manufacturing Technology to Manufacture and have Manufactured ARTS-021 Molecules and ARTS-021 Products, and, after the CDK4 License Option Exercise, CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products, in each case, in the Field in the Allorion Territory solely in connection with Exploiting the ARTS-021 Molecules and ARTS-021 Products, and, after the CDK4 License Option Exercise, CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products, in each case, in the Field in the Allorion Territory.

5.4 Future In-Licenses. Subject to this Section 5.4 (Future In-License Agreements), either Party or any of its Affiliates may enter into a Future In-License Agreement with a Third Party pursuant to which such Party or its Affiliate obtains Control over Future In-Licensed Technology. If a Party enters into such Future In-License Agreement, then such Party shall promptly provide such Future In-License Agreement to the other Party and provide any information reasonably requested by such other Party with respect thereto. [***].

5.5 Right to Sublicense.

(a) **By Avenzo.** Avenzo has the right to sublicense (through multiple tiers) any of its rights under Section 5.1 (License Grant to Avenzo) to an Affiliate of Avenzo or any Third Party; *provided* that Avenzo will not grant any sublicenses, including to any Third Party contractor, of its rights with respect to the CDK4 Molecules, CDK4 Products, CDK2/CDK4 Combination Products, or CDK4 Program prior to the CDK4 License Option Exercise. Avenzo will provide Allorion with a fully executed, true, and complete copy of each sublicense agreement with any such Sublicensee no later than [***] days after the execution thereof; *provided* that Avenzo may redact confidential or commercially sensitive information that is not relevant to Avenzo's compliance with this Agreement.

(b) **By Allorion.** Allorion has the right to sublicense (through multiple tiers) any of its rights under Section 5.2 (License Grant to Allorion) to an Affiliate of Allorion or any Third Party. Allorion will provide Avenzo with a fully executed, true, and complete copy of each sublicense agreement with any such sublicensee no later than [***] days after the execution thereof; *provided* that Allorion may redact confidential or commercially sensitive information that is not relevant to Allorion's compliance with this Agreement.

(c) **Restrictions.** Avenzo (as licensee under Section 5.1 (License Grant to Avenzo)) or Allorion (as licensee under Section 5.2 (License Grant to Allorion)) may fulfill any of its obligations under this Agreement itself or through its Affiliates, Sublicensees (or sublicensees in the case of Allorion), or subcontractors; *provided* that the licensee Party will remain directly responsible for all its obligations under this Agreement, regardless of whether any such obligation is delegated, subcontracted or sublicensed to any of its Affiliates, Sublicensees (or sublicensees in the case of Allorion), or subcontractors. Any action by any Affiliate, Sublicensee (or sublicensee in the case of Allorion), or subcontractor of the licensee Party that would have been a breach of the terms or conditions of this Agreement if performed by the licensee Party will be deemed a direct breach by the licensee Party of such terms or conditions, subject to the opportunity to cure following notice of breach in accordance with Section 17.4 (Termination for Material Breach). [***].

5.6 Retained Rights. [***].

5.7 No Implied Licenses; Negative Covenant. Except as set forth herein, nothing in this Agreement grants any license or other intellectual property interest of either Party to the other Party, by implication or otherwise, under any Know-How, trademarks or Patents of the other Party. Each Party may not, and may not permit any of its Affiliates, Sublicensees (or sublicensees in the case of Allorion), or subcontractors to, practice any Patent or Know-How licensed to it by the other Party outside the scope of the licenses granted to such Party under this Agreement.

5.8 Non-Compete.

(a) **Exclusivity Covenant.** On a Licensed Program-by-Licensed Program basis, except as provided in Section 5.8(b) (Effects of Change of Control) or Section 5.8(c) (Acquisition of a Third Party by a Party), each Party will not, and will cause its Affiliates and require its Sublicensees (or, with respect to Allorion, (sub)licensees) not to, engage in (independently or for or with any Third Party) any Development, Manufacture, or Commercialization of any Competing Product with respect to such Licensed Program in the Allorion Territory and Avenzo Territory (including through any license or grant of rights to any Third Party with respect to any such Competing Product), in each case, other than activities by or on behalf of such Party and its Affiliates and Sublicensees (or, with respect to Allorion, sublicensees) contemplated by this Agreement, including the Participation Rights, if applicable. The foregoing restriction will apply (i) with respect to the Development, Manufacture, use or Commercialization of Licensed Products in [***], on a Licensed Product-by-Licensed Product basis, [***], and (ii) with respect to the Development, Manufacture, use or Commercialization of Licensed Products in [***]. [***].

(b) **Effects of Change of Control.** Notwithstanding Section 5.8(a) (Exclusivity Covenant), if a Party undergoes a Change of Control with a Third Party (such Third Party, together with its Affiliates existing prior to such Change of Control, an “**Acquisition Party**”), then the Acquisition Party shall [***].

(c) **Acquisition of a Third Party by a Party.** In the event that either Party or any of its Affiliates merges or consolidates with, or otherwise acquires a Third Party (whether such transaction occurs by way of a sale of assets, merger, consolidation or similar transaction) (an “**Acquired Party**”) that is engaged in Exploitation of a Competing Product as of the closing of such transaction that would be prohibited by Section 5.8(a) (Exclusivity Covenant), such Party or its Affiliate shall not be deemed to be in breach of its obligations set forth in Section 5.8(a) (Exclusivity Covenant), *provided* that, by the end of the [***] period immediately following the closing of such transaction, such Party or its Affiliate or its Acquired Party has [***].

ARTICLE 6 KNOW-HOW TRANSFER

6.1 Know-How Transfer. On a Licensed Program-by-Licensed Program basis, Allorion will disclose or otherwise make available to Avenzo all Licensed Know-How and Greater China Know-How that exists as of the Effective Date (or in the case of the CDK4 Program, as of the CDK4 License Option Exercise) for such Licensed Program (other than Allorion Manufacturing Technology, which is addressed in [Section 9.2\(d\)](#) (Manufacturing Technology Transfer to Avenzo)), which provision or access shall occur in a manner and following a reasonable schedule proposed by Allorion and agreed by the JSC (to be completed within [***] days after the Effective Date (or in the case of the CDK4 Program, as of the CDK4 License Option Exercise) or at such later time as agreed by the JSC). During the Term, Allorion shall provide or make available to Avenzo as promptly as practicable any additional Licensed Know-How and Greater China Know-How, to the extent that such Licensed Know-How and Greater China Know-How arises after the Effective Date or otherwise has not previously been provided or made available to Avenzo.

6.2 Assistance by Allorion. In connection with any transfer of Licensed Know-How or Greater China Know-How to Avenzo pursuant to [Section 6.1](#) (Know-How Transfer), Allorion will provide to Avenzo or its designee(s) reasonable technical support and assistance ("Technical Assistance") with respect to the use and practice of the Licensed Know-How or Greater China Know-How, including in connection with (a) the Development, use or Commercialization of Licensed Molecules and Licensed Products in the Avenzo Territory, and (b) the seeking of Regulatory Approval for Licensed Products in the Avenzo Territory. Upon Avenzo's request for Technical Assistance, Allorion shall provide Avenzo with up to [***] hours, in the aggregate for both Licensed Programs, of Technical Assistance at no additional cost to Avenzo. Any additional Technical Assistance in excess of [***] hours reasonably requested by Avenzo and agreed by Allorion will be provided by Allorion at the FTE Rate, and Avenzo shall reimburse Allorion for all Out-of-Pocket Costs reasonably incurred by Allorion in connection with the provision of such Technical Assistance in excess of [***] hours. If applicable, Allorion will invoice Avenzo for any Technical Assistance provided at the FTE Rate, and Avenzo will pay all such undisputed amounts within [***] days after receipt of an applicable invoice from Allorion.

ARTICLE 7 DEVELOPMENT

7.1 Responsibilities. As between the Parties, Avenzo shall (itself or through its Affiliates or Sublicensees) have the sole right and responsibility, at its sole cost and expense, to conduct all Development of Licensed Products in the Field in the Avenzo Territory, except for CDK4 Preclinical Development Work as expressly provided in [Article 2](#) (CDK4 Preclinical Development Work). As between the Parties, Allorion shall (itself or through its Affiliates or licensees) have the sole right and responsibility, at its sole cost and expense, to conduct all Development of Licensed Products in the Field in the Allorion Territory, except as expressly provided in [Section 5.1\(b\)](#) (License Grant to Avenzo).

7.2 Diligence. Avenzo shall (itself or through its Affiliates or Sublicensees) use Commercially Reasonable Efforts to conduct such non-clinical studies and Clinical Trials of Licensed Products in the Avenzo Territory as are reasonably necessary to obtain Regulatory Approval for one Licensed Product from each of the Licensed Programs in each of (a) [***], (b) [***] and (c) [***].

7.3 Global Development Plan. In the event that either Party may propose a Global Development Plan for a Licensed Program, the Parties shall discuss such Global Development Plan in good faith, prepare such Global Development Plan, and submit such Global Development Plan to the JSC for its review, comment and approval, which Global Development Plan, for clarity, may not include activities for the CDK4 Program to be conducted prior to the CDK4 License Option Exercise. Either Party may propose amendments to the Global Development Plan for a given Licensed Program to the JSC for the JSC's review, discussion and approval. The Global Development Plan (as may be amended from time to time in accordance with this Agreement) for a Licensed Program will be focused on the objective of achieving Regulatory Approval for the Licensed Product(s) that are subject of such Licensed Program in each Party's

respective territory, while taking into reasonable consideration potential material Development or Commercialization impacts on the Licensed Product(s) in each Party's respective territory. The Global Development Plan for a Licensed Program shall include [***]. With respect to each Global Clinical Trial, each Party shall be responsible for the activities and costs allocated to it with respect to such Global Clinical Trial under the Global Development Plan. Each Party will perform the Development activities allocated to it under any Global Development Plan in a professional manner, and in compliance in all respects with the applicable Global Development Plan and the requirements of all Applicable Laws, GCP and cGMP. If Avenzo proposes to conduct a Clinical Trial of a Licensed Product with sites in the Allorion Territory, then it will first discuss with Allorion the possibility for Allorion to conduct such Clinical Trial in the Allorion Territory as part of the Global Development Plan; *provided* that, if Allorion does not agree to an amendment to the Global Development Plan to do so, then Avenzo may conduct such Clinical Trial in the Allorion Territory pursuant to the licenses granted in Section 5.1(b) (License Grants to Avenzo) subject to Section 4.2(g) (Decision-Making).

7.4 Development Reports. Each Party will keep the JDC regularly and reasonably informed of the status, progress and results of its Development and registration efforts in its respective territory and, in case of Avenzo, in the Allorion Territory. At least [***] Business Days before each regularly scheduled JDC meeting, each Party will provide the JDC with a written update describing its Development activities and the results thereof. Through the JDC, each Party will keep the other Party reasonably informed of the Development of Licensed Products conducted by or on behalf of such Party in its respective territory and, in case of Avenzo, in the Allorion Territory. In addition, each Party will (and will cause its respective Affiliates and use reasonable efforts to cause its (sub)licensees to) make available to the other Party such additional information about its Development activities with respect to each Licensed Product as may be reasonably requested by the other Party from time to time. All updates and reports provided by a Party pursuant to this Section 7.4 (Development Reports) will be the Confidential Information of such Party.

7.5 Records. Each Party will maintain appropriate records in either tangible or electronic form of all material Development, Manufacturing (in the case of Avenzo, after the Manufacturing Technology Transfer) or Commercialization activities with respect to the Licensed Products, in each case in accordance with its reasonable internal documentation and record retention practices. Such records will be maintained in sufficient detail to properly reflect, in good scientific manner, all material work done, and the results of studies and Clinical Trials undertaken and, further, will be at a level of detail appropriate for Patent and regulatory purposes. Each Party will document all non-clinical studies and Clinical Trials of Licensed Products in formal written study reports according to Applicable Laws and applicable national and international guidelines. Upon a Party's reasonable request, the other Party will, and will cause its Affiliates, to provide to the requesting Party copies of such records to the extent necessary or reasonably useful for the Development, Manufacture, and Commercialization of the Licensed Products in such other Party's territory, including for Patent and regulatory purposes in accordance with the terms of this Agreement. All such records, reports, information and Data of a Party provided to the other Party will be the Confidential Information of the providing Party.

7.6 Clinical Trial Audits. The JDC will review, discuss and have the right to determine the Parties' approach to auditing the performance of a Party, and as applicable, its Affiliates, licensees or sublicensees, or any subcontractors (including Clinical Trial sites), of its obligations under any Global Development Plan, in each case, to ensure that the applicable Global Clinical Trials are conducted in compliance with the Global Development Plan, GCP, and Applicable Laws. In addition, the JSC will discuss and have the right to determine each Party's approach to auditing the performance of the other Party, and as applicable, its Affiliates, licensees or Sublicensees (or sublicensees in case of Allorion), or any subcontractors (including Clinical Trial sites), of its obligations for Development activities with respect to any Licensed Product conducted under this Agreement, whether in the Avenzo Territory or the Allorion Territory, in each case, to ensure that the applicable Clinical Trials are conducted in compliance with the GCP and Applicable Laws. The auditing approach may involve [***]. The Parties shall reasonably cooperate with one another with respect to any such audit. Audits of the activities of a Party, its Affiliates, licensees, sublicensees or subcontractors (including Clinical Trial sites) under a Global Development Plan (or this Agreement, if applicable) would be conducted no more than once each Calendar Year (unless an additional audit is warranted for cause). No later than [***] days after the completion of any such audit, the Party that conducts or participates in the audit will provide the other Party a written summary of the findings of any deficiencies or other areas of remediation identified during any such audit. Any such findings of major or critical deficiencies or remediation or any other major issues identified in such audit shall be reviewed and discussed by the JSC with appropriate quality personnel from both Parties.

7.7 Data Exchange and Use. Each Party shall promptly provide the other Party with copies of all final Data (including all Clinical Trial data and supporting documentation, e.g., protocols and case report forms) Controlled by or on behalf of such Party generated from its Development of each of the Licensed Products under the Global Development Plan(s); *provided* that each Party will only be required to provide the other Party such Data to the extent it is reasonably necessary or useful for such other Party to Develop or Commercialize the Licensed Products in the Field in such other Party's territory. Each Party will have the right to use and reference such Data provided by the other Party for the purpose of filing for, obtaining and maintaining Regulatory Approval for and Commercializing the Licensed Products in the Field in such Party's territory. For clarity, any such Data will be owned in accordance with Section 16.1 (Ownership) and shall be subject to the licenses, rights and obligations set forth herein.

ARTICLE 8 REGULATORY

8.1 Transfer of Ongoing Phase 1 Clinical Trial. Allorion will transfer all responsibilities for the ongoing Phase 1 Clinical Trial with respect to the ARTS-021 Program in the U.S. (as further specified in Exhibit 8.1) to Avenzo promptly following the Effective Date. Prior to transfer of such responsibilities to Avenzo, Allorion shall (and it hereby does) transfer and assign to Avenzo all rights, title and interests in and to the IND filed in Allorion's name in the U.S., free and clear of any and all liens and encumbrances, and shall file with the FDA any documentation necessary to transfer such IND to Avenzo. As of such transfer and assignment, Avenzo will assume all obligations, responsibilities and liabilities with respect to the ongoing Phase 1 Clinical Trial from and after the date of such transfer and assignment and Allorion will

have no further obligations, responsibilities, or liabilities with respect to the performance of such ongoing Phase 1 Clinical Trial from and after the date of such transfer and assignment. For clarity, Allorion will be responsible for any and all liabilities to the extent based on or arising from the performance of such ongoing Phase 1 Clinical Trial by or on behalf of Allorion or its Affiliates prior to the date of such transfer and assignment.

8.2 Avenzo Responsibilities.

(a) **Generally.** Subject to Allorion's obligations regarding the CDK4 Program, Avenzo shall (itself or through its Affiliates or Sublicensees) have the sole right and responsibility, at its sole cost and expense, to (i) conduct all regulatory activities leading up to and including the obtaining of all Regulatory Approvals for Licensed Products from the applicable Regulatory Authority on a country-by-country basis in the Avenzo Territory; and (ii) prepare, file for, obtain, hold, and maintain all INDs and Regulatory Approvals and, as applicable, associated pricing and reimbursement approvals for Licensed Products on a country-by-country basis in the Avenzo Territory. Avenzo will keep Allorion reasonably informed of material regulatory developments related to any Licensed Product in the Avenzo Territory, including with respect to material decisions of any Regulatory Authority in the Avenzo Territory regarding any Licensed Product.

(b) **Regulatory Diligence.** Avenzo will (itself or through its Affiliates or Sublicensees) use Commercially Reasonable Efforts to file for and obtain Regulatory Approval for one Licensed Product from each of the Licensed Programs in each of (i) [***], (ii) [***] and (iii) [***].

8.3 Allorion Territory. Subject to Avenzo's rights under Section 5.1(b) (License Grant to Avenzo), Allorion shall (itself or through its Affiliates or licensees) have the sole right, at its sole cost and expense, to (a) conduct all regulatory activities leading up to and including the obtaining of all Regulatory Approvals for ARTS-021 Molecules, ARTS-021 Products, CDK4 Molecules and CDK4 Products from the applicable Regulatory Authority on a region-by-region basis in the Allorion Territory, and (b) prepare, file for, obtain, hold and maintain all INDs and Regulatory Approvals and, as applicable, all associated pricing and reimbursement approvals for all ARTS-021 Molecules, ARTS-021 Products, CDK4 Molecules and CDK4 Products on a region-by-region basis in the Allorion Territory. Allorion will keep Avenzo reasonably informed of material regulatory developments related to any Licensed Product in the Allorion Territory, including with respect to material decisions of any Regulatory Authority in the Allorion Territory regarding any Licensed Product.

8.4 Provision of Regulatory Submissions. Each Party will notify the other Party of any material Regulatory Submissions for any Licensed Product submitted to or received from any Regulatory Authority in its respective territory and will provide the other Party with copies thereof as soon as reasonably practicable. If any such Regulatory Submission, comment, or correspondence is not in English, then, in addition to a copy thereof in its original language, (a) each Party will also provide the other Party with an English-language summary thereof within the corresponding timelines as set forth in this Article 8 (Regulatory) at its cost; and (b) upon the other Party's reasonable request, provide such other Party with a full English translation thereof at its cost.

8.5 Notice of Meetings and Regulatory Actions. Each Party will provide the other Party with notice of any material meeting or discussion with any Regulatory Authority in such Party's respective territory related to any Licensed Product, when possible, no later than [***] Business Days after receiving notice thereof. At the notifying Party's request, the other Party will reasonably cooperate with the notifying Party in preparing for any such meeting or discussion. The notifying Party will provide to the other Party a written summary of such meeting or discussion in English promptly following the issuance or approval of

the corresponding official minutes by the applicable Regulatory Authority. If any Regulatory Authority takes, or gives notice of its intent to take, any regulatory action with respect to any Licensed Product, then such Party will notify the other Party of such action within [***] Business Days after receipt of such notice (or, if action is taken without notice, within [***] Business Days of such Party becoming aware of such action).

8.6 Cooperation. Each Party will reasonably cooperate with the other Party in obtaining any Regulatory Approvals for the Licensed Products in the other Party's respective territory by providing, to the extent reasonably requested by the other Party, access to Regulatory Approvals, Regulatory Submissions, Data, and other information and documentation relating to the Licensed Products.

8.7 No Harmful Actions. If either Party believes that the other Party is taking or intends to take any action with respect to a Licensed Product that is reasonably likely to have a material adverse impact upon the regulatory status of such Licensed Product within such Party's territory, then such Party will have the right to bring the matter to the attention of the JSC and the Parties will discuss in good faith to resolve such concern.

8.8 Notification of Threatened Action. Each Party will, within [***] Business Days, notify the other Party of any information it receives regarding any threatened or pending action, inspection or communication by any Third Party, which would reasonably be expected to affect the safety or efficacy claims of any Licensed Products or the continued marketing of any Licensed Products. Upon receipt of such information, the Parties will consult with each other in an effort to arrive at a mutually acceptable procedure for taking appropriate action with respect to such Licensed Product.

8.9 Right of Reference.

(a) On a Licensed Program-by-Licensed Program basis, Avenzo (on behalf of itself and its Affiliates) hereby grants to Allorion the right of reference to all Regulatory Submissions pertaining to the Licensed Products for a Licensed Program submitted to any Regulatory Authority by or on behalf of Avenzo or its Affiliates or, if a right of reference has been granted by a Sublicensee to Avenzo, Sublicensees (and all Data contained or referenced therein), with the right to grant further rights of reference to Allorion's licensees and sublicensees with respect to such Licensed Products. Allorion and its Affiliates (and any licensee or sublicensee to whom it may grant a further right of reference) may use the right of reference to Avenzo's Regulatory Submissions solely for the purpose of seeking, obtaining and maintaining the Regulatory Approval of such Licensed Products in the Allorion Territory. At Allorion's request, Avenzo shall (and shall cause its Affiliates to) promptly provide Allorion with copies of such Regulatory Submissions subject to this right of reference.

(b) On a Licensed Program-by-Licensed Program basis, Allorion hereby grants to Avenzo the right of reference to all Regulatory Submissions pertaining to the Licensed Products for a Licensed Program submitted to any Regulatory Authority by or on behalf of Allorion or its Affiliates or, if a right of reference has been granted by a licensee or sublicensee to Allorion, licensees or sublicensees (and all Data contained or referenced therein), with the right to grant further rights of reference to Sublicensees. Avenzo and its Affiliates (and any Sublicensee to whom it may grant a further right of reference) may use such right of reference to Allorion's Regulatory Submissions in the Field solely for the purpose of seeking, obtaining and maintaining the Regulatory Approval of the Licensed Products in Field in the Avenzo Territory. At Avenzo's request, Allorion shall (and shall cause its Affiliates to) promptly provide Avenzo with copies of such Regulatory Submissions subject to this right of reference.

8.10 Adverse Events Reporting.

(a) Promptly following the Effective Date, but in no event later than [***] days thereafter, Avenzo and Allorion will generate and agree to the worldwide safety and pharmacovigilance procedures for the Parties with respect to the Licensed Products, such as safety data sharing and exchange, Adverse Events reporting and prescription events monitoring in a written agreement (as may be amended, the "**Pharmacovigilance Agreement**"). Such agreement will describe the coordination of collection, investigation, reporting, and exchange of information concerning Adverse Events or any other safety problem of any significance, and product quality and product complaints involving Adverse Events, sufficient to permit each Party, its Affiliates, and its Sublicensees (or, with respect to Allorion, licensees or sublicensees) to comply with its legal obligations. The Pharmacovigilance Agreement will be promptly updated if required by changes in legal requirements. Each Party hereby agrees to comply with its respective obligations under the Pharmacovigilance Agreement and to cause its Affiliates, Sublicensees (or, with respect to Allorion, licensees and sublicensees) to comply with such obligations.

(b) Each Party will be responsible for complying with all Applicable Laws governing Adverse Events for all Clinical Trials of any Licensed Product performed by such Party.

(c) Avenzo will hold and control the global safety database for each Licensed Product and for the exchange by the Parties, in English, of any information of which a Party becomes aware concerning any Adverse Event experienced by a subject or patient being administered the applicable Licensed Product, including any such information received by either Party from any Third Party (subject to receipt of any required consents from such Third Party). It is understood that each Party and its Affiliates, Sublicensees (or, with respect to Allorion, licensees and sublicensees) has the right to disclose such information if disclosure is reasonably necessary to comply with Applicable Laws or requirements of any applicable Regulatory Authority. Notwithstanding the foregoing, Allorion may hold and control a safety database for each Licensed Product in the Allorion Territory. Allorion will cooperate to provide information for the Allorion Territory for inclusion in the global safety database, and Avenzo will be responsible for providing information for the Avenzo Territory for inclusion in the global safety database.

8.11 Remedial Actions. Each Party and its Affiliates will (and will use reasonable efforts to cause its Sublicensees (or (sub)licensees in the case of Allorion) to) notify the other Party immediately, and promptly confirm such notice in writing, if it obtains information indicating that any Licensed Product may be subject to any recall, recovery, corrective action or other regulatory action by any Governmental Authority or Regulatory Authority (a "**Remedial Action**"). The Parties will assist each other in gathering and evaluating such information as is necessary to determine the necessity of conducting a Remedial Action with respect to the Avenzo Territory or Allorion Territory, as applicable. Avenzo has sole discretion with respect to any matters relating to any Remedial Action in the Avenzo Territory, including the decision to commence such Remedial Action and the control over such Remedial Action and Allorion has sole discretion with respect to any matter relating to any Remedial Action in the Allorion Territory, including the decision to commence such Remedial Action and the control over such Remedial Action. The cost and expenses of any Remedial Action in the Avenzo Territory or the Allorion Territory will be borne solely by the Party with sole discretion; *provided that*, if the need for a Remedial Action arises as a result of any gross negligence of a Party, then all costs and expenses incurred in connection with such Remedial Action will be the sole responsibility of such Party.

8.12 Safety and Regulatory Audits. With respect to any inspection by any Governmental Authority of (a) Avenzo or its Affiliates, or Sublicensees (including Clinical Trial sites) relating to any Licensed Product or (b) Allorion or its Affiliates, or sublicensees relating to any Licensed Product, in each case ((a) or (b)), each Party will notify the other Party of such inspection (i) no later than [***] Business Days after such Party receives notice of such inspection or (ii) within [***] Business Days after the

completion of any such inspection of which such Party did not receive prior notice. To the extent required by Applicable Law, each Party will permit Governmental Authorities outside of its territory to conduct inspections of such Party or its Affiliates, licensees or sublicensees (including Clinical Trial sites) relating to any Licensed Product, and will ensure that all such Affiliates, or Sublicensees (or, with respect to Allorion, licensees or sublicensees) permit such inspections. Following any such regulatory inspection related to any Licensed Product, such Party will provide the other Party with (A) an unredacted copy of any finding, notice, or report provided by any Governmental Authority related to such inspection (to the extent related to such Licensed Product) within [***] days of such Party receiving the same, and (B) in the event that such findings, notice, or report is in a language other than English, a written English summary of any material finding, notice, or report of a Governmental Authority related to such inspection (to the extent related to such Licensed Product) within [***] days after receiving the same.

ARTICLE 9 MANUFACTURING AND SUPPLY

9.1 Transfer of Drug Material. Within [***] days following (a) the Effective Date for the ARTS-021 Molecules and ARTS-021 Products and (b), if applicable, the CDK4 License Option Exercise, for the CDK4 Molecules, CDK4 Products, and CDK2/CDK4 Combination Products (or, in each case, such longer period as agreed to by the Parties), Allorion will deliver to Avenzo FCA (INCOTERMS 2020) the site agreed to by the Parties in the United States the drug material related to the applicable Licensed Program, whether or not currently qualified, that is listed on Exhibit 9.1 and in Allorion's or its Affiliates' possession as of the Effective Date, at Allorion's Fully Burdened Manufacturing Costs for such materials. Allorion may retain any amounts of drug material not set forth on Exhibit 9.1 for any purpose, including for the (a) ARTS-021 Program as necessary for Allorion to conduct Development activities in the Allorion Territory; and (b) CDK4 Program as necessary for Allorion to conduct the CDK4 Preclinical Development Work or otherwise to conduct Development activities in the Allorion Territory. At Avenzo's reasonable request, Allorion will retest any such materials and certify that such materials meet the applicable specifications at the time of such retesting. Without limiting the foregoing sentence, THE DRUG MATERIALS MADE AVAILABLE TO AVENZO PURSUANT TO THIS SECTION 9.1 ARE PROVIDED ON AN "AS IS" BASIS WITHOUT WARRANTY OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

9.2 Clinical Supply.

(a) **Responsibility.** Following such transfer of the applicable drug material from Allorion to Avenzo pursuant to Section 9.1 (Transfer of Drug Material) for each Licensed Program, Avenzo shall be responsible (itself or through its Affiliate or CMO) for (a) the Manufacture of Licensed Products for Development purposes (including the use of such Licensed Products in Clinical Trials) by Avenzo and its Affiliates and Sublicensees and (b) subject to Section 9.2(b) (Nomination and Approval of CMO) and Section 9.2(c) (Clinical Supply Agreement), the Manufacture of Licensed Products for use of such Licensed Products in Clinical Trials by Allorion and its Affiliates and (sub)licensees in the Allorion Territory, in each case, using a CMO approved by the JMSC. Allorion will retain the right to Manufacture, itself or through its Affiliate or CMO, Licensed Products for use solely in connection with the CDK4 Preclinical Development Work and otherwise to perform preclinical development activities for the Licensed Programs. Avenzo will use reasonable efforts to ensure that any Know-How or Patents used in the Manufacture of Licensed Products for the Allorion Territory is Controlled by Avenzo or its Affiliates, but for clarity will not be prohibited or limited from using or working with any Third Party, or obtaining rights to use any Third Party's intellectual property, for the Manufacture of any Licensed Products where the Third Party will not agree to grant Avenzo or its Affiliates Control of such Third Party's intellectual property.

(b) **Nomination and Approval of CMO.** Following the Effective Date, at a time to be determined by the JMSC, Avenzo will nominate one or more CMOs for the Manufacture of Licensed Products for Development purposes, taking into account the CMO Qualifications and the location of the CMOs, and the JMSC will promptly review, discuss and approve any such CMO. With respect to any CMO that will Manufacture Licensed Products for use of such Licensed Products in Clinical Trials by Allorion and its Affiliates and (sub)licensees in the Allorion Territory, (i) unless Allorion otherwise agrees in writing, the JMSC will not approve any such CMO unless the applicable manufacturing site is located in PRC, or a different location as may be reasonably requested by Allorion and agreed to by the Parties ("**PRC-Qualified CMO**"), and (ii) if the JMSC does not approve a PRC-Qualified CMO within [***] days following the Effective Date, then the JMSC will escalate such dispute to the JSC for final resolution in accordance with Section 4.2(g) (Decision-Making). For clarity, unless Allorion otherwise agrees in writing, the JMSC, or the JSC in exercising its final decision-making authority for any dispute brought under this Section 9.2(b) (Nomination and Approval of CMO), must select a CMO located in the PRC.

(c) **Clinical Supply Agreement.** Within [***] days (or such longer period as agreed to by the Parties) following the approval by the JMSC of a PRC-Qualified CMO to Manufacture Licensed Products for use of such Licensed Products in Clinical Trials by Allorion and its Affiliates and (sub)licensees in the Allorion Territory, the Parties shall negotiate in good faith and enter into a supply agreement governing the Manufacture of Licensed Products for use of such Licensed Products in Clinical Trials by Allorion and its Affiliates and (sub)licensees in the Allorion Territory on commercially reasonable terms (as may be amended in accordance with its terms, the "**Clinical Supply Agreement**"). The Clinical Supply Agreement will include terms consistent with the principles set forth on Exhibit 9.2(c) and other customary terms for the supply of pharmaceutical products for use in Clinical Trials. In connection with the Clinical Supply Agreement, the Parties shall enter into a quality agreement (as may be amended in accordance with its terms, the "**Clinical Quality Agreement**") governing the quality aspects of the supply of Licensed Products for use in Clinical Trials. If the Parties do not enter into the Clinical Supply Agreement and associated Clinical Quality Agreement within such [***] period (or such longer period as agreed to by the Parties), then the Parties will escalate such dispute to the JSC for final resolution in accordance with Section 4.2(g) (Decision-Making).

(d) **Manufacturing Technology Transfer to Avenzo.** Within [***] days following the establishment of the JMSC for the ARTS-021 Products, and, as it relates to the CDK4 Products, within [***] days following the CDK4 License Option Exercise, the Parties (through the JMSC) will establish and approve a plan pursuant to which Allorion will perform a technology transfer with respect to the Allorion Manufacturing Technology (as may be amended for a given Licensed Program, each a "**Manufacturing Technology Transfer Plan**") to enable Avenzo or its Affiliate to Manufacture the applicable Licensed Products for Development purposes itself or have the applicable Licensed Products Manufactured by a qualified CMO. Each Manufacturing Technology Transfer Plan will describe the applicable Allorion Manufacturing Technology and any and all other subject matter to be transferred pursuant to such plan, including the anticipated timelines for completing such transfers. Subject to the terms of the Manufacturing Technology Transfer Plan, Allorion will (i) transfer all Know-How within the applicable Allorion Manufacturing Technology to Avenzo or its Affiliate or CMO, and (ii) provide reasonable technical support and assistance to Avenzo or such Affiliate or CMO with respect to the use and practice of the Allorion Manufacturing Technology for up to [***] days following completion of such transfer ("**Manufacturing Support**") (clause (i) and (ii) for each Licensed Program, the "**Manufacturing Technology Transfer**"). Allorion shall provide Avenzo with up to [***] hours, in the aggregate for both Licensed Programs, of Manufacturing Support at no additional cost to Avenzo. Any additional Manufacturing Support in excess of [***] hours reasonably requested by Avenzo and agreed by Allorion will be provided by Allorion at the FTE Rate and Avenzo shall reimburse Allorion for all Out-of-Pocket Costs reasonably incurred by Allorion in connection with the provision of such Manufacturing Support in excess of [***] hours. If applicable, Allorion will invoice Avenzo for any Manufacturing Support provided at the FTE Rate, and Avenzo will

pay all such undisputed amounts within [***] days after receipt of an applicable invoice from Allorion. After the initial Manufacturing Technology Transfer for a given Licensed Program and for the duration of the Term, Allorion shall provide or make available to Avenzo (or its Affiliate or designated CMO(s)) as promptly as practicable any additional Allorion Manufacturing Technology, to the extent that such Allorion Manufacturing Technology comes to Allorion's attention (or is reasonably requested by Avenzo) and has not previously been provided or made available to Avenzo.

9.3 Commercial Supply.

(a) **Responsibility.** Avenzo will be responsible (itself or through its Affiliate or CMO) for the Manufacture of Licensed Products for Commercialization by Avenzo and its Affiliates and Sublicensees in the Avenzo Territory. Allorion shall be responsible (itself or through its Affiliate or CMO) for the Manufacture of Licensed Products for Commercialization by Allorion and its Affiliates and (sub)licensees in the Allorion Territory.

(b) **Commercial Supply by Avenzo.** Upon Allorion's written request, Avenzo will consider in good faith Manufacturing Licensed Products for use by Allorion, its Affiliates and (sub)licensees in the Allorion Territory. In the event Allorion submits such a written request to Avenzo, the Parties will negotiate in good faith and enter into a commercial supply agreement and a related quality agreement with respect to the Manufacture and supply of Licensed Products by Avenzo to Allorion for Commercialization in the Allorion Territory on commercially reasonable terms.

ARTICLE 10 COMMERCIALIZATION; MEDICAL AFFAIRS

10.1 **Responsibilities.** Avenzo (itself or through its Affiliates or Sublicensees) will have the sole right and responsibility for the Commercialization of Licensed Products in the Field in the Avenzo Territory, at its sole cost and expense. Allorion (itself or through its Affiliates or sublicensees) will have the sole right and responsibility for the Commercialization of Licensed Products in the Field in the Allorion Territory, at its sole cost and expense.

10.2 **Commercialization Diligence.** After Avenzo (itself or through its Affiliates or Sublicensees) has obtained Regulatory Approval and, as applicable, pricing approvals and reimbursement approvals of one Licensed Product from each of the Licensed Programs in (a) [***], (b) [***] or (c) [***], Avenzo (itself or through its Affiliates or Sublicensees) will use Commercially Reasonable Efforts to Commercialize such Licensed Product in each such country in which approval was obtained.

10.3 **Product Trademarks.** Avenzo will have the right to brand the Licensed Products in the Avenzo Territory using trademarks, logos and trade names that it determines appropriate for the Licensed Products (such trademarks, logos, and trade names, the "**Product Marks**"). Avenzo may not use any trademark Controlled by Allorion or its Affiliates (including their corporate names) to brand the Licensed Products without Allorion's prior written consent. Avenzo will own all rights in the Product Marks in the Avenzo Territory and will register and maintain the Product Marks in the Avenzo Territory that it determines reasonably necessary. Allorion will not use any trademark, logo or trade name in the Allorion Territory or Avenzo Territory that is confusingly similar to any Product Mark. Avenzo will not use any Product Mark in the Allorion Territory or Avenzo Territory that is confusingly similar to any trademark, logo or trade name Controlled by Allorion or its Affiliates (including their corporate names) used to brand the Licensed Products in the Allorion Territory. To the extent requested by a Party and commercially practicable, the Parties will cooperate with respect to developing and implementing a global branding strategy, subject to separate discussion and agreement. If the Parties do not agree upon a global branding strategy, then each Party will have the right to brand the Licensed Products in its territory in a manner that it determines appropriate in its sole discretion.

10.4 No Diversion. Each of Allorion and Avenzo hereby covenants and agrees that (a) it will not, and will ensure that its Affiliates and Sublicensees (or, with respect to Allorion, licensees and sublicensees) will not, directly or indirectly, promote, market, distribute, import, sell or have sold any Licensed Product, including via internet or mail order, outside its respective territory; (b) with respect to any country or region outside its territory, it will not, and will ensure that its Affiliates and Sublicensees (or, with respect to Allorion, licensees and sublicensees) will not: (i) unless otherwise agreed by the Parties in writing, establish or maintain any branch, warehouse or distribution facility for any Licensed Products in such countries, (ii) engage in any advertising or promotional activities relating to any Licensed Products that are directed primarily to customers or other purchaser or users of any Licensed Products located in such countries, (iii) solicit orders for any Licensed Products from any prospective purchaser located in such countries, or (iv) sell or distribute any Licensed Products to any Person in such Party's territory who, to such Party's knowledge, intends to sell or has in the past sold any Licensed Products in such countries; (c) if a Party receives any order for any Licensed Products from a prospective purchaser reasonably believed to be located in a region or country outside its territory, then such Party will promptly refer that order to the other Party, and such Party will not accept any such orders; (d) it will not deliver or tender (or cause to be delivered or tendered) any Licensed Products into a country or region outside its territory; and (e) it will not, and will ensure that its Affiliates and Sublicensees (or, with respect to Allorion, licensees and sublicensees) will not, knowingly restrict or impede in any manner the other Party's exercise of its exclusive rights to Commercialize any Licensed Products in the other Party's territory; *provided* that the foregoing shall not restrict either Party's Development or Manufacturing (including packaging and labeling) rights with respect to Licensed Products under this Agreement.

10.5 Medical Affairs. Each Party will be solely responsible, at its sole cost and expense, for conducting medical affairs activities with respect to Licensed Products in its respective territory, including communications with key opinion leaders, medical education, symposia, advisory boards (to the extent related to medical affairs or clinical guidance), publications, congress presentations and posters, published manuscripts, activities performed in connection with patient registries and post-approval trials, and other medical programs and communications, including educational grants, research grants (including conducting investigator-initiated studies), and charitable donations to the extent related to medical affairs and not to other activities that do not involve the promotion, marketing, sale or other Commercialization of Licensed Products, all of which will be conducted in accordance with Applicable Law.

ARTICLE 11

ALLORION TERRITORY PARTICIPATION RIGHT

11.1 Participation Right. In the event of a Change of Control of Avenzo, Avenzo (for itself and its successor-in-interest in such Change of Control, collectively referred to as "Avenzo" throughout this Article 11 (Allorion Territory Participation Right)) will have, and Allorion hereby grants to Avenzo a one-time option with respect to the Licensed Programs, on a Licensed Program-by-Licensed Program basis (the "**Participation Option**"), to share [***]% of the costs and expenses in connection with the Development and Commercialization of Licensed Products in the Allorion Territory, including costs and expenses incurred in connection with Manufacturing the Licensed Products for the purposes of such Development and Commercialization, in each case, incurred after the exercise of such Participation Option and [***]% of the revenues from sales of such Licensed Products in the Allorion Territory on the terms and conditions described in this Section 11.1 (Participation Right) ("**Participation Rights**"). Any Affiliate or successor-in-interest to Allorion, or licensee of Allorion with respect to any Licensed Products in the Allorion Territory, shall be bound by and subject to the Participation Rights.

11.2 Notice of Interest; Provision of Information. Within [***] days of the closing of the Change of Control of Avenzo, Avenzo may provide written notice to Allorion of its interest in the Participation Option and request that Allorion provide Avenzo the then-current plan of Allorion and its Affiliates regarding Development and Commercialization of each Licensed Product in the Allorion Territory, including the then-current budget for such activities, and a reasonably detailed summary of the costs and expenses incurred by or on behalf of Allorion in connection with the Development and Commercialization of Licensed Products in the Allorion Territory, including costs and expenses incurred in connection with Manufacturing the Licensed Products for the purposes of such Development and Commercialization, in each case, incurred both before and after the exercise of such Participation Option (excluding any FTE Costs and Out-of-Pocket Costs actually reimbursed by Avenzo to Allorion under this Agreement for performance of activities by or on behalf of Allorion in accordance with this Agreement). Allorion will provide such plan and budget to Avenzo within [***] days following the receipt of such notice, and, if requested by Avenzo during the [***] period following Avenzo's receipt of the plan and budget from Allorion, meet with Avenzo to discuss and answer questions with regard to such plan and budget.

11.3 Exercise. Avenzo may exercise the Participation Option by providing written notice to Allorion no later than [***] days following the receipt of the plan and budget from Allorion. Avenzo may exercise all of its Participation Rights with or through any of its Affiliates. Upon Avenzo's exercise of the Participation Option in accordance with this Section 11.3 (Exercise), (a) each Licensed Product shall be deemed a "**Shared Product**," and (b) the Parties will negotiate in good faith a written agreement (i) setting forth the terms and conditions of the Participation Rights with respect to such Shared Product, including the terms set forth in Exhibit 11.3, and (ii) providing for payment by Avenzo to Allorion upon execution of such agreement of a one-time, lump sum Participation Option exercise fee ("**Participation Option Exercise Fee**"). The Participation Option Exercise Fee shall be an amount equal to the fair market value of the Participation Rights, which valuation shall take into account [***]. The Participation Option Exercise Fee shall be agreed in writing by the Parties or, absent such agreement, determined by an independent Third Party valuation firm proposed by Avenzo and [***], the cost of which independent Third Party valuation firm would be shared equally by the Parties. The independent Third Party valuation firm would take into consideration at least the following factors: [***].

11.4 Termination. If Avenzo does not provide written notice to Allorion of its interest in the Participation Option for the Licensed Programs within [***] days after the closing of the Change of Control of Avenzo or does provide written notice of such interest, but does not exercise the Participation Option with respect to such Licensed Program within [***] days following the receipt of the plan and budget from Allorion, then the Participation Option with respect to the Licensed Programs shall terminate with no further obligation between the Parties with respect to Participation Rights for the Licensed Programs.

ARTICLE 12 PAYMENTS

12.1 **Upfront Payment.** In partial consideration of the licenses and rights granted by Allorion to Avenzo hereunder with respect to the ARTS-021 Program and the CDK4 License Option, Avenzo will pay to Allorion a one-time, non-refundable and non-creditable payment of \$40,000,000 within [***] days after the Effective Date.

12.2 **CDK4 License Exercise Payment.** Within [***] days following the date upon which Avenzo provides to Allorion written notice that it exercises its CDK4 License Option in accordance with [Section 3.2\(a\)](#) (Exercise of CDK4 License Option), Avenzo will pay to Allorion a one-time, non-refundable and non-creditable payment of \$[***] (the "**CDK4 License Exercise Payment**").

12.3 **Funding for Certain CDK4 Program Expenses.** Avenzo shall fund a portion of the CDK4 Preclinical Development Work in accordance with this [Section 12.3](#) (Funding for Certain CDK4 Program Expenses). In any Calendar Quarter in which Allorion is conducting CDK4 Preclinical Development Work, Allorion shall provide to Avenzo, within [***] days following the end of such Calendar Quarter, a written report detailing, and an invoice for, the CDK4 Program Expenses incurred by or on behalf of Allorion during such Calendar Quarter, including supporting documentation for such expenses. Avenzo shall pay to Allorion the undisputed amounts in such invoice for such CDK4 Preclinical Development Work within [***] days after receipt of such written report from Allorion; *provided that*, if Avenzo has reasonable questions with respect to such invoice, then the Parties shall use reasonable efforts to promptly resolve such questions and such payment period shall be extended as reasonably necessary to allow for the Parties to resolve such questions. Avenzo shall be responsible for any portion of the CDK4 Program Expenses (including FTE Costs and Out-of-Pocket Costs incurred by Allorion in accordance with the Research Plan for the conduct of Optimization Activities) up to and including \$[***] (the "**CDK4 Reimbursement Cap**"). Notwithstanding any provision in this [Section 12.3](#) (Funding for Certain CDK4 Program Expenses) to the contrary, Avenzo shall not be responsible for any portion of the CDK4 Program Expenses that exceed \$[***]. Avenzo shall not be responsible for any FTE Costs or Out-of-Pocket Costs for CDK4 Preclinical Development Work solely directed to Development of Licensed Products in the Allorion Territory. In the event that Avenzo exercises the CDK4 License Option, then within [***] days following IND Clearance for the CDK4 Development Candidate or CDK4 Backup Candidate, as applicable, Avenzo shall pay to Allorion the amount equal to the CDK4 Reimbursement Cap *minus* the amounts actually reimbursed by Avenzo to Allorion for the CDK4 Program Expenses in accordance with this [Section 12.3](#) (Funding for Certain CDK4 Program Expenses).

12.4 Development Milestones.

(a) **Development Milestone Payments.** In partial consideration of the licenses and rights granted by Allorion to Avenzo hereunder, on a Licensed Program-by-Licensed Program basis, when a Licensed Product that is the subject of the applicable Licensed Program (as set forth below) first achieves the events set forth below (each such event, a "**Development Milestone Event**"), Avenzo will pay to Allorion the corresponding one-time, non-refundable milestone payments (each such payment, a "**Development Milestone Payment**") within [***] days after Avenzo's receipt of an invoice for such Development Milestone Payment from Allorion. Avenzo will promptly (but in any event within [***] days) notify Allorion in writing upon the first achievement of each Development Milestone Event with respect to a Licensed Product from the applicable Licensed Program in the Avenzo Territory:

(b) **Achievement of Development Milestones.** Each Development Milestone Payment will be payable only once on the first occurrence of the corresponding Development Milestone Event in the Avenzo Territory for the first achievement by a Licensed Product, regardless of the number of times the Development Milestone Event is achieved or the number of Licensed Products that achieve the applicable Development Milestone Event. Notwithstanding any provision to the contrary set forth in this Section 12.4 (Development Milestones), the Development Milestone Payments for each of Development Milestone Event #1, Development Milestone Event #2, Development Milestone Event #4, Development Milestone Event #5, Development Milestone Event #7, Development Milestone Event #8, Development Milestone Event #10, and Development Milestone Event #11 will not become due and payable unless and until the CDK4 License Option is exercised. In no event will the aggregate Development Milestone Payments payable under Section 12.4(a) (Development Milestone Payments) exceed (i) \$[***] (if the CDK4 License Option is not exercised) or (ii) \$[***] (if the CDK4 License Option is exercised).

(c) **Skipped Development Milestones.** If, at any time, the achievement of a later Development Milestone Event has occurred with respect to the first Licensed Product from a Licensed Program in a specific country for a specific Indication, and any preceding Development Milestone Event for such first Licensed Product in such country for such Indication have not yet been achieved, become due, or been paid, then each such skipped Development Milestone Event will become due and payable concurrently with such subsequent Development Milestone Event that has been achieved for such first Licensed Product in such country for such Indication.

12.5 Regulatory Milestones.

(a) **Regulatory Milestone Payments.** In partial consideration of the licenses and rights granted by Allorion to Avenzo hereunder, on a Licensed Program-by-Licensed Program basis, when a Licensed Product that is the subject of the applicable Licensed Program (as set forth below) first achieves the events set forth below (each such event, a "**Regulatory Milestone Event**"), Avenzo will pay to Allorion the corresponding one-time, non-refundable milestone payments (each such payment, a "**Regulatory Milestone Payment**") within [***] days after Avenzo's receipt of an invoice for such Regulatory Milestone Payment from Allorion. Avenzo will promptly (but in any event within [***] days) notify Allorion in writing upon the first achievement of each Regulatory Milestone Event with respect to a Licensed Product from the applicable Licensed Program in the Avenzo Territory:

(b) **Achievement of Regulatory Milestones.** Each Regulatory Milestone Payment will be payable only once on the first occurrence of the corresponding Regulatory Milestone Event in the Avenzo Territory for the first achievement by a Licensed Product, regardless of the number of times such Regulatory Milestone Event is achieved or the number of Licensed Products that achieve the applicable Regulatory Milestone Event. Notwithstanding any provision to the contrary set forth in this Section 12.5 (Regulatory Milestones), the Regulatory Milestone Payments for each of Regulatory Milestone Event #2, Regulatory Milestone Event #3, Regulatory Milestone Event #5, Regulatory Milestone Event #6, Regulatory Milestone Event #8, Regulatory Milestone Event #9, Regulatory Milestone Event #11, Regulatory Milestone Event #12, Regulatory Milestone Event #14, and Regulatory Milestone Event #15 will not become due and payable unless and until the CDK4 License Option is exercised. In no event will the aggregate Regulatory Milestone Payments payable under this Section 12.5(a) (Regulatory Milestone Payments) exceed (i) \$[***] (if the CDK4 License Option is not exercised) or (ii) \$[***] (if the CDK4 License Option is exercised).

(c) **Skipped Regulatory Milestones.** If, at any time, the achievement of a later Regulatory Milestone Event has occurred with respect to the first Licensed Product from a Licensed Program in a specific country for a specific Indication, and any preceding Regulatory Milestone Event for such first Licensed Product in such country for such Indication have not yet been achieved, become due, or been paid, then each such skipped Regulatory Milestone Event will become due and payable concurrently with such subsequent Regulatory Milestone Event that has been achieved for such first Licensed Product in such country for such Indication.

12.6 Sales Milestones.

(a) **Sales Milestone Payments.** In partial consideration of the rights granted herein, on a Licensed Program-by-Licensed Program basis, Avenzo will pay to Allorion the following one-time, non-refundable and non-creditable milestone payments (each such payment, an **"Annual Net Sales Milestone Payment"**) for the first achievement of the corresponding Annual Net Sales events in the Avenzo Territory set forth below (each such event, an **"Annual Net Sales Milestone Event"**) within [***] days after Avenzo's receipt of invoice from Allorion. Avenzo will notify Allorion in writing of the first achievement of each Annual Net Sales Milestone Event with respect to a Licensed Product from the applicable Licensed Program promptly (but in all events within [***] days) after the end of the Calendar Quarter in which such Annual Net Sales Milestone Event is achieved.

Annual Net Sales Milestone Events based upon Annual Net Sales of all Licensed Products in the applicable Licensed Program	ANNUAL NET SALES MILESTONE PAYMENTS
1. Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year are equal to or greater than \$[***]	\$ [***]
2. Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year are equal to or greater than \$[***]	\$ [***]
3. Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year are equal to or greater than \$[***]	\$ [***]
4. Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year are equal to or greater than \$[***]	\$ [***]
5. Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year are equal to or greater than \$[***]	\$ [***]
Total Annual Net Sales Milestone Payments for each Licensed Program	\$ [***]

(b) **Achievement of Sales Milestones.** Each Annual Net Sales Milestone Payment will be payable only once for each Licensed Program on the first occurrence of the corresponding Annual Net Sales Milestone Event in the Avenzo Territory for a Licensed Product in such Licensed Program. In no event will the aggregate Annual Net Sales Milestone Payments payable under Section 12.6(a) (Sales Milestone Payments) exceed \$[***] for a Licensed Program. The Annual Net Sales Milestone Payments are cumulative, such that if the Annual Net Sales for Licensed Products from a Licensed Program in a given Calendar Year exceed more than one applicable threshold, then all corresponding Annual Net Sales Milestone Payments for each achieved Annual Net Sales Milestone Event with respect to such Licensed Program will be payable.

(c) **Treatment of CDK2/CDK4 Combination Products.** In the event that the CDK4 License Option is exercised and a Licensed Product is a CDK2/CDK4 Combination Product, each Annual Net Sales Milestone Payment will be payable separately for each Licensed Program by dividing the aggregate Annual Net Sales in the Avenzo Territory [***], and for such CDK2/CDK4 Combination Product, upon the first achievement of such Annual Net Sales Milestone Events in the Avenzo Territory, and calculating each Annual Net Sales Milestone Payment accordingly. By way of example and without limiting the generality of the foregoing, if the aggregate Annual Net Sales of a CDK2/CDK4 Combination Product in the Avenzo Territory reaches \$[***], then such amount of aggregate Annual Net Sales would be treated as \$[***] in Annual Net Sales attributable to each Licensed Program, and the corresponding Annual Net Sales Milestone Payment would be \$[***] for each Licensed Program. If Annual Net Sales Milestone Payments are made for a CDK2/CDK4 Combination Product, then no Annual Net Sales Milestone Payments will be made for any other Licensed Products. If Annual Net Sales Milestone Payments are made for a Licensed Product from each Licensed Program, then no Annual Net Sales Milestone Payments will be made for any CDK2/CDK4 Combination Product.

12.7 Royalties.

(a) **Royalty Payment.** Subject to adjustments under Section 12.7(d) (Royalty Reductions), on a country-by-country and Licensed Program-by-Licensed Program basis, Avenzo will pay to Allorion tiered royalties calculated by multiplying the applicable royalty rate set forth in the table below by the corresponding amount of incremental, aggregated Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a Calendar Year (a "**Royalty Payment**") during the Royalty Term. The tiered royalty rates on Annual Net Sales will be as set forth below:

Portion of Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year	ROYALTY RATE
1. Portion of Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year less than or equal to \$[***]	[***]%
2. Portion of Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
3. Portion of Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
4. Portion of Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
5. Portion of Annual Net Sales of all Licensed Products in the applicable Licensed Program in the Avenzo Territory in a given Calendar Year greater than \$[***]	[***]%

(b) **Treatment of CDK2/CDK4 Combination Products.** In the event that the CDK4 License Option is exercised and a Licensed Product is a CDK2/CDK4 Combination Product, the Royalty Payments will be payable separately for each Licensed Program by dividing the aggregate Annual Net Sales of such CDK2/CDK4 Combination Product in the Avenzo Territory in a given Calendar Year [***]. By way of example and without limiting the generality of the foregoing, if the aggregate Annual Net Sales of a CDK2/CDK4 Combination Product in the Avenzo Territory in a given Calendar Year is \$[***], then such amount of aggregate Annual Net Sales would be treated as \$[***] in Annual Net Sales attributable to each Licensed Program.

(c) **Royalty Term.** The Royalty Payments will be payable on a Licensed Program-by-Licensed Program basis and country-by-country basis in the Avenzo Territory from the First Commercial Sale of the first Licensed Product from the applicable Licensed Program in such country until the latest to occur of: (i) the expiration of the last-to-expire Valid Claim in such country Covering the composition of matter of such first Licensed Product or method of use of such first Licensed Product for the Indication for which Regulatory Approval has been granted in such country; (ii) the expiration of all Regulatory Exclusivity for such first Licensed Product in such country; or (iii) 10 years after the date of the First Commercial Sale of such first Licensed Product in such country (the "**Royalty Term**"). After the end of the Royalty Term for a Licensed Program in a given country in the Avenzo Territory, Net Sales of Licensed Products from such Licensed Program in such country shall be excluded from the calculation of Annual Net Sales. In the event that the CDK4 License Option is exercised and a Licensed Product is a CDK2/CDK4 Combination Product, then the Royalty Term will expire on a Licensed Program-by-Licensed Program basis and in accordance with the foregoing.

(d) **Royalty Reductions.**

(i) **Absence of Valid Claims.** On a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, for any Calendar Quarter during the Royalty Term for the applicable Licensed Product in a country in the Avenzo Territory, upon the expiration of the last-to-expire Valid Claim in such country Covering the composition of matter of such Licensed Product or method of use of such Licensed Product for the Indication(s) for which Regulatory Approval has been granted in such country, the Net Sales of such Licensed Product used to calculate the Royalty Payments in such country for such Calendar Quarter will be reduced by [***]%.

(ii) **Generic Competition.** If, on a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, (A) one or more Generic Product(s) with respect to such Licensed Product is marketed or sold in such country in the Avenzo Territory in such Calendar Quarter (such first Calendar Quarter, the "**Launch Quarter**"), and (B) the average quarterly Net Sales of such Licensed Product in such country decline by [***]% relative to the average Net Sales of such Licensed Product in such country occurring during the four consecutive Calendar Quarters immediately preceding the Launch Quarter (as determined by Avenzo's actual Net Sales), then the Net Sales of such Licensed Product used to calculate the Royalty Payments due in such country will be reduced by [***]% for such Calendar Quarter and each subsequent Calendar Quarter during the applicable Royalty Term for such Licensed Product during which the applicable decline persists.

(iii) **Third Party Payments.** If, on a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, Avenzo agrees to obtain one or more licenses under Third Party Patents or Know-How that are necessary or actually used by Avenzo or any of its Affiliates or Sublicensees for the Exploitation of such Licensed Product in such country in the Avenzo Territory, or to acquire such Third Party Patents or Know-How in lieu of a license (each such agreement, a "**Third Party License**"), then [***]% of any [***] actually paid by Avenzo under such Third Party License during such Calendar Quarter in such country will be creditable against [***] payable to Allorion with

respect to such Licensed Product in such country during such CalendarQuarter during the Royalty Term for such Licensed Product; *provided* that if Avenzo obtains a license solely under Third Party Know-How, then this Section 12.7(d)(iii) (Third Party Payments) will apply to the extent such Know-How is described in the applicable Third Party agreement. If Avenzo obtains a Third Party License for Third Party Patents or Know-How that are necessary or actually used by Avenzo or any of its Affiliates or Sublicensees for the Manufacture of a Licensed Product in the Avenzo Territory, Avenzo will use reasonable efforts to minimize the royalty payments under such Third Party License to the extent possible. Avenzo may carry forward to subsequent Calendar Quarters any amounts it could not deduct as a result of the limitation in the preceding proviso.

(iv) *Royalty Floor*. Notwithstanding any provision to the contrary set forth in the foregoing Section 12.7(d)(i) (Absence of Valid Claims), Section 12.7(d)(ii) (Generic Competition), and 12.7(d)(iii) (Third Party Payments), with respect to any Licensed Product, country, and Calendar Quarter, the operation of Section 12.7(d)(i) (Absence of Valid Claims), Section 12.7(d)(ii) (Generic Competition), and Section 12.7(d)(iii) (Third Party Payments), individually or in combination, will not reduce the Royalty Payments owed by more than [***]% of the Royalty Payments otherwise payable to Allorion with respect to such Licensed Product in such country during such Calendar Quarter under Section 12.7(a) (Royalty Payment).

(e) **Royalty Reports**. Following the First Commercial Sale of a Licensed Product for which Royalty Payments are due pursuant to this Section 12.7 (Royalties), and continuing for so long as Royalty Payments are due hereunder, Avenzo will, within [***] days after the end of each Calendar Quarter, provide Allorion with a royalty report (in a template agreed to by the Parties) showing, on a Licensed Product-by-Licensed Product and country-by-country basis:

(i) the gross sales and Net Sales of Licensed Products sold by Avenzo and its Affiliates and Sublicensees during such Calendar Quarter reporting period and supporting gross-to-net calculations;

(ii) the Royalty Payments in United States Dollars payable hereunder with respect to such Net Sales, with supporting calculations showing the applicable royalty rate applied and any royalty reductions taken pursuant to Section 12.7(d) (Royalty Reductions); and

(iii) the rate of exchange with supporting calculations, determined in accordance with Section 12.7 (Royalties), used by Avenzo in determining the amount of United States Dollars payable hereunder.

(f) **Royalty Payment**. After the receipt of each royalty report provided by Avenzo under Section 12.7(e) (Royalty Reports) above, Allorion will issue to Avenzo an invoice for the undisputed amount of Royalty Payments set forth therein. Avenzo will pay to Allorion the Royalty Payments for each Calendar Quarter within [***] days after the receipt of the invoice from Allorion. If no Royalty Payments are due for any Calendar Quarter following commencement of the reporting obligation, then Avenzo will so report.

12.8 Payment.

(a) **Mode of Payment**. All payments to be made under this Agreement will be made in U.S. Dollars and will be paid by electronic transfer in immediately available funds to such bank account in the United States as designated in writing by Allorion. All payments will be free and clear of any transfer fees or charges.

(b) **Currency Exchange Rate.** The rate of exchange to be used in computing the amount of currency equivalent in U.S. Dollars for calculating Net Sales in a Calendar Quarter (for purposes of both the Royalty Payment calculation and whether an Annual Net Sales Milestone Event has been achieved) will be made at the average actual foreign currency exchange rate for the month in which the expense is incurred or sale is made accordance to the exchange rates as published by *The Wall Street Journal* for such period, or such other source as the Parties may agree in writing.

(c) **Payment Timeline.** Except as otherwise provided in this Agreement, all payments to be made by one Party to the other Party under this Agreement will be due within [***] days following such Party's receipt of an invoice from the other Party.

12.9 Audits.

(a) Avenzo will keep, and will require its Affiliates and Sublicensees to keep (all in accordance with the GAAP), for a period not less than [***] years from the end of the Calendar Year to which they pertain, complete and accurate records in sufficient detail to properly reflect Net Sales and to enable any Milestone Payment payable hereunder to be determined. Allorion will keep complete and accurate records of all expenses incurred with respect to the CDK4 Program for a period of [***] years from the end of the Calendar Year in which such expenses are incurred. Avenzo shall have the right to request a report summarizing all CDK4 Program Expenses and such report shall be subject to inspection as provided in this Section 12.9 (Audits).

(b) The following inspection provisions shall apply to Avenzo as inspecting Party with respect to inspection of Allorion's records of expenses incurred with respect to the CDK4 Program Expenses to be reimbursed by Avenzo pursuant to Section 12.3 (Funding for Certain CDK4 Program Expenses), and to Allorion as inspecting Party with respect to inspection of records of Avenzo and its Affiliates and Sublicensees as described in Section 12.9(a) (Audits). Upon the written request of the inspecting Party, the Party whose records are subject to inspection will permit, and in the case of Avenzo will cause its Affiliates and Sublicensees to permit, an independent certified public accounting firm of nationally recognized standing selected by the inspecting Party, at the inspecting Party's expense, to have access during normal business hours upon reasonable prior written notice to the inspected Party to such records of the inspected Party or its Affiliates as may be reasonably necessary to inspect and verify the accuracy of the CDK4 Program Expenses (in the case of Allorion as the inspected Party) or the payments hereunder, including the basis of the calculations thereof (in the case of Avenzo as the inspected Party) for any Calendar Year ending not more than the preceding [***] years. Such inspections may not be conducted more frequently than once per year. No accounting period of the inspected Party may be subject to inspection more than one time by the inspecting Party. If such accounting firm concludes that an overpayment of CDK4 Program Expenses was made by Avenzo to Allorion or an underpayment of payments due by Avenzo to Allorion occurred, then (i) in the case of an overpayment of CDK4 Program Expenses, Allorion will repay the amount of such overpayment to Avenzo or (ii) in the case of underpayment of payments due by Avenzo to Allorion, Avenzo will pay the amount of such underpayment due to Allorion, in either case within [***] days following the date such accounting firm's written report is delivered to the Parties showing such overpayment or underpayment, as applicable. If such accounting firm concludes that an overpayment of amounts due by Avenzo to Allorion was made, then such overpayment will be credited against any future payment due to Allorion hereunder (if there is no future payment due, then Allorion will promptly refund such overpayment to Avenzo). The accounting firm will provide to each Party a copy of the report at the same time, which report will include the methodology and calculations used to determine the findings. The inspecting Party will bear the full cost of such audit unless such inspection concludes an overpayment of CDK4 Program Expenses was made by Avenzo or an underpayment by Avenzo of payments due by Avenzo to Allorion, in either case of more than [***]% of the amount otherwise payable for that inspected period, in which case the inspected Party will pay the actual fees and expenses charged by the accounting firm for such inspection.

(c) The inspecting Party will treat all financial information subject to review under this Section 12.9 (Audits) in accordance with the confidentiality provisions of Article 13 (Confidentiality; Publication), and, prior to commencing such audit, will cause its accounting firm to enter into a confidentiality agreement with the inspected Party obligating such accounting firm to treat all such financial information in confidence pursuant to such confidentiality provisions. Such accounting firm will not disclose Confidential Information of the inspected Party to the inspecting Party, except to the extent such disclosure is necessary to verify the accuracy of the financial reports furnished by the inspected Party or the amount of payments to or by the inspected Party under this Agreement.

12.10 Interest. Each Party will pay interest on any amounts payable by such Party that are overdue under this Agreement from the day payment was initially due at the prime or equivalent rate per annum quoted by *The Wall Street Journal* on the first Business Day after such payment is due; *provided, however*, that in no case will such interest rate exceed the highest rate permitted by Applicable Laws. The payment of such interest will not foreclose a Party from exercising any other rights it may have because any payment is overdue.

12.11 Taxes.

(a) **Withholding Tax.** All payments due and payable hereunder will be made without any deduction or withholding for or on account of any Tax except to the extent otherwise required by Applicable Laws. If Avenzo is required to withhold any Taxes, then Avenzo will (i) notify Allorion at least [****] days prior to making any such deduction or withholding and reasonably cooperate with Allorion to reduce or eliminate such deduction or withholding, (ii) make such deduction and withholding to the extent required; (iii) pay to the relevant Governmental Authority the amount withheld; and (iv) promptly forward to Allorion an official receipt (or certified copy) or other available documentation reasonably acceptable to Allorion necessary to effectuate or evidence such payment to such authorities. For the avoidance of doubt, Avenzo's remittance of such withheld Taxes to the appropriate Governmental Authority, together with payment to Allorion of the remaining amount owed under this Agreement, shall constitute full satisfaction of the applicable payment due to Allorion. In the event a Governmental Authority asserts that additional Taxes should have been withheld from a payment to Allorion, Allorion agrees to indemnify Avenzo for any withholding Taxes imposed on Avenzo with respect to such payments, together with any penalties and interest imposed in connection therewith; *provided that* (A) if such under-withholding was caused by the gross negligence or willful or intentional misconduct of Avenzo, Allorion shall not be required to indemnify Avenzo for the associated penalties and interest imposed in connection therewith, and (B) Avenzo shall promptly notify Allorion and provide Allorion with reasonable cooperation and the opportunity, in Allorion's good faith discretion, to contest any such assertion made by such Governmental Authority at Allorion's cost for out-of-pocket expenses incurred. At Avenzo's election and following the final judgment, settlement or compromise with respect to an assertion made by a Governmental Authority pursuant to the preceding sentence (or, if Allorion does not contest such Taxes, following the payment of such Taxes by Avenzo), (1) Avenzo may offset such amount from future payments due to Allorion under this Agreement, or (2) Allorion shall pay such amount to Avenzo promptly upon request. Notwithstanding the above, if withholding arises solely as a result of an assignment by Avenzo pursuant to Section 19.4 (Assignment) or as a result of a change in Avenzo's status as a C corporation organized under the Applicable Laws of Delaware and such withholding cannot be reduced through the cooperation of the Parties (using Commercially Reasonable Efforts), then Avenzo shall pay such additional amounts to Allorion as necessary so that the net amount received by Allorion, after all required deductions and withholdings (including with respect to such additional amounts), is an amount equal to the amount that it would have received had no such deductions or withholdings been made. The obligation to pay additional amounts pursuant to the

preceding sentence shall not apply, however, to the extent such withholding tax or increased withholding tax (x) would not have been imposed but for any assignment of this Agreement by Allorion as permitted under Section 19.4 (Assignment), or as a result of a change in Allorion's status as a C corporation organized under the Applicable Laws of Massachusetts or (y) is attributable to a failure by Allorion to comply with the tax documentation requirements of Section 12.11(c) (Cooperation). Allorion shall use Commercially Reasonable Efforts to obtain a refund or other cash tax savings in respect of any increased withholding tax due to an assignment or change in status of Avenzo for which Avenzo is liable under this Section 12.11(a) (Withholding Tax) by making a valid tax treaty claim or providing a similar tax certification, and to the extent that Allorion obtains such refund or recognizes cash tax savings as a result of such withholding tax liability, Allorion shall reimburse Avenzo an amount equal to such refund or cash tax savings; *provided, however*, that cash tax savings shall be determined in the Allorion tax year in which withholding tax was imposed and only to the extent cash tax savings are recognized after Allorion has first utilized all available other deductions, expenses, credits, carryforwards or other tax assets.

(b) **Indirect Taxes.** Notwithstanding any provision to the contrary set forth in this Agreement, all amounts stated herein are inclusive of any transfer, documentary, sales use, stamp, registration, consumption, goods and services, VAT, or other similar Taxes (each an "**Indirect Tax**"). In the event that any Indirect Tax is imposed under Applicable Law with respect to the transactions, payments or the related transfer of rights or other property pursuant to the terms of this Agreement, Allorion shall pay such Indirect Taxes (except for Indirect Taxes with respect to Section 12.3 (Funding for Certain CDK4 Program Expenses), which shall be paid by Avenzo). If Avenzo bears any Indirect Tax directly (other than Indirect Taxes with respect to (i) Section 12.3 (Funding for Certain CDK4 Program Expenses) or (ii) the drug material listed on Exhibit 9.1 (Transferred Drug Material)), then Allorion shall promptly reimburse Avenzo for such Tax; *provided that*, if Allorion bears any Indirect Taxes directly that are with respect to (A) Section 12.3 (Funding for Certain CDK4 Program Expenses) or (B) the drug material listed on Exhibit 9.1 (Transferred Drug Material), then Avenzo shall promptly reimburse Allorion for such Tax. Notwithstanding anything to the contrary in this paragraph, "Indirect Taxes" shall not include any Taxes taken into account in the determination of Net Sales and any Indirect Taxes that arise if Avenzo (or a United States corporate subsidiary of Avenzo) is not the payor.

(c) **Cooperation.** The Parties acknowledge and agree that it is their mutual objective and intent to minimize, to the extent permitted under the Applicable Laws, any Taxes payable in connection with this Agreement. The Parties will reasonably cooperate with each other in good faith in accordance with Applicable Laws to minimize any Taxes in connection with this Agreement, including by claiming any exemption from any required Taxes or withholdings (or additional Taxes or double taxation) and seeking any refund of Taxes paid or withheld, under any Applicable Law or regulation or treaty from time to time in force. The Parties will provide each other with any Tax forms or other documentation that may be reasonably necessary in order for the other not to withhold Tax or to withhold Tax at a reduced rate under an applicable bilateral income Tax treaty. Each Party shall provide to the other at least [***] days prior to the due date of the first payment to such Party under this Agreement (and from time to time thereafter upon the reasonable request of the other Party), an appropriate and properly completed Internal Revenue Service Form W-9.

ARTICLE 13 CONFIDENTIALITY; PUBLICATION

13.1 **Confidential Information.** Except as expressly provided in this Agreement, each Party agrees that, during the Term and for [***] years thereafter (or, with respect to Confidential Information that is a trade secret of the Disclosing Party, until such trade secret no longer qualifies as a trade secret under Applicable Law), such Party (the "**Receiving Party**") will keep confidential and will not publish or otherwise disclose and will not use for any purpose, other than as expressly provided for in this Agreement,

any information furnished to it by or on behalf of the other Party (the “**Disclosing Party**”) pursuant to this Agreement or under the Confidentiality Agreement (“**Confidential Information**”), whether before or after the Effective Date, and whether in written, electronic, oral, visual, graphic or any other form. The Receiving Party may use Confidential Information only to the extent required to exercise its rights or perform its obligations under this Agreement. The Receiving Party will use at least the same standard of care as it uses to protect proprietary or confidential information of its own, but no less than reasonable care, to ensure that its, and its Affiliates’, employees, agents, consultants and other representatives (“**Representatives**”) do not publish or disclose or make any unauthorized use of the Confidential Information of Disclosing Party. The Receiving Party will promptly notify the Disclosing Party upon discovery of any unauthorized use or disclosure of the Disclosing Party’s Confidential Information by the Receiving Party, its Affiliates or their respective Representatives; *provided* that any such notification will not be construed, or offered as evidence in any Dispute, as an admission of any wrongdoing by or on behalf of the Receiving Party, its Affiliates or their respective Representatives. Notwithstanding any provision to the contrary set forth in this Agreement, the terms of this Agreement and the Joint Collaboration Technology will be deemed the Confidential Information of both Parties, and each Party will be deemed to be the Receiving Party and Disclosing Party with respect thereto. Notwithstanding the foregoing, Confidential Information will not include information that the Receiving Party can prove by competent evidence:

(a) was already known by the Receiving Party, other than under an obligation of confidentiality, prior to the time of receiving such information from the Disclosing Party, as evidenced by its pre-existing written records;

(b) is, as of the Effective Date, or thereafter becomes, generally known or available to the public, other than through any act or omission of the Receiving Party in breach of this Agreement;

(c) was subsequently lawfully disclosed to the Receiving Party on a non-confidential basis by a Third Party, as a matter of right (*i.e.*, without breaching any obligation such Third Party may have to the Disclosing Party); or

(d) is independently discovered or developed by the Receiving Party, independently of the activities undertaken by the Receiving Party pursuant to this Agreement and without the use of or reference to Confidential Information furnished by the Disclosing Party, as evidenced by the Receiving Party’s contemporaneously maintained written records.

13.2 Permitted Disclosures. Notwithstanding the provisions of Section 13.1 (Confidential Information), the Receiving Party may disclose Confidential Information of the Disclosing Party as expressly permitted by this Agreement, or if and to the extent such disclosure is reasonably necessary in the following instances:

(a) Prosecuting Patents as permitted by this Agreement;

(b) subject to Section 13.3(a) (Generally), prosecuting or defending litigation as permitted by this Agreement;

(c) subject to Section 13.3(a) (Generally), complying with valid order of a court of competent jurisdiction or other Governmental Authority, or other judicial or administrative process, or if in the reasonable opinion of the Receiving Party’s legal counsel, such disclosure is otherwise required by Applicable Law, in each case, other than disclosure of the terms of this Agreement to a Securities Regulator;

(d) subject to Section 13.3(b) (Securities Filings), disclosure of the terms of this Agreement to the U.S. Securities and Exchange Commission or any national securities exchange on which the Receiving Party's securities are traded (each, a "Securities Regulator");

(e) disclosure in Regulatory Submissions that the Receiving Party has the right to make under this Agreement;

(f) disclosure to the Receiving Party, its Affiliates and their respective Representatives, and the Receiving Party's Sublicensees (or, with respect to Allorion, sublicensees), in each case, who have a need to know such information in order for the Receiving Party to exercise its rights or fulfill its obligations under this Agreement, *provided*, in each case, that any such Affiliate, Representative or Sublicensee (or, with respect to Allorion, sublicensees) agrees to be bound by terms of confidentiality and non-use at least as stringent as those set forth in this Article 13 (Confidentiality; Publication);

(g) disclosure of the existence and applicable terms of this Agreement and the status and results of the Exploitation of one or more Licensed Products by such Receiving Party in its territory, in each case, to actual or *bona fide* potential investors, acquirers, licensees, Sublicensees (or, in the case of Allorion, (sub)licensees), lenders, and other financial or commercial partners (including in connection with any Securitization Transaction), and their respective attorneys, accountants, banks, investors, and advisors, solely for the purpose of evaluating or carrying out or performing an actual or potential investment, acquisition, license, sublicense, debt transaction, royalty financing, or collaboration; *provided* that, in each such case, on the condition that such Persons are bound by obligations of confidentiality, non-disclosure, and non-use obligations at least as restrictive or protective of the Parties as those set forth in this Agreement or otherwise customary for such type and scope of disclosure and that any such disclosure is limited to the maximum extent practicable for the particular context in which it is being disclosed; and

(h) presenting, disclosing and discussing general information about the existence of the Agreement and the general progress of the Licensed Products in such Receiving Party's territory at investor press conferences, earnings calls, or similar events, *provided* that neither Party will, in any such permitted disclosure, disclose the financial terms relating to the Licensed Products or this Agreement without the prior written consent of the other Party unless such terms have already been disclosed with a Securities Regulator or in a permitted press release or other permitted public announcement pursuant to Sections 13.2(d) (Permitted Disclosures) or Section 13.6 (Public Announcements).

13.3 Confidential Treatment.

(a) **Generally.** In the event the Receiving Party is required to make a disclosure of the Disclosing Party's Confidential Information pursuant to Section 13.2(b) (Permitted Disclosures) or Section 13.2(c) (Permitted Disclosures), it will, except where prohibited by Applicable Law or judicial or administrative process, (i) give reasonable advance notice to the Disclosing Party of such required disclosure, (ii) use efforts to secure confidential treatment of such information at least as diligent as the Receiving Party would use to protect its own Confidential Information, but in no event less than reasonable efforts and (iii) cooperate with any lawful efforts by the Disclosing Party, at the Disclosing Party's request and expense, to contest such disclosure, to obtain a protective order for the Confidential Information required to be disclosed, or to secure other confidential treatment of such Confidential Information. In the event that no such protective order or other remedy is obtained, or the Disclosing Party waives compliance with certain terms of this Article 13 (Confidentiality; Publication), then the Receiving Party will furnish only that portion of Confidential Information that the Receiving Party is advised by legal counsel is legally required to be disclosed. Disclosure by the Receiving Party of Confidential Information in accordance with Section 13.2(b) (Permitted Disclosures) or Section 13.2(c) (Permitted Disclosures) will not, in and of itself, cause the information so disclosed to cease to be treated as Confidential Information under this Agreement, except to the extent that, by virtue of disclosure by the Receiving Party in full compliance with this Section 13.2 (Permitted Disclosures), such information becomes generally known or available. In any event, the Receiving Party agrees to take all reasonable action to avoid disclosure of Confidential Information hereunder.

(b) **Securities Filings.** In the event the Receiving Party is required to make a disclosure of the terms of this Agreement to a Securities Regulator pursuant to Section 13.2(d) (Permitted Disclosures), such Party will, within a reasonable time prior to any such filing (and to the extent possible at least [***] Business Days prior to any such filing), provide the other Party with a copy of this Agreement showing any provisions hereof as to which such Party proposes to request confidential treatment, will provide the other Party with an opportunity to comment on any such proposed redactions and to suggest additional redactions, and will take such Party's reasonable comments into consideration before filing such copy of this Agreement and use reasonable efforts to have terms identified by such other Party afforded confidential treatment by the applicable regulatory agency; *provided* that each Party will ultimately retain control over what information to disclose to any Securities Regulator to the extent such Party determines, on the advice of legal counsel, that disclosure is reasonably necessary to comply with Applicable Law, and *provided, further*, that the Parties will use their reasonable efforts to file redacted versions of this Agreement with any Securities Regulator that are consistent with redacted versions previously filed with any other Securities Regulator(s).

13.4 Use of Names. Subject to Section 13.6 (Public Announcements), neither Party nor any of its Affiliates will mention or otherwise use the name, logo or trademark of the other Party or any of its Affiliates in any publication, press release, marketing and promotional material or other form of publicity in connection with this Agreement or activities hereunder without the prior written approval of such other Party; *provided* that such consent will not be required for a Party's use of the other Party's name and company logo to identify such other Party as a collaborator on such first Party's website and in public presentations.

13.5 Publication of Licensed Product Information.

(a) **Publication Rights.** During the Term, (i) Allorion will be permitted to make publications solely with respect to the results of its Development activities, including Clinical Trials, with respect to the Licensed Products in the Allorion Territory and will have the sole and exclusive right to publish on the foregoing, and (ii) Avenzo will be permitted to make publications solely with respect to the results of its Development activities, including Clinical Trials, with respect to the Licensed Products in the Avenzo Territory or Allorion Territory and will have the sole and exclusive right to publish on the foregoing; *provided* that the publishing Party shall coordinate with the other Party on the publication or presentation of any materials with respect to the Licensed Products by the publishing Party prior to any such publication or presentation, and any such publications or presentations shall be subject to the other Party's review and comment.

(b) **Review and Comment.** Each Party will have the right to review and comment on any material proposed for publication or public oral or visual presentation by the other Party that includes Confidential Information of such Party. Before any such material is submitted for publication, each Party will deliver a complete copy to the other Party at least [***] days prior to submitting the material to a publisher or initiating any other disclosure. Such other Party will review any such material and give its comments to the Party within [***] days of the delivery of such material to such other Party. With respect to public oral presentation materials and abstracts, each Party will make reasonable efforts to expedite review of such materials and abstracts, and will return such items as soon as practicable to the other Party with appropriate comments, if any, but in no event later than [***] days from the date of delivery to such Party. Each Party will comply with the other Party's request to delete references to such other Party's

Confidential Information in any such material. In addition, if any such publication contains patentable subject matter, then at the non-publishing Party's request, the publishing Party will either delete the patentable subject matter from such publication or delay any submission for publication or other public disclosure for a period of up to an additional [***] days so that appropriate Patent applications may be prepared and filed.

13.6 Public Announcements. The Parties have agreed upon the content of a joint press release that will be issued substantially in the form attached hereto as Exhibit 13.6, and the release of which the Parties will coordinate in order to accomplish the same promptly upon execution and delivery of this Agreement. Except as may be expressly permitted under Section 13.2 (Permitted Disclosures), this Section 13.6 (Public Announcements) or Section 13.5 (Publication of Licensed Product Information), neither Party nor its Affiliates will make any public announcement concerning this Agreement, its subject matter or the transactions described herein without first obtaining the approval of the other Party and agreement upon the nature, text and timing of such announcement, which approval and agreement will not be unreasonably withheld or delayed. The Party desiring to make any such public announcement will provide the other Party with a written copy of the proposed announcement in reasonably sufficient time prior to public release to allow the other Party to comment upon such announcement prior to public release. Neither Party will be required to seek the permission of the other Party to repeat any information regarding the terms of this Agreement or any amendment hereto that has already been publicly disclosed by such Party or by the other Party in accordance with the terms of this Agreement; *provided* that such information remains accurate and the most current information with respect to the applicable subject matter as of such time.

13.7 Prior Non-Disclosure Agreements. Upon execution of this Agreement, the terms of this Article 13 (Confidentiality; Publication) will supersede any prior non-disclosure, secrecy or confidentiality agreement between the Parties, including the Confidentiality Agreement and the Exclusivity Letter. Any information disclosed under such prior agreements by Allorion will be deemed disclosed by Allorion under this Agreement, and any information disclosed under such prior agreements by Avenzo will be deemed disclosed by Avenzo under this Agreement.

ARTICLE 14 REPRESENTATIONS, WARRANTIES, AND COVENANTS

14.1 Representations and Warranties of Each Party. Each Party represents and warrants to the other Party as of the Effective Date that:

(a) it is a company or corporation duly organized, validly existing, and in good standing under the laws of the jurisdiction in which it is incorporated, and has full corporate power and authority and the legal right to own and operate its property and assets and to carry on its business as it is now being conducted and as contemplated in this Agreement, including the right to grant the licenses granted by it hereunder;

(b) (i) it has the corporate power and authority and the legal right to enter into this Agreement and perform its obligations hereunder; (ii) it has taken all necessary corporate action on its part required to authorize the execution and delivery of this Agreement and the performance of its obligations hereunder; and (iii) this Agreement has been duly executed and delivered on behalf of such Party, and constitutes a legal, valid, and binding obligation of such Party that is enforceable against it in accordance with its terms;

(c) it is not a party to any agreement that would prevent it from granting the rights granted to the other Party under this Agreement or performing its obligations under this Agreement;

(d) all consents, approvals and authorization from all Governmental Authorities or other Third Parties required to be obtained by such Party in connection with execution of this Agreement have been obtained;

(e) to its Knowledge, neither it nor any of its subsidiaries nor any of their Affiliates, directors, officers, employees, distributors, agents, representatives, sales intermediaries or other Third Parties acting on behalf of such Party or any of its subsidiaries or any of their Affiliates:

(i) has taken or will take any action in violation of any applicable anticorruption law, including the U.S. Foreign Corrupt Practices Act (15 U.S.C. § 78 dd-1 et seq.); or

(ii) has corruptly, offered, paid, given, promised to pay or give, or authorized or will corruptly, offer, pay give, promise to pay or give or authorize, the payment or gift of anything of value, directly or indirectly, to any Public Official, for the purposes of:

(A) influencing any act or decision of any Public Official in his or her official capacity;

(B) inducing such Public Official to do or omit to do any act in violation of his or her lawful duty;

(C) securing any improper advantage; or

(D) inducing such Public Official to use his or her influence with a government, governmental entity, or commercial enterprise owned or controlled by any government (including state-owned or controlled veterinary or medical facilities) in obtaining or retaining any business whatsoever; and

(f) none of the officers, directors, employees, of such Party or of any of its Affiliates or agents acting on behalf of such Party or any of its Affiliates, in each case, that are employed or reside outside the U.S., are themselves Public Officials.

14.2 Additional Representations and Warranties of Allorion. Allorion represents and warrants to Avenzo that as of the Effective Date, except as otherwise disclosed in Exhibit 14.2:

(a) Allorion is the sole owner of the Licensed Technology and has the right under the Licensed Technology to grant all rights and licenses to Avenzo as purported to be granted pursuant to this Agreement;

(b) Exhibit 1.136 sets forth a complete and accurate list of all Patents in the Avenzo Territory Controlled by Allorion or its Affiliates as of the Effective Date Covering or related to any ARTS-021 Product, CDK4 Product or CDK2/CDK4 Combination Product (including any ARTS-021 Molecule or CDK4 Molecule contained therein) or that are necessary or reasonably useful for the Exploitation of such ARTS-021 Product, CDK4 Product or CDK2/CDK4 Combination Product (including any ARTS-021 Molecule or CDK4 Molecule contained therein) in the Field in the Avenzo Territory;

(c) neither Allorion nor any of its Affiliates has granted or is contractually obligated to grant any right or license to any Third Party that would conflict with the rights or licenses granted to Avenzo under this Agreement;

(d) Allorion, its Affiliates, and its and their employees, and to Allorion's Knowledge, its and their consultants and contractors, in each case, involved in the ARTS-021 Program or the CDK4 Program are not, and have not been, debarred or disqualified by any Regulatory Authority as of the Effective Date, and have complied in all material respects with all Applicable Laws in connection with conducting each of the ARTS-021 Program and the CDK4 Program;

(e) neither Allorion nor any of its Affiliates has received any written notice or threat in writing from any Third Party asserting or alleging that any activities with respect to the ARTS-021 Program or the CDK4 Program by or on behalf of Allorion or its Affiliates prior to the Effective Date infringed, misappropriated, or otherwise violated any intellectual property rights of such Third Party;

(f) to its Knowledge, the conduct of the CDK4 Preclinical Development Work will not infringe any Patents or misappropriate any Know-How or other intellectual property rights of any Third Party;

(g) no claim or action has been brought against Allorion or any of its Affiliates or, to Allorion's Knowledge, threatened in writing to Allorion or any of its Affiliates, by any Third Party relating to any of the Licensed Technology; and, to Allorion's Knowledge, no interference, opposition, cancellation or other protest proceeding has been filed against a Licensed Patent;

(h) as of the effective date of the Exclusivity Letter, Allorion has not and has not caused any representative to, directly or indirectly, (i) take any action to encourage, solicit, initiate, facilitate or enter into any transaction or alternative proposal for the ARTS-021 Program or CDK4 Program other than as described herein or (ii) respond to, continue, initiate or engage in discussions or negotiations concerning any such alternative proposal with, or disclose in connection with any alternative proposal, any nonpublic information relating to the ARTS-021 Program or CDK4 Program to any Person (except Avenzo and its representatives); and

(i) Allorion has provided to Avenzo all material documentation, data, and information under its control requested by Avenzo related to the ARTS-021 Products or CDK4 Products.

14.3 Additional Representations and Warranties of Avenzo. Avenzo represents and warrants to Allorion that as of the Effective Date:

(a) it does not Control any Patents that, absent a license grant to Allorion, would be infringed by the Exploitation of a Licensed Molecule or a Licensed Product by Allorion in the Allorion Territory;

(b) there are no legal claims, judgments or settlements against or owed by Avenzo or its Affiliates, or pending or, to Avenzo's or its Affiliates' Knowledge, threatened, legal claims or litigation, in each case, relating to antitrust, anti-competition, anti-bribery or corruption violations, including under any Anti-Corruption Laws; and

(c) Avenzo, its Affiliates, and its and their employees, and to Avenzo's Knowledge, its and their consultants and contractors, that would be involved in any Licensed Program are not, and have not been, debarred or disqualified by any Regulatory Authority.

(a) Each Party covenants to the other Party that in the course of performing its obligations or exercising its rights under this Agreement, it will, and will cause its Affiliates to, comply with the terms of this Agreement, all Applicable Laws, including as applicable, cGMP, GCP, GLP, and GSP standards, and will not employ or engage any party who has been debarred by any Regulatory Authority, or, to such Party's Knowledge, is the subject of debarment proceedings by a Regulatory Authority.

(b) Allorion or its Affiliates will retain Control during the Term of all (i) Licensed Technology and Greater China Technology that is Controlled by Allorion or any of its Affiliates as of the Effective Date, and (ii) any Allorion Collaboration Technology and Joint Collaboration Technology that, if Controlled by Allorion or its Affiliates, would be included in the definition of Licensed Technology or Greater China Technology, as applicable. Allorion will not enter into any agreement with any Third Party that is in conflict with the rights granted to Avenzo under this Agreement and will not take any action that would prevent it from granting the rights granted to Avenzo under this Agreement or that would otherwise conflict with or adversely affect the rights granted to Avenzo under this Agreement.

(c) Avenzo will use reasonable efforts to ensure that any licenses or other rights it obtains under Third Party Know-How or Patents in connection with the Exploitation of Licensed Molecules or Licensed Products includes a right to grant a sublicense to Allorion in the Field under any rights that would be licensed, following a termination event, to Allorion hereunder as Grant-Back Technology.

(d) **Compliance with Anti-Corruption Laws.** Each Party hereby covenants to the other Party that:

(i) it will not, in the performance of this Agreement, perform any actions that are prohibited by local and other anti-corruption laws (including the provisions of the U.S. Foreign Corrupt Practices Act, the U.K. Anti-Bribery Law, and the Anti-Corruption Act of the PRC, collectively "**Anti-Corruption Laws**") that may be applicable to such Party to this Agreement;

(ii) it will not, in the performance of this Agreement, directly or indirectly, make any payment, or offer or transfer anything of value, or agree or promise to make any payment or offer or transfer anything of value, to a government official or government employee, to any political party or any candidate for political office or to any other Third Party with the purpose of influencing decisions related to either Party or its business in a manner that would violate Anti-Corruption Laws;

(iii) it will, on request by the other Party, verify in writing that to such Party's Knowledge, there have been no violations of Anti-Corruption Laws by such Party or persons employed by or subcontractors used by such Party in the performance of this Agreement, or will provide details of any exception to the foregoing; and

(iv) it will maintain records (financial and otherwise) and supporting documentation related to the subject matter of this Agreement in order to document or verify compliance with the provisions of this Section 14.4(d) (Compliance with Anti-Corruption Laws), and upon request of the other Party, upon reasonable advance notice, will provide a Third Party auditor mutually acceptable to the Parties with access to such records for purposes of verifying compliance with the provisions of this Section 14.4(d) (Compliance with Anti-Corruption Laws). Acceptance of a proposed Third Party auditor may not be unreasonably withheld or delayed by either Party. It is expressly agreed that the costs related to the Third Party auditor will be fully paid by the Party requesting the audit, and that any auditing activities may not unduly interfere with the normal business operations of Party subject to such auditing activities. The audited Party may require the Third Party auditor to enter into a reasonable confidentiality agreement in connection with such an audit.

(e) **Compliance with Export Control Laws.** Each Party hereby covenants to each other that:

(i) it will conduct its activities under this Agreement in compliance with applicable Export Control Laws; and

(ii) it shall not, directly or indirectly, export, reexport, transfer, divert, or release any materials, technology, or software (each an "item") to any prohibited country, territory, entity, individual, or for any prohibited end-use, unless authorized pursuant to Export Control Laws.

(f) Avenzo has the right to terminate this Agreement effectively immediately in the event that Allorion becomes a party with whom Avenzo is prohibited from dealing pursuant to Export Control Laws or Avenzo otherwise reasonably determines that its obligations to comply with Export Control Laws preclude performance.

14.5 NO OTHER REPRESENTATIONS OR WARRANTIES. EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, WHETHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR NON-MISAPPROPRIATION OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS, ARE MADE OR GIVEN BY OR ON BEHALF OF A PARTY. ALL SUCH REPRESENTATIONS AND WARRANTIES, WHETHER ARISING BY OPERATION OF LAW OR OTHERWISE, ARE HEREBY EXPRESSLY EXCLUDED.

ARTICLE 15 INDEMNIFICATION

15.1 By Avenzo. Avenzo will indemnify, defend and hold harmless Allorion and its Affiliates, and their directors, officers, employees and agents (individually and collectively, the "**Allorion Indemnatee(s)**"), from and against all losses, liabilities, damages and expenses (including reasonable attorneys' fees and costs) (individually and collectively, "**Losses**") incurred by them in connection with any claims, demands, actions or other proceedings by any Third Party (individually and collectively, "**Claims**") arising after the Effective Date to the extent arising from any of the following, as applicable: (a) the Exploitation of any ARTS-021 Molecule, ARTS-021 Product, CDK4 Molecule, CDK4 Product, or CDK2/CDK4 Combination Product, in each case, in the Avenzo Territory or Allorion Territory by or under the authority of Avenzo or any of its Affiliates, Sublicensees or any other Avenzo Indemnatee, (b) the gross negligence or willful or intentional misconduct of Avenzo or any of its Affiliates, Sublicensees or any other Avenzo Indemnatee, or (c) Avenzo's or any of its Affiliate's breach of any of its representations, warranties, or covenants made in or pursuant to this Agreement, in each case (a) through (c), except to the extent such Losses arise from, are based on, or result from any activity or occurrence for which Allorion is obligated to indemnify the Avenzo Indemnitees pursuant to Section 15.2 (By Allorion).

15.2 By Allorion. Allorion will indemnify, defend and hold harmless Avenzo and its Affiliates, and their directors, officers, employees and agents (individually and collectively, the "**Avenzo Indemnatee(s)**"), from and against all Losses incurred by them in connection with any Claims to the extent arising from any of the following, as applicable: (a) the Exploitation of any ARTS-021 Molecule, ARTS-021 Product, CDK4 Molecule, CDK4 Product, or CDK2/CDK4 Combination Product, in each case, in the Allorion Territory or any Terminated Products in the Avenzo Territory, including the conduct of activities under the Global Development Plan(s) or any CDK4 Preclinical Development Work by or under the authority of Allorion or any of its Affiliates, licensees (or other than Avenzo) or sublicensees or any other Allorion Indemnatee, (b) the gross negligence or willful or intentional misconduct of Allorion or any of its

Affiliates, licensees (other than Avenzo), sublicensees or other Allorion Indemnitee, or (c) Allorion's breach of any of its representations, warranties, or covenants made in or pursuant to this Agreement, in each case (a) through (c) above, except to the extent such Losses arise from, are based on, or result from any activity or occurrence for which Avenzo is obligated to indemnify the Allorion Indemnitees pursuant to Section 15.1 (By Avenzo).

15.3 Procedure. A Party that intends to claim indemnification under this Article 15 (Indemnification) (the "**Indemnitee**") with respect to any Claim will: (a) notify the other Party (the "**Indemnitor**") in writing of such Claim as soon as reasonably practicable after it receives notice of such Claim (it being understood that the Indemnitee's failure to deliver written notice of such Claim to the Indemnitor within a reasonable time after the Indemnitee receives notice of such Claim, will relieve the Indemnitor of its indemnification obligations under Section 15.1 (By Avenzo) or Section 15.2 (By Allorion), as applicable, with respect to such Claim only to the extent such failure is prejudicial to the Indemnitor's ability to defend such Claim); (b) permit the Indemnitor to assume direction and control of the defense of the Claim (including the right to settle the claim solely for monetary consideration) using counsel reasonably satisfactory to the Indemnitee; and (c) cooperate fully with the Indemnitor and its legal representatives in the investigation and defense of the Claim, as requested by the Indemnitor (at the expense of the Indemnitor). If the Indemnitor does not assume control of such defense within [***] days after receiving notice of the Claim from the Indemnitee, then the Indemnitee will control such defense and, without limiting the Indemnitor's indemnification obligations, the Indemnitor will reimburse the Indemnitee for all documented costs, including reasonable attorney fees, incurred by the Indemnitee in defending itself within [***] days after receipt of any invoice therefor from the Indemnitee. The Party not controlling such defense may participate therein at its own expense. The Party controlling such defense will keep the other Party advised of the status of such Claim and the defense thereof and will consider recommendations made by the other Party with respect thereto. The Indemnitee will not agree to any settlement of such Claim without the prior written consent of the Indemnitor, which will not be unreasonably withheld, delayed or conditioned. The Indemnitor will not agree to any settlement of such Claim or consent to any judgment in respect thereof that does not include a complete and unconditional release of the Indemnitee from all liability with respect thereto, that imposes any liability or obligation on the Indemnitee or that acknowledges fault by the Indemnitee; in each case, without the prior written consent of the Indemnitee.

15.4 Insurance. Each Party, at its own expense, will obtain and maintain, during the Term and for [***] years thereafter, reasonable insurance, including commercial general liability insurance, worker's compensation insurance and product liability insurance, at levels adequate to cover its obligations hereunder and consistent with industry standards. Each Party will furnish to the other Party on request certificates issued by the insurance company setting forth the amount of the liability insurance. It is understood that such insurance will not be construed to create a limit of either Party's liability with respect to its indemnification obligations under this Article 15 (Indemnification) or otherwise.

15.5 LIMITATION OF LIABILITY. SUBJECT TO AND WITHOUT LIMITING (A) AMOUNTS PAID TO THIRD PARTIES IN CONNECTION WITH THE INDEMNIFICATION OBLIGATIONS OF EACH PARTY WITH RESPECT TO CLAIMS UNDER SECTION 15.1 (BY AVENZO) OR SECTION 15.2 (BY ALLORION), (B) LIABILITY AS A RESULT OF A BREACH OF ARTICLE 13 (CONFIDENTIALITY; PUBLICATION), OR (C) LIABILITY FOR BREACH OF COVENANTS UNDER SECTION 5.8 (NON-COMPETE), NEITHER PARTY OR ANY OF ITS AFFILIATES WILL BE LIABLE TO THE OTHER PARTY UNDER ANY CONTRACT, WARRANTY, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY FOR ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, MULTIPLIED OR CONSEQUENTIAL DAMAGES OR FOR LOST PROFITS (EVEN IF DEEMED DIRECT DAMAGES) ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT.

ARTICLE 16
INTELLECTUAL PROPERTY

16.1 Ownership.

(a) As between the Parties, each Party will retain all rights, title, and interests in and to all Know-How, Patents, and other intellectual property rights Controlled by such Party as of the Effective Date or that come into the Control of such Party outside of the performance of activities under this Agreement. Without limiting the foregoing, as between the Parties, Allorion and its Affiliates will remain the sole and exclusive owner of all Licensed Technology and Greater China Technology.

(b) Ownership of all Collaboration Technology will be allocated based on inventorship, as determined in accordance with the rules of inventorship under the U.S. patent laws. As between the Parties, subject to any rights or licenses expressly granted or assigned by one Party to the other Party under this Agreement (including under Section 17.8(a) (Assignment of Product Improvements)): (i) Allorion is and will be the sole owner of all Allorion Collaboration Technology, (ii) Avenzo is and will be the sole owner of all Avenzo Collaboration Technology, and (iii) Allorion and Avenzo will jointly own all Joint Collaboration Technology. Each Party will own an undivided equal interest in the Joint Collaboration Technology, without a duty of accounting or an obligation to seek consent from the other Party for the exploitation or license of the Joint Collaboration Technology (subject to the licenses granted to the other Party under this Agreement), and each Party hereby waives any right it may have under the laws of any jurisdiction to require any such accounting or consent.

16.2 Disclosure of Necessary Product Improvement Technology and Avenzo Manufacturing Technology. During the Term, Avenzo will promptly disclose to Allorion all Necessary Product Improvement Technology and Avenzo Manufacturing Technology (excluding, for clarity, [***]), including all invention disclosure or other similar documents submitted to Avenzo by its or its Affiliates' employees, agents, or independent contractors relating to such Necessary Product Improvement Technology or Avenzo Manufacturing Technology. Avenzo will promptly respond to reasonable requests from Allorion for additional information relating to such Necessary Product Improvement Technology or Avenzo Manufacturing Technology, and provide reasonable technical support and assistance to Allorion or its designee with respect to the use and practice of such Necessary Product Improvement Technology and Avenzo Manufacturing Technology for up to [***] days following such disclosure.

16.3 Prosecution.

(a) **Avenzo Controlled Patents.** As between the Parties, Avenzo shall have the first right, but not the obligation, to Prosecute all (i) Joint Collaboration Patents in the Avenzo Territory and (ii) Licensed Patents with respect to any Licensed Molecule or Licensed Product, excluding, for clarity, [***] (collectively, the "**Avenzo Controlled Patents**") using counsel of Avenzo's choice and at Avenzo's sole cost and expense. All Licensed Patents that Cover a CDK4 Molecule, CDK4 Product, or CDK2/CDK4 Combination Product shall automatically be Avenzo Controlled Patents (and cease to be Allorion Controlled Patents) upon the CDK4 License Option Exercise. Avenzo will (A) keep Allorion reasonably informed of progress with regard to the Prosecution of the Avenzo Controlled Patents; (B) provide to Allorion copies of all material patent office submissions and correspondence with respect to the Avenzo Controlled Patents; and (C) provide Allorion a reasonable opportunity to comment thereon, and Avenzo will consider incorporating any timely comments in good faith.

(b) **Allorion Step-in Rights.** In the event that Avenzo intends to abandon or cease the Prosecution of any Avenzo Controlled Patent, Avenzo will provide reasonable prior written notice to Allorion of such intention to abandon or cease such Prosecution (which notice will be given no later than [***] days prior to the next deadline for any action that must be taken with respect to any such Avenzo Controlled Patent in the relevant patent office). In such case, at Allorion's request, Allorion shall have the right, but not the obligation, to assume responsibility for Prosecution of such Avenzo Controlled Patent. Upon such assumption, Allorion shall control the Prosecution of such Avenzo Controlled Patent subject to the same terms and conditions set forth in this Section 16.3(b) (Allorion Step-in Rights) as applicable to Avenzo, using counsel of Allorion's choice at its cost and expense; *provided that*, notwithstanding the foregoing, Allorion's Prosecution of such Avenzo Controlled Patent will not be subject to any review or comment right of, or any other oversight or right of participation by, Avenzo.

(c) **Allorion Controlled Patents.** As between the Parties, Allorion shall have the first right, but not the obligation, to Prosecute all (i) Joint Collaboration Patents in the Allorion Territory, and (ii) until the CDK4 License Option Exercise, Licensed Patents that Cover only a CDK4 Molecule, CDK4 Product, or CDK2/CDK4 Combination Product and (iii) Greater China Patents (collectively, the "**Allorion Controlled Patents**") using counsel of Allorion's choice and at Allorion's sole cost and expense. Allorion will (A) keep Avenzo reasonably informed of progress with regard to the Prosecution of the Allorion Controlled Patents; (B) provide to Avenzo copies of all material patent office submissions and correspondence with respect to the Allorion Controlled Patents; and (C) provide Avenzo a reasonable opportunity to comment thereon, and Allorion will consider incorporating any timely comments in good faith.

(d) **Avenzo Step-in Rights.** In the event that Allorion intends to abandon or cease the Prosecution of any Allorion Controlled Patent, Allorion will provide reasonable prior written notice to Avenzo of such intention to abandon or cease such Prosecution (which notice will be given no later than [***] days prior to the next deadline for any action that must be taken with respect to any such Allorion Controlled Patent in the relevant patent office). In such case, at Avenzo's request, Avenzo shall have the right, but not the obligation, to assume responsibility for Prosecution of such Allorion Controlled Patent. Upon such assumption, Avenzo shall control the Prosecution of such Allorion Controlled Patent subject to the same terms and conditions set forth in this Section 16.3(d) (Avenzo Step-in Rights) as applicable to Allorion, using counsel of Avenzo's choice at its cost and expense; *provided that*, notwithstanding the foregoing, Avenzo's Prosecution of such Allorion Controlled Patent will not be subject to any review or comment right of, or any other oversight or right of participation by, Allorion.

(e) **Cooperation.** Each Party will cooperate with the other Party in connection with all activities relating to the Prosecution of the Licensed Patents, Joint Collaboration Patents and Greater China Patents undertaken by such other Party pursuant to this Section 16.3 (Prosecution), including: (i) executing all papers and instruments, or requiring its employees or contractors, to execute such papers and instruments, so as to effectuate the ownership of Collaboration Technology set forth in Section 16.1 (Ownership), and to enable the other Party to Prosecute the Licensed Patents, Joint Collaboration Patents or Greater China Patents as permitted by this Section 16.3 (Prosecution); and (ii) promptly informing the other Party of any matters coming to such Party's attention that may affect the Prosecution of any Licensed Patent, Joint Collaboration Patent or Greater China Patent. Each Party will also promptly provide to the other Party all information reasonably requested by such other Party with regard to such Party's activities pursuant to this Section 16.3 (Prosecution).

16.4 Defense of Third Party Infringement Claims. If any Licensed Product or a Party becomes the subject of a Third Party's claim or assertion of infringement of the Patents of such Third Party relating to the Exploitation of any Licensed Molecule or Licensed Product (each, a **"Third Party Infringement Claim"**), the Party first becoming aware of the Third Party Infringement Claim will promptly notify the other Party in writing. Allorion will have the sole right to control the defense of any Third Party Infringement Claim involving alleged infringement of a Third Party Patent by Allorion's activities at its own expense and by counsel of its own choice, and Avenzo will have the right, at its own expense, to be represented in any such action by counsel of its own choice. Avenzo will have the sole right to control the defense of any Third Party Infringement Claim involving alleged infringement of a Third Party Patent by Avenzo's activities at its own expense and by counsel of its own choice, and Allorion will have the right, at its own expense, to be represented in any such action by counsel of its own choice. Neither Party will enter into any settlement of any Third Party Infringement Claim: (a) in a manner that would diminish the rights or interests of the other Party with respect to the Licensed Products without the written consent of such other Party, which will not be unreasonably withheld; or (b) that would impose any cost, obligation, or liability on the other Party, or admit the invalidity or unenforceability of any Patent that is Controlled by the other Party, without such other Party's prior written consent, which may be withheld in such other Party's sole discretion. This Section 16.4 (Defense of Third Party Infringement Claims) shall not limit or exclude either Party's rights to indemnification pursuant to Article 15 (Indemnification).

16.5 Enforcement.

(a) **Notice.** Each Party will promptly notify the other Party in writing of any alleged or threatened infringement of any Licensed Patent, Greater China Patent or Joint Collaboration Patent of which it becomes aware or of any action or threatened action seeking a declaratory judgment of non-infringement of a Licensed Patent, Greater China Patent or Joint Collaboration Patent of which it becomes aware, in each case, **[***]** ("**Competitive Infringement**").

(b) **Avenzo's First Right to Enforce.** As between the Parties, Avenzo will have the first right, but not the obligation, to bring and control any other action or proceeding regarding Competitive Infringement of any Avenzo Controlled Patent in the Avenzo Territory, or to defend against any challenge to any of the foregoing, at its own expense and by counsel of its own choice. Avenzo will keep Allorion reasonably informed of the status and progress of such action or proceeding. In addition, Avenzo shall provide Allorion with drafts of all material papers to be filed with the court or patent office, as applicable, in connection with such action or proceeding to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office (excluding any information that is confidential to a Third Party), and shall consider in good faith all timely reasonable comments thereto by Allorion before filing such papers. Allorion shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(c) **Allorion's Step-In Right to Enforce.** If (i) Avenzo elects not to commence an action or proceeding that Avenzo has the first right to bring and control pursuant to Section 16.5(b) (Avenzo's First Right to Enforce), or settle or otherwise secure the abatement of such Competitive Infringement, or (ii) Avenzo fails to commence any such action or proceeding pursuant to Section 16.5(b) (Avenzo's First Right to Enforce) within (A) **[***]** days following a written request by Allorion to do so, or (B) **[***]** days before the time limit, if any, set forth in the Applicable Laws for the filing of such action or proceeding, whichever comes first, then Allorion will have the right to bring and control any such action or proceeding, at its own expense and by counsel of its own choice, and Avenzo will have the right, at its own expense, to be represented in any such action by counsel of its own choice. In such event and to the extent time permits, promptly after Avenzo's notice to Allorion that it does not elect to enforce such Avenzo Controlled Patent or to defend against such challenge or commence any such action or proceeding, the Parties shall meet to discuss in good faith the reasons for Avenzo's decision not to enforce the applicable Patent and the strategy for enforcing such Avenzo Controlled Patent or defending against such challenge or commencing such action or proceeding. Avenzo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(d) **Allorion's Right to Enforce.** As between the Parties, Allorion shall have the (i) sole right as it pertains to any Allorion Controlled Patent other than the Greater China Patents, and (ii) the first right as it pertains to any Greater China Patent, in each case ((i) and (ii)), but not the obligation, to bring and control any other action or proceeding regarding Competitive Infringement of any Allorion Controlled Patent, or to defend against any challenge to any of the foregoing, at its own expense and by counsel of its own choice. Allorion will keep Avenzo reasonably informed of the status and progress of such action or proceeding. In addition, Allorion shall (A) provide Avenzo with drafts of (1) all material papers to be filed with the applicable court or patent office, if any, in connection with such Competitive Infringement to the extent permitted by Applicable Law or (2) all protective or confidentiality orders entered by such applicable court or patent office (excluding any information that is confidential to a Third Party), if any, in connection with such Competitive Infringement to the extent permitted by Applicable Law (and Allorion shall use reasonable efforts to ensure such disclosure to Avenzo is so permitted), in each case, ((1) and (2)), to the extent Allorion or any of its Affiliates has knowledge and control of such papers or orders, and (B) consider in good faith all timely reasonable comments thereto by Avenzo before filing such papers. Avenzo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense to the extent permitted by Applicable Law.

(e) **Avenzo's Step-In Right to Enforce.** If (i) Allorion elects not to commence an action or proceeding to enforce a Greater China Patent that Allorion has the first right to bring and control pursuant to Section 16.5(d) (Allorion's Right to Enforce), or settle or otherwise secure the abatement of such Competitive Infringement for such Greater China Patent, or (ii) Allorion fails to commence any such action or proceeding to enforce a Greater China Patent pursuant to Section 16.5(d) (Allorion's Right to Enforce) within (A) [***] days following a written request by Avenzo to do so, or (B) [***] days before the time limit, if any, set forth in the Applicable Laws for the filing of such action or proceeding, whichever comes first, then Avenzo will have the right to bring and control any such action or proceeding, at its own expense and by counsel of its own choice, and Allorion will have the right, at its own expense, to be represented in any such action by counsel of its own choice. In such event and to the extent time permits, promptly after Allorion's notice to Avenzo that it does not elect to enforce such Greater China Patent or to defend against such challenge or commence any such action or proceeding, the Parties shall meet to discuss in good faith the reasons for Allorion's decision not to enforce the applicable Greater China Patent and the strategy for enforcing such Greater China Patent or defending against such challenge or commencing such action or proceeding. Allorion shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(f) **Cooperation.** In the event a Party brings an infringement action in accordance with this Section 16.5 (Enforcement), the other Party will cooperate fully, at the enforcing Party's request and expense, including, if required to bring such action, the furnishing of a power of attorney or being named as a party. The enforcing Party will not enter into any settlement or compromise of any action under this Section 16.5 (Enforcement): (i) in a manner that would diminish the rights or interests of the other Party with respect to the Licensed Products without the written consent of such other Party, which will not be unreasonably withheld, conditioned or delayed; (ii) that would impose any cost or liability on the other Party without the written consent of such other Party; or (iii) that would admit the invalidity or unenforceability of any Patent that is Controlled by the other Party, without such other Party's prior written consent, which may be withheld in such other Party's sole discretion.

(g) **Recoveries.** Except as otherwise agreed by the Parties in connection with a cost-sharing arrangement, any recovery as a result of any action or proceeding pursuant to Section 16.5 (Enforcement), whether by way of settlement or otherwise, will first be used first to reimburse the enforcing Party for its documented, Out-of-Pocket Costs (including court, attorneys' and professional fees) incurred in connection with such action or proceeding, and then to reimburse the other Party for its documented, Out-of-Pocket Costs (including court, attorneys' and professional fees) incurred in connection with such action or proceeding (to the extent not previously reimbursed by the enforcing Party), and any remainder of the recovery after reimbursement of the litigation costs and expenses of the Parties, will be shared with the enforcing Party receiving [***]% of such remainder and the other Party receiving [***]% of such remainder.

(h) **Patent Marking.** Each Party will mark (or cause to be marked) the Licensed Products marketed and sold in such Party's respective territory hereunder with appropriate Patent numbers or indicia to the extent required by Applicable Law.

ARTICLE 17

TERM AND TERMINATION

17.1 Term and Expiration.

(a) **Term.** The term of this Agreement will be effective as of the Effective Date, and will continue in effect until the expiration of the last Royalty Term with respect to Licensed Products in any country in the Avenzo Territory (the "**Term**").

(b) **Effect of Expiration of Royalty Term.** On a Licensed Product-by-Licensed Product and country-by-country basis, upon the expiration of the Royalty Term for such Licensed Product in a given country in the Avenzo Territory and provided that payment of all Royalty Payments due and payable to Allorion with respect to such Licensed Product in such country pursuant to Section 12.7 (Royalties) during such Royalty Term have been made, the licenses granted by Allorion to Avenzo under Section 5.1 (License Grant to Avenzo) of this Agreement in such country with respect to such Licensed Product will become non-exclusive, fully paid-up, perpetual, irrevocable, sublicensable (through multiple tiers) and royalty-free.

17.2 Termination by Written Agreement. This Agreement may be terminated by the Parties' written agreement.

17.3 Termination for Convenience. Avenzo has the right to terminate this Agreement in its entirety or on a Licensed Program-by-Licensed Program or Region-by-Region basis for any or no reason upon (a) [***] days' prior written notice to Allorion, if such termination is before the First Commercial Sale of any Terminated Product in the applicable Region, and (b) [***] days' prior written notice to Allorion, if such termination is following the First Commercial Sale of any Terminated Product in the applicable Region; *provided* that, if Avenzo has terminated this Agreement in [***], then Avenzo will be deemed to have terminated this Agreement in its entirety. Avenzo has the right to terminate this Agreement as to the CDK4 Program prior to expiration of the CDK4 License Exercise Period pursuant to Section 3.2(d) (Termination of CDK4 License Option).

17.4 Termination for Material Breach.

(a) This Agreement may be terminated by a Party at any time during the Term (i) for each of the ARTS-021 Program and the CDK4 Program, on a Region-by-Region basis if the other Party is in material breach of any obligation, covenant, condition, or undertaking of this Agreement with respect to such program or Region, or (ii) in its entirety if the other Party is in material breach of any obligation, covenant, condition, or undertaking of this Agreement with respect to both the ARTS-021 Program and the CDK4 Program or to all Regions, or if such material breach does not relate specifically to either of the ARTS-021 Program or the CDK4 Program or to a Region, in any such case in clause (i) or (ii), upon [***] days' (or [***] days' with respect to any payment breach) written notice identifying the material breach in reasonable detail ("**Breach Notice**"), and, (A) if such breach is curable, such breach has not been cured within [***] days (or [***] days with respect to any payment breach) of such Breach Notice ("**Cure Period**"), or (B) if such breach is curable but is not capable of cure within the Cure Period, the alleged breaching Party fails to deliver to the non-breaching Party within the Cure Period a written plan that is reasonably calculated to resolve such material breach within a reasonable period (not to exceed [***] months from receipt of the Breach Notice) and does not cure such material breach within the period specified in such plan.

(b) If the alleged breaching Party reasonably and in good faith disagrees as to whether there has been a material breach of any obligation, covenant, condition, or undertaking of this Agreement, and such allegedly breaching Party provides the other Party with written notice of such Dispute and initiates the dispute resolution process in accordance with [Article 18](#) (Dispute Resolution), in each case, within [***] days following receipt of the Breach Notice, then (i) the other Party will not have the right to terminate under [Section 17.4\(a\)](#) (Termination for Material Breach) unless and until it has been determined, in accordance with [Article 18](#) (Dispute Resolution), that the allegedly breaching Party has materially breached the applicable obligation, covenant, condition, or undertaking of this Agreement, (ii) during the pendency of such a Dispute, the relevant Cure Period with respect to such alleged material breach will be tolled from the date on such the allegedly breaching Party provides the other Party with notice of such Dispute until the resolution of such Dispute in accordance with [Article 18](#) (Dispute Resolution), *provided* that for any Dispute regarding payment, such tolling of the Cure Period will only apply with respect to the payment of the disputed amounts and not with respect to any undisputed amounts, and (iii) all of the terms and conditions of this Agreement will remain in effect, and the Parties will continue to perform all of their respective obligations under this Agreement.

17.5 Termination for Insolvency. Each Party has the right to terminate this Agreement in its entirety upon delivery of written notice to the other Party in the event that (a) such other Party files in any court or agency pursuant to any statute or regulation of any jurisdiction a petition in bankruptcy or insolvency or for reorganization under the Chapter 7 of the United States of Bankruptcy Code or other similar Applicable Law or similar arrangement for the benefit of creditors or for the appointment of a receiver or trustee of such other Party or its assets, (b) such other Party is served with an involuntary petition against it in any insolvency proceeding and such involuntary petition has not been stayed or dismissed within [***] days of its filing, or (c) such other Party makes an assignment of substantially all of its assets for the benefit of its creditors.

17.6 Termination for Patent Challenge. Except to the extent unenforceable under Applicable Law, if Avenzo or its Affiliates or Sublicensees (individually or in association with any Person) contests or assists a Third Party in contesting the scope, validity, or enforceability of any Licensed Patent, Greater China Patent, or any foreign counterpart thereof anywhere in the world in any court, tribunal, arbitration proceeding, or other proceeding, including the U.S. Patent and Trademark Office and the U.S. International Trade Commission (a "**Patent Challenge**"), then Allorion may terminate this Agreement, either in whole or on a Licensed Program-by-Licensed Program or Region-by-Region basis with respect to any Licensed Program or Region to which the Patent Challenge relates (at Allorion's election), immediately by providing written notice of termination to Avenzo; *provided* that, if such Patent Challenge is initiated by a Sublicensee of Avenzo, then Allorion may terminate this Agreement (either in whole or on a Licensed-Program-by-Licensed Program or Region-by-Region basis) immediately upon written notice to Avenzo if Avenzo does

not, within [***] days following Avenzo's receipt of written notice of such Patent Challenge, (a) withdraw or cause to be withdrawn such Patent Challenge initiated by a Sublicensee of Avenzo; or (b) ensure that all rights granted by Avenzo to the applicable Sublicensee under Licensed Technology or Greater China Technology have been terminated, and confirm to Allorion in writing that such withdrawal or termination described in clause (a) or (b) has occurred. As used herein, a Patent Challenge includes: [***]. Notwithstanding any provision herein to the contrary, the foregoing shall not apply [***]; *provided* that [***]. The following will not be considered a Patent Challenge: (1) [***]; or (2) [***].

17.7 Termination for Cessation of Development or Commercialization in the Avenzo Territory. On a Licensed Program-by-Licensed Program and Region-by-Region basis [***], if Avenzo or its Affiliates are Developing or Commercializing any product(s) in addition to a Licensed Product with respect to such Licensed Program in such Region, and Allorion believes that, notwithstanding meeting the diligence obligations under Section 7.2 (Diligence), Section 8.2(b) (Regulatory Diligence) or Section 10.2 (Commercialization Diligence), as applicable, Avenzo or its Affiliates or Sublicensees have not conducted any [***] Development or Commercialization activities with respect to a given Licensed Program in such Region in the Avenzo Territory for a continuous period of more than [***] months, and such alleged non-performance is not: (i) contemplated in a Research Plan or agreed upon by Allorion, (ii) in response to guidance from or action by a Regulatory Authority in the relevant Region (such as a clinical hold, or a recall or withdrawal), (iii) due to Allorion's breach or non-performance of any of its obligations under this Agreement, (iv) in response to any safety or efficacy concerns with respect to such Licensed Program *provided* that Avenzo or its Affiliates or Sublicensees are using Commercially Reasonable Efforts to resolve or address such concerns, or (v) due to events beyond the reasonable control of Avenzo or a force majeure event in accordance with Section 19.2 (Force Majeure), then Allorion may, at its election, terminate this Agreement with respect to such Licensed Program and Region upon [***] days' prior written notice to Avenzo, setting forth in reasonable detail the basis for Allorion's belief. Avenzo may provide written notice to Allorion within [***] days after receipt of such notice from Allorion if Avenzo reasonably and in good faith disagrees with Allorion's right to terminate this Agreement with respect to such Licensed Program and Region under this Section 17.7 (Termination for Cessation of Development or Commercialization in the Avenzo Territory), setting forth in reasonable detail the [***] Development or Commercialization activities with respect to a given Licensed Program in such Region conducted by Avenzo or its Affiliates or Sublicensees during such period. If Allorion disagrees with Avenzo's response and believes it has the right to terminate this Agreement with respect to such Licensed Program and Region under this Section 17.7 (Termination for Cessation of Development or Commercialization in the Avenzo Territory), Allorion may provide Avenzo with written notice of a Dispute regarding such matter and initiate the dispute resolution process in accordance with Article 18 (Dispute Resolution), in each case, within [***] days following receipt of such

notice from Avenzo. In such event, Allorion will not have the right to terminate this Agreement with respect to such Licensed Program and Region under this [Section 17.7](#) (Termination for Cessation of Development or Commercialization in the Avenzo Territory), unless and until it has been determined, in accordance with [Article 18](#) (Dispute Resolution), that such termination is permissible hereunder.

17.8 Effects of Termination. Upon the termination (but not expiration) of this Agreement in its entirety or with respect to one or more Terminated Products and Terminated Territories (in which case, references to termination shall apply only to such Terminated Products or Terminated Territories) for any reason, the provisions of this [Section 17.8](#) (Effects of Termination) will apply. All rights and licenses granted by either Party to the other Party herein will immediately terminate and all such rights will revert back to the granting Party, and all sublicenses of such rights and licenses will also terminate, except as provided in this [Section 17.8](#) (Effects of Termination). In addition to the foregoing:

(a) **["**"] Product Improvement Technology.** Upon any termination of the Agreement in its entirety, subject to [Section 17.8\(d\)](#) (Reversion Royalties), Avenzo and its Affiliates will **["**"]** the Product Improvement Technology. Avenzo will, and will cause its Affiliates to, provide any other assistance or take any other actions, in each case reasonably requested by Allorion, at Allorion's cost, as necessary to **["**"]**.

(b) **License to Product Improvement Technology.** Upon any partial termination of the Agreement with respect to one or more Terminated Products or Terminated Territories, subject to [Section 17.8\(d\)](#) (Reversion Royalties), Avenzo and its Affiliates will **["**"]**. Avenzo will, and will cause its Affiliates to, provide any other assistance or take any other actions, in each case reasonably requested by Allorion, at Allorion's cost, as necessary to **["**"]**.

(c) **Grant-Back License.**

(i) As of the effective date of termination, subject to [Section 17.8\(d\)](#) (Reversion Royalties), Avenzo and its Affiliates will and hereby do grant to Allorion and its Affiliates an exclusive and sublicensable (through multiple tiers) license under the Grant-Back Technology solely to Exploit the applicable Terminated Product(s) in the applicable Terminated Territory(ies), which license is exercisable only upon such effective date of termination and is subject to Allorion's payment of all payments due to any Third Party under any Third Party agreements pursuant to which Avenzo or any of its Affiliates then Controls any of the applicable Grant-Back Technology as provided in clause (ii) and to any Reversion Royalties owed on Net Sales by Allorion or its Affiliates of such Terminated Products in the Allorion Territory. **["**"]**.

(ii) **["**"]**.

(d) **Reversion Royalties.** Subject to the last sentence of this Section 17.8(d) (Reversion Royalties) regarding [***] license of Product Improvement Technology without charge, upon any termination of this Agreement (in whole or in part), the Parties will negotiate in good faith and agree on a reasonable royalty to be paid by Allorion to Avenzo in consideration for (i) solely in the case of termination of this Agreement in whole or in part by Avenzo pursuant to Section 17.4 (Termination for Material Breach), the [***] and (ii) in all termination scenarios, the [***], in each case of (i) and (ii), on a Terminated Product-by-Terminated Product and country-by-country basis in the Terminated Territory royalty on net sales of such Terminated Product(s) in the Terminated Territory by Allorion and its Affiliates and (sub)licensees until the expiration of the applicable Royalty Term (as such term is applied *mutatis mutandis* to Patents within the Grant-Back Technology, Terminated Products, and Terminated Territories, as applicable) (such royalties, "**Reversion Royalties**"). If the Parties are unable to agree on the applicable Reversion Royalties within [***] days after the effective date of termination, then either Party may refer such matter for resolution in accordance with Exhibit 1.33 (Baseball Arbitration). In determining the amount of such Reversion Royalties payable by Allorion to Avenzo, the Parties will take into account, among other things, [***]. Notwithstanding the foregoing, upon any termination of this Agreement in whole or in part other than by Avenzo pursuant to Section 17.4 (Termination for Material Breach), the [***] will be [***].

(e) **Sublicenses.** As of the effective date of termination, all sublicenses granted by Avenzo (including through multiple tiers) with respect to the Terminated Product(s) in the Terminated Territory will terminate, except that all sublicenses then in effect held by any Sublicensee who is in compliance with and not in breach of its applicable sublicense agreement, shall, unless terminated by the Sublicensee, remain in effect and automatically become a direct license under the Licensed Technology granted by Allorion that is the same scope as the sublicense granted by Avenzo on the same terms and conditions set forth in this Agreement.

(f) **Assignment and Disclosure.** Avenzo and its Affiliates will promptly upon request by Allorion (and in any event within [***] days after the effective date of termination):

(i) [***]

(ii) [***]; and

(iii) [***]

[***].

(g) **Regulatory Approvals and Submissions.** [***].

-
- (h) **Regulatory Transfer Support.** [***].
 - (i) **Know-How Transfer Support.** [***].
 - (j) **Appointment as Exclusive Distributor.** [***].
 - (k) **Product Marks.** [***].
 - (l) **Inventory.** [***].
 - (m) **Wind Down and Transition.** [***].

(n) **Ongoing Clinical Trials.**

(i) [***].

(ii) [***].

(o) **Return of Confidential Information.** At the Disclosing Party's election, the Receiving Party will return (at Disclosing Party's expense) or destroy all tangible materials comprising, bearing, or containing any Confidential Information of the Disclosing Party that are in the Receiving Party's or its Affiliates' or Sublicensees' possession or control and provide written certification of such destruction (except to the extent any information is the Confidential Information of both Parties or to the extent that the Receiving Party has the continuing right to use the Confidential Information under this Agreement); *provided* that the Receiving Party may retain one copy of such Confidential Information for its legal archives. Notwithstanding anything herein to the contrary, the Receiving Party will not be required to destroy electronic files containing such Confidential Information that are made in the ordinary course of its business information back-up procedures pursuant to its electronic record retention and destruction practices that apply to its own general electronic files and information.

(p) **Further Assistance.** Avenzo and its Affiliates will, and will cause its Sublicensees to, provide any other assistance and take any other action, in each case, reasonably requested by Allorion as necessary to transfer to Allorion the Exploitation of Terminated Product(s) in the Terminated Territory, and will execute all documents as may be reasonably requested by Allorion in order to give effect to this Section 17.8 (Effects of Termination).

17.9 **Other Remedies.** Termination or expiration of this Agreement for any reason will not constitute a waiver or release of, or otherwise be deemed to prejudice or adversely affect, any rights, remedies or claims, whether for damages or otherwise, that a Party may have hereunder or that may arise out of or in connection with such termination or expiration.

17.10 **Survival.** Termination or expiration of this Agreement will not affect any rights or obligations of the Parties under this Agreement that have accrued prior to the date of termination or expiration. The following provisions will survive the termination or expiration of this Agreement for any reason: Articles 1, 13, 15, 18, 19, and Section 7.5 (Records), 12.4 (Development Milestones) through 12.11 (Taxes) (solely with respect to payments accruing prior to the effective date of termination or expiration), 14.5 (No Other Representations or Warranties), 15.5 (Limitation of Liability), 16.1 (Ownership), 17.1 (Term and Expiration), 17.8 (Effects of Termination), 17.9 (Other Remedies) and this Section 17.10 (Survival).

ARTICLE 18 DISPUTE RESOLUTION

18.1 **General.** Except for matters to be resolved by the processes set forth in Section 4.2(g), (Decision-Making) or related to the Reversion Royalties to be resolved in accordance with Section 17.8(d), the Parties recognize that a claim, dispute or controversy between the Parties or any of their Affiliates arising from or relating to this Agreement, including any claim, dispute, or controversy arising from or relating to the breach, enforcement, interpretation or validity of this Agreement (a "**Dispute**"), will be resolved in accordance with this Article 18 (Dispute Resolution).

18.2 **Continuance of Rights and Obligations during Pendency of Dispute Resolution.** If there are any Disputes in connection with this Agreement, including Disputes related to termination of this Agreement under this Article 18 (Dispute Resolution), all rights and obligations of the Parties will continue until such time as any Dispute has been resolved in accordance with the provisions of this Article 18 (Dispute Resolution).

18.3 **Escalation.** Either Party, through the delivery of written notice, may refer any Dispute to the Senior Executives for attempted resolution. In the event the Senior Executives are unable to resolve such Dispute within [***] days following the delivery of such written notice, then, upon the written request of either Party to the other Party ("**Dispute Referral**"), the Dispute will be subject to further resolution in accordance with Section 18.4 (Arbitration) or Section 18.5 (Patent Disputes), as applicable.

18.4 Arbitration.

- (a) [***].
- (b) [***].
- (c) [***].
- (d) [***].
- (e) [***].

18.5 Patent Disputes. Notwithstanding any provision to the contrary set forth in Section 18.4 (Arbitration), in the event of a Dispute with respect to the validity, scope, enforceability or ownership of any Patent, and such Dispute is not resolved in accordance with Section 18.3 (Escalation), such Dispute will not be submitted to an arbitration proceeding in accordance with this Section 18.4 (Arbitration), unless otherwise agreed by the Parties in writing, and instead, either Party may initiate litigation in a court of competent jurisdiction.

**ARTICLE 19
MISCELLANEOUS**

19.1 Governing Law. This Agreement will be governed by and construed in accordance with the laws of the State of New York, U.S. without reference to any rules of conflict of laws. The United Nations Convention on Contracts for the International Sale of Goods does not apply to this Agreement and is expressly and entirely excluded.

19.2 Force Majeure. Neither Party will be held liable to the other Party nor be deemed to have defaulted under or breached this Agreement for failure or delay in performing any obligation under this Agreement (excluding any payment obligation) to the extent such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including embargoes, war, acts of war (whether war be declared or not), insurrections, riots, civil commotions, strikes, lockouts or other labor disturbances, fire, floods, pandemics, epidemics, quarantines, or other acts of God or any other deity (or orders of any Governmental Authority related to any of the foregoing), or acts, omissions or delays in acting by any Governmental Authority. The affected Party will notify the other Party of such force majeure circumstances as soon as reasonably practical, the Parties will review and discuss any such matter, and the affected Party will promptly undertake reasonable efforts necessary to mitigate and cure such force majeure circumstances and resume normal performance of its obligations hereunder as soon as reasonably practicable under the circumstances. Such excuse from liability will be effective to the extent and duration of the force majeure circumstances causing the failure or delay in performance (*provided* that the affected Party has not caused such events to occur and is using reasonable efforts to remove the condition), and the affected Party must promptly resume performance when the force majeure circumstances no longer exist. In any event, if a Party's failure to perform its obligations under this Agreement as a result of a force majeure circumstance continues for longer than [***] days, then the other Party may terminate this Agreement immediately by providing written notice to the Party affected by the force majeure circumstances.

19.3 Performance by Affiliates. Notwithstanding any provision to the contrary set forth in this Agreement, each Party will have the right to perform any or all of its obligations and exercise any or all of its rights under this Agreement through any Affiliate. Each Party hereby guarantees the performance by its Affiliates of such Party's obligations under this Agreement and will cause its Affiliates to comply with the provisions of this Agreement in connection with such performance. Any breach by a Party's Affiliate of any of such Party's obligations under this Agreement will be deemed a breach by such Party, and the other Party may proceed directly against such Party without any obligation to first proceed against such Party's Affiliate.

19.4 Assignment.

(a) **Generally.** Neither Party may assign this Agreement without the other Party's prior written consent (such consent not to be unreasonably withheld, conditioned or delayed); except that (i) either Party may make such an assignment without such consent to a Third Party successor to substantially all of the business or assets of such Party to which this Agreement relates (whether by merger, sale of stock, sale of assets, exclusive license or other transaction), and (ii) either Party may assign this Agreement without such consent to an Affiliate. Any attempted assignment or transfer in violation of this Section 19.4 (Assignment) will be null and void. Subject to the foregoing, this Agreement will be binding on and inure to the benefit of the Parties and their respective successors and permitted assigns.

(b) [***].

19.5 Severability. If any one or more of the provisions contained in this Agreement is held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein will not in any way be affected or impaired thereby, unless the absence of the invalidated provision(s) adversely affects the substantive rights of the Parties. The Parties will in such an instance use their best efforts to replace the invalid, illegal or unenforceable provision(s) with valid, legal and enforceable provision(s) which, insofar as practical, implement the purposes of this Agreement.

19.6 Notices. All notices which are required or permitted hereunder will be in writing and sufficient if delivered personally, sent by facsimile (and promptly confirmed by personal delivery, registered or certified mail or overnight courier), sent by nationally recognized overnight courier or sent by registered or certified mail, postage prepaid, return receipt requested, addressed as follows:

or to such other address as the Party to whom notice is to be given may have furnished to the other Party in writing in accordance herewith. Any such notice will be deemed to have been given: (a) when delivered if personally delivered; (b) if sent by email, upon electronic confirmation of receipt; (c) on the Business Day after dispatch if sent by nationally recognized overnight courier; or (d) on the fifth Business Day following the date of mailing if sent by mail.

19.7 Entire Agreement; Amendments. The Agreement contains the entire understanding of the Parties with respect to the subject matter hereof. All express or implied agreements and understandings, either oral or written, with regard to the subject matter hereof (including the licenses granted hereunder), including the Confidentiality Agreement and Exclusivity Letter, are superseded by the terms of this Agreement. Neither Party is relying on any representation, promise, nor warranty not expressly set forth in this Agreement. This Agreement may be amended, or any term hereof modified, only by a written instrument duly executed by authorized representatives of both Parties hereto. To the extent there is any conflict between the terms of any Ancillary Agreement (including the Pharmacovigilance Agreement, the Clinical Supply Agreement or related Clinical Quality Agreement) and the terms of this Agreement, the terms of such Ancillary Agreement will control solely with respect to the primary subject matters thereof, and the terms of this Agreement will control otherwise.

19.8 Headings. The captions to the several Sections hereof are not a part of this Agreement, but are merely for convenience to assist in locating and reading the Sections of this Agreement.

19.9 Independent Contractors. It is expressly agreed that Allorion and Avenzo will be independent contractors and that the relationship between the two Parties will not constitute a partnership, joint venture or agency. Neither Allorion nor Avenzo has the authority to make any statements, representations or commitments of any kind, or to take any action, which will be binding on the other Party, without the prior written consent of the other Party.

19.10 **Waiver.** The waiver by either Party of any right hereunder, or the failure of the other Party to perform, or a breach by the other Party, will not be deemed a waiver of any other right hereunder or of any other breach or failure by such other Party whether of a similar nature or otherwise. No waiver shall be binding unless in writing and signed by the waiving Party.

19.11 **Waiver of Rule of Construction.** Each Party has had the opportunity to consult with counsel in connection with the review, drafting and negotiation of this Agreement. Accordingly, the rule of construction that any ambiguity in this Agreement will be construed against the drafting Party will not apply.

19.12 **Construction.** Except where the context expressly requires otherwise, (a) the use of any gender herein will be deemed to encompass references to either or both genders, and the use of the singular will be deemed to include the plural (and vice versa), (b) the words "include", "includes" and "including" will be deemed to be followed by the phrase "without limitation", (c) the word "will" will be construed to have the same meaning and effect as the word "shall", (d) any definition of or reference to any agreement, instrument or other document herein will be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (e) any reference herein to any person will be construed to include the person's successors and assigns, (f) the words "herein", "hereof" and "hereunder", and words of similar import, will be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (g) all references herein to Sections or Exhibits will be construed to refer to Sections or Exhibits as described in this Agreement, (h) the word "notice" means notice in writing (whether or not specifically stated) and will include notices, consents, approvals and other written communications contemplated under this Agreement, (i) provisions that require that a Party, the Parties or any committee hereunder "agree", "consent" or "approve" or the like will require that such agreement, consent or approval be specific and in writing, whether by written agreement, letter, approved minutes or otherwise (but excluding e-mail and instant messaging), (j) references to any specific law, rule or regulation, or Section, section or other division thereof, will be deemed to include the then-current amendments thereto or any replacement or successor law, rule or regulation thereof, and (k) the term "or" will be interpreted in the inclusive sense commonly associated with the term "and/or" where applicable.

19.13 **Counterparts.** This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. Each Party will be entitled to rely on the delivery of executed facsimile or PDF copies of counterpart execution pages of this Agreement and such facsimile or PDF copies will be legally effective to create a valid and binding agreement among the Parties.

19.14 **Language.** This Agreement is in the English language only, which language will be controlling in all respects, and all versions hereof in any other language will be for accommodation only and will not be binding upon the Parties. All communications and notices to be made or given pursuant to this Agreement, and any dispute or other proceeding related to or arising hereunder, will be in the English language.

VelaVigo and Avenzo may be referred to in this Agreement individually as a “**Party**” and together as the “**Parties**”, provided that with respect to **Article 18 and Article 19**, VelaVigo and VelaVigo US shall be treated collectively as a “**Party**” (and all references to VelaVigo therein shall be deemed references to both VelaVigo and VelaVigo US), and together with Avenzo, the “**Parties**”.

RECITALS

WHEREAS, VelaVigo is a biopharmaceutical company conducting research and development programs related to antibody drug conjugates, including those targeting Nectin4 and TROP2 (each as defined below);

WHEREAS, Avenzo is a biopharmaceutical company focused on developing next generation oncology therapies; and

WHEREAS, the Parties desire to enter into a collaboration in which (a) VelaVigo shall grant Avenzo an exclusive option to obtain exclusive rights to develop, manufacture and commercialize products containing Nectin4/TROP2 ADCs (as defined below) in the Avenzo Territory, (b) VelaVigo will conduct specified preclinical research and development activities for such Nectin4/TROP2 ADCs, all in accordance with and subject to the terms and conditions set forth below, and (c) after Avenzo’s exercise of the Option Right, VelaVigo will manufacture and supply such products to Avenzo for the Avenzo Territory until Avenzo assumes responsibility for such manufacture and supply, and VelaVigo will retain rights to develop, manufacture and commercialize products containing such Nectin4/TROP2 ADCs in the VelaVigo Territory.

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

**ARTICLE 1
DEFINITIONS**

The following initially capitalized terms, whether used in the singular or plural, have the respective meanings set forth below:

- 1.1 “**Accounting Standard**” means, with respect to Avenzo, its Affiliates or Sublicensees, GAAP or IFRS, as applicable.
- 1.2 “**Acquired Party**” has the meaning set forth in Section 5.7(c).
- 1.3 “**Acquisition Party**” has the meaning set forth in Section 5.7(d).
- 1.4 “**ADC**” means an antibody that is conjugated to a payload with a linker.
- 1.5 “**Adverse Event**” means any unwanted or harmful medical occurrence in a patient or subject who is administered a Licensed Product, whether or not considered related to such Licensed Product, including any undesirable sign (including abnormal laboratory findings of clinical concern).
- 1.6 “**Affiliate**” means, with respect to a specified Person, any entity that directly or indirectly controls, is controlled by or is under common control with such Person for so long as such control exists. As used in this Section 1.6, “control” (and, with correlative meanings, the terms “controlled by” and “under common control with”) means, in the case of a corporation, the ownership of more than 50% of the outstanding voting securities thereof or, in the case of any other type of entity, an interest that results in the ability to direct or cause the direction of the management and policies of such entity or the power to appoint more than 50% of the members of the governing body of the entity or, where ownership of more than 50% of such securities or interest is prohibited by law, ownership of the maximum amount legally permitted. Notwithstanding the foregoing, for the purposes of this Agreement, each Party’s investors and their portfolio companies (other than such Party and its subsidiaries) will not be considered Affiliates of such Party unless, in the case of a portfolio company, such company independently possesses the power to direct the management and policies of such Party or owns the voting securities of such Party, in each case not through such Party’s investor, that would independently meet the requirements of the definition of Affiliate. As used in this Section 1.6, “subsidiary” means, with respect to a Party, any entity of which more than 50% of voting securities is beneficially owned, or the management of which is otherwise controlled, directly or indirectly, through one or more intermediaries, or both, by such Party, for so long as such control exists.
- 1.7 “**Agreement**” has the meaning set forth in the preamble.
- 1.8 “**Alliance Manager**” has the meaning set forth in Section 4.1.
- 1.9 “**Ancillary Agreements**” means, collectively, the Pharmacovigilance Agreement, Supply Agreement, Quality Agreement, and any and all other written agreements contemplated under this Agreement between Avenzo and VelaVigo with respect to the Licensed Products.
- 1.10 “**Annual Net Sales**” means, with respect to a given Calendar Year, aggregate Net Sales of all Licensed Products in such Calendar Year.
- 1.11 “**Annual Net Sales Milestone Event**” has the meaning set forth in Section 12.4(a).
- 1.12 “**Annual Net Sales Milestone Payment**” has the meaning set forth in Section 12.4(a).

- 1.13 “**Anti-Corruption Laws**” has the meaning set forth in Section 14.4(e)(i).
- 1.14 “**Applicable Laws**” means all statutes, ordinances, regulations, rules or orders of any kind whatsoever of any Governmental Authority that may be in effect from time to time and applicable to the relevant activities contemplated by this Agreement.
- 1.15 [***].
- 1.16 [***].
- 1.17 [***].
- 1.18 [***].
- 1.19 “**Avenzo**” has the meaning set forth in the preamble.
- 1.20 “**Avenzo Controlled Patents**” has the meaning set forth in Section 16.4(a).
- 1.21 “**Avenzo Indemnitee(s)**” has the meaning set forth in Section 15.2.
- 1.22 “**Avenzo IP**” means any and all Know-How and Patents Controlled by Avenzo or its Affiliates (a) as of the Effective Date or (b) at any time during the Term that are, in each case, (i) necessary for VelaVigo to perform its obligations under this Agreement, including the Global Development Plan, if any, in the Avenzo Territory, or (ii) actually used by or on behalf of Avenzo or its Affiliates in performing its obligations under this Agreement, including the Global Development Plan.
- 1.23 “**Avenzo Manufacturing Technology**” means [***].
- 1.24 “**Avenzo Proprietary Linker-Payload**” has the meaning set forth in Section 5.2.
- 1.25 “**Avenzo Territory**” means worldwide, excluding the VelaVigo Territory.
- 1.26 “**Backup ADC**” has the meaning set forth in Section 1.121.
- 1.27 “**Biosimilar Product**” means, with respect to a Licensed Product that has received Regulatory Approval in a country within the Avenzo Territory and is being marketed and sold by or on behalf of Avenzo or any of its Affiliates or Sublicensees in such country, any drug product for human use that: (a) is sold in such country by a Third Party that is not a Sublicensee of Avenzo or its Affiliates and did not purchase or acquire such product or its active components or ingredients in a chain of distribution that included Avenzo or any of its Affiliates or Sublicensees; (b) is approved in reliance on a prior Regulatory Approval of such Licensed Product or any data generated in support of any such prior Regulatory Approval; and (c) has received Regulatory Approval in such country as a biosimilar, generic, bioequivalent or similar designation by the

applicable Regulatory Authority in such country, pursuant to an approval process in accordance with the then-current rules and regulations in such country, where such Licensed Product is the “reference medicinal product,” “reference listed product” or similar designation in such country, including for clarity any product for which any Regulatory Approval is obtained pursuant to 42 U.S.C. §262(k) as a biosimilar to such Licensed Product, or any other similar law of any jurisdiction, by reference to a prior Regulatory Approval granted thereto; or that is “biosimilar” to such Licensed Molecule, as the term “biosimilar” is defined in 42 U.S.C. §262(i)(2) or any other similar law of any jurisdiction.

1.28 “**Breach Notice**” has the meaning set forth in Section 17.4(a).

1.29 “**Business Day**” means a day other than Saturday, Sunday or any day on which banks located in San Diego, California or Shanghai, China are authorized or obligated to close. Whenever this Agreement refers to a number of days, such number will refer to calendar days unless Business Days are specified.

1.30 “**Calendar Quarter**” means the respective periods of three consecutive calendar months ending on March 31st, June 30th, September 30th and December 31st; provided that the first Calendar Quarter of the Term will extend from the Effective Date until the end of the then-current Calendar Quarter, and the last Calendar Quarter of the Term will extend from the first day of such Calendar Quarter until the effective date of termination or expiration of this Agreement.

1.31 “**Calendar Year**” means each twelve-month period commencing on January 1st and ending on December 31st; provided that the first Calendar Year of the Term will extend from the Effective Date to December 31st of the then-current Calendar Year, and the last Calendar Year of the Term will extend from January 1st of such Calendar Year until the effective date of the termination or expiration of this Agreement.

1.32 “**cGMP**” means all applicable current Good Manufacturing Practices including, as applicable, (a) the principles detailed in the U.S. Current Good Manufacturing Practices, 21 C.F.R. Parts 4, 210, 211, 601, 610 and 820, (b) European Directive 2003/94/EC and Eudralex 4, (c) the principles detailed in the ICH Q7 guidelines, and (d) the equivalent Applicable Laws in any relevant country or region, each as may be amended and applicable from time to time.

1.33 “**Change of Control**” means, with respect to a Party, that: (a) any Third Party acquires directly or indirectly the beneficial ownership of any voting security of such Party, or if the percentage ownership of such Third Party in the voting securities of such Party is increased through stock redemption, cancellation, or other recapitalization, and immediately after such acquisition or increase such Third Party is, directly or indirectly, the beneficial owner of voting securities representing more than 50% of the total voting power of all of the then outstanding voting securities of such Party; (b) a merger, consolidation, recapitalization, or reorganization of such Party is consummated which results in shareholders or equity holders of such Party immediately prior to such transaction, no longer owning at least 50% of the outstanding voting securities of the surviving entity (or its parent entity) immediately following such transaction; or (c) there is a sale or transfer to a Third Party of all or substantially all of such Party’s consolidated assets taken as a whole, through one or more related transactions.

1.34 “**Claims**” has the meaning set forth in Section 15.1.

1.35 “**Clinical Trial**” means any clinical trial of a product in human subjects as defined in 21 C.F.R. §312.21, as amended from time to time, or as prescribed by the Regulatory Authorities in any jurisdiction outside the U.S.

1.36 “**CMO**” means any Third Party contract manufacturing organization.

1.37 “**Combination Product**” means any Licensed Product that comprises a Licensed Molecule with one or more other clinically or pharmacologically active compounds or ingredients, proprietary devices or dosage form vehicles, in each case that is not a Licensed Molecule in a single formulation or final package presentation for sale as a single unit (including separate unit doses so configured). The Licensed Molecule portion of any Combination Product shall be deemed the “**Licensed Component**” and the other clinically or pharmacologically active compounds or ingredients, proprietary devices or dosage form vehicles of such Combination Product, the “**Other Components;**” provided that (a) adjuvants and excipients shall not be deemed to be “pharmacologically active compounds or ingredients” for the purposes of this definition, and (b) the use or method of using a Licensed Product and at least one other active therapeutic compound or ingredients, together in either concomitant or sequential administration shall not constitute a Combination Product unless such other compound or ingredients is sold and invoiced under a single invoiced price.

1.38 “**Commercialization**” or “**Commercialize**” means all activities directed to marketing, distribution, promoting or selling of pharmaceutical products (including importing and exporting activities in connection therewith), but excluding activities directed to Manufacturing or Development. “**Commercializing**” and “**Commercialized**” have the correlative meanings.

1.39 “**Commercially Reasonable Efforts**” means, with respect to [***].

1.40 “**Committee(s)**” means the JSC, JDC, JMSC or any subcommittee established by the JSC, as applicable.

1.41 “**Competing Product**” means [***].

1.42 “**Confidential Information**” has the meaning set forth in Section 13.1.

1.43 “**Confidentiality Agreement**” means the Confidentiality Agreement between the Parties dated [***].

1.44 “**Control**” or “**Controlled**” means, with respect to any Know-How, Patents or other subject matter, that a Party has the legal authority or right (whether by ownership, license or otherwise, without taking into account any license granted by one Party to the other Party pursuant to this Agreement) to grant a license, sublicense, access or right to use (as applicable) under such Know-How, Patents or other subject matter, on the terms and conditions set forth herein, in each case, without breaching the terms of any agreement with a Third Party, or subject to Section 5.6, without triggering any payment obligations by such Party. [***].

1.45 “**Cover**,” “**Covered**” or “**Covering**” means (a) with respect to any Know-How and any Licensed Product or Licensed Molecule, that in the absence of a Person obtaining ownership of or a license to such Know-How, the Development, Manufacture, use, Commercialization or other Exploitation of such Licensed Product or Licensed Molecule would misappropriate such Know-How, or (b) with respect to any Patent and any Licensed Product or Licensed Molecule, in the absence of a Person obtaining ownership of or a license to such Patent, the Development, Manufacture, use, Commercialization or other Exploitation of such Licensed Product or Licensed Molecule would fall within the scope of one or more claims of such Patent.

1.46 “**Cure Period**” has the meaning set forth in Section 17.4.

1.47 “**Data**” means any and all results of research, non-clinical or preclinical studies, including in vitro and in vivo studies, Clinical Trials and other testing of any composition of matter, product candidate or product, and any and all other data related to the development, manufacture or commercialization of any composition of matter, product candidate or product, including biological, chemical, pharmacological, toxicological, pharmacokinetic, preclinical, clinical, CMC, analytical, quality control, mechanical, software, electronic and other data, results and descriptions.

1.48 “**Development**” or “**Develop**” means research and preclinical and clinical drug or biological development activities, including test method development, toxicology, formulation, quality assurance/quality control development, statistical analysis, preclinical studies and Clinical Trials and regulatory affairs, and regulatory activities, including filing for, obtaining and maintaining Regulatory Approval, but excluding activities directed to Manufacturing or Commercialization. “**Developing**” has the correlative meaning.

1.49 “**Development and Regulatory Milestone Event**” has the meaning set forth in Section 12.3(a).

1.50 “**Development and Regulatory Milestone Payment**” has the meaning set forth in Section 12.3(a).

- 1.51 “**Disclosing Party**” has the meaning set forth in Section 13.1.
- 1.52 “**Dispute**” has the meaning set forth in Section 18.1.
- 1.53 “**Dispute Referral**” has the meaning set forth in Section 18.3.
- 1.54 “**Effective Date**” has the meaning set forth in the preamble.
- 1.55 “**EMA**” means the European Medicines Agency, or any successor agency thereto.
- 1.56 “**EU5**” means France, Germany, Italy, Spain and the United Kingdom.
- 1.57 “**Exploit**” means Develop, Manufacture, have Manufactured, use, practice, sell, offer for sale, import, export, Commercialize or otherwise exploit. “**Exploitation**” has the correlative meaning.
- 1.58 “**Export Controls**” has the meaning set forth in Section 14.4(f)(i).
- 1.59 “**FDA**” means the United States Food & Drug Administration, or any successor agency thereto.
- 1.60 “**Field**” means any and all uses.
- 1.61 “**Final Data Package**” means a data package prepared by VelaVigo with respect to the Option Molecules and containing at least the following information: (a) [***]; (b) [***]; (c) [***]; and (d) such other data and results that the then-existing Research Plan specifies to be included in the data package, in each case of clause (a) through (d), including the content set forth on Exhibit 1.61.
- 1.62 “**First Commercial Sale**” means, on a Licensed Product-by-Licensed Product and country-by-country basis within the Avenzo Territory, the first sale of a Licensed Product to a Third Party in a country by Avenzo or its Affiliate or Sublicensee for use or consumption in such country following receipt of Regulatory Approval of such Licensed Product in such country [***]
- 1.63 “**FTE**” means full-time equivalent employee of VelaVigo based on a total of [***] hours of scientific, technical, managerial or administrative activities under this Agreement per Calendar Year. Overtime and work on weekends, holidays, and the like, in each case, will not

be counted with any multiplier (e.g., time-and-a-half or double time) toward the number of hours that are used to calculate the FTE contribution. The portion of an FTE billable by VelaVigo for one individual during a given accounting period will be determined by dividing the number of hours worked directly by such individual on the work to be conducted under this Agreement during such accounting period and the number of FTE hours applicable for such accounting period based on [***] working hours per Calendar Year.

1.64 “**FTE Costs**” means the applicable FTE Rate multiplied by the applicable number of FTEs performing the applicable activities under this Agreement.

1.65 “**FTE Rate**” means \$[***] per FTE per Calendar Year.

1.66 “**GAAP**” means U.S. Generally Accepted Accounting Principles, consistently applied.

1.67 “**GCP**” means all applicable Good Clinical Practice standards for the design, conduct, performance, monitoring, auditing, recording, analyses and reporting of Clinical Trials, including, as applicable (a) as set forth in the International Council on Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Use Guideline for Good Clinical Practice (CPMP/ICH/135/95) and any other guidelines for good clinical practice for trials on medicinal products in the Avenzo Territory or VelaVigo Territory, (b) the Declaration of Helsinki (2004) as last amended at the 52nd World Medical Association in October 2000 and any further amendments or clarifications thereto, (c) U.S. Code of Federal Regulations Title 21, Parts 50 (Protection of Human Subjects), 56 (Institutional Review Boards) and 312 (Investigational New Drug Application), as may be amended from time to time, and (d) the equivalent guidelines or Applicable Laws in any other region in the Avenzo Territory or VelaVigo Territory, as applicable, each as may be amended and applicable from time to time.

1.68 “**Global Clinical Trial**” means any Clinical Trial under the Global Development Plan other than a Territory-Specific Clinical Trial.

1.69 “**Global Development Plan**” means a plan for global Development of Licensed Molecules and Licensed Products prepared by the Parties and subject to the JSC’s review, comment and approval, as may be amended in accordance with this Agreement, which will include: (a) any Global Clinical Trials to be conducted by the Parties; and (b) any activities to be conducted by the Parties in support of Regulatory Approval of a Licensed Product in both the Avenzo Territory and the VelaVigo Territory.

1.70 “**GLP**” means all applicable Good Laboratory Practice standards, including, as applicable, as set forth in the then current good laboratory practice standards promulgated or endorsed by the FDA as defined in 21 C.F.R. Part 58, or the equivalent guidelines or Applicable Laws in any other region in the Avenzo Territory or VelaVigo Territory, as applicable, each as may be amended and applicable from time to time.

1.71 “**Governmental Authority**” means any court, commission, authority, department, ministry, official or other instrumentality of, or being vested with public authority under any law of, any country, region, state or local authority or any political subdivision thereof, or any association of countries.

1.72 “**Grant-Back Technology**” means, with respect to any Terminated Product and Terminated Territory, (a) any Know-How that is Controlled by Avenzo or any of its Affiliates as of the effective date of the applicable termination that is [***] and (b) any Patents in such Terminated Territory that are Controlled by Avenzo or any of its Affiliates as of the effective date of the applicable termination that [***].

1.73 “**Greater China Know-How**” means any and all Know-How Controlled by VelaVigo or its Affiliates as of the Effective Date or during the Term, including VelaVigo’s or its Affiliate’s joint ownership interest in any Know-How within the Joint Inventions, that (a) Covers any Licensed Molecule or (b) is necessary or reasonably useful to Develop, Manufacture and have Manufactured any Licensed Molecule or Licensed Product in the VelaVigo Territory.

1.74 “**Greater China Patents**” means any and all Patents in the VelaVigo Territory Controlled by VelaVigo or its Affiliates as of the Effective Date or during the Term, including VelaVigo’s or its Affiliate’s interest in any Joint Patents in the VelaVigo Territory, that (a) Cover any Licensed Molecule, or (b) are necessary or reasonably useful to Develop, Manufacture and have Manufactured such Licensed Molecule or Licensed Product in the Field in the VelaVigo Territory.

1.75 “**Greater China Technology**” means (a) Greater China Patents and (b) Greater China Know-How.

1.76 “**GSP**” means all applicable Good Supply Practice standards, including, as applicable, as set forth in the then current good supply practice standards promulgated or endorsed by the FDA as defined in Good Supply Practice for Pharmaceutical Products or the equivalent Applicable Laws in any other region in the Avenzo Territory, each as may be amended and applicable from time to time.

1.77 “**ICC Rules**” has the meaning set forth in Section 18.4(a).

1.78 “**ICH**” means The International Council for Harmonisation of Technical Requirements for Pharmaceuticals for Human Use.

1.79 “**IFRS**” means international financial reporting standards, consistently applied.

1.80 “**IND**” means an investigational new drug application or equivalent application filed with the applicable Regulatory Authority, which application is required to commence or conduct Clinical Trials in the applicable jurisdiction.

1.81 “**IND Clearance**” means, with respect to an IND for a Licensed Product in the U.S., as applicable, (a) the date that is [***] days (or any different time period pursuant to a change in Applicable Laws after the Effective Date during which period FDA may object to the IND submission for such Licensed Product) (the “**Objection Period**”) following the filing of such IND for such Licensed Product, if Avenzo or its Affiliate or Sublicensee has not received any notice of a clinical hold from the FDA during the Objection Period; or (b) if Avenzo or its Affiliate or

Sublicensee does receive a notice of such a clinical hold prior to the expiration of the Objection Period, the date on which FDA has subsequently notified Avenzo or its Affiliate or Sublicensee in writing (by means of a "study may proceed letter" or similar communication); in each case of (a) and (b), such that such Licensed Product may be lawfully administered to a human pursuant to such IND.

1.82 "**IND-Enabling Studies**" means any and all preclinical activities with respect to any Option Molecules or Licensed Molecules, as applicable, conducted under GLP (if applicable) as necessary, the protocol and results of which are necessary to prepare a complete IND submission to the FDA, including, without limitation and to the extent necessary, PK/ADME studies, potency studies, pharmacodynamics, safety, toxicology, pharmacology, pre-formulation and formulation development.

1.83 "**Indemnitee**" has the meaning set forth in Section 15.3.

1.84 "**Indemnitor**" has the meaning set forth in Section 15.3.

1.85 "**Indication**" means a specific disease, disorder or condition which is recognized by the applicable Regulatory Authority in a given country or jurisdiction as a disease, disorder or condition; *provided, however*, that, for purposes of this definition and this Agreement, [***].

1.86 "**Indirect Tax**" has the meaning set forth in Section 12.10(b).

1.87 "**Infringement**" has the meaning set forth in Section 16.6(a).

1.88 "**Initiation**" means, with respect to a Licensed Product and a Clinical Trial, dosing of the first patient in such Clinical Trial for such Licensed Product.

1.89 "**Initiation of the Third Cohort**" means, with respect to a Licensed Product, dosing of the first patient in the third cohort of a Phase 1 Clinical Trial for such Licensed Product, as described in the clinical trial protocol in the IND submission or the then-current version of such protocol if amended.

1.90 “**Invention**” means any process, method, composition of matter, article of manufacture, discovery or finding, or other Know-How, patentable or otherwise, that is invented, discovered or generated (a) solely by or on behalf of either Party, its Affiliates or its or its Affiliates’ employees, agents or independent contractors or (b) jointly by or on behalf of both Parties, their Affiliates or their and their Affiliates’ employees, agents or independent contractors, in each case, during the Term in the performance of any activity contemplated by this Agreement or otherwise in the exercise of its (their) rights or carrying out its (their) obligations under this Agreement.

1.91 [***].

1.92 [***].

1.93 “**Joint Development Committee**” or “**JDC**” has the meaning set forth in Section 4.2(b).

1.94 “**Joint Invention**” has the meaning set forth in Section 16.1(b).

1.95 “**Joint Manufacturing and Supply Committee**” or “**JMSC**” has the meaning set forth in Section 4.2(c).

1.96 “**Joint Patents**” has the meaning set forth in Section 16.1(b).

1.97 “**Joint Steering Committee**” or “**JSC**” has the meaning set forth in Section 4.2(a).

1.98 “**Know-How**” means any proprietary or non-public scientific or technical information, results, data, and materials of any type whatsoever, in any tangible or intangible form whatsoever, including Data, databases, safety information, practices, methods, techniques, technology, specifications, formulations, formulae, chemical or biological materials, knowledge, know-how, skill, experience, test data including pharmacological, medicinal chemistry, biological, chemical, biochemical, toxicological and clinical test data, analytical and quality control data, stability data, studies and procedures, and manufacturing process and development information, results and data. For clarity, Know-How excludes Patents.

1.99 “**Knowledge**” means, with respect to a Party, the actual knowledge of [***] of such Party and their direct reports, after [***]. For clarity, with respect to [***].

1.100 “**Licensed Component**” has the meaning set forth in Section 1.37.

1.101 “**Licensed Know-How**” means any and all Know-How Controlled by VelaVigo or its Affiliates as of the Effective Date or during the Term, including VelaVigo’s or its Affiliate’s joint ownership interest in any Know-How within the Joint Inventions, that (a) Covers any Licensed Molecule, or (b) is necessary or reasonably useful to Exploit any Licensed Molecule or

1.102 “**Licensed Molecule**” means all Option Molecules in the event Avenzo exercises its Option Right pursuant to Section 3.2.

1.103 “**Licensed Patents**” means any and all Patents Controlled by VelaVigo or its Affiliates as of the Effective Date or during the Term, including VelaVigo’s or its Affiliate’s interest in any Joint Patents, that (a) Cover any Licensed Molecule, or (b) are necessary or reasonably useful to Exploit such Licensed Molecule or Licensed Product in the Field in the Avenzo Territory. Exhibit 1.103 sets forth a list of all Licensed Patents existing as of the Effective Date.

1.104 “**Licensed Product**” means any product or preparation comprising or containing any Licensed Molecule as an active ingredient (either alone, in a co-formulation or in combination with any Other Components), in any formulation or dosage form.

1.105 “**Licensed Technology**” means Licensed Know-How and Licensed Patents.

1.106 “**Losses**” has the meaning set forth in Section 15.1.

1.107 “**MAA**” means, with respect to a Licensed Product in a particular jurisdiction, (a) in the U.S., a New Drug Application (as more fully defined in 21 C.F.R. §314.5, et seq., as may be amended) or a Biologics License Application (as more fully defined in 21 C.F.R. §601.2, as may be amended), as applicable, submitted to the FDA or (b) the equivalent application(s) filed with any Regulatory Authority in any jurisdiction outside the U.S. for approval to market and sell such Licensed Product in such jurisdiction (including accelerated approval or similar approval outside the U.S.); in each case, including all amendments and supplements to any of the foregoing but excluding any application for pricing or reimbursement approvals unless they are required for the Commercialization of such Licensed Product in such jurisdiction.

1.108 “**MAA Approval**” means (a) with respect to an MAA for the Licensed Product submitted to the FDA, the approval of such MAA by the FDA; or (b) with respect to an MAA for a Licensed Product filed with the applicable Regulatory Authority in any jurisdiction outside the U.S., the approval of such MAA by such Regulatory Authority, including for clarity any application for pricing or reimbursement approvals required for the Commercialization of such Licensed Product in such jurisdiction.

1.109 “**Mainland China**” means the mainland of the People’s Republic of China. For clarity, Mainland China does not include Hong Kong, Macau and Taiwan.

1.110 “**Major Markets**” means [***].

1.111 “**Manufacture**” or “**Manufacturing**” or “**Manufactured**” means all operations involved in the manufacturing, filling and finishing, quality control testing (including in-process, release and stability testing, if applicable), storage, releasing, packaging, labeling, and supply.

1.112 “**Manufacturing Support**” has the meaning set forth in Section 9.2(c).

1.113 “**Manufacturing Technology Transfer**” has the meaning set forth in Section 9.2(c).

1.114 “**Manufacturing Technology Transfer Plan**” has the meaning set forth in Section 9.2(c).

1.115 “**Milestone Payments**” means Development and Regulatory Milestone Payments or Annual Net Sales Milestone Payments, as applicable.

1.116 “**Necessary Product Improvement Technology**” means (a) any Know-How within Avenzo’s Sole Inventions or Joint Inventions and (b) any Patents Covering Avenzo’s Sole Inventions or Joint Inventions in the VelaVigo Territory, that in each case are [***].

1.117 “**Nectin4**” means (a) nectin cell adhesion molecule 4, and (b) any naturally occurring variants thereof, in each case including any isoforms, polymorphisms, alternative splice variants, truncated forms, soluble forms and secreted forms and in each case to the extent such variant, isoform, polymorphism, alternative splice variant, truncated form, soluble form and secreted form are encoded by an allele of the same NECTIN4 gene.

1.118 “**Nectin4/TROP2 ADC**” means an ADC only targeting each of Nectin4 and TROP2 and no other target(s).

1.119 “**Net Sales**” means, with respect to any Licensed Product, [***]:

- (a) [***];
- (b) [***];
- (c) [***];
- (d) [***];
- (e) [***];
- (f) [***];
- (g) [***];

1.183 “**VelaVigo Proprietary Linker-Payload**” means any linker-payload that is proprietary to and Controlled by VelaVigo other than the linker-payload contained in VBC103 or any Backup ADC developed by VelaVigo as of the Effective Date (each such existing linker-payload, a “**VelaVigo Existing Linker-Payload**”). The structure of the VelaVigo Existing Linker-Payload shall be disclosed to Avenzo in accordance with Exhibit 1.121.

1.184 “**VelaVigo Territory**” means Mainland China, Hong Kong, Macau and Taiwan.

1.185 [***].

1.186 “[***]” means [***].

1.187 “[***] **License**” has the meaning set forth in Section 12.6.

1.188 “[***] **Royalties**” has the meaning set forth in Section 12.6.

ARTICLE 2 RESEARCH ACTIVITIES

2.1 **Preclinical Research.** VelaVigo shall perform and be responsible for the conduct of preclinical Development activities, (a) at VelaVigo’s own cost, for the Development of VBC103 until the IND submission, including the conduct and completion of the IND-Enabling Studies, preparation of IND submissions, in each case as set forth in the Research Plan, including to complete the Final Data Package for VBC103 (or [***], such Backup ADC) and (b) to advance the Development of Backup ADCs in accordance with Section 2.3(d) or Section 2.3(e) (the “**Research Activities**”). VelaVigo shall perform such activities in a professional manner and in compliance (i) in all material respects with the Research Plan and (ii) with the requirements of Applicable Laws, and use Commercially Reasonable Efforts to meet the estimated timelines set forth in the Research Plan. The initial Research Plan is attached hereto as Exhibit 2.1. Either Party, directly or indirectly through its representatives on the JSC, may propose amendments to the Research Plan from time to time. Any such amendment shall be subject to review, discussion, and approval by the JSC pursuant to Section 4.2(a).

2.2 **JSC Updates.** At each JSC meeting, VelaVigo shall provide the JSC with a reasonably detailed update on the Research Activities and a summary of the results thereof. The Parties shall discuss the status, progress and results of such activities at such JSC meetings, and VelaVigo shall provide such additional information related thereto in VelaVigo’s Control as reasonably requested by Avenzo. For clarity and notwithstanding anything to the contrary in the foregoing, (a) VelaVigo shall require that any Third Party performing Research Activities on behalf of VelaVigo grants to VelaVigo all rights in and to any information developed for VelaVigo during the performance of such Research Activities that is related to the Option Molecules, Licensed Molecules or Licensed Products (but excluding any information with respect to such

Third Party's platform technology or improvements thereof that are not specific to the Option Molecules, Licensed Molecules or Licensed Products) such that VelaVigo Controls such information for purposes of this Agreement; and (b) VelaVigo shall retain Control of all such information during the Term.

2.3 Reporting. In addition to the updates described in Section 2.2, VelaVigo will provide Avenzo the Data, results, information and deliverables required to be delivered by VelaVigo to Avenzo as set forth in the Research Plan upon completion of the applicable activities, including the following:

(a) **IND-Enabling Studies.** Pursuant to the Research Plan, VelaVigo shall advance VBC103 through IND-Enabling Studies. Subject to Section 2.3(d) below, in the event [***], VelaVigo may advance one or more Backup ADCs through IND-Enabling Studies.

(b) **Final Data Package.** VelaVigo shall provide Avenzo the Final Data Package upon the completion of IND-Enabling Studies as described in the Research Plan. All materials included in the Final Data Package shall be provided to Avenzo in the English language. For clarity, if any materials required to be included in the Final Data Package are not in the English language at the time such materials are generated by or on behalf of VelaVigo, then VelaVigo shall procure a certified English translation of such materials from a professional Third Party translation service reasonably acceptable to Avenzo at VelaVigo's cost. Avenzo shall have [***] days to review and inspect such Final Data Package and to ask questions of or request for additional information from VelaVigo if Avenzo reasonably believes that such additional information should have been included in the Final Data Package, and VelaVigo shall promptly (and in any event within [***] Business Days of the applicable request) respond to such questions and provide such additional information in VelaVigo's Control with respect to such IND-Enabling Studies and the Final Data Package as reasonably requested by Avenzo, provided that in no event shall VelaVigo be required to conduct any activities not expressly set forth in the Research Plan. For clarity and notwithstanding anything to the contrary in the foregoing, (a) VelaVigo shall require that any Third Party performing IND-Enabling Studies on behalf of VelaVigo grants to VelaVigo all rights in and to any information developed for VelaVigo during the performance of such IND-Enabling Studies that is related to the Option Molecules, Licensed Molecules or Licensed Products (but excluding any information with respect to such Third Party's platform technology or improvements thereof that are not specific to the Option Molecules, Licensed Molecules or Licensed Products) such that VelaVigo Controls such information for purposes of this Agreement; and (b) VelaVigo shall retain Control of all such information during the Term. The Option Period shall be extended as necessary such that it expires no earlier than [***] days following the date that Avenzo receives delivery of such additional information from VelaVigo.

(c) **IND Submissions.** Pursuant to the Research Plan, VelaVigo shall, in consultation with Avenzo, prepare IND submissions for VBC103 or if [***], one of the Backup ADCs advanced in the IND-Enabling Studies, in each case in accordance with the Research Plan as determined by the JSC. VelaVigo shall provide Avenzo drafts of such IND submissions for review and comment and shall incorporate any reasonable comments and revisions to such IND submissions provided by Avenzo in good faith. Prior to the Option Effective Date, VelaVigo shall have the sole right to file any IND submissions in its own

name. Following the Option Effective Date, Avenzo shall have the sole right to file any such IND submissions in the Avenzo Territory in Avenzo's name. If any IND for VBC103 or any Backup ADC advanced in the IND-Enabling Studies is filed in the Avenzo Territory by or on behalf of VelaVigo or any of its Affiliates prior to the Option Effective Date, VelaVigo, on its behalf and its Affiliates behalf, shall (and it hereby does) assign, transfer and convey to Avenzo all rights, title and interests in and to such IND effective as of the Option Effective Date, free and clear of any and all liens and encumbrances (the "**IND Transfer**"). Avenzo shall reimburse VelaVigo for all actual and reasonable documented Out-of-Pocket Costs incurred by VelaVigo in connection with such IND Transfer. For clarity, (i) upon VelaVigo's completion of the IND Transfer and IND Clearance after the Option Effective Date, the Development and Regulatory Milestone Event #1 shall be deemed to be achieved; and (ii) VelaVigo will be responsible for any and all liabilities related to the IND that is the subject of the IND Transfer to the extent such liabilities arise prior to the Option Effective Date unless such liabilities result from VelaVigo's actions or inactions as a result of Avenzo's requests. Upon the request of Avenzo, VelaVigo shall, and shall cause its Affiliates, to promptly file with the applicable Regulatory Authority any documentation necessary to transfer such IND to Avenzo.

(d) **Development of Backup ADCs prior to the Option Effective Date.** VelaVigo shall promptly provide Avenzo with the identity of all Backup ADCs and other Option Molecules identified, discovered or developed in, or arising or resulting from, the Research Activities. Prior to the Option Effective Date, in the event [***], the Parties will meet and discuss whether to advance the Development of one or more Backup ADCs, provided that VelaVigo will have no obligation to do so unless the Parties have mutually agreed thereto. If the Parties mutually agree to advance one or more Backup ADCs, the allocation of responsibilities, budgets and associated timelines for the Development of such one or more Backup ADCs would be mutually agreed upon by the Parties at the JSC.

(e) **Development of Backup ADCs following the Option Effective Date.** Following the Option Effective Date, in the event [***], VelaVigo shall, at Avenzo's request, advance at least one Backup ADC, subject to Avenzo's obligation to reimburse VelaVigo for the reasonable associated Development costs incurred by VelaVigo to advance such backup ADC(s) in accordance with a mutually agreed Development budget. Avenzo shall have no obligation to reimburse VelaVigo for any costs in excess of such budget unless otherwise agreed by the Parties in writing.

2.4 Step-In Remedy. In the event that Avenzo has the right to terminate this Agreement pursuant to Section 17.4 as a result of VelaVigo's material breach of this Agreement as determined pursuant to Article 18 or Section 17.5, in each case, [***].

ARTICLE 3
OPTION

3.1 **Grant of Option.** VelaVigo hereby grants to Avenzo the exclusive option, exercisable at any time during the Option Period, to obtain the exclusive licenses and rights with respect to the Option Molecules as set forth in this Agreement (the “**Option Right**”).

3.2 **Option Period and Option Exercise.** The period during which Avenzo may exercise the Option Right for the Option Molecules begins on the Effective Date and continues through the end of the [***]-day period (or such longer period in accordance with [Section 2.3\(b\)](#)) following receipt by Avenzo of the Final Data Package for VBC103 or, if mutually agreed by the Parties in accordance with [Section 2.3\(d\)](#), the applicable Backup ADC (the “**Option Period**”). Avenzo shall have the right to exercise the Option Right at any time during the Option Period by providing VelaVigo with written notice (the “**Option Exercise Notice**”) and within [***] days thereafter paying the Option Exercise Payment pursuant to [Section 12.2](#) (the date of such notice, the “**Option Exercise Date**” and payment of such Option Exercise Payment, the “**Option Effective Date**”). As of the Option Effective Date, all Option Molecules shall automatically be deemed Licensed Molecules under this Agreement, and Avenzo shall have the right to practice the licenses and rights with respect to such Licensed Molecules and Licensed Products as set forth in this Agreement.

3.3 **Non-Exercise of Option Right.** [***].

ARTICLE 4
GOVERNANCE

4.1 Alliance Managers. Within [***] days following the Effective Date, each Party will appoint (and notify the other Party of such appointment) a representative to act as its alliance manager regarding the Research Activities and the Development and Manufacture of the Licensed Products in the Avenzo Territory and in the VelaVigo Territory pursuant to this Agreement (each such individual appointed, an “**Alliance Manager**”). The Alliance Managers will serve as the primary contact points between the Parties and will (a) facilitate the flow of information; (b) otherwise promote communication, coordination and collaboration between the Parties by providing single points of contact for communication by and between the functions/subject matter experts for seeking consensus both internally within each Party’s respective organization, including facilitating review of external corporate communications, and raising cross-Party or cross-functional disputes in a timely manner; and (c) manage the JSC (and any other Committee) meetings by (i) calling meetings; (ii) preparing and issuing minutes of each such meeting within [***] Business Days thereafter; and (iii) preparing and circulating an agenda for the upcoming meeting, in each case, at the direction of and in consultation with the then-current chair of the applicable Committee. Each Party may remove and replace its Alliance Manager at any time by written notice to the other Party.

4.2 Committees.

(a) **Joint Steering Committee.** Within [***] days following the Effective Date, VelaVigo and Avenzo will establish a joint steering committee (“**Joint Steering Committee**” or “**JSC**”) to oversee and coordinate the Research Activities and the Development and Manufacture of Option Molecules, and after the Option Effective Date, the Development, Manufacture and Commercialization of the Licensed Molecules and Licensed Products in the Avenzo Territory and in the VelaVigo Territory, to resolve any disputes of the JDC, JMSC or other subcommittee of the JSC, and to serve as a forum for the exchange and discussion of information with respect thereto. The JSC will be responsible for:

(i) establishing the JDC and the JMSC and such other subcommittees as necessary or advisable to undertake any of the responsibilities of the JSC delegated to such subcommittee by the JSC or to further the purposes of this Agreement;

(ii) reviewing and monitoring the progress of the Research Activities and any other activities conducted pursuant to the Research Plan;

(iii) reviewing, discussing, and approving any proposed amendment to the Research Plan;

(iv) reviewing, discussing, and approving the Global Development Plan for Licensed Molecules and Licensed Products, and material amendments thereto;

(v) evaluating and selecting Backup ADCs;

(vi) overseeing and managing the strategic direction of the collaboration between the Parties with respect to the Option Molecules and Licensed Molecules and Development, Manufacturing, regulatory activities and Commercialization with respect thereto in the Avenzo Territory and the VelaVigo Territory and recommendations from the JDC, JMSC or other subcommittee of the JSC with respect to any such matter;

(vii) serving as the principal forum by which either Party keeps the other Party reasonably informed regarding such Party's Development plans, efforts and results with respect to Option Molecules;

(viii) resolving any matter within the authority of the JDC, JMSC or other subcommittee of the JSC on which the applicable Committee cannot reach a decision as to such matter; and

(ix) undertaking such other matters as are specifically assigned to the JSC in this Agreement.

(b) **Joint Development Committee.** Within [***] days following the Effective Date, the JSC will establish as a subcommittee of the JSC a joint development committee ("**Joint Development Committee**" or "**JDC**") to coordinate the Parties' Development and regulatory activities with respect to the Licensed Products in the Avenzo Territory and the VelaVigo Territory and to serve as a forum for the exchange and discussion of information with respect thereto. The JDC will be responsible for:

(i) discussing Development and regulatory strategy for the Option Molecules, Licensed Molecules and Licensed Products in the Avenzo Territory and VelaVigo Territory and facilitating the transfer of information between the Parties;

(ii) discussing, preparing and submitting the Global Development Plan for the applicable Licensed Molecules and Licensed Products to the JSC for review and approval, as applicable;

(iii) discussing, preparing, and submitting any material amendment to a Global Development Plan to the JSC for review and approval, and reviewing and discussing any changes in the scope or direction of the Development work with respect to each of the Licensed Molecules and Licensed Products to be performed pursuant to this Agreement that would be a material deviation from the applicable Global Development Plan;

(iv) coordinating the Parties' activities under the Global Development Plan(s) in the Parties' respective territories;

(v) serving as the principal forum by which Avenzo keeps VelaVigo reasonably informed regarding Avenzo's Development plans, efforts and results with respect to Licensed Molecules and Licensed Products in the Avenzo Territory and by which VelaVigo keeps Avenzo reasonably informed regarding VelaVigo's Development plans, efforts and results with respect to Licensed Molecules and Licensed Products in the VelaVigo Territory; and

(vi) undertaking such other matters as are specifically assigned to the JDC in this Agreement.

(c) **Joint Manufacturing and Supply Committee.** Within [***] days following the Option Effective Date, the JSC will establish as a subcommittee of the JSC a joint manufacturing and supply committee ("**Joint Manufacturing and Supply Committee**" or "**JMSC**") to oversee the Manufacture for Development and Commercialization purposes of the Licensed Products and to serve as a forum for the exchange and discussion of information with respect thereto. The JMSC will be responsible for:

(i) overseeing the exchange of information and coordinating the activities of the Parties with respect to Manufacturing of Licensed Molecules and Licensed Products for Development and Commercialization purposes in each of the VelaVigo Territory and Avenzo Territory;

(ii) establishing and approving a Manufacturing Technology Transfer Plan; and

(iii) undertaking such other matters as are specifically assigned to the JMSC in this Agreement.

(d) **Memberships.** Each Committee will be composed of two representatives of each of VelaVigo and Avenzo (or such other number of representatives of each Party as agreed in writing by VelaVigo and Avenzo). Each Party will appoint its initial Committee representatives by written notice to the other Party within [***] days of the Effective Date and will appoint its initial representatives to any other Committee by written notice to the other Party within [***] days of establishment of such Committee. Either Party may replace its respective Committee representatives at any time with prior written notice to the other Party; *provided* that each Party will ensure that, at all times during the existence of a Committee, such Party's Committee representatives (initial or replacement) have appropriate expertise and sufficient seniority within the applicable Party to make recommendations and decisions arising within the scope of the applicable Committee's responsibilities; and *provided, further*, that the Parties shall use reasonable efforts not to make changes to such representatives during the first year after establishment of each Committee. With respect to the JSC, each Party will ensure that at all times during the existence of the JSC, such Party's JSC representatives (initial or replacement) (i) have the authority to bind such Party with respect to matters within the purview of the JSC, and (ii) at least one of each Party's JSC representatives is a Senior Executive. A member of the JDC or JMSC may also be a member of the JSC or any other subcommittee established by the JSC if so desired by the Party who appoints such member.

(e) **Meetings.** Each of the Committees, once established, will meet at least once each Calendar Quarter, or more or less often as otherwise agreed to by the Parties. Responsibility for chairing Committee meetings will alternate between the Parties. The chair for any Committee meeting will not have any greater authority than any other representative of either Party on such Committee. All Committee meetings may be conducted by telephone, video-conference, or in person; *provided, however*, that each Committee will meet in person at least once each Calendar Year, unless the Parties agree to meet by alternative means. Unless otherwise agreed by the Parties, all in-person meetings for a Committee will be held on an alternating basis between the facilities of each Party. Each Party will bear its own personnel and travel costs and expenses relating to participation in Committee meetings. Upon each Party's invitation, a reasonable number of additional representatives of such Party may attend Committee meetings in a non-voting capacity, provided that if either Party intends to have any such additional representatives attend such meetings, such Party shall ensure that such representatives are bound by confidentiality and non-use obligations consistent with the terms of this Agreement.

(f) **Minutes.** The chair of each Committee meeting will be responsible for ensuring draft minutes of such Committee meeting are prepared and circulated by the Alliance Managers to all members of such Committee for comments. Such minutes will provide a description, in reasonable detail, of the discussions at the meeting and will document all actions and determinations approved by the Committee at such meeting. The Parties will promptly discuss any comments on such minutes and finalize the minutes no later than [***] days after such meeting.

(g) **Decision-Making.** Decisions of a Committee will be made by unanimous vote, with each Party's representatives on such Committee collectively having one vote. No vote of a Committee may be taken unless at least one of each Party's representatives is present for such Committee vote. If after reasonable discussion and good faith consideration of each Party's view on a particular matter before the JDC, JMSC or other subcommittee of the JSC, the applicable Committee cannot reach a decision as to such matter, then such Committee will bring the matter to the attention of the JSC for resolution. If after reasonable discussion and good faith consideration of each Party's view on a particular matter before the JSC, the JSC cannot reach a decision as to such matter within [***] days after such matter was brought to the JSC for resolution, then:

(i) the matter shall be submitted to the Senior Executives of Avenzo and VelaVigo for resolution, who shall promptly initiate discussions in good faith to resolve such dispute; and

(ii) if such escalated dispute cannot be resolved within [***] days after the dispute being submitted to the Senior Executives, then: (A) prior to the Option Effective Date, the Chief Executive Officer of VelaVigo shall have final decision-making authority with respect to such matter, provided that such final decision-making authority shall not apply with respect to [***]; and (B) upon the Option Effective Date and thereafter, (1) with respect to [***], (2) with respect to [***], and (3) with respect to any other matter other than a matter described in the foregoing clauses (1) or (2) (including [***]), neither Party shall have final decision-making authority with respect to such matter, and the status quo with respect to such matter shall remain in effect if the Parties are unable to mutually agree on a resolution for such matter.

(iii) Notwithstanding any other provision of this [Article 4](#) to the contrary, neither any Committee, including the JSC nor a Senior Executive in the exercise of the foregoing decision-making authority, will have the right to: (A) modify or amend the terms and conditions, or waive any term or condition, of this Agreement; (B) determine any issue in a manner that would conflict with, or cause a Party to breach or violate, the terms and conditions of this Agreement; (C) make any determination that a Party is in breach (or not) of this Agreement; or (D) make a decision that is expressly stated to require the written agreement or written consent of the Parties. The Parties intend that all matters within the scope of a Committee's decision-making authority will be resolved by the Parties in accordance with this [Section 4.2\(g\)](#), and no matter within the scope of a Committee's authority will be subject to the dispute resolution provisions set forth in [Article 18](#).

4.3 Scope of Governance. Notwithstanding the creation of a Committee, each Party will retain the rights, powers and discretion granted to it hereunder, and no Committee will be delegated or vested with rights, powers or discretion unless such delegation or vesting is expressly provided herein. No Committee will have the power to amend or modify this Agreement, and no decision of a Committee will be in contravention of any terms and conditions of this Agreement. It is understood and agreed that issues to be formally decided by a Committee are only those specific issues that are expressly provided in this Agreement to be decided by such Committee.

4.4 Discontinuation of Committees. The JSC and all other Committees will continue to exist until the first to occur of: (a) the Parties' written agreement to disband the JSC, and (b) unless otherwise agreed by the Parties, upon the first Regulatory Approval of the first Licensed Product in the U.S. Upon the occurrence of the event described in clause (a) or (b) above, the JSC and all other Committees will disband and shall have no further authority or duties under this Agreement. After the JSC ceases to exist, (i) each Party shall designate a contact person for the exchange of information previously exchanged through the JSC (and, if applicable the JDC, JMISC and any other subcommittee), and (ii) any decisions that are designated under this Agreement as being subject to the review or approval of the JSC (or if applicable the JDC, JMISC and any other subcommittee), will be made by written agreement of the Parties directly, subject to the other terms and conditions of this Agreement.

ARTICLE 5 LICENSES; NON-COMPETE

5.1 License Grant to Avenzo. Subject to the terms and conditions of this Agreement, effective upon the Option Effective Date, VelaVigo hereby grants to Avenzo the following licenses:

(a) an exclusive (even as to VelaVigo and its Affiliates, subject to [Section 5.4](#)), transferable (subject to [Section 19.4](#)), royalty-bearing license, with the right to grant sublicenses through multiple tiers (in accordance with [Section 5.3](#)), under the Licensed Technology to Exploit the Licensed Molecules and Licensed Products in the Field in the Avenzo Territory; and

(b) a non-exclusive, transferable (subject to [Section 19.4](#)) license, with the right to grant sublicenses through multiple tiers (in accordance with [Section 5.3](#)), under the Greater China Technology to Develop, Manufacture and have Manufactured the Licensed Molecules and Licensed Products in the Field in the VelaVigo Territory solely in connection with the (i) Development of such Licensed Products and Licensed Molecules by or on behalf of Avenzo or its Affiliates or Sublicensees for purposes of obtaining Regulatory Approval of the Licensed Products and Licensed Molecules in the Avenzo Territory, and (ii) the sale, offer for sale, import, export, Commercialization and other Exploitation of such Licensed Products and Licensed Molecules in the Field in the Avenzo Territory.

For clarity, the foregoing licenses granted to Avenzo under this [Section 5.1](#) shall not include rights to Exploit any Other Component(s) that is proprietary to VelaVigo and VelaVigo shall not be deemed to grant Avenzo a license for such Other Component(s) unless it is separately obtained from VelaVigo if Licensed Product is a Combination Product that contain such Other Component(s).

5.2 License Grant to VelaVigo. Subject to the terms and conditions of this Agreement, Avenzo hereby grants to VelaVigo (a) a non-exclusive, fully-paid up and royalty-free license, sublicensable only to VelaVigo's Affiliates or subcontractors, under the Avenzo IP solely to perform VelaVigo's obligations under this Agreement, including the Global Development Plan, if any, in the Avenzo Territory and (b) a non-exclusive, transferable (subject to [Section 19.4](#)), fully-paid up and royalty-free license, with the right to grant sublicenses through multiple tiers (in accordance with [Section 5.3](#)), (i) under the Avenzo Manufacturing Technology to Manufacture and have Manufactured the Licensed Molecules and Licensed Products in the Field in the VelaVigo Territory, and (ii) under Necessary Product Improvement Technology to Exploit the Licensed Molecules and Licensed Products in the Field in the VelaVigo Territory.

For clarity, in the event that a Licensed Molecule includes a linker or payload owned or controlled by Avenzo (and, for clarity, is not a VelaVigo Existing Linker-Payload or VelaVigo Proprietary Linker-Payload) (such linker or payload, an "**Avenzo Proprietary Linker-Payload**"), the foregoing licenses granted to VelaVigo under this [Section 5.2](#) shall not include rights to Exploit the Avenzo Proprietary Linker-Payload contained in such Licensed Molecule and Avenzo shall not be deemed to grant VelaVigo a license for such Avenzo Proprietary Linker-Payload unless it is separately obtained from Avenzo.

5.3 Right to Sublicense.

(a) **By Avenzo.** Avenzo has the right to sublicense (through multiple tiers) any of its rights under [Section 5.1](#) to an Affiliate of Avenzo or any Third Party. Avenzo will provide VelaVigo with a fully executed, true, and complete copy of each sublicense agreement with any such Sublicensee no later than [***] days after the execution thereof, *provided* that (i) Avenzo may redact confidential or commercially sensitive information that is not relevant to Avenzo's compliance with this Agreement and (ii) Avenzo shall not be obligated to provide copies of any sublicense agreement with a distributor, Third Party contractor or service provider.

(b) **By VelaVigo.** VelaVigo has the right to sublicense (through multiple tiers) any of its rights under Section 5.2 to an Affiliate of VelaVigo or any Third Party. VelaVigo will provide Avenzo with a fully executed, true, and complete copy of each sublicense agreement with any such sublicensee no later than [***] days after the execution thereof, *provided* that VelaVigo may redact confidential or commercially sensitive information that is not relevant to VelaVigo's compliance with this Agreement.

(c) **Restrictions.** Avenzo (as licensee under Section 5.1) or VelaVigo (as licensee under Section 5.2) may fulfill any of its obligations under this Agreement itself or through its Affiliates, Sublicensees, or subcontractors; *provided* that the licensee Party will remain directly responsible for all its obligations under this Agreement, regardless of whether any such obligation is delegated, subcontracted or sublicensed to any of its Affiliates, Sublicensees, or subcontractors. Any action by any Affiliate, Sublicensee, or subcontractor of the licensee Party that would have been a breach of the terms or conditions of this Agreement if performed by the licensee Party will be deemed a direct breach by the licensee Party of such terms or conditions, subject to the opportunity to cure following notice of breach in accordance with Section 17.4. [***].

5.4 Retained Rights. [***].

5.5 **No Implied Licenses; Negative Covenant.** Except as set forth herein, nothing in this Agreement grants any license or other intellectual property interest of either Party to the other Party, by implication or otherwise, under any Know-How, trademarks or Patents of the other Party. Each Party may not, and may not permit any of its Affiliates, Sublicensees, or subcontractors to, practice any Patent or Know-How licensed to it by the other Party outside the scope of the licenses granted to such Party under this Agreement.

5.6 Upstream License Agreements.

(a) If either Party reasonably determines that it is necessary to obtain a license for or otherwise acquire any Patents or Know-How from one or more Third Parties in order to Exploit the Licensed Molecules or Licensed Products in the Avenzo Territory or VelaVigo Territory (and the Patents or Know-How licensed thereunder) in accordance with the licenses granted under this **Article 5** (each, a “**Third Party License**”), it shall promptly notify the other Party. As between the Parties, [***].

(b) With respect to any such Third Party License [***].

5.7 Non-Compete.

(a) **Non-Compete by Avenzo.** During the Term of the Agreement, except as provided in [Section 5.7\(c\)](#) or [Section 5.7\(d\)](#), Avenzo will not, and will cause its Affiliates and require its Sublicensees not to, engage in (independently or for or with any Third Party) any Development, Manufacture, or Commercialization of any Competing Product in the VelaVigo Territory and Avenzo Territory (including through any license or grant of rights to any Third Party with respect to any such Competing Product), in each case, other than activities by or on behalf of Avenzo and its Affiliates and Sublicensees with the Licensed Molecules or Licensed Products as contemplated under this Agreement.

(b) **Non-Compete by VelaVigo.** During the Term of the Agreement, except as provided in [Section 5.7\(c\)](#) or [Section 5.7\(d\)](#), VelaVigo will not, and will cause its Affiliates and require its Sublicensees (other than Avenzo) not to, engage in (independently or for or with any Third Party) any Development, Manufacture, or Commercialization of any Competing Product in the VelaVigo Territory and Avenzo Territory (including through any license or grant of rights to any Third Party with respect to any such Competing Product), in each case, other than activities by or on behalf of VelaVigo, its Affiliates, Sublicensees with the Option Molecules, Licensed Molecules or Licensed Products as contemplated under this Agreement, including the Research Activities.

(c) **Effects of Change of Control.** Notwithstanding [Section 5.7\(a\)](#) and [Section 5.7\(b\)](#), if a Party undergoes a Change of Control with a Third Party (such Third Party, together with its Affiliates existing prior to such Change of Control, an “**Acquisition Party**”), then the Acquisition Party shall [***].

(d) **Acquisition of a Third Party by a Party.** In the event that either Party or any of its Affiliates merges or consolidates with, or otherwise acquires a Third Party (whether such transaction occurs by way of a sale of assets, merger, consolidation or similar transaction) (an “**Acquired Party**”) that is engaged in Exploitation of a Competing Product as of the closing of such transaction that would be prohibited by [Section 5.7\(a\)](#) and [Section 5.7\(b\)](#), such Party or its Affiliate shall not be deemed to be in breach of its obligations set forth in [Section 5.7\(a\)](#) and [Section 5.7\(b\)](#), *provided* that, by the end of the [***] period immediately following the closing of such transaction, such Party or its Affiliate or its Acquired Party has [***].

ARTICLE 6 KNOW-HOW TRANSFER

6.1 **Know-How Transfer.** Promptly after the Option Effective Date, VelaVigo will disclose or otherwise make available to Avenzo a copy of all Licensed Know-How and Greater China Know-How that exists as of the Effective Date and in VelaVigo's or its Affiliates' Control existing as of the Option Effective Date (other than VelaVigo Manufacturing Technology, which is addressed in Section 9.2(c)), which provision or access shall occur in a manner and following a reasonable schedule proposed by VelaVigo and agreed by the JSC (to be completed within [***] days after the Option Effective Date or at such later time as agreed by the JSC). For clarity and notwithstanding anything to the contrary in the foregoing, (a) VelaVigo shall require that any Third Party who is generating Licensed Know-How or Greater China Know-How on behalf of VelaVigo grants to VelaVigo all rights in and to any information developed for VelaVigo during the performance of generating Licensed Know-How or Greater China Know-How that is related to the Option Molecules, Licensed Molecules or Licensed Products (but excluding any information with respect to such Third Party's platform technology or improvements thereof that are not specific to the Option Molecules, Licensed Molecules or Licensed Products) such that VelaVigo Controls such information for purposes of this Agreement; and (b) VelaVigo shall retain Control of all such information during the Term. During the Term, VelaVigo shall provide or make available to

Avenzo as promptly as practicable any additional Licensed Know-How and Greater China Know-How, to the extent that such Licensed Know-How and Greater China Know-How arises after the Effective Date or otherwise has not previously been provided or made available to Avenzo.

6.2 Assistance by VelaVigo. In connection with any transfer of Licensed Know-How or Greater China Know-How to Avenzo pursuant to Section 6.1, VelaVigo will cause its FTEs to provide to Avenzo or its designee(s) reasonable technical support and assistance (“Technical Assistance”) with respect to the use and practice of the Licensed Know-How or Greater China Know-How, including in connection with (a) the Development, use or Commercialization of Licensed Molecules and Licensed Products in the Avenzo Territory, and (b) the seeking of Regulatory Approval for Licensed Products in the Avenzo Territory. Upon Avenzo’s request for Technical Assistance, VelaVigo shall provide Avenzo with up to [***] FTE hours of Technical Assistance at no additional cost to Avenzo. Any additional Technical Assistance in excess of [***] FTE hours reasonably requested by Avenzo and agreed by VelaVigo will be provided by VelaVigo at the FTE Rate, and Avenzo shall reimburse VelaVigo for all Out-of-Pocket Costs reasonably incurred by VelaVigo in connection with the provision of the Technical Assistance. If applicable, VelaVigo will invoice Avenzo for any Technical Assistance provided at the FTE Rate and the reasonable Out-of-Pocket Costs incurred by VelaVigo, and Avenzo will pay all such undisputed amounts within [***] days after receipt of an applicable invoice from VelaVigo.

ARTICLE 7 DEVELOPMENT

7.1 Responsibilities. As between the Parties, after the Option Effective Date, Avenzo shall (itself or through its Affiliates or Sublicensees) have the sole right and responsibility, at its sole cost and expense, to conduct all Development of Licensed Products in the Field in the Avenzo Territory, except for Research Activities conducted by VelaVigo as expressly provided in Article 2. As between the Parties, VelaVigo shall (itself or through its Affiliates or Sublicensees) have the sole right and responsibility, at its sole cost and expense, to conduct all Development of Licensed Products in the Field in the VelaVigo Territory, except as expressly provided in Section 5.1(b).

7.2 Diligence. Avenzo shall (itself or through its Affiliates or Sublicensees) use Commercially Reasonable Efforts to conduct such non-clinical studies and Clinical Trials of Licensed Products in the Avenzo Territory as are reasonably necessary to obtain Regulatory Approval for one Licensed Product in each of (a) [***], and (b) [***].

7.3 Global Development Plan. In the event that either Party may propose a Global Development Plan, including to conduct additional studies or expand existing studies, the Parties shall discuss such Global Development Plan in good faith, and any such Global Development Plan shall be effective only upon review and approval by the JSC in accordance with Section 4.2(a) (subject to dispute resolution in accordance with Section 4.2(g), as applicable). The Global Development Plan will be focused on the objective of achieving Regulatory Approval for the Licensed Products in each Party’s respective territory, while taking into reasonable consideration potential material Development or Commercialization impacts on the Licensed Products in each Party’s respective territory. The Global Development Plan shall include [***].

For clarity and notwithstanding anything herein to the contrary, Avenzo shall have the sole right [***] to conduct Territory-Specific Clinical Trials in the Avenzo Territory, and VelaVigo shall have the sole right [***] to conduct Territory-Specific Clinical Trials in the VelaVigo Territory. With respect to each Global Clinical Trial, each Party shall be responsible for the activities and costs allocated to it with respect to such Global Clinical Trial under the Global Development Plan. Each Party will perform the Development activities allocated to it under the Global Development Plan in a professional manner, and in compliance in all respects with the Global Development Plan and the requirements of all Applicable Laws, GCP and cGMP. If Avenzo proposes to conduct a Clinical Trial of a Licensed Product with sites in the VelaVigo Territory, then it will first discuss with VelaVigo the possibility for VelaVigo to participate in the conduct of such Clinical Trial in the VelaVigo Territory as part of the Global Development Plan; *provided that*, if VelaVigo does not agree to participate in the conduct of such Clinical Trial in the VelaVigo Territory, then Avenzo may conduct such Clinical Trial in the VelaVigo Territory pursuant to the licenses granted in [Section 5.1\(b\)](#).

7.4 Development Reports. Each Party will keep the JDC regularly and reasonably informed of the status, progress and results of its Development and regulatory activities in its respective territory. At least [***] Business Days before each regularly scheduled JDC meeting, each Party will provide the JDC with a written report describing its Development activities and the results thereof. Through the JSC or JDC, as applicable, each Party will keep the other Party reasonably informed of the Development of Option Molecules, Licensed Molecules and Licensed Products conducted by or on behalf of such Party in its respective territory. In addition, each Party will (and will use reasonable efforts to cause its respective Affiliates and sublicensees to) make available to the other Party such additional information about its Development activities with respect to each Option Molecule, Licensed Molecule and Licensed Product as may be reasonably requested by the other Party from time to time. All updates and reports provided by a Party pursuant to this [Section 7.4](#) will be the Confidential Information of such Party.

7.5 Records. Each Party will and will cause its Affiliates, and will require its Sublicensees or subcontractors, to maintain complete, current and accurate records in either tangible or electronic form of all material Development, Manufacturing (in the case of Avenzo, after the Manufacturing Technology Transfer) or Commercialization activities with respect to the Licensed Products, in each case in accordance with its reasonable internal documentation and record retention practices. Such records will be maintained in sufficient detail to properly reflect, in good scientific manner, all material work done, and the results of studies and Clinical Trials undertaken and, further, will be at a level of detail appropriate for Patent and regulatory purposes. Each Party will document all non-clinical studies and Clinical Trials of Licensed Products in formal written study reports according to Applicable Laws and applicable national and international guidelines such as ICH, GCP and GLP. Upon a Party's reasonable request, the other Party will, and will cause its Affiliates and Sublicensees, to provide to the requesting Party copies of such records to the extent necessary or reasonably useful for the Development, Manufacture, and Commercialization of the Licensed Products in such other Party's territory, including for Patent and regulatory purposes in accordance with the terms of this Agreement. All such records, reports, information and Data of a Party provided to the other Party will be the Confidential Information of the providing Party.

7.6 Clinical Trial Audits. Each Party or its representatives may conduct an audit of the other Party, its Affiliates, Sublicensees, or any subcontractors (including Clinical Trial sites) engaged to perform such other Party's obligations under any Global Development Plan, in each case, to ensure that the applicable Clinical Trials are conducted in compliance with the Global Development Plan, GCP, and Applicable Laws, and the other Party shall reasonably cooperate with such audit. Each Party may conduct such audit no more than once each Calendar Year (unless an additional audit is warranted for cause) upon [***] days' prior written notice to the other Party. No later than [***] days after the completion of such audit, the auditing Party will provide the other Party with a written summary of the auditing Party's findings of any deficiencies or other areas of remediation that the auditing Party identifies during any such audit. Any such findings of major or critical deficiencies or remediation or any other major issues identified in such audit shall be reviewed and discussed by the JSC with appropriate quality personnel from both Parties.

7.7 Data Exchange and Use. Each Party (a) shall promptly provide the other Party with copies of all Data (including all Clinical Trial data and supporting documentation, *e.g.*, protocols and case report forms) Controlled by or on behalf of such Party or its Affiliates, and (b) shall use Commercially Reasonable Efforts to provide the other Party with copies of all Data (including all Clinical Trial data and supporting documentation, *e.g.*, protocols and case report forms) owned or controlled by or on behalf of such Party's Sublicensees, in each case of (a) and (b) generated from its Development of the Licensed Molecules and Licensed Products [***]; *provided that* [***]. Each Party will have the right to use and reference such Data provided by the other Party for the purpose of filing for, obtaining and maintaining Regulatory Approval for and Commercializing the Licensed Molecules and Licensed Products in such Party's territory in any Indication. For clarity, any such Data will be owned in accordance with Section 16.1 and shall be subject to the licenses, rights and obligations set forth herein.

ARTICLE 8 REGULATORY

8.1 Avenzo Responsibilities.

(a) **Generally.** Subject to VelaVigo's obligations regarding the Research Activities, after the Option Effective Date, Avenzo shall (itself or through its Affiliates or Sublicensees) have the sole right and responsibility, at its sole cost and expense, to (i) conduct all regulatory activities leading up to and including the obtaining of all Regulatory Approvals for Licensed Products from the applicable Regulatory Authority on a country-by-country basis in the Avenzo Territory; and (ii) prepare, file for, obtain, hold, and maintain all INDs and Regulatory Approvals and, as applicable, associated pricing and reimbursement approvals for Licensed Products on a country-by-country basis in the Avenzo Territory. Avenzo will keep VelaVigo reasonably informed of material regulatory developments related to any Licensed Product in the Avenzo Territory, including with respect to material decisions of any Regulatory Authority in the Avenzo Territory regarding any Licensed Product.

(b) **Regulatory Diligence.** Avenzo will (itself or through its Affiliates or Sublicensees) use Commercially Reasonable Efforts to file for and obtain Regulatory Approval for one Licensed Product in each of (a) [***] and (b) [***].

8.2 **VelaVigo Territory.** Subject to Avenzo's rights under Section 5.1(b), VelaVigo shall (itself or through its Affiliates or Sublicensees) have the sole right, at its sole cost and expense, to (a) conduct all regulatory activities leading up to and including the obtaining of all Regulatory Approvals for Licensed Products from the applicable Regulatory Authority on a region-by-region basis in the VelaVigo Territory, and (b) prepare, file for, obtain, hold and maintain all INDs and Regulatory Approvals and, as applicable, all associated pricing and reimbursement approvals for Licensed Products on a region-by-region basis in the VelaVigo Territory. VelaVigo will keep Avenzo reasonably informed of material regulatory developments related to any Licensed Product in the VelaVigo Territory, including with respect to material decisions of any Regulatory Authority in the VelaVigo Territory regarding any Licensed Product.

8.3 **Provision of Regulatory Submissions.** Each Party will notify the other Party of any material Regulatory Submissions for any Licensed Product submitted to or received from any Regulatory Authority in its respective territory and will provide the other Party with copies thereof as soon as reasonably practicable. If any such Regulatory Submission, comment, or correspondence is not in English, then, in addition to a copy thereof in its original language, (a) each Party will also provide the other Party with an English-language summary thereof within the corresponding timelines as set forth in this Article 8 at its cost; and (b) upon the other Party's reasonable request, provide such other Party with a full English translation thereof at its cost.

8.4 **Notice of Meetings and Regulatory Actions.** Each Party will provide the other Party with notice of any material meeting or discussion with any Regulatory Authority in such Party's respective territory related to any Licensed Product, when possible, no later than [***] Business Days after receiving notice thereof. At the notifying Party's request, the other Party will reasonably cooperate with the notifying Party in preparing for any such meeting or discussion. The notifying Party will provide to the other Party a written summary of such meeting or discussion in English promptly following the issuance or approval of the corresponding official minutes by the applicable Regulatory Authority. If any Regulatory Authority takes, or gives notice of its intent to take, any regulatory action with respect to any Licensed Product, then such Party will notify the other Party of such action within [***] Business Days after receipt of such notice (or, if action is taken without notice, within [***] Business Days of such Party becoming aware of such action).

8.5 **Cooperation.** Each Party will reasonably cooperate with the other Party in obtaining any Regulatory Approvals for the Licensed Products in the other Party's respective territory by providing, to the extent reasonably requested by the other Party, access to Regulatory Approvals, Regulatory Submissions, Data, and other information and documentation relating to the Licensed Products.

8.6 No Harmful Actions. If either Party believes that the other Party is taking or intends to take any action with respect to a Licensed Product that is reasonably likely to have a material adverse impact upon the regulatory status of such Licensed Product within such Party's territory, then such Party will have the right to bring the matter to the attention of the JSC and the Parties will discuss in good faith to resolve such concern.

8.7 Notification of Threatened Action. Each Party will, within [***] Business Days, notify the other Party of any information it receives regarding any threatened or pending action, inspection or communication by any Third Party, which would reasonably be expected to adversely affect the safety or efficacy claims of any Licensed Products or the continued marketing of any Licensed Products. Upon receipt of such information, the Parties will consult with each other in an effort to arrive at a mutually acceptable procedure for taking appropriate action with respect to such Licensed Product.

8.8 Right of Reference.

(a) Avenzo (on behalf of itself and its Affiliates) hereby grants to VelaVigo the right of reference to all Regulatory Submissions pertaining to the Licensed Products submitted to any Regulatory Authority by or on behalf of Avenzo or its Affiliates, subject to Section 5.3(c)(iii), with the right to grant further rights of reference to VelaVigo's Sublicensees with respect to such Licensed Products. VelaVigo and its Affiliates (and any Sublicensee to whom it may grant a further right of reference) may use the right of reference to Avenzo's Regulatory Submissions solely for the purpose of seeking, obtaining and maintaining the Regulatory Approval of such Licensed Products in the VelaVigo Territory. At VelaVigo's request, Avenzo shall (and shall cause its Affiliates to) promptly provide VelaVigo with copies of such Regulatory Submissions (including Data contained or referenced therein) subject to this right of reference.

(b) VelaVigo (on behalf of itself and its Affiliates) hereby grants to Avenzo the right of reference to all Regulatory Submissions pertaining to the Licensed Products submitted to any Regulatory Authority by or on behalf of VelaVigo or its Affiliates or Sublicensees, subject to Section 5.3(c)(iii), with the right to grant further rights of reference to Sublicensees with respect to such Licensed Products. Avenzo and its Affiliates (and any Sublicensee to whom it may grant a further right of reference) may use such right of reference to VelaVigo's Regulatory Submissions in the Field solely for the purpose of seeking, obtaining and maintaining the Regulatory Approval of the Licensed Products in Field in the Avenzo Territory. At Avenzo's request, VelaVigo shall promptly provide Avenzo with copies of such Regulatory Submissions (including Data contained or referenced therein) subject to this right of reference.

8.9 Adverse Events Reporting.

(a) No later than the first IND submission for the first Licensed Product, Avenzo and VelaVigo will generate and agree to the worldwide safety and pharmacovigilance procedures for the Parties with respect to the Licensed Products, such as safety data sharing and exchange, Adverse Events reporting and prescription events monitoring in a written agreement (as may be amended, the "**Pharmacovigilance Agreement**"). Such agreement will describe the coordination of collection, investigation, reporting, and exchange of information concerning Adverse Events or any other safety problem of any significance, and product quality and product

complaints involving Adverse Events, sufficient to permit each Party, its Affiliates, and its Sublicensees to comply with its legal obligations. The Pharmacovigilance Agreement will be promptly updated if required by changes in legal requirements. Each Party hereby agrees to comply with its respective obligations under the Pharmacovigilance Agreement and to cause its Affiliates, Sublicensees to comply with such obligations.

(b) Each Party will be responsible for complying with all Applicable Laws governing Adverse Events for all Clinical Trials of any Licensed Product performed by or on behalf of such Party.

(c) Avenzo will hold and control the global safety database for each Licensed Product and for the exchange by the Parties, in English, of any information of which a Party becomes aware concerning any Adverse Event experienced by a subject or patient being administered the applicable Licensed Product, including any such information received by either Party from any Third Party (subject to receipt of any required consents from such Third Party). It is understood that each Party and its Affiliates, Sublicensees has the right to access the global safety database and disclose any information therein if disclosure is reasonably necessary to comply with Applicable Laws or requirements of any applicable Regulatory Authority. Notwithstanding the foregoing, VelaVigo may hold and control a safety database for each Licensed Product in the VelaVigo Territory. VelaVigo will cooperate to provide information for the VelaVigo Territory for inclusion in the global safety database, and Avenzo will be responsible for providing information for the Avenzo Territory for inclusion in the global safety database.

8.10 Remedial Actions. Each Party and its Affiliates will (and will use reasonable efforts to cause its Sublicensees to) notify the other Party immediately, and promptly confirm such notice in writing, if it obtains information indicating that any Licensed Product may be subject to any recall, recovery, corrective action or other regulatory action by any Governmental Authority or Regulatory Authority (a “**Remedial Action**”). The Parties will assist each other in gathering and evaluating such information as is necessary to determine the necessity of conducting a Remedial Action with respect to the Avenzo Territory or VelaVigo Territory, as applicable. Avenzo has sole discretion with respect to any matters relating to any Remedial Action in the Avenzo Territory, including the decision to commence such Remedial Action and the control over such Remedial Action and VelaVigo has sole discretion with respect to any matter relating to any Remedial Action in the VelaVigo Territory, including the decision to commence such Remedial Action and the control over such Remedial Action. The cost and expenses of any Remedial Action in the Avenzo Territory or the VelaVigo Territory will be borne solely by the Party with sole discretion; *provided* that, if the need for a Remedial Action arises as a result of any gross negligence of a Party, then all costs and expenses incurred in connection with such Remedial Action will be the sole responsibility of such Party.

8.11 Safety and Regulatory Audits. With respect to any inspection of a Party or its Affiliates, or Sublicensees (including Clinical Trial sites) by any Governmental Authority relating to any Licensed Product that such Party (or its Affiliate or Sublicensee) reasonably believes will have a material impact on the Development or Commercialization of such Licensed Product in the other Party’s territory, such Party will notify the other Party of such inspection (a) no later than [***] Business Days after such Party receives notice of such inspection or (b) within [***] Business Days after the completion of any such inspection of which such Party did not receive

prior notice. To the extent required by Applicable Law, each Party will permit Governmental Authorities outside of its territory to conduct inspections of such Party or its Affiliates, or Sublicensees (including Clinical Trial sites) relating to any Licensed Product, and will ensure that all such Affiliates, or Sublicensees permit such inspections. Following any such regulatory inspection related to any Licensed Product that such Party (or its Affiliate or Sublicensee) reasonably believes will have a material impact on the Development or Commercialization of such Licensed Product in the other Party's territory, such Party will provide the other Party with (i) an unredacted copy of any finding, notice, or report provided by any Governmental Authority related to such inspection (to the extent related to such Licensed Product) within [***] days of such Party receiving the same, and (ii) in the event that such findings, notice, or report is in a language other than English, a written English summary of any material finding, notice, or report of a Governmental Authority related to such inspection (to the extent related to such Licensed Product) within [***] days after receiving the same.

ARTICLE 9 MANUFACTURING AND SUPPLY

9.1 **Transfer of Drug Material.** Within [***] days following the Option Effective Date (or such other time as mutually agreed by the Parties), VelaVigo will deliver to Avenzo FCA (INCOTERMS 2020) the site designated by Avenzo the quantities of drug material related to the Licensed Molecules and Licensed Products reasonably requested by Avenzo and agreed by VelaVigo (such agreement not to be unreasonably withheld, conditioned or delayed) that is in VelaVigo's or its Affiliates' possession as of the Option Effective Date, at no cost to Avenzo. At Avenzo's reasonable request and [***], VelaVigo will retest any such materials and certify that such materials meet the applicable specifications at the time of such retesting.

9.2 Clinical and Commercial Supply.

(a) **Responsibility.** VelaVigo will be responsible (itself or through its Affiliate or CMO) for the Manufacture and supply of Licensed Products for Development (including use in Clinical Trials) and Commercialization by Avenzo and its Affiliates and Sublicensees in the Avenzo Territory (subject to Section 9.2(c)), and for Development (including use in Clinical Trials) and Commercialization by VelaVigo and its Affiliates and (sub)licensees in the VelaVigo Territory.

(b) **Supply Agreement.** Within [***] days following the Option Effective Date (or such longer period as mutually agreed by the Parties), the Parties shall negotiate in good faith and enter into a clinical supply agreement governing such Manufacture and supply of Licensed Products by VelaVigo for Avenzo in the Avenzo Territory on commercially reasonable terms prior to the completion of the Manufacturing Technology Transfer (as may be amended in accordance with its terms, the "**Supply Agreement**"). The Supply Agreement will include terms consistent with the principles set forth on Exhibit 9.2(b) and other customary terms for the supply of pharmaceutical products for clinical and Commercial use. In connection with the Supply Agreement, the Parties shall enter into a quality agreement (the "**Quality Agreement**") governing the quality aspects of the supply of Licensed Products.

(c) **Manufacturing Technology Transfer to Avenzo.** Upon Avenzo's request following the Option Effective Date, the Parties (through the JMSC) will establish and mutually agree on a plan pursuant to which VelaVigo will perform a technology transfer with respect to the VelaVigo Manufacturing Technology (subject to dispute resolution in accordance with Section 4.2(g), as applicable) (as may be amended, the "**Manufacturing Technology Transfer Plan**") to enable Avenzo or its Affiliate to Manufacture the Licensed Products for Development and Commercial purposes itself or have the Licensed Products Manufactured by a qualified CMO. The Manufacturing Technology Transfer Plan will describe the VelaVigo Manufacturing Technology and any and all other subject matter to be transferred pursuant to such plan, including the anticipated timelines for completing such transfers. Subject to the terms of the Manufacturing Technology Transfer Plan, VelaVigo will (i) transfer all VelaVigo Manufacturing Technology to Avenzo or its Affiliate or CMO, and (ii) provide reasonable technical support and assistance to Avenzo or such Affiliate or CMO with respect to the use and practice of the VelaVigo Manufacturing Technology for up to [***] days following completion of such transfer ("**Manufacturing Support**") (clause (i) and (ii), the "**Manufacturing Technology Transfer**"). VelaVigo shall provide Avenzo with up to [***] FTE hours of Manufacturing Support at no additional cost to Avenzo. Any additional Manufacturing Support in excess of [***] FTE hours reasonably requested by Avenzo and agreed by VelaVigo will be provided by VelaVigo at the FTE Rate and Avenzo shall reimburse VelaVigo for all Out-of-Pocket Costs reasonably incurred by VelaVigo in connection with the provision of the Manufacturing Support. If applicable, VelaVigo will invoice Avenzo for any Manufacturing Support provided at the FTE Rate and such reasonably incurred Out-of-Pocket Costs, and Avenzo will pay all such undisputed amounts within [***] days after receipt of an applicable invoice from VelaVigo. After the initial Manufacturing Technology Transfer and for the duration of the Term, VelaVigo shall provide or make available to Avenzo (or its Affiliate or designated CMO(s)) as promptly as practicable any additional VelaVigo Manufacturing Technology, to the extent that such VelaVigo Manufacturing Technology comes to VelaVigo's attention (or is reasonably requested by Avenzo) and has not previously been provided or made available to Avenzo.

ARTICLE 10 COMMERCIALIZATION; MEDICAL AFFAIRS

10.1 **Responsibilities.** Avenzo (itself or through its Affiliates or Sublicensees) will have the sole right and responsibility for the Commercialization of Licensed Products in the Field in the Avenzo Territory, at its sole cost and expense. VelaVigo (itself or through its Affiliates or sublicensees) will have the sole right and responsibility for the Commercialization of Licensed Products in the Field in the VelaVigo Territory, at its sole cost and expense.

10.2 **Commercialization Diligence.** After Avenzo (itself or through its Affiliates or Sublicensees) has obtained Regulatory Approval for one Licensed Product for which it is obligated to obtain such Regulatory Approval and other approvals in [***] pursuant to Section 8.1(b), and, to the extent reasonably necessary to Commercialize such Licensed Product in such Major Market, pricing approvals and reimbursement approvals of such Licensed Product in such Major Market, Avenzo (itself or through its Affiliates or Sublicensees) will use Commercially Reasonable Efforts to Commercialize such Licensed Product in such Major Market.

10.3 Product Trademarks. Each Party will have the right to brand the Licensed Products in its territory using trademarks, logos and trade names that it determines appropriate for the Licensed Products (such trademarks, logos, and trade names, the “**Product Marks**”). Neither Party may use any trademark Controlled by the other Party or its Affiliates (including their corporate names) to brand the Licensed Products without the other Party’s prior written consent. Each Party will own all rights in the Product Marks in its territory and will register and maintain the Product Marks in its territory that it determines reasonably necessary. Neither Party will use any trademark, logo or trade name in the VelaVigo Territory or Avenzo Territory that is confusingly similar to any of the other Party’s Product Mark. To the extent requested by a Party and commercially practicable, the Parties will cooperate with respect to developing and implementing a global branding strategy, subject to separate discussion and agreement. If the Parties do not agree upon a global branding strategy, then each Party will have the right to brand the Licensed Products in its territory in a manner that it determines appropriate in its sole discretion.

10.4 No Diversion. Each of VelaVigo and Avenzo hereby covenants and agrees that (a) it will not, and will ensure that its Affiliates and Sublicensees will not, directly or indirectly, knowingly promote, market, distribute, import, sell or have sold any Licensed Product, including via internet or mail order, outside its respective territory; (b) with respect to any country or region outside its territory, it will not, and will ensure that its Affiliates and Sublicensees will not: (i) unless otherwise agreed by the Parties in writing, establish or maintain any branch, warehouse or distribution facility for any Licensed Products in such countries, (ii) engage in any advertising or promotional activities relating to any Licensed Products that are directed primarily to customers or other purchaser or users of any Licensed Products located in such countries, (iii) solicit orders for any Licensed Products from any prospective purchaser located in such countries, or (iv) sell or distribute any Licensed Products to any Person in such Party’s territory who, to such Party’s knowledge, intends to sell or has in the past sold any Licensed Products in such countries; (c) if a Party receives any order for any Licensed Products from a prospective purchaser reasonably believed to be located in a region or country outside its territory, then such Party will promptly refer that order to the other Party, and such Party will not accept any such orders; (d) it will not deliver or tender (or cause to be delivered or tendered) any Licensed Products into a country or region outside its territory; and (e) it will not, and will ensure that its Affiliates and Sublicensees will not, knowingly restrict or impede in any manner the other Party’s exercise of its exclusive rights to Commercialize any Licensed Products in the other Party’s territory; *provided* that the foregoing shall not restrict either Party’s Development or Manufacturing (including packaging and labeling) rights with respect to Licensed Products under this Agreement.

10.5 Medical Affairs. Each Party will be solely responsible, at its sole cost and expense, for conducting medical affairs activities with respect to Licensed Products in its respective territory, including communications with key opinion leaders, medical education, symposia, advisory boards (to the extent related to medical affairs or clinical guidance), publications, congress presentations and posters, published manuscripts, activities performed in connection with patient registries and post-approval trials, and other medical programs and communications, including educational grants, research grants (including conducting investigator-initiated studies), and charitable donations to the extent related to medical affairs and not to other activities that do not involve the promotion, marketing, sale or other Commercialization of Licensed Products, all of which will be conducted in accordance with Applicable Law.

ARTICLE 11
VELAVIGO TERRITORY OPTION

11.1 **Territory Option.** In the event of a Change of Control of Avenzo, Avenzo (for itself and its successor-in-interest in such Change of Control, collectively referred to as “Avenzo” throughout this **Article 11**) will have, and VelaVigo hereby grants to Avenzo, a one-time option with respect to the Option Molecules, Licensed Molecules and Licensed Products (the “**Territory Option**”), to either (a) share [***]% of all the costs and expenses in connection with the Development and Commercialization of the Option Molecules, Licensed Molecules and Licensed Products in the VelaVigo Territory, including costs and expenses incurred in connection with Manufacturing the Option Molecules, Licensed Molecules and Licensed Products for the purposes of such Development and Commercialization, in each case, incurred after the exercise of such Territory Option, and [***]% of the revenues from sales of the Licensed Products in the VelaVigo Territory on the terms and conditions described in this **Section 11.1** (“**Participation Rights**”), or (b) obtain the exclusive (even as to VelaVigo and its Affiliates) right and license to Develop, Manufacture, Commercialize and otherwise Exploit the Option Molecules, Licensed Molecules and Licensed Products in the VelaVigo Territory (“**Territory Expansion Rights**”). The Parties shall enter into good faith negotiations for the Participation Rights or Territory Expansion Rights for a period of [***] days after Avenzo notifies VelaVigo in writing for exercising the Territory Option (“**Territory Option Period**”). For clarity, if the Parties fail to enter into definitive agreements with respect to the Participation Rights or Territory Expansion Rights during the Territory Option Period, VelaVigo shall not be obligated to re-enter any negotiations with Avenzo in connection with the Participation Rights or Territory Expansion Rights.

11.2 **Notice of Interest; Provision of Information.** Within [***] days of the closing of the Change of Control of Avenzo, Avenzo may provide written notice to VelaVigo of its interest in the Territory Option (i.e., either Participation Rights or Territory Expansion Rights) and request that VelaVigo provide Avenzo the then-current plan of VelaVigo and its Affiliates regarding Development and Commercialization of each Option Molecule, Licensed Molecule and Licensed Product in the VelaVigo Territory, including the then-current budget for such activities, and a reasonably detailed summary of the costs and expenses incurred by VelaVigo in connection with the Development and Commercialization thereof in the VelaVigo Territory, including costs and expenses incurred in connection with Manufacturing the Option Molecules, Licensed Molecules and Licensed Products for the purposes of such Development and Commercialization, in each case, incurred before the exercise of such Territory Option (excluding, any costs actually reimbursed by Avenzo to VelaVigo under this Agreement). VelaVigo will provide such plan and budget to Avenzo within [***] days following the receipt of such notice, and, if requested by Avenzo during the [***]-day period following Avenzo’s receipt of the plan and budget from VelaVigo, meet with Avenzo to discuss and answer questions with regard to such plan and budget.

11.3 **Exercise.** If Avenzo wishes to exercise the Territory Option, Avenzo shall provide written notice to VelaVigo no later than [***] days following the receipt of the plan and budget from VelaVigo (the “**Territory Option Exercise Notice**”), which Territory Option Exercise Notice shall describe whether Avenzo intends to exercise the Territory Option with respect to the Participation Rights or the Territory Expansion Rights. Avenzo may exercise all of its rights under the Territory Option with or through any of its Affiliates. Upon Avenzo’s delivery of the Territory Option Exercise Notice in accordance with this **Section 11.3**, the Parties will negotiate in good

faith for a period of [***] days (the “**Territory Option Negotiation Period**”) the amount of a one-time, lump sum Territory Option exercise fee (“**Territory Option Exercise Fee**”) equal to the fair market value of the Participation Rights or Territory Expansion Rights, as applicable, with respect to the Licensed Molecules and Licensed Products. For clarity, the Territory Option Exercise Fee must be mutually agreed by the Parties and shall not be subject to **Article 18**. Upon exercise of the Territory Option pursuant to **Section 11.1(b)** with respect to the Territory Expansion Rights, the Avenzo Territory will be deemed to include the VelaVigo Territory and the Licensed Technology shall be deemed to include the Greater China Technology.

11.4 Termination. If (a) Avenzo does not provide written notice to VelaVigo of its interest in the Territory Option within [***] days after the closing of the Change of Control of Avenzo, or (b) Avenzo does provide written notice of such interest, but does not exercise the Territory Option within [***] days following the receipt of the plan and budget from VelaVigo, or (c) the Parties fail to agree on the Territory Option Exercise Fee during the Territory Option Negotiation Period, then in each case of ((a) through (c)), the Territory Option shall terminate with no further obligation between the Parties with respect to the Participation Rights and Territory Expansion Rights.

ARTICLE 12 PAYMENTS

12.1 Upfront Payment. In partial consideration of the licenses and rights granted by VelaVigo to Avenzo hereunder, Avenzo will pay to VelaVigo a one-time, non-refundable, and non-creditable payment of \$[***] within [***] days after the Effective Date.

12.2 Option Exercise Fee. In consideration of the exercise of the Option Right, Avenzo will pay to VelaVigo a one-time, non-refundable, and non-creditable payment of \$[***] within [***] days following the Option Exercise Date (the “**Option Exercise Payment**”). From and after the Option Exercise Date, the remainder of this **Article 12** as they apply to Milestone Payments and Royalty Payments, shall apply to the Licensed Molecules and Licensed Products.

12.3 Development and Regulatory Milestones.

(a) **Development and Regulatory Milestone Payments.** In partial consideration of the licenses and rights granted by VelaVigo to Avenzo hereunder, when a Licensed Product first achieves the events set forth below (each such event, a “**Development and Regulatory Milestone Event**”), Avenzo will pay to VelaVigo the corresponding one-time, non-refundable, and non-creditable milestone payments (each such payment, a “**Development and Regulatory Milestone Payment**”) within [***] days after Avenzo’s receipt of an invoice for such Development and Regulatory Milestone Payment from VelaVigo. Avenzo will promptly (but in any event within [***] days) notify VelaVigo in writing upon the first achievement of each Development and Regulatory Milestone Event with respect to a Licensed Product in the Avenzo Territory:

<u>Development and Regulatory Milestone Events</u>		Development and Regulatory Milestone Payments
1. [***]		\$[***]
2. [***]		\$[***]
3. [***]		\$[***]
4. [***]		\$[***]

14. [***]		\$[***]
15. [***]		\$[***]
16. [***]		\$[***]
Total Development and Regulatory Milestone Payments		\$[***]

(b) **Achievement of Development and Regulatory Milestones.** Each Development and Regulatory Milestone Payment will be payable only once on the first occurrence of the corresponding Development and Regulatory Milestone Event in the Avenzo Territory for the first achievement by a Licensed Product, regardless of the number of times the Development and Regulatory Milestone Event is achieved or the number of Licensed Products that achieve the applicable Development and Regulatory Milestone Event. In no event will the aggregate Development and Regulatory Milestone Payments payable under Section 12.3(a) exceed \$[***].

(c) **Skipped Development and Regulatory Milestones.** If, at any time, the achievement of a later Development and Regulatory Milestone Event has occurred with respect to the first Licensed Product in a specific country for a specific Indication, and any preceding Development and Regulatory Milestone Event for such first Licensed Product in such country for such Indication have not yet been achieved, become due, or been paid, then each such skipped Development and Regulatory Milestone Event will become due and payable concurrently with such subsequent Development and Regulatory Milestone Event that has been achieved for such first Licensed Product in such country for such Indication. Without limiting the foregoing, for Development and Regulatory Milestone Events #1 through #4, any skipped Development and Regulatory Milestone Event for a Licensed Product shall be deemed to have been achieved upon the achievement (or deemed achievement) of the subsequent Development and Regulatory Milestone Event. Notwithstanding the foregoing, in the event the first Clinical Trial of a Licensed Product in an Indication is a Phase 1/2 Clinical Trial, the applicable “Phase 1 Clinical Trial” and “Phase 2 Clinical Trial” Development and Regulatory Milestone Events would be deemed achieved and the corresponding Development and Regulatory Milestone Payment would be deemed payable upon achievement of a recommended Phase 2 Clinical Trial dose and dosing of the first patient in the Phase 2 Clinical Trial portion of the applicable Phase 1/2 Clinical Trial.

(d) **Gross-Up Following [***].** If [***], then upon the achievement of any unachieved Development and Regulatory Milestone Event during the Term, Avenzo will pay a Development and Regulatory Milestone Payment equal to [***] of the corresponding Development and Regulatory Milestone Payment for such Development and Regulatory Milestone Event set forth in Section 12.3(a) above.

12.4 Sales Milestones.

(a) **Sales Milestone Payments.** In partial consideration of the rights granted herein, Avenzo will pay to VelaVigo the following one-time, non-refundable, and non-creditable milestone payments (each such payment, an “**Annual Net Sales Milestone Payment**”) for the first achievement of the corresponding Annual Net Sales events in the Avenzo Territory set forth below (each such event, an “**Annual Net Sales Milestone Event**”) within [***] days after Avenzo’s receipt of invoice from VelaVigo. Avenzo will notify VelaVigo in writing of the first achievement of each Annual Net Sales Milestone Event with respect to a Licensed Product promptly (but in all events within [***] days) after the end of the Calendar Quarter in which such Annual Net Sales Milestone Event is achieved.

Annual Net Sales Milestone Events based upon Annual Net Sales of all Licensed Products	Annual Net Sales Milestone Payments
1. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
2. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
3. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
4. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
5. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
Total Annual Net Sales Milestone Payments	\$[***]

(b) **Achievement of Sales Milestones.** Each Annual Net Sales Milestone Payment will be payable only once on the first occurrence of the corresponding Annual Net Sales Milestone Event in the Avenzo Territory, and no amounts would be due for subsequent or repeated achievements of any Annual Net Sales Milestone Event, regardless of whether a Licensed Product is approved for use in different presentations, formulations, dosages, route of administration or as a combination product. In no event will the aggregate Annual Net Sales Milestone Payments payable under Section 12.4(a) exceed \$[***]. The Annual Net Sales Milestone Payments are cumulative, such that if the Annual Net Sales for Licensed Products in a given Calendar Year exceed more than one applicable threshold, then all corresponding Annual Net Sales Milestone Payments for each achieved Annual Net Sales Milestone Event will be payable.

12.5 Royalties.

(a) **Royalty Payment.** Subject to adjustments under Section 12.5(c), on a country-by-country and Licensed Product-by-Licensed Product basis, Avenzo will pay to VelaVigo tiered royalties calculated by multiplying the applicable royalty rate set forth in the table below by the corresponding amount of incremental, aggregated Annual Net Sales of all Licensed Products in the Avenzo Territory in a Calendar Year (a “**Royalty Payment**”) during the Royalty Term. The tiered royalty rates on Annual Net Sales will be as set forth below:

Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year	Royalty Rate
1. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year less than or equal to \$[***]	[***]%
2. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
3. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
4. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year greater than \$[***]	[***]%

(b) **Royalty Term.** The Royalty Payments will be payable on a Licensed Product-by-Licensed Product basis and country-by-country basis in the Avenzo Territory from the First Commercial Sale of such Licensed Product in such country until the latest to occur of: (i) the expiration of the last-to-expire Valid Claim in such country Covering the composition of matter or Qualifying Method of Use of such Licensed Product; (ii) the expiration of all Regulatory Exclusivity for such Licensed Product in such country; or (iii) 10 years after the date of the First Commercial Sale of such Licensed Product in such country (the “**Royalty Term**”). After the end of the Royalty Term for any Licensed Product in a given country in the Avenzo Territory, Net Sales of such Licensed Product in such country shall be excluded from the calculation of Annual Net Sales.

(c) **Royalty Reductions.**

(i) *Absence of Valid Claims.* On a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, for any Calendar Quarter during the Royalty Term for the applicable Licensed Product in a country in the Avenzo Territory, upon the expiration of the last-to-expire Valid Claim in such country Covering the composition of matter or Qualifying Method of Use of the Licensed Product, the royalty rate of such Licensed Product used to calculate the Royalty Payments in such country for such Calendar Quarter will be reduced by [***]%.

(ii) *Biosimilar Entry.* If, on a Licensed Product-by-Licensed Product, country-by-country, one or more Biosimilar Product(s) with respect to such Licensed Product is marketed or sold in such country in the Avenzo Territory in any Calendar Quarter, then the royalty rate of such Licensed Product used to calculate the Royalty Payments due in such country will be reduced by [***]% for such Calendar Quarter and each subsequent Calendar Quarter during the applicable Royalty Term for such Licensed Product.

(iii) *Third Party Payments.* If, on a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, Avenzo or its Affiliate or Sublicensee obtains one or more licenses under Third Party Patents or Know-How that

are necessary or reasonably useful for the Exploitation of such Licensed Product (excluding [***]) in such country in the Avenzo Territory, or acquires such Third Party Patents or Know-How in lieu of a license (each such agreement, a “**Third Party Agreement**”), then [***]% of any [***] actually paid by Avenzo (or its Affiliate or Sublicensee) under such Third Party Agreement during such Calendar Quarter in such country to the extent [***] will be creditable against [***] payable to VelaVigo with respect to such Licensed Product in such country during such Calendar Quarter during the Royalty Term for such Licensed Product.

(iv) *Third Party Infringement Claims*. If, on a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, Avenzo or any of its Affiliates or Sublicensees incurs any Out-of-Pocket Costs in defending or settling any Third Party Infringement Claim (including pursuant to any settlement thereof or any adverse judgment in connection therewith) in accordance with Section 16.5 with respect to a Licensed Product in a country in the Avenzo Territory, then [***]% of the Out-of-Pocket Costs actually paid by Avenzo or its Affiliates or Sublicensees in defending or settling any such Third Party Infringement Claim during such Calendar Quarter in such country will be creditable against [***] payable to VelaVigo with respect to such Licensed Product in such country during such Calendar Quarter during the Royalty Term for such Licensed Product.

(v) *Inflation Reduction Act*. If, during the Royalty Term for a Licensed Product in the United States, such Licensed Product is designated as a “Selected Drug” under the Drug Price Negotiation Program (as described in Section 1192 of the Social Security Act) by the Secretary of the U.S. Department of Health and Human Services, and Avenzo or its Affiliate or Sublicensee is required to negotiate a maximum fair price that will apply to sales of such Licensed Product during the relevant price applicability period, then the royalty rate of such Licensed Product used to calculate the Royalty Payments in the United States will be reduced by [***]% during such price applicability period.

(vi) *Royalty Floor*. Notwithstanding any provision to the contrary set forth in the foregoing Sections 12.5(c)(i)-12.5(c)(v), with respect to any Licensed Product, country, and Calendar Quarter, the operation of Sections 12.5(c)(i) - 12.5(c)(v), individually or in combination, will not reduce the Royalty Payments owed by more than [***]% of the Royalty Payments otherwise payable to VelaVigo with respect to such Licensed Product in such country during such Calendar Quarter under Section 12.5(a). Avenzo may carry forward to subsequent Calendar Quarters any amounts it could not deduct as a result of the limitation above.

(d) **Royalty Reports**. Following the First Commercial Sale of a Licensed Product for which Royalty Payments are due pursuant to this Section 12.5, and continuing for so long as Royalty Payments are due hereunder, Avenzo will, within [***] days after the end of each Calendar Quarter, provide VelaVigo with a royalty report (in a template agreed to by the Parties) showing, on a Licensed Product-by-Licensed Product and country-by-country basis:

(i) the gross sales and Net Sales of Licensed Products sold by Avenzo and its Affiliates and Sublicensees during such Calendar Quarter reporting period and supporting gross-to-net calculations;

(ii) the Royalty Payments in United States Dollars payable hereunder with respect to such Net Sales, with supporting calculations showing the applicable royalty rate applied and any royalty reductions taken pursuant to Section 12.5(c); and

(iii) the rate of exchange with supporting calculations, determined in accordance with Section 12.5, used by Avenzo in determining the amount of United States Dollars payable hereunder.

(e) **Royalty Payment.** After the receipt of each royalty report provided by Avenzo under Section 12.5(d) above, VelaVigo will issue to Avenzo an invoice for the undisputed amount of Royalty Payments set forth therein. Avenzo will pay to VelaVigo the Royalty Payments for each Calendar Quarter within [***] days after the receipt of the invoice from VelaVigo. If no Royalty Payments are due for any Calendar Quarter following commencement of the reporting obligation, then Avenzo will so report.

12.6 [***] **License.** Notwithstanding Section 5.6, the Parties hereby acknowledge that, as of the Effective Date, VelaVigo is negotiating a [***] with [***] (the “[***] License”). Upon execution of the [***] License, (i) the [***] License shall be deemed to be an Upstream License Agreement, (ii) Avenzo agrees to comply with the terms and conditions of the [***] License to the extent applicable to Avenzo’s and its Affiliates’ and Sublicensees’ Exploitation of the Licensed Molecules and Licensed Products hereunder; (iii) the royalty rate payable to [***] under the [***] License shall not exceed [***] on Net Sales of Licensed Products (the “Permitted [***] Royalty Rate”); and (iv) subject to clause (iii), Avenzo agrees to pay [***] Royalties in accordance with this Section 12.6, provided that prior to the execution of the [***] License, VelaVigo shall [***]. With respect to any Licensed Product, during the Royalty Term for such Licensed Product, the Parties will share [***] any royalties on Net Sales of such Licensed Product payable by VelaVigo to [***] under the [***] License at the Permitted [***] Royalty Rate resulting from the Exploitation of such Licensed Product by or on behalf of Avenzo or its Affiliates or Sublicensees under this Agreement (“[***] Royalties”), provided that [***]. For clarity, the [***] License shall not be deemed to be a Third Party Agreement hereunder and Avenzo shall not have the right to reduce the royalties payable to VelaVigo pursuant to Section 12.5(c)(iii) as a result of paying the [***] Royalties. Within [***] days following VelaVigo’s receipt of an invoice from [***] for any such royalty payments attributable to the Exploitation of such Licensed Product by or on behalf of Avenzo or its Affiliates or Sublicensees, VelaVigo will provide a copy of such invoice to Avenzo, together with any documentary evidence available to VelaVigo to

support such invoiced amounts. Within [***] days following Avenzo's receipt of such invoice, Avenzo will pay VelaVigo an amount equal to [***]% or all of the WuXi Royalties, as applicable, set forth in such invoice that are attributable to the Exploitation of such Licensed Product by or on behalf of Avenzo or its Affiliates or Sublicensees.

12.7 Payment.

(a) **Mode of Payment.** All payments to be made under this Agreement will be made in U.S. Dollars and will be paid by electronic transfer in immediately available funds to such bank account in the United States as designated in writing by VelaVigo. All payments will be free and clear of any transfer fees or charges.

(b) **Currency Exchange Rate.** The rate of exchange to be used in computing the amount of currency equivalent in U.S. Dollars for calculating Net Sales in a Calendar Quarter (for purposes of both the Royalty Payment calculation and whether an Annual Net Sales Milestone Event has been achieved) will be made at the average actual foreign currency exchange rate for the month in which the expense is incurred or sale is made accordance to the exchange rates as published by *The Wall Street Journal* for such period, or such other source as the Parties may agree in writing.

(c) **Payment Timeline.** Except as otherwise provided in this Agreement, all payments to be made by one Party to the other Party under this Agreement will be due within [***] days following such Party's receipt of an invoice from the other Party.

(d) **Blocked Currency.** If by Applicable Laws in a country in the Avenzo Territory or VelaVigo Territory, as applicable, conversion into U.S. Dollars or transfer of funds of a convertible currency to the United States becomes materially restricted, forbidden or substantially delayed, then the Party obligated to make a payment under this Agreement shall promptly notify the Party entitled to receive such payment and, thereafter, amounts accrued in such country or region under this [Article 12](#) shall be paid to such receiving Party (or its designee) in such country or region in local currency by deposit to an escrow account in a local bank designated by such receiving Party and to the credit of such receiving Party, unless the Parties otherwise agree.

12.8 Audits.

(a) Avenzo will keep, and will require its Affiliates and Sublicensees to keep (all in accordance with the GAAP), for a period not less than [***] years from the end of the Calendar Year to which they pertain, complete and accurate records in sufficient detail to properly reflect Net Sales and to enable any Milestone Payment payable hereunder to be determined.

(b) Upon VelaVigo's written request, (i) Avenzo will permit, and will cause its Affiliates to permit, an independent certified public accounting firm of internationally recognized standing selected by VelaVigo, to have access during normal business hours upon reasonable prior written notice to Avenzo to such records of Avenzo or its Affiliates as may be reasonably necessary to inspect and verify the accuracy of the payments hereunder, including the basis of the calculations thereof for any Calendar Year ending not more than the preceding [***] years; or (ii) Avenzo will perform, or have performed by an independent certified public accounting firm of internationally recognized standing selected by Avenzo, an audit of any Avenzo's Sublicensees as

may be reasonably necessary to inspect and verify the accuracy of the payments hereunder, including the basis of the calculations thereof for any Calendar Year ending not more than the preceding [***] years. Such inspections in the foregoing sentence may not be conducted more frequently than once per year except for cause. No accounting period of Avenzo or its Affiliates may be subject to inspection more than one time by VelaVigo. If such accounting firm concludes that an underpayment of payments due by Avenzo to VelaVigo occurred, then Avenzo will pay the amount of such underpayment due to VelaVigo, in either case within [***] days following the date such accounting firm's written report is delivered to the Parties showing such underpayment. If such accounting firm concludes that an overpayment of amounts due by Avenzo to VelaVigo was made, then such overpayment will be credited against any future payment due to VelaVigo hereunder (if there is no future payment due, then VelaVigo will promptly refund such overpayment to Avenzo). The accounting firm will provide to each Party a copy of the report at the same time, which report will include the methodology and calculations used to determine the findings. VelaVigo will bear the full cost of such audit unless such inspection concludes an underpayment by Avenzo of payments due by Avenzo to VelaVigo, in either case of more than [***]% of the amount otherwise payable for that inspected period, in which case Avenzo will pay the actual fees and expenses charged by the accounting firm for such inspection.

(c) VelaVigo will treat all financial information subject to review under this Section 12.8 in accordance with the confidentiality provisions of Article 13, and, prior to commencing such audit, will cause its accounting firm to enter into a confidentiality agreement with Avenzo obligating such accounting firm to treat all such financial information in confidence pursuant to such confidentiality provisions. Such accounting firm will not disclose Confidential Information of Avenzo to VelaVigo, except to the extent such disclosure is necessary to verify the accuracy of the financial reports furnished by Avenzo or the amount of payments to or by the Avenzo under this Agreement.

12.9 Interest. Each Party will pay interest on any amounts payable by such Party that are overdue under this Agreement from the day payment was initially due at [***] above the prime or equivalent rate per annum quoted by *The Wall Street Journal* on the first Business Day after such payment is due; *provided, however*, that in no case will such interest rate exceed the highest rate permitted by Applicable Laws. The payment of such interest will not foreclose a Party from exercising any other rights it may have because any payment is overdue.

12.10 Taxes.

(a) **Withholding Tax.** If Avenzo is required to withhold any Taxes, then Avenzo will (i) make such deduction and withholding; (ii) pay to the relevant Governmental Authority the amount withheld; and (iii) promptly forward to VelaVigo an official receipt (or certified copy) or other available documentation to evidence such payment to such authorities. For clarity, Avenzo's remittance of such withheld Taxes to the appropriate Governmental Authority, together with payment to VelaVigo of the remaining amount owed under this Agreement, shall constitute full satisfaction of the applicable payment due to VelaVigo. In the event a Governmental Authority asserts that additional Taxes should have been withheld from a payment to VelaVigo, VelaVigo agrees to indemnify Avenzo for any withholding Taxes imposed on Avenzo with respect to such payments, together with any penalties and interest imposed in connection therewith and, at Avenzo's election, (1) Avenzo may offset the amount of such amounts from future payments

due to VelaVigo under this Agreement, or (2) VelaVigo shall pay such amount to Avenzo promptly upon request. Notwithstanding anything in this Agreement to the contrary, if any assignment, or sublicense or a similar transfer of rights or obligations under this Agreement (including through merger or acquisition) by Avenzo (each, an “**Avenzo Tax Action**”) leads to the imposition of withholding Taxes on any amounts payable under this Agreement that would not have been imposed in the absence of such Avenzo Tax Action or in an increase in such liability above the liability that would have been imposed in the absence of such Avenzo Tax Action, then the sum payable by Avenzo (in respect of which such withholding Taxes are required to be made) will be increased to the extent necessary to ensure that VelaVigo receives a sum equal to the sum which it would have received had Avenzo not taken such Avenzo Tax Action.

(b) **Indirect Taxes.** Notwithstanding any provision to the contrary set forth in this Agreement, all amounts stated herein are inclusive of any transfer, documentary, sales use, stamp, registration, consumption, goods and services, VAT, or other similar Taxes (each an “**Indirect Tax**”). In the event that any Indirect Tax is imposed under Applicable Law with respect to the transactions, payments or the related transfer of rights or other property pursuant to the terms of this Agreement, VelaVigo shall pay such Indirect Taxes. If Avenzo bears any Indirect Tax directly, VelaVigo shall promptly reimburse Avenzo for such Tax.

(c) **Cooperation.** The Parties will reasonably cooperate with each other in good faith in accordance with Applicable Laws to minimize any Taxes in connection with this Agreement, including by claiming any exemption from any required Taxes or withholdings (or additional Taxes or double taxation) and seeking any refund of Taxes paid or withheld, under any Applicable Law or regulation or treaty from time to time in force. VelaVigo will provide Avenzo with any Tax forms or other documentation that may be reasonably necessary in order for Avenzo not to withhold Tax or to withhold Tax at a reduced rate under an applicable bilateral income Tax treaty. VelaVigo shall provide to Avenzo at least [***] days prior to the due date of the first payment under this Agreement an appropriate and properly completed Internal Revenue Service Form W-8BEN-E.

ARTICLE 13 CONFIDENTIALITY; PUBLICATION

13.1 **Confidential Information.** Except as expressly provided in this Agreement, each Party agrees that, during the Term and for [***] years thereafter (or, with respect to Confidential Information that is a trade secret of the Disclosing Party, until such trade secret no longer qualifies as a trade secret under Applicable Law), such Party (the “**Receiving Party**”) will keep confidential and will not publish or otherwise disclose and will not use for any purpose, other than as expressly provided for in this Agreement, any information furnished to it by or on behalf of the other Party (the “**Disclosing Party**”) pursuant to this Agreement or under the Confidentiality Agreement (“**Confidential Information**”), whether before or after the Effective Date, and whether in written, electronic, oral, visual, graphic or any other form. The Receiving Party may use Confidential Information only to the extent required to exercise its rights or perform its obligations under this Agreement. The Receiving Party will use at least the same standard of care as it uses to protect proprietary or confidential information of its own, but no less than reasonable care, to require that its, and its Affiliates’, employees, agents, consultants, contractors and other representatives (“**Representatives**”) do not publish or disclose or make any unauthorized use of the Confidential

Information of Disclosing Party. The Receiving Party will promptly notify the Disclosing Party upon discovery of any unauthorized use or disclosure of the Disclosing Party's Confidential Information by the Receiving Party, its Affiliates or their respective Representatives. Notwithstanding any provision to the contrary set forth in this Agreement, the terms of this Agreement and the Joint Inventions will be deemed the Confidential Information of both Parties, and each Party will be deemed to be the Receiving Party and Disclosing Party with respect thereto. Notwithstanding the foregoing, Confidential Information will not include information that the Receiving Party can prove by competent evidence:

- (a) was already known by the Receiving Party, other than under an obligation of confidentiality, prior to the time of receiving such information from the Disclosing Party, as evidenced by its pre-existing written records;
- (b) is, as of the Effective Date, or thereafter becomes, generally known or available to the public, other than through any act or omission of the Receiving Party in breach of this Agreement;
- (c) was subsequently lawfully disclosed to the Receiving Party on a non-confidential basis by a Third Party, as a matter of right (*i.e.*, without breaching any obligation such Third Party may have to the Disclosing Party or any other Third Party); or
- (d) is independently discovered or developed by the Receiving Party, independently of the activities undertaken by the Receiving Party pursuant to this Agreement and without the use of or reference to Confidential Information furnished by the Disclosing Party, as evidenced by the Receiving Party's contemporaneously maintained written records.

13.2 Permitted Disclosures. Notwithstanding the provisions of Section 13.1, the Receiving Party may disclose Confidential Information of the Disclosing Party as expressly permitted by this Agreement, or if and to the extent such disclosure is reasonably necessary in the following instances:

- (a) filing or Prosecuting the Patents as permitted by this Agreement;
- (b) enforcing the Receiving Party's rights under this Agreement or performing its obligations under this Agreement; provided that the Receiving Party uses efforts to secure confidential treatment of such Confidential Information at least as diligent as such Party would use to protect its own Confidential Information, but in no event less than reasonable efforts;
- (c) subject to Section 13.3(a), prosecuting or defending litigation as permitted by this Agreement;
- (d) subject to Section 13.3(a), complying with a valid order of a court of competent jurisdiction or other Governmental Authority, or other judicial or administrative process, or if in the reasonable opinion of the Receiving Party's legal counsel, such disclosure is otherwise required by Applicable Law, in each case, other than disclosure of the terms of this Agreement to a Securities Regulator;

(e) subject to Section 13.3(b), disclosure of the terms of this Agreement to the securities regulators (including U.S. Securities and Exchange Commission or the Securities & Futures Commission of Hong Kong) or any securities exchange outside the U.S. on which the Receiving Party's securities are or are planned to be listed or traded (each, a "**Securities Regulator**");

(f) disclosure in regulatory filings that the Receiving Party has the right to make under this Agreement, provided that the Receiving Party uses efforts to secure confidential treatment of such Confidential Information at least as diligent as such Party would use to protect its own Confidential Information, but in no event less than reasonable efforts;

(g) disclosure to the Receiving Party, its Affiliates and their respective Representatives, and the Receiving Party's Sublicensees (or, with respect to VelaVigo, sublicensees), in each case, who have a need to know such information in order for the Receiving Party to exercise its rights or fulfill its obligations under this Agreement, *provided*, in each case, that any such Affiliate, Representative or Sublicensee (or, with respect to VelaVigo, sublicensees) agrees to be bound by terms of confidentiality and non-use at least as stringent as those set forth in this Article 13;

(h) disclose to any of VelaVigo's licensors under any Upstream License Agreements as required under the terms of the applicable Upstream License Agreements, *provided*, in each case, that any such licensor is bound by terms of confidentiality and non-use at least as stringent as those set forth in this Article 13; and

(i) disclosure of the existence and applicable terms of this Agreement and the status and results of the Exploitation of one or more Option Molecules, Licensed Molecules or Licensed Products, in each case, to actual or *bona fide* potential investors, acquirers, licensees, Sublicensees, lenders, and other financial or commercial partners, and their respective attorneys, accountants, banks, investors, and advisors, solely for the purpose of evaluating or carrying out or performing an actual or potential investment, acquisition, license, sublicense, debt transaction, royalty financing, or collaboration; *provided* that, in each such case, on the condition that such Persons are bound by obligations of confidentiality, non-disclosure, and non-use obligations at least as restrictive or protective of the Parties as those set forth in this Agreement or otherwise customary for such type and scope of disclosure and that any such disclosure is limited to the maximum extent practicable for the particular context in which it is being disclosed.

13.3 Confidential Treatment.

(a) **Generally.** Notwithstanding the foregoing, in the event the Receiving Party is required to make a disclosure of the Disclosing Party's Confidential Information pursuant to Section 13.2(c) or Section 13.2(d), it will, except where prohibited by Applicable Law or judicial or administrative process, (i) give reasonable advance notice to the Disclosing Party of such required disclosure, (ii) use efforts to secure confidential treatment of such information at least as diligent as the Receiving Party would use to protect its own Confidential Information, but in no event less than reasonable efforts and (iii) cooperate with any lawful efforts by the Disclosing Party, at the Disclosing Party's request and expense, to contest such disclosure, to obtain a protective order for the Confidential Information required to be disclosed, or to secure other

confidential treatment of such Confidential Information. In the event that no such protective order or other remedy is obtained, or the Disclosing Party waives compliance with certain terms of this Article 13, then the Receiving Party will furnish only that portion of Confidential Information that the Receiving Party is advised by legal counsel is legally required to be disclosed. Disclosure by the Receiving Party of Confidential Information in accordance with Section 13.2(c) or Section 13.2(d) will not, in and of itself, cause the information so disclosed to cease to be treated as Confidential Information under this Agreement, except to the extent that, by virtue of disclosure by the Receiving Party in full compliance with this Section 13.2, such information becomes generally known or available. In any event, the Receiving Party agrees to take all reasonable action to avoid disclosure of Confidential Information hereunder.

(b) **Securities Filings.** In the event the Receiving Party is required to make a disclosure of the terms of this Agreement to a Securities Regulator pursuant to Section 13.2(e), such Party will, within a reasonable time prior to any such filing (and to the extent possible at least [***] Business Days' prior to any such filing), provide the other Party with a copy of this Agreement showing any provisions hereof as to which such Party proposes to request confidential treatment, will provide the other Party with an opportunity to comment on any such proposed redactions and to suggest additional redactions, and will take such Party's reasonable comments into consideration before filing such copy of this Agreement and use reasonable efforts to have terms identified by such other Party afforded confidential treatment by the applicable regulatory agency; *provided* that each Party will ultimately retain control over what information to disclose to any Securities Regulator to the extent such Party determines, on the advice of legal counsel, that disclosure is reasonably necessary to comply with Applicable Law, and *provided, further*, that the Parties will use their reasonable efforts to file redacted versions of this Agreement with any Securities Regulator that are consistent with redacted versions previously filed with any other Securities Regulator(s).

13.4 Use of Names. Subject to Section 13.6, neither Party nor any of its Affiliates will mention or otherwise use the name, logo or trademark of the other Party or any of its Affiliates in any publication, press release, marketing and promotional material or other form of publicity in connection with this Agreement or activities hereunder without the prior written approval of such other Party; *provided* that such consent will not be required for a Party's use of the other Party's name and company logo to identify such other Party as a collaborator on such first Party's website and in public presentations.

13.5 Publication of Licensed Product Information. Each Party recognizes that the publication, such as by public oral presentation, manuscript or abstract, of the results of Development activities, including Clinical Trials, with respect to the Licensed Products may be beneficial to both Parties provided such publications are subject to reasonable controls to protect Confidential Information of each Party. Accordingly, each Party will have the right to review and comment on any material proposed for publication or public oral or visual presentation by the other Party that includes Confidential Information of such Party. With respect to manuscripts, each Party will return such items as soon as practicable to the other Party with appropriate comments, if any, but in no event later than [***] days from the date of delivery to such Party. With respect to public oral presentation materials, abstracts and posters, each Party will make reasonable efforts to expedite review of such materials, abstracts and posters, and will return such items as soon as practicable to the other Party with appropriate comments, if any, but in no event later than [***]

Business Days from the date of delivery to such Party. Each Party will comply with the other Party's request to delete references to such other Party's Confidential Information in any such material. In addition, if any such publication contains patentable subject matter, then at the non-publishing Party's request, the publishing Party will either delete the patentable subject matter from such publication or delay any submission for publication or other public disclosure for a period of up to an additional [***] days so that appropriate Patent applications may be prepared and filed. The non-publishing Party shall coordinate with the publishing Party on the publication or presentation of any materials with respect to the Licensed Products by the publishing Party prior to any such publication or presentation, and any such publications or presentations shall be subject to the non-publishing Party's review and comment in accordance with this Section 13.5.

13.6 Public Announcements.

(a) Except as may be expressly permitted under Section 13.2, this Section 13.6 or Section 13.5, neither Party nor its Affiliates will make any public announcement concerning this Agreement, its subject matter or the transactions described herein without first obtaining the approval of the other Party and agreement upon the nature, text and timing of such announcement, which approval and agreement will not be unreasonably withheld or delayed. The Party desiring to make any such public announcement will provide the other Party with a written copy of the proposed announcement in reasonably sufficient time prior to public release to allow the other Party to comment upon such announcement prior to public release. In the case of press releases or other public communications required to be made by Applicable Law, judicial order or stock exchange or quotation system rule, the Party making such press release or public announcement will provide to the other Party a copy of the proposed press release or public announcement in written or electronic form upon such advance notice as is practicable under the circumstances for the purpose of allowing the notified Party to review and comment upon such press release or public announcement. Under such circumstances, the releasing Party will not be obligated to delay making any such press release or public communication beyond the time when the same is required to be made. Neither Party will be required to seek the permission of the other Party to repeat any information regarding the terms of this Agreement or any amendment hereto that has already been publicly disclosed by such Party or by the other Party in accordance with the terms of this Agreement; provided that such information remains accurate and the most current information with respect to the applicable subject matter as of such time.

(b) Each Party may make public statements regarding this Agreement in response to questions by the press, analysts, investors or those attending industry conferences or financial analyst calls, provided that any such public statement or press release: (i) is not inconsistent with prior public disclosures or public statements made in accordance with Section 13.6(a) or as permitted by Section 13.3; and (ii) does not reveal (A) information regarding the terms of this Agreement that have not previously been disclosed in accordance with Section 13.6(a) or as permitted by Section 13.3 or (B) non-public information about the other Party.

13.7 Prior Non-Disclosure Agreements. Upon execution of this Agreement, the terms of this Article 13 will supersede any prior non-disclosure, secrecy or confidentiality agreement between the Parties, including the Confidentiality Agreement. Any information disclosed under such prior agreements by VelaVigo will be deemed disclosed by VelaVigo under this Agreement, and any information disclosed under such prior agreements by Avenzo will be deemed disclosed by Avenzo under this Agreement.

ARTICLE 14
REPRESENTATIONS, WARRANTIES, AND COVENANTS

14.1 Representations and Warranties of Each Party. Each Party represents and warrants to the other Party as of the Effective Date that:

(a) it is a company or corporation duly organized, validly existing, and in good standing under the laws of the jurisdiction in which it is incorporated, and has full corporate power and authority and the legal right to own and operate its property and assets and to carry on its business as it is now being conducted and as contemplated in this Agreement, including the right to grant the licenses granted by it hereunder;

(b) (i) it has the corporate power and authority and the legal right to enter into this Agreement and perform its obligations hereunder; (ii) it has taken all necessary corporate action on its part required to authorize the execution and delivery of this Agreement and the performance of its obligations hereunder; and (iii) this Agreement has been duly executed and delivered on behalf of such Party, and constitutes a legal, valid, and binding obligation of such Party that is enforceable against it in accordance with its terms;

(c) it is not a party to any agreement that would prevent it from granting the rights granted to the other Party under this Agreement or performing its obligations under this Agreement;

(d) all consents, approvals and authorization from all Governmental Authorities or other Third Parties required to be obtained by such Party in connection with execution of this Agreement have been obtained;

(e) to its Knowledge, neither it nor any of its or their Affiliates, directors, officers, employees, distributors, agents, representatives, sales intermediaries or other Third Parties acting on behalf of such Party or any of its or their Affiliates:

(i) has taken or will take any action in violation of any applicable anticorruption law, including the U.S. Foreign Corrupt Practices Act (15 U.S.C. § 78 dd-1 et seq.); or

(ii) has corruptly, offered, paid, given, promised to pay or give, or authorized or will corruptly, offer, pay give, promise to pay or give or authorize, the payment or gift of anything of value, directly or indirectly, to any Public Official, for the purposes of: (A) influencing any act or decision of any Public Official in his or her official capacity; (B) inducing such Public Official to do or omit to do any act in violation of his or her lawful duty; (C) securing any improper advantage; or (D) inducing such Public Official to use his or her influence with a government, governmental entity, or commercial enterprise owned or controlled by any government (including state-owned or controlled veterinary or medical facilities) in obtaining or retaining any business whatsoever; and

(f) none of the officers, directors, employees, of such Party or of any of its Affiliates or agents acting on behalf of such Party or any of its Affiliates, in each case, that are employed or reside outside the U.S., are themselves Public Officials.

14.2 Additional Representations and Warranties of VelaVigo. VelaVigo represents and warrants to Avenzo that as of the Effective Date:

(a) VelaVigo is the sole owner of the Licensed Technology and has the right under the Licensed Technology to grant all rights and licenses to Avenzo as purported to be granted pursuant to this Agreement;

(b) Exhibit 1.103 sets forth a complete and accurate list of all Licensed Patents and other than the Patents listed on Exhibit 1.103, VelaVigo does not own or have rights under any Patents Covering any Option Molecule;

(c) There are no contracts and agreements between VelaVigo or any of its Affiliates and a Third Party pursuant to which VelaVigo or any of its Affiliates Control any Licensed Technology as of the Effective Date.

(d) neither VelaVigo nor any of its Affiliates has granted or agreed to grant any right or license to any Third Party that would conflict with the rights or licenses granted to Avenzo under this Agreement;

(e) VelaVigo, its Affiliates, and its and their employees, and to VelaVigo's Knowledge, its and their consultants and contractors, in each case, involved in any activities related to any Option Molecules, Licensed Molecules and Licensed Products are not, and have not been, debarred or disqualified by any Regulatory Authority as of the Effective Date, and have complied in all material respects with all Applicable Laws in connection with conducting all Development, Manufacturing, Commercialization and other Exploitation of the Option Molecules, Licensed Molecules and Licensed Products;

(f) neither VelaVigo nor any of its Affiliates has received any written notice or threat in writing from any Third Party asserting or alleging that any activities with respect to any Option Molecule, Licensed Molecule or Licensed Product by or on behalf of VelaVigo or its Affiliates prior to the Effective Date infringed, misappropriated, or otherwise violated any intellectual property rights of such Third Party;

(g) to its Knowledge, the conduct of the Research Activities as contemplated as of the Effective Date will not infringe any Patents or misappropriate any Know-How or other intellectual property rights of any Third Party;

(h) no claim or action has been brought against VelaVigo or any of its Affiliates or, to VelaVigo's Knowledge, threatened in writing to VelaVigo or any of its Affiliates, by any Third Party relating to any of the Licensed Technology; and, to VelaVigo's Knowledge, no interference, opposition, cancellation or other protest proceeding has been filed against a Licensed Patent; and

(i) to its Knowledge, VelaVigo has provided to Avenzo all material documentation, data, and information under its control requested by Avenzo related to the Option Molecules, Licensed Molecules and Licensed Products. All information and data provided by or on behalf of VelaVigo to Avenzo regarding the Option Molecules, Licensed Molecules and Licensed Products on or before the Effective Date in contemplation of this Agreement or the transactions contemplated hereby was and is as of the Effective Date, to the Knowledge of VelaVigo, accurate in all material respects, and, to the Knowledge of VelaVigo, VelaVigo has not failed to disclose any material information or data known to VelaVigo that could reasonably be expected to cause the information and data that has been disclosed by VelaVigo to Avenzo to be misleading in any material respect.

14.3 Additional Representations and Warranties of Avenzo. Avenzo represents and warrants to VelaVigo that as of the Effective Date:

(a) there are no legal claims, judgments or settlements against or owed by Avenzo or its Affiliates, or pending or, to Avenzo's or its Affiliates' knowledge, threatened, legal claims or litigation, in each case, relating to antitrust, anti-competition, anti-bribery or corruption violations, including under any Anti-Corruption Laws;

(b) Avenzo (i) has the right to grant the license that it purports to grant in Section 5.2; and (ii) has not as of the Effective Date, and will not during the Term, grant any right to any Third Party that would conflict with the license or rights granted to VelaVigo hereunder;

(c) Avenzo, its Affiliates, and its and their employees, and to Avenzo's knowledge, its and their consultants and contractors, that would be involved in its activities hereunder with respect to any Option Molecule, Licensed Molecule or Licensed Product are not, and have not been, debarred or disqualified by any Regulatory Authority.

14.4 Covenants.

(a) Each Party covenants to the other Party that in the course of performing its obligations or exercising its rights under this Agreement, it will, and will cause its Affiliates and Sublicensees to, comply with the terms of this Agreement, all Applicable Laws, including as applicable, cGMP, GCP, GLP, and GSP standards, and will not employ or engage any party who has been debarred by any Regulatory Authority, or, to such Party's knowledge, is the subject of debarment proceedings by a Regulatory Authority.

(b) VelaVigo or its Affiliates will retain Control during the Term of all (i) Licensed Technology and Greater China Technology that is Controlled by VelaVigo or any of its Affiliates as of the Effective Date, and (ii) any VelaVigo-owned Sole Inventions and Joint Inventions that, if Controlled by VelaVigo or its Affiliates, would be included in the definition of Licensed Technology or Greater China Technology, as applicable, in each case of clause (i) and (ii), unless not doing so would conflict with the licenses granted to Avenzo hereunder.

(c) VelaVigo will not enter into any agreement with any Third Party that is in conflict with the rights granted to Avenzo under this Agreement and will not take any action that would prevent it from granting the rights granted to Avenzo under this Agreement or that would otherwise conflict with or adversely affect the rights granted to Avenzo under this Agreement,

including by granting any rights or licenses under the Licensed Technology to any Third Party before the Option Exercise Date that would conflict with the licenses granted to Avenzo pursuant to Section 5.1.

(d) VelaVigo covenants to Avenzo that (i) it will not, and it will cause its Affiliates to not, terminate, cause the termination of or amend any Upstream License Agreement in a manner that would adversely affect Avenzo's rights under this Agreement or increase Avenzo's obligations under this Agreement, and (ii) it will, and will cause its Affiliates to, maintain in full force and effect and in good standing all Upstream License Agreements.

(e) **Compliance with Anti-Corruption Laws.** Each Party hereby covenants to the other Party that:

(i) it will not, in the performance of this Agreement, perform any actions that are prohibited by local and other anti-corruption laws (including the provisions of the U.S. Foreign Corrupt Practices Act, the U.K. Anti-Bribery Law, and the Anti-Corruption Act of Mainland China, collectively "**Anti-Corruption Laws**") that may be applicable to such Party to this Agreement;

(ii) it will not, in the performance of this Agreement, directly or indirectly, make any payment, or offer or transfer anything of value, or agree or promise to make any payment or offer or transfer anything of value, to a government official or government employee, to any political party or any candidate for political office or to any other Third Party with the purpose of influencing decisions related to either Party or its business in a manner that would violate Anti-Corruption Laws;

(iii) it will, on request by the other Party, verify in writing that to such Party's Knowledge, there have been no violations of Anti-Corruption Laws by such Party or persons employed by or subcontractors used by such Party in the performance of this Agreement, or will provide details of any exception to the foregoing; and

(iv) it will maintain records (financial and otherwise) and supporting documentation related to the subject matter of this Agreement in order to document or verify compliance with the provisions of this Section 14.4(e), and upon request of the other Party, upon reasonable advance notice, will provide a Third Party auditor mutually acceptable to the Parties with access to such records for purposes of verifying compliance with the provisions of this Section 14.4(e). Acceptance of a proposed Third Party auditor may not be unreasonably withheld or delayed by either Party. It is expressly agreed that the costs related to the Third Party auditor will be fully paid by the Party requesting the audit, and that any auditing activities may not unduly interfere with the normal business operations of the Party subject to such auditing activities. The audited Party may require the Third Party auditor to enter into a reasonable confidentiality agreement in connection with such an audit.

(f) **Compliance with Export Control Laws.** Each Party hereby covenants to the other Party that:

(i) it will conduct its activities under this Agreement in compliance with applicable export controls and trade and economic sanctions laws and regulations (collectively, “**Export Controls**”); and

(ii) it shall not, directly or indirectly, export, reexport, transfer, divert, or release any materials, technology, or software (each an “item”) to any prohibited country, territory, entity, individual, or for any prohibited end-use, unless authorized pursuant to Export Controls.

(g) Avenzo has the right to terminate this Agreement effective immediately in the event that VelaVigo becomes a party with whom Avenzo is prohibited from dealing pursuant to Export Controls or Avenzo otherwise reasonably determines that its obligations to comply with Export Controls preclude performance.

14.5 **NO OTHER REPRESENTATIONS OR WARRANTIES.** EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, WHETHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR NON-MISAPPROPRIATION OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS, ARE MADE OR GIVEN BY OR ON BEHALF OF A PARTY. ALL SUCH REPRESENTATIONS AND WARRANTIES, WHETHER ARISING BY OPERATION OF LAW OR OTHERWISE, ARE HEREBY EXPRESSLY EXCLUDED.

ARTICLE 15 INDEMNIFICATION

15.1 **By Avenzo.** Avenzo will indemnify, defend and hold harmless VelaVigo and its Affiliates, and their directors, officers, employees and agents (individually and collectively, the “**VelaVigo Indemnitee(s)**”), from and against all losses, liabilities, damages and expenses (including reasonable attorneys’ fees and costs) (individually and collectively, “**Losses**”) incurred by them in connection with any claims, demands, actions or other proceedings by any Third Party (individually and collectively, “**Claims**”) arising after the Effective Date to the extent arising from any of the following, as applicable: (a) the Exploitation of any Option Molecule, Licensed Molecule or Licensed Product by or under the authority of Avenzo (other than by or on behalf of VelaVigo for or on behalf of Avenzo), (b) the gross negligence or willful or intentional misconduct of Avenzo or any of its Affiliates, Sublicensees or any other Avenzo Indemnitee, or (c) Avenzo’s breach of this Agreement, including any of its representations, warranties, or covenants hereunder; in each case (a) through (c), except to the extent such Losses arise from, are based on, or result from any activity or occurrence for which VelaVigo is obligated to indemnify the Avenzo Indemnitees pursuant to Section 15.2.

15.2 **By VelaVigo.** VelaVigo will indemnify, defend and hold harmless Avenzo and its Affiliates, and their directors, officers, employees and agents (individually and collectively, the “**Avenzo Indemnitee(s)**”), from and against all Losses incurred by them in connection with any Claims to the extent arising from any of the following, as applicable: (a) the Exploitation of any Option Molecule, Licensed Molecule or Licensed Product by or under the authority of VelaVigo (other than by or on behalf of Avenzo for or on behalf of VelaVigo), (b) the gross negligence or

willful or intentional misconduct of VelaVigo or any of its Affiliates, Sublicensees (other than Avenzo), or other VelaVigo Indemnitee, or (c) VelaVigo's breach of this Agreement, including any of its representations, warranties, or covenants hereunder or the conduct of any Research Activities by or under the authority of VelaVigo; in each case (a) through (c) above, except to the extent such Losses arise from, are based on, or result from any activity or occurrence for which Avenzo is obligated to indemnify the VelaVigo Indemnitees pursuant to [Section 15.1](#).

15.3 **Procedure.** A Party that intends to claim indemnification under this [Article 15](#) (the "**Indemnitee**") with respect to any Claim will: (a) notify the other Party (the "**Indemnitor**") in writing of such Claim as soon as reasonably practicable after it receives notice of such Claim (it being understood that the Indemnitee's failure to deliver written notice of such Claim to the Indemnitor within a reasonable time after the Indemnitee receives notice of such Claim, will relieve the Indemnitor of its indemnification obligations under [Section 15.1](#) or [Section 15.2](#), as applicable, with respect to such Claim only to the extent such failure is prejudicial to the Indemnitor's ability to defend such Claim); (b) permit the Indemnitor to assume direction and control of the defense of the Claim (including the right to settle the claim solely for monetary consideration) using counsel reasonably satisfactory to the Indemnitee; and (c) cooperate fully with the Indemnitor and its legal representatives in the investigation and defense of the Claim, as requested by the Indemnitor (at the expense of the Indemnitor). If the Indemnitor does not assume control of such defense within [***] days after receiving notice of the Claim from the Indemnitee, then the Indemnitee will control such defense and, without limiting the Indemnitor's indemnification obligations, the Indemnitor will reimburse the Indemnitee for all documented costs, including reasonable attorney fees, incurred by the Indemnitee in defending itself within [***] days after receipt of any invoice therefor from the Indemnitee. The Party not controlling such defense may participate therein at its own expense and with counsel of its choice unless (i) the Indemnitor and the Indemnitee have agreed to the retention of such counsel or (ii) the named parties to any such proceeding (including any impleaded parties) include both the Indemnitor and the Indemnitee and representation of both Parties by the same counsel would be inappropriate due to actual or potential differing interests between them, in either case of (i) or (ii), the Indemnitor shall be responsible for such expense. The Party controlling such defense will keep the other Party advised of the status of such Claim and the defense thereof and will consider recommendations made by the other Party with respect thereto. The Indemnitee will not agree to any settlement of such Claim without the prior written consent of the Indemnitor, which will not be unreasonably withheld, delayed or conditioned. The Indemnitor will not agree to any settlement of such Claim or consent to any judgment in respect thereof that does not include a complete and unconditional release of the Indemnitee from all liability with respect thereto, that imposes any liability or obligation on the Indemnitee or that acknowledges fault by the Indemnitee; in each case, without the prior written consent of the Indemnitee.

15.4 **Insurance.** Each Party, at its own expense, will obtain and maintain, during the Term and for [***] years thereafter, reasonable insurance, including commercial general liability insurance, worker's compensation insurance and product liability insurance, at levels adequate to cover its obligations hereunder and consistent with industry standards. Each Party will furnish to the other Party on request certificates issued by the insurance company setting forth the amount of the liability insurance (or evidence of self-insurance). It is understood that such insurance will not be construed to create a limit of either Party's liability with respect to its indemnification obligations under this [Article 15](#) or otherwise.

15.5 **LIMITATION OF LIABILITY.** SUBJECT TO AND WITHOUT LIMITING (A) AMOUNTS PAID TO THIRD PARTIES IN CONNECTION WITH THE INDEMNIFICATION OBLIGATIONS OF EACH PARTY WITH RESPECT TO CLAIMS UNDER SECTION 15.1 OR SECTION 15.2, (B) LIABILITY AS A RESULT OF A BREACH OF ARTICLE 13, OR (C) LIABILITY FOR BREACH OF COVENANTS UNDER SECTION 5.7, NEITHER PARTY OR ANY OF ITS AFFILIATES WILL BE LIABLE TO THE OTHER PARTY UNDER ANY CONTRACT, WARRANTY, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY FOR ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, MULTIPLIED OR CONSEQUENTIAL DAMAGES OR FOR LOST PROFITS (EVEN IF DEEMED DIRECT DAMAGES) ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT.

ARTICLE 16 INTELLECTUAL PROPERTY

16.1 Ownership.

(a) As between the Parties, each Party will retain all rights, title, and interests in and to all Know-How, Patents, and other intellectual property rights Controlled by such Party as of the Effective Date or that come into the Control of such Party outside of the performance of activities under this Agreement. Without limiting the foregoing, as between the Parties, VelaVigo and its Affiliates will remain the sole and exclusive owner of all Licensed Technology and Greater China Technology.

(b) Ownership of all Inventions will be allocated based on inventorship, as determined in accordance with the rules of inventorship under the U.S. patent laws. Between the Parties, each Party will own all Inventions that are invented, discovered, generated, conceived, reduced to practice, or made solely by or on behalf of it, its Affiliates, or its or its Affiliates' employees, agents or independent contractors ("**Sole Inventions**"), and (i) VelaVigo's Sole Inventions will be included in the Licensed Technology or Greater China Technology (if within the scope of such definition) and included in the licenses and rights granted to Avenzo by VelaVigo hereunder; (ii) Avenzo's Sole Inventions will be included in the Avenzo IP, Necessary Product Improvement Technology or Avenzo Manufacturing Technology (if within the scope of such definition) and, to the extent otherwise constituting Avenzo IP, Necessary Product Improvement Technology or Avenzo Manufacturing Technology, included in the licenses and rights granted to VelaVigo by Avenzo hereunder. The Parties will jointly own all Inventions that are made jointly by a Party (including its Affiliate, or its or its Affiliate's employees, agents or independent contractors) together with the other Party (including such other Party's Affiliates, or its or its Affiliate's employees, agents or independent contractors) ("**Joint Inventions**"). Patents claiming the Joint Inventions will be referred to as "**Joint Patents**." Each Party will own an undivided equal interest in the Joint Inventions and Joint Patents, without a duty of accounting or an obligation to seek consent from the other Party for the exploitation or license of the Joint Inventions or Joint Patents (subject to the licenses granted to the other Party under this Agreement), and each Party hereby waives any right it may have under the laws of any jurisdiction to require any such accounting or consent.

16.2 **Disclosure of Inventions.** Each Party will promptly disclose to the other Party all Inventions, including all invention disclosure or other similar documents submitted to such Party by its or its Affiliates' employees, agents, or independent contractors relating to such Inventions, and will also promptly respond to reasonable requests from the other Party for additional information relating to such Inventions.

16.3 **Assignment; Further Actions.** Each Party shall (and shall cause all its Affiliates to) cause all of its employees, agents or independent contractors who perform activities for such Party under this Agreement to be under an obligation to assign to such Party (or its Affiliates) their rights in and to any Inventions owned by such Party or exclusively licensed to such Party by a Third Party. Each Party shall, and does hereby, assign, and shall cause its Affiliates to assign, to the other Party, without additional compensation, such right, title, and interest in and to any Inventions, as well as any intellectual property rights with respect thereto, as is necessary to fully effect, the joint ownership provided for in Section 16.1(b).

16.4 **Prosecution.**

(a) **Avenzo Controlled Patents.** As between the Parties, Avenzo shall have the first right, but not the obligation, to Prosecute all (i) Joint Patents in the Avenzo Territory and (ii) other Licensed Patents in the Avenzo Territory (collectively, the "**Avenzo Controlled Patents**") using counsel of Avenzo's choice and at Avenzo's sole cost and expense. Avenzo will (A) keep VelaVigo reasonably informed of all progress with regard to the Prosecution of the Avenzo Controlled Patents; (B) provide to VelaVigo copies of all material patent office submissions and correspondence with respect to the Avenzo Controlled Patents; and (C) provide to VelaVigo copies of drafts of all material patent office submissions and correspondence with respect to the Avenzo Controlled Patents in advance of submitting such submissions and correspondence so as to allow VelaVigo a reasonable opportunity to comment thereon, and Avenzo will consider incorporating any timely comments in good faith.

(b) **VelaVigo Step-in Rights.** In the event that Avenzo intends to abandon or cease the Prosecution of any Avenzo Controlled Patent, Avenzo will provide reasonable prior written notice to VelaVigo of such intention to abandon or cease such Prosecution (which notice will be given no later than [***] days prior to the next deadline for any action that must be taken with respect to any such Avenzo Controlled Patent in the relevant patent office). In such case, at VelaVigo's request, VelaVigo shall have the right, but not the obligation, to assume responsibility for Prosecution of such Avenzo Controlled Patent. Upon such assumption, VelaVigo shall control the Prosecution of such Avenzo Controlled Patent subject to the same terms and conditions set forth in this Section 16.4(b), as applicable to Avenzo, using counsel of VelaVigo's choice at its cost and expense.

(c) **VelaVigo Controlled Patents.** As between the Parties, VelaVigo shall have the first right, but not the obligation, to Prosecute all (i) Joint Patents in the VelaVigo Territory and (ii) Greater China Patents (collectively, the "**VelaVigo Controlled Patents**") using counsel of VelaVigo's choice and at VelaVigo's sole cost and expense. VelaVigo will (A) keep Avenzo reasonably informed of progress with regard to the Prosecution of such VelaVigo Controlled Patents; (B) provide to Avenzo copies of all material patent office submissions and correspondence with respect to the VelaVigo Controlled Patents; and (C) provide to Avenzo copies of drafts of all

material patent office submissions and correspondence with respect to the VelaVigo Controlled Patents in advance of submitting such submissions and correspondence so as to allow Avenzo a reasonable opportunity to comment thereon, and VelaVigo will consider incorporating any timely comments in good faith.

(d) **Avenzo Step-in Rights.** In the event that VelaVigo intends to abandon or cease the Prosecution of any VelaVigo Controlled Patent, VelaVigo will provide reasonable prior written notice to Avenzo of such intention to abandon or cease such Prosecution (which notice will be given no later than [***] days prior to the next deadline for any action that must be taken with respect to any such VelaVigo Controlled Patent in the relevant patent office). In such case, at Avenzo's request, Avenzo shall have the right, but not the obligation, to assume responsibility for Prosecution of such VelaVigo Controlled Patent. Upon such assumption, Avenzo shall control the Prosecution of such VelaVigo Controlled Patent subject to the same terms and conditions set forth in this Section 16.4(d), as applicable to VelaVigo, using counsel of Avenzo's choice at its cost and expense.

(e) **Cooperation.** Each Party will cooperate with the other Party in connection with all activities relating to the Prosecution of the Licensed Patents, Joint Patents and Greater China Patents undertaken by such other Party pursuant to this Section 16.4, including: (i) executing all papers and instruments, or requiring its employees or contractors, to execute such papers and instruments, so as to effectuate the ownership of Inventions set forth in Section 16.1, and Patents claiming such Inventions, and to enable the other Party to Prosecute the Licensed Patents, Joint Patents or Greater China Patents as permitted by this Section 16.4; and (ii) promptly informing the other Party of any matters coming to such Party's attention that may materially affect the Prosecution of any Licensed Patent, Joint Patent or Greater China Patent. Each Party will also promptly provide to the other Party all information reasonably requested by such other Party with regard to such Party's activities pursuant to this Section 16.4.

16.5 Defense of Third Party Infringement Claims. If any Licensed Product or a Party becomes the subject of a Third Party's claim or assertion of infringement of the Patents of such Third Party relating to the Exploitation of any Licensed Molecule or Licensed Product (each, a "**Third Party Infringement Claim**"), the Party first becoming aware of the Third Party Infringement Claim will promptly notify the other Party in writing. VelaVigo will have the sole right to control the defense of any Third Party Infringement Claim involving alleged infringement of a Third Party Patent by VelaVigo's activities at its own expense and by counsel of its own choice, and Avenzo will have the right, at its own expense, to be represented in any such action by counsel of its own choice. Avenzo will have the sole right to control the defense of any Third Party Infringement Claim involving alleged infringement of a Third Party Patent by Avenzo's activities at its own expense and by counsel of its own choice, and VelaVigo will have the right, at its own expense, to be represented in any such action by counsel of its own choice. Neither Party will enter into any settlement of any Third Party Infringement Claim: (a) in a manner that would diminish the rights or interests of the other Party with respect to the Licensed Products without the written consent of such other Party, which will not be unreasonably withheld; or (b) that would impose any cost, obligation, or liability on the other Party, or admit the invalidity or unenforceability of any Patent that is Controlled by the other Party, without such other Party's prior written consent, which may be withheld in such other Party's sole discretion. This Section 16.5 shall not limit or exclude either Party's rights to indemnification pursuant to Article 15.

(a) **Notice.** Each Party will promptly notify the other Party in writing of any alleged or threatened infringement of any Licensed Patent, Greater China Patent or Joint Patent of which it becomes aware or of any action or threatened action seeking a declaratory judgment of non-infringement of a Licensed Patent, Greater China Patent or Joint Patent of which it becomes aware (“**Infringement**”).

(b) **Avenzo Controlled Patents.**

(i) As between the Parties, Avenzo will have the first right, but not the obligation, to bring and control any other action or proceeding regarding any alleged or threatened Infringement or claim of invalidity or unenforceability of any Avenzo Controlled Patent, or to defend against any challenge to any of the foregoing, at its own expense and by counsel of its own choice. Avenzo will keep VelaVigo reasonably informed of the status and progress of such action or proceeding. In addition, Avenzo shall provide VelaVigo with drafts of all material papers to be filed with the court or patent office, as applicable, in connection with such action or proceeding to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office (excluding any information that is confidential to a Third Party), and shall consider in good faith all timely reasonable comments thereto by VelaVigo before filing such papers. VelaVigo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(ii) If (A) Avenzo elects not to commence an action or proceeding that Avenzo has the first right to bring and control pursuant to Section 16.6(b)(i), or settle or otherwise secure the abatement of such Infringement, or (B) Avenzo fails to commence any such action or proceeding pursuant to Section 16.6(b)(i) within (1) [***] days following a written request by VelaVigo to do so, or (2) [***] days before the time limit, if any, set forth in the Applicable Laws for the filing of such action or proceeding, whichever comes first, then VelaVigo will have the right to bring and control any such action or proceeding, at its own expense and by counsel of its own choice, and Avenzo will have the right, at its own expense, to be represented in any such action by counsel of its own choice. In such event and to the extent time permits, promptly after Avenzo’s notice to VelaVigo that it does not elect to enforce such Avenzo Controlled Patent or to defend against such challenge or commence any such action or proceeding, the Parties shall meet to discuss in good faith [***]. VelaVigo will keep Avenzo reasonably informed of the status and progress of such action or proceeding. In addition, VelaVigo shall provide Avenzo with drafts of all material papers to be filed with the court or patent office (excluding any information that is confidential to a Third Party), as applicable, to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office, and shall consider in good faith all timely reasonable comments thereto by Avenzo before filing such papers. Avenzo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(c) **VelaVigo Controlled Patents.**

(i) Subject to Section 16.6(c)(ii), as between the Parties, VelaVigo shall have the sole right, but not the obligation, to bring and control any other action or proceeding regarding alleged or threatened Infringement or claim of invalidity or unenforceability of any VelaVigo Controlled Patent, or to defend against any challenge to any of the foregoing, at its own expense and by counsel of its own choice. VelaVigo will keep Avenzo reasonably informed of the status and progress of such action or proceeding. In addition, VelaVigo shall provide Avenzo with drafts of all material papers to be filed with the court or patent office, as applicable, in connection with such action or proceeding to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office (excluding any information that is confidential to a Third Party), and shall consider in good faith all timely reasonable comments thereto by Avenzo before filing such papers. Avenzo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(ii) Notwithstanding the foregoing, if and after Avenzo exercises the Territory Option, Avenzo (for itself and its successor-in-interest in such Change of Control, collectively referred to as “Avenzo” throughout this Section 16.6(c)) shall have the first right, but not the obligation, to bring and control any other action or proceeding regarding alleged or threatened Infringement or claim of invalidity or unenforceability of any VelaVigo Controlled Patent, or to defend against any challenge to any of the foregoing, at its own expense and by counsel of its own choice. Avenzo will keep VelaVigo reasonably informed of the status and progress of such action or proceeding. In addition, Avenzo shall provide VelaVigo with drafts of all material papers to be filed with the court or patent office, as applicable, in connection with such action or proceeding to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office (excluding any information that is confidential to a Third Party), and shall consider in good faith all timely reasonable comments thereto by VelaVigo before filing such papers. VelaVigo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(iii) If (A) Avenzo elects not to commence an action or proceeding that Avenzo has the first right to bring and control pursuant to Section 16.6(c)(ii), or settle or otherwise secure the abatement of such Infringement, or (B) Avenzo fails to commence any such action or proceeding pursuant to Section 16.6(c)(ii) within (1) [***] days following a written request by VelaVigo to do so, or (2) [***] days before the time limit, if any, set forth in the Applicable Laws for the filing of such action or proceeding, whichever comes first, then VelaVigo will have the right to bring and control any such action or proceeding, at its own expense and by counsel of its own choice, and Avenzo will have the right, at its own expense, to be represented in any such action by counsel of its own choice. In such event and to the extent time permits, promptly after Avenzo’s notice to VelaVigo that it does not elect to enforce such VelaVigo Controlled Patent or to defend against such challenge or commence any such action or proceeding, the Parties shall meet to discuss in good faith [***]. VelaVigo will keep Avenzo reasonably informed of the status and progress of such action or proceeding. In addition, VelaVigo shall provide Avenzo with drafts of all material papers to be filed with the court or patent office (excluding any information that is confidential to a Third Party), as applicable, to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office, and shall consider in good faith all timely reasonable comments thereto by Avenzo before filing such papers. Avenzo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(d) **Cooperation.** In the event a Party brings an infringement action in accordance with Section 16.6(b), the other Party will cooperate fully, at the enforcing Party's request and expense, including, if required to bring such action, the furnishing of a power of attorney or being named as a party. The enforcing Party will not enter into any settlement or compromise of any action under this Section 16.6: (i) in a manner that would diminish the rights or interests of the other Party with respect to the Licensed Products without the written consent of such other Party, which will not be unreasonably withheld, conditioned or delayed; (ii) that would impose any cost or liability on the other Party without the written consent of such other Party; or (iii) that would admit the invalidity or unenforceability of any Patent that is Controlled by the other Party, without such other Party's prior written consent, which may be withheld in such other Party's sole discretion.

(e) **Recoveries.** Except as otherwise agreed by the Parties in connection with a cost-sharing arrangement, any recovery as a result of any action or proceeding pursuant to Section 16.6, whether by way of settlement or otherwise, will first be used first to reimburse the enforcing Party for its documented, Out-of-Pocket Costs (including court, attorneys' and professional fees) incurred in connection with such action or proceeding, and then to reimburse the other Party for its documented, Out-of-Pocket Costs (including court, attorneys' and professional fees) incurred in connection with such action or proceeding (to the extent not previously reimbursed by the enforcing Party), and any remainder of the recovery after reimbursement of the litigation costs and expenses of the Parties, will be shared with the enforcing Party receiving [***]% of such remainder and the other Party receiving [***]% of such remainder.

16.7 **Patent Marking.** Each Party will mark (or cause to be marked) the Licensed Products marketed and sold in such Party's respective territory hereunder with appropriate Patent numbers or indicia to the extent required by Applicable Law.

16.8 **Patent Listing.** Each Party shall have the sole and exclusive right to make all patent listings (such as the FDA Orange Book, Purple Book and any foreign equivalent) of any Licensed Patent with respect to any Licensed Product in its territory.

ARTICLE 17 TERM AND TERMINATION

17.1 Term and Expiration.

(a) **Term.** The term of this Agreement will be effective as of the Effective Date, and if Avenzo exercises the Option Right, will continue in effect until the expiration of the last Royalty Term with respect to Licensed Products in any country in the Avenzo Territory (the "**Term**"). If Avenzo does not exercise the Option Right, this Agreement will terminate in accordance with Section 3.3.

(b) **Effect of Expiration of Royalty Term.** On a Licensed Product-by-Licensed Product and country-by-country basis, upon the expiration of the Royalty Term for such Licensed Product in a given country in the Avenzo Territory, subject to Avenzo's obligation to

pay any [***] Royalties in accordance with Section 12.6, the licenses granted by VelaVigo to Avenzo under Section 5.1 of this Agreement in such country with respect to such Licensed Product will become fully paid-up, perpetual, irrevocable, sublicensable (through multiple tiers) and royalty-free.

17.2 Termination for Mutual Agreement. This Agreement may be terminated by the Parties' mutual written agreement.

17.3 Termination for Convenience. Avenzo has the right to terminate this Agreement in its entirety or on a Licensed Product-by-Licensed Product or country-by-country basis for any or no reason upon [***] days' prior written notice to VelaVigo before First Commercial Sale of a Licensed Product, or [***] days' prior written notice to VelaVigo after First Commercial Sale of a Licensed Product.

17.4 Termination for Material Breach.

(a) This Agreement may be terminated by a Party at any time during the Term (i) on a Licensed Product-by-Licensed Product or country-by-country basis if the other Party is in material breach of this Agreement with respect to such Licensed Product or country, or (ii) in its entirety if the other Party is in material breach of this Agreement with respect to all Licensed Products and countries in the Avenzo Territory, or if such material breach does not relate specifically to any Licensed Product or country, in any such case in clause (i) or (ii), upon [***] days' (or [***] days' with respect to any payment breach) written notice identifying the material breach in reasonable detail ("**Breach Notice**"), and, (A) if such breach is curable, such breach has not been cured within [***] days (or [***] days with respect to any payment breach) of such Breach Notice ("**Cure Period**"), or (B) if such breach is curable but is not capable of cure within the Cure Period, the alleged breaching Party fails to deliver to the non-breaching Party within the Cure Period a written plan that is reasonably calculated to resolve such material breach within a specified period (not to exceed [***] months from receipt of the Breach Notice) and does not cure such material breach within the period specified in such plan.

(b) If the alleged breaching Party reasonably and in good faith disagrees as to whether there has been a material breach of this Agreement, and such allegedly breaching Party provides the other Party with written notice of such Dispute and initiates the dispute resolution process in accordance with Article 18, in each case, within [***] days following receipt of the Breach Notice, then (i) the other Party will not have the right to terminate under Section 17.4(a) unless and until it has been determined, in accordance with Article 18, that the allegedly breaching Party has materially breached this Agreement, (ii) during the pendency of such a Dispute, the relevant Cure Period with respect to such alleged material breach will be tolled from the date the allegedly breaching Party provides the other Party with notice of such Dispute until the resolution of such Dispute in accordance with Article 18, *provided* that for any Dispute regarding payment, such tolling of the Cure Period will only apply with respect to the payment of the disputed amounts and not with respect to any undisputed amounts, and (iii) all of the terms and conditions of this Agreement will remain in effect, and the Parties will continue to perform all of their respective obligations under this Agreement.

17.5 Termination for Insolvency. Each Party has the right to terminate this Agreement in its entirety upon delivery of written notice to the other Party in the event that (a) such other Party files in any court or agency pursuant to any statute or regulation of any jurisdiction a petition in bankruptcy or insolvency or for reorganization under the Chapter 7 of the United States of Bankruptcy Code or other similar Applicable Law or similar arrangement for the benefit of creditors or for the appointment of a receiver or trustee of such other Party or its assets, (b) such other Party is served with an involuntary petition against it in any insolvency proceeding and such involuntary petition has not been stayed or dismissed within [***] days of its filing, or (c) such other Party makes an assignment of substantially all of its assets for the benefit of its creditors.

17.6 Termination for Patent Challenge. To the maximum extent permissible under the applicable Law, VelaVigo may terminate this Agreement by providing [***] days' prior written notice of termination to Avenzo if Avenzo or its Affiliates or Sublicensees (directly or indirectly) contests the validity or enforceability of any Licensed Patent or (after exercise of the Territory Option) Greater China Patent anywhere in the world in any court, tribunal, arbitration proceeding or other proceeding, including the U.S. Patent and Trademark Office and the U.S. International Trade Commission (a "**Patent Challenge**"), unless Avenzo or its applicable Affiliate or Sublicensee withdraws, cancels or otherwise terminates such Patent Challenge within [***] days following VelaVigo's notice; provided that Avenzo shall be deemed to have fulfilled its obligation to "withdraw, cancel or otherwise terminate" such Patent Challenge within such [***]-day period if Avenzo terminates the applicable sublicense agreement within such [***]-day period. Notwithstanding the foregoing, VelaVigo will not have the right to terminate this Agreement if [***]. For clarity, [***] shall not constitute "Patent Challenges" hereunder.

17.7 Effects of Termination. Upon the termination (but not expiration) of this Agreement in its entirety or with respect to one or more Terminated Products and Terminated Territories (in which case, references to termination shall apply only to such Terminated Products or Terminated Territories) for any reason, the provisions of this [Section 17.7](#) will apply. All rights and licenses granted by either Party to the other Party herein will immediately terminate and all such rights will revert back to the granting Party, and all sublicenses of such rights and licenses will also terminate, except as provided in this [Section 17.7](#). In addition to the foregoing:

(a) **Reversion License.** Upon any termination of this Agreement (in whole or in part) other than by Avenzo pursuant to [Section 17.4](#), as of the effective date of termination and

subject to Section 17.7(b), Avenzo and its Affiliates will and hereby do grant to VelaVigo and its Affiliates an exclusive and sublicensable (through multiple tiers) license under the Grant-Back Technology solely to Exploit the applicable Terminated Product(s) in the applicable Terminated Territory(ies) (the “**Reversion License**”), which license is exercisable only upon such effective date of termination and is subject to [***].

(b) **Reversion Terms.** Upon any termination of this Agreement (in whole or in part) other than by Avenzo pursuant to Section 17.4, at VelaVigo’s request, the Parties will negotiate in good faith for a period of [***] days following the effective date of such termination to agree on commercially reasonable financial terms for the Reversion License granted to VelaVigo under Section 17.7(a) and the [***] set forth below (the “Reversion Terms”). In determining the amount of such Reversion Terms payable by VelaVigo to Avenzo, the Parties will take into account, among other things, [***]. In connection with the Reversion License, [***]. The Parties shall use good faith efforts to negotiate a termination plan (the “Transition Plan”) setting forth the Parties’ respective obligations with respect to transitioning to VelaVigo any Terminated Product(s), which Transition Plan shall include, if requested by VelaVigo, [***]. If the Parties are unable to agree on the applicable Reversion Terms or the Transition Plan within [***] days after the effective date of termination, then either Party may refer such matter for resolution pursuant to Exhibit 17.7(b).

(c) **Inventory.** [***].

(d) **Sublicenses.** As of the effective date of termination, all sublicenses (including through multiple tiers) then in effect held by any Sublicensee who is in good standing under its applicable sublicense agreement shall, unless terminated by the Sublicensee, remain in effect and automatically become a direct license under the Licensed Technology granted by VelaVigo that is the same scope as the sublicense granted by Avenzo on the same terms and conditions set forth in this Agreement.

(e) **Other Assistance.** Each Party will provide any other assistance or take any other actions, in each case reasonably requested by the other Party, as necessary to effect the provisions of this Section 17.7 with respect to the transfer to VelaVigo of the Development, Manufacture or Commercialization of the Terminated Products as set forth herein, provided that any such assistance provided or actions taken by Avenzo or its Affiliates (including any costs incurred by Avenzo or its Affiliates in connection with the Transition Plan) shall be at [***] if this Agreement is terminated [***] or at [***] if this Agreement is terminated for any other reasons.

(f) **Return of Confidential Information.** Upon termination of this Agreement in its entirety, at the Disclosing Party's election, the Receiving Party will return (at Disclosing Party's expense) or destroy all tangible materials comprising, bearing, or containing any Confidential Information of the Disclosing Party that are in the Receiving Party's or its Affiliates' or Sublicensees' possession or control and provide written certification of such destruction (except to the extent any information is the Confidential Information of both Parties or to the extent that the Receiving Party has the continuing right to use the Confidential Information under this Agreement); *provided* that the Receiving Party may retain one copy of such Confidential Information for its legal archives. Notwithstanding anything herein to the contrary, the Receiving Party will not be required to destroy electronic files containing such Confidential Information that are made in the ordinary course of its business information back-up procedures pursuant to its electronic record retention and destruction practices that apply to its own general electronic files and information.

17.8 **Other Remedies.** Termination or expiration of this Agreement for any reason will not constitute a waiver or release of, or otherwise be deemed to prejudice or adversely affect, any rights, remedies or claims, whether for damages or otherwise, that a Party may have hereunder or that may arise out of or in connection with such termination or expiration.

17.9 **Survival.** Termination or expiration of this Agreement will not affect any rights or obligations of the Parties under this Agreement that have accrued prior to the date of termination or expiration. The following provisions will survive the termination or expiration of this Agreement for any reason: Articles 1, 13 (other than Section 13.5), 15, 18, 19, and Sections 7.5, 8.8 (solely in the event of expiration but not termination of this Agreement), 14.5, 15.5, 16.1, 16.3, 17.1, 17.7, 17.8 and this Section 17.9.

ARTICLE 18
DISPUTE RESOLUTION

18.1 **General.** Except for any matter (a) subject to resolution by “baseball style” arbitration in accordance with Exhibit 17.7(b) or (b) for which this Agreement assigns decision-making to the Parties or requires the consent of one or both of the Parties (the “**Excluded Matters**”), the Parties agree that any claim, dispute or controversy between the Parties or any of their Affiliates arising from, relating to or in connection with this Agreement, including with respect to its formation, applicability, breach, termination, enforcement, interpretation or validity (a “**Dispute**”), will be resolved in accordance with this Article 18.

18.2 **Continuance of Rights and Obligations during Pendency of Dispute Resolution.** During the pendency of any Dispute referred to dispute resolution in accordance with this Article 18, including a dispute related to the termination of this Agreement, all rights and obligations of the Parties will continue until such time as any Dispute has been resolved in accordance with the provisions of this Article 18.

18.3 **Escalation.** Either Party, through the delivery of written notice, may refer any Dispute to the Senior Executives for attempted resolution. In the event the Senior Executives are unable to resolve such Dispute within [***] days following the delivery of such written notice, then, upon the written request of either Party to the other Party (“**Dispute Referral**”), the Dispute will be subject to further resolution in accordance with Section 18.4 or Section 18.5, as applicable.

18.4 **Arbitration.**

- (a) [***].
- (b) [***].
- (c) [***].
- (d) [***].
- (e) [***].
- (f) [***].

18.5 **Certain Disputes.** Notwithstanding any provision to the contrary set forth in Section 18.4, in the event of a Dispute with respect to (a) the validity, scope, enforceability or ownership of any Patent or other intellectual property rights, or (b) any antitrust, anti-monopoly or competition law or regulation, whether or not statutory, and such Dispute is not resolved in accordance with Section 18.3, such Dispute will not be submitted to an arbitration proceeding in accordance with Section 18.4, unless otherwise agreed by the Parties in writing, and instead, either Party may initiate litigation in a court of competent jurisdiction.

ARTICLE 19 MISCELLANEOUS

19.1 **Governing Law.** This Agreement will be governed by and construed in accordance with the laws of the State of New York, U.S. without reference to any rules of conflict of laws.

19.2 **Force Majeure.** Neither Party will be held liable to the other Party nor be deemed to have defaulted under or breached this Agreement for failure or delay in performing any obligation under this Agreement to the extent such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party including embargoes, war, acts of war (whether war be declared or not), insurrections, riots, civil commotions, strikes, lockouts or other labor disturbances, fire, floods, pandemics, epidemics, quarantines, or other acts of God or any other deity (or orders of any Governmental Authority related to any of the foregoing), or acts, omissions or delays in acting by any Governmental Authority. The affected Party will notify the other Party of such force majeure circumstances (each, a “**Force Majeure Event**”) as soon as reasonably practical, the JSC, JDC or JMSC, as applicable, will review and discuss any such matter and the affected Party will promptly undertake Commercially Reasonable Efforts necessary to cure such Force Majeure Event.

19.3 **Performance by Affiliates.** Notwithstanding any provision to the contrary set forth in this Agreement, Avenzo will have the right to perform any or all of its obligations and exercise any or all of its rights under this Agreement through any Affiliate (so long as such Affiliate remains an Affiliate of Avenzo). Avenzo hereby guarantees the performance by its Affiliates of its obligations under this Agreement and will cause its Affiliates to comply with the provisions of this Agreement in connection with such performance. Any breach by Avenzo’s Affiliate of any of Avenzo’s obligations under this Agreement will be deemed a breach by Avenzo, and VelaVigo may proceed directly against Avenzo without any obligation to first proceed against Avenzo’s Affiliate.

19.4 **Assignment.** Neither Party may assign this Agreement without the other Party’s prior written consent (such consent not to be unreasonably withheld, conditioned or delayed); except that (a) either Party may make such an assignment without such consent to a Third Party successor to substantially all of the business or assets of such Party to which this Agreement relates (whether by merger, sale of stock, or sale of assets), and (b) either Party may assign this Agreement without such consent to an Affiliate (so long as such Affiliate remains an Affiliate of the assigning Party and the assigning Party will remain liable for all of its rights and obligations under this Agreement), provided that, [***]. Any attempted assignment or transfer in violation of this Section 19.4 will be null and void. Subject to the foregoing, this Agreement will be binding on and inure to the benefit of the Parties and their respective successors and permitted assigns.

19.5 **Severability.** If any one or more of the provisions contained in this Agreement is held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein will not in any way be affected or impaired thereby, unless the absence of the invalidated provision(s) adversely affects the substantive rights of the Parties. The Parties will in such an instance use their best efforts to replace the invalid, illegal or unenforceable provision(s) with valid, legal and enforceable provision(s) which, insofar as practical, implement the purposes of this Agreement.

19.6 **Notices.** All notices which are required or permitted hereunder will be in writing and sufficient if delivered personally, sent by facsimile (and promptly confirmed by personal delivery, registered or certified mail or overnight courier), sent by nationally-recognized overnight courier or sent by registered or certified mail, postage prepaid, return receipt requested, addressed as follows:

or to such other address as the Party to whom notice is to be given may have furnished to the other Party in writing in accordance herewith. Any such notice will be deemed to have been given: (a) when delivered if personally delivered; (b) if sent by email, upon electronic confirmation of receipt; (c) on the Business Day after dispatch if sent by nationally recognized overnight courier; or (d) on the fifth Business Day following the date of mailing if sent by mail.

19.7 **Expenses.** Except as otherwise expressly provided in this Agreement, each Party shall pay the fees and expenses of its respective lawyers and other experts and all other expenses and costs incurred by such Party incurred in connection with the negotiation, preparation, execution, delivery and performance of this Agreement.

19.8 **Entire Agreement; Amendments.** The Agreement contains the entire understanding of the Parties with respect to the subject matter hereof. All express or implied agreements and understandings, either oral or written, with regard to the subject matter hereof (including the licenses granted hereunder), including the Confidentiality Agreement, are superseded by the terms of this Agreement. Neither Party is relying on any representation, promise,

nor warranty not expressly set forth in this Agreement. This Agreement may be amended, or any term hereof modified, only by a written instrument duly executed by authorized representatives of both Parties hereto. To the extent there is any conflict between the terms of any Ancillary Agreement (including the Pharmacovigilance Agreement, the Supply Agreement or related Quality Agreement) and the terms of this Agreement, the terms of such Ancillary Agreement will control solely with respect to the primary subject matters thereof, and the terms of this Agreement will control otherwise.

19.9 Headings. The captions to the several Sections hereof are not a part of this Agreement, but are merely for convenience to assist in locating and reading the Sections of this Agreement.

19.10 Independent Contractors. It is expressly agreed that VelaVigo and Avenzo will be independent contractors and that the relationship between the two Parties will not constitute a partnership, joint venture or agency. Neither VelaVigo nor Avenzo has the authority to make any statements, representations or commitments of any kind, or to take any action, which will be binding on the other Party, without the prior written consent of the other Party.

19.11 Waiver. The waiver by either Party of any right hereunder, or the failure of the other Party to perform, or a breach by the other Party, will not be deemed a waiver of any other right hereunder or of any other breach or failure by such other Party whether of a similar nature or otherwise. No waiver shall be binding unless in writing and signed by the waiving Party.

19.12 Waiver of Rule of Construction. Each Party has had the opportunity to consult with counsel in connection with the review, drafting and negotiation of this Agreement. Accordingly, the rule of construction that any ambiguity in this Agreement will be construed against the drafting Party will not apply.

19.13 Construction. Except where the context expressly requires otherwise, (a) the use of any gender herein will be deemed to encompass references to either or both genders, and the use of the singular will be deemed to include the plural (and vice versa), (b) the words “include”, “includes” and “including” will be deemed to be followed by the phrase “without limitation”, (c) the word “will” will be construed to have the same meaning and effect as the word “shall”, (d) any definition of or reference to any agreement, instrument or other document herein will be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (e) any reference herein to any person will be construed to include the person’s successors and assigns, (f) the words “herein”, “hereof” and “hereunder”, and words of similar import, will be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (g) all references herein to Sections or Exhibits will be construed to refer to Sections or Exhibits as described in this Agreement, (h) the word “notice” means notice in writing (whether or not specifically stated) and will include notices, consents, approvals and other written communications contemplated under this Agreement, (i) provisions that require that a Party, the Parties or any committee hereunder “agree”, “consent” or “approve” or the like will require that such agreement, consent or approval be specific and in writing, whether by written agreement, letter, approved minutes or otherwise (but excluding e-mail and instant messaging), (j) references to any specific law, rule or regulation, or Section, section or other division thereof, will

be deemed to include the then-current amendments thereto or any replacement or successor law, rule or regulation thereof, and (k) the term “or” will be interpreted in the inclusive sense commonly associated with the term “and/or” where applicable.

19.14 **Counterparts.** This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. Each Party will be entitled to rely on the delivery of executed electronic or PDF copies of counterpart execution pages of this Agreement and such electronic or PDF copies will be legally effective to create a valid and binding agreement among the Parties.

19.15 **Language.** This Agreement is in the English language only, which language will be controlling in all respects, and all versions hereof in any other language will be for accommodation only and will not be binding upon the Parties. All communications and notices to be made or given pursuant to this Agreement, and any dispute or proceeding related to or arising hereunder, will be in the English language.

RECITALS

WHEREAS, VelaVigo, VelaVigo US and Avenzo entered into that certain collaboration, exclusive option and license agreement on November 16, 2024 (the “**License Agreement**”), pursuant to which VelaVigo granted Avenzo an exclusive option to obtain exclusive rights to develop, manufacture and commercialize products containing Nectin4/TROP2 ADCs in the Avenzo Territory (each as defined in the License Agreement), subject to the terms and conditions of the License Agreement; and

WHEREAS, the Parties wish to amend the timing of the upfront payment under the License Agreement in accordance with Section 19.8 of the License Agreement.

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, VelaVigo and Avenzo hereby agree as follows:

1. **Amendment to Section 12.1 of the License Agreement (Upfront Payment).** Section 12.1 of the License Agreement is hereby deleted in its entirety and replaced in its entirety with the following:
 12.1 “**Upfront Payment.** In partial consideration of the licenses and rights granted by VelaVigo to Avenzo hereunder, Avenzo will pay to VelaVigo a one-time, non-refundable, and non-creditable payment of \$[***] (a) within [***] Business Days after [***] or (b) within [***] days after the Effective Date, whichever occurs first.”
2. **Effectiveness.** This Amendment shall become effective upon execution by the Parties hereto. Except to the extent the same has been amended by the terms of this Amendment, the other terms and conditions in the License Agreement shall remain in full force and effect.
3. **Definitions.** Unless otherwise defined in this Amendment, capitalized terms and expressions not defined herein shall have the respective meanings ascribed to them in the License Agreement. From and after the Amendment Effective Date, the words “this Agreement,” “herein,” “hereof” and other like words in the License Agreement shall mean and include the License Agreement as amended hereby.

-
4. **Governing Law.** This Amendment shall be governed by and construed in accordance with the laws of the State of New York, U.S., without regard to the conflicts of law provisions thereof.
 5. **Counterparts.** This Amendment may be executed in counterparts, with the same effect as if the Parties executing the counterparts had all executed one counterpart.

COLLABORATION AND LICENSE AGREEMENT

This Collaboration and License Agreement (this “**Agreement**”) is made as of December 23, 2024 (the “**Effective Date**”), by and between Avenzo Therapeutics, Inc., a corporation organized and existing under the laws of the State of Delaware (“**Avenzo**”), with offices located at 12707 High Bluff Drive, Suite 200, San Diego, California 92130, United States, and DualityBio Biologics (Suzhou) Co., Ltd., a corporation organized and existing under the laws of China (“**DualityBio**”), with its business office located at Unit 1103-1106, No. 868 Yinghua Road, Pudong New District, Shanghai, China. DualityBio and Avenzo may be referred to in this Agreement individually as a “**Party**” and together as the “**Parties**.”

RECITALS

WHEREAS, DualityBio is a biotechnology company focused on the discovery and development of next generation antibody-drug conjugates, including those targeting EGFR and HER3 (each as defined below);

WHEREAS, Avenzo is a biopharmaceutical company focused on developing next generation oncology therapies; and

WHEREAS, the Parties desire to enter into a collaboration in which (a) DualityBio shall grant Avenzo an exclusive license to develop, manufacture and commercialize products containing EGFR/HER3 ADCs (as defined below) in the Avenzo Territory, (b) DualityBio shall manufacture and supply such products to Avenzo for development and commercialization in the Avenzo Territory until Avenzo assumes responsibility for such manufacture and supply, and DualityBio will retain rights to develop, manufacture and commercialize products containing such EGFR/HER3 ADCs in the DualityBio Territory, (c) DualityBio shall conduct specified preclinical research and development activities for such EGFR/HER3 ADCs and (d) the Parties may collaborate in global clinical development of products containing EGFR/HER3 ADCs, all in accordance with and subject to the terms and conditions set forth below.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants contained herein, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

ARTICLE 1 DEFINITIONS

The following initially capitalized terms, whether used in the singular or plural, have the respective meanings set forth below:

1.1 “**Acquired Party**” has the meaning set forth in Section 3.6(d).

1.2 “**Acquisition Party**” has the meaning set forth in Section 3.6(c).

1.3 “**ADC**” means an antibody that is conjugated to a payload with a linker. For clarity, for purposes of this Agreement, ADC excludes [***].

1.4 “**Adverse Event**” means any unwanted or harmful medical occurrence in a patient or subject who is administered a Licensed Product, whether or not considered related to such Licensed Product, including any undesirable sign (including abnormal laboratory findings of clinical concern).

1.5 “**Affiliate**” means, with respect to a specified Person, any entity that directly or indirectly controls, is controlled by or is under common control with such Person for so long as such control exists. As used in this [Section 1.5](#), “**control**” (and, with correlative meanings, the terms “**controlled by**” and “**under common control with**”) means, in the case of a corporation, the ownership of more than 50% of the outstanding voting securities thereof or, in the case of any other type of entity, an interest that results in the ability to direct or cause the direction of the management and policies of such entity or the power to appoint more than 50% of the members of the governing body of the entity or, where ownership of more than 50% of such securities or interest is prohibited by law, ownership of the maximum amount legally permitted. Notwithstanding the foregoing, for the purposes of this Agreement, either Party’s investors and their portfolio companies (other than such Party and its subsidiaries) will not be considered Affiliates of such Party unless, in the case of a portfolio company, such company independently possesses the power to direct the management and policies of such Party or owns the voting securities of such Party, in each case not through such Party’s investor, that would independently meet the requirements of the definition of Affiliate. As used in this [Section 1.5](#), “**subsidiary**” means, with respect to a Party, any entity of which more than fifty percent (50%) of voting securities is beneficially owned, or the management of which is otherwise controlled, directly or indirectly, through one or more intermediaries, or both, by such Party, for so long as such control exists.

1.6 “**Agreement**” has the meaning set forth in the preamble.

1.7 “**Alliance Manager**” has the meaning set forth in [Section 2.1](#).

1.8 “**Ancillary Agreements**” means, collectively, the Pharmacovigilance Agreement, Supply Agreement, Quality Agreement, and any and all other written agreements contemplated under this Agreement between Avenzo and DualityBio with respect to the Licensed Products.

1.9 “**Annual Net Sales**” means, with respect to a given Calendar Year, aggregate Net Sales of all Licensed Products in such Calendar Year.

1.10 “**Anti-Corruption Laws**” has the meaning set forth in [Section 12.4\(e\)\(i\)](#).

1.11 “**Applicable Laws**” means all statutes, ordinances, regulations, rules or orders of any kind whatsoever of any Governmental Authority that may be in effect from time to time and applicable to the relevant activities contemplated by this Agreement.

1.12 “**Avenzo**” has the meaning set forth in the preamble.

1.13 “**Avenzo Controlled Patents**” has the meaning set forth in [Section 14.3\(a\)](#).

1.14 “**Avenzo Controlled Suit**” has the meaning set forth in [Section 13.4\(b\)](#).

1.15 “**Avenzo Indemnatee(s)**” has the meaning set forth in [Section 13.2](#).

1.16 “**Avenzo IP**” means any and all Know-How and Patents Controlled by Avenzo or its Affiliates (a) as of the Effective Date or (b) at any time during the Term that are, in each case, (i) necessary for DualityBio to perform its obligations under this Agreement, including the Global Development Plan, if any, in the Avenzo Territory, or (ii) actually used by or on behalf of Avenzo or its Affiliates for conducting the Global Development Plan.

1.17 “**Avenzo Manufacturing Technology**” means [***].

1.18 “**Avenzo Proprietary Linker-Payload**” has the meaning set forth in [Section 3.2](#).

1.19 “**Avenzo Tax Action**” has the meaning set forth in [Section 10.9\(b\)](#).

1.20 “**Avenzo Territory**” means worldwide, excluding the DualityBio Territory.

1.21 “**Backup ADC**” has the meaning set forth in [Section 1.118](#).

1.22 “**Biosimilar Product**” means, with respect to a Licensed Product that has received Regulatory Approval in a country within the Avenzo Territory and is being marketed and sold by or on behalf of Avenzo or any of its Affiliates or Sublicensees in such country, any drug product for human use that: (a) is sold in such country by a Third Party that is not a Sublicensee of Avenzo or its Affiliates and did not purchase or acquire such product or its active components or ingredients in a chain of distribution that included Avenzo or any of its Affiliates or Sublicensees; (b) is approved in reliance on a prior Regulatory Approval of such Licensed Product or the data contained or incorporated by reference in a Regulatory Approval for such Licensed Product; and (c) has received Regulatory Approval in such country as a biosimilar, generic, bioequivalent or similar designation by the applicable Regulatory Authority in such country, pursuant to an approval process in accordance with the then-current rules and regulations in such country, where such Licensed Product is the “**reference medicinal product**,” “**reference listed product**” or similar designation in such country, including for clarity any product for which any Regulatory Approval is obtained pursuant to 42 U.S.C. §262(k) as a biosimilar to such Licensed Product, or any other similar law of any jurisdiction, by reference to a prior Regulatory Approval granted thereto.

1.23 “**Breach Notice**” has the meaning set forth in [Section 15.4\(a\)](#).

1.24 “**Business Day**” means a day other than Saturday, Sunday or any day on which banks located in San Diego, California are authorized or obligated to close or any government mandated holiday in Shanghai, China. Whenever this Agreement refers to a number of days, such number will refer to calendar days unless Business Days are specified.

1.25 “**Calendar Quarter**” means the respective periods of three consecutive calendar months ending on March 31st, June 30th, September 30th and December 31st; *provided* that the first Calendar Quarter of the Term will extend from the Effective Date until the end of the then-current Calendar Quarter, and the last Calendar Quarter of the Term will extend from the first day of such Calendar Quarter until the effective date of termination or expiration of this Agreement.

1.26 “**Calendar Year**” means each twelve-month period commencing on January 1st and ending on December 31st; *provided* that the first Calendar Year of the Term will extend from the Effective Date to December 31st of the then-current Calendar Year, and the last Calendar Year of the Term will extend from January 1st of such Calendar Year until the effective date of the termination or expiration of this Agreement.

1.27 “**cGMP**” means all applicable current Good Manufacturing Practices including, as applicable, (a) the principles detailed in the U.S. Current Good Manufacturing Practices, 21 C.F.R. Parts 4, 210, 211, 601, 610 and 820, (b) European Directive 2003/94/EC and Eudralex 4, (c) the principles detailed in the ICH Q7 guidelines, and (d) the equivalent Applicable Laws in any relevant country or region, each as may be amended and applicable from time to time.

1.28 “**Change of Control**” means, with respect to a Party, that: (a) any Third Party acquires directly or indirectly the beneficial ownership of any voting security of such Party, or if the percentage ownership of such Third Party in the voting securities of such Party is increased through stock redemption, cancellation, or other recapitalization, and immediately after such acquisition or increase such Third Party is, directly or indirectly, the beneficial owner of voting securities representing more than 50% of the total voting power of all of the then outstanding voting securities of such Party; (b) a merger, consolidation, recapitalization, or reorganization of such Party is consummated which results in shareholders or equity holders of such Party immediately prior to such transaction, no longer owning at least 50% of the outstanding voting securities of the surviving entity (or its parent entity) immediately following such transaction; or (c) there is a sale or transfer to a Third Party of all or substantially all of such Party’s consolidated assets taken as a whole, through one or more related transactions.

1.29 “**Claims**” has the meaning set forth in [Section 13.1](#).

1.30 “**Clinical Trial**” means any clinical trial of a product in human subjects as defined in 21 C.F.R. §312.21, as amended from time to time, or as prescribed by the Regulatory Authorities in any jurisdiction outside the U.S.

1.31 “**CMO**” means any Third Party contract manufacturing organization.

1.32 “**Combination Product**” means any Licensed Product that comprises a Licensed Molecule with one or more other clinically or pharmacologically active compounds or ingredients, proprietary devices or dosage form vehicles, in each case that is not a Licensed Molecule in a single formulation or final package presentation for sale as a single unit (including separate unit doses so configured). The Licensed Molecule portion of any Combination Product shall be deemed the “**Licensed Component**” and the other such clinically or pharmacologically active compounds

or ingredients, proprietary devices or dosage form vehicles of such Combination Product, the “**Other Components;**” *provided* that (a) adjuvants and excipients shall not be deemed to be “**pharmacologically active compounds or ingredients**” for the purposes of this definition, and (b) the use or method of using a Licensed Product and at least one other active therapeutic compound or ingredients, together in either concomitant or sequential administration shall not constitute a Combination Product unless such other compound or ingredients is sold and invoiced under a single invoiced price.

1.33 “**Commercialization**” or “**Commercialize**” means all activities directed to marketing, distribution, promoting or selling of pharmaceutical products (including importing and exporting activities in connection therewith), but excluding activities directed to Manufacturing or Development. “**Commercializing**” and “**Commercialized**” have the correlative meanings.

1.34 “**Commercially Reasonable Efforts**” means, with respect to [***].

1.35 “**Committee(s)**” means the JSC, JDC, JMSC or any subcommittee established by the JSC, as applicable.

1.36 “**Competing Product**” means (a) with respect to Avenzo’s obligations under Section 3.6(a) or Avenzo’s enforcement rights under Section 14.5(b)(i), any [***]; and (b) with respect to DualityBio’s obligations under Section 3.6(b), (i) any [***], and (ii) any [***].

1.37 “**Competitive Infringement**” has the meaning set forth in Section 14.5(b)(i).

1.38 “**Confidential Information**” has the meaning set forth in Section 11.1.

1.39 “**Confidentiality Agreement**” means the Mutual Non-Disclosure Agreement between the Parties dated [***].

1.40 “**Control**” or “**Controlled**” means, with respect to any Know-How, Patents or other subject matter, that a Party has the legal authority or right (whether by ownership, license or otherwise, without taking into account any license granted by one Party to the other Party pursuant to this Agreement) to grant a license, sublicense, access or right to use (as applicable) under such Know-How, Patents or other subject matter, on the terms and conditions set forth herein, in each case, without breaching the terms of any agreement with a Third Party, or subject to Section 14.8, without triggering any payment obligations by such Party. [***].

1.41 “Cover,” “Covered” or “Covering” means, (a) with respect to any Know-How and any Licensed Product or Licensed Molecule, that in the absence of a Person obtaining ownership of or a license to such Know-How, the Development, Manufacture, use, Commercialization or other Exploitation of such Licensed Product or Licensed Molecule would misappropriate such Know-How, or (b) with respect to any Patent and any Licensed Product or Licensed Molecule, that in the absence of a Person obtaining ownership of or a license to such Patent, the Development, Manufacture, use, Commercialization or other Exploitation of such Licensed Product or Licensed Molecule would fall within the scope of one or more claims of such Patent.

1.42 “Cure Period” has the meaning set forth in [Section 15.4\(a\)](#).

1.43 “Data” means any and all results of research, non-clinical or preclinical studies, including *in vitro* and *in vivo* studies, Clinical Trials and other testing of any composition of matter, product candidate or product, and any and all other data related to the development, manufacture or commercialization of any composition of matter, product candidate or product, including biological, chemical, pharmacological, toxicological, pharmacokinetic, preclinical, clinical, CMC, analytical, quality control, mechanical, software, electronic and other data, results and descriptions.

1.44 “DB-1418” has the meaning set forth in [Section 1.118](#).

1.45 “Development” or “Develop” means research and preclinical and clinical drug or biological development activities, including test method development, toxicology, formulation, quality assurance/quality control development, statistical analysis, preclinical studies and Clinical Trials and regulatory affairs, and regulatory activities, including filing for, obtaining and maintaining Regulatory Approval, but excluding activities directed to Manufacturing or Commercialization. “Developing” has the correlative meaning.

1.46 “Development Report” has the meaning set forth in [Section 6.4](#).

1.47 “Development and Regulatory Milestone Event” has the meaning set forth in [Section 10.2\(a\)](#).

1.48 “Development and Regulatory Milestone Payment” has the meaning set forth in [Section 10.2\(a\)](#).

1.49 “Disclosing Party” has the meaning set forth in [Section 11.1](#).

1.50 “Dispute” has the meaning set forth in [Section 16.1](#).

- 1.51 “**Disputed Patent**” means [***].
- 1.52 “**Dispute Referral**” has the meaning set forth in [Section 16.3](#).
- 1.53 “**DualityBio**” has the meaning set forth in the preamble.
- 1.54 “**DualityBio Controlled Patents**” has the meaning set forth in [Section 14.3\(c\)](#).
- 1.55 “**DualityBio Controlled Suit**” has the meaning set forth in [Section 13.4\(b\)](#).
- 1.56 “**DualityBio Indemnitee(s)**” has the meaning set forth in [Section 13.1](#).
- 1.57 “**DualityBio Linker-Payload**” means (a) the linker and/or payload incorporated in DB-1418; or (b) the linker and/or payload incorporated in any Backup ADC.
- 1.58 “**DualityBio Manufacturing Technology**” means any and all Licensed Know-How and Greater China Know-How that is used by or on behalf of DualityBio or its Affiliate for the Manufacture of Licensed Products and Licensed Molecules.
- 1.59 “**DualityBio Territory**” means Mainland China, Hong Kong, Macau and Taiwan.
- 1.60 “**Effective Date**” has the meaning set forth in the preamble.
- 1.61 “**EGFR**” means (a) epidermal growth factor receptor, and (b) any naturally occurring variants thereof, in each case including any isoforms, polymorphisms, alternative splice variants, truncated forms, soluble forms and secreted forms and in each case to the extent such variant, isoform, polymorphism, alternative splice variant, truncated form, soluble form and secreted form are encoded by an allele of the same EGFR gene.
- 1.62 “**EGFR/HER3 ADC**” means an ADC only targeting each of EGFR and HER3 and no other target(s).
- 1.63 “**EGFR/HER3 ADC Patents**” means (a) [***] (the “**EGFR/HER3 ADC PCT**”), (b) any patent application claiming priority to the EGFR/HER3 ADC PCT, including divisions, continuations, continuations-in-part and additions, (c) any patent application that has issued or in the future issues from the EGFR/HER3 ADC PCT or patent applications claiming priority thereto, including any utility or design patent or certificate of invention, and (d) any re-issues, renewals, extensions, substitutions, re-examinations or restorations, registrations and revalidations, and supplementary protection certificates and equivalents to any of the foregoing.
- 1.64 “**EGFR/HER3 ADC PCT**” has the meaning set forth in [Section 1.63](#).
- 1.65 “**EMA**” means the European Medicines Agency, or any successor agency thereto.
- 1.66 “**EU5**” means [***].
- 1.67 “**Excluded Matters**” has the meaning set forth in [Section 16.1](#).

1.68 “**Existing Upstream License Agreements**” means any written agreements pursuant to which DualityBio or any of its Affiliates obtains Control of any Licensed Technology from a Third Party as of the Effective Date. Exhibit 1.68 sets forth a list of all Existing Upstream License Agreements.

1.69 “**Exploit**” means Develop, Manufacture, have Manufactured, use, practice, sell, offer for sale, import, export, Commercialize or otherwise exploit. “**Exploitation**” has the correlative meaning.

1.70 “**Export Controls**” has the meaning set forth in Section 12.4(f)(i).

1.71 “**FDA**” means the United States Food & Drug Administration, or any successor agency thereto.

1.72 “**Field**” means any and all fields of use.

1.73 “**Final Data Package**” means a data package prepared by DualityBio with respect to the Licensed Molecules and containing at least the following information: (a) [***]; (b) [***]; (c) [***] and (d) such other information, data and reports as specified in the then-existing Research Plan, in each case of (a)-(d), the agreed upon content of which as of the Effective Date is set forth on Exhibit 1.73, which may be updated from time to time with the Parties’ mutual consent.

1.74 “**First Commercial Sale**” means, on a Licensed Product-by-Licensed Product and country-by-country basis within the Avenzo Territory, the first sale of a Licensed Product to a Third Party in a country by Avenzo or its Affiliate or Sublicensee for use or consumption in such country following receipt of Regulatory Approval of such Licensed Product in such country [***].

1.75 “**Force Majeure Event**” has the meaning set forth in Section 17.2.

1.76 “**FTE**” means full-time equivalent employee of DualityBio based on a total of [***] hours of scientific, technical, managerial or administrative activities under this Agreement per Calendar Year. Overtime and work on weekends, holidays, and the like, in each case, will not be counted with any multiplier (*e.g.*, time-and-a-half or double time) toward the number of hours that are used to calculate the FTE contribution. The portion of an FTE billable by DualityBio for one individual during a given accounting period will be determined by dividing the number of hours worked directly by such individual on the work to be conducted under this Agreement during such accounting period and the number of FTE hours applicable for such accounting period based on [***] working hours per Calendar Year.

1.77 “**FTE Rate**” means \$[***] per FTE per Calendar Year. [***].

1.78 “**GAAP**” means U.S. Generally Accepted Accounting Principles, consistently applied.

1.79 “**GCP**” means all applicable Good Clinical Practice standards for the design, conduct, performance, monitoring, auditing, recording, analyses and reporting of Clinical Trials, including, as applicable (a) as set forth in the International Council on Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Use Guideline for Good Clinical Practice (CPMP/ICH/135/95) and any other guidelines for good clinical practice for trials on medicinal products in the Avenzo Territory or the DualityBio Territory, (b) the Declaration of Helsinki (2004) as last amended at the 52nd World Medical Association in October 2000 and any further amendments or clarifications thereto, (c) U.S. Code of Federal Regulations Title 21, Parts 50 (Protection of Human Subjects), 56 (Institutional Review Boards) and 312 (Investigational New Drug Application), as may be amended from time to time, and (d) the equivalent guidelines or Applicable Laws in any other region in the Avenzo Territory or the DualityBio Territory, each as may be amended and applicable from time to time and in each case, that provide for, among other things, assurance that the clinical Data and reported results are credible and accurate and protect the rights, integrity, and confidentiality of trial subjects.

1.80 “**Global Development Plan**” means a plan for the Development of Licensed Molecules and Licensed Products conducted by the Parties in both the DualityBio Territory and Avenzo Territory that is prepared by the Parties and subject to the JSC’s review, comment and approval, as may be amended in accordance with this Agreement, which will include: (a) any Global Studies to be conducted by the Parties; and (b) any activities to be conducted by the Parties in support of Regulatory Approval of a Licensed Product in both the Avenzo Territory and the DualityBio Territory.

1.81 “**Global Study**” means any Clinical Trial under the Global Development Plan that is not a Territory-Specific Clinical Trial.

1.82 “**GLP**” means all applicable Good Laboratory Practice standards, including, as applicable, as set forth in the then current good laboratory practice standards promulgated or endorsed by the FDA as defined in 21 C.F.R. Part 58, or the equivalent guidelines or Applicable Laws in any other region in the Avenzo Territory or the DualityBio Territory, each as may be amended and applicable from time to time.

1.83 “**Governmental Authority**” means any court, commission, authority, department, ministry, official or other instrumentality of, or being vested with public authority under any law of, any country, region, state or local authority or any political subdivision thereof, or any association of countries.

1.84 “**Grant-Back Technology**” means, with respect to any Terminated Product and Terminated Territory, (a) any Know-How that is Controlled by Avenzo or any of its Affiliates as of the effective date of the applicable termination that is [***] and (b) any Patents in such Terminated Territory that are Controlled by Avenzo or any of its Affiliates as of the effective date of the applicable termination that [***].

1.85 “**Greater China Know-How**” means any and all Know-How Controlled by DualityBio or its Affiliates as of the Effective Date or during the Term, including DualityBio’s or its Affiliate’s joint ownership interest in any Know-How within the Joint Inventions, that (a) Covers any Licensed Molecule, or (b) is necessary or reasonably useful to Develop, Manufacture and have Manufactured any Licensed Molecule or Licensed Product in the DualityBio Territory.

1.86 “**Greater China Patents**” means any and all Patents in the DualityBio Territory Controlled by DualityBio or its Affiliates as of the Effective Date or during the Term, including DualityBio’s or its Affiliate’s interest in any Joint Patents in the DualityBio Territory, that (a) Cover any Licensed Molecule, or (b) are necessary or reasonably useful to Develop, Manufacture and have Manufactured any Licensed Molecule or Licensed Product in the Field in the DualityBio Territory.

1.87 “**Greater China Technology**” means all (a) Greater China Patents and (b) Greater China Know-How.

1.88 “**GSP**” means all applicable Good Supply Practice standards, including, as applicable, as set forth in the then current good supply practice standards promulgated or endorsed by the FDA as defined in Good Supply Practice for Pharmaceutical Products or the equivalent Applicable Laws in any other region in the Avenzo Territory or the DualityBio Territory, each as may be amended and applicable from time to time.

1.89 [***].

1.90 [***].

1.91 “**HER3**” means (a) human epidermal growth factor receptor 3, and (b) any naturally occurring variants thereof, in each case including any isoforms, polymorphisms, alternative splice variants, truncated forms, soluble forms and secreted forms and in each case to the extent such variant, isoform, polymorphism, alternative splice variant, truncated form, soluble form and secreted form are encoded by an allele of the same ERBB3 gene.

1.92 “**HER3 [***] Patents**” means (a) [***] (the “**HER3 [***] PCT**”), (b) any patent application claiming priority to the HER3 [***] PCT, including divisions, continuations, continuations-in-part and additions, (c) any patent application that has issued or in the future issues from the HER3 [***] PCT or patent applications claiming priority thereto, including any utility or design patent or certificate of invention, and (d) any re-issues, renewals, extensions, substitutions, re-examinations or restorations, registrations and revalidations, and supplementary protection certificates and equivalents to any of the foregoing, in each case of (a) through (d), that [***].

1.93 “**HER3 [***] PCT**” has the meaning set forth in [Section 1.92](#).

1.94 “**HER3 [***] Patents**” means (a) [***] (the “**HER3 [***] PCT**”), (b) any patent application claiming priority to the HER3 [***] PCT, including divisions, continuations, continuations-in-part and additions, (c) any patent application that has issued or in the future issues from the HER3 [***] PCT or patent applications claiming priority thereto, including any utility or design patent or certificate of invention, and (d) any re-issues, renewals, extensions, substitutions, re-examinations or restorations, registrations and revalidations, and supplementary protection certificates and equivalents to any of the foregoing, in each case of (a) through (d), that [***].

1.95 “**HER3 [***] PCT**” has the meaning set forth in [Section 1.94](#).

1.96 “**ICC Rules**” has the meaning set forth in [Section 16.4\(a\)](#).

1.97 “**ICH**” means The International Council for Harmonisation of Technical Requirements for Pharmaceuticals for Human Use.

1.98 “**IND**” means an investigational new drug application or equivalent application filed with the applicable Regulatory Authority, which application is required to commence or conduct Clinical Trials in the applicable jurisdiction.

1.99 “**IND Clearance**” means, with respect to an IND for a Licensed Product in the U.S., as applicable, (a) the date that is [***] days (or any different time period pursuant to a change in Applicable Laws after the Effective Date during which period FDA may object to the IND submission for such Licensed Product) (the “**Objection Period**”) following the filing of such IND for such Licensed Product, if Avenzo or its Affiliate or Sublicensee has not received any notice of a clinical hold from the FDA during the Objection Period; or (b) if Avenzo or its Affiliate or Sublicensee does receive a notice of such a clinical hold prior to the expiration of the Objection Period, the date on which FDA has subsequently notified Avenzo or its Affiliate or Sublicensee in writing (by means of a “**study may proceed letter**” or similar communication); in each case of (a) and (b), such that such Licensed Product may be lawfully administered to a human pursuant to such IND.

1.100 “**IND Enabling Studies**” means all preclinical activities with respect to any Licensed Molecules, conducted under GLP as necessary, the protocol and results of which are necessary to prepare a complete IND submission to the FDA, including, without limitation and to the extent necessary, PK/ADME studies, potency studies, pharmacodynamics, safety, toxicology, pharmacology, pre-formulation and formulation development.

1.101 “**Indemnitee**” has the meaning set forth in Section 13.3.

1.102 “**Indemnitor**” has the meaning set forth in Section 13.3.

1.103 “**Indication**” means a specific disease, disorder or condition which is recognized by the applicable Regulatory Authority in a given country or jurisdiction as a disease, disorder or condition; *provided, however*, that, for purposes of this definition and this Agreement, [***].

1.104 “**Indirect Tax**” has the meaning set forth in Section 10.9(c).

1.105 “**Infringement**” has the meaning set forth in Section 14.5(a).

1.106 “**Invention**” means any process, method, composition of matter, article of manufacture, discovery or finding, or other Know-How, patentable or otherwise, that is invented, discovered or generated (a) solely by or on behalf of either Party, its Affiliates or its or its Affiliates’ employees, agents or independent contractors or (b) jointly by or on behalf of both Parties, their Affiliates or their and their Affiliates’ employees, agents or independent contractors, in each case, during the Term in the performance of any activity contemplated by this Agreement or otherwise in the exercise of its (their) rights or carrying out its (their) obligations under this Agreement.

1.107 “**Initiation**” means, with respect to a Licensed Product and a Clinical Trial, dosing of the first patient in such Clinical Trial for such Licensed Product.

- 1.108 “**Joint Development Committee**” or “**JDC**” has the meaning set forth in Section 2.2(b).
- 1.109 “**Joint Invention**” has the meaning set forth in Section 14.1(b).
- 1.110 “**Joint Manufacturing and Supply Committee**” or “**JMSC**” has the meaning set forth in Section 2.2(c).
- 1.111 “**Joint Patents**” has the meaning set forth in Section 14.1(b).
- 1.112 “**Joint Steering Committee**” or “**JSC**” has the meaning set forth in Section 2.2(a).
- 1.113 “**Key Markets**” means [***].
- 1.114 “**Know-How**” means any proprietary or non-public scientific or technical information, results, data, and materials of any type whatsoever, in any tangible or intangible form whatsoever, including Data, databases, safety information, practices, methods, techniques, technology, specifications, formulations, formulae, chemical or biological materials, knowledge, know-how, skill, experience, trade secrets, test data including pharmacological, medicinal chemistry, biological, chemical, biochemical, toxicological and clinical test data, analytical and quality control data, stability data, studies and procedures, and manufacturing process and development information, results and data. For clarity, Know-How excludes Patents.
- 1.115 “**Knowledge**” means, with respect to a Party, the actual knowledge of [***] of such Party and their direct reports, after [***].
- 1.116 “**Licensed Component**” has the meaning set forth in Section 1.32.
- 1.117 “**Licensed Know-How**” means any and all Know-How Controlled by DualityBio or its Affiliates as of the Effective Date or during the Term, including DualityBio’s or its Affiliate’s joint ownership interest in any Know-How within the Joint Inventions, that (a) Covers any Licensed Molecule, or (b) is necessary or reasonably useful for the Exploitation of any Licensed Molecule or Licensed Product in the Field in the Avenzo Territory. Exhibit 1.117 sets forth a list of descriptions of all Licensed Know-How existing as of the Effective Date.
- 1.118 “**Licensed Molecule**” means (a) DualityBio’s EGFR/HER3 ADC known internally as DB-1418 having the structure set forth on Exhibit 1.118 (“**DB-1418**”), (b) any other EGFR/HER3 ADC that is [***] (each, a “**Backup ADC**”) and (c) any derivatives of DB-1418 or any Backup ADC that is a EGFR/HER3 ADC, in each case (b) and (c), [***].

1.119 “**Licensed Patents**” means any and all Patents Controlled by DualityBio or its Affiliates as of the Effective Date or during the Term, including DualityBio’s or its Affiliate’s interest in any Joint Patents, that (a) Cover any Licensed Molecule, or (b) are necessary or reasonably useful for the Exploitation of any Licensed Molecule or Licensed Product in the Field in the Avenzo Territory. Exhibit 1.119 sets forth a list of all Licensed Patents existing as of the Effective Date.

1.120 “**Licensed Platform Patents**” means [***].

1.121 “**Licensed Product**” means any product or preparation comprising or containing any Licensed Molecule as an active ingredient (either alone, in a co-formulation or in combination with any other active ingredient(s)), in any formulation or dosage form.

1.122 “**Licensed Product Patents**” means all Licensed Patents other than Licensed Platform Patents and Joint Patents. For clarity, Licensed Product Patents includes [***].

1.123 “**Licensed Technology**” means all (a) Licensed Patents and (b) Licensed Know-How.

1.124 “**Linker-Payload Patents**” means (a) [***] (the “**Linker-Payload PCT**”), (b) any patent application claiming priority to the Linker-Payload PCT, including divisions, continuations, continuations-in-part, additions, (c) any patent that has issued or in the future issues from the Linker-Payload PCT or patent applications claiming priority thereto, including any utility or design patent or certificate of invention, (d) any re-issues, renewals, extensions, substitutions, re-examinations or restorations, registrations and revalidations, and supplementary protection certificates and equivalents to any of the foregoing, and (e) any other Licensed Patents that are not [***], in each case of ((a) through (e)), that are directed to a DualityBio Linker-Payload, which for clarity, may [***].

1.125 “**Linker-Payload PCT**” has the meaning set forth in Section 1.124.

1.126 “**Losses**” has the meaning set forth in Section 13.1.

1.127 “**MAA**” means, with respect to a Licensed Product in a particular jurisdiction, (a) in the U.S., a Biologics License Application (as more fully defined in 21 C.F.R. §601.2, as may be amended), submitted to the FDA or (b) the equivalent application(s) filed with any Regulatory Authority in any jurisdiction outside the U.S. for approval to market and sell such Licensed Product in such jurisdiction (including accelerated approval or similar approval outside the U.S.); in each case, including all amendments and supplements to any of the foregoing, but excluding any application for pricing or reimbursement approvals unless they are required for the Commercialization of such Licensed Product in such jurisdiction.

1.128 “**MAA Approval**” means (a) with respect to an MAA for the Licensed Product submitted to the FDA, the approval of such MAA by the FDA; or (b) with respect to an MAA for a Licensed Product filed with the applicable Regulatory Authority in any jurisdiction outside the U.S., the approval of such MAA by such Regulatory Authority, including for clarity any application for pricing or reimbursement approvals required for the Commercialization of such Licensed Product in such jurisdiction.

1.129 “**Mainland China**” means the mainland of the People’s Republic of China. For clarity, Mainland China does not include Hong Kong, Macau and Taiwan.

1.130 “**Manufacture**” or “**Manufacturing**” or “**Manufactured**” means all operations involved in the manufacturing, filling and finishing, quality control testing (including in-process, release and stability testing, if applicable), storage, releasing, packaging, labeling, and supply.

1.131 “**Manufacturing Support**” has the meaning set forth in Section 8.2(c).

1.132 “**Manufacturing Technology Transfer**” has the meaning set forth in Section 8.2(c).

1.133 “**Manufacturing Technology Transfer Plan**” has the meaning set forth in Section 8.2(c).

1.134 “**Milestone Payments**” means Development and Regulatory Milestone Payments or Sales Milestone Payments, as applicable.

1.135 “**Necessary Product Improvement Technology**” means (a) any Know-How, including Data, within Avenzo’s Sole Inventions or Joint Inventions and (b) any Patents Covering Avenzo’s Sole Inventions or Joint Inventions in the DualityBio Territory, that in each case are [***].

1.136 “**Net Sales**” means, with respect to any Licensed Product, [***]:

- (a) [***];
- (b) [***];
- (c) [***];
- (d) [***];
- (e) [***];
- (f) [***];
- (g) [***];

1.137 “**NMPA**” means the National Medical Products Administration, formerly known as the China Food and Drug Administration, and local or provincial counterparts thereto, and any successor agency(ies) or authority thereto having substantially the same function.

1.138 “**Other Components**” has the meaning set forth in [Section 1.32](#).

1.139 “**Out-of-Pocket Costs**” means actual amounts paid by a Party or any of its Affiliates to any Third Party (without mark-up by such Party or any of its Affiliates) under arm’s length arrangements for services or material provided by such Third Party in performance of activities under this Agreement.

1.140 “**Party**” or “**Parties**” has the meaning set forth in the preamble to this Agreement.

1.141 “**Patent**” or “**Patents**” means (a) all national, regional and international patents and patent applications, including any provisional patent application, (b) any patent application claiming priority from such patent application or provisional patent applications, including divisions, continuations, continuations-in-part, additions, (c) any patent that has issued or in the future issues from any of the foregoing patent applications, including any utility or design patent or certificate of invention, and (d) re-issues, renewals, extensions, substitutions, re-examinations or restorations, registrations and revalidations, and supplementary protection certificates and equivalents to any of the foregoing.

1.142 “**Patent Challenge**” has the meaning set forth in [Section 15.6](#).

1.143 “**Person**” means any individual, sole proprietorship, corporation, joint venture, limited liability company, partnership, limited partnership, limited liability partnership, trust or any other private, public or governmental entity.

1.144 “**Pharmacovigilance Agreement**” has the meaning set forth in [Section 7.9\(a\)](#).

1.145 “**Phase 1 Clinical Trial**” means a Clinical Trial of a Licensed Product that is described as a phase 1 clinical trial in its protocol, or that would otherwise satisfy the requirements of 21 C.F.R. §312.21(a), as amended from time to time, or corresponding counterparts in any applicable jurisdiction in the Avenzo Territory other than the United States.

1.146 “**Phase 1b Clinical Trial**” means a Clinical Trial of a Licensed Product that is described as a phase 1b clinical trial in its protocol, and is designed to further evaluate safety and to determine a dose that is effective and sufficiently tolerated for a particular Indication.

1.147 “**Phase 1/2 Clinical Trial**” means a Clinical Trial that combines both a Phase 1 Clinical Trial and a Phase 2 Clinical Trial into a single protocol.

1.148 “**Phase 2 Clinical Trial**” means a Clinical Trial of a Licensed Product that is described as a phase 2 clinical trial in its protocol, or that would otherwise satisfy the requirements of 21 C.F.R. §312.21(b), as amended from time to time, or corresponding counterparts in any applicable jurisdiction in the Avenzo Territory other than the United States. For clarity, the phase 2 part of a Clinical Trial designed as a Phase 1/2 Clinical Trial shall be deemed to be a Phase 2 Clinical Trial for the purpose of this Agreement.

1.149 “**Phase 3 Clinical Trial**” means a Clinical Trial of a Licensed Product that would satisfy the requirements of 21 C.F.R. § 312.21(c), as amended from time to time, or corresponding counterparts in any applicable jurisdiction in the Avenzo Territory other than the United States.

1.150 “**PMDA**” means the Japanese Pharmaceutical and Medical Device Administration or any successor agency thereto.

1.151 “**Product Marks**” has the meaning set forth in [Section 9.3](#).

1.152 “**Prosecution**” means, with respect to a Patent, the filing, preparation, prosecution (including conducting all correspondence and interactions with any patent office and seeking, conducting and defending all any interferences, *inter partes* reviews, reissue proceedings, reexaminations, and oppositions and similar proceedings), and maintenance thereof, including obtaining patent term extensions and regulatory exclusivity, supplemental protection certificates, or their equivalents with respect thereto. When used as a verb, “**Prosecute**” and “**Prosecuting**” mean to engage in Prosecution. “**Prosecution**,” “**Prosecute**,” and “**Prosecuting**” exclude any enforcement action with respect to a Patent.

1.153 “**Public Official**” means (a) any officer, employee or representative of any regional, federal, state, provincial, county or municipal government or government department, agency or other division; (b) any officer, employee or representative of any commercial enterprise that is owned or controlled by a government, including any state-owned or controlled veterinary or medical facility; (c) any officer, employee or representative of any public international organization, such as the African Union, the International Monetary Fund, the United Nations or the World Bank; and (d) any person acting in an official capacity for any government or government entity, enterprise or organization identified above.

1.154 “**Quality Agreement**” has the meaning set forth in [Section 8.2\(b\)](#).

1.155 “**Receiving Party**” has the meaning set forth in [Section 11.1](#).

1.156 “**Registrational Clinical Trial**” means a Clinical Trial of a Licensed Product conducted with a defined dose or set of defined doses of such Licensed Product on sufficient numbers of human patients, which Clinical Trial is prospectively designed to be sufficient for the filing of an MAA of such Licensed Product with the applicable Regulatory Authority in the Avenzo Territory; *provided that* “**Registrational Clinical Trial**” (a) will include Phase 3 Clinical Trials and (b) will include Phase 2 Clinical Trials, Phase 1b Clinical Trials or Phase 1/2 Clinical Trials if such Clinical Trial otherwise satisfies this [Section 1.156](#).

1.192 “**VAT**” means value-added taxes or other similar taxes.

ARTICLE 2 GOVERNANCE

2.1 **Alliance Managers.** Within [***] Business Days following the Effective Date, each Party will appoint (and notify the other Party of such appointment) a representative to act as its alliance manager regarding the Research Activities and the Development and Manufacture of the Licensed Products in the Avenzo Territory and in the DualityBio Territory pursuant to this Agreement (each such individual appointed, an “**Alliance Manager**”). The Alliance Managers will serve as the primary contact points between the Parties and will (a) facilitate the flow of information; (b) otherwise promote communication, coordination and collaboration between the Parties by providing single points of contact for communication by and between the functions/subject matter experts for seeking consensus both internally within each Party’s respective organization, including facilitating review of external corporate communications, and

raising cross-Party or cross-functional disputes in a timely manner; and (c) manage the JSC (and any other Committee) meetings by (i) calling meetings; (ii) preparing and issuing minutes of each such meeting within [***] Business Days thereafter; and (iii) preparing and circulating an agenda for the upcoming meeting, in each case, at the direction of and in consultation with the then-current chair of the applicable Committee. Each Party may remove and replace its Alliance Manager at any time by written notice to the other Party.

2.2 Committees.

(a) **Joint Steering Committee.** Within [***] days following the Effective Date, DualityBio and Avenzo will establish a joint steering committee ("**Joint Steering Committee**" or "**JSC**") to oversee and coordinate the Research Activities and Development, Manufacture and Commercialization of the Licensed Molecules and Licensed Products in the Avenzo Territory and in the DualityBio Territory, to resolve any disputes of the JDC, JMSC or other subcommittee of the JSC, and to serve as a forum for the exchange and discussion of information with respect thereto. The JSC will be responsible for:

(i) establishing the JDC and the JMSC and such other subcommittees as necessary or advisable to undertake any of the responsibilities of the JSC delegated to such subcommittee by the JSC or to further the purposes of this Agreement;

(ii) reviewing and monitoring the progress of the Research Activities and any other activities conducted pursuant to the Research Plan;

(iii) reviewing, discussing, and approving any proposed amendment to the Research Plan;

(iv) reviewing, discussing, and approving the Global Development Plan for the Licensed Molecules, and material amendments thereto;

(v) overseeing and managing the strategic direction of the collaboration between the Parties with respect to the Licensed Molecules and Development, Manufacturing, regulatory activities and Commercialization with respect thereto in the Avenzo Territory and the DualityBio Territory and recommendations from the JDC, JMSC or other subcommittee of the JSC with respect to any such matter;

(vi) resolving any matter within the authority of the JDC, JMSC or other subcommittee of the JSC on which the applicable Committee cannot reach a decision as to such matter; and

(vii) undertaking such other matters as are specifically assigned to the JSC in this Agreement.

(b) **Joint Development Committee.** Within [***] days following the Effective Date, the JSC will establish as a subcommittee of the JSC a joint development committee (“**Joint Development Committee**” or “**JDC**”) to coordinate the Parties’ Development and regulatory activities with respect to the Licensed Products in the Avenzo Territory and the DualityBio Territory and to serve as a forum for the exchange and discussion of information with respect thereto. The JDC will be responsible for:

(i) discussing Development and regulatory strategy for the Licensed Molecules and Licensed Products in the Avenzo Territory and DualityBio Territory and facilitating the transfer of information between the Parties;

(ii) discussing, preparing and submitting the Global Development Plan for the applicable Licensed Molecules and Licensed Products to the JSC for review and approval, as applicable;

(iii) discussing, preparing, and submitting any material amendment to a Global Development Plan to the JSC for review and approval, and reviewing and discussing any changes in the scope or direction of the Development work with respect to each of the Licensed Molecules and Licensed Products to be performed pursuant to this Agreement that would be a material deviation from the applicable Global Development Plan;

(iv) coordinating the Parties’ activities under the Global Development Plan(s) in the Parties’ respective territories;

(v) serving as the principal forum by which Avenzo keeps DualityBio reasonably informed regarding Avenzo’s Development plans, efforts and results with respect to Licensed Molecules and Licensed Products in the Avenzo Territory and by which DualityBio keeps Avenzo reasonably informed regarding DualityBio’s Development plans, efforts and results with respect to Licensed Molecules and Licensed Products in the DualityBio Territory; and

(vi) undertaking such other matters as are specifically assigned to the JDC in this Agreement.

(c) **Joint Manufacturing and Supply Committee.** Within [***] days following the Effective Date, the JSC will establish as a subcommittee of the JSC a joint manufacturing and supply committee (“**Joint Manufacturing and Supply Committee**” or “**JMSC**”) to oversee and coordinate the Manufacture for Development and Commercialization purposes of the Licensed Products and to serve as a forum for the exchange and discussion of information with respect thereto. The JMSC will be responsible for:

(i) overseeing and coordinating the activities of the Parties with respect to Manufacturing of Licensed Molecules and Licensed Products for Development and Commercialization purposes in each of the DualityBio Territory and Avenzo Territory;

(ii) overseeing the exchange of information between the Parties with respect to Manufacturing of Licensed Molecules and Licensed Products;

(iii) establishing and approving a Manufacturing Technology Transfer Plan; and

(iv) undertaking such other matters as are specifically assigned to the JMSC in this Agreement.

(d) **Membership.** Each Committee will be composed of [***] representatives of each of DualityBio and Avenzo (or such other number of representatives of each Party as agreed in writing by DualityBio and Avenzo). Each Party will appoint its initial Committee representatives by written notice to the other Party within [***] days of the Effective Date and will appoint its initial representatives to any other Committee by written notice to the other Party within [***] Business Days of establishment of such Committee. Either Party may replace its respective Committee representatives at any time with prior written notice to the other Party; *provided* that each Party will ensure that, at all times during the existence of a Committee, such Party's Committee representatives (initial or replacement) have appropriate expertise and sufficient seniority within the applicable Party to make recommendations and decisions arising within the scope of the applicable Committee's responsibilities; and *provided, further*, that the Parties shall use reasonable efforts not to make changes to such representatives during the first year after establishment of each Committee. With respect to the JSC, each Party will ensure that at all times during the existence of the JSC, such Party's JSC representatives (initial or replacement) (i) have the authority to bind such Party with respect to matters within the purview of the JSC, and (ii) at least one of each Party's JSC representatives is a Senior Executive. A member of the JDC or JMSC may also be a member of the JSC or any other subcommittee established by the JSC if so desired by the Party who appoints such member.

(e) **Meetings.** Each of the Committees, once established, will meet at least [***], or more or less often as otherwise agreed to by the Parties. Responsibility for chairing Committee meetings will alternate between the Parties. The chair for any Committee meeting will not have any greater authority than any other representative of either Party on such Committee. All Committee meetings may be conducted by telephone, video-conference, or in person; *provided, however*, that each Committee will meet in person at least once each Calendar Year, unless the Parties agree to meet by alternative means. Unless otherwise agreed by the Parties, all in-person meetings for a Committee will be held on an alternating basis between the facilities of each Party. Each Party will bear its own personnel and travel costs and expenses relating to participation in Committee meetings. Upon each Party's invitation, a reasonable number of additional representatives of such Party may attend Committee meetings in a non-voting capacity, *provided* that such additional representatives shall be bound by written confidentiality and non-use obligations consistent with the terms of this Agreement.

(f) **Minutes.** The chair of each Committee meeting will be responsible for ensuring draft minutes of such Committee meeting are prepared and circulated by the Alliance Managers to all members of such Committee for comments. Such minutes will provide a description, in reasonable detail, of the discussions at the meeting and will document all actions and determinations approved by the Committee at such meeting. The Parties will promptly discuss any comments on such minutes and finalize the minutes no later than the date of the next applicable Committee meeting.

(g) **Decision-Making.** Decisions of a Committee will be made by unanimous vote, with each Party's representatives on such Committee collectively having one vote. No vote of a Committee may be taken unless at least one of each Party's representatives is present for such Committee vote. If after reasonable discussion and good faith consideration of each Party's view on a particular matter before the JDC, JMSC or other subcommittee of the JSC, the applicable Committee cannot reach a decision as to such matter, then such Committee will bring the matter

to the attention of the JSC for resolution. If after reasonable discussion and good faith consideration of each Party's view on a particular matter before the JSC, the JSC cannot reach a decision as to such matter within [***] Business Days after such matter was brought to the JSC for resolution, then:

(i) the matter shall be submitted to the Senior Executives of Avenzo and DualityBio for resolution, who shall promptly initiate discussions in good faith to resolve such dispute; and

(ii) if such escalated dispute cannot be resolved within [***] Business Days after the dispute being submitted to the Senior Executives, then: (A) with respect to [***], (B) with respect to [***], and (C) with respect to any other matter other than a matter described in the foregoing clauses (A) or (B), neither Party shall have final decision-making authority with respect to such matter, and the status quo with respect to such matter shall remain in effect if the Parties are unable to mutually agree on a resolution for such matter.

(iii) Notwithstanding any other provision of this Article 2 to the contrary, neither any Committee, including the JSC nor a Senior Executive in the exercise of the foregoing decision-making authority, will have the right to: (A) modify or amend the terms and conditions, or waive any term or condition, of this Agreement; (B) determine any issue in a manner that would conflict with, or cause a Party to breach or violate, the terms and conditions of this Agreement; (C) make any determination that a Party is in breach (or not) of this Agreement; or (D) make a decision that is expressly stated to require the written agreement or written consent of the Parties. The Parties intend that all matters within the scope of a Committee's decision-making authority will be resolved by the Parties in accordance with this Section 2.2(g), and no matter within the scope of a Committee's authority will be subject to the dispute resolution provisions set forth in Article 16.

2.3 Scope of Governance. Notwithstanding the creation of a Committee, each Party will retain the rights, powers and discretion granted to it hereunder, and no Committee will be delegated or vested with rights, powers or discretion unless such delegation or vesting is expressly provided herein. No Committee will have the power to amend or modify this Agreement, and no decision of a Committee will be in contravention of any terms and conditions of this Agreement. It is understood and agreed that issues to be formally decided by a Committee are only those specific issues that are expressly provided in this Agreement to be decided by such Committee.

2.4 Discontinuation of Committees. The JSC and all other Committees will continue to exist until the first to occur of: (a) the Parties' written agreement to disband the JSC, and (b) unless otherwise agreed by the Parties, upon the first Regulatory Approval of the first Licensed Product in the U.S. Upon the occurrence of the event described in clause (a) or (b) above, the JSC and all other Committees will disband and shall have no further authority or duties under this Agreement. After the JSC ceases to exist, (i) each Party shall designate a contact person for the exchange of information previously exchanged through the JSC (and, if applicable the JDC, JMISC and any other subcommittee), and (ii) any decisions that are designated under this Agreement as being subject to the review or approval of the JSC (or if applicable the JDC, JMISC and any other subcommittee), will be made by written agreement of the Parties directly, subject to the other terms and conditions of this Agreement.

ARTICLE 3 LICENSES; NON-COMPETE

3.1 License Grant to Avenzo. Subject to the terms and conditions of this Agreement, DualityBio, on behalf of itself and its Affiliates, hereby grants to Avenzo the following licenses:

(a) an exclusive (even as to DualityBio and its Affiliates, subject to [Section 3.4](#)), transferable (subject to [Section 17.4](#)), royalty-bearing license, with the right to grant sublicenses through multiple tiers (in accordance with [Section 3.3](#)), under the Licensed Technology to Exploit the Licensed Molecules and Licensed Products in the Field in the Avenzo Territory; and

(b) a non-exclusive, transferable (subject to [Section 17.4](#)) license, with the right to grant sublicenses through multiple tiers (in accordance with [Section 3.3](#)), under the Greater China Technology to Develop (subject to [Section 6.3](#), and excluding clinical Development other than Global Studies), Manufacture and have Manufactured the Licensed Molecules and Licensed Products in the Field in the DualityBio Territory solely for the (i) Development of such Licensed Molecules and Licensed Products by or on behalf of Avenzo or its Affiliates or Sublicensees for purposes of obtaining Regulatory Approval of such Licensed Molecules and Licensed Products in the Avenzo Territory, and (ii) the sale, offer for sale, import, export, Commercialization and other Exploitation of such Licensed Molecules and Licensed Products in the Field in the Avenzo Territory.

For clarity, the foregoing licenses granted to Avenzo under this [Section 3.1](#) shall not include rights to Exploit any Other Component(s) that is proprietary to DualityBio and DualityBio shall not be deemed to grant Avenzo a license for such Other Component(s) unless such license is separately obtained from DualityBio if Licensed Product is a Combination Product that contains such Other Component(s).

3.2 License Grant to DualityBio. Subject to the terms and conditions of this Agreement, Avenzo hereby grants to DualityBio the following licenses:

(a) a non-exclusive, fully-paid up and royalty-free license, with the right to grant sublicenses solely to DualityBio's Affiliates or subcontractors (in accordance with [Section 3.3](#)), under the Avenzo IP solely to perform DualityBio's obligations under this Agreement, including the Global Development Plan, if any, in the Avenzo Territory; and

(b) a non-exclusive, transferable (subject to [Section 17.4](#)), royalty-free license, with the right to grant sublicenses through multiple tiers (in accordance with [Section 3.3](#)), (i) under the Avenzo Manufacturing Technology to Manufacture and have Manufactured the Licensed Molecules and Licensed Products in the Field in the DualityBio Territory, and (ii) under Necessary Product Improvement Technology to Exploit the Licensed Molecules and Licensed Products in the Field in the DualityBio Territory.

For clarity, in the event that a Licensed Molecule includes a linker or payload owned or controlled by Avenzo (and, for clarity, is not a DualityBio Linker-Payload) (such linker or payload, an "**Avenzo Proprietary Linker-Payload**"), the foregoing licenses granted to DualityBio under this [Section 3.2](#) shall not include rights to Exploit any such Avenzo Proprietary Linker-Payload contained in such Licensed Molecule and Avenzo shall not be deemed to grant DualityBio a license for such Avenzo Proprietary Linker-Payload unless it is separately obtained from Avenzo.

3.3 Right to Sublicense.

(a) **By Avenzo.** Avenzo has the right to sublicense (through multiple tiers) any of its rights under [Section 3.1](#) to an Affiliate of Avenzo or any Third Party. Avenzo will provide DualityBio with a fully executed, true, and complete copy of each sublicense agreement with any such Sublicensee no later than [***] days after the execution thereof, *provided* that (i) Avenzo may redact confidential or commercially sensitive information that is not relevant to Avenzo's compliance with this Agreement and (ii) Avenzo shall not be obligated to provide copies of any sublicense agreement with a distributor, Third Party contractor or service provider.

(b) **By DualityBio.** DualityBio has the right to sublicense (through multiple tiers) any of its rights under [Section 3.2](#) to an Affiliate of DualityBio or any Third Party. DualityBio will provide Avenzo with a fully executed, true, and complete copy of each sublicense agreement with any such sublicensee no later than [***] days after the execution thereof, *provided* that DualityBio may redact confidential or commercially sensitive information that is not relevant to DualityBio's compliance with this Agreement.

(c) **Restrictions.** Avenzo (as licensee under [Section 3.1](#)) or DualityBio (as licensee under [Section 3.2](#)) may fulfill any of its obligations under this Agreement itself or through its Affiliates, Sublicensees, or subcontractors; *provided* that the licensee Party will remain directly responsible for all its obligations under this Agreement, regardless of whether any such obligation is delegated, subcontracted or sublicensed to any of its Affiliates, Sublicensees, or subcontractors. Any action by any Affiliate, Sublicensee, or subcontractor of the licensee Party that would have been a breach of the terms or conditions of this Agreement if performed by the licensee Party will be deemed a direct breach by the licensee Party of such terms or conditions, subject to the opportunity to cure following notice of breach in accordance with [Section 15.4](#). [***].

3.4 Retained Rights. [***].

3.5 No Implied Licenses; Negative Covenant. Except as set forth herein, nothing in this Agreement grants any license or other intellectual property interest of either Party to the other Party, by implication or otherwise, under any Know-How, trademarks or Patents of the other Party. Each Party may not, and may not permit any of its Affiliates, Sublicensees, or subcontractors to, practice any Patent or Know-How licensed to it by the other Party outside the scope of the licenses granted to such Party under this Agreement.

3.6 Non-Compete.

(a) **Non-Compete by Avenzo.** During the Term of the Agreement, except as provided in Section 3.6(c) or Section 3.6(d), Avenzo will not, and will cause its Affiliates and require its Sublicensees not to, engage in (independently or for or with any Third Party) any Development, Manufacture, or Commercialization of any Competing Product in the DualityBio Territory and Avenzo Territory (including through any license or grant of rights to any Third Party with respect to any such Competing Product), in each case, other than activities by or on behalf of Avenzo and its Affiliates and Sublicensees with the Licensed Molecules and Licensed Products as contemplated under this Agreement.

(b) **Non-Compete by DualityBio.** During the Term of the Agreement, except as provided in Section 3.6(c) or Section 3.6(d), DualityBio will not, and will cause its Affiliates and require its Sublicensees (other than Avenzo) not to, engage in (independently or for or with any Third Party) any Development, Manufacture, or Commercialization of any Competing Product in the DualityBio Territory and Avenzo Territory (including through any license or grant of rights to any Third Party with respect to any such Competing Product), in each case, other than activities by or on behalf of DualityBio, its Affiliates, Sublicensees with the Licensed Molecules and Licensed Products as contemplated under this Agreement, including the Research Activities.

(c) **Effects of Change of Control.** Notwithstanding Section 3.6(a) and Section 3.6(b), if a Party undergoes a Change of Control with a Third Party (such Third Party, together with its Affiliates existing prior to such Change of Control, an “**Acquisition Party**”), then the Acquisition Party shall [***].

(d) **Acquisition of a Third Party by a Party.** In the event that either Party or any of its Affiliates merges or consolidates with, or otherwise acquires a Third Party (whether such transaction occurs by way of a sale of assets, merger, consolidation or similar transaction) (an “**Acquired Party**”) that is engaged in Exploitation of a Competing Product as of the closing of such transaction that would be prohibited by Section 3.6(a) and Section 3.6(b), such Party or its Affiliate shall not be deemed to be in breach of its obligations set forth in Section 3.6(a) and Section 3.6(b), *provided* that, by the end of the [***] period immediately following the closing of such transaction, such Party or its Affiliate or its Acquired Party has [***].

3.7 Existing Upstream License Agreements. Avenzo acknowledges and agrees that (a) certain rights granted to Avenzo under this Agreement are Controlled by DualityBio pursuant to the Existing Upstream License Agreements, (b) such rights are subject to the terms and conditions of the Existing Upstream License Agreements set forth on Exhibit 3.7 and (c) Avenzo agrees to comply with the terms and conditions of the Existing Upstream License Agreements set forth on Exhibit 3.7 to the extent applicable to Avenzo's and its Affiliates' and Sublicensees' Exploitation of the Licensed Molecules and Licensed Products hereunder. DualityBio will be solely responsible for making all payments owed under Existing Upstream License Agreements.

ARTICLE 4 KNOW-HOW TRANSFER

4.1 Know-How Transfer. DualityBio will disclose or otherwise make available to Avenzo a copy of all Licensed Know-How and Greater China Know-How that exists as of the Effective Date (other than DualityBio Manufacturing Technology, which is addressed in Section 8.2(c)) and in DualityBio's or its Affiliates' Control existing as of the Effective Date, which provision or access shall occur in a manner and following a reasonable schedule proposed by DualityBio and agreed by the JSC (to be completed within [***] days after the Effective Date or at such later time as agreed by the JSC). For clarity and notwithstanding anything to the contrary in the foregoing, (a) DualityBio shall require that any Third Party who is generating Licensed Know-How or Greater China Know-How on behalf of DualityBio grants to DualityBio all rights in and to any information developed for DualityBio during the performance of generating Licensed Know-How or Greater China Know-How that is related to the Licensed Molecules or Licensed Products (but excluding any information related to such Third Party's platform technology or any improvements thereof that are not specific to the Licensed Molecules or Licensed Products) such that DualityBio Controls such information for purposes of this Agreement; and (b) DualityBio shall retain Control of all such information during the Term. During the Term, DualityBio shall provide or make available to Avenzo as promptly as practicable any additional Licensed Know-How and Greater China Know-How, to the extent that such Licensed Know-How and Greater China Know-How arises after the Effective Date or otherwise has not previously been provided or made available to Avenzo.

4.2 Assistance by DualityBio. In connection with any transfer of Licensed Know-How or Greater China Know-How to Avenzo pursuant to Section 4.1, DualityBio will provide to Avenzo or its designee(s) reasonable technical support and assistance ("**Technical Assistance**") with respect to the use and practice of the Licensed Know-How or Greater China Know-How, including in connection with (a) the Development, use or Commercialization of Licensed Molecules and Licensed Products in the Avenzo Territory, and (b) the seeking of Regulatory Approval for Licensed Products in the Avenzo Territory. Upon Avenzo's request for Technical Assistance, DualityBio shall provide Avenzo with up to [***] FTE hours of Technical Assistance at no additional cost to Avenzo. Any additional Technical Assistance in excess of [***] FTE hours reasonably requested by Avenzo and agreed by DualityBio will be provided by DualityBio at the FTE Rate, and Avenzo shall reimburse DualityBio for all Out-of-Pocket Costs reasonably incurred by DualityBio in connection with the provision of the Technical Assistance. If applicable, DualityBio will invoice Avenzo for any Technical Assistance provided at the FTE Rate and such reasonably incurred Out-of-Pocket Costs, and Avenzo will pay all such undisputed amounts within [***] days after receipt of an applicable invoice from DualityBio.

ARTICLE 5
RESEARCH ACTIVITIES

5.1 Preclinical Research. DualityBio shall perform and be responsible for the conduct of preclinical Development activities, at DualityBio's own cost, for the preclinical Development of DB-1418 until IND submission therefor, including the conduct and completion of the IND Enabling Studies, preparation of IND submissions, in each case as set forth in the Research Plan, including to complete the Final Data Package for the Licensed Molecules and if mutually agreed by the Parties through the JSC, optimization or other preclinical Development of Backup ADCs (the "**Research Activities**"). DualityBio shall perform such activities in a professional manner and in compliance (a) in all material respects with the Research Plan and (b) with the requirements of Applicable Laws, and use Commercially Reasonable Efforts to meet the estimated timelines set forth in the Research Plan. The initial Research Plan is attached hereto as Exhibit 5.1. Either Party, directly or indirectly through its representatives on the JSC, may propose amendments to the Research Plan from time to time. Any such amendment shall be subject to review, discussion, and approval by the JSC pursuant to Section 2.2(a).

5.2 JSC Updates. At each [***] JSC meeting, DualityBio shall provide the JSC with a reasonably detailed update on the Research Activities and a summary of the results thereof. The Parties shall discuss the status, progress and results of such activities at such JSC meetings, and DualityBio shall provide such additional information related thereto in DualityBio's Control as reasonably requested by Avenzo. For clarity and notwithstanding anything to the contrary in the foregoing, (a) DualityBio shall require that any Third Party performing Research Activities on behalf of DualityBio grants to DualityBio all rights in and to any information developed for DualityBio during the performance of the Research Activities that is related to the Licensed Molecules or Licensed Products (but excluding any information related to such Third Party's platform technology or any improvements thereof that are not specific to the Licensed Molecules or Licensed Products) such that DualityBio Controls such information for purposes of this Agreement; and (b) DualityBio shall retain Control of all such information during the Term.

5.3 Reporting. In addition to the updates described in Section 5.2, DualityBio will provide Avenzo the Data, results, information and deliverables required to be delivered by DualityBio to Avenzo as set forth in the Research Plan upon completion of the applicable activities, including the following:

(a) **IND Enabling Studies.** Pursuant to the Research Plan, DualityBio shall advance DB-1418 through IND Enabling Studies. Subject to Section 5.3(d) below, in the event agreed by the Parties through the JSC, DualityBio may advance one or more Backup ADCs through IND Enabling Studies.

(b) **Final Data Package.** DualityBio shall provide Avenzo the Final Data Package upon the completion of IND Enabling Studies as described in the Research Plan. All materials included in the Final Data Package shall be provided to Avenzo in the English language. For clarity, if any materials required to be included in the Final Data Package are not in the English language at the time such materials are generated by or on behalf of DualityBio, then DualityBio shall procure a certified English translation of such materials from a professional Third Party translation service reasonably acceptable to Avenzo at DualityBio's cost. Avenzo shall have [***]

days to review and inspect such Final Data Package and to ask questions of or request additional information from DualityBio, and DualityBio shall promptly (and in any event within [***] Business Days of the applicable request) respond to such questions and provide such additional information with respect to such IND Enabling Studies and the Final Data Package as reasonably requested by Avenzo, *provided that* in no event shall DualityBio be required to conduct any activities not expressly set forth in the Research Plan without DualityBio's consent.

(c) **IND Submissions.** Pursuant to the Research Plan, DualityBio shall, in consultation with Avenzo, prepare IND submissions for DB-1418 or, if agreed by the Parties through the JSC, one of the Backup ADCs advanced in the IND Enabling Studies, as may be modified or optimized pursuant to the Research Plan as determined by the JSC. DualityBio shall provide Avenzo drafts of such IND submissions for review and comment and shall incorporate any comments and revisions to such IND submissions provided by Avenzo. For clarity, Avenzo shall have the sole right to file any such IND submissions in the Avenzo Territory in Avenzo's name.

(d) **Backup ADCs.** The Parties acknowledge and agree that, as of the Effective Date, DualityBio has represented that it does not Control any Backup ADC or any other Licensed Molecule other than DB-1418. In the event that any Backup ADC or other Licensed Molecule is identified, discovered or developed in, or arising or resulting from, the Research Activities, or if a Backup ADC or other Licensed Molecule becomes Controlled by DualityBio, then DualityBio shall promptly provide Avenzo with the identity of such Backup ADC or other Licensed Molecule. The Parties shall discuss and may agree via the JSC on whether to pursue any such Backup ADCs in lieu of (or in addition) to the then-current lead Licensed Molecule, which may include optimization or further preclinical Development of such Backup ADCs, *provided that* DualityBio will have no obligation to do so unless the Parties have mutually agreed thereto. If the Parties mutually agree to advance one or more Backup ADCs, the allocation of responsibilities, budgets and associated timelines for the Development of such one or more Backup ADCs would be mutually agreed upon by the Parties at the JSC.

ARTICLE 6 DEVELOPMENT

6.1 **Responsibilities.** As between the Parties, Avenzo shall (itself or through its Affiliates or Sublicensees) have the sole right and responsibility, at its sole cost and expense, to conduct all Development of Licensed Products in the Field in the Avenzo Territory, except for Research Activities conducted by DualityBio as expressly provided in Section 5.1. As between the Parties, DualityBio shall (itself or through its Affiliates or Sublicensees) have the sole right and responsibility, at its sole cost and expense, to conduct all Development of Licensed Products in the Field in the DualityBio Territory, except as expressly provided in Section 3.1(b) and Section 6.3.

6.2 **Diligence.** Avenzo shall (itself or through its Affiliates or Sublicensees) use Commercially Reasonable Efforts to conduct such non-clinical studies and Clinical Trials of Licensed Products in the Avenzo Territory as are reasonably necessary to obtain Regulatory Approval for one Licensed Product in each of (a) [***], and (b) [***].

6.3 Global Development Plan. In the event that either Party proposes a Global Development Plan, including to conduct additional studies or expand existing studies, the Parties shall discuss such Global Development Plan in good faith, and any such Global Development Plan shall be effective only upon review and approval by the JSC in accordance with Section 2.2(a) (subject to dispute resolution in accordance with Section 2.2(g), as applicable). The Global Development Plan will be focused on Development activities conducted by Avenzo or DualityBio worldwide which are in support of Regulatory Approval of the Licensed Product in both the Avenzo Territory and the DualityBio Territory, while taking into reasonable consideration potential material Development or Commercialization impacts on the Licensed Products in the other Party's respective territory. The Global Development Plan shall include [***]. For clarity and notwithstanding anything herein to the contrary, Avenzo shall have the sole right [***] to conduct Territory-Specific Clinical Trials in the Avenzo Territory, and DualityBio shall have the sole right [***] to conduct Territory-Specific Clinical Trials in the DualityBio Territory. With respect to each Global Study, each Party shall be responsible for the activities and costs allocated to it with respect to such Global Study under the Global Development Plan. Each Party will perform the Development activities allocated to it under the Global Development Plan in a professional manner, and in compliance in all respects with the Global Development Plan and the requirements of all Applicable Laws, GCP and cGMP. If Avenzo proposes to conduct a Global Study of a Licensed Product with sites in the DualityBio Territory, then it will first notify DualityBio in writing and give DualityBio an opportunity to participate in the conduct of such Global Study in the DualityBio Territory as part of the Global Development Plan and under the oversight of the JDC and provide DualityBio relevant information as reasonably requested by DualityBio; *provided that*, if DualityBio does not agree to participate in the conduct of such Global Study in the DualityBio Territory [***], then Avenzo may conduct such Global Study in the DualityBio Territory pursuant to the licenses granted in Section 3.1(b), and shall keep DualityBio reasonably informed of the progress of such Global Study through the JDC. For clarity, [***].

6.4 Development Reports. Each Party will keep the JDC regularly and reasonably informed of the status, progress and results of its Development and regulatory activities in its respective territory. At least [***] Business Days before each regularly scheduled JDC meeting, each Party will provide the JDC with a written report describing its Development activities and the results thereof (each, a "**Development Report**"). Through the JDC, each Party will keep the other Party reasonably informed of the Development of Licensed Molecules and Licensed Products conducted by or on behalf of such Party in its respective territory, including the performance of the Global Development Plan. All updates and reports provided by a Party pursuant to this Section 6.4 will be the Confidential Information of such Party. In addition, each Party will (and will use reasonable efforts to cause its respective Affiliates and sublicensees to) make available to the other Party such additional information about its Development activities with respect to each Licensed Molecule and Licensed Product as may be reasonably requested by the other Party from time to time.

6.5 Records. Each Party will and will cause its Affiliates, and will require its Sublicensees or subcontractors, to maintain complete, current and accurate records in either tangible or electronic form of all material Development, Manufacturing (in the case of Avenzo, after the Manufacturing Technology Transfer) or Commercialization activities with respect to the Licensed Products, in each case in accordance with its reasonable internal documentation and record retention practices. Such records will be maintained in sufficient detail to properly reflect, in good scientific manner, all material work done, and the results of studies and Clinical Trials undertaken and, further, will be at a level of detail appropriate for Patent and regulatory purposes. Each Party will document all non-clinical studies and Clinical Trials of Licensed Products in formal written study reports according to Applicable Laws and applicable national and international guidelines such as ICH, GCP and GLP. Upon a Party's reasonable request, the other Party will, and will cause its Affiliates and Sublicensees, to provide to the requesting Party copies of such records to the extent necessary or reasonably useful for the Development, Manufacture, and Commercialization of the Licensed Products in such other Party's territory, including for Patent and regulatory purposes in accordance with the terms of this Agreement. All such records, reports, information and Data of a Party provided to the other Party will be the Confidential Information of the providing Party.

6.6 Clinical Trial Audits. Each Party or its representatives may conduct an audit of the other Party, its Affiliates, or Sublicensees, or any subcontractors (including Clinical Trial sites) engaged to perform such other Party's obligations under any Global Development Plan, in each case, to ensure that the applicable Clinical Trials are conducted in compliance with the Global Development Plan, GCP, and Applicable Laws, and the other Party shall reasonably cooperate with such audit. Each Party may conduct such audit no more than once each Calendar Year (unless an additional audit is warranted for cause) upon [***] days' prior written notice to the other Party. No later than [***] days after the completion of such audit, the auditing Party will provide the other Party with a written summary of the auditing Party's findings of any deficiencies or other areas of remediation that the auditing Party identifies during any such audit. Any such findings of major or critical deficiencies or remediation or any other major issues identified in such audit shall be reviewed and discussed by the JSC with appropriate quality personnel from both Parties.

6.7 Data Exchange and Use. Each Party shall promptly provide the other Party with copies of all Data (including all Clinical Trial data and supporting documentation, e.g., protocols and case report forms) Controlled by or on behalf of such Party or its Affiliates, or owned or controlled by such Party's Sublicensees, generated from its Development of the Licensed Molecules and Licensed Products[***]; *provided* that except as otherwise set forth in the Global Development Plan (in which case the Global Development Plan shall control), [***].

Each Party will have the right to use and reference such Data provided by the other Party for the purpose of filing for, obtaining and maintaining Regulatory Approval for and Commercializing Licensed Molecules and Licensed Products in such Party's territory in any Indication, including granting such rights to its Affiliates and (sub)licensees with respect to the applicable Licensed Molecules and Licensed Products. For clarity, any such Data will be owned in accordance with Section 14.1 and shall be subject to the licenses, rights and obligations set forth herein.

ARTICLE 7 REGULATORY

7.1 Avenzo Territory.

(a) **Generally.** Subject to DualityBio's obligations to conduct the Research Activities, Avenzo shall (itself or through its Affiliates or Sublicensees) have the sole right and responsibility, at its sole cost and expense, to (i) conduct all regulatory activities leading up to and including the obtaining of all Regulatory Approvals for Licensed Products from the applicable Regulatory Authority on a country-by-country basis in the Avenzo Territory; and (ii) prepare, file for, obtain, hold, and maintain all INDs and Regulatory Approvals and, as applicable, associated pricing and reimbursement approvals for Licensed Products on a country-by-country basis in the Avenzo Territory. Avenzo will keep DualityBio reasonably informed of material regulatory developments related to any Licensed Product in the Avenzo Territory, including with respect to material decisions of any Regulatory Authority in the Avenzo Territory regarding any Licensed Product.

(b) **Regulatory Diligence.** Avenzo will (itself or through its Affiliates or Sublicensees) use Commercially Reasonable Efforts to file for and obtain Regulatory Approval for one Licensed Product in each of (i) [***] and (ii) [***].

7.2 DualityBio Territory. Subject to Avenzo's rights under Section 3.1(b), DualityBio shall (itself or through its Affiliates or Sublicensees) have the sole right, at its sole cost and expense, to (a) conduct all regulatory activities leading up to and including the obtaining of all Regulatory Approvals for Licensed Products from the applicable Regulatory Authority on a region-by-region basis in the DualityBio Territory, and (b) prepare, file for, obtain, hold and maintain all INDs and Regulatory Approvals and, as applicable, all associated pricing and reimbursement approvals for Licensed Products on a region-by-region basis in the DualityBio Territory. DualityBio will keep Avenzo reasonably informed of material regulatory developments related to any Licensed Product in the DualityBio Territory, including with respect to material decisions of any Regulatory Authority in the DualityBio Territory regarding any Licensed Product.

7.3 Provision of Regulatory Submissions. Each Party will notify the other Party of any material Regulatory Submissions for any Licensed Product submitted to or received from any Regulatory Authority in its respective territory and will provide the other Party with copies thereof as soon as reasonably practicable. If any such Regulatory Submission, comment, or correspondence is not in English, then, in addition to a copy thereof in its original language, (a) each Party will also provide the other Party with an English-language summary thereof within

the corresponding timelines as set forth in this Article 7 at its cost; and (b) upon the other Party's reasonable request, provide such other Party with a full English translation thereof. The costs of translating any material Regulatory Submission (including any IND filing or MAA submission) submitted by DualityBio into English pursuant to this Section 7.3 shall be borne by DualityBio, and all other translation costs shall be borne by the requesting Party.

7.4 Notice of Meetings and Regulatory Actions. Each Party will provide the other Party with notice of any material meeting or discussion with any Regulatory Authority in such Party's respective territory related to any Licensed Product, when possible, no later than [***] Business Days after receiving notice thereof. At the notifying Party's request, the other Party will reasonably cooperate with the notifying Party in preparing for any such meeting or discussion. The notifying Party will provide to the other Party a written summary of such meeting or discussion in English promptly following the issuance or approval of the corresponding official minutes by the applicable Regulatory Authority. If any Regulatory Authority takes, or gives notice of its intent to take, any regulatory action with respect to any Licensed Product, then such Party will notify the other Party of such action within [***] Business Days after receipt of such notice (or, if action is taken without notice, within [***] Business Days of such Party becoming aware of such action).

7.5 Cooperation. Each Party will reasonably cooperate with the other Party in obtaining any Regulatory Approvals for the Licensed Products in the other Party's respective territory by providing, to the extent reasonably requested by the other Party, access to Regulatory Approvals, Regulatory Submissions, Data, and other information and documentation relating to the Licensed Products.

7.6 No Harmful Actions. If either Party believes that the other Party is taking or intends to take any action with respect to a Licensed Product that is reasonably likely to have a material adverse impact upon the regulatory status of such Licensed Product within such Party's territory, then such Party will have the right to bring the matter to the attention of the JSC and the Parties will discuss in good faith to resolve such concern.

7.7 Notification of Threatened Action. Each Party will, within [***] Business Days, notify the other Party of any information it receives regarding any threatened or pending action, inspection or communication by any Third Party, which would reasonably be expected to adversely affect the safety or efficacy claims of any Licensed Products or the continued marketing of any Licensed Products. Upon receipt of such information, the Parties will consult with each other in an effort to arrive at a mutually acceptable procedure for taking appropriate action with respect to such Licensed Product.

7.8 Right of Reference.

(a) Avenzo (on behalf of itself and its Affiliates) hereby grants to DualityBio the right of reference to all Regulatory Submissions pertaining to the Licensed Products submitted to any Regulatory Authority by or on behalf of Avenzo or its Affiliates (and the right to access and use the Data contained or referenced therein that are licensed to DualityBio pursuant to Section 3.2 solely within the scope of such licenses), subject to Section 3.3(c)(ii), with the right to grant further rights of reference to DualityBio's (sub)licensees with respect to such Licensed Products. DualityBio and its Affiliates (and any (sub)licensee to whom it may grant a further right of

reference) may use the right of reference to Avenzo's Regulatory Submissions solely for the purpose of seeking, obtaining and maintaining the Regulatory Approval of such Licensed Products in the DualityBio Territory. At DualityBio's request, Avenzo shall (and shall cause its Affiliates to) promptly provide DualityBio with copies of such Regulatory Submissions (including Data contained or referenced therein that are licensed to DualityBio pursuant to Section 3.2) subject to this right of reference.

(b) DualityBio (on behalf of itself and its Affiliates) hereby grants to Avenzo the right of reference to all Regulatory Submissions pertaining to the Licensed Products submitted to any Regulatory Authority by or on behalf of DualityBio or its Affiliates (and the right to access and use the Data contained or referenced therein that are licensed to Avenzo pursuant to Section 3.1 solely within the scope of such licenses), subject to Section 3.3(c)(ii), with the right to grant further rights of reference to Sublicensees. Avenzo and its Affiliates (and any Sublicensee to whom it may grant a further right of reference) may use such right of reference to DualityBio's Regulatory Submissions in the Field solely for the purpose of seeking, obtaining and maintaining the Regulatory Approval of the Licensed Products in Field in the Avenzo Territory. At Avenzo's request, DualityBio shall promptly provide Avenzo with copies of such Regulatory Submissions (including Data contained or referenced therein that are licensed to Avenzo pursuant to Section 3.1) subject to this right of reference.

7.9 Adverse Events Reporting.

(a) No later than the first IND submission for the first Licensed Product, Avenzo and DualityBio will generate and agree to the worldwide safety and pharmacovigilance procedures for the Parties with respect to the Licensed Products, such as safety data sharing and exchange, Adverse Events reporting and prescription events monitoring in a written agreement (as may be amended, the "**Pharmacovigilance Agreement**"). Such agreement will describe the coordination of collection, investigation, reporting, and exchange of information concerning Adverse Events or any other safety problem of any significance, and product quality and product complaints involving Adverse Events, sufficient to permit each Party, its Affiliates, and its Sublicensees (or, with respect to DualityBio, (sub)licensees) to comply with its legal obligations. The Pharmacovigilance Agreement will be promptly updated if required by changes in legal requirements. Each Party hereby agrees to comply with its respective obligations under the Pharmacovigilance Agreement and to cause its Affiliates, Sublicensees (or, with respect to DualityBio, (sub)licensees) to comply with such obligations.

(b) Each Party will be responsible for complying with all Applicable Laws governing Adverse Events for all Clinical Trials of any Licensed Product performed by or on behalf of such Party.

(c) Avenzo will hold and control the global safety database for each Licensed Product and for the exchange by the Parties, in English, of any information of which a Party becomes aware concerning any Adverse Event experienced by a subject or patient being administered the applicable Licensed Product, including any such information received by either Party from any Third Party (subject to receipt of any required consents from such Third Party). It is understood that each Party and its Affiliates, Sublicensees (or, with respect to DualityBio, (sub)licensees) has the right to access the global safety database and disclose any information

therein if disclosure is reasonably necessary to comply with Applicable Laws or requirements of any applicable Regulatory Authority. Notwithstanding the foregoing, DualityBio may hold and control a safety database for each Licensed Product in the DualityBio Territory. DualityBio will be responsible for providing information for the DualityBio Territory for inclusion in the global safety database, and Avenzo will be responsible for providing information for the Avenzo Territory for inclusion in the global safety database.

7.10 Remedial Actions. Each Party and its Affiliates will (and will use reasonable efforts to cause its Sublicensees to) notify the other Party immediately, and promptly confirm such notice in writing, if it obtains information indicating that any Licensed Product may be subject to any recall, recovery, corrective action or other regulatory action by any Governmental Authority or Regulatory Authority (a “**Remedial Action**”). The Parties will assist each other in gathering and evaluating such information as is necessary to determine the necessity of conducting a Remedial Action with respect to the Avenzo Territory or DualityBio Territory, as applicable. Avenzo has sole discretion with respect to any matters relating to any Remedial Action in the Avenzo Territory, including the decision to commence such Remedial Action and the control over such Remedial Action and DualityBio has sole discretion with respect to any matter relating to any Remedial Action in the DualityBio Territory, including the decision to commence such Remedial Action and the control over such Remedial Action. The cost and expenses of any Remedial Action in the Avenzo Territory or the DualityBio Territory will be borne solely by the Party with sole discretion; *provided* that, if the need for a Remedial Action arises as a result of any gross negligence of a Party, or with respect to Licensed Products supplied by DualityBio under Section 8.2 or the Supply Agreement, any breach of its obligations thereunder, then all costs and expenses incurred in connection with such Remedial Action will be the sole responsibility of such Party.

7.11 Safety and Regulatory Audits. With respect to any inspection of a Party or its Affiliates, or Sublicensees (or, with respect to DualityBio, (sub)licensees) (including Clinical Trial sites) by any Governmental Authority directed to any Licensed Product that is reasonably expected to have a material impact on the Development or Commercialization of such Licensed Product in the other Party’s territory, such Party will notify the other Party of such inspection (a) no later than [***] Business Days after such Party receives notice of such inspection or (b) within [***] Business Days after the completion of any such inspection of which such Party did not receive prior notice. To the extent required by Applicable Law, each Party will permit Governmental Authorities outside of its territory to conduct inspections of such Party or its Affiliates or Sublicensees (including Clinical Trial sites) relating to any Licensed Product, and will ensure that all such Affiliates, or Sublicensees (or, with respect to DualityBio, (sub)licensees) permit such inspections. Following any such regulatory inspection related to any Licensed Product that is reasonably expected to have a material impact on the Development or Commercialization of such Licensed Product in the other Party’s territory, such Party will provide the other Party with (i) an unredacted copy of any finding, notice, or report provided by any Governmental Authority related to such inspection (to the extent related to such Licensed Product) within [***] Business Days of such Party receiving the same, and (ii) in the event that such findings, notice, or report is in a language other than English, a written English summary of any material finding, notice, or report of a Governmental Authority related to such inspection (to the extent related to such Licensed Product) within [***] Business Days after receiving the same.

ARTICLE 8
MANUFACTURING AND SUPPLY

8.1 Transfer of Drug Material. Promptly following the IND Clearance for a Licensed Product (or such other time as mutually agreed by the Parties), DualityBio will deliver to Avenzo [***] the site designated by Avenzo the drug materials of the Licensed Molecules and Licensed Products in DualityBio's or its Affiliates' possession as of the Effective Date, the description and quantities of which are set forth on Exhibit 8.1, at no cost to Avenzo. At Avenzo's reasonable request and [***], DualityBio will retest any such materials and certify that such materials meet the applicable specifications at the time of such retesting.

8.2 Clinical and Commercial Supply.

(a) **Responsibility.** Prior to the completion of the Manufacturing Technology Transfer, DualityBio will be responsible (itself or through its Affiliate or CMO) for the Manufacture and supply of Licensed Products for Development (including use in Clinical Trials) and Commercialization by Avenzo and its Affiliates and Sublicensees in the Avenzo Territory (subject to Section 8.2(c)), and for Development (including use in Clinical Trials) and Commercialization by DualityBio and its Affiliates and (sub)licensees in the DualityBio Territory.

(b) **Supply Agreement.** Within [***] days following the Effective Date (or such longer period as mutually agreed by the Parties), the Parties shall negotiate in good faith and enter into a supply agreement governing such Manufacture and supply of Licensed Products by DualityBio for Avenzo in the Avenzo Territory on commercially reasonable terms prior to the completion of the Manufacturing Technology Transfer (as may be amended in accordance with its terms, the "**Supply Agreement**"). The Supply Agreement will include terms consistent with the principles set forth on Exhibit 8.2(b) and other customary terms for the supply of pharmaceutical products for clinical and Commercial use. In connection with the Supply Agreement, the Parties shall enter into a quality agreement (the "**Quality Agreement**") governing the quality aspects of the supply of Licensed Products.

(c) **Manufacturing Technology Transfer to Avenzo.** Upon Avenzo's request following the Effective Date, the Parties (through the JMSC) will establish and mutually agree on a plan pursuant to which DualityBio will perform a technology transfer with respect to the DualityBio Manufacturing Technology (subject to dispute resolution in accordance with Section 2.2(g), as applicable) (as may be amended, the "**Manufacturing Technology Transfer Plan**") to enable Avenzo or its Affiliate(s) to Manufacture the Licensed Products for Development and Commercial purposes itself or have the Licensed Products Manufactured by a CMO designated by Avenzo or its Affiliate. The Manufacturing Technology Transfer Plan will describe the DualityBio Manufacturing Technology and any and all other subject matter to be transferred pursuant to such plan, including the anticipated timelines for completing such transfers. Subject to the terms of the Manufacturing Technology Transfer Plan, DualityBio will (i) transfer all DualityBio Manufacturing Technology to Avenzo or its Affiliate(s) or CMO(s), and (ii) provide reasonable technical support and assistance to Avenzo or such Affiliate(s) or CMO(s) with respect to the use and practice of the DualityBio Manufacturing Technology for up to [***] days following completion of such transfer ("**Manufacturing Support**") (clause (i) and (ii), the "**Manufacturing Technology Transfer**"). DualityBio shall provide Avenzo with up to [***] FTE hours of

Manufacturing Support at no additional cost to Avenzo. Any additional Manufacturing Support in excess of [***] FTE hours reasonably requested by Avenzo and agreed by DualityBio will be provided by DualityBio at the FTE Rate and Avenzo shall reimburse DualityBio for all Out-of-Pocket Costs reasonably incurred by DualityBio in connection with the provision of such Manufacturing Support. If applicable, DualityBio will invoice Avenzo for any Manufacturing Support provided at the FTE Rate and such Out-of-Pocket Costs, and Avenzo will pay all such undisputed amounts within [***] days after receipt of an applicable invoice from DualityBio. After the initial Manufacturing Technology Transfer and for the duration of the Term, DualityBio shall provide or make available to Avenzo (or its Affiliate or designated CMO(s)) as promptly as practicable any additional DualityBio Manufacturing Technology, to the extent that such DualityBio Manufacturing Technology comes to DualityBio's attention (or is reasonably requested by Avenzo) and has not previously been provided or made available to Avenzo.

ARTICLE 9 COMMERCIALIZATION; MEDICAL AFFAIRS

9.1 Responsibilities. Avenzo (itself or through its Affiliates or Sublicensees) will have the sole right and responsibility for the Commercialization of Licensed Products in the Field in the Avenzo Territory, at its sole cost and expense. DualityBio (itself or through its Affiliates or (sub)licensees) will have the sole right and responsibility for the Commercialization of Licensed Products in the Field in the DualityBio Territory, at its sole cost and expense.

9.2 Commercialization Diligence. After Avenzo (itself or through its Affiliates or Sublicensees) has obtained Regulatory Approval for one Licensed Product and, to the extent reasonably necessary to Commercialize such Licensed Product, pricing approvals and reimbursement approvals of such Licensed Product, in [***] pursuant to Section 7.1(b), Avenzo (itself or through its Affiliates or Sublicensees) will use Commercially Reasonable Efforts to Commercialize such Licensed Product in each such Key Market.

9.3 Product Trademarks. Each Party will have the right to brand the Licensed Products in its territory using trademarks, logos and trade names that it determines appropriate for the Licensed Products (such trademarks, logos, and trade names, the "**Product Marks**"). Neither Party may use any trademark Controlled by the other Party or its Affiliates (including their corporate names) to brand the Licensed Products without the other Party's prior written consent. Each Party will own all rights in the Product Marks in its territory and will register and maintain the Product Marks in its territory that it determines to be reasonably necessary. DualityBio will not use any trademark, logo or trade name in the DualityBio Territory or Avenzo Territory that is confusingly similar to Avenzo's Product Marks. To the extent requested by a Party and commercially practicable, the Parties will cooperate with respect to developing and implementing a global branding strategy, subject to separate discussion and agreement. If the Parties do not agree upon a global branding strategy, then each Party will have the right to brand the Licensed Products in its territory in a manner that it determines appropriate in its sole discretion.

9.4 No Diversion. Each of DualityBio and Avenzo hereby covenants and agrees that (a) it will not, and will ensure that its Affiliates and Sublicensees (or, with respect to DualityBio, (sub)licensees) will not, directly or indirectly, promote, market, distribute, import, sell or have sold any Licensed Product, including via internet or mail order, outside its respective territory; (b) with respect to any country or region outside its territory, it will not, and will ensure that its Affiliates and Sublicensees (or, with respect to DualityBio, (sub)licensees) will not: (i) unless otherwise agreed by the Parties in writing, establish or maintain any branch, warehouse or distribution facility for any Licensed Products in such countries, (ii) engage in any advertising or promotional activities relating to any Licensed Products that are directed primarily to customers or other purchaser or users of any Licensed Products located in such countries, (iii) solicit orders for any Licensed Products from any prospective purchaser located in such countries, or (iv) sell or distribute any Licensed Products to any Person in such Party's territory who, to such Party's knowledge, intends to sell or has in the past sold any Licensed Products in such countries; (c) if a Party receives any order for any Licensed Products from a prospective purchaser reasonably believed to be located in a region or country outside its territory, then such Party will promptly refer that order to the other Party, and such Party will not accept any such orders; (d) it will not deliver or tender (or cause to be delivered or tendered) any Licensed Products into a country or region outside its territory; and (e) it will not, and will ensure that its Affiliates and Sublicensees (or, with respect to DualityBio, (sub)licensees) will not, knowingly restrict or impede in any manner the other Party's exercise of its exclusive rights to Commercialize any Licensed Products in the other Party's territory; *provided* that the foregoing shall not restrict either Party's Development or Manufacturing (including packaging and labeling) rights with respect to Licensed Products under this Agreement.

9.5 Medical Affairs. Each Party will be solely responsible, at its sole cost and expense, for conducting medical affairs activities with respect to Licensed Products in its respective territory, including communications with key opinion leaders, medical education, symposia, advisory boards (to the extent related to medical affairs or clinical guidance), publications, congress presentations and posters, published manuscripts, activities performed in connection with patient registries and post-approval trials, and other medical programs and communications, including educational grants, research grants (including conducting investigator-initiated studies), and charitable donations to the extent related to medical affairs and not to other activities that do not involve the promotion, marketing, sale or other Commercialization of Licensed Products, all of which will be conducted in accordance with Applicable Law.

ARTICLE 10 PAYMENTS

10.1 Upfront Payment. In partial consideration of the licenses and rights granted by DualityBio to Avenzo hereunder, Avenzo will pay to DualityBio a one-time, non-refundable and non-creditable payment of \$50,000,000 within [***] days after the Effective Date.

10.2 Development and Regulatory Milestones.

(a) **Development and Regulatory Milestone Payments.** In partial consideration of the licenses and rights granted by DualityBio to Avenzo hereunder, when a Licensed Product first achieves the events set forth below (each such event, a "**Development and Regulatory Milestone Event**"), Avenzo will pay to DualityBio the corresponding one-time, non-refundable, and non-creditable milestone payments (each such payment, a "**Development and Regulatory Milestone Payment**") within [***] days after Avenzo's receipt of an invoice for such Development and Regulatory Milestone Payment from DualityBio. Avenzo will promptly (but in

any event within [***] Business Days) notify DualityBio in writing upon the first achievement of each Development and Regulatory Milestone Event with respect to a Licensed Product in the Avenzo Territory:

Total Development and Regulatory Milestone Payments		\$[***]

(b) **Achievement of Development and Regulatory Milestones.** Each Development and Regulatory Milestone Payment will be payable only once on the first occurrence of the corresponding Development and Regulatory Milestone Event in the Avenzo Territory for the first achievement by a Licensed Product, regardless of the number of times the Development and Regulatory Milestone Event is achieved or the number of Licensed Products that achieve the applicable Development and Regulatory Milestone Event. In no event will the aggregate Development and Regulatory Milestone Payments payable under Section 10.2(a) exceed \$[***].

(c) **Skipped Development and Regulatory Milestones.** If, at any time, the achievement of a later Development and Regulatory Milestone Event has occurred with respect to the first Licensed Product in a specific country for a specific Indication, and any preceding Development and Regulatory Milestone Event for such first Licensed Product in such country for such Indication have not yet been achieved, become due, or been paid, then each such skipped Development and Regulatory Milestone Event will become due and payable concurrently with such subsequent Development and Regulatory Milestone Event that has been achieved for such first Licensed Product in such country for such Indication. Without limiting the foregoing, for Development and Regulatory Milestone Events #1 through #3, any skipped Development and Regulatory Milestone Event for a Licensed Product shall be deemed to have been achieved upon the achievement (or deemed achievement) of the subsequent Development and Regulatory Milestone Event. [***].

10.3 Sales Milestones.

(a) **Sales Milestone Payments.** In partial consideration of the rights granted herein, Avenzo will pay to DualityBio the following one-time, non-refundable and non-creditable milestone payments (each such payment, an “**Sales Milestone Payment**”) for the first achievement of the corresponding Annual Net Sales events in the Avenzo Territory set forth below (each such event, an “**Sales Milestone Event**”) within [***] days after Avenzo’s receipt of invoice from DualityBio. Avenzo will notify DualityBio in writing of the first achievement of each Sales Milestone Event with respect to a Licensed Product in the royalty report provided by Avenzo under Section 10.4(d) with respect to the Calendar Quarter in which such Sales Milestone Event is achieved.

Sales Milestone Events based upon Annual Net Sales of all Licensed Products in the Avenzo Territory	Sales Milestone Payments
1. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
2. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
3. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
4. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
5. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
6. Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year are greater than \$[***]	\$[***]
Total Sales Milestone Payments	\$[***]

(b) **Achievement of Sales Milestones.** Each Sales Milestone Payment will be payable only once on the first occurrence of the corresponding Sales Milestone Event for the Annual Net Sales of all Licensed Products in the Avenzo Territory, and no amounts would be due for subsequent or repeated achievements of any Sales Milestone Event, regardless of whether a Licensed Product is approved for use in different presentations, formulations, dosages, route of administration or as a combination product. In no event will the aggregate Sales Milestone Payments payable under Section 10.3(a) exceed \$[***]. The Sales Milestone Payments are cumulative, such that if the Annual Net Sales for Licensed Products in a given Calendar Year exceed more than one applicable threshold, then all corresponding Sales Milestone Payments for each achieved Sales Milestone Event that has not been previously achieved will be payable.

10.4 Royalties.

(a) **Royalty Payment.** Subject to adjustments under Section 10.4(c), on a country-by-country and Licensed Product-by-Licensed Product basis, Avenzo will pay to DualityBio tiered royalties calculated by multiplying the applicable royalty rate set forth in the table below by the corresponding amount of incremental, aggregated Annual Net Sales of all Licensed Products in the Avenzo Territory in a Calendar Year (a “**Royalty Payment**”) during the Royalty Term. The tiered royalty rates on Annual Net Sales will be as set forth below:

<u>Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year</u>	<u>Royalty Rate</u>
1. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year less than or equal to \$[***]	[***]%
2. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
3. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
4. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
5. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year greater than \$[***] and up to and including \$[***]	[***]%
6. Portion of Annual Net Sales of all Licensed Products in the Avenzo Territory in a given Calendar Year greater than \$[***]	[***]%

(b) **Royalty Term.** The Royalty Payments will be payable on a Licensed Product-by-Licensed Product basis and country-by-country basis in the Avenzo Territory from the First Commercial Sale of such Licensed Product in such country until the latest to occur of: (i) the expiration of the last-to-expire Valid Claim in such country Covering the composition of matter of such Licensed Product or method of use of such Licensed Product for the Indication for which Regulatory Approval has been granted in such country; (ii) the expiration of all Regulatory Exclusivity for such Licensed Product in such country; or (iii) 10 years after the date of the First Commercial Sale of such Licensed Product in such country (the “**Royalty Term**”), *provided that* [***]. After the end of the Royalty Term for any Licensed Product in a given country in the Avenzo Territory, Net Sales of such Licensed Product in such country shall be excluded from the calculation of Annual Net Sales.

(c) **Royalty Reductions.**

(i) *Absence of Valid Claims.* On a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, for any Calendar Quarter during the Royalty Term for the applicable Licensed Product in a country in the Avenzo Territory, upon the expiration of the last-to-expire Valid Claim in such country Covering the composition of matter of such Licensed Product or method of use of such Licensed Product for the Indication(s) for which Regulatory Approval has been granted in such country, the royalty rate of such Licensed Product used to calculate the Royalty Payments in such country for such Calendar Quarter will be reduced by [***]%.

(ii) *Biosimilar Entry.* If, on a Licensed Product-by-Licensed Product, country-by-country, one or more Biosimilar Product(s) with respect to such Licensed Product is marketed or sold in such country in the Avenzo Territory in any Calendar Quarter, then the royalty rate of such Licensed Product used to calculate the Royalty Payments due in such country will be reduced by [***]% for such Calendar Quarter and each subsequent Calendar Quarter during the applicable Royalty Term for such Licensed Product.

(iii) *Third Party Payments.* Without limiting Avenzo's rights under each of Section 13.2 and Section 13.4, if, on a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, Avenzo or its Affiliate or Sublicensee obtains one or more licenses under Third Party Patents or Know-How that are necessary or reasonably useful for the Exploitation of [***] in such country in the Avenzo Territory or acquires such Third Party Patents or Know-How in lieu of a license (each such agreement, a "**Third Party License**"), then [***]% of any [***] actually paid by Avenzo (or its Affiliate or Sublicensee) under such Third Party License during such Calendar Quarter in such country to the extent [***] will be creditable against the [***] payable to DualityBio with respect to such Licensed Product in such country during such Calendar Quarter during the Royalty Term for such Licensed Product, provided that [***].

(iv) *Third Party Infringement Claims.* If, on a Licensed Product-by-Licensed Product, country-by-country, and Calendar Quarter-by-Calendar Quarter basis, Avenzo or any of its Affiliates or Sublicensees incurs any Out-of-Pocket Costs in defending or settling any Third Party Infringement Claim (including pursuant to any settlement thereof or any adverse

judgment in connection therewith) in accordance with Section 14.4 with respect to [***], then [***]% of the Out-of-Pocket Costs actually paid by Avenzo or its Affiliates or Sublicensees in defending or settling any such Third Party Infringement Claim during such Calendar Quarter in such country will be creditable against [***] payable to DualityBio with respect to such Licensed Product in such country during such Calendar Quarter during the Royalty Term for such Licensed Product.

(v) *Inflation Reduction Act*. If, during the Royalty Term for a Licensed Product in the United States, such Licensed Product is designated as a “**Selected Drug**” under the Drug Price Negotiation Program (as described in Section 1192 of the Social Security Act) by the Secretary of the U.S. Department of Health and Human Services, and Avenzo or its Affiliate or Sublicensee is required to negotiate a maximum fair price that will apply to sales of such Licensed Product during the relevant price applicability period, then the royalty rate of such Licensed Product used to calculate the Royalty Payments in the United States will be reduced by [***]% during such price applicability period.

(vi) *Compulsory Licenses*. If a court or a governmental agency of competent jurisdiction requires Avenzo or its Affiliate or Sublicensee to grant to a Third Party a compulsory license under any Licensed Technology with respect to any Licensed Product and if as a result of such compulsory license the Net Sales of such Licensed Product in any rolling four Calendar Quarter period following the first grant of such compulsory license in the applicable country is less than [***]% of the Net Sales for such Licensed Product in such country in the immediately preceding four Calendar Quarter period, then the Net Sales of such Licensed Product used to calculate the Royalty Payments in such country for such Calendar Quarter will be reduced by [***]%.

(vii) *Royalty Floor*. Notwithstanding any provision to the contrary set forth in the foregoing Sections 10.4(c)(i) - 10.4(c)(vi), with respect to any Licensed Product, country, and Calendar Quarter, the operation of Sections 10.4(c)(i) - 10.4(c)(vi), individually or in combination, will not reduce the Royalty Payments owed by more than [***]% of the Royalty Payments otherwise payable to DualityBio with respect to such Licensed Product in such country during such Calendar Quarter under Section 10.4(a). Avenzo may carry forward to subsequent Calendar Quarters any amounts it could not deduct as a result of the limitation above.

(d) **Royalty Reports**. Following the First Commercial Sale of a Licensed Product for which Royalty Payments are due pursuant to this Section 10.4, and continuing for so long as Royalty Payments are due hereunder, Avenzo will, within [***] days after the end of each Calendar Quarter, provide DualityBio with a royalty report (in a template agreed to by the Parties) showing, on a Licensed Product-by-Licensed Product and country-by-country basis:

(i) the gross sales and Net Sales of Licensed Products sold by Avenzo and its Affiliates and Sublicensees during such Calendar Quarter reporting period and supporting gross-to-net calculations;

(ii) the Royalty Payments in United States Dollars payable hereunder with respect to such Net Sales, with supporting calculations showing the applicable royalty rate applied and any royalty reductions taken pursuant to Section 10.4(c);

(iii) the rate of exchange with supporting calculations, determined in accordance with Section 10.4, used by Avenzo in determining the amount of United States Dollars payable hereunder; and

(iv) if applicable, that a Sales Milestone Event has been achieved in such Calendar Quarter.

(e) **Royalty Payment.** After the receipt of each royalty report provided by Avenzo under Section 10.4(d) above, DualityBio will issue to Avenzo an invoice for the undisputed amount of Royalty Payments set forth therein. Avenzo will pay to DualityBio the Royalty Payments for each Calendar Quarter within [***] days after the receipt of the invoice from DualityBio. If no Royalty Payments are due for any Calendar Quarter following commencement of the reporting obligation, then Avenzo will so report.

10.5 Transaction Payment Sharing. If Avenzo grants a sublicense, sells or otherwise divests any right to Develop and/or Commercialize the Licensed Product to any Third Party other than (a) sublicenses granted to (i) Affiliates or (ii) subcontractors performing Development or Commercialization activities for the benefit of Avenzo or any of its Affiliates or (b) in connection with a Change of Control of Avenzo or the sale of all or substantially all of Avenzo's oncology business (each, a "**Triggering Transaction**"), Avenzo shall pay DualityBio the applicable percentage (set forth below) of the Transaction Payment received in connection with the Triggering Transaction within [***] days after Avenzo's receipt of an invoice for such share of such Transaction Payment from DualityBio. Avenzo will notify DualityBio in writing within [***] days after such Transaction Payment is received.

(a) [***] if the Triggering Transaction is consummated prior to the first patient first visit in the first Phase 1 Clinical Trial of a Licensed Product; and

(b) [***] if the Triggering Transaction is consummated after the first patient first visit in the first Phase 1 Clinical Trial of a Licensed Product.

10.6 Payment.

(a) **Mode of Payment.** All payments to be made under this Agreement will be made in U.S. Dollars and will be paid by electronic transfer in immediately available funds to such bank account as designated in writing by DualityBio. All payments will be free and clear of any transfer fees or charges.

(b) **Currency Exchange Rate.** The rate of exchange to be used in computing the amount of currency equivalent in U.S. Dollars for calculating Net Sales in a Calendar Quarter (for purposes of both the Royalty Payment calculation and whether an Sales Milestone Event has been achieved) will be made at the average actual foreign currency exchange rate for the month in which the expense is incurred or sale is made accordance to the exchange rates as published by *The Wall Street Journal* for such period, or such other source as the Parties may agree in writing.

(c) **Payment Timeline.** Except as otherwise provided in this Agreement, all payments to be made by one Party to the other Party under this Agreement will be due within [***] days following such Party's receipt of an invoice from the other Party.

(d) **Blocked Currency.** If by Applicable Laws in a country in the Avenzo Territory or DualityBio Territory, as applicable, conversion into U.S. Dollars or transfer of funds of a convertible currency to the United States becomes materially restricted, forbidden or substantially delayed, then the Party obligated to make a payment under this Agreement shall promptly notify the Party entitled to receive such payment and, thereafter, amounts accrued in such country or region under this Article 10 shall be paid to such receiving Party (or its designee) in such country or region in local currency by deposit to an escrow account in a local bank designated by such receiving Party and to the credit of such receiving Party, unless the Parties otherwise agree.

10.7 Audits.

(a) Avenzo will keep, and will require its Affiliates and Sublicensees to keep (all in accordance with the GAAP), for a period not less than [***] years from the end of the Calendar Year to which they pertain, complete and accurate records in sufficient detail to properly reflect Net Sales and to enable any Milestone Payment or share of Transaction Payment that is payable hereunder to be determined.

(b) Upon DualityBio's written request, (i) Avenzo will permit, and will cause its Affiliates to permit, an independent certified public accounting firm of internationally recognized standing selected by DualityBio, at DualityBio's expense, to have access during normal business hours upon reasonable prior written notice to Avenzo to such records of Avenzo or its Affiliates as may be reasonably necessary to inspect and verify the accuracy of the payments hereunder, including the basis of the calculations thereof (in the case of Avenzo) for any Calendar Year ending not more than the preceding [***] years; or (ii) Avenzo will perform, or have performed by an independent certified public accounting firm of internationally recognized standing selected by Avenzo, an audit of any Avenzo's Sublicensees (to the extent permitted under the applicable agreement with such Sublicensee) as may be reasonably necessary to inspect and verify the accuracy of the payments hereunder, including the basis of the calculations thereof for any Calendar Year ending not more than the preceding [***] years. Such inspections in the foregoing sentence may not be conducted more frequently than once per year except for cause. No accounting period of Avenzo or its Affiliates may be subject to inspection more than one time by DualityBio. If such accounting firm concludes that an underpayment of payments due by Avenzo to DualityBio occurred, then Avenzo will pay the amount of such underpayment due to DualityBio, in either case within [***] days following the date such accounting firm's written report is delivered to the Parties showing such underpayment. If such accounting firm concludes that an overpayment of amounts due by Avenzo to DualityBio was made, then such overpayment will be credited against any future payment due to DualityBio hereunder (if there is no future payment due, then DualityBio will promptly refund such overpayment to Avenzo). The accounting firm will provide to each Party a copy of the report at the same time, which report will include the methodology and calculations used to determine the findings. DualityBio will bear the full cost of such audit unless such inspection concludes an underpayment by Avenzo of payments due by Avenzo to DualityBio of more than [***]% of the amount otherwise payable for that inspected period, in which case Avenzo will pay the actual fees and expenses charged by the accounting firm for such inspection.

(c) DualityBio will treat all financial information subject to review under this Section 10.7(d) in accordance with the confidentiality provisions of Article 11, and, prior to commencing such audit, will cause its accounting firm to enter into a confidentiality agreement with Avenzo obligating such accounting firm to treat all such financial information in confidence pursuant to such confidentiality provisions. Such accounting firm will not disclose Confidential Information of Avenzo to DualityBio, except to the extent such disclosure is necessary to verify the accuracy of the financial reports furnished by Avenzo or the amount of payments to or by Avenzo under this Agreement.

10.8 Interest. Each Party will pay interest on any amounts payable by such Party that are overdue under this Agreement from the day payment was initially due at [***]; *provided, however*, that in no case will such interest rate exceed the highest rate permitted by Applicable Laws. The payment of such interest will not foreclose a Party from exercising any other rights it may have because any payment is overdue.

10.9 Taxes.

(a) **Taxes on Income.** Except as otherwise set forth in this Agreement, each Party shall be solely responsible for the payment of all taxes imposed on such Party's income arising directly or indirectly from the activities of the Parties under this Agreement.

(b) **Withholding Tax.** If Avenzo is required to withhold any Taxes under Applicable Law, then Avenzo will (i) make such deduction and withholding; (ii) pay to the relevant Governmental Authority the amount withheld; and (iii) promptly forward to DualityBio an official receipt (or certified copy) or other similar documentation to evidence such payment to such authorities. For clarity, Avenzo's remittance of such withheld Taxes to the appropriate Governmental Authority, together with payment to DualityBio of the remaining amount owed under this Agreement, shall constitute full satisfaction of the applicable payment due to DualityBio. In the event a Governmental Authority asserts that additional Taxes should have been withheld from a payment to DualityBio, DualityBio agrees to indemnify Avenzo for any withholding Taxes imposed on Avenzo with respect to such payments, together with any penalties and interest imposed in connection therewith and, at Avenzo's election, (1) Avenzo may offset the amount of such amounts from future payments due to DualityBio under this Agreement, or (2) DualityBio shall pay such amount to Avenzo promptly upon request. Notwithstanding anything in this Agreement to the contrary, if any assignment, or sublicense or a similar transfer of rights or obligations under this Agreement (including through merger or acquisition) by Avenzo (each, an "**Avenzo Tax Action**") leads to the imposition of withholding Taxes on any amounts payable under this Agreement that would not have been imposed in the absence of such Avenzo Tax Action or in an increase in such liability above the liability that would have been imposed in the absence of such Avenzo Tax Action, then the sum payable by Avenzo (in respect of which such withholding Taxes are required to be made) will be increased to the extent necessary to ensure that DualityBio receives a sum equal to the sum which it would have received had Avenzo not taken such Avenzo Tax Action.

(c) **Indirect Taxes.** Notwithstanding any provision to the contrary set forth in this Agreement, all amounts stated herein are inclusive of any transfer, documentary, sales use, stamp, registration, consumption, goods and services, VAT, or other similar Taxes (each an “**Indirect Tax**”). In the event that any Indirect Tax is imposed under Applicable Law with respect to the transactions, payments or the related transfer of rights or other property pursuant to the terms of this Agreement, DualityBio shall pay such Indirect Taxes. If Avenzo bears any Indirect Tax directly DualityBio shall promptly reimburse Avenzo for such Tax.

(d) **Cooperation.** The Parties will reasonably cooperate with each other in good faith in accordance with Applicable Laws to minimize any Taxes in connection with this Agreement, including by claiming any exemption from any required Taxes or withholdings (or additional Taxes or double taxation) and seeking any refund of Taxes paid or withheld, under any Applicable Law or regulation or treaty from time to time in force. DualityBio will provide Avenzo with any Tax forms or other documentation that may be reasonably necessary in order for Avenzo not to withhold Tax or to withhold Tax at a reduced rate under an applicable bilateral income Tax treaty. DualityBio shall provide to Avenzo at least [***] Business Days prior to the due date of the first payment under this Agreement an appropriate and properly completed Internal Revenue Service Form W-8BEN-E.

ARTICLE 11 CONFIDENTIALITY; PUBLICATION

11.1 **Confidential Information.** Except as expressly provided in this Agreement, each Party agrees that, during the Term and for [***] years thereafter (or, with respect to Confidential Information that is a trade secret of the Disclosing Party, until such trade secret no longer qualifies as a trade secret under Applicable Law), such Party (the “**Receiving Party**”) will keep confidential and will not publish or otherwise disclose and will not use for any purpose, other than as expressly provided for in this Agreement, any information furnished to it by or on behalf of the other Party (the “**Disclosing Party**”) pursuant to this Agreement or under the Confidentiality Agreement (“**Confidential Information**”), whether before or after the Effective Date, and whether in written, electronic, oral, visual, graphic or any other form. The Receiving Party may use Confidential Information only to the extent required to exercise its rights or perform its obligations under this Agreement. The Receiving Party will use at least the same standard of care as it uses to protect proprietary or confidential information of its own, but no less than reasonable care, to require that its and its Affiliates’ and sublicensees’ employees, agents, consultants, subcontractors and other representatives (“**Representatives**”) do not publish or disclose or make any unauthorized use of the Confidential Information of Disclosing Party. The Receiving Party will promptly notify the Disclosing Party upon discovery of any unauthorized use or disclosure of the Disclosing Party’s Confidential Information by the Receiving Party, its Affiliates or their respective Representatives. Notwithstanding any provision to the contrary set forth in this Agreement, the terms of this Agreement and the Joint Inventions will be deemed the Confidential Information of both Parties, and each Party will be deemed to be the Receiving Party and Disclosing Party with respect thereto. Notwithstanding the foregoing, Confidential Information will not include information that the Receiving Party can prove by competent evidence:

(a) was already known by the Receiving Party, other than under an obligation of confidentiality, prior to the time of receiving such information from the Disclosing Party, as evidenced by its pre-existing written records;

(b) is, as of the Effective Date, or thereafter becomes, generally known or available to the public, other than through any act or omission of the Receiving Party in breach of this Agreement;

(c) was subsequently lawfully disclosed to the Receiving Party on a non-confidential basis by a Third Party, as a matter of right (*i.e.*, without breaching any obligation such Third Party may have to the Disclosing Party or any other Third Party); or

(d) is independently discovered or developed by the Receiving Party, independently of the activities undertaken by the Receiving Party pursuant to this Agreement and without the use of or reference to Confidential Information furnished by the Disclosing Party, as evidenced by the Receiving Party's contemporaneously maintained written records.

11.2 Permitted Disclosures. Notwithstanding the provisions of Section 11.1, the Receiving Party may disclose Confidential Information of the Disclosing Party as expressly permitted by this Agreement, or if and to the extent such disclosure is reasonably necessary in the following instances:

(a) filing or Prosecuting the Patents as permitted by this Agreement;

(b) exercising the Receiving Party's rights under this Agreement or performing its obligations under this Agreement; *provided* that the Receiving Party uses efforts to secure confidential treatment of such Confidential Information at least as diligent as such Party would use to protect its own Confidential Information, but in no event less than reasonable efforts;

(c) to a Third Party in connection with a Securitization Transaction, *provided* that prior to the consummation of such Securitization Transaction, DualityBio may not disclose any of Avenzo's Confidential Information to such Third Party other than the royalty reports contemplated under Section 10.4(d) and reasonably redacted Development Reports (*provided* that Avenzo shall have the right to approve the redacted form of such Development Report prior to DualityBio's disclosure to such Third Party, such approval not to be unreasonably withheld), in each case solely to the extent reasonably necessary to enable such Third Party to evaluate the Securitization Transaction opportunity and to allow such Third Party to exercise its rights with respect to such Securitization Transaction (*provided* that such Third Party is bound by written confidentiality and non-use obligations no less restrictive than those set forth herein, but of a duration customary in confidentiality agreements entered into for a similar purpose; and *provided further* that if Avenzo is not a direct or third party beneficiary of the foregoing confidentiality and non-use obligations, DualityBio shall, at Avenzo's request, with respect to actual breaches related to Avenzo's Confidential Information, enforce, or, with respect to threatened breaches related to Avenzo's Confidential Information, use reasonable efforts to enforce, such confidentiality and non-use obligations on Avenzo's behalf);

(d) subject to Section 11.3(a), prosecuting or defending litigation as permitted by this Agreement;

(e) subject to Section 11.3(a), complying with a valid order of a court of competent jurisdiction or other Governmental Authority, or other judicial or administrative process, or if in the reasonable opinion of the Receiving Party's legal counsel, such disclosure is otherwise required by Applicable Law, in each case, other than disclosure of the terms of this Agreement to a Securities Regulator;

(f) subject to Section 11.3(b), disclosure of the terms of this Agreement to the securities regulators (including U.S. Securities and Exchange Commission and Securities & Futures Commission of Hong Kong) or any national or international securities exchange on which the Receiving Party's securities are or are planned to be listed or traded (each, a "Securities Regulator");

(g) disclosure in regulatory filings that the Receiving Party has the right to make under this Agreement, *provided* that the Receiving Party uses efforts to secure confidential treatment of such Confidential Information at least as diligent as such Party would use to protect its own Confidential Information, but in no event less than reasonable efforts;

(h) disclosure to the Receiving Party's Affiliates and its and its Affiliates' respective Representatives, and the Receiving Party's Sublicensees (or, with respect to DualityBio, (sub)licensees), in each case, who have a need to know such information in order for such Receiving Party, its Affiliate or Sublicensee (or, with respect to DualityBio, (sub)licensee) to exercise its rights or fulfill its obligations under this Agreement, *provided*, in each case, that any such Affiliate, Representative or Sublicensee (or, with respect to DualityBio, (sub)licensees) agrees to be bound by terms of confidentiality and non-use at least as stringent as those set forth in this Article 11;

(i) with respect to DualityBio, disclose to any of DualityBio's licensors under any Upstream License Agreements as necessary to comply with the terms thereof; *provided*, in each case, that any such licensor is bound by terms of confidentiality and non-use thereof; and

(j) disclosure of the existence and applicable terms of this Agreement and the status and results of the Exploitation of one or more Licensed Molecules or Licensed Products, in each case, to actual or *bona fide* potential investors, acquirers, licensees, Sublicensees, lenders, and other financial or commercial partners, and their respective attorneys, accountants, banks, investors, and advisors, solely for the purpose of evaluating or carrying out or performing an actual or potential investment, acquisition, license, sublicense, debt transaction, royalty financing, or collaboration; *provided* that, in each such case, on the condition that such Persons are bound by obligations of confidentiality, non-disclosure, and non-use obligations at least as restrictive or protective of the Parties as those set forth in this Agreement or otherwise customary for such type and scope of disclosure and that any such disclosure is limited to the maximum extent practicable for the particular context in which it is being disclosed.

11.3 Confidential Treatment.

(a) **Generally.** Notwithstanding the foregoing, in the event the Receiving Party is required to make a disclosure of the Disclosing Party's Confidential Information pursuant to Section 11.2(c) or Section 11.2(e), it will, except where prohibited by Applicable Law or judicial or administrative process, (i) give reasonable advance notice to the Disclosing Party of such required disclosure, (ii) use efforts to secure confidential treatment of such information at least as diligent as the Receiving Party would use to protect its own Confidential Information, but in no

event less than reasonable efforts and (iii) cooperate with any lawful efforts by the Disclosing Party, at the Disclosing Party's request and expense, to contest such disclosure, to obtain a protective order for the Confidential Information required to be disclosed, or to secure other confidential treatment of such Confidential Information. In the event that no such protective order or other remedy is obtained, or the Disclosing Party waives compliance with certain terms of this Article 11, then the Receiving Party will furnish only that portion of Confidential Information that the Receiving Party is advised by legal counsel is legally required to be disclosed. Disclosure by the Receiving Party of Confidential Information in accordance with Section 11.2(c) or Section 11.2(e) will not, in and of itself, cause the information so disclosed to cease to be treated as Confidential Information under this Agreement, except to the extent that, by virtue of disclosure by the Receiving Party in full compliance with this Section 11.2, such information becomes generally known or available. In any event, the Receiving Party agrees to take all reasonable action to avoid disclosure of Confidential Information hereunder.

(b) **Securities Filings.** In the event the Receiving Party is required to make a disclosure of the terms of this Agreement to a Securities Regulator pursuant to Section 11.2(f), such Party will, within a reasonable time prior to any such filing (and to the extent possible at least [***] Business Days' prior to any such filing), provide the other Party with a copy of this Agreement showing any provisions hereof as to which such Party proposes to request confidential treatment, will provide the other Party with an opportunity to comment on any such proposed redactions and to suggest additional redactions, and will take such Party's reasonable comments into consideration before filing such copy of this Agreement and use reasonable efforts to have terms identified by such other Party afforded confidential treatment by the applicable regulatory agency; *provided* that each Party will ultimately retain control over what information to disclose to any Securities Regulator to the extent such Party determines, on the advice of legal counsel, that disclosure is reasonably necessary to comply with Applicable Law, and *provided, further*, that the Parties will use their reasonable efforts to file redacted versions of this Agreement with any Securities Regulator that are consistent with redacted versions previously filed with any other Securities Regulator(s).

11.4 Use of Names. Subject to Section 11.6, neither Party nor any of its Affiliates will mention or otherwise use the name, logo or trademark of the other Party or any of its Affiliates in any publication, press release, marketing and promotional material or other form of publicity in connection with this Agreement or activities hereunder without the prior written approval of such other Party; *provided* that such consent will not be required for a Party's use of the other Party's name and company logo to identify such other Party as a collaborator on such first Party's website and in public presentations.

11.5 Publication of Licensed Product Information. Each Party recognizes that the publication, such as by public oral presentation, manuscript or abstract, of the results of Development activities, including Clinical Trials, with respect to the Licensed Products may be beneficial to both Parties provided such publications are subject to reasonable controls to protect Confidential Information of each Party. Accordingly, each Party will have the right to review and comment on any material proposed for publication or public oral or visual presentation by the other Party that includes Confidential Information of such Party. With respect to manuscripts, each Party will return such items as soon as practicable to the other Party with appropriate comments, if any, but in no event later than [***] Business Days from the date of delivery to such Party. With respect

to public oral presentation materials, abstracts, and posters, each Party will make reasonable efforts to expedite review of such materials, abstracts, and posters, and will return such items as soon as practicable to the other Party with appropriate comments, if any, but in no event later than [***] days from the date of delivery to such Party. Each Party will comply with the other Party's request to delete references to such other Party's Confidential Information in any such material. In addition, if any such publication contains patentable subject matter, then at the non-publishing Party's request, the publishing Party will either delete the patentable subject matter from such publication or delay any submission for publication or other public disclosure for a period of up to an additional [***] days so that appropriate Patent applications may be prepared and filed. Each Party shall coordinate with the other Party on the publication or presentation of any materials with respect to the Licensed Products by such Party prior to any such publication or presentation, and any such publications or presentations shall be subject to the other Party's review and comment rights under this [Section 11.5](#).

11.6 Public Announcements.

(a) The Parties have agreed upon the content of a joint press release that will be issued substantially in the form attached hereto as [Exhibit 11.6](#), and the release of which the Parties will coordinate in order to accomplish the same promptly upon execution and delivery of this Agreement. Except as may be expressly permitted under [Section 11.2](#), this [Section 11.6](#) or [Section 11.5](#), neither Party nor its Affiliates will make any public announcement concerning this Agreement, its subject matter or the transactions described herein without first obtaining the approval of the other Party and agreement upon the nature, text and timing of such announcement, which approval and agreement will not be unreasonably withheld or delayed. The Party desiring to make any such public announcement will provide the other Party with a written copy of the proposed announcement in reasonably sufficient time prior to public release to allow the other Party to comment upon such announcement prior to public release. In the case of press releases or other public communications required to be made by Applicable Law, judicial order or stock exchange or quotation system rule, the Party making such press release or public announcement will provide to the other Party a copy of the proposed press release or public announcement in written or electronic form upon such advance notice as is practicable under the circumstances for the purpose of allowing the notified Party to review and comment upon such press release or public announcement. Under such circumstances, the releasing Party will not be obligated to delay making any such press release or public communication beyond the time when the same is required to be made. Neither Party will be required to seek the permission of the other Party to repeat any information regarding the terms of this Agreement or any amendment hereto that has already been publicly disclosed by such Party or by the other Party in accordance with the terms of this Agreement; *provided* that such information remains accurate and the most current information with respect to the applicable subject matter as of such time.

(b) Each Party may make public statements regarding this Agreement in response to questions by the press, analysts, investors or those attending industry conferences or financial analyst calls, *provided* that any such public statement or press release: (i) is not inconsistent with prior public disclosures or public statements made in accordance with [Section 11.6\(a\)](#) or as permitted by [Section 11.3](#); and (ii) does not reveal (A) information regarding the terms of this Agreement that have not previously been disclosed in accordance with [Section 11.6\(a\)](#) or as permitted by [Section 11.3](#) or (B) non-public information about the other Party.

11.7 Prior Non-Disclosure Agreements. Upon execution of this Agreement, the terms of this [Article 11](#) will supersede any prior non-disclosure, secrecy or confidentiality agreement between the Parties, including the Confidentiality Agreement. Any information disclosed under such prior agreements by or on behalf of DualityBio will be deemed disclosed by DualityBio under this Agreement, and any information disclosed under such prior agreements by or on behalf of Avenzo will be deemed disclosed by Avenzo under this Agreement.

ARTICLE 12 REPRESENTATIONS, WARRANTIES, AND COVENANTS

12.1 Representations and Warranties of Each Party. Each Party represents and warrants to the other Party as of the Effective Date that:

(a) it is a company or corporation duly organized, validly existing, and in good standing under the laws of the jurisdiction in which it is incorporated, and has full corporate power and authority and the legal right to own and operate its property and assets and to carry on its business as it is now being conducted and as contemplated in this Agreement, including the right to grant the licenses granted by it hereunder;

(b) (i) it has the corporate power and authority and the legal right to enter into this Agreement and perform its obligations hereunder; (ii) it has taken all necessary corporate action on its part required to authorize the execution and delivery of this Agreement and the performance of its obligations hereunder; and (iii) this Agreement has been duly executed and delivered on behalf of such Party, and constitutes a legal, valid, and binding obligation of such Party that is enforceable against it in accordance with its terms;

(c) it is not a party to any agreement that would prevent it from granting the rights granted to the other Party under this Agreement or performing its obligations under this Agreement;

(d) all consents, approvals and authorization from all Governmental Authorities or other Third Parties required to be obtained by such Party in connection with execution of this Agreement have been obtained;

(e) to its Knowledge, neither it nor any of its Affiliates, or its or its Affiliates' directors, officers, employees, distributors, agents, representatives, sales intermediaries or other Third Parties acting on behalf of such Party or any of its Affiliates:

(i) has taken or will take any action in violation of any applicable anti-corruption law, including the U.S. Foreign Corrupt Practices Act (15 U.S.C. § 78 dd-1 et seq.); or

(ii) has corruptly, offered, paid, given, promised to pay or give, or authorized or will corruptly, offer, pay give, promise to pay or give or authorize, the payment or gift of anything of value, directly or indirectly, to any Public Official, for the purposes of: (A) influencing any act or decision of any Public Official in his or her official capacity;

(B) inducing such Public Official to do or omit to do any act in violation of his or her lawful duty; (C) securing any improper advantage; or (D) inducing such Public Official to use his or her influence with a government, governmental entity, or commercial enterprise owned or controlled by any government (including state-owned or controlled veterinary or medical facilities) in obtaining or retaining any business whatsoever; and

(f) none of the officers, directors, employees, of such Party or of any of its Affiliates or to its Knowledge, agents acting on behalf of such Party or any of its Affiliates, in each case, that are employed or reside outside the U.S., are themselves Public Officials.

12.2 Additional Representations and Warranties of DualityBio. Except as otherwise provided in Exhibit 12.2, DualityBio represents and warrants to Avenzo that as of the Effective Date:

(a) except for any Patents and Know-How for which DualityBio obtained Control from a Third Party under an Existing Upstream License Agreement, DualityBio is the sole owner of the Licensed Technology and has the right under the Licensed Technology to grant all rights and licenses to Avenzo as purported to be granted pursuant to this Agreement;

(b) Exhibit 1.119 sets forth a complete and accurate list of all Licensed Patents and other than the Patents listed on Exhibit 1.119, DualityBio does not own or have rights under any Patents Covering any Licensed Molecule;

(c) Exhibit 1.67 sets forth all Existing Upstream License Agreements. The agreements set forth on Exhibit 1.67 are all contracts and agreements existing as of the Effective Date between DualityBio or any of its Affiliates and a Third Party pursuant to which DualityBio or any of its Affiliates obtains Control of any Licensed Technology from a Third Party. All Existing Upstream License Agreements are in full force and effect and none of DualityBio, its Affiliates or any Third Party that is a party to any Existing Upstream License Agreement is or has been in breach of, or sent or received notice alleging any breach of any Existing Upstream License Agreement.

(d) neither DualityBio nor any of its Affiliates has granted or agreed to grant any right or license to any Third Party that would conflict with the rights or licenses granted to Avenzo under this Agreement;

(e) DualityBio, its Affiliates, and its and their employees, and to DualityBio's Knowledge, its and their consultants and contractors, in each case, involved in any activities related to any Licensed Molecules and Licensed Products are not, and have not been, debarred or disqualified by any Regulatory Authority as of the Effective Date, and have complied in all material respects with all Applicable Laws in connection with conducting all Development, Manufacturing, Commercialization and other Exploitation of the Licensed Molecules and Licensed Products;

(f) neither DualityBio nor any of its Affiliates has received any written notice or threat in writing from any Third Party asserting or alleging that any activities with respect to any Licensed Molecule or Licensed Product by or on behalf of DualityBio or its Affiliates prior to the Effective Date infringed, misappropriated, or otherwise violated any intellectual property rights of such Third Party;

(g) to its Knowledge, the conduct of the Research Activities as contemplated as of the Effective Date will not infringe any Patents or misappropriate any Know-How or other intellectual property rights of any Third Party;

(h) no claim or action has been brought against DualityBio or any of its Affiliates or, to DualityBio's Knowledge, threatened in writing to DualityBio or any of its Affiliates, by any Third Party relating to any of the Licensed Technology; and, to DualityBio's Knowledge, no interference, opposition, cancellation or other protest proceeding has been filed against a Licensed Patent;

(i) during the period beginning August 30, 2024, DualityBio has not and has not caused any representative to, directly or indirectly, (i) take any action to encourage, solicit, initiate, facilitate or enter into any transaction or alternative proposal for any Licensed Molecule or Licensed Product other than as described herein or (ii) respond to, continue, initiate or engage in discussions or negotiations concerning any such alternative proposal with, or disclose in connection with any alternative proposal, any nonpublic information relating to any Licensed Molecule or Licensed Product to any person, corporation, partnership, limited liability company or other entity (except Avenzo and its representatives); and

(j) DualityBio has provided to Avenzo all material documentation, data, and information under its control requested by Avenzo related to the Licensed Molecules and Licensed Products. All information and data provided by or on behalf of DualityBio to Avenzo regarding the Licensed Molecules and Licensed Products on or before the Effective Date in contemplation of this Agreement or the transactions contemplated hereby was and is as of the Effective Date, to the Knowledge of DualityBio, accurate in all material respects, and, to the Knowledge of DualityBio, DualityBio has not failed to disclose any material information or data known to DualityBio that could reasonably be expected to cause the information and data that has been disclosed by DualityBio to Avenzo to be misleading in any material respect.

12.3 Additional Representations and Warranties of Avenzo. Avenzo represents and warrants to DualityBio that as of the Effective Date:

(a) there are no legal claims, judgments or settlements against or owed by Avenzo or its Affiliates, or pending or, to Avenzo's or its Affiliates' knowledge, threatened, legal claims or litigation, in each case, relating to antitrust, anti-competition, anti-bribery or corruption violations, including under any Anti-Corruption Laws; and

(b) Avenzo, its Affiliates, and its and their employees, and to Avenzo's knowledge, its and their consultants and contractors, that would be involved in its activities hereunder with respect to any Licensed Molecule or Licensed Product are not, and have not been, debarred or disqualified by any Regulatory Authority.

(a) Each Party covenants to the other Party that in the course of performing its obligations or exercising its rights under this Agreement, it will, and will cause its Affiliates, and Sublicensees to, comply with the terms of this Agreement, all Applicable Laws, including as applicable, cGMP, GCP, GLP, and GSP standards, and will not employ or engage any party who has been debarred by any Regulatory Authority, or, to such Party's knowledge, is the subject of debarment proceedings by a Regulatory Authority.

(b) DualityBio or its Affiliates will retain Control during the Term of all (i) Licensed Technology and Greater China Technology that is Controlled by DualityBio or any of its Affiliates as of the Effective Date, and (ii) any DualityBio-owned Sole Inventions and Joint Inventions that, if Controlled by DualityBio or its Affiliates, would be included in the definition of Licensed Technology or Greater China Technology, as applicable.

(c) DualityBio will not enter into any agreement with any Third Party that is in conflict with the rights granted to Avenzo under this Agreement and will not take any action that would prevent it from granting the rights granted to Avenzo under this Agreement or that would otherwise conflict with or adversely affect the rights granted to Avenzo under this Agreement.

(d) DualityBio covenants to Avenzo that (i) it will not, and it will cause its Affiliates to not, terminate, cause the termination of or amend any Upstream License Agreement in a manner that would adversely affect Avenzo's rights under this Agreement or increase Avenzo's obligations under this Agreement, and (ii) it will, and will cause its Affiliates to, maintain in full force and effect and in good standing all Upstream License Agreements.

(e) Compliance with Anti-Corruption Laws. Each Party hereby covenants to the other Party that:

(i) it will not, in the performance of this Agreement, perform any actions that are prohibited by local and other anti-corruption laws (including the provisions of the U.S. Foreign Corrupt Practices Act, the U.K. Anti-Bribery Law, and the Anti-Corruption Act of Mainland China, collectively "**Anti-Corruption Laws**") to the extent applicable to such Party to this Agreement;

(ii) it will not, in the performance of this Agreement, directly or indirectly, make any payment, or offer or transfer anything of value, or agree or promise to make any payment or offer or transfer anything of value, to a government official or government employee, to any political party or any candidate for political office or to any other Third Party with the purpose of influencing decisions related to either Party or its business in a manner that would violate Anti-Corruption Laws;

(iii) it will, on request by the other Party, verify in writing that to such Party's knowledge, there have been no violations of Anti-Corruption Laws by such Party or persons employed by or subcontractors used by such Party in the performance of this Agreement, or will provide details of any exception to the foregoing; and

(iv) it will maintain records (financial and otherwise) and supporting documentation related to the subject matter of this Agreement in order to document or verify compliance with the provisions of this Section 12.4(g), and upon request of the other Party, upon reasonable advance notice, will provide a Third Party auditor mutually acceptable to the Parties with access to such records for purposes of verifying compliance with the provisions of this Section 12.4(g). Acceptance of a proposed Third Party auditor may not be unreasonably withheld or delayed by either Party. It is expressly agreed that the costs related to the Third Party auditor will be fully paid by the Party requesting the audit, and that any auditing activities may not unduly interfere with the normal business operations of Party subject to such auditing activities. The audited Party may require the Third Party auditor to enter into a reasonable confidentiality agreement in connection with such an audit.

(f) Compliance with Export Control Laws. Each Party hereby covenants to the other Party that:

(i) it will conduct its activities under this Agreement in compliance with applicable export controls and trade and economic sanctions laws and regulations (collectively, “**Export Controls**”);

(ii) it shall not, directly or indirectly, export, reexport, transfer, divert, or release any materials, technology, or software (each an “**item**”) to any prohibited country, territory, entity, individual, or for any prohibited end-use, unless authorized pursuant to Export Controls; and

(iii) Avenzo has the right to terminate this Agreement effective immediately in the event that DualityBio becomes a party with whom Avenzo is prohibited from dealing pursuant to Export Controls or Avenzo otherwise reasonably determines that its obligations to comply with Export Controls preclude performance.

12.5 NO OTHER REPRESENTATIONS OR WARRANTIES. EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, NO REPRESENTATIONS OR WARRANTIES WHATSOEVER, WHETHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR NON-MISAPPROPRIATION OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS, ARE MADE OR GIVEN BY OR ON BEHALF OF A PARTY. ALL SUCH REPRESENTATIONS AND WARRANTIES, WHETHER ARISING BY OPERATION OF LAW OR OTHERWISE, ARE HEREBY EXPRESSLY EXCLUDED.

ARTICLE 13 INDEMNIFICATION

13.1 By Avenzo. Avenzo will indemnify, defend and hold harmless DualityBio and its Affiliates, and their directors, officers, employees and agents (individually and collectively, the “**DualityBio Indemnitee(s)**”), from and against all losses, liabilities, damages and expenses (including reasonable attorneys’ fees and costs) (individually and collectively, “**Losses**”) incurred by them in connection with any claims, demands, actions or other proceedings by any Third Party (individually and collectively, “**Claims**”) arising after the Effective Date to the extent arising from

any of the following, as applicable: (a) the Exploitation of any Licensed Molecule or Licensed Product by or under the authority of Avenzo (other than by or on behalf of DualityBio for or on behalf of Avenzo), except to the extent such Claim arises from [***], which in such event Section 13.4 will control, (b) the gross negligence or willful or intentional misconduct of Avenzo or any of its Affiliates, Sublicensees or any other Avenzo Indemnitee, or (c) Avenzo's breach of this Agreement, including any of its representations, warranties, or covenants hereunder; in each case (a) through (c), except to the extent such Losses arise from, are based on, or result from any activity or occurrence for which DualityBio is obligated to indemnify the Avenzo Indemnitees pursuant to Section 13.2.

13.2 By DualityBio. Subject to Section 13.4, DualityBio will indemnify, defend and hold harmless Avenzo and its Affiliates, and their directors, officers, employees and agents (individually and collectively, the "**Avenzo Indemnitee(s)**"), from and against all Losses incurred by them in connection with any Claims to the extent arising from any of the following, as applicable: (a) the Exploitation of any Licensed Molecule or Licensed Product by or under the authority of DualityBio (other than by or on behalf of Avenzo for or on behalf of DualityBio), (b) the gross negligence or willful or intentional misconduct of DualityBio or any of its Affiliates, Sublicensees (other than Avenzo), sublicensees or other DualityBio Indemnitee, or (c) DualityBio's breach of this Agreement, including any of its representations, warranties, or covenants hereunder; in each case (a) through (c) above, except to the extent such Losses arise from, are based on, or result from any activity or occurrence for which Avenzo is obligated to indemnify the DualityBio Indemnitees pursuant to Section 13.1.

13.3 Procedure. A Party that intends to claim indemnification under Section 13.1 or Section 13.2, as applicable (the "**Indemnitee**") with respect to any Claim will: (a) notify the other Party (the "**Indemnitor**") in writing of such Claim as soon as reasonably practicable after it receives notice of such Claim (it being understood that the Indemnitee's failure to deliver written notice of such Claim to the Indemnitor within a reasonable time after the Indemnitee receives notice of such Claim, will relieve the Indemnitor of its indemnification obligations under Section 13.1 or Section 13.2, as applicable, with respect to such Claim only to the extent such failure is prejudicial to the Indemnitor's ability to defend such Claim); (b) permit the Indemnitor to assume direction and control of the defense of the Claim (including the right to settle the claim solely for monetary consideration) using counsel reasonably satisfactory to the Indemnitee; and (c) cooperate fully with the Indemnitor and its legal representatives in the investigation and defense of the Claim, as requested by the Indemnitor (at the expense of the Indemnitor). If the Indemnitor does not assume control of such defense within [***] Business Days after receiving notice of the Claim from the Indemnitee, then the Indemnitee will control such defense and, without limiting the Indemnitor's indemnification obligations, the Indemnitor will reimburse the Indemnitee for all documented costs, including reasonable attorney fees, incurred by the Indemnitee in defending itself within [***] days after receipt of any invoice therefor from the Indemnitee. The Party not controlling such defense may participate therein at its own expense and with counsel of its choice unless (i) the Indemnitor and the Indemnitee have agreed to the retention of such counsel or (ii) the named parties to any such proceeding (including any impleaded parties) include both the Indemnitor and the Indemnitee and representation of both Parties by the same counsel would be inappropriate due to actual or potential differing interests between them, in either case of (i) or (ii), the Indemnitor shall be responsible for such expense. The Party controlling such defense will keep the other Party advised of the status of such Claim and the defense thereof and

will consider recommendations made by the other Party with respect thereto. The Indemnitee will not agree to any settlement of such Claim without the prior written consent of the Indemnitor, which will not be unreasonably withheld, delayed or conditioned. The Indemnitor will not agree to any settlement of such Claim or consent to any judgment in respect thereof that does not include a complete and unconditional release of the Indemnitee from all liability with respect thereto, that imposes any liability or obligation on the Indemnitee or that acknowledges fault by the Indemnitee; in each case, without the prior written consent of the Indemnitor.

13.4 Special Indemnity.

(a) Without limiting any of its obligations to indemnify the Avenzo Indemnitees pursuant to Section 13.2, DualityBio will indemnify, defend and hold harmless the Avenzo Indemnitees from and against (i) any and all Losses (including court and arbitration costs and reasonable attorneys' fees), and (ii) any judicial or arbitration damage awards and any settlement payments (whether in the form of flat payments, license fees, royalties, or any other form), in each case ((i) and (ii)) which are incurred in connection with any claims, demands, actions or other proceedings by any Third Party and imposed on, sustained, paid by, incurred or suffered by or asserted against any of the Avenzo Indemnitees arising out of [***] (any such Claim, a "[***]").

(b) If a [***] is made against any Avenzo Indemnitee, Avenzo will promptly notify DualityBio in writing, *provided* that failure by Avenzo to provide prompt notice of a [***] shall not relieve DualityBio of its obligations under this Section 13.4, except to the extent that DualityBio is materially prejudiced by such failure. Such Avenzo Indemnitee shall elect either to have (i) DualityBio assume the control of the defense thereof (a "**DualityBio Controlled Suit**") or (ii) Avenzo assume control of the defense (an "**Avenzo Controlled Suit**"). In the case of either a DualityBio Controlled Suit or an Avenzo Controlled Suit, the Party controlling the lawsuit will [***].

(c) In the case of an Avenzo Controlled Suit, DualityBio will provide Avenzo with (i) sole control and authority over the defense and settlement of the [***] against such Avenzo Indemnitee; and (ii) all available information and reasonable assistance necessary to settle and/or defend any such [***], at DualityBio's expense. DualityBio may, at its own expense, have its own additional counsel present at all proceedings or negotiations relating to a [***].

(d) In the case of a DualityBio Controlled Suit, Avenzo will provide DualityBio with (i) sole control and authority over the defense of the [***] against any Avenzo Indemnitee; (ii) DualityBio and Avenzo shall have joint control and authority over the settlement of such Claim; and (iii) Avenzo will provide DualityBio all available information and reasonable assistance necessary to settle and/or defend any such [***].

13.5 **Insurance.** Each Party, at its own expense, will obtain and maintain, during the Term and for [***] years thereafter, reasonable insurance, including commercial general liability insurance, worker's compensation insurance and product liability insurance, at levels adequate to cover its obligations hereunder and consistent with industry standards. Each Party will furnish to the other Party on request certificates issued by the insurance company setting forth the amount of the liability insurance (or evidence of self-insurance). It is understood that such insurance will not be construed to create a limit of either Party's liability with respect to its indemnification obligations under this Article 13 or otherwise.

13.6 **LIMITATION OF LIABILITY.** SUBJECT TO AND WITHOUT LIMITING (A) AMOUNTS PAID TO THIRD PARTIES IN CONNECTION WITH THE INDEMNIFICATION OBLIGATIONS OF EACH PARTY WITH RESPECT TO CLAIMS UNDER SECTION 13.1 OR SECTION 13.2, (B) LIABILITY AS A RESULT OF A BREACH OF ARTICLE 11, OR (C) LIABILITY FOR BREACH OF COVENANTS UNDER SECTION 3.6, NEITHER PARTY OR ANY OF ITS AFFILIATES WILL BE LIABLE TO THE OTHER PARTY UNDER ANY CONTRACT, WARRANTY, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY FOR ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, MULTIPLIED OR CONSEQUENTIAL DAMAGES OR FOR LOST PROFITS (EVEN IF DEEMED DIRECT DAMAGES) ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT.

ARTICLE 14 INTELLECTUAL PROPERTY

14.1 Ownership.

(a) As between the Parties, each Party will retain all rights, title, and interests in and to all Know-How, Patents, and other intellectual property rights Controlled by such Party as of the Effective Date or that come into the Control of such Party outside of the performance of activities under this Agreement. Without limiting the foregoing, as between the Parties, DualityBio and its Affiliates will remain the sole and exclusive owner of all Licensed Technology and Greater China Technology.

(b) [***].

14.2 Disclosure of Inventions. Each Party will promptly disclose to the other Party all Inventions under this Agreement, including all invention disclosure or other similar documents submitted to such Party by its or its Affiliates' employees, agents, or independent contractors relating to such Inventions, and will also promptly respond to reasonable requests from the other Party for additional information relating to such Inventions. Each Party shall (and shall cause all its Affiliates to) cause all of its employees, agents or independent contractors who perform activities for such Party under this Agreement to be under an obligation to assign to such Party (or its Affiliates) their rights in and to any Inventions. Each Party shall, and does hereby, assign, and shall cause its Affiliates to assign, to the other Party, without additional compensation, such right, title, and interest in and to any Inventions, as well as any intellectual property rights with respect thereto, as is necessary to fully effect, (a) the sole ownership provided for in Section 14.1(b) and (b) the joint ownership provided for in Section 14.1(b).

14.3 Prosecution.

(a) **Avenzo Controlled Patents.** As between the Parties, Avenzo shall have the first right, but not the obligation, to Prosecute all (i) Joint Patents in the Avenzo Territory and (ii) [***] in the Avenzo Territory (collectively, the "**Avenzo Controlled Patents**") using counsel of Avenzo's choice and at Avenzo's sole cost and expense. Avenzo will (A) keep DualityBio reasonably informed of all progress with regard to the Prosecution of the Avenzo Controlled Patents; (B) provide to DualityBio copies of all material patent office submissions and correspondence with respect to the Avenzo Controlled Patents; and (C) provide DualityBio a reasonable opportunity to comment thereon, and Avenzo will consider incorporating any timely comments in good faith.

(b) **DualityBio Step-in Rights.** In the event that Avenzo intends to abandon or cease the Prosecution of any Avenzo Controlled Patent, Avenzo will provide reasonable prior written notice to DualityBio of such intention to abandon or cease such Prosecution (which notice will be given no later than [***] days prior to the next deadline for any action that must be taken with respect to any such Avenzo Controlled Patent in the relevant patent office). In such case, at DualityBio's request, DualityBio shall have the right, but not the obligation, to assume responsibility for Prosecution of such Avenzo Controlled Patent. Upon such assumption, DualityBio shall control the Prosecution of such Avenzo Controlled Patent subject to the same terms and conditions set forth in this Section 14.3(a) as applicable to Avenzo, using counsel of DualityBio's choice at its cost and expense.

(c) **DualityBio Controlled Patents.** As between the Parties, DualityBio shall have the [***] right, but not the obligation, to Prosecute all (i) Joint Patents in the DualityBio Territory and (ii) [***] (collectively, the “**DualityBio Controlled Patents**”) using counsel of DualityBio’s choice and at DualityBio’s sole cost and expense. In addition, as between the Parties, DualityBio shall have the [***] right, but not the obligation, to Prosecute all [***] and Greater China Patents (other than Joint Patents) using counsel of DualityBio’s choice and at DualityBio’s sole cost and expense. DualityBio will (A) consult with Avenzo as to the Prosecution of the DualityBio Controlled Patents and [***] and will keep Avenzo reasonably informed of progress with regard to the Prosecution of such DualityBio Controlled Patents and [***]; (B) provide to Avenzo copies of all material patent office submissions and correspondence with respect to the DualityBio Controlled Patents and [***]; and (C) provide Avenzo a reasonable opportunity to comment thereon, and DualityBio will consider incorporating any timely comments in good faith. In addition, during the Term, DualityBio shall not [***].

(d) **Avenzo Step-in Rights.** In the event that DualityBio (or in the event that DualityBio grants a Third Party (sub)licensee the first right to control Prosecution with respect to [***], such Third Party (sub)licensee intends to abandon or cease the Prosecution of any DualityBio Controlled Patent, DualityBio will provide reasonable prior written notice to Avenzo of such intention to abandon or cease such Prosecution (which notice will be given no later than [***] days prior to the next deadline for any action that must be taken with respect to any such DualityBio Controlled Patents). In such case, at Avenzo’s request and [***], Avenzo shall have the right, but not the obligation, to assume responsibility for Prosecution of such DualityBio Controlled Patent in the applicable region. Upon such assumption and to the extent permitted under the applicable Upstream License Agreements as of the Effective Date, Avenzo shall control the Prosecution of such DualityBio Controlled Patent in such region subject to the same terms and conditions set forth in this Section 14.3(d) as applicable to DualityBio, using counsel of Avenzo’s choice at its cost and expense.

(e) **Cooperation.** Each Party will cooperate with the other Party in connection with all activities relating to the Prosecution of the Licensed Patents, Joint Patents and Greater China Patents undertaken by such other Party pursuant to this Section 14.3, including: (i) executing all papers and instruments, or requiring its employees or contractors, to execute such papers and instruments, so as to effectuate the ownership of Inventions set forth in Section 14.1, and Patents claiming such Inventions, and to enable the other Party to Prosecute the Licensed Patents, Joint Patents or Greater China Patents as permitted by this Section 14.3; and (ii) promptly informing the other Party of any matters coming to such Party’s attention that may materially affect the Prosecution of any Licensed Patent, Joint Patent or Greater China Patent. Each Party will also promptly provide to the other Party all information reasonably requested by such other Party with regard to such Party’s activities pursuant to this Section 14.3.

14.4 **Defense of Third Party Infringement Claims.** If any Licensed Product or a Party becomes the subject of a Third Party's claim or assertion of infringement of the Patents of such Third Party relating to the Exploitation of any Licensed Molecule or Licensed Product in the Field (each, a "**Third Party Infringement Claim**"), the Party first becoming aware of the Third Party Infringement Claim will promptly notify the other Party in writing. [***].

14.5 **Enforcement.**

(a) **Notice.** Each Party will promptly notify the other Party in writing of any alleged or threatened infringement of any Licensed Patent, Greater China Patent or Joint Patent in the Field of which it becomes aware or of any action or threatened action seeking a declaratory judgment of non-infringement of a Licensed Patent, Greater China Patent or Joint Patent of which it becomes aware ("**Infringement**").

(b) **Avenzo Controlled Patents.**

(i) As between the Parties, Avenzo will have the first right, but not the obligation, to bring and control any other action or proceeding regarding (A) any alleged or threatened Infringement or claim of invalidity or unenforceability of any Avenzo Controlled Patent, or to defend against any challenge to any of the foregoing, and (B) any alleged or threatened Infringement of any [***] by a Third Party arising from the exploitation of any Competing Product in the Field in the Avenzo Territory (a "**Competitive Infringement**"), in each case of (A) and (B) at its own expense and by counsel of its own choice, provided that with respect to any [***], (x) Avenzo shall not [***] without DualityBio's prior written consent (such consent not to be unreasonably withheld, conditioned or delayed), but solely to the extent such consent is required under the applicable Upstream License Agreements and (y) Avenzo will consider in good faith DualityBio's comments with respect to the enforcement strategy for such [***] and will incorporate DualityBio's reasonable comments with respect thereto in good faith. Avenzo will keep DualityBio reasonably informed of the status and progress of such action or proceeding. In addition, Avenzo shall provide DualityBio with drafts of all material papers to be filed with the court or patent office, as applicable, in connection with such action or proceeding to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office (excluding any information that is confidential to a Third Party), and shall consider in good faith all timely reasonable comments thereto by DualityBio before filing such papers. DualityBio shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(ii) If (A) Avenzo elects not to commence an action or proceeding that Avenzo has the first right to bring and control pursuant to Section 14.5(b)(i), or settle or otherwise secure the abatement of such Infringement, or (B) Avenzo fails to commence any such action or proceeding pursuant to Section 14.5(b)(i) within (1) [***] days following a written request by DualityBio to do so, or (2) [***] days before the time limit, if any, set forth in the Applicable Laws for the filing of such action or proceeding, whichever comes first, then DualityBio will have the right to bring and control any such action or proceeding, at its own expense and by counsel of its own choice, and Avenzo will have the right, at its own expense, to be represented in any such action by counsel of its own choice. In such event and to the extent time permits, promptly after Avenzo's notice to DualityBio that it does not elect to enforce such Avenzo Controlled Patent or to defend against such challenge or commence any such action or proceeding, or to enforce such [***] in connection with a Competitive Infringement, the Parties shall meet to discuss in good faith [***], or enforcing such [***] in connection with a Competitive Infringement. DualityBio will keep Avenzo reasonably informed of the status and progress of such action or proceeding. In addition, DualityBio shall provide Avenzo with drafts of all material papers to be filed with the court or patent office (excluding any information that is confidential to a Third Party), as applicable, to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office, and shall consider in good faith all timely reasonable comments thereto by Avenzo before filing such papers. Avenzo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(c) DualityBio Controlled Patents, Licensed Platform Patents and Greater China Patents.

(i) As between the Parties, unless the Parties otherwise agree, DualityBio shall have the sole right, but not the obligation, to bring and control any other action or proceeding regarding (A) alleged or threatened Infringement or claim of invalidity or unenforceability of any Greater China Patent (other than Joint Patents) or Linker-Payload Patent, or to defend against any challenge to any of the foregoing, and (B) any alleged or threatened Infringement worldwide other than a Competitive Infringement or claim of invalidity or unenforceability of any [***] in the Avenzo Territory, or to defend against any challenge to any of the foregoing, in each case of (A) and (B), at its own expense and by counsel of its own choice, provided that with respect to [***], DualityBio will consider in good faith Avenzo's comments with respect to the enforcement strategy for such [***] and will incorporate Avenzo's reasonable comments with respect thereto in good faith. DualityBio will keep Avenzo reasonably informed of the status and progress of such action or proceeding. In addition, DualityBio shall provide Avenzo with drafts of all material papers to be filed with the court or patent office in the Avenzo Territory, as applicable, in connection with such action or proceeding to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office or Third Party confidentiality obligations, and shall consider in good faith all timely reasonable comments thereto by Avenzo before filing such papers. Avenzo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(ii) As between the Parties, DualityBio will have the first right, but not the obligation, to bring and control any other action or proceeding regarding any alleged or threatened Infringement or claim of invalidity or unenforceability of any Joint Patent in the DualityBio Territory, or to defend against any challenge to any of the foregoing, at its own expense and by counsel of its own choice. DualityBio will keep Avenzo reasonably informed of the status and progress of such action or proceeding. In addition, DualityBio shall provide Avenzo with drafts of all material papers to be filed with the court or patent office, as applicable, in connection with such action or proceeding to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office (excluding any information that is confidential to a Third Party), and shall consider in good faith all timely reasonable comments thereto by Avenzo before filing such papers. Avenzo shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(iii) If (A) DualityBio elects not to commence an action or proceeding that DualityBio has the first right to bring and control pursuant to Section 14.5(c)(ii), or settle or otherwise secure the abatement of such Infringement, or (B) DualityBio fails to commence any such action or proceeding pursuant to Section 14.5(c)(ii) within (1) [***] days following a written request by Avenzo to do so, or (2) [***] days before the time limit, if any, set forth in the Applicable Laws for the filing of such action or proceeding, whichever comes first, then Avenzo will have the right to bring and control any such action or proceeding, at its own expense and by counsel of its own choice, and DualityBio will have the right, at its own expense, to be represented in any such action by counsel of its own choice. In such event and to the extent time permits, promptly after DualityBio's notice to Avenzo that it does not elect to enforce such Joint Patent in the DualityBio Territory or to defend against such challenge or commence any such action or proceeding, the Parties shall meet to discuss in good faith [***]. Avenzo will keep DualityBio reasonably informed of the status and progress of such action or proceeding. In addition, Avenzo shall provide DualityBio with drafts of all material papers to be filed with the court or patent office (excluding any information that is confidential to a Third Party), as applicable, to the extent permitted by Applicable Law or any protective or confidentiality order entered by such court or patent office, and shall consider in good faith all timely reasonable comments thereto by DualityBio before filing such papers. DualityBio shall be entitled to separate representation in such matter by counsel of its own choice and at its own expense.

(d) **Cooperation.** In the event a Party brings an infringement action in accordance with this Section 14.5, the other Party will cooperate fully, at the enforcing Party's request and expense, including, if required to bring such action, the furnishing of a power of attorney or being named as a party. The enforcing Party will not enter into any settlement or compromise of any action under this Section 14.5: (i) in a manner that would diminish the rights or interests of the other Party with respect to the Licensed Products without the written consent of such other Party, which will not be unreasonably withheld, conditioned or delayed; (ii) that would impose any cost or liability on the other Party without the written consent of such other Party; or (iii) that would admit the invalidity or unenforceability of any Patent that is Controlled by the other Party, without such other Party's prior written consent, which may be withheld in such other Party's sole discretion.

(e) **Recoveries.** Except as otherwise agreed by the Parties in connection with a cost-sharing arrangement, any recovery as a result of any action or proceeding pursuant to Section 14.5(b), whether by way of settlement or otherwise, will first be used first to reimburse the enforcing Party for its documented, Out-of-Pocket Costs (including court, attorneys' and professional fees) incurred in connection with such action or proceeding, and then to reimburse the other Party for its documented, Out-of-Pocket Costs (including court, attorneys' and professional fees) incurred in connection with such action or proceeding (to the extent not previously reimbursed by the enforcing Party), and any remainder of the recovery after reimbursement of the litigation costs and expenses of the Parties, will be shared with the enforcing Party receiving [***]% of such remainder and the other Party receiving [***]% of such remainder.

14.6 Patent Marking. Each Party will mark (or cause to be marked) the Licensed Products marketed and sold in such Party's respective territory hereunder with appropriate Patent numbers or indicia to the extent required by Applicable Law.

14.7 Patent Listing. Each Party shall have the sole and exclusive right to make all patent listings (such as the FDA Orange Book, Purple Book and any foreign equivalent) of any Licensed Product Patent or Joint Patent with respect to any Licensed Product in its territory.

14.8 Upstream License Agreements.

(a) If either Party reasonably determines that it is necessary to obtain a license for or otherwise acquire any Patents or Know-How from one or more Third Parties in order to Exploit the Licensed Molecules or Licensed Products in the Avenzo Territory or DualityBio Territory in accordance with the licenses granted under Article 3, excluding any Existing Upstream License Agreement (and the Patents or Know-How licensed thereunder) (each, a "**Third Party Agreement**"), it shall promptly notify the other Party. As between the Parties, [***] .

(b) With respect to any such Third Party Agreement [***].

ARTICLE 15
TERM AND TERMINATION

15.1 Term and Expiration.

(a) **Term.** The term of this Agreement will be effective as of the Effective Date, and will continue in effect until the expiration of the last Royalty Term with respect to Licensed Products in any country in the Avenzo Territory (the “**Term**”).

(b) **Effect of Expiration of Royalty Term.** On a Licensed Product-by-Licensed Product and country-by-country basis, upon the expiration of the Royalty Term for such Licensed Product in a given country in the Avenzo Territory, the licenses granted by DualityBio to Avenzo under Section 3.1 of this Agreement in such country with respect to such Licensed Product will become fully paid-up, perpetual, irrevocable, sublicensable (through multiple tiers) and royalty-free.

15.2 Termination for Mutual Agreement. This Agreement may be terminated by the Parties’ mutual written agreement.

15.3 Termination for Convenience. Avenzo has the right to terminate this Agreement in its entirety or on a Licensed Product-by-Licensed Product or country-by-country basis for any or no reason upon [***] days’ prior written notice to DualityBio.

15.4 Termination for Material Breach.

(a) This Agreement may be terminated by a Party at any time during the Term (i) on a Licensed Product-by-Licensed Product or country-by-country basis if the other Party is in material breach of this Agreement with respect to such Licensed Product or country, or (ii) in its entirety if the other Party is in material breach of this Agreement with respect to all Licensed Products and countries in the Avenzo Territory, or if such material breach does not relate specifically to any Licensed Product or country, in any such case in clause (i) or (ii), upon [***] days' (or [***] days' with respect to any payment breach) written notice identifying the material breach in reasonable detail ("**Breach Notice**"), and, (A) if such breach is curable, such breach has not been cured within [***] days (or [***] days with respect to any payment breach) of such Breach Notice ("**Cure Period**"), or (B) if such breach is curable but is not capable of cure within the Cure Period, the alleged breaching Party fails to deliver to the non-breaching Party within the Cure Period a written plan that is reasonably calculated to resolve such material breach within a specified period (not to exceed [***] months from receipt of the Breach Notice) and does not cure such material breach within the period specified in such plan.

(b) If the alleged breaching Party reasonably and in good faith disagrees as to whether there has been a material breach of this Agreement, and such allegedly breaching Party provides the other Party with written notice of such Dispute and initiates the dispute resolution process in accordance with Article 16, in each case, within [***] Business Days following receipt of the Breach Notice, then (i) the other Party will not have the right to terminate under Section 15.4(a) unless and until it has been determined, in accordance with Article 16, that the allegedly breaching Party has materially breached this Agreement, (ii) during the pendency of such a Dispute, the relevant Cure Period with respect to such alleged material breach will be tolled from the date the allegedly breaching Party provides the other Party with notice of such Dispute until the resolution of such Dispute in accordance with Article 16, *provided* that for any Dispute regarding payment, such tolling of the Cure Period will only apply with respect to the payment of the disputed amounts and not with respect to any undisputed amounts, and (iii) all of the terms and conditions of this Agreement will remain in effect, and the Parties will continue to perform all of their respective obligations under this Agreement.

15.5 Termination for Insolvency. Each Party has the right to terminate this Agreement in its entirety upon delivery of written notice to the other Party in the event that (a) such other Party files in any court or agency pursuant to any statute or regulation of any jurisdiction a petition in bankruptcy or insolvency or for reorganization under the Chapter 7 of the United States of Bankruptcy Code or other similar Applicable Law or similar arrangement for the benefit of creditors or for the appointment of a receiver or trustee of such other Party or its assets, (b) such other Party is served with an involuntary petition against it in any insolvency proceeding and such involuntary petition has not been stayed or dismissed within [***] days of its filing, or (c) such other Party makes an assignment of substantially all of its assets for the benefit of its creditors.

15.6 Termination for Patent Challenge. To the maximum extent permissible under the applicable Law, DualityBio may terminate this Agreement by providing [***] days' prior written notice of termination to Avenzo if Avenzo or its Affiliates or Sublicensees (directly or indirectly) contests the validity or enforceability of any Licensed Patent or Greater China Patent anywhere in the world in any court, tribunal, arbitration proceeding or other proceeding, including the U.S.

Patent and Trademark Office and the U.S. International Trade Commission (a “**Patent Challenge**”), unless Avenzo or its applicable Affiliate or Sublicensee withdraws, cancels or otherwise terminates such Patent Challenge within [***] days following DualityBio’s notice; *provided* that Avenzo shall be deemed to have fulfilled its obligation to “**withdraw, cancel or otherwise terminate**” such Patent Challenge within such [***]-day period if Avenzo terminates the applicable sublicense agreement within such [***]-day period. Notwithstanding the foregoing, DualityBio will not have the right to terminate this Agreement if [***]. For clarity, [***] shall not constitute “**Patent Challenges**” hereunder.

15.7 Effects of Termination. Upon the termination (but not expiration) of this Agreement in its entirety or with respect to one or more Terminated Products and Terminated Territories (in which case, references to termination shall apply only to such Terminated Products or Terminated Territories) for any reason, the provisions of this Section 15.7 will apply. All rights and licenses granted by either Party to the other Party herein will immediately terminate and all such rights will revert back to the granting Party, and all sublicenses of such rights and licenses will also terminate, except as provided in this Section 15.7. In addition to the foregoing:

(a) **Reversion License.** Upon any termination of this Agreement (in whole or in part) other than by Avenzo pursuant to Section 15.4, as of the effective date of termination and subject to Section 15.7(b), Avenzo will and hereby does grant to DualityBio and its Affiliates an exclusive and sublicensable (through multiple tiers) license under the Grant-Back Technology solely to Exploit the applicable Terminated Product(s) in the applicable Terminated Territory(ies) (the “**Reversion License**”), which license is exercisable only upon such effective date of termination and is subject to [***].

(b) **Reversion Terms.** Upon any termination of this Agreement (in whole or in part) other than by Avenzo pursuant to Section 15.4, the Parties will negotiate in good faith for a period of [***] days following the effective date of such termination to agree on commercially reasonable financial terms for the Reversion License granted to DualityBio under Section 15.7(a) and the [***] set forth below (the “**Reversion Terms**”). In determining the amount of such Reversion Terms payable by DualityBio to Avenzo, the Parties will take into account, among other things, [***].

In connection with the Reversion License, Avenzo shall, subject to Section 15.7(e), [***]. If the Parties are unable to agree on the applicable Reversion Terms within [***] days after the effective date of termination, then either Party may refer such matter for resolution pursuant to Exhibit 15.7(b).

(c) **Inventory.** [***].

(d) **Sublicenses.** As of the effective date of termination, all sublicenses (including through multiple tiers) then in effect held by any Sublicensee who is in good standing under its applicable sublicense agreement shall, unless terminated by the Sublicensee, remain in effect and automatically become a direct license under the Licensed Technology granted by DualityBio that is the same scope as the sublicense granted by Avenzo on the same terms and conditions set forth in this Agreement.

(e) **Costs.** Any costs incurred by Avenzo or its Affiliates in connection with the transition assistance provided or actions taken by Avenzo or its Affiliates under this Section 15.7 shall be at [***] if this Agreement is terminated [***] or at [***] if this Agreement is terminated for any other reasons.

(f) **Return of Confidential Information.** Upon termination of this Agreement in its entirety, at the Disclosing Party's election, the Receiving Party will return (at Disclosing Party's expense) or destroy all tangible materials comprising, bearing, or containing any Confidential Information of the Disclosing Party that are in the Receiving Party's or its Affiliates' or Sublicensees' possession or control and provide written certification of such destruction (except

to the extent any information is the Confidential Information of both Parties or to the extent that the Receiving Party has the continuing right to use the Confidential Information under this Agreement); *provided* that the Receiving Party may retain one copy of such Confidential Information for its legal archives. Notwithstanding anything herein to the contrary, the Receiving Party will not be required to destroy electronic files containing such Confidential Information that are made in the ordinary course of its business information back-up procedures pursuant to its electronic record retention and destruction practices that apply to its own general electronic files and information.

15.8 Other Remedies. Termination or expiration of this Agreement for any reason will not constitute a waiver or release of, or otherwise be deemed to prejudice or adversely affect, any rights, remedies or claims, whether for damages or otherwise, that a Party may have hereunder or that may arise out of or in connection with such termination or expiration.

15.9 Survival. Termination or expiration of this Agreement will not affect any rights or obligations of the Parties under this Agreement that have accrued prior to the date of termination or expiration. The following provisions will survive the termination or expiration of this Agreement for any reason: Articles 1, 10 (solely to the extent accrued but not paid), 11, 13, 16, 17, and Section 6.5, 7.8 (solely in the event of expiration but not termination of this Agreement), 12.5, 14.1, 14.2 (other than the first sentence), 15.1, 15.7, 15.8 and this Section 15.9.

ARTICLE 16 DISPUTE RESOLUTION

16.1 General. Except for any matter (a) subject to resolution by “baseball style” arbitration in accordance with Exhibit 15.7(b) or (b) for which this Agreement assigns decision-making to the Parties or requires the consent of one or both of the Parties (the “**Excluded Matters**”), the Parties agree that any claim, dispute or controversy between the Parties or any of their Affiliates arising from, relating to or in connection with this Agreement, including with respect to its formation, applicability, breach, termination, enforcement, interpretation or validity (a “**Dispute**”), will be resolved in accordance with this Article 16.

16.2 Continuance of Rights and Obligations during Pendency of Dispute Resolution. During the pendency of any Dispute referred to dispute resolution in accordance with this Article 16, including a dispute related to the termination of this Agreement, all rights and obligations of the Parties will continue until such time as any Dispute has been resolved in accordance with the provisions of this Article 16.

16.3 Escalation. Either Party, through the delivery of written notice, may refer any Dispute to the Senior Executives for attempted resolution. In the event the Senior Executives are unable to resolve such Dispute within [***] days following the delivery of such written notice, then, upon the written request of either Party to the other Party (“**Dispute Referral**”), the Dispute will be subject to further resolution in accordance with Section 16.4 or Section 16.5, as applicable.

16.4 Arbitration.

(a) [***].

(b) [***].

(c) [***].

(d) [***].

(e) [***].

(f) [***].

16.5 **Certain Disputes.** Notwithstanding any provision to the contrary set forth in Section 16.4, in the event of a Dispute with respect to (a) the validity, scope, enforceability or ownership of any Patent or other intellectual property rights, or (b) any antitrust, anti-monopoly or competition law or regulation, whether or not statutory, and such Dispute is not resolved in accordance with Section 16.3, such Dispute will not be submitted to an arbitration proceeding in accordance with Section 16.4, unless otherwise agreed by the Parties in writing, and instead, either Party may initiate litigation in a court of competent jurisdiction.

ARTICLE 17 MISCELLANEOUS

17.1 **Governing Law.** This Agreement will be governed by and construed in accordance with the laws of the State of New York, U.S. without reference to any rules of conflict of laws. The United Nations Convention on Contracts for the International Sale of Goods does not apply to this Agreement and is expressly and entirely excluded.

17.2 **Force Majeure.** Neither Party will be held liable to the other Party nor be deemed to have defaulted under or breached this Agreement for failure or delay in performing any obligation under this Agreement to the extent such failure or delay is caused by or results from causes beyond the reasonable control of the affected Party (except to the extent such delay results from the breach by the affected Party or any of its Affiliates of any term or condition of this Agreement) including embargoes, war, acts of war (whether war be declared or not), insurrections, riots, civil commotions, strikes, lockouts or other labor disturbances, fire, floods, pandemics, epidemics, quarantines, or other acts of God or any other deity (or orders of any Governmental Authority related to any of the foregoing), or acts, omissions or delays in acting by any Governmental Authority. The affected Party will notify the other Party of such force majeure circumstances (each, a “**Force Majeure Event**”) as soon as reasonably practical, the JSC, JDC or JMSC, as applicable, will review and discuss any such matter and the affected Party will promptly undertake Commercially Reasonable Efforts necessary to cure such Force Majeure Event. The suspension of performance will be of no greater scope and no longer duration than is necessary and the affected Party will use Commercially Reasonable Efforts to resume performance of its obligations.

17.3 Performance by Affiliates. Notwithstanding any provision to the contrary set forth in this Agreement, Avenzo will have the right to perform any or all of its obligations and exercise any or all of its rights under this Agreement through any Affiliate (so long as such Affiliate remains an Affiliate of Avenzo). Avenzo hereby guarantees the performance by its Affiliates of its obligations under this Agreement and will cause its Affiliates to comply with the provisions of this Agreement in connection with such performance. Any breach by Avenzo's Affiliate of any of Avenzo's obligations under this Agreement will be deemed a breach by Avenzo, and DualityBio may proceed directly against Avenzo without any obligation to first proceed against Avenzo's Affiliate.

17.4 Assignment. Neither Party may assign this Agreement without the other Party's prior written consent (such consent not to be unreasonably withheld, conditioned or delayed); except that (a) either Party may make such an assignment without such consent to a Third Party successor to substantially all of the business or assets of such Party to which this Agreement relates (whether by merger, sale of stock or sale of assets), and (b) either Party may assign this Agreement without such consent to an Affiliate (so long as such Affiliate remains an Affiliate of the assigning Party and the assigning Party will remain liable for all of its rights and obligations under this Agreement). [***]. Any attempted assignment or transfer in violation of this Section 17.4 will be null and void. Subject to the foregoing, this Agreement will be binding on and inure to the benefit of the Parties and their respective successors and permitted assigns.

17.5 Severability. If any one or more of the provisions contained in this Agreement is held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein will not in any way be affected or impaired thereby, unless the absence of the invalidated provision(s) adversely affects the substantive rights of the Parties. The Parties will in such an instance use their best efforts to replace the invalid, illegal or unenforceable provision(s) with valid, legal and enforceable provision(s) which, insofar as practical, implement the purposes of this Agreement.

17.6 Notices. All notices which are required or permitted hereunder will be in writing and sufficient if delivered personally, sent by facsimile (and promptly confirmed by personal delivery, registered or certified mail or overnight courier), sent by nationally-recognized overnight courier or sent by registered or certified mail, postage prepaid, return receipt requested, addressed as follows:

Any such notice will be deemed to have been given: (a) when delivered if personally delivered; (b) if sent by email, upon electronic confirmation of receipt; (c) on the Business Day after dispatch if sent by nationally recognized overnight courier; or (d) on the fifth Business Day following the date of mailing if sent by mail.

17.7 Entire Agreement; Amendments. The Agreement contains the entire understanding of the Parties with respect to the subject matter hereof. All express or implied agreements and understandings, either oral or written, with regard to the subject matter hereof (including the licenses granted hereunder), including the Confidentiality Agreement, are superseded by the terms of this Agreement. Neither Party is relying on any representation, promise, nor warranty not expressly set forth in this Agreement. This Agreement may be amended, or any term hereof modified, only by a written instrument duly executed by authorized representatives of both Parties hereto. To the extent there is any conflict between the terms of any Ancillary Agreement (including the Pharmacovigilance Agreement, the Supply Agreement or related Quality Agreement) and the terms of this Agreement, the terms of such Ancillary Agreement will control solely with respect to the primary subject matters thereof, and the terms of this Agreement will control otherwise.

17.8 **Headings.** The captions to the several Sections hereof are not a part of this Agreement, but are merely for convenience to assist in locating and reading the Sections of this Agreement.

17.9 **Independent Contractors.** It is expressly agreed that DualityBio and Avenzo will be independent contractors and that the relationship between the two Parties will not constitute a partnership, joint venture or agency. Neither DualityBio nor Avenzo has the authority to make any statements, representations or commitments of any kind, or to take any action, which will be binding on the other Party, without the prior written consent of the other Party.

17.10 **Waiver.** The waiver by either Party of any right hereunder, or the failure of the other Party to perform, or a breach by the other Party, will not be deemed a waiver of any other right hereunder or of any other breach or failure by such other Party whether of a similar nature or otherwise. No waiver shall be binding unless in writing and signed by the waiving Party.

17.11 **Waiver of Rule of Construction.** Each Party has had the opportunity to consult with counsel in connection with the review, drafting and negotiation of this Agreement. Accordingly, the rule of construction that any ambiguity in this Agreement will be construed against the drafting Party will not apply.

17.12 **Construction.** Except where the context expressly requires otherwise, (a) the use of any gender herein will be deemed to encompass references to either or both genders, and the use of the singular will be deemed to include the plural (and vice versa), (b) the words “**include**”, “**includes**” and “**including**” will be deemed to be followed by the phrase “**without limitation**”, (c) the word “**will**” will be construed to have the same meaning and effect as the word “**shall**”, (d) any definition of or reference to any agreement, instrument or other document herein will be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (e) any reference herein to any person will be construed to include the person’s successors and assigns, (f) the words “**herein**”, “**hereof**” and “**hereunder**”, and words of similar import, will be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (g) all references herein to Sections or Exhibits will be construed to refer to Sections or Exhibits as described in this Agreement, (h) the word “**notice**” means notice in writing (whether or not specifically stated) and will include notices, consents, approvals and other written communications contemplated under this Agreement, (i) provisions that require that a Party, the Parties or any committee hereunder “**agree**”, “**consent**” or “**approve**” or the like will require that such agreement, consent or approval be specific and in writing, whether by written agreement, letter, approved minutes or otherwise (but excluding e-mail and instant messaging), (j) references to any specific law, rule or regulation, or Section, section or other division thereof, will be deemed to include the then-current amendments thereto or any replacement or successor law, rule or regulation thereof, and (k) the term “**or**” will be interpreted in the inclusive sense commonly associated with the term “**and/or**” where applicable.

17.13 **Counterparts.** This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. Each Party will be entitled to rely on the delivery of executed electronic or PDF copies of counterpart execution pages of this Agreement and such electronic or PDF copies will be legally effective to create a valid and binding agreement among the Parties.

17.14 **Language.** This Agreement is in the English language only, which language will be controlling in all respects, and all versions hereof in any other language will be for accommodation only and will not be binding upon the Parties. All communications and notices to be made or given pursuant to this Agreement, and any dispute or other proceeding related to or arising hereunder, will be in the English language.

Avenzo Therapeutics Announces Global License of AVZO-1418 (DB-1418), a Potential Best-In-Class EGFR/HER3 Antibody-Drug Conjugate from DualityBio

Exclusive global license (excluding Greater China) for development, manufacturing and commercialization of potential best-in-class EGFR/HER3 antibody-drug conjugate

EGFR and HER3 co-expressed across various solid tumors, including non-small cell lung cancer, breast cancer, and head and neck cancer

First-in-human clinical study expected this year

SAN DIEGO, Calif. and SHANGHAI, China – [DATE] – Avenzo Therapeutics, Inc. (“Avenzo”), a clinical-stage biotechnology company developing next-generation oncology therapies, today announced that it has entered into an exclusive license agreement with Duality Biologics (“DualityBio”) to develop, manufacture and commercialize AVZO-1418/DB-1418, a potential best-in-class EGFR/HER3 bispecific antibody-drug conjugate (ADC), globally (excluding Greater China).

“DualityBio has a strong track record of developing and advancing a pipeline of differentiated ADCs that target a broad range of indications,” said Athena Countouriotis, M.D., Co-founder, President and CEO of Avenzo Therapeutics. “By targeting both EGFR and HER3 with its differentiated design, AVZO-1418/DB-1418 has the potential to provide clinical benefit across multiple solid tumor types. We are excited to add this drug candidate to our clinical pipeline and look forward to collaborating with DualityBio to quickly progress this program into clinical studies.”

“DualityBio and Avenzo share a common purpose in developing the next generation of oncology therapies that address underserved therapeutic areas,” said John Zhu, Ph.D., Founder and CEO of DualityBio. “Based on preclinical studies, we believe AVZO-1418/DB-1418 has the potential to offer enhanced therapeutic benefits over other therapies. We look forward to partnering with the Avenzo team to accelerate the development of this program and provide a potential new treatment option to cancer patients.”

IND-enabling studies are ongoing with plans to advance AVZO-1418/DB-1418 into a first-in-human clinical study this year.

Under the terms of the agreement, DualityBio will receive an upfront payment of \$50 million and will be eligible to receive up to approximately \$1.15 billion in development, regulatory and commercial milestone payments. In addition, DualityBio is eligible to receive tiered royalties on sales in Avenzo's territory.

About AVZO-1418/DB-1418

AVZO-1418/DB-1418 is an EGFR/HER3 dual targeting, topoisomerase-1 inhibitor-based ADC built from DualityBio's proprietary Duality Innovative Bispecific Antibody Conjugate (DIBAC) platform. In preclinical studies, AVZO-1418/DB-1418 has exhibited higher binding affinity to tumor cells and has demonstrated its efficacy potential across various solid tumors, including those that are EGFR-resistant, EGFR-low or HER3-resistant.

About Avenzo Therapeutics

Avenzo Therapeutics is a clinical-stage biotechnology company focused on developing next-generation oncology therapies for patients. The company's lead drug candidate, AVZO-021, is a novel, highly potent and selective inhibitor of CDK2, a key enzyme involved in cell cycle regulation. AVZO-021 is being studied in a Phase 1 study in the U.S. for the treatment of advanced solid tumors and in combinations in HR+/HER2-negative metastatic breast cancer. This Office Lease (this “**Lease**”) is dated November __, 2022, by and between **BRE CA OFFICE OWNER LLC, a Delaware limited liability company (“Landlord”)** and **AVENZO THERAPEUTICS, INC., a Delaware corporation (“Tenant”)**. The following exhibits are incorporated herein and made a part hereof: **Exhibit A-1** (Outline of Suite 250, Suite 200, and Potential Offering Space [Suite 225]); **Exhibit A-2** (Outline of Temporary Space); **Exhibit B** (Expenses and Taxes); **Exhibit C-1** (Suite 250 Tenant Work Letter); **Exhibit C-2** (Suite 200 Tenant Work Letter); **Exhibit D** (Form of Confirmation Letter); **Exhibit E** (Rules and Regulations); **Exhibit F** (Additional Provisions); **Exhibit G** (Judicial Reference); **Exhibit H** (Form of Letter of Credit); **Exhibit I** (Approximate Location of Signage).

1 BASIC LEASE INFORMATION.**1.1 Premises.**

1.1.1 “**Building**”: 12707 High Bluff Drive, San Diego, California 92130, commonly known as Junction at Del Mar I.

1.1.2 “**Premises**”: a total of 17,223 rentable square feet in the Building comprised of: (a) 5,960 rentable square feet of space located on the second (2nd) floor commonly known as Suite 250 (“**Suite 250**”), and (b) 11,263 rentable square feet of space located on the second (2nd) floor commonly known as Suite 200 (“**Suite 200**”), the outline and location of which are set forth in **Exhibit A-1**.

1.1.3 “**Property**”: The Building, the parcel(s) of land upon which it is located, and the parking facilities and other improvements serving the Building and the parcel(s) of land upon which such parking facilities and other improvements are located.

1.1.4 “**Project**”: The Property.

1.2 Term.

1.2.1 The term of this Lease (the “**Term**”) shall begin on the Suite 250 Commencement Date (as hereafter defined) and expire on the Suite 200 Expiration Date (or any earlier date on which this Lease is terminated as provided herein). The “**Suite 250 Term**” shall begin on the Suite 250 Commencement Date and expire on the Suite 250 Expiration Date (as such may be extended pursuant to **Sections 3 and 4 of Exhibit F**). The “**Suite 200 Term**” shall begin on the Suite 200 Commencement Date (as hereafter defined) and expire on the Suite 200 Expiration Date (as may be extended pursuant to **Section 4 of Exhibit F**).

1.2.2 Commencement Dates:

(a) “**Suite 250 Commencement Date**” means the earlier of (i) the first date on which Tenant conducts business in Suite 250 pursuant to this Lease, or (ii) the date on which the Tenant Improvement Work (defined in **Exhibit C-1**) in Suite 250 is Substantially Complete (defined in **Exhibit C-1**), which is anticipated to be February 1, 2023; provided, however, that if Landlord fails to deliver Suite 250 to Tenant pursuant to this Lease on or before the date described in the preceding clause (ii) as a result of any holdover or unlawful possession by another party, the Suite 250 Commencement Date shall be the date on which Landlord delivers possession of Suite 250 to Tenant pursuant to this Lease free from occupancy by any party. Landlord shall allow Tenant access to Suite 250 beginning approximately thirty (30) days prior to the Suite 250 Commencement Date, as determined by Landlord, for the purpose of Tenant installing furniture and equipment (including telephones and computers) in Suite 250. Prior to Tenant’s entry into Suite 250 as permitted by the terms of this Section 1.2.2(a), Tenant shall submit certificates of insurance reasonably acceptable to Landlord and shall submit a schedule to Landlord for Landlord’s approval, which approval shall not be unreasonably withheld, conditioned or delayed, which schedule shall detail the timing and purpose of Tenant’s entry. Tenant shall hold Landlord harmless from and indemnify, protect and defend Landlord against any loss or damage to the Project or Premises and against injury to any persons caused by Tenant’s actions pursuant to this Section 1.2.2(a).

(b) “**Suite 200 Commencement Date**” means the earlier of (i) the first date on which Tenant conducts business in Suite 200 pursuant to this Lease, or (ii) the date on which the Tenant Improvement Work (defined in **Exhibit C-2**) in Suite 200 is Substantially Complete (defined in **Exhibit C-2**), which is anticipated to be August 1, 2023; provided, however, that if Landlord fails to deliver Suite 200 to Tenant pursuant to this Lease on or before the date described in the preceding clause (ii) as a result of any holdover or unlawful possession by another party, the Suite 200 Commencement Date shall be the date on which Landlord delivers possession of Suite 200 to Tenant pursuant to this Lease free from occupancy by any party. Landlord shall allow Tenant access to Suite 200 beginning approximately thirty (30) days prior to the Suite 200 Commencement Date, as determined by Landlord, for the purpose of Tenant installing furniture and equipment (including telephones and computers) in Suite 200. Prior to Tenant’s entry into Suite 200 as permitted by the terms of this Section 1.2.2(b), Tenant shall submit certificates of insurance reasonably acceptable to Landlord and shall submit a schedule to Landlord for Landlord’s approval, which approval shall not be unreasonably withheld, conditioned or delayed, which schedule shall detail the timing and purpose of Tenant’s entry. Tenant shall hold Landlord harmless from and indemnify, protect and defend Landlord against any loss or damage to the Project or Premises and against injury to any persons caused by Tenant’s actions pursuant to this Section 1.2.2(b).

1.2.3 Expiration Dates:

(a) “**Suite 250 Expiration Date**”: The last day of the 65th full calendar month beginning on or after the Suite 250 Commencement Date, subject to extension pursuant to **Sections 3 and 4 of Exhibit F**.

(b) “**Suite 200 Expiration Date**”: The last day of the 91st full calendar month beginning on or after the Suite 200 Commencement Date, subject to extension pursuant to **Section 4 of Exhibit F**.

1.3 “Base Rent”:

* Net of electricity provided to Suite 200 which shall be payable separately by Tenant pursuant to Section 5.1 below.

Notwithstanding the foregoing, Base Rent for Suite 200 shall be abated in the amount of \$54,625.55 per month, for the period commencing on the first day of the 2nd full calendar month of the Term and ending on the last day of the 5th full calendar month of the Term (the “**Suite 200 Abatement Period**”); provided, however, that (a) if a Default (defined in Section 18.1) exists when any such abatement would otherwise apply, such abatement shall be deferred until the date, if any, on which such Default is cured; and (b) Landlord, at its option, may cancel all or any portion of any such abatement that has not yet been applied, by notifying Tenant of such cancellation and paying Tenant the then discounted present value of such unapplied abatement, as determined using a discount rate of 8.5% (the “**Suite 200 Base Rent Cancellation Amount**”), in which event the parties, at Landlord’s option, shall execute a commercially reasonable amendment to this Lease prepared by Landlord memorializing such cancellation and the Suite 200 Base Rent Cancellation Amount. During the Suite 200 Abatement Period, Tenant shall remain responsible for all of its other obligations under this Lease including, without limitation, for separately metered electricity charges, Tenant’s Share of Expenses and Taxes, parking charges, if applicable, and any extraordinary charges such as charges for after-hours HVAC.

1.4 “**Base Year**” for Suite 250 shall be the calendar year 2023 and the Base Year for Suite 200 shall be the calendar year 2024.

1.5 “**Tenant’s Share**” means 10.06% (for Suite 250) and 19.01% (for Suite 200), based upon a total of 59,245 rentable square feet in the Building.

1.6 “**Permitted Use**” means general office use and incidental purposes related thereto consistent with a first-class office building.

1.7 “**Letter of Credit**” means a letter of credit in the stated amount of \$965,548.33, as more particularly described in Section 20. The amount of the Prepaid Base Rent (defined in Section 3) for Suite 250 is \$28,906.00 and for Suite 200 is \$54,625.55.

1.8 Parking.

1.8.1 **For Suite 250:** Subject to the terms and conditions of this Section 1.8 and Section 1 of Exhibit F, during the Suite 250 Term, Tenant shall be entitled to use up to a total of seventeen (17) unreserved parking passes (based upon a ratio of three-point six (3.6) unreserved parking passes per one thousand (1,000) usable square feet of the Premises, with the Premises having a total of approximately 4,826 usable square feet).

1.8.2 **For Suite 200:** Subject to the terms and conditions of this Section 1.8 and Section 1 of Exhibit F, during the Suite 200 Term, Tenant shall be entitled to use up to a total of thirty-three (33) unreserved parking passes (based upon a ratio of three-point six (3.6) unreserved parking passes per one thousand (1,000) usable square feet of the Premises, with the Premises having a total of approximately 9,121 usable square feet). Upon written notice to Landlord prior to the Suite 200 Commencement Date, Tenant may elect to convert up to two (2) unreserved passes to reserved parking spaces in the lower level of the Project’s parking deck at Landlord’s market rate, which is currently one hundred and twenty-five dollars (\$125.00) per reserved parking space per month.

1.9 **Address of Tenant.** Before the Suite 250 Commencement Date, notices shall be sent to Tenant at: 9171 Towne Centre Drive, Suite 380, San Diego, CA 92122, Attention: Legal Department. On and after the Suite 250 Commencement Date, notices shall be sent to Tenant at Suite 250, Attention: Legal Department; and in either case with a copy to Cooley LLP, 10265 Science Center Drive, San Diego, California 92121-1117, Attention: Charles Bair.

1.10 **Address of Landlord.** Notices shall be sent to Landlord at BRE CA Office Owner LLC, c/o EQ Office, 6080 Center Drive, Suite 120, Los Angeles, CA 90045, Attention: Regional Finance Group – MLA, with copies to BRE CA Office Owner LLC, c/o Revantage, 233 South Wacker Drive, Suite 4700, Chicago, IL 60606 – 6374, Attention: SAVP and Senior Counsel, and BRE CA Office Owner LLC, c/o EQ Office, 233 South Wacker Drive, Suite 4700, Chicago, IL 60606 – 6374, Attention: Lease Administration.

1.11 **Brokers.** Greg Bisconti & Casey Sterk, Jones Lang LaSalle, Inc., 8910 University Center Lane, Suite 100, San Diego, CA 92122 (“**Tenant’s Broker**”), representing Tenant, and Ryan Egli and Ellycia Halden, CBRE, 4301 La Jolla Village Drive, Suite 3000, San Diego, CA 92122 (“**Landlord’s Broker**”), representing Landlord.

1.12 **Guarantor.** As of the date hereof, there is no Guarantor.

2 PREMISES, COMMON AREAS AND TEMPORARY SPACE.

2.1 The Premises.

2.1.1 Subject to the terms hereof, Landlord hereby leases the Premises to Tenant and Tenant hereby leases the Premises from Landlord. Landlord and Tenant acknowledge that the rentable area of the Premises is as set forth in **Section 1.1.2** and the rentable area of the Building is as set forth in **Section 1.5**. At any time, Landlord may deliver to Tenant a notice substantially in the form of **Exhibit D**, as a confirmation of the information set forth therein. Tenant shall execute and return (or, by notice to Landlord, reasonably object to) such notice within ten (10) business days after receiving it.

2.1.2 Except as expressly provided herein and in **Exhibits C-1** and **C-2**, the Premises are accepted by Tenant in their “as is”, “where is” configuration and condition existing on the date hereof, without any obligation of Landlord to perform or pay for any alterations to the Premises, and without any representation or warranty regarding the configuration or condition of the Premises, the Building or the Project or their suitability for Tenant’s business. Notwithstanding the foregoing, Landlord shall insure that the following systems serving the Premises are in good working order as of the Suite 250 Commencement Date and the Suite 200 Commencement Date, respectively: (a) the HVAC equipment and systems; and

(a) the electrical, mechanical and plumbing systems. Tenant shall notify Landlord of any required repairs relating to the systems referenced in subsections (a) and (b) above within sixty (60) days after the applicable Commencement Date, and if Tenant timely notifies Landlord that any such system is not in good working order (and neither Tenant nor Tenant’s agents, contractors, employees are the cause of the necessary repairs as reasonably determined by Landlord in its sole, but good faith discretion), then Landlord shall, at Landlord’s sole cost and expense, cause such system(s) to be put in good working order within ten (10) business days of receipt of Tenant’s notification. If Tenant fails to notify Landlord of the need for any such repair within the applicable sixty (60) day period, then such systems shall be deemed to be in good working order.

2.1.3 This Lease is solely a lease of space in the Building and does not constitute a lease of any land.

2.2 **Common Areas.** Tenant may use, in common with Landlord and other parties and subject to the Rules and Regulations (defined in **Exhibit E**), any portions of the Property that are designated from time to time by Landlord for such use (the “**Common Areas**”).

2.3 **Temporary Space.** During the period (“**Temporary Space Term**”) commencing as of November 1, 2022 and continuing until the Suite 200 Commencement Date, Landlord shall lease to Tenant and Tenant shall lease from Landlord approximately 3,836 rentable square feet located in Suite 100 on the first (1st) floor of the Building, as shown on Exhibit A-2 hereto and made a part hereof (the “**Temporary Space**”). Tenant’s lease of the Temporary Space shall be subject to all of the terms, conditions and limitations set forth in this Lease regarding the Premises except as follows:

2.3.1 Tenant shall have no obligation to pay Base Rent nor to pay for any Expenses or Taxes in connection with Tenant’s lease of the Temporary Space. All other obligations of Tenant contained in this Lease with respect to the Premises (including, without limitation, Tenant’s obligation to pay for separately metered electricity provided to the Temporary Space (in accordance with Section 5.1, below), all extraordinary charges (e.g., after-hours HVAC), Tenant’s indemnification obligation, Tenant’s obligation to obtain and maintain insurance and Tenant’s obligation to pay for parking, if applicable) shall be applicable with respect to the Temporary Space throughout the Temporary Space Term.

2.3.2 Tenant agrees that Tenant shall accept the Temporary Space in its current "as-is" condition, and that Landlord shall not be required to construct any improvements in, or contribute any improvement allowance for, the Temporary Space; consequently, the Tenant Work Letters attached to this Lease as **Exhibits C-1** and **C-2** shall not be applicable with respect to the Temporary Space. Tenant further acknowledges that neither Landlord nor any agent of Landlord has made any representation or warranty with respect to the Temporary Space or its suitability for the conduct of Tenant's business therein.

2.3.3 Throughout the term of Tenant's lease of the Temporary Space, Tenant shall be entitled to utilize (at no additional charge) twelve (12) unreserved parking passes subject to all other terms and conditions of **Section 1** of **Exhibit F**.

2.3.4 Tenant shall vacate and surrender the Temporary Space in the same condition as received, reasonable wear and tear, casualty and Landlord's obligations excepted, upon the Suite 200 Commencement Date. If Tenant fails to so surrender the Temporary Space on or before said date, the terms and conditions of Section 15 of this Lease shall apply, and for purposes of calculating holdover rent under Section 15, the monthly Base Rent rate for the Temporary Space shall be deemed to be \$18,604.60.

3 RENT.

3.1 **General.** Tenant shall pay all Base Rent and Additional Rent (defined below) (collectively, "**Rent**") to Landlord or Landlord's agent, without prior notice or demand or any setoff or deduction, at the place Landlord may designate from time to time, in money of the United States of America that, at the time of payment, is legal tender for the payment of all obligations. "**Additional Rent**" means all amounts, other than Base Rent, that Tenant is required to pay Landlord hereunder. Monthly payments of Base Rent and monthly payments of Additional Rent for Expenses (defined in **Exhibit B**), Taxes (defined in **Exhibit B**) and parking (collectively, "**Monthly Rent**") shall be paid in advance on or before the first day of each calendar month during the Term; provided, however, that the installment of Base Rent each portion of the Premises for the first full calendar month for which Base Rent is payable hereunder ("**Prepaid Base Rent**") shall be paid upon Tenant's execution and delivery hereof. Except as otherwise provided herein, all other items of Additional Rent shall be paid within thirty (30) days after Landlord's request for payment. Rent for any partial calendar month shall be prorated based on the actual number of days in such month. Without limiting Landlord's other rights or remedies, (a) if any payment of Rent is not received by Landlord or its designee within five (5) business days after its due date, Tenant shall pay Landlord a late charge equal to 5% of the overdue amount; and (b) any Rent that is not paid within ten (10) days after its due date shall bear interest, from its due date until paid, at the lesser of 12% per annum or the highest rate permitted by Law (defined in **Section 4**). Tenant's covenant to pay Rent is independent of every other covenant herein. Notwithstanding anything to the contrary in this Lease, Tenant may, at its election, pay any Rent to Landlord by electronic transfer and Landlord shall provide Tenant with ACH information upon request from Tenant.

3.2 **Expenses and Taxes.** Tenant shall pay Tenant's Share of Expenses and Taxes in accordance with **Exhibit B**.

4 USE; COMPLIANCE WITH LAWS. Tenant shall not (a) use the Premises for any purpose other than the Permitted Use, or (b) do anything in or about the Premises that violates any of the Rules and Regulations, unreasonably interferes with, injures or annoys other occupants of the Project, or constitutes a nuisance. Subject to **Exhibit C**, Tenant, at its expense, shall comply with all Laws relating to (i) the operation of its business at the Project, (ii) the specific use, condition, configuration or occupancy of the Premises, (iii) any Supplemental Systems (defined below) within the Premises, or (iv) the portions of Base Building Systems (defined below) located in and exclusively serving the Premises; provided, however, that nothing in this sentence shall be deemed to require Tenant to make any change to any Common Area or the Base Building (other than portions of Base Building Systems located in the Premises). If, in order to comply with any such Law, Tenant must obtain or deliver any permit, certificate or other document evidencing such compliance, Tenant shall provide a copy of such document to Landlord promptly after obtaining or delivering it. Tenant shall promptly provide Landlord with a copy of any notice it receives regarding any alleged violation of Law with respect to the Premises or Tenant's use or occupancy thereof. Subject to **Exhibit C**, if a change

to the Common Areas or the Base Building (defined below) (other than any portion of a Base Building System located in or (provided that Tenant has access thereto) exclusively serving the Premises, which shall be governed by the second sentence of this [Section 4](#)) becomes required under Law (or if any such requirement is enforced) as a result of any Tenant-Insured Improvement (defined in [Section 9.2.2](#)) (other than the initial Tenant Improvements to be installed by Landlord pursuant to either of the Tenant Work Letters attached to this Lease as [Exhibits C-1](#) and [C-2](#)), the installation of any trade fixture, any particular use of the Premises (as distinguished from general office use), or any breach of Tenant's obligations under this Lease, then Tenant, upon demand, shall (x) at Landlord's option, either make such change at Tenant's cost or pay Landlord the cost of making such change, and (y) pay Landlord a coordination fee equal to 5% of the cost of such change. "Law" means any existing or future law, ordinance, regulation or requirement of any governmental authority having jurisdiction over the Project or the parties. "Supplemental System" means any Unit (defined in [Section 23.5](#)), supplemental fire-suppression system, kitchen (including any hot water heater, dishwasher, garbage disposal, insta-hot dispenser, or plumbing), shower or similar facility, or any other system that would not customarily be considered part of the base building of a first-class multi-tenant office building. "Base Building System" means any mechanical (including HVAC), electrical, plumbing or fire/life-safety system serving the Building, other than a Supplemental System. "Base Building" means the structural portions of the Building, together with the Base Building Systems.

5 SERVICES.

5.1 **Standard Services.** Landlord shall provide the following services on all days (unless otherwise stated below): (a) subject to limitations imposed by Law, Building-standard heating, ventilation and air conditioning ("HVAC") in season during Building HVAC Hours (defined below), stubbed to the Premises; (b) electricity supplied by the applicable public utility, stubbed to the Premises; (c) water supplied by the applicable public utility (i) for use in lavatories and any drinking facilities located in Common Areas within the Building, and (ii) stubbed to the Building core for use in any plumbing fixtures located in the Premises; (d) janitorial services to the Premises, except on weekends and Holidays (defined below); and (e) elevator service (subject to scheduling by Landlord, and payment of Landlord's standard usage fee, for any freight service). To the extent reasonably determined by Landlord to be practicable, all electricity provided under [Section 5.1\(h\)](#) above shall be separately metered and Tenant shall make payment directly to the entity providing such electricity to the Premises. "Building HVAC Hours" means 8:00 a.m. to 6:00 p.m., Monday through Friday, and 9:00 a.m. to 1:00 p.m. on Saturday, excluding the day of observation of New Year's Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day, and, at Landlord's discretion, any other locally or nationally recognized holiday that is observed by other Comparable Buildings (defined in [Section 23.9](#)) (collectively, "Holidays"). If Landlord, at Tenant's request, provides any service not expressly required hereunder, Tenant shall pay Landlord the reasonable cost thereof plus five percent (5%) of such cost. If Tenant (or any party claiming by, through or under Tenant) pays directly to the provider for any energy, water or other utility consumed at the Property, Tenant shall deliver to Landlord on a monthly (or, at Landlord's option, a less frequent) basis and in a format reasonably requested by Landlord, or, at Landlord's option, execute and deliver to Landlord an instrument enabling Landlord to obtain from such provider, any data about such consumption that Landlord reasonably requests, including total usage and charges as they appear on Tenant's utility bills and any other data about such consumption that Landlord, in its reasonable judgment, desires to obtain or is required to disclose to a prospective buyer, tenant, Security Holder or governmental agency under applicable Law. Tenant shall use its commercially reasonable efforts (at no additional cost to Tenant and without any adverse effect to the comfort of Tenant's personnel within the Premises) to cooperate with Landlord to achieve cost efficiencies using tariff analysis and property improvement recommendations resulting from ASHRAE audits and aggregated procurement.

5.2 **Above-Standard Use.** Landlord shall provide Building-standard HVAC service outside of Building HVAC Hours if Tenant gives Landlord reasonable prior notice thereof and pays Landlord's standard charge therefor. The parties acknowledge that, as of the date hereof, Landlord's charge for HVAC service outside Building HVAC Hours is \$35.00 per hour per zone, subject to change from time to time. The connected electrical load of Tenant's incidental-use equipment shall not exceed the Building-standard electrical design load or be distributed within the Premises in a manner that violates applicable Law. If Tenant's consumption of water exceeds the rate Landlord reasonably deems to be standard for the Building, Tenant shall pay Landlord, upon billing, the cost of such excess consumption, including any costs of installing, operating and maintaining any equipment that is installed in order to supply or measure such excess water. Tenant shall reimburse Landlord for any additional or above-standard cleaning costs incurred by Landlord (whether in the Premises or elsewhere in and around the Building) which are performed at the request of Tenant or arise from or with respect to any person using the Premises or the Building by, through or under Tenant, who is symptomatic or tests positive for Coronavirus.

5.3 **Interruption.** Subject to Section 10, any failure to furnish, delay in furnishing, or diminution in the quality or quantity of any service resulting from any application of Law, failure of equipment, performance of maintenance, repairs, improvements or alterations, utility interruption, or event of Force Majeure (each, a “**Service Interruption**”) shall not render Landlord liable to Tenant, constitute a constructive eviction, or excuse Tenant from any obligation hereunder. Notwithstanding anything to the contrary contained in this Lease, if all or a material portion of the Premises is made untenantable or inaccessible for more than 5 consecutive business days after notice from Tenant to Landlord as a result of a Service Interruption that can be corrected through Landlord’s reasonable efforts and does not result from a Casualty (defined in Section 10), a Taking (defined in Section 12) or an Act of Tenant (defined in Section 9.1), then, as Tenant’s sole remedy, Monthly Rent shall abate for the period beginning on the 6th consecutive business day of such Service Interruption and ending on the day such Service Interruption ends, but only in proportion to the percentage of the rentable square footage of the Premises made untenantable or inaccessible and not occupied by Tenant.

5.4 **Twenty-Four Hour Access.** Subject to Landlord’s security requirements, repairs made by Landlord to the Project, Force Majeure and Sections 10 and 12 below, Tenant shall have access to (a) Suite 250 twenty-four (24) hours per day, seven (7) days per week throughout the Suite 250 Term, and (b) Suite 200 twenty-four (24) hours per day, seven (7) days per week throughout the Suite 200 Term.

6 REPAIRS AND ALTERATIONS.

6.1 **Repairs.** Subject to Section 10, Tenant, at its expense, shall perform all maintenance and repairs (including replacements) to the Premises, and keep the Premises in as good condition and repair as existed when Tenant took possession and as thereafter improved, except for reasonable wear and tear, casualty and repairs that are Landlord’s express responsibility hereunder. Tenant’s maintenance and repair obligations shall include (a) all leasehold improvements in the Premises, any Alterations (defined in Section 6.2), and any leasehold improvements installed in the Premises pursuant to any prior lease (the “**Leasehold Improvements**”), but excluding the Base Building; (b) any Supplemental Systems serving the Premises, whether located inside or (provided that Tenant has access thereto) outside of the Premises; and (c) all Lines (defined in Section 22) and trade fixtures within the Premises. Notwithstanding the foregoing, if a Default (defined in Section 18.1) or an emergency exists, Landlord may, at its option, perform such maintenance and repairs on Tenant’s behalf, in which case Tenant shall pay Landlord, upon demand, the cost of such work plus a coordination fee equal to 5% of such cost. Landlord shall perform all maintenance and repairs to (i) the roof and exterior walls and windows of the Building, (ii) the Base Building, and (iii) the Common Areas.

6.2 **Alterations.** Tenant may not make any improvement, alteration, addition or change to the Premises or to any mechanical, plumbing or HVAC facility or other system (an “**Alteration**”) without Landlord’s prior consent, which consent shall not be unreasonably withheld, conditioned or delayed by Landlord. Landlord shall either grant or deny any approval requested by Tenant under this Section 6.2 within 10 days after its receipt of Tenant’s written request for such approval, which request must include the items (or a reasonably detailed description of same - e.g., the quality of materials to be approved by Landlord) to be reviewed and approved by Landlord (such items specifically identified by Tenant in such manner are referred to as the “**Alteration Approval Items**”). If Landlord fails to either approve or disapprove any Alteration Approval Items requested by Tenant within the 10-day period set forth above, Tenant shall have the right to provide Landlord with a second request for Landlord to either approve or disapprove any Alteration Approval Items requested by Tenant. Tenant’s second request for Landlord to either approve or disapprove any Alteration Approval Items requested by Tenant must specifically state that Landlord’s failure to respond within a period of 10 days shall be deemed to be an approval by Landlord. If Landlord’s failure to respond continues for 10 days after its receipt of the second request for Landlord to either approve or disapprove any Alteration Approval Items for which Tenant has submitted a second request, then such Alteration Approval Items shall be deemed to have been approved by Landlord. Notwithstanding the foregoing, Landlord’s prior consent shall not be required for any Alteration that is decorative only (e.g., carpet installation or painting), is not visible from outside the Premises, and does not affect the Base Building or require a governmental permit (a “**Cosmetic Alteration**”). For any Alteration other than a Cosmetic Alteration, (a) Tenant, before beginning work, shall deliver to Landlord, and obtain Landlord’s approval of, plans and specifications; (b) Landlord, in its discretion, may require Tenant to obtain security for

performance satisfactory to Landlord; (c) Tenant shall deliver to Landlord “as built” drawings (in CAD format, if requested by Landlord), completion affidavits, and governmental approvals; and (d) Tenant shall pay Landlord upon demand (i) Landlord’s reasonable out-of-pocket expenses incurred in reviewing the work, and (ii) a coordination fee equal to three percent (3%) of the cost of the work. For any Alteration, Tenant shall deliver to Landlord full and final lien waivers.

6.3 Tenant Work. Before beginning any repair or Alteration or any work affecting Lines (collectively, “**Tenant Work**”), Tenant shall deliver to Landlord, and obtain Landlord’s approval of, names of contractors, subcontractors, mechanics, laborers and materialmen; (b) evidence of contractors’ and subcontractors’ insurance; and (c) any required governmental permits. Such approval shall not be unreasonably withheld provided that Landlord may designate specific contractors for work relating to mechanical, electrical, plumbing, HVAC, fire/life-safety and sprinkler systems and for vertical Lines. Landlord shall either grant or deny any approval requested by Tenant under this Section 6.3 within 10 days after its receipt of Tenant’s written request for such approval. If Landlord fails to either approve or disapprove any items requested by Tenant within the 10-day period set forth above, Tenant shall have the right to provide Landlord with a second request for Landlord to either approve or disapprove such items requested by Tenant. Tenant’s second request for Landlord to either approve or disapprove any items requested by Tenant must specifically state that Landlord’s failure to respond within a period of 10 days shall be deemed to be an approval by Landlord. If Landlord’s failure to respond continues for 10 days after its receipt of the second request for Landlord to either approve or disapprove any such items for which Tenant has submitted a second request, then such items shall be deemed to have been approved by Landlord. Tenant shall perform all Tenant Work (i) in a good and workmanlike manner using materials of a quality reasonably approved by Landlord; (ii) in compliance with any approved plans and specifications and any approved modifications thereto, all Laws, the National Electric Code, and Landlord’s reasonable construction rules and regulations; and (iii) in a manner that does not impair the Base Building. Tenant shall notify Landlord at least fifteen (15) business days before commencing any work in the Premises. If, as a result of any Tenant Work, Landlord becomes required under Law to perform any inspection, give any notice, or cause such Tenant Work to be performed in any particular manner, Tenant shall comply with such requirement and promptly provide Landlord with reasonable documentation of such compliance. Landlord’s approval of Tenant’s plans and specifications shall not relieve Tenant from any obligation under this Section 6.3. In performing any Tenant Work, Tenant shall not use contractors, services, labor, materials or equipment that, in Landlord’s reasonable judgment, would cause labor disharmony with any workforce or trades engaged in performing other work or services at the Project, and Tenant shall take all actions necessary to resolve any such labor disharmony, including, immediately upon Landlord’s request, termination of any work in the Premises giving rise to such labor disharmony.

7 LANDLORD’S PROPERTY. All Leasehold Improvements shall become Landlord’s property upon installation and without compensation to Tenant. Notwithstanding the foregoing, if any Tenant-Insured Improvements (other than any Unit, which shall be governed by Section 23.5) are not, in Landlord’s reasonable judgment, Building-standard, then before the expiration or earlier termination hereof, Tenant shall, at Landlord’s election, either (a) at Tenant’s expense, and except as otherwise notified by Landlord, remove such Tenant-Insured Improvements, repair any resulting damage to the Premises or Building, and restore the affected portion of the Premises to its configuration and condition existing before the installation of such Tenant-Insured Improvements (or, at Landlord’s election, to a Building-standard tenant-improved configuration and condition as determined by Landlord), or (b) pay Landlord an amount equal to the estimated cost of such work, as reasonably determined by Landlord. If Tenant fails to timely perform any work required under clause (a) of the preceding sentence, Landlord may perform such work at Tenant’s expense. Not later than when consenting to any Tenant Improvements or Alterations (or, in the case of any Tenant Improvements or Alterations that do not require Landlord’s consent, not later than 15 business days after receiving from Tenant a reasonably specific description of such Tenant Improvements or Alterations together with Tenant’s specific request for such identification), Landlord shall identify any such Tenant Improvements or Alterations that, in Landlord’s judgment, are not Building-standard. Notwithstanding anything to the contrary in this Lease, in no event shall Tenant be obligated to remove or restore of the Tenant Improvements to be constructed pursuant to the Work Letters attached hereto as Exhibit C-1 and Exhibit C-2; provided that nothing contained in this sentence shall be construed to release Tenant from the obligation to remove the Lines in accordance with the terms and conditions of Sections 14 and 22, below.

8 LIENS. Tenant shall keep the Project free from any lien arising out of any work performed, material furnished, or obligation incurred by or on behalf of Tenant or its subtenants or transferees (other than with respect to the Tenant Improvements installed by Landlord). Tenant shall remove any such lien within ten (10) business days after notice from Landlord, and if Tenant fails to do so, Tenant shall be deemed in Default under this Lease, and in addition, Landlord, without limiting its remedies, may bond, insure over or otherwise pay the amount necessary to cause such removal, whether or not such lien is valid. The amount so paid, together with reasonable attorneys' fees and expenses, shall be reimbursed by Tenant upon demand.

9 INDEMNIFICATION; INSURANCE.

9.1 Waiver and Indemnification. Tenant waives all claims against Landlord, its Security Holders (defined in Section 16), Landlord's managing agent(s), their (direct or indirect) owners, and the beneficiaries, trustees, managers, members, principals, partners, officers, directors, employees and agents of each of the foregoing (including Landlord, the "**Landlord Parties**") for (i) any damage to person or property (or resulting from the loss of use thereof), except (subject to Section 9.4) to the extent such damage is caused by any negligence, willful misconduct or breach of this Lease of or by any Landlord Party, or (ii) any failure to prevent or control any criminal or otherwise wrongful conduct by any third party or to apprehend any third party who has engaged in such conduct, except (subject to Section 9.4) to the extent such damage is caused by any negligence or willful misconduct by any Landlord Party, in which case Landlord shall be responsible to the extent such damage is not covered by insurance required to be carried or actually carried by Tenant hereunder. Tenant shall indemnify, defend, protect, and hold the Landlord Parties harmless from and against any obligation, loss, claim, action, liability, penalty, damage, cost, charge or expense (including reasonable attorneys' and consultants' fees and expenses) (each, a "**Claim**") that is imposed or asserted by any third party and arises from (a) any cause occurring in, on or about the Premises, or (b) any negligence, willful misconduct or breach of this Lease of or by Tenant, any party claiming by, through or under Tenant, their (direct or indirect) owners, or any of their respective beneficiaries, trustees, managers, members, principals, partners, officers, directors, employees, agents, contractors, licensees or invitees (each, an "**Act of Tenant**"), except to the extent such Claim arises from any negligence, willful misconduct or breach of this Lease of or by any Landlord Party.

9.2 Tenant's Insurance. Tenant shall maintain the following coverages in the following amounts:

9.2.1 Commercial General Liability Insurance covering claims of bodily injury, personal injury and property damage arising out of Tenant's operations and contractual liabilities, including coverage formerly known as broad form, on an occurrence basis, with combined primary and excess/umbrella limits of at least \$3,000,000 each occurrence and \$4,000,000 annual aggregate.

9.2.2 Property Insurance covering (i) all office furniture, trade fixtures, office equipment, free-standing cabinet work, movable partitions, merchandise and all other items of Tenant's property in the Premises installed by, for, or at the expense of Tenant, and (ii) any Leasehold Improvements installed by or for the benefit of Tenant, whether pursuant to this Lease or pursuant to any prior lease or other agreement to which Tenant was a party ("**Tenant-Insured Improvements**"). Such insurance shall be written on a special cause of loss or all risk form for physical loss or damage, for the full replacement cost value (subject to reasonable deductible amounts) new without deduction for depreciation of the covered items and in amounts that meet any co-insurance clauses of the policies of insurance, and shall include coverage for damage or other loss caused by fire or other peril, including vandalism and malicious mischief, theft, water damage of any type, including sprinkler leakage, bursting or stoppage of pipes, and explosion, and providing business interruption coverage for a period of one year.

9.2.3 Workers' Compensation with limits required by statute and Employers' Liability limits of \$1,000,000.

9.3 Form of Policies. The minimum limits of insurance required to be carried by Tenant shall not limit Tenant's liability. Such insurance shall be issued by an insurance company that has an A.M. Best rating of not less than A-VIII. Tenant's Commercial General Liability Insurance shall (a) name the Landlord Parties and any other party reasonably designated by Landlord ("**Additional Insured Parties**") as additional insureds; and (b) be primary insurance as to all claims thereunder and provide that any insurance carried by Landlord is excess and non-contributing with Tenant's insurance. Landlord shall be designated as a loss payee with respect to Tenant's Property Insurance on any Tenant-Insured Improvements. Tenant shall deliver to Landlord, on or before each applicable Commencement Date (i.e., prior to occupancy of the Temporary Space, prior to the Suite 250 Commencement Date and prior to the Suite 200 Commencement Date) and at least 15 days before the expiration dates thereof, certificates from Tenant's insurance company on the forms currently designated "ACORD 25" (Certificate of Liability Insurance) and "ACORD

28” (Evidence of Commercial Property Insurance) or the equivalent. Attached to the ACORD 25 (or equivalent) there shall be an endorsement (or an excerpt from the policy) naming the Additional Insured Parties as additional insureds, and attached to the ACORD 28 (or equivalent) there shall be an endorsement (or an excerpt from the policy) designating Landlord as a loss payee with respect to Tenant’s Property Insurance on any Tenant-Insured Improvements, and each such endorsement (or policy excerpt) shall be binding on Tenant’s insurance company.

9.4 Subrogation. Subject to Section 10 each party waives, and shall cause its insurance carrier to waive, any right of recovery against the other party, any of its (direct or indirect) owners, or any of their respective beneficiaries, trustees, managers, members, principals, partners, officers, directors, employees or agents for any loss of or damage to property which loss or damage is (or, if the insurance required hereunder had been carried, would have been) covered by the waiving party’s property insurance. For purposes of this Section 9.4 only, (a) any deductible with respect to a party’s insurance shall be deemed covered by, and recoverable by such party under, valid and collectable policies of insurance, and (b) any contractor retained by Landlord to install, maintain or monitor a fire or security alarm for the Building shall be deemed an agent of Landlord.

10 CASUALTY DAMAGE. With reasonable promptness after discovering any damage to the Premises (other than trade fixtures), or to any Common Area or portion of the Base Building necessary for access to or tenantability of the Premises, resulting from any fire or other casualty (a “**Casualty**”), Landlord shall notify Tenant of Landlord’s reasonable estimate of the time required to substantially complete repair of such damage (the “**Landlord Repairs**”). If, according to such estimate, the Landlord Repairs cannot be substantially completed within two hundred seventh (270) days after they are commenced, either party may terminate this Lease upon sixty (60) days’ notice to the other party delivered within ten (10) days after Landlord’s delivery of such estimate. Within ninety (90) days after discovering damage to the Project resulting from a Casualty, Landlord may, whether or not the Premises are affected, terminate this Lease by notifying Tenant if (i) any Security Holder terminates any ground lease or requires that any insurance proceeds be used to pay any mortgage debt; (ii) any damage to Landlord’s property is not fully covered by Landlord’s insurance policies, not including deductibles; (iii) the restoration costs of the Landlord Repairs exceed 25% of the fair market value of the Building, and Landlord decides to rebuild the Building or Common Areas so that it or they will be substantially different structurally or architecturally; or (iv) the damage occurs during the last 12 months of the Term. Landlord shall not terminate this Lease pursuant to this Section 10 unless it also terminates the leases of all similarly affected office tenants in the Building with similar termination clauses. In determining whether other tenants are similarly affected, Landlord shall be entitled to consider all relevant factors such as the extent of damage, the time to rebuild, the availability of insurance proceeds and the rights of the tenants in question to impose penalties upon Landlord (including the right to terminate) if the repairs are not completed within a specified period of time. However, Landlord shall not be entitled to consider the rental rates payable under the leases in question in its determination of whether to terminate or rebuild. If this Lease is not terminated pursuant to this Section 10 Landlord shall promptly and diligently perform the Landlord Repairs, subject to reasonable delays for insurance adjustment and other events of Force Majeure. The Landlord Repairs shall restore the Premises (other than trade fixtures) and any Common Area or portion of the Base Building necessary for access to or tenantability of the Premises to substantially the same condition that existed when the Casualty occurred, except for (a) any modifications required by Law or any Security Holder, and (b) any modifications to the Common Areas that are deemed desirable by Landlord, are consistent with the character of the Project, and do not materially impair access to or tenantability of the Premises. Notwithstanding Section 9.4 Tenant shall assign to Landlord (or its designee) all insurance proceeds payable to Tenant under Tenant’s insurance required under Section 9.2 with respect to any Tenant-Insured Improvements (the “**Assigned Tenant Proceeds**”), and if the estimated or actual cost of restoring any Tenant-Insured Improvements exceeds the Assigned Tenant Proceeds received by Landlord, Tenant shall pay such excess to Landlord (the “**Tenant Excess**”) within 15 days after Landlord’s demand. In no event shall Landlord be required to spend more for the restoration of any Tenant-Insured Improvements than the applicable Assigned Tenant Proceeds and Tenant Excess (if any) actually received by Landlord. No Casualty and no restoration performed as required hereunder shall render Landlord liable to Tenant, constitute a constructive eviction, or excuse Tenant from any obligation hereunder; provided, however, that if the Premises (other than trade fixtures) or any Common Area or portion of the Base Building necessary for access to or tenantability of the Premises is damaged by a Casualty, then, during any time that, as a result of such damage, any portion of the Premises is inaccessible or untenable and is not occupied by Tenant, Rent shall be abated in proportion to the rentable area of such portion of the Premises. If Landlord does not substantially complete the Landlord Repairs by the Outside Restoration Date (defined below), Tenant may terminate this Lease by notifying Landlord within 15 days after the Outside Restoration Date and before the substantial completion of the Landlord Repairs. As used herein, “**Outside Restoration Date**” means the date occurring two (2) months after the later of (a)

the expiration of the time set forth in Landlord's estimate described in the first sentence of this [Section 10](#), or (b) the date occurring 270 days after the commencement of the Landlord Repairs; provided, however, that the Outside Restoration Date shall be extended to the extent of (i) any delay caused by the insurance adjustment process, (ii) any delay caused by Tenant or any party claiming by, through or under Tenant, and (iii) any other delay (up to 90 days) caused by events of Force Majeure. Notwithstanding the foregoing, if Landlord determines in good faith that it will be unable to substantially complete the Landlord Repairs by the Outside Restoration Date, Landlord may cease its performance of the Landlord Repairs and provide Tenant with notice (the "**Restoration Date Extension Notice**") stating such inability and identifying the date on which Landlord reasonably believes such substantial completion will occur, in which event Tenant may terminate this Lease by notifying Landlord within 5 business days after receiving the Restoration Date Extension Notice. If Tenant does not terminate this Lease within such 5 business day period, the Outside Restoration Date shall be automatically amended to be the date identified in the Restoration Date Extension Notice.

11 NONWAIVER. No provision hereof shall be deemed waived by either party unless it is waived by such party expressly and in writing, and no waiver of any breach of any provision hereof shall be deemed a waiver of any subsequent breach of such provision or any other provision hereof. Landlord's acceptance of Rent shall not be deemed a waiver of any preceding breach of any provision hereof, other than Tenant's failure to pay the particular Rent so accepted, regardless of Landlord's knowledge of such preceding breach at the time of such acceptance. Any acceptance by Landlord of payment of less than the full amount of Rent due hereunder shall not be deemed a waiver of Landlord's right to receive the full amount of Rent due and shall be applied first to the oldest Rent obligation then due and next to any current Rent obligation then due, in each case notwithstanding any statement to the contrary contained on or accompanying such payment from Tenant. No receipt of monies by Landlord from Tenant after the giving of any notice, the commencement of any suit, the issuance of any final judgment, or the termination hereof shall affect such notice, suit or judgment, or reinstate or extend the Term or Tenant's right of possession hereunder.

12 CONDEMNATION. If any part of the Premises, Building or Project is to be taken for any public or quasi-public use by power of eminent domain or by private purchase in lieu thereof (a "**Taking**") for more than 180 consecutive days, Landlord may terminate this Lease. If more than twenty-five percent (25%) of the rentable area of the Premises, or if any Common Area or portion of the Base Building necessary for access to or tenantability of the Premises, is to be Taken for more than one hundred eighty (180) consecutive days, Tenant may terminate this Lease. Any such termination shall be effective as of the date possession must be surrendered to the authority, and the terminating party shall provide termination notice to the other party within forty-five (45) days after receiving written notice of such surrender date. Except as provided above in this [Section 12](#), neither party may terminate this Lease as a result of a Taking. Tenant shall not assert, and hereby assigns to Landlord, any claim it may have for compensation because of any Taking; provided, however, that Tenant may file a separate claim for any Taking of Tenant's personal property or any trade fixtures that Tenant is entitled to remove upon the expiration hereof, and for moving expenses, so long as such claim does not diminish the award available to Landlord or any Security Holder and is payable separately to Tenant. If this Lease is terminated pursuant to this [Section 12](#) all Rent shall be apportioned as of the date of such termination. If a Taking occurs and this Lease is not so terminated, Monthly Rent shall be abated for the period of such Taking in proportion to the percentage of the rentable area of the Premises, if any, that is subject to, or rendered inaccessible or untenable by, such Taking and not occupied by Tenant.

13 ASSIGNMENT AND SUBLETTING.

13.1 **Transfers.** Tenant shall not, without Landlord's prior consent (subject to [Sections 13.2](#) and [13.8](#)), assign, mortgage, pledge, hypothecate, encumber, permit any lien to attach to, or otherwise transfer this Lease or any interest hereunder, permit any assignment or other transfer hereof or any interest hereunder by operation of law, enter into any sublease or license agreement, otherwise permit the occupancy or use of any part of the Premises by any persons other than Tenant and its employees and contractors, or permit a Change of Control (defined in [Section 13.6](#)) to occur (each, a "**Transfer**"). If Tenant desires Landlord's consent to any Transfer, Tenant shall provide Landlord with (i) notice of the terms of the proposed Transfer, including its proposed effective date (the "**Contemplated Effective Date**"), a description of the portion of the Premises to be transferred (the "**Contemplated Transfer Space**"), a calculation of the Transfer Premium (defined in [Section 13.3](#)), and a copy of all existing executed and/or proposed documentation effecting the proposed Transfer, and (ii) current financial statements of the proposed transferee (or, in the case of a Change of Control, of the proposed new controlling party(ies)) certified by an officer or owner thereof and any other information reasonably required by Landlord in order to evaluate the proposed Transfer (collectively,

the “**Transfer Notice**”). Within 30 days after receiving the Transfer Notice, Landlord shall notify Tenant of (a) its consent to the proposed Transfer, (b) its refusal to consent to the proposed Transfer or (c) its exercise of its rights under Section 13.4. If (x) Landlord fails to so notify Tenant within such 30-day period, (y) Tenant subsequently provides Landlord with a second Transfer Notice for the same Transfer that expressly and prominently quotes this sentence in its entirety (and identifies this sentence as being located in this Section 13.1), and (z) Landlord fails to so notify Tenant within five (5) business days after receiving such second Transfer Notice, then Landlord shall be deemed to have consented to the proposed Transfer as of the last day of such 5-business-day period; provided, however that if Tenant effects such Transfer, then Tenant, within 10 business days after Landlord’s request, shall cause the transferee to execute and deliver to Landlord an instrument reasonably acceptable to Landlord pursuant to which the transferee agrees (i) in the case of an assignment, to assume, for Landlord’s benefit, all of Tenant’s obligations hereunder, and (ii) in the case of a sublease or other occupancy or use agreement, (A) to be bound by (1) all of Tenant’s release, waiver, indemnity and insurance obligations hereunder with respect to the Contemplated Transfer Space, (2) each provision hereof that limits the liability of any Landlord Party, and (3) Section 23.6 in connection with any matter relating to such sublease or other agreement or the transferee’s occupancy or use of the Contemplated Transfer Space, and (B) that if, for any reason (including any voluntary surrender by Tenant), this Lease or Tenant’s right to possession hereunder terminates with respect to all or any portion of the Contemplated Transfer Space, then all rights of the transferee in such portion of the Contemplated Transfer Space shall terminate on the date of such termination. Any Transfer made without Landlord’s prior consent shall, at Landlord’s option, be void and shall, at Landlord’s option, constitute a Default. Tenant shall pay Landlord a fee of \$1,500.00 for Landlord’s review of any proposed Transfer, whether or not Landlord consents to it.

13.2 Landlord’s Consent. Subject to Section 13.4, Landlord shall not unreasonably withhold, condition, or delay its consent to any proposed Transfer. Without limitation, it shall be deemed reasonable for Landlord to withhold its consent to a proposed Transfer if (i) the proposed transferee is a governmental entity or a nonprofit organization, or is engaged in a business that is not consistent with the quality of the Building; or (ii) the proposed transferee or any of its Affiliates, on the date the Transfer Notice is received, leases or occupies (or, at any time during the 6-month period ending on the date the Transfer Notice is received, has negotiated with Landlord or an Affiliate of Landlord to lease) space in the Project. Notwithstanding the above, Landlord will not withhold its consent solely because the proposed subtenant or assignee is an occupant of the Building if Landlord does not have space available for lease in the Building that is comparable to the space Tenant desires to sublet or assign. Landlord shall be deemed to have comparable space if it has, or will have, space available on any floor of the Building that is approximately the same size as the space Tenant desires to sublet or assign within 6 months of the proposed commencement of the proposed sublease or assignment. Notwithstanding any contrary provision hereof, (a) if Landlord consents to any Transfer pursuant to this Section 13.2 but Tenant does not enter into such Transfer within 6 months thereafter, such consent shall no longer apply and such Transfer shall not be permitted unless Tenant again obtains Landlord’s consent thereto pursuant and subject to the terms of this Section 13; and (b) if Landlord withholds its consent in breach of this Section 13.2 Tenant’s sole remedies shall be contract damages (subject to Section 19) or specific performance, and Tenant waives all other remedies, including any right to terminate this Lease.

13.3 Transfer Premium. If Landlord consents to a Transfer (other than a Change of Control), Tenant shall pay Landlord an amount equal to 50% of any Transfer Premium (defined below). “**Transfer Premium**” means (a) in the case of an assignment, any consideration (including payment for Leasehold Improvements) paid by the assignee for such assignment, and (b) in the case of a sublease, license or other occupancy agreement, for each month of the term of such agreement, the amount by which all rent and other consideration paid by the transferee to Tenant pursuant to such agreement exceeds the Monthly Rent payable by Tenant hereunder with respect to the Contemplated Transfer Space. In determining the Transfer Premium due Landlord, Tenant may deduct from the Transfer Premium, on a straight-line basis, all reasonable and customary expenses directly incurred by Tenant attributable to the Transfer, including brokerage fees, legal fees, construction costs, and Landlord’s review fee. Payment of Landlord’s share of the Transfer Premium shall be made (x) in the case of an assignment, within 10 business days after Tenant receives the consideration described above, and (y) in the case of a sublease, license or other occupancy agreement, for each month of the term of such agreement, within 10 business days after Tenant receives the rent and other consideration described above.

13.4 **Landlord's Right to Recapture.** Notwithstanding any contrary provision hereof, except in the case of a Permitted Transfer (defined in Section 13.8), in the event of an assignment of this Lease or a sublease of all or a portion of the Premises, Landlord, by notifying Tenant within 30 days after receiving the Transfer Notice, may terminate this Lease with respect to the Contemplated Transfer Space as of the Contemplated Effective Date; provided, however, that such termination shall not be effective if Tenant, by notifying Landlord within five (5) days after receiving Landlord's notice of termination, withdraws the Transfer Notice. If Tenant does not timely withdraw the Transfer Notice, and if the Contemplated Transfer Space is less than the entire Premises, then Base Rent, Tenant's Share, and the number of parking spaces (if any) to which Tenant is entitled under Section 1.8 shall be deemed adjusted on the basis of the percentage of the rentable area of the portion of the Premises retained by Tenant. Upon request of either party, the parties shall execute a written agreement prepared by Landlord memorializing such termination.

13.5 **Effect of Consent.** If Landlord consents to a Transfer, (i) such consent shall not be deemed a consent to any further Transfer, which shall be subject to the provisions of this Section 13, (ii) Tenant shall deliver to Landlord, promptly after execution, an executed copy of all documentation effecting the Transfer in form reasonably acceptable to Landlord, and (iii) Tenant shall deliver to Landlord, upon Landlord's request, a complete statement, certified by an independent CPA or Tenant's chief financial officer, setting forth in detail the computation of any Transfer Premium. In the case of an assignment, the assignee shall assume in writing, for Landlord's benefit, all of Tenant's obligations hereunder. No Transfer, with or without Landlord's consent, shall relieve Tenant or any guarantor hereof from any liability hereunder. Notwithstanding any contrary provision hereof, Tenant, with or without Landlord's consent, shall not enter into, or permit any party claiming by, through or under Tenant to enter into, any sublease, license or other occupancy agreement that provides for payment based in whole or in part on the net income or profit of the subtenant, licensee or other occupant thereunder.

13.6 **Change of Control.** "Change of Control" means (a) if Tenant is a closely held professional service firm, the withdrawal or change (whether voluntary, involuntary or by operation of law) of more than 25% of its equity owners within a 12-month period; and (b) in all other cases, any transaction(s) resulting in the acquisition of a Controlling Interest (defined below) in Tenant by one or more parties that neither owned, nor are Affiliates (defined below) of one or more parties that owned, a Controlling Interest in Tenant immediately before such transaction(s). "Controlling Interest" means Control (defined below) over an entity, other than Control arising from the ownership of voting securities listed on a recognized securities exchange. "Control" means the direct or indirect power to direct the ordinary management and policies of an entity, whether through the ownership of voting securities, by contract or otherwise. "Affiliate" means, with respect to any party, a person or entity that controls, is under common control with, or is controlled by such party.

13.7 **Effect of Default.** If Tenant is in Default, Landlord is irrevocably authorized, as Tenant's agent, to direct any transferee under any sublease, license or other occupancy agreement to make all payments under such agreement directly to Landlord (which Landlord shall apply towards Tenant's obligations hereunder) until such Default is cured. However, by accepting such payments directly from the subtenant, Landlord does not waive any claims or release Tenant from any obligations hereunder, nor recognize the subtenant as the tenant hereunder. Such transferee shall rely upon any representation by Landlord that Tenant is in Default, whether or not confirmed by Tenant.

13.8 **Permitted Transfers.** "Permitted Transfer" means (a) an assignment of this Lease or a subletting of all or a portion of the Premises to an affiliate of Tenant (an entity which controls (as defined below), is controlled by or is under common control with, Tenant), (b) an assignment of this Lease to an entity which acquires all or substantially all of the assets of Tenant, (c) an assignment of this Lease to an entity which is the resulting entity of a merger or consolidation of Tenant, (d) a transfer of stock or partnership or membership interests in Tenant to an entity which acquires all or substantially all of such stock or interests in a bona fide M&A transaction, and (e) a sale or other transfer of corporate shares of capital stock (or any member interest if Tenant is a limited liability company) in Tenant in connection with either a bona fide financing for the benefit of Tenant or an initial public offering of Tenant's stock on a nationally-recognized stock exchange (and, following any such public offering, the sale or transfer of any such shares shall be a Permitted Transfer) or any other transaction. The term "control" and similar phrases, as used in this subsection, means the ownership, directly or indirectly, of more than fifty percent (50%) of the voting securities of, or possession of the right to vote, in the ordinary direction of its affairs, of more than fifty percent (50%) of the voting interest in, any person or entity. "Permitted Transferee" means (i) any transferee with respect to a Permitted Transfer pursuant to Clauses (a) or (b) above, and (ii) the resulting Tenant arising from or in connection with a Permitted Transfer pursuant to clause (c) above. Notwithstanding anything to the contrary in this Lease, a Permitted Transfer shall not be deemed an assignment, sublease or Transfer under this Lease, shall not require Landlord's consent and shall not trigger any recapture or rent-sharing provisions of this Lease, provided that (A) following the closing of such

Permitted Transfer, Tenant notifies Landlord of such Permitted Transfer and promptly supplies Landlord with any documents or information reasonably requested by Landlord regarding such Permitted Transfer or such Permitted Transferee, (B) such Permitted Transfer is not a subterfuge by Tenant to avoid its obligations under this Lease, (C) with respect to a Permitted Transfer pursuant to clauses (b) or (c) above, the Permitted Transferee shall have a tangible net worth (not including goodwill as an asset) computed in accordance with generally accepted accounting principles (“**Net Worth**”) at least equal to the Net Worth of Tenant on the day immediately preceding the effective date of such Permitted Transfer and (D) with respect to a Permitted Transfer pursuant to clauses (a), (d) or (e) above, the Net Worth of Tenant shall be no lower on the day immediately following the effective date of such Permitted Transfer as on the day immediately preceding the effective date of such Permitted Transfer. Except with respect to a Permitted Transfer pursuant to clauses (d) or (e) above, any Permitted Transferee in connection with a Permitted Transfer shall be deemed the original Tenant for all purposes of this Lease (including without limitation options to renew or expand, and signage rights, subject to the last paragraph of Section 23.4.2).

14 SURRENDER. Upon the expiration or earlier termination hereof, and subject to Sections 7 and 10 and this Section 14 Tenant shall surrender possession of the Premises to Landlord broom clean in as good condition and repair as existed when Tenant took possession and as thereafter improved, except for reasonable wear and tear, casualty and repairs that are Landlord’s express responsibility hereunder. Before such expiration or termination, Tenant, without expense to Landlord, shall (a) remove from the Premises all debris and rubbish and all furniture, equipment, trade fixtures, (subject to Section 22) Lines, free-standing cabinet work, movable partitions and other articles of personal property that are owned or placed in the Premises by Tenant or any party claiming by, through or under Tenant (except for any Lines not required to be removed under Section 22), and (b) repair all damage to the Premises and Building resulting from such removal. If Tenant fails to timely perform such removal and repair, Landlord may do so at Tenant’s expense (including storage costs). If Tenant fails to remove such property from the Premises, or from storage, within 30 days after notice from Landlord, any part of such property shall be deemed, at Landlord’s option, either (x) conveyed to Landlord without compensation, or (y) abandoned.

15 HOLDOVER. If Tenant fails to surrender the Premises upon the expiration or earlier termination hereof, Tenant’s tenancy shall be subject to the terms and conditions hereof; provided, however, that such tenancy shall be a tenancy at sufferance only, for the entire Premises, and Tenant shall pay Monthly Rent (prorated for any partial month) at a rate equal to 150% of the Monthly Rent applicable during the last calendar month of the Term. Nothing in this Section 15 shall be deemed a consent to any holdover or limit Landlord’s rights or remedies. If Landlord provides Tenant with at least fifteen (15) days’ prior written notice that Landlord has entered into a lease for the Premises or has received a bona fide offer to lease the Premises and that Landlord will be unable to deliver possession or perform improvements due to Tenant’s holdover, and Tenant fails to surrender the Premises upon the later of (i) the date of expiration of such fifteen (15) day period, or (ii) the date of the expiration or earlier termination of this Lease, and if Landlord is unable to timely deliver possession of the Premises to, or perform improvements for, a new tenant as a result of Tenant’s holdover, Tenant shall be liable for all resulting damages, including lost profits, incurred by Landlord.

16 SUBORDINATION; ESTOPPEL CERTIFICATES. This Lease shall be subject and subordinate to all existing and future ground or underlying leases, mortgages, trust deeds and other encumbrances against the Building or Project, all renewals, extensions, modifications, refinancings, consolidations and replacements thereof (each, a “**Security Agreement**”), and all advances made upon the security of such mortgages or trust deeds, unless in each case the holder of such Security Agreement (each, a “**Security Holder**”) requires in writing that this Lease be superior thereto. Upon any termination or foreclosure (or any delivery of a deed in lieu of foreclosure) of any Security Agreement, Tenant, upon request, shall attorn, without deduction or set-off, to the Security Holder or purchaser or any successor thereto and shall recognize such party as the lessor hereunder provided that such party agrees not to disturb Tenant’s occupancy so long as Tenant timely pays the Rent and otherwise performs its obligations hereunder. Within 10 business days after Landlord’s request, Tenant shall execute such further commercially reasonable instruments as Landlord or any Security Holder may reasonably deem necessary to evidence the subordination or superiority of this Lease to any Security Agreement. Tenant waives any right it may have under Law to terminate or otherwise adversely affect this Lease or Tenant’s obligations hereunder upon a foreclosure. Within 10 business days after request by either party, the other party shall execute and deliver to the requesting party a commercially reasonable estoppel certificate in favor of such unaffiliated third party as the requesting party may reasonably designate, including a prospective purchaser of the requesting party’s interest in this Lease (or, if Landlord is the requesting party, a current or prospective Security Holder. The party delivering such estoppel certificate shall be estopped, as against the third-party recipient, from asserting any fact or claim contrary to the matters set forth therein. However, such estoppel certificate shall not affect the rights or obligations of Landlord or Tenant as between each other.

17 ENTRY BY LANDLORD. At all reasonable times and upon reasonable prior written notice to Tenant, or in an emergency, Landlord may enter the Premises to (i) inspect the Premises; (ii) show the Premises to prospective purchasers, current or prospective Security Holders or insurers, or, during the last 12 months of the Term (or while an uncured Default exists), prospective tenants; (iii) post notices of non-responsibility; or (iv) perform maintenance, repairs or alterations. At any time and without notice to Tenant, Landlord may enter the Premises to perform janitorial or other required services. If reasonably necessary, Landlord may temporarily close any portion of the Premises to perform maintenance, repairs or alterations. In an emergency, Landlord may use any means it deems proper to open doors to and in the Premises. Except in an emergency, Landlord shall use reasonable efforts (except Landlord shall not be obligated to pay overtime rates for which Tenant does not agree to reimburse Landlord) to minimize interference with Tenant's use of the Premises. No entry into or closure of any portion of the Premises pursuant to this Section 17 shall render Landlord liable to Tenant, constitute a constructive eviction, or excuse Tenant from any obligation hereunder. Notwithstanding anything to the contrary contained in this Lease, if a closure of (or restriction of access to) a portion of the Premises by Landlord pursuant to this Section 17 (a) is not made necessary by a Casualty, a Taking, a Tenant Default or an Act of Tenant, and (b) either (i) is made necessary by an event or condition within Landlord's reasonable control and continues for more than five (5) consecutive business days, or (ii) is made necessary by an event or condition outside Landlord's reasonable control and continues for more than twenty (20) consecutive days, then, as Tenant's sole remedy for such closure, Rent shall abate for such portion of the Premises beginning on the first business day immediately following the expiration of such 5-business day or 20-day period, as applicable, and ending on the date on which such closure terminates.

18 DEFAULTS; REMEDIES.

18.1 Events of Default. The occurrence of any of the following shall constitute a "Default":

18.1.1 Any failure by Tenant to pay any Rent (or deliver any security deposit, letter of credit, or similar credit enhancement required hereunder) when due unless such failure is cured within three (3) business days after notice; or

18.1.2 Except where a specific time period is otherwise set forth for Tenant's cure in this Section 18.1 (in which event Tenant's failure to cure within such time period shall be a Default), and except as otherwise provided in this Section 18.1, any breach by Tenant of any other provision hereof where such breach continues for thirty (30) days after notice from Landlord; provided that if such breach cannot reasonably be cured within such thirty (30)-day period, Tenant shall not be in Default as a result of such breach if Tenant diligently commences such cure within such period, thereafter diligently pursues such cure, and completes such cure within sixty (60) days after Landlord's notice; or

18.1.3 Any breach by Tenant of Section 16 or 17 where such breach continues for more than 2 business days after notice from Landlord; or

18.1.4 Tenant becomes in breach of Section 23.3(c), or (d).

The notice periods provided herein are in lieu of, and not in addition to, any notice periods provided by Law, and Landlord shall not be required to give any additional notice in order to be entitled to commence an unlawful detainer proceeding.

18.2 Remedies Upon Default. Upon any Default, Landlord shall have, in addition to any other remedies available to Landlord at law or in equity (which shall be cumulative and nonexclusive), the option to pursue any one or more of the following remedies (which shall be cumulative and nonexclusive) without any notice or demand:

18.2.1 Landlord may terminate this Lease, in which case Tenant shall immediately surrender the Premises to Landlord, and if Tenant fails to do so, Landlord may, without prejudice to any other remedy it may have for possession or arrearages in Rent, enter upon and take possession of the Premises and expel or remove Tenant and any other person who may be occupying the Premises or any part thereof, without being liable for prosecution or any claim of damages therefor; and Landlord may recover from Tenant the following:

(a) The worth at the time of award of the unpaid Rent which had been earned at the time of such termination; plus

(b) The worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

(c) The worth at the time of award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds the amount of such Rent loss that Tenant proves could be reasonably avoided; plus

(d) Any other amount necessary to compensate Landlord for all the detriment proximately caused by Tenant's failure to perform its obligations hereunder or which in the ordinary course of things would be likely to result therefrom, including brokerage commissions, advertising expenses, expenses of remodeling any portion of the Premises for a new tenant (whether for the same or a different use), and any special concessions made to obtain a new tenant; plus

(e) At Landlord's option, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by Law.

(f) As used in Sections 18.2.1(a) and 18.2.1(b), the "**worth at the time of award**" shall be computed by allowing interest at a rate per annum equal to the lesser of (i) the annual

"**Bank Prime Loan**" rate cited in the Federal Reserve Statistical Release Publication G.13 (415), published on the first Tuesday of each calendar month (or such other comparable index as Landlord shall reasonably designate if such rate ceases to be published) plus two (2) percentage points, or (ii) the highest rate permitted by Law. As used in Section 18.2.1(c), the "**worth at the time of award**" shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus 1%.

18.2.2 Landlord shall have the remedy described in California Civil Code § 1951.4 (lessor may continue lease in effect after lessee's breach and abandonment and recover Rent as it becomes due, if lessee has the right to sublet or assign, subject only to reasonable limitations). Accordingly, if Landlord does not elect to terminate this Lease on account of any default by Tenant, Landlord may, from time to time, without terminating this Lease, enforce all of its rights and remedies hereunder, including the right to recover all Rent as it becomes due.

18.2.3 Landlord shall at all times have the rights and remedies (which shall be cumulative with each other and cumulative and in addition to those rights and remedies available under Sections 18.2.1 and 18.2.2 or any Law or other provision hereof), without prior demand or notice except as required by Law, to seek any declaratory, injunctive or other equitable relief, and specifically enforce this Lease, or restrain or enjoin a violation or breach of any provision hereof.

18.2.4 If Tenant is in Default of any of its non-monetary obligations under this Lease, Landlord shall have the right to perform such obligations. Tenant shall reimburse Landlord for the cost of such performance upon demand together with an administrative charge equal to 10% of the cost of the work performed by Landlord. The repossession or re-entering of all or any part of the Premises shall not relieve Tenant of its liabilities and obligations under this Lease. No right or remedy of Landlord shall be exclusive of any other right or remedy. Each right and remedy shall be cumulative and in addition to any other right and remedy now or subsequently available to Landlord at Law or in equity.

18.3 **Efforts to Relet.** Unless Landlord provides Tenant with express notice to the contrary, no re-entry, repossession, repair, maintenance, change, alteration, addition, reletting, appointment of a receiver or other action or omission by Landlord shall (a) be construed as an election by Landlord to terminate this Lease or Tenant's right to possession, or to accept a surrender of the Premises, or (b) operate to release Tenant from any of its obligations hereunder. Tenant waives, for Tenant and for all those claiming by, through or under Tenant, California Civil Code § 3275, California Code of Civil Procedure §§ 1174(c) and 1179, and any existing or future rights to redeem or reinstate, by order or judgment of any court or by any legal process or writ, this Lease or Tenant's right of occupancy of the Premises after any termination hereof.

18.4 **Landlord Default.** Landlord shall not be in default hereunder unless it fails to begin within 30 days after notice from Tenant, or fails to pursue with reasonable diligence thereafter, the cure of any breach by Landlord of its obligations hereunder. Before exercising any remedies for a default by Landlord, Tenant shall give notice and a reasonable time to cure to any Security Holder of which Tenant has been notified. In the event of a default by Landlord under this Lease, Tenant shall use reasonable efforts to mitigate its damages and losses arising from any such default and Tenant may pursue any and all remedies available to it at law or in equity, except as otherwise provided herein.

19 LANDLORD EXCULPATION. Notwithstanding any contrary provision hereof, (a) Tenant shall look solely to Landlord's interest in the Building for the recovery of any judgment or award against any Landlord Party; (b) no Landlord Party shall have any personal liability for any judgment or deficiency, and Tenant waives and releases such personal liability on behalf of itself and all parties claiming by, through or under Tenant; and (c) no Landlord Party shall be liable for any loss of profits, loss of rents or other revenues, loss of business opportunity, loss of goodwill or loss of use, or for any form of special, indirect or consequential damages.

20 LETTER OF CREDIT. Concurrently with Tenant's execution of this Lease, Tenant shall deliver to Landlord an unconditional, irrevocable and renewable Letter of Credit in favor of Landlord in the form attached hereto as **Exhibit H**, issued by a financial institution reasonably satisfactory to Landlord (and Landlord hereby approves of Silicon Valley Bank as satisfactory to Landlord), in the principal amount ("**Stated Amount**") specified below, to be held by Landlord in accordance with the terms, provisions and conditions of this Lease. Tenant shall pay all expenses, points and/or fees incurred by Tenant in obtaining the Letter of Credit. If the Letter of Credit delivered by Tenant is inconsistent with the form attached hereto as **Exhibit H** (including, without limitation, the wrong name or address for the Beneficiary), Landlord may so notify Tenant in writing, in which case Tenant shall cause the Letter of Credit to be corrected within five (5) business days after such notice. If the issuer of the Letter of Credit is declared to be insolvent by the Federal Deposit Insurance Corporation (or any comparable institution) or becomes a debtor in any case or proceeding under the Bankruptcy Code or any similar law or statute, or ceases to conduct business for any reason, Landlord may so notify Tenant, in which case Tenant shall, within five (5) business days after such notice from Landlord, provide Landlord with a new Letter of Credit which otherwise meets the requirements of this **Section 20** issued by a substitute financial institution reasonably satisfactory to Landlord. The Stated Amount shall initially be \$965,548.33; provided, however, that, except as hereinafter provided, if Tenant does not elect to exercise the Suite 250 Extension Option pursuant to **Section 3** of **Exhibit F**, such that the Suite 250 Term expires at the end of the initial sixty-five (65) month period, then upon such expiration of the Suite 250 Term (the "**Adjustment Date**"), the Stated Amount may be reduced to \$764,488.45. However, if (i) a default by Tenant occurs under this Lease, or (ii) circumstances exist that would, with notice or lapse of time, or both, constitute a default by Tenant, and Tenant has failed to cure such default or circumstances within the time period permitted by Section 18 or such lesser time as may remain before the Adjustment Date as provided above, the Stated Amount shall not thereafter be reduced unless and until such default or circumstances shall have been fully cured pursuant to the terms of this Lease, at which time the Stated Amount may be reduced as hereinabove described. In the event Tenant exercises its Suite 250 Extension Option, the Stated Amount of the Letter of Credit shall not be reduced as provided in this **Section 20**.

The Letter of Credit shall state that an authorized officer or other representative of Landlord may make demand on Landlord's behalf for the Stated Amount of the Letter of Credit, or any portion thereof, and that the issuing bank must immediately honor such demand, without qualification or satisfaction of any conditions, except the proper identification of the party making such demand. In addition, the Letter of Credit shall indicate that it is transferable in its entirety by Landlord as beneficiary and that upon receiving written notice of transfer, and upon presentation to the issuing bank of the original Letter of Credit, the issuer or confirming bank will reissue the Letter of Credit naming such transferee as the beneficiary. Tenant shall be responsible for the payment to the issuing bank of any transfer costs imposed by the issuing bank in connection with any such transfer. If (A) the term of the Letter of Credit held by Landlord will expire prior to sixty (60) days following the last day of the Term and the Letter of Credit is not extended, or a new Letter of Credit for an extended period of time is not substituted, in either case at least thirty (30) days prior to the expiration of the Letter of Credit, or (B) Tenant commits a Default with respect to any provision of this Lease,

or files a voluntary petition under Title 11 of the United States Code (i.e., the Bankruptcy Code), or otherwise becomes a debtor in any case or proceeding under the Bankruptcy Code, as now existing or hereinafter amended, or any similar law or statute, Landlord may (but shall not be required to) draw upon all or any portion of the Stated Amount of the Letter of Credit, and the proceeds received from such draw shall constitute Landlord's property (and not Tenant's property or the property of the bankruptcy estate of Tenant) and Landlord may then use, apply or retain all or any part of the proceeds (1) for the payment of any sum which is in default, (2) to reimburse Landlord for costs incurred by Landlord in connection with this Lease (including, without limitation, any costs incurred by Landlord to improve the Premises, any Improvement Allowance, and any brokerage commissions and attorneys' fees), (3) for the payment of any other amount which Landlord may spend or become obligated to spend by reason of Tenant's default, (4) to compensate Landlord for any loss or damage which Landlord may suffer by reason of Tenant's default or (5) as prepaid rent to be applied against Tenant's Basic Rental obligations for the last month of the Term and the immediately preceding month(s) of the Term until the remaining proceeds are exhausted. If any portion of the Letter of Credit proceeds are so used or applied, Tenant shall, within ten (10) days after demand therefor, post an additional Letter of Credit in an amount to cause the aggregate amount of the unused proceeds and such new Letter of Credit to equal the Stated Amount required in this Section 20 above. Landlord shall not be required to keep any proceeds from the Letter of Credit separate from its general funds. Should Landlord sell its interest in the Premises during the Term and if Landlord deposits with the purchaser thereof the Letter of Credit or any proceeds of the Letter of Credit, thereupon Landlord shall be discharged from any further liability with respect to the Letter of Credit and said proceeds and Tenant shall look solely to such transferee for the return of the Letter of Credit or any proceeds therefrom. The Letter of Credit or any remaining proceeds of the Letter of Credit held by Landlord after expiration of the Term, after any deductions described in this Section 20 above, shall be returned to Tenant or, at Landlord's option, to the last assignee of Tenant's interest hereunder, within sixty (60) days following the expiration of the applicable Term.

The use, application or retention of the Letter of Credit, the proceeds or any portion thereof, shall not prevent Landlord from exercising any other rights or remedies provided under this Lease, it being intended that Landlord shall not be required to proceed against the Letter of Credit, and such use, application or retention of the Letter of Credit shall not operate as a limitation on any recovery to which Landlord may otherwise be entitled. No trust relationship is created herein between Landlord and Tenant with respect to the Letter of Credit.

Landlord and Tenant acknowledge and agree that except as provided in Section 21 below, in no event or circumstance shall the Letter of Credit, any renewal thereof or substitute therefor or the proceeds thereof be (i) deemed to be or treated as a "security deposit" within the meaning of California Civil Code Section 1950.7, (ii) subject to the terms of such Section 1950.7, or (iii) intended to serve as a "security deposit" within the meaning of such Section 1950.7. The parties hereto (A) recite that the Letter of Credit is not intended to serve as a security deposit and such Section 1950.7 and any and all other laws, rules and regulations applicable to security deposits in the commercial context ("**Security Deposit Laws**") shall have no applicability or relevancy thereto and (B) waive any and all rights, duties and obligations either party may now or, in the future, will have relating to or arising from the Security Deposit Laws. Notwithstanding the foregoing, to the extent California Civil Code Section 1950.7 in any way: (a) is applicable to this Lease or the Letter of Credit (or any proceeds thereof); or (b) controls Landlord's rights to draw on the Letter of Credit or apply the proceeds of the Letter of Credit to any amounts due under this Lease or any damages Landlord may suffer following termination of this Lease, then Tenant fully and irrevocably waives the benefits and protections of Section 1950.7 of the California Civil Code, it being agreed that Landlord may recover from the Letter of Credit (or its proceeds) all of Landlord's damages under this Lease and California law including, but not limited to, any damages accruing upon the termination of this Lease in accordance with this Lease and Section 1951.2 of the California Civil Code.

21 SECURITY DEPOSIT. If Landlord draws the entire Letter of Credit under Section 20, above, then so long as Tenant has not filed for bankruptcy, and until Tenant posts a replacement Letter of Credit, the proceeds thereof shall be held by Landlord as security (the "**Security Deposit**") for Tenant's performance of its obligations hereunder. Accordingly, in the event of Tenant's default hereunder, Landlord may, at its option, without limiting its remedies and without notice to Tenant, apply all or part of such Security Deposit to cure such breach and compensate Landlord for any loss or damage caused by such breach, including any damage for which recovery may be made under California Civil Code § 1951.2. If Landlord so applies any portion of the Security Deposit, Tenant, within 3 days after demand therefor, shall restore the Security Deposit to its original amount. The Security Deposit shall not be deemed an advance payment of Rent or measure of damages. Any unapplied portion of the Security Deposit shall be returned to Tenant within 60 days after the latest to occur of (a) the expiration of the Term, (b) Tenant's surrender of the Premises as required hereunder, or (c) determination of the final Rent due from Tenant. Landlord shall not be required to keep the Security Deposit separate from its other accounts or pay interest on the Security Deposit.

22 COMMUNICATIONS AND COMPUTER LINES. All Lines installed pursuant to this Lease shall be (a) installed in accordance with Section 6 and (b) clearly marked with adhesive plastic labels (or plastic tags attached to such Lines with wire) to show Tenant's name, suite number, and the purpose of such Lines (i) every 6 feet outside the Premises (including the electrical room risers and any Common Areas), and (ii) at their termination points. Sufficient spare cables and space for additional cables shall be maintained for other occupants, as reasonably determined by Landlord. Unless otherwise notified by Landlord, Tenant, at its expense and before the expiration or earlier termination hereof, shall remove all Lines and repair any resulting damage. "**Lines**" means all communications or computer wires and cables serving the Premises, whenever and by whomever installed or paid for, including any wires or cables installed pursuant to any prior lease.

23 MISCELLANEOUS.

23.1 **Notices.** No notice, demand, statement, designation, request, consent, approval, election or other communication given hereunder ("**Notice**") shall be binding upon either party unless (a) it is in writing; (b) it is (i) sent by certified or registered mail, postage prepaid, return receipt requested, (ii) delivered by a nationally recognized courier service, or (iii) delivered personally; and (c) it is sent or delivered to the address set forth in Section 1.9 or 1.10, as applicable, or to such other place (other than a P.O. box) as the recipient may from time to time designate in a Notice to the other party. Any Notice shall be deemed received on the earlier of the date of actual delivery or the date on which delivery is refused, or, if Tenant is the recipient and has vacated its notice address without providing a new notice address, 3 days after the date the Notice is deposited in the U.S. mail or with a courier service as described above. No provision of this Lease requiring a particular Notice to be in writing shall limit the generality of clause (a) of the first sentence of this Section 23.1.

23.2 **Force Majeure.** If either party is prevented from performing any obligation hereunder by any strike, act of God, war, terrorist act, shortage of labor or materials, governmental action or orders, civil commotion, epidemic, pandemic, public health emergency or other cause beyond such party's reasonable control ("**Force Majeure**"), such obligation shall be excused during (and any time period for the performance of such obligation shall be extended by) the period of such prevention; provided, however, that this Section 23.2 shall not (a) permit Tenant to hold over in the Premises after the expiration or earlier termination hereof, or (b) excuse (or extend any time period for the performance of) (i) any obligation to remit money or deliver credit enhancement, (ii) any obligation under Section 23.3 or (iii) any of Tenant's obligations whose breach would interfere with another occupant's use, occupancy or enjoyment of its premises or the Project.

23.3 **Representations and Covenants.** Tenant represents, warrants and covenants that (a) Tenant is, and at all times during the Term will remain, duly organized, validly existing and in good standing under the Laws of the state of its formation and qualified to do business in the state or commonwealth in which the Building is located; (b) neither Tenant's execution of nor its performance under this Lease will cause Tenant to be in violation of any agreement or Law; (c) Tenant (and any guarantor hereof) has not, and at no time during the Term will have, (i) made a general assignment for the benefit of creditors, (ii) filed a voluntary petition in bankruptcy or otherwise sought relief with respect to its debts under any Law relating to bankruptcy or insolvency, (iii) suffered or sought the appointment of a receiver or other similar official to take possession of all or substantially all of its assets, (iv) suffered (A) the filing by creditors of an involuntary petition in bankruptcy that is not dismissed within 30 days, or (B) the attachment or other judicial seizure of all or substantially all of its assets, (v) admitted in writing its inability to pay its debts as they come due, or (vi) made an offer of settlement, extension or composition to its creditors generally; and (d) to the best of Tenant's knowledge, no party that (other than through the passive ownership of interests traded on a recognized securities exchange) constitutes, owns, controls, or is owned or controlled by Tenant, any guarantor hereof or any subtenant of Tenant, is or at any time during the Term will be, (i) in violation of any Laws relating to terrorism or money laundering, or (ii) among the parties identified on any list compiled pursuant to Executive Order 13224 for the purpose of identifying suspected terrorists or on the most current list published by the U.S. Treasury Department Office of Foreign Assets Control at its official website, <http://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx> or any replacement website or other replacement official publication of such list.

23.4 Signs

23.4.1 Landlord shall include Tenant's name in any tenant directory located in the lobby of the Building and the lobby on the second (2nd) floor of the Building. Landlord shall provide identifying suite signage for Tenant comparable to that provided by Landlord on similar floors in the Building. Such identifying suite signage shall be provided at Landlord's expense; provided, however, that any changes to such signage made after its initial installation shall be at Tenant's expense. Tenant may not install (a) any signs outside the Premises, or (b) without Landlord's prior consent in its sole and absolute discretion, any signs, window coverings, blinds or similar items that are visible from outside the Premises.

23.4.2 After the Suite 200 Commencement Date has occurred and subject to this Section 23.4.2, Tenant shall be entitled to install, at its sole cost and expense, signage on the exterior of the Building at the approximate location depicted on Exhibit I ("Signage"). The graphics, materials, size, color, design, lettering, lighting (if any), specifications and exact location of the Signage (collectively, the "Signage Specifications") shall be subject to the prior written approval of Landlord, which approval shall not be unreasonably withheld, conditioned or delayed. In addition, the Signage and all Signage Specifications therefore shall be subject to Tenant's receipt of all required governmental permits and approvals, shall be subject to all applicable governmental laws and ordinances, and all covenants, conditions and restrictions affecting the Building. Tenant hereby acknowledges that, notwithstanding Landlord's approval of the Signage and/or the Signage Specifications therefor, Landlord has made no representations or warranty to Tenant with respect to the probability of obtaining such approvals and permits. In the event Tenant does not receive the necessary permits and approvals for the Signage, Tenant's and Landlord's rights and obligations under the remaining provisions of this Lease shall not be affected. The cost of installation of the Signage, as well as all costs of design and construction of such Signage and all other costs associated with such Signage, including, without limitation, permits, maintenance and repair, shall be the sole responsibility of Tenant. Notwithstanding anything to the contrary contained herein, in the event that at any time during the Term of this Lease (or any Option Term, if applicable), Tenant fails to occupy at least 11,263 rentable square feet in the Building, Tenant's right to the Signage shall thereupon terminate and Tenant shall remove such Signage as provided in this Section 23.4.2 below. The rights to the Signage shall be personal to the originally named Tenant and may not be transferred. Should the Signage require maintenance or repairs as determined in Landlord's reasonable judgment, Landlord shall have the right to provide written notice thereof to Tenant and Tenant shall cause such repairs and/or maintenance to be performed within thirty (30) days after receipt of such notice from Landlord at Tenant's sole cost and expense. Should Tenant fail to perform such maintenance and repairs within the period described in the immediately preceding sentence, Landlord shall have the right to cause such work to be performed and to charge Tenant, as Additional Rent, for the cost of such work. Upon the expiration or earlier termination of this Lease (or the termination of Tenant's Signage right as described above), Tenant shall, at Tenant's sole cost and expense, cause the Signage to be removed from the exterior of the Building and shall cause the exterior of the Project to be restored to the condition existing prior to the placement of such Signage. If Tenant fails to remove such Signage and to restore the exterior of the Project as provided in the immediately preceding sentence within thirty (30) days following the expiration or earlier termination of this Lease (or the termination of Tenant's Signage as provided above), then Landlord may perform such work, and all costs and expenses incurred by Landlord in so performing such work shall be reimbursed by Tenant to Landlord within ten (10) days after Tenant's receipt of invoice therefor. The immediately preceding sentence shall survive the expiration or earlier termination of this Lease. Any signs, notices, logos, pictures, names or advertisements which are installed and that have not been individually approved by Landlord may be removed without notice by Landlord at the sole expense of Tenant. Except as provided in this Section above, Tenant may not install any signs on the exterior or roof of the Building or the common areas of the Project or the Real Property. Any signs, window coverings, or blinds (even if the same are located behind the Landlord approved window coverings for the Project), or other items visible from the exterior of the Premises or Building are subject to the prior approval of Landlord, in its sole discretion.

Tenant's Signage rights may not be assigned or transferred by Tenant to any other person or entity except that in connection with any assignment of Tenant's interest under this Lease, which assignment is permitted by Landlord pursuant to the provisions of Article 13 hereof, Tenant's Signage may be assigned to the assignee with Landlord's prior consent, which consent shall not be unreasonably withheld by Landlord so long as the name of the assignee is not an "Objectionable Name," as that term is defined below. In addition, should the name of the Original Tenant change, Tenant shall be entitled to modify, at Tenant's sole cost and expense, Tenant's Signage to reflect Tenant's new name, but only if Tenant's new name is not an "Objectionable Name." The term "Objectionable Name"

shall mean any name that (i) relates to an entity that is of a character or reputation, or is associated with a political orientation or faction that is materially inconsistent with the quality of the Project, or which would otherwise reasonably offend a landlord of a building comparable to the Project, taking into consideration the level and visibility of Tenant's Signage, or (ii) conflicts with any covenants in other leases of space in the Project.

23.5 Supplemental HVAC. If the Premises are served exclusively by any supplemental HVAC unit (a "Unit"), then (a) Tenant shall pay the costs of all electricity consumed in the Unit's operation, together with the cost of installing a meter to measure such consumption; (b) Tenant, at its expense, shall (i) operate and maintain the Unit in compliance with all applicable Laws and such reasonable non-discriminatory rules and procedures as Landlord may impose; and (ii) keep the Unit in as good working order and condition as existed upon installation (or, if later, when Tenant took possession of the Premises), subject to normal wear and tear and damage resulting from Casualty; (c) the Unit shall become Landlord's property upon installation and without compensation to Tenant; provided, however, that upon Landlord's request at the expiration or earlier termination hereof, Tenant, at its expense, shall remove the Unit and repair any resulting damage (and if Tenant fails to timely perform such work, Landlord may do so at Tenant's expense); (d) the Unit shall be deemed (i) a Leasehold Improvement (except for purposes of Section 7), and (ii) for purposes of Section 10, part of the Premises; (e) if the Unit exists on the date of mutual execution and delivery hereof, Tenant accepts the Unit in its "as is" condition, without representation or warranty as to quality, condition, fitness for use or any other matter; (f) if the Unit connects to the Building's condenser water loop (if any), then Tenant shall pay to Landlord, as Additional Rent, Landlord's standard one-time fee for such connection and Landlord's standard monthly per-ton usage fee; and (g) if any portion of the Unit is located on the roof, then (i) Tenant's access to the roof shall be subject to such reasonable rules and procedures as Landlord may impose; (ii) Tenant shall maintain the affected portion of the roof in a clean and orderly condition and shall not interfere with use of the roof by Landlord or any other tenants or licensees; and (iii) Landlord may relocate the Unit and/or temporarily interrupt its operation, without liability to Tenant, as reasonably necessary to maintain and repair the roof or otherwise operate the Building.

23.6 Attorneys' Fees. In any action or proceeding between the parties, including any appellate or alternative dispute resolution proceeding, the prevailing party may recover from the other party all of its costs and expenses in connection therewith, including reasonable attorneys' fees and costs. Tenant shall pay all reasonable attorneys' fees and other fees and costs that Landlord incurs in protecting its rights hereunder in any bankruptcy case, assignment for the benefit of creditors, or other insolvency, liquidation or reorganization proceeding involving Tenant or this Lease.

23.7 Brokers. Tenant represents to Landlord that it has dealt only with Tenant's Broker as its broker, agent or finder in connection with this Lease. Tenant shall indemnify, defend, and hold the Landlord Parties harmless from all claims of any brokers, agents or finders other than Tenant's Broker (whose commission shall be paid by Landlord pursuant to a separate agreement), claiming to have represented Tenant in connection with this Lease. Landlord shall indemnify, defend and hold Tenant harmless from all claims of any brokers, agents or finders, including Landlord's Broker, claiming to have represented Landlord in connection with this Lease. Tenant acknowledges that any Affiliate of Landlord that is involved in the negotiation of this Lease is representing only Landlord, and that any assistance rendered by any agent or employee of such Affiliate in connection with this Lease or any subsequent amendment or other document related hereto has been or will be rendered as an accommodation to Tenant solely in furtherance of consummating the transaction on behalf of Landlord, and not as agent for Tenant.

23.8 Governing Law; WAIVER OF TRIAL BY JURY. This Lease shall be construed and enforced in accordance with the Laws of the state or commonwealth in which the Building is located and Landlord and Tenant hereby irrevocably consent to the jurisdiction and proper venue of such state or commonwealth. THE PARTIES WAIVE, TO THE FULLEST EXTENT PERMITTED BY LAW, THE RIGHT TO TRIAL BY JURY IN ANY LITIGATION ARISING OUT OF OR RELATING TO THIS LEASE, THE RELATIONSHIP OF LANDLORD AND TENANT, TENANT'S USE OR OCCUPANCY OF THE PREMISES, AND/OR ANY CLAIM FOR INJURY OR DAMAGE OR ANY EMERGENCY OR STATUTORY REMEDY.

23.9 Interpretation. The capitalized term "Section" refers to a section hereof unless otherwise specifically provided herein. As used in this Lease, the terms "herein," "hereof," "hereto" and "hereunder" refer to this Lease and the term "include" and its derivatives are not limiting. Any reference herein to "any part" or "any portion" of the Premises, the Property or any other property shall be construed to refer to all or any part of such property. In connection with insurance, the term "deductible" includes self-insured retention. Wherever this Lease

requires Landlord to act in a reasonable manner (whether in incurring an expense, establishing a rule or regulation, providing an approval or consent, or performing any other act), the reasonableness of such act shall be determined by reference to the practices of owners of buildings ("**Comparable Buildings**") that are comparable to the Building in size, age, class, quality and location. Wherever this Lease prohibits either party from engaging in any particular conduct, this Lease shall be deemed also to require such party to cause each of its employees and agents (and, in the case of Tenant, each of its licensees, invitees and subtenants, and any other party claiming by, through or under Tenant, and, in the case of Landlord, each of its licensees, invitees and tenants, and any other party claiming by, through or under Landlord) to refrain from engaging in such conduct. Tenant waives the benefit of any rule that a written agreement shall be construed against the drafting party.

23.10 **Entire Agreement.** This Lease sets forth the entire agreement between the parties relating to the subject matter hereof and supersedes any previous agreements (none of which shall be used to interpret this Lease). Tenant acknowledges that in entering into this Lease it has not relied upon any representation, warranty or statement, whether oral or written, not expressly set forth herein. This Lease can be modified only by a written agreement signed by both parties.

23.11 **Unrelated Business Income.** If Landlord is advised by its counsel at any time that any part of the payments by Tenant to Landlord under this Lease may be characterized as unrelated business income under the United States Internal Revenue Code and its regulations, then Tenant shall enter into any amendment proposed by Landlord to avoid such income, so long as the amendment does not require Tenant to make more payments or accept fewer services from Landlord, than this Lease provides.

23.12 **Financial Statements.** At Landlord's request from time to time in connection with any potential sale or financing of the Building, and provided that Landlord has executed a commercially reasonable non-disclosure agreement for the benefit of Tenant, Tenant shall provide to Landlord the then current financial statements of Tenant and any guarantor hereof and such other information regarding the financial condition of Tenant and any such guarantor as Landlord may reasonably request.

23.13 **Other.** If any provision hereof is void or unenforceable, no other provision shall be affected. Submission of this instrument for examination or signature by Tenant does not constitute an option or offer to lease. If Tenant is comprised of two or more persons or entities, then (a) their obligations shall be joint and several, (b) any request or demand from any one such person or entity shall be deemed to have been made by all such persons or entities; and (c) any notice given to any one such person or entity shall be deemed to have been given to all such persons or entities. Time is of the essence with respect to the payment of Rent and Tenant's exercise of any expansion, renewal or extension rights granted to Tenant. So long as Tenant performs its obligations hereunder, Tenant shall have peaceful and quiet possession of the Premises against any party claiming by, through or under Landlord, subject to the terms hereof. This covenant shall be binding upon Landlord and its successors only during its or their respective periods of ownership of the Building. Landlord may transfer its interest herein, in which event (a) to the extent the transferee assumes in writing Landlord's obligations arising hereunder after the date of such transfer (including the return of any Security Deposit), Landlord shall be released from, and Tenant shall look solely to the transferee for the performance of, such obligations; and (b) Tenant shall attorn to the transferee. Landlord reserves all rights not expressly granted to Tenant hereunder, including the right to make alterations to the Project. No rights to any view or to light or air over any property are granted to Tenant hereunder. The expiration or earlier termination hereof shall not relieve either party of any obligation that accrued before, or continues to accrue after, such expiration or termination.

23.14 **Counterparts.** This Lease may be executed in one or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument. The signature of a party transmitted electronically (e.g., e-signature) or by facsimile, email or a pdf copy, DocuSign or other similar technology application shall constitute and have the same force and effect as the original signature of the party. Following execution, a pdf (or similar image file format) of this entire agreement (whether signed electronically or in ink) shall be deemed the equivalent of the delivery of the original, and any party delivering such a counterpart shall in all events deliver to the other party an original signature promptly upon request.

23.15 **Waiver of Statutory Provisions.** Each party waives California Civil Code §§ 1932(2), 1933(4) and 1945. Tenant waives (a) any rights under (i) California Civil Code §§ 1932(1), 1941, 1942, 1950.7 or any similar Law, or (ii) California Code of Civil Procedure §§ 1263.260 or 1265.130; and (b) any right to terminate this Lease under California Civil Code § 1995.310.

23.16 **Tax Waiver.** Tenant waives all rights pursuant to all Laws to contest any taxes or other levies or protest appraised values or receive notice of reappraisal regarding the Property (including Landlord's personalty), irrespective of whether Landlord contests same.

EXPENSES AND TAXES

1 General Terms. In addition to Base Rent, Tenant shall pay for each Expense Year (defined in Section 2.1 below), an amount equal to the sum of (a) Tenant's Share of any amount (the "**Expense Excess**") by which Expenses for such Expense Year exceed Expenses for the Base Year, plus (b) Tenant's Share of any amount (the "**Tax Excess**") by which Taxes for such Expense Year exceed Taxes for the Base Year. No decrease in Expenses or Taxes for any Expense Year below the corresponding amount for the Base Year shall entitle Tenant to any decrease in Base Rent or any credit against amounts due hereunder. Tenant's Share of the Expense Excess and Tenant's Share of the Tax Excess for any partial Expense Year shall be prorated based on the number of days in such Expense Year. Landlord and Tenant hereby acknowledge that Tenant's Share of Expenses and Taxes shall be calculated separately for Suite 250 and Suite 200. Accordingly, each reference in this Exhibit B to "the Premises" shall mean and refer to either Suite 250 or Suite 200, as applicable.

2 Definitions.

2.1 "**Expense Year**" means each calendar year (other than the Base Year and any preceding calendar year) in which any portion of the Term occurs.

2.2 "**Expenses**" means all expenses, costs and amounts that Landlord pays or accrues during the Base Year or any Expense Year because of or in connection with the management, maintenance, security, repair, replacement, restoration or operation of the Property. If a tenant of the Building reimburses Landlord on a separately measured basis, and not through payment of Expenses, for a service that is provided by Landlord to Tenant without reimbursement outside of Expenses, then, for purposes of the preceding sentence, such service shall be deemed to be provided to such tenant by such tenant itself and not by Landlord. Landlord shall act in a reasonable manner in incurring Expenses. Expenses shall include (i) the cost of supplying all utilities (and taxes and surcharges thereon), the cost of operating, repairing, maintaining and renovating the utility, telephone, mechanical, sanitary, storm-drainage, and elevator systems, and the cost of maintenance and service contracts in connection therewith; (ii) the cost of licenses, certificates, permits and inspections, the cost of contesting any Laws that may affect Expenses, and the costs of complying with any business improvement district, governmentally-mandated transportation-management or similar program; (iii) the cost of all insurance premiums and deductibles; (iv) the cost of landscaping and relamping and the cost of painting and/or decorating all areas of the Building not demised to tenants; (v) the cost of parking-area operation, repair, restoration, and maintenance; (vi) a management fee in the amount (which is hereby acknowledged to be reasonable) of 3% of gross annual receipts from the Building (excluding the management fee), together with other fees and costs, including consulting fees, legal fees and accounting fees, of all contractors and consultants in connection with the management, operation, maintenance and repair of the Property; (vii) the fair rental value of any management office space and the cost of equipping, staffing and operating an on-site and/or off-site management office for the Building; (viii) wages, salaries and other compensation, expenses and benefits, including taxes levied thereon, of all persons engaged in the operation, maintenance and security of the Property, and costs of training and uniforms for such persons; (ix) the costs of operation, repair, maintenance and replacement of all systems and equipment (and components thereof) of the Property; (x) the cost of janitorial, alarm, security and other services, replacement of wall and floor coverings, ceiling tiles and fixtures in Common Areas, maintenance and replacement of curbs and walkways, repair to roofs and re-roofing; (xi) the cost of services generally provided to or made available to all tenants at the Building; (xii) rental or acquisition costs (including taxes thereon) of supplies, tools, equipment, materials and personal property used in the maintenance, operation and repair of the Property; (xiii) all capital expenditures that are: (A) intended to reduce current or future Expenses or (B) required under any Law; and (xiv) payments under any existing or future reciprocal easement agreement, transportation management agreement, cost-sharing agreement or other covenant, condition, restriction or similar instrument affecting the Property.

Notwithstanding the foregoing, Expenses shall not include:

(1) capital expenditures not described in clauses (xii) or (xiii) above (in addition, any capital expenditure shall be included in Expenses only if paid or accrued after the Base Year and shall be amortized including actual or imputed interest on the amortized cost over such period of time as Landlord shall reasonably determine);

(2) depreciation;

(3) payments of mortgage or other non-operating debts of Landlord;

(4) costs of repairs to the extent Landlord is reimbursed by insurance or condemnation proceeds;

(5) costs of leasing space in the Building, including brokerage commissions, lease concessions, rental abatements and construction allowances granted to specific tenants;

(6) costs of selling, financing or refinancing the Building;

(7) fines, penalties or interest resulting from late payment of Taxes or Expenses;

(8) organizational expenses of creating or operating the entity that constitutes Landlord;

(9) damages paid to Tenant hereunder or to other tenants of the Building under their respective leases;

(10) costs of curing defects in design or original construction of the Property;

(11) costs incurred in connection with any future expansion of the Property, including the Common Areas, and costs of correcting defects in or inadequacy of any future expansion of the Property, including the Common Areas;

(12) reserves not spent by Landlord by the end of the calendar year for which Expenses are paid;

(13) wages, salaries, fees or fringe benefits ("**Labor Costs**") paid to Landlord personnel above the level of general manager or property manager (provided, however, that if such individuals provide services directly related to the operation, maintenance or ownership of the Property that, if provided directly by a general manager or property manager or his or her general support staff, would normally be chargeable as an operating expense of a comparable office building, then the Labor Costs of such individuals may be included in Expenses to the extent of the percentage of their time that is spent providing such services to the Property);

(14) amounts (other than management fees) paid to Landlord's affiliates for services, but only to the extent such amounts exceed the prices charged for such services by parties having similar skill and experience;

(15) costs of Landlord's charitable or political contributions, or of fine art maintained at the Property (as opposed to decorations purchased or leased by Landlord for display in the Common Areas of the Building), or travel and entertainment expenses;

(16) costs, penalties, fines, interest or other similar charges incurred by Landlord arising from the gross negligence, willful misconduct or breach of this Lease by or of Landlord or any officer, employee, director, manager, tenant, contractor or agent of Landlord, including without limitation (1) due to the violation by Landlord, its employees, agents or contractors or any tenant of the terms and conditions of any lease of space in the Property or any legal requirement, or (2) incurred as a result of Landlord's inability or failure to make payment of taxes and/or to file any tax or informational returns when due;

(17) any expense for which Landlord has received actual reimbursement from a third party (other than from a tenant of the Building pursuant to its lease);

(18) costs of cleaning up “hazardous materials” except as related to the general repair, operation and maintenance of the Property;

(19) attorney’s fees and other expenses incurred in connection with negotiations or disputes with tenants or other occupants of the Building;

(20) attorney’s fees and other expenses incurred in connection with any negotiation or dispute, other than (i) any negotiation or dispute that (A) is with a party providing labor, materials or services the cost of which is included in Expenses, and (B) relates to such labor, materials or services, and (ii) any negotiation or dispute with a governmental agency over a Law affecting Expenses; and

(21) a property management fee based on a rate in excess of 3% of gross annual receipts from the Building.

If, during any portion of the Base Year or any Expense Year, the Building is less than 95% occupied (or a service provided by Landlord to Tenant is not provided by Landlord to a tenant that provides such service itself, or any tenant of the Building is entitled to free rent, rent abatement or the like), with the result that Expenses for such year are less than what they would have been if the Building had been 95% occupied (and all services provided by Landlord to Tenant had been provided by Landlord to all tenants, and no tenant of the Building had been entitled to free rent, rent abatement or the like) throughout such year (the “**95% Amount**”), then Expenses for such year shall be deemed to be the 95% Amount. Notwithstanding any contrary provision hereof, Expenses for the Base Year shall exclude (a) any market-wide cost increases resulting from extraordinary circumstances, including Force Majeure (defined in Section 23.2 of this Lease), boycotts, strikes, conservation surcharges, embargoes or shortages, and (b) at Landlord’s option, the cost of any repair or replacement that Landlord reasonably expects will not recur on an annual or more frequent basis.

2.3 “**Taxes**” means all federal, state, county or local governmental or municipal taxes, fees, charges, assessments, levies, licenses or other impositions, whether general, special, ordinary or extraordinary, that are paid or accrued during the Base Year or any Expense Year (without regard to any different fiscal year used by such governmental or municipal authority) because of or in connection with the ownership, leasing or operation of the Property. Taxes shall include (a) real estate taxes; (b) general and special assessments; (c) transit taxes; (d) leasehold taxes; (e) personal property taxes imposed upon the fixtures, machinery, equipment, apparatus, systems, appurtenances, furniture and other personal property used in connection with the Property; (f) any tax on the rent, right to rent or other income from any portion of the Property or as against the business of leasing any portion of the Property; (g) any assessment, tax, fee, levy or charge imposed by any governmental agency, or by any non-governmental entity pursuant to any private cost-sharing agreement, in order to fund the provision or enhancement of any fire-protection, street-, sidewalk- or road-maintenance, refuse-removal or other service that is (or, before the enactment of Proposition 13, was) normally provided by governmental agencies to property owners or occupants without charge (other than through real property taxes); and (h) payments in lieu of taxes under any tax increment financing agreement, abatement agreement, agreement to construct improvements, or other agreement with any governmental body or agency or taxing authority. Any costs and expenses (including reasonable attorneys’ and consultants’ fees) incurred in attempting to protest, reduce or minimize Taxes shall be included in Taxes for the year in which they are incurred. Notwithstanding any contrary provision hereof, Taxes shall exclude (i) all excess profits taxes, franchise taxes, gift taxes, capital stock taxes, inheritance and succession taxes, transfer taxes, estate taxes, federal and state income taxes, and other taxes to the extent (x) applicable to Landlord’s general or net income (as opposed to rents, receipts or income attributable to operations at the Property), or (y) measured solely by the square footage, rent, fees, services, tenant allowances or similar amounts, rights or obligations described or provided in or under any particular lease, license or similar agreement or transaction at the Building; (ii) any Expenses; (iii) any items required to be paid or reimbursed by Tenant under Section 5 below; and (iv) fines, penalties or interest resulting from late payment of Taxes.

3 Allocation. Landlord, in its reasonable discretion, may equitably allocate Expenses among office, retail or other portions or occupants of the Property. If Landlord incurs Expenses or Taxes for the Property together with another property, Landlord, in its reasonable discretion, shall equitably allocate such shared amounts between the Property and such other property.

Exhibit B-3

4 Calculation and Payment of Expense Excess and Tax Excess

4.1 Statement of Actual Expenses and Taxes; Payment by Tenant. Landlord shall give to Tenant, after the end of each Expense Year, a statement (the “**Statement**”) setting forth the actual Expenses, Taxes, Expense Excess and Tax Excess for such Expense Year. If the amount paid by Tenant for such Expense Year pursuant to Section 4.2 is less or more than the sum of Tenant’s Share of the actual Expense Excess plus Tenant’s Share of the actual Tax Excess (as such amounts are set forth in such Statement), Tenant shall pay Landlord the amount of such underpayment, or receive a credit in the amount of such overpayment, with or against the Rent next coming due hereunder; provided, however, that if this Lease has expired or terminated and Tenant has vacated the Premises, Tenant shall pay Landlord the amount of such underpayment, or Landlord shall pay Tenant the amount of such overpayment (less any Rent due), within 30 days after delivery of such Statement. Any failure of Landlord to timely deliver the Statement for any Expense Year shall not diminish either party’s rights under this Exhibit. Notwithstanding the foregoing, if (a) Landlord fails to furnish a Statement by April 30 of the second (2nd) calendar year following the Expense Year to which such Statement applies, (b) Tenant, after April 30 of such second (2nd) calendar year, provides Landlord with notice of such failure (which notice shall expressly include the text of this sentence), and (c) Landlord fails to furnish such Statement by the later of (i) June 30 of such second (2nd) calendar year, or (ii) the date occurring 30 days after Landlord’s receipt of such notice from Tenant, then Tenant shall not be required to pay Landlord any underpayment for such Expense Year, except as provided in Section 4.3.

4.2 Statement of Estimated Expenses and Taxes. Landlord shall give to Tenant, for each Expense Year, a statement (the “**Estimate Statement**”) setting forth Landlord’s reasonable estimates of the Expenses, Taxes, Expense Excess (the “**Estimated Expense Excess**”) and Tax Excess (the “**Estimated Tax Excess**”) for such Expense Year. Upon receiving an Estimate Statement, Tenant shall pay, with its next installment of Base Rent, an amount equal to the excess of (a) the amount obtained by multiplying (i) the sum of Tenant’s Share of the Estimated Expense Excess plus Tenant’s Share of the Estimated Tax Excess (as such amounts are set forth in such Estimate Statement), by (ii) a fraction, the numerator of which is the number of months that have elapsed in the applicable Expense Year (including the month of such payment) and the denominator of which is 12, over (b) any amount previously paid by Tenant for such Expense Year pursuant to this Section 4.2. Until Landlord delivers a new Estimate Statement (which Landlord may do at any time), Tenant shall pay monthly, with the monthly Base Rent installments, an amount equal to one-twelfth (1/12) of the sum of Tenant’s Share of the Estimated Expense Excess plus Tenant’s Share of the Estimated Tax Excess, as such amounts are set forth in the previous Estimate Statement. Any failure of Landlord to timely deliver any Estimate Statement shall not diminish Landlord’s rights to receive payments and revise any previous Estimate Statement under this Exhibit.

4.3 Retroactive Adjustment of Taxes. Notwithstanding any contrary provision hereof, but subject to the last sentence of Section 2.3, if, after Landlord’s delivery of any Statement, an increase or decrease in Taxes occurs for the applicable Expense Year or for the Base Year (whether by reason of reassessment, error, or otherwise), Taxes for such Expense Year or the Base Year, as the case may be, and the Tax Excess for such Expense Year shall be retroactively adjusted. If, as a result of such adjustment, it is determined that Tenant has under- or overpaid Tenant’s Share of such Tax Excess, Tenant shall pay Landlord the amount of such underpayment, or receive a credit in the amount of such overpayment, with or against the Rent next coming due hereunder; provided, however, that if this Lease has expired or terminated and Tenant has vacated the Premises, Tenant shall pay Landlord the amount of such underpayment, or Landlord shall pay Tenant the amount of such overpayment (less any Rent due), within 30 days after such adjustment is made.

5 Charges for Which Tenant Is Directly Responsible. Notwithstanding any contrary provision hereof, Tenant, promptly upon demand, shall pay (or if paid by Landlord, reimburse Landlord for) each of the following to the extent levied against Landlord or Landlord’s property: (a) any tax based upon or measured by (i) the cost or value of Tenant’s trade fixtures, equipment, furniture or other personal property, or (ii) the cost or value of the Leasehold Improvements (defined in Section 6.1 of this Lease) to the extent such cost or value exceeds that of a Building-standard build-out, as determined by Landlord; (b) any rent tax, sales tax, service tax, transfer tax, value added tax, use tax, business tax, gross income tax, gross receipts tax, or other tax, assessment, fee, levy or charge measured solely by the square footage, Rent, services, tenant allowances or similar amounts, rights or obligations described or provided in or under this Lease; (c) any tax assessed upon the possession, leasing, operation, management, maintenance, alteration, repair, use or occupancy by Tenant of any portion of the Property; and (d) any tax assessed on this transaction or on any document to which Tenant is a party that creates an interest or estate in the Premises.

6 Books and Records. Within 60 days after receiving any Statement (the “**Review Notice Period**”), Tenant may give Landlord notice (“**Review Notice**”) stating that Tenant elects to review Landlord’s calculation of the Expense Excess for the Expense Year to which such Statement applies and identifying with reasonable specificity the records of Landlord reasonably relating to such matters that Tenant desires to review. Within a reasonable time after receiving a timely Review Notice (and, at Landlord’s option, an executed confidentiality agreement as described below), Landlord shall deliver to Tenant, or make available for inspection at a location reasonably designated by Landlord, copies of such records. Within 60 days after such records are made available to Tenant (the “**Objection Period**”), Tenant may deliver to Landlord notice (an “**Objection Notice**”) stating with reasonable specificity any objections to the Statement, in which event Landlord and Tenant shall work together in good faith to resolve Tenant’s objections. Tenant may not deliver more than one Review Notice or more than one Objection Notice with respect to any Statement. If Tenant fails to give Landlord a Review Notice before the expiration of the Review Notice Period or fails to give Landlord an Objection Notice before the expiration of the Objection Period, Tenant shall be deemed to have approved the Statement. Notwithstanding any contrary provision hereof, Landlord shall not be required to deliver or make available to Tenant records relating to the Base Year, and Tenant may not object to Expenses or Taxes for the Base Year, other than in connection with and concurrently with the first review for an Expense Year performed by Tenant pursuant to this Section 6 on the terms and conditions set forth herein. If Tenant retains an agent to review Landlord’s records, the agent must be with a CPA firm licensed to do business in the state or commonwealth in which the Building is located and its fees shall not be contingent, in whole or in part, upon the outcome of the review. Tenant shall be responsible for all costs of such review. The records and any related information obtained from Landlord shall be treated as confidential, and as applicable only to the Premises, by Tenant, its auditors, consultants, and any other parties reviewing the same on behalf of Tenant (collectively, “**Tenant’s Auditors**”). Before making any records available for review, Landlord may require Tenant and Tenant’s Auditors to execute a reasonable confidentiality agreement, in which event Tenant shall cause the same to be executed and delivered to Landlord within 30 days after receiving it from Landlord, and if Tenant fails to do so, the Objection Period shall be reduced by one day for each day by which such execution and delivery follows the expiration of such 30-day period. Notwithstanding any contrary provision hereof, Tenant may not examine Landlord’s records or dispute any Statement if any Rent remains unpaid past its due date. If, for any Expense Year, Landlord and Tenant determine that the sum of Tenant’s Share of the actual Expense Excess is less or more than the amount reported, Tenant shall receive a credit in the amount of its overpayment, or pay Landlord the amount of its underpayment, against or with the Rent next due hereunder; provided, however, that if this Lease has expired or terminated and Tenant has vacated the Premises, Landlord shall pay Tenant the amount of its overpayment (less any Rent due), or Tenant shall pay Landlord the amount of its underpayment, within 30 days after such determination.

EXHIBIT C-1

JUNCTION AT DEL MAR I

SUITE 250 TENANT WORK LETTER

As used in this **Exhibit C-1** (this “**Work Letter**”), the following terms shall have the following meanings:

- (i) “**Premises**” means Suite 250;
- (ii) “**Tenant Improvements**” means all improvements to be constructed in Suite 250 pursuant to this Work Letter; and
- (iii) “**Tenant Improvement Work**” means the construction of the Tenant Improvements, together with any related work (including demolition) that is necessary to construct the Tenant Improvements.
- (iv) This “**Lease**” means the lease to which this Exhibit is attached.

1 COST OF TENANT IMPROVEMENT WORK. Except as provided in Section 2.2 below, the Tenant Improvement Work shall be performed at Landlord’s expense.

2 PLANS.

2.1 **Construction Drawings.** The Tenant Improvement Work shall be constructed in accordance with the plans for Suite 250 attached to this Lease as Exhibit A-1 (the “**Construction Drawings**”).

2.2 **Revisions to Construction Drawings.** Landlord acknowledges that Tenant has elected to replace the existing doors for Suite 250 with the same doors as Suite 200 (wood and single lite doors) for \$15,758.40, using a portion of the Tenant Improvement Allowance for Suite 200 pursuant to **Exhibit C-2**. If Tenant requests any additional revisions to the Construction Drawings, Landlord shall provide Tenant with notice approving or reasonably disapproving such revision, and, if Landlord approves such revision, Landlord shall have such revision made and delivered to Tenant, together with notice of any resulting change in the estimated total cost associated with the Tenant Improvement Work, within 10 business days after Landlord’s receipt of such request if such revision is not material, and within such longer period of time as may be reasonably necessary (but not more than 15 business days after the later of such receipt or such execution and delivery) if such revision is material, whereupon Tenant, within one (1) business day, shall notify Landlord whether it desires to proceed with such revision. If Landlord has begun performing the Tenant Improvement Work, then, in the absence of such authorization, Landlord shall have the option to continue such performance disregarding such revision. Tenant shall reimburse Landlord, immediately upon demand, for any increase in the estimated total cost associated with the Tenant Improvement Work that results from any such revision (including the cost of preparing such revision). Without limitation, it shall be deemed reasonable for Landlord to disapprove any such proposed revision that, in Landlord’s reasonable judgment, would fail to comply with law or Landlord’s requirements for avoiding aesthetic, engineering or other conflicts with the design and function of the balance of the Building. Tenant hereby acknowledges that any delay resulting from Tenant’s request for any additional revisions to the Construction Drawings shall constitute a Tenant Delay under Section 4.2, below.

3 CONSTRUCTION.

3.1 **Contractor.** Landlord has retained a contractor of its choice (the “**Contractor**”) to perform the Tenant Improvement Work. Landlord will select, in its sole discretion, any subcontractors, mechanics and materialmen used in connection with the performance of the Tenant Improvement Work.

3.2 Construction.

3.2.1 Performance of Tenant Improvement Work. Landlord shall cause the Contractor to perform the Tenant Improvement Work in accordance with the Construction Drawings.

3.2.2 Contractor's Warranties. Tenant waives all claims against Landlord relating to any defects in the Tenant Improvements; provided, however, that if, within 30 days after substantial completion of the Tenant Improvement Work, Tenant provides notice to Landlord of any non-latent defect in the Tenant Improvements, or if, within 11 months after substantial completion of the Tenant Improvement Work, Tenant provides notice to Landlord of any latent defect in the Tenant Improvements, then Landlord shall promptly cause such defect to be corrected.

4 COMPLETION.

4.1 Substantial Completion. For purposes of Section 1.2.2(g) of this Lease, and subject to Section 4.2 below, the Tenant Improvement Work in Suite 250 shall be deemed to be "**Substantially Complete**" upon the completion of the Tenant Improvement Work pursuant to the Construction Drawings, with the exception of Punchlist Items, and Landlord's receipt of a (temporary or final) certificate of occupancy or other commercially reasonable signoff of the building permit from the City of San Diego. "**Punchlist Items**" shall mean only details of construction, mechanical adjustment or any other similar matter, the non-completion of which does not unreasonably interfere with Tenant's use or occupancy of the Premises, and which punchlist items shall be corrected promptly by Landlord (within sixty (60) days following Landlord's receipt of written notice thereof from Tenant) without unreasonable interference with Tenant's use of or access to or from the Premises.

4.2 Tenant Cooperation; Tenant Delay. Tenant shall use reasonable efforts to cooperate with Landlord, the Contractor, and Landlord's other consultants to obtain the Permits, and complete the Tenant Improvement Work as soon as possible, and Tenant shall meet with Landlord, in accordance with a schedule determined by Landlord, to discuss the parties' progress. In addition, without limiting the foregoing, if the Substantial Completion of the Tenant Improvement Work is delayed (a "**Tenant Delay**") as a result of (a) any failure of Tenant to timely approve any matter requiring Tenant's approval; (b) any breach by Tenant of this Work Letter or this Lease; (c) any request by Tenant for any revision to, or for Landlord's approval of any revision to, the Construction Drawings, or (d) any other act or omission of Tenant or any of its agents, employees or representatives, and provided that Landlord gave Tenant notice of such potential delay and a reasonable opportunity to cure, then, notwithstanding any contrary provision of this Lease, and regardless of when the Tenant Improvement Work is actually Substantially Completed, the Tenant Improvement Work shall be deemed to be Substantially Completed on the date on which the Tenant Improvement Work would have been Substantially Completed if no such Tenant Delay had occurred. Notwithstanding the foregoing, Landlord shall not be required to tender possession of the Premises to Tenant before the Tenant Improvement Work has been Substantially Completed, as determined without giving effect to the preceding sentence.

5 MISCELLANEOUS. Notwithstanding any contrary provision of this Lease, if Tenant Defaults under this Lease before the Tenant Improvement Work is completed, Landlord's obligations under this Work Letter shall be excused until such Default is cured and Tenant shall be responsible for any resulting delay in the completion of the Tenant Improvement Work. This Work Letter shall not apply to any space other than Suite 250.

EXHIBIT C-2

JUNCTION AT DEL MAR I

SUITE 200 TENANT WORK LETTER

As used in this **Exhibit B** (this “**Work Letter**”), the following terms shall have the following meanings:

- (i) “**Premises**” means Suite 200;
- (ii) “**Tenant Improvements**” means all improvements to be constructed in Suite 200 pursuant to this Work Letter; and
- (iii) “**Tenant Improvement Work**” means the construction of the Tenant Improvements, together with any related work (including demolition) that is necessary to construct the Tenant Improvements.
- (iv) This “**Lease**” means the lease to which this Exhibit is attached.

1 ALLOWANCE.

1.1 **Allowance.** Tenant shall be entitled to a one-time tenant improvement allowance (the “**Allowance**”) in the amount of **\$901,040.00** (*i.e.*, **\$80.00** per rentable square foot of Suite 200) to be applied toward the Allowance Items (defined in **Section 1.2** below). Tenant shall be responsible for all costs associated with the Tenant Improvement Work, including the costs of the Allowance Items, to the extent such costs exceed the lesser of (a) the Allowance, or (b) the aggregate amount that Landlord is required to disburse for such purpose pursuant to this Work Letter. Upon written notice to Landlord, Tenant may elect to apply up to \$112,630.00 of the Allowance (in the aggregate) as (a) a credit against monthly Base Rent for Suite 200 (which credit shall be applied after expiration of the Suite 200 Abatement Period referenced in Section 1.3.2 of this Lease), and/or (b) to reimburse Tenant for furniture, fixtures and/or equipment (including cabling) to be installed in Suite 200 (“**FF&E**”). In the event Tenant elects to apply a portion of the Allowance to reimburse Tenant for FF&E, Landlord shall reimburse Tenant for the same within thirty (30) days after Landlord’s receipt of paid invoices therefor. Further, Landlord hereby acknowledges that Tenant may and has elected to replace the existing doors for Suite 250 with the same doors as Suite 200 (wood and single lite doors) using \$15,758.40 of the Allowance. Notwithstanding any contrary provision of this Lease, if Tenant fails to use the entire Allowance within one (1) year after the Suite 200 Commencement Date, the unused amount shall revert to Landlord and Tenant shall have no further rights with respect thereto.

1.2 **Disbursement.** Except as otherwise provided in this Work Letter, the Allowance shall be disbursed by Landlord only for the following items (the “**Allowance Items**”): (a) the fees of the Architect (defined in **Section 2.1** below); (b) the cost of preparing the Engineering Drawings (defined in **Section 3.2.1** below); (c) plan-check, permit and license fees relating to performance of the Tenant Improvement Work; (d) the cost of performing the Tenant Improvement Work (including the cost to construct the connection between Suite 200 and Suite 250), including after-hours charges, testing and inspection costs, freight elevator usage, hoisting and trash removal costs, and contractors’ fees and general conditions; (e) the cost of any change to the base, shell or core of the Premises or Building required by the Plans (defined in **Section 4** below) (including if such change is due to the fact that such work is prepared on an unoccupied basis), including all direct architectural and/or engineering fees and expenses incurred in connection therewith; (f) the cost of any change to the Plans or the Tenant Improvement Work required by law; (g) the Landlord Supervision Fee (defined in **Section 3.4.1** below); (h) the cost of Tenant’s project manager, John Kavanaugh and Associates, to oversee the design and construction of the Tenant Improvements (but not to exceed 2% of the Allowance); (i) sales and use taxes; and (j) all other costs expended by Landlord in connection with the performance of the Tenant Improvement Work.

2 ARCHITECTURAL PLANS; PRICING.

2.1 **Selection of Architect.** Landlord shall retain RBN Design (the “Architect”) to prepare the conceptual space plan for the Premises (a “Space Plan”) and the Architectural Drawings (defined in Section 2.4 below).

2.2 **Space Plan.** Landlord has caused the Architect to prepare and deliver to Tenant a Space Plan and has delivered the same to Tenant for approval. Tenant shall approve or disapprove the Space Plan by notice to Landlord within ten (10) days after full execution and delivery of this Lease. If Tenant disapproves the Space Plan, Tenant’s notice of disapproval shall specify any revisions Tenant desires in the Space Plan. After receiving such notice of disapproval, Landlord shall cause the Architect to revise the Space Plan and resubmit it to Tenant, taking into account the reasons for Tenant’s disapproval; provided, however, that Landlord shall not be required to cause the Architect to make any revision to the Space Plan that is inconsistent with the Landlord Requirements or that Landlord otherwise reasonably disapproves. Such revision and resubmission shall occur within five (5) business days after Landlord’s receipt of Tenant’s notice of disapproval if such revision is not material, and within such longer period of time as may be reasonably necessary (but not more than ten (10) business days after such receipt) if such revision is material. Such procedure shall be repeated as necessary until Tenant has approved the Space Plan. Such approved Space Plan shall be referred to herein as the “Approved Space Plan.”

2.3 **Additional Programming Information.** Within ten (10) days after approving the Space Plan, Tenant shall deliver to Landlord, in writing, all information (including all interior and special finishes) that, when combined with the Approved Space Plan, will be sufficient to complete the Architectural Drawings, together with all information (including all electrical requirements, telephone requirements, special HVAC requirements, and plumbing requirements) that, when combined with the Approved Space Plan, will be sufficient to complete the Engineering Drawings (collectively, the “Additional Programming Information”). The Additional Programming Information shall be subject to Landlord’s reasonable approval. Landlord shall provide Tenant with notice approving or reasonably disapproving the Additional Programming Information within five (5) business days after Landlord’s receipt thereof. If Landlord fails to approve or reasonably disapprove such Additional Programming Information within such five (5) business day period, Tenant may so notify Landlord in writing. If Landlord fails to approve or reasonably disapprove of such Additional Programming Information within two (2) business days after receipt of such notice, the Additional Programming Information shall be deemed approved. If Landlord disapproves the Additional Programming Information, Landlord’s notice of disapproval shall describe with reasonable specificity the basis for such disapproval and Tenant shall modify the Additional Programming Information and resubmit it for Landlord’s approval. Such procedure shall be repeated as necessary until Landlord has approved the Additional Programming Information. Such approved Additional Programming Information shall be referred to herein as the “Approved Additional Programming Information.” If requested by Tenant, Landlord, in its sole and absolute discretion, may assist Tenant, or cause the Architect and/or other contractors or consultants of Landlord to assist Tenant, in preparing all or a portion of the Additional Programming Information; provided, however, that, whether or not the Additional Programming Information is prepared with such assistance, Tenant shall be solely responsible for the timely preparation and delivery of the Additional Programming Information and for all elements thereof and, subject to Section 1 above, all costs relating thereto.

2.4 **Architectural Drawings.** After approving the Additional Programming Information, Landlord shall cause the Architect to prepare and deliver to Tenant the final architectural (and, if applicable, structural) working drawings for the Tenant Improvement Work that are in a form that (a) when combined with any Approved Additional Programming Information that is not expressly incorporated into such working drawings, will be sufficient to enable the Contractor (defined in Section 3.1 below) and its subcontractors to bid on the Tenant Improvement Work, and (b) when combined with any Engineering Drawings that satisfy the Engineering Requirements (defined in Section 3.2.1 below), will be sufficient to obtain the Permits (defined in Section 3.3 below) (the “Architectural Drawings”). The Architectural Drawings shall conform to the Approved Space Plan and the Approved Additional Programming Information. The Architect’s preparation and delivery of the Architectural Drawings shall occur within fifteen (15) business days after the later of Landlord’s approval of the Additional Programming Information or the mutual execution and delivery of this Lease. Tenant shall approve or disapprove the Architectural Drawings by notice to Landlord within ten (10) days after receipt. If Tenant disapproves the Architectural Drawings, Tenant’s notice of disapproval shall specify any revisions Tenant desires in the Architectural Drawings. After receiving such notice of disapproval, Landlord shall cause the Architect to revise the Architectural Drawings and resubmit them to Tenant,

taking into account the reasons for Tenant's disapproval; provided, however, that Landlord shall not be required to cause the Architect to make any revision to the Architectural Drawings that conflicts with the Landlord Requirements or is otherwise reasonably disapproved by Landlord. Such revision and resubmission shall occur within five (5) business days after the later of Landlord's receipt of Tenant's notice of disapproval or the mutual execution and delivery of this Lease if such revision is not material, and within such longer period of time as may be reasonably necessary (but not more than fifteen (15) business days after the later of such receipt or such mutual execution and delivery) if such revision is material. If Landlord fails to approve or reasonably disapprove the Architectural Drawings the applicable time period (i.e., five (5) business days if the revision is not materials and fifteen (15) business days if such revisions is material), Tenant may so notify Landlord in writing. If Landlord fails to approve or reasonably disapprove the Architectural Drawings within two

(2) business days after receipt of such notice, the Architectural Drawings shall be deemed approved. Such procedure shall be repeated as necessary until Tenant has approved the Architectural Drawings. Such approved Architectural Drawings shall be referred to herein as the "**Approved Architectural Drawings**."

2.5 Construction Pricing.

2.5.1 Construction Pricing Proposal. Within ten (10) business days after the Architectural Drawings are approved by Landlord and Tenant, Landlord shall provide Tenant with Landlord's reasonable estimate (the "**Construction Pricing Proposal**") of the cost of all Allowance Items to be incurred by Tenant in connection with the performance of the Tenant Improvement Work pursuant to the Approved Architectural Drawings and the Approved Additional Programming Information. Tenant shall provide Landlord with notice approving or disapproving the Construction Pricing Proposal. If Tenant disapproves the Construction Pricing Proposal, Tenant's notice of disapproval shall be accompanied by proposed revisions to the Approved Architectural Drawings and/or the Approved Additional Programming Information that Tenant requests in order to resolve its objections to the Construction Pricing Proposal, and Landlord shall respond as required under Section 2.6 below. Such procedure shall be repeated as necessary until the Construction Pricing Proposal is approved by Tenant. Upon Tenant's approval of the Construction Pricing Proposal, Landlord may purchase the items set forth in the Construction Pricing Proposal and begin construction relating to such items. Once the Construction Pricing Proposal has been approved by Landlord and Tenant, any change order required (but not requested by Tenant under Section 2.6 below) shall be subject to Tenant's review and reasonable approval, which approval or disapproval shall be delivered by Tenant within two (2) business days after Tenant's receipt of the proposed change order and relevant invoices.

2.5.2 Over-Allowance Amount. If the Construction Pricing Proposal exceeds the Allowance, then Tenant, concurrently with its delivery to Landlord of its approval of the Construction Pricing Proposal, shall deliver to Landlord cash in the amount of such excess (the "**Over-Allowance Amount**"). Any Over-Allowance Amount shall be disbursed by Landlord before the Allowance and pursuant to the same procedure as the Allowance. If, after the Construction Pricing Proposal is approved by Tenant, (a) any revision is made to the Approved Additional Programming Information or the Approved Architectural Drawings, or Tenant disapproves any Engineering Drawings that satisfy the Engineering Requirements, or the Tenant Improvement Work is otherwise changed, in each case in a way that increases the Construction Pricing Proposal, or (b) the Construction Pricing Proposal is otherwise increased to reflect the actual cost of all Allowance Items to be incurred by Tenant in connection with the performance of the Tenant Improvement Work pursuant to the terms hereof, then Tenant shall deliver any resulting Over-Allowance Amount (or any resulting increase in the Over-Allowance Amount) to Landlord immediately upon Landlord's request.

2.6 Revisions to Approved Architectural Drawings, Approved Additional Programming Information, Approved Initial Programming Information, or Approved Space Plan.

2.6.1 Approved Architectural Drawings. If Tenant requests any revision to the Approved Architectural Drawings, Landlord shall provide Tenant with notice approving or reasonably disapproving such revision, and, if Landlord approves such revision, Landlord shall have such revision made and delivered to Tenant, together with notice of any resulting change in the most recent Construction Pricing Proposal, if any, within ten (10) business days after the later of Landlord's receipt of such request or the mutual execution and delivery of this Lease if such revision is not material, and within such longer period of time as may be reasonably necessary (but not more than fifteen (15) business days after the later of such receipt or such execution and delivery) if such revision is material, whereupon Tenant, within one (1) business day, shall notify Landlord whether it desires to proceed with such revision.

If Landlord has begun performing the Tenant Improvement Work, then, in the absence of such authorization, Landlord shall have the option to continue such performance disregarding such revision. Landlord shall not revise the Approved Architectural Drawings without Tenant's consent, which shall not be unreasonably withheld or conditioned. Tenant shall approve, or reasonably disapprove (and state, with reasonable specificity, its reasons for disapproving), any revision to the Approved Architectural Drawings within two (2) business days after receiving Landlord's request for approval thereof. For purposes hereof, any change order affecting the Approved Architectural Drawings shall be deemed a revision to the Approved Architectural Drawings.

2.6.2 Approved Additional Programming Information; Approved Initial Programming Information. If Tenant requests Landlord's approval of any revision to the Approved Additional Programming Information or the Approved Initial Programming Information, Landlord shall provide Tenant with notice approving or reasonably disapproving such revision, together with notice of any resulting change in the most recent Construction Pricing Proposal, if any, within five (5) business days after the later of Landlord's receipt of such request or the mutual execution and delivery of this Lease, whereupon Tenant, within one (1) business day, shall notify Landlord whether it desires to proceed with such revision. If Landlord has begun performing the Tenant Improvement Work, then, in the absence of such authorization, Landlord shall have the option to continue such performance disregarding such revision. Landlord shall not revise the Approved Additional Programming Information or the Approved Initial Programming Information without Tenant's consent, which shall not be unreasonably withheld or conditioned. Tenant shall approve, or reasonably disapprove (and state, with reasonable specificity, its reasons for disapproving), any revision to the Approved Additional Programming Information or the Approved Initial Programming Information within two (2) business days after receiving Landlord's request for approval thereof.

2.6.3 Approved Space Plan. If Tenant requests Landlord's approval of any revision to the Approved Space Plan, Landlord shall provide Tenant with notice approving or reasonably disapproving such revision within five (5) business days after the later of Landlord's receipt of such request or the mutual execution and delivery of this Lease. If Landlord has begun performing the Tenant Improvement Work, then, in the absence of such authorization, Landlord shall have the option to continue such performance disregarding such revision. Landlord shall not revise the Approved Space Plan without Tenant's consent, which shall not be unreasonably withheld or conditioned. Tenant shall approve, or reasonably disapprove (and state, with reasonable specificity, its reasons for disapproving), any revision to the Approved Space Plan within two (2) business days after receiving Landlord's request for approval thereof.

2.7 Tenant's Approval Deadline. Tenant shall approve the Construction Pricing Proposal pursuant to Section 2.5.1 above on or before Tenant's Approval Deadline (defined below). As used in this Work Letter, "**Tenant's Approval Deadline**" means the date occurring five (5) business days after the Construction Pricing Proposal is delivered by Landlord to Tenant; provided, however, that Tenant's Approval Deadline shall be extended by one (1) day for each day, if any, by which Tenant's approval of the Construction Pricing Proposal pursuant to Section 2.5.1 above is delayed by any failure of Landlord to perform its obligations under this Section 2.

3 CONSTRUCTION.

3.1 Contractor. Landlord shall retain a contractor of its choice (the "**Contractor**") to perform the Tenant Improvement Work. In addition, Landlord may select and/or approve of any subcontractors, mechanics and materialmen used in connection with the performance of the Tenant Improvement Work.

3.2 Engineering Drawings.

3.2.1 Preparation. Landlord shall cause the engineering working drawings for the mechanical, electrical, plumbing, fire-alarm and fire sprinkler work in the Premises (the "**Engineering Drawings**") to (a) be prepared by one or more of the Architect, the Contractor, and/or engineers or other consultants selected and/or retained by the Architect, the Contractor or Landlord, and (b) conform to the Approved Space Plan, the Approved Additional Programming Information, the first sentence of Section 4 below, and any then-existing Approved Architectural Drawings (collectively, the "**Engineering Requirements**").

3.2.2 **Design Build.** Except as provided in Section 3.2.3 below:

A. Delivery and Approval. The Engineering Drawings shall be delivered to Tenant within fifteen (15) business days after the later of Tenant's approval of the Architectural Drawings pursuant to Section 2.4 above or the mutual execution and delivery of this Lease. Tenant shall approve, or reasonably disapprove (and state, with reasonable specificity, its reasons for disapproving), the Engineering Drawings within two (2) business days after the latest of (a) Tenant's receipt of the Engineering Drawings, (b) Tenant's approval of the Architectural Drawings, or (c) the mutual execution and delivery of this Lease. After receiving any such notice of reasonable disapproval, Landlord shall cause the Contractor to revise the Engineering Drawings and resubmit them to Tenant, taking into account the reasons for Tenant's disapproval; provided, however, that Landlord shall not be required to make any revision to the Engineering Drawings that conflicts with the Engineering Requirements or the Landlord Requirements or is otherwise reasonably disapproved by Landlord. Such procedure shall be repeated as necessary until Tenant has reasonably approved the Engineering Drawings. Such approved Engineering Drawings shall be referred to herein as the "**Approved Engineering Drawings**".

B. Revisions. If Tenant requests any revision to the Approved Engineering Drawings, Landlord shall provide Tenant with notice approving or reasonably disapproving such revision, and, if Landlord approves such revision, Landlord shall have such revision made and delivered to Tenant, together with notice of any resulting change in the most recent Construction Pricing Proposal, within five (5) business days after the later of Landlord's receipt of such request or the mutual execution and delivery of this Lease if such revision is not material, and within such longer period of time as may be reasonably necessary (but not more than ten (10) business days after the later of such receipt or such execution and delivery) if such revision is material, whereupon Tenant, within one (1) business day, shall notify Landlord whether it desires to proceed with such revision. If Landlord has begun performing the Tenant Improvement Work, then, in the absence of such authorization, Landlord shall have the option to continue such performance disregarding such revision. Landlord shall not revise the Approved Engineering Drawings without Tenant's consent, which shall not be unreasonably withheld or conditioned. Tenant shall approve, or reasonably disapprove (and state, with reasonable specificity, its reasons for disapproving), any revision to the Approved Engineering Drawings within two (2) business days after receiving Landlord's request for approval thereof. Any change order affecting the Approved Engineering Drawings shall be deemed a revision to the Approved Engineering Drawings.

3.2.3 **Design Bid Build.** If Landlord, at its option, causes the Engineering Drawings to be delivered to Tenant on or before the date on which the Architectural Drawings are first delivered to Tenant pursuant to Section 2.4 above, then (a) Section 3.2.2 above shall not apply; (b) Tenant's review and approval of, and any revisions to, the Engineering Drawings shall be governed by Sections 2.4 and 2.6 above as if the Engineering Drawings were part of the Architectural Drawings; and (c) the Engineering Drawings, as approved by Tenant pursuant to Section 2.4 above, shall be referred to herein as the "**Approved Engineering Drawings**".

3.3 **Permits.** Landlord shall cause the Contractor to submit the Approved Architectural Drawings and the Approved Engineering Drawings (collectively, the "**Approved Construction Drawings**") to the appropriate municipal authorities and otherwise apply for and obtain from such authorities all permits necessary for the Contractor to complete the Tenant Improvement Work (the "**Permits**").

3.4 Construction.

3.4.1 **Performance of Tenant Improvement Work.** Landlord shall cause the Contractor to perform the Tenant Improvement Work in accordance with the Approved Construction Drawings. Tenant shall pay a construction supervision and management fee (the "**Landlord Supervision Fee**") to Landlord in an amount equal to 3% of the aggregate amount of all Allowance Items other than the Landlord Supervision Fee.

3.4.2 **Contractor's Warranties.** Tenant waives all claims against Landlord relating to any defects in the Tenant Improvements; provided, however, that if, within 30 days after substantial completion of the Tenant Improvement Work, Tenant provides notice to Landlord of any non-latent defect in the Tenant Improvements, or if, within 11 months after substantial completion of the Tenant Improvement Work, Tenant provides notice to Landlord of any latent defect in the Tenant Improvements, then Landlord shall promptly cause such defect to be corrected.

4 COMPLIANCE WITH LAW; SUITABILITY FOR TENANT'S USE. Landlord shall cause the Improvements to be designed and constructed in compliance with law and shall cause the Architect and the Contractor to use the Required Level of Care (defined below) to cause the Space Plan, the Architectural Drawings and the Engineering Drawings to comply with law. As used herein, "**Required Level of Care**" means the level of care that reputable architects and engineers customarily use to cause architectural and engineering plans, drawings and specifications to comply with law where such plans, drawings and specifications are prepared for spaces in buildings comparable in quality to the Building. Except as provided above in this Section 4, Tenant shall be responsible for ensuring that the Initial Programming Information, the Space Plan, the Additional Programming Information, the Architectural Drawings and the Engineering Drawings (collectively, the "**Plans**") are suitable for Tenant's use of the Premises.

5 COMPLETION.

5.1 Substantial Completion. For purposes of Section 1.2.2(b) of this Lease, and subject to Section 5.2 below, the Tenant Improvement Work in Suite 200 shall be deemed to be "**Substantially Complete**" upon the completion of the Tenant Improvement Work pursuant to the Approved Construction Drawings, with the exception of Punchlist Items, and Landlord's receipt of a (temporary or final) certificate of occupancy or other commercially reasonable signoff of the building permit from the City of San Diego. "**Punchlist Items**" shall mean only details of construction, mechanical adjustment or any other similar matter, the non-completion of which does not unreasonably interfere with Tenant's use or occupancy of the Premises, and which punchlist items shall be corrected promptly by Landlord (within sixty (60) days following Landlord's receipt of written notice thereof from Tenant) without unreasonable interference with Tenant's use of or access to or from the Premises.

5.2 Tenant Cooperation; Tenant Delay. Tenant shall use reasonable efforts to cooperate with Landlord, the Architect, the Contractor, and Landlord's other consultants to complete all phases of the Plans, approve the Construction Pricing Proposal, obtain the Permits, and complete the Tenant Improvement Work as soon as possible, and Tenant shall meet with Landlord, in accordance with a schedule determined by Landlord, to discuss the parties' progress. Without limiting the foregoing, if (i) the Tenant Improvements include the installation of electrical connections for furniture stations to be installed by Tenant, and (ii) any electrical or other portions of such furniture stations must be installed in order for Landlord to obtain any governmental approval required for occupancy of the Premises, then Tenant, upon five (5) business days' notice from Landlord, shall promptly install such portions of such furniture stations in accordance with Sections 6.2 and 6.3 of this Lease. In addition, without limiting the foregoing, if the Substantial Completion of the Tenant Improvement Work is delayed (a "**Tenant Delay**") as a result of (a) any failure of Tenant to approve the Construction Pricing Proposal pursuant to Section 2.5.1 above on or before Tenant's Approval Deadline; (b) any failure of Tenant to timely approve the Engineering Drawings, pursuant to Section 3.2.2.A above, for any reason other than their failure to satisfy the Engineering Requirements;

(a) any failure of Tenant to timely approve any other matter requiring Tenant's approval; (d) any breach by Tenant of this Work Letter or this Lease; (e) any request by Tenant for any revision to, or for Landlord's approval of any revision to, any portion of the Plans that has previously been approved by both parties (except to the extent that such delay results from a breach by Landlord of its obligations under Section 2.6 or 3.2.2.B above); (f) any requirement of Tenant for materials, components, finishes or improvements that are not available in a commercially reasonable time given the anticipated date of Substantial Completion of the Tenant Improvement Work as set forth in this Lease; (g) any change to the base, shell or core of the Premises or Building required by the Approved Construction Drawings; or (h) any other act or omission of Tenant or any of its agents, employees or representatives, then, notwithstanding any contrary provision of this Lease, and regardless of when the Tenant Improvement Work is actually Substantially Completed, the Tenant Improvement Work shall be deemed to be Substantially Completed on the date on which the Tenant Improvement Work would have been Substantially Completed if no such Tenant Delay had occurred. Notwithstanding the foregoing, Landlord shall not be required to tender possession of the Premises to Tenant before the Tenant Improvement Work has been Substantially Completed, as determined without giving effect to the preceding sentence. Notwithstanding the foregoing, no Tenant Delay (except as to items for which the time period for Tenant's approval is expressly set forth herein) shall be deemed to have occurred unless and until Landlord has provided written notice to Tenant specifying the action or inaction that Landlord contends constitutes a Tenant Delay. If such action or inaction is not cured within one (1) business day after receipt of such notice, then a Tenant Delay, as set forth in such notice, shall be deemed to have occurred commencing as of the date such notice is received and continuing for the number of days that Substantial Completion of the Tenant Improvements was in fact delayed as a result of such action or inaction.

6 MISCELLANEOUS. Notwithstanding any contrary provision of this Lease, if Tenant Defaults under this Lease before the Tenant Improvement Work is completed, Landlord's obligations under this Work Letter shall be excused until such Default is cured and Tenant shall be responsible for any resulting delay in the completion of the Tenant Improvement Work. This Work Letter shall not apply to any space other than the Premises.

RULES AND REGULATIONS

Tenant shall comply with the following rules and regulations (as modified or supplemented from time to time, the “**Rules and Regulations**”). Landlord shall not be responsible to Tenant for the nonperformance of any of the Rules and Regulations by any other tenants or occupants of the Project. In the event of any conflict between the Rules and Regulations and the other provisions of this Lease, the latter shall control. Any consent, approval or waiver required of Landlord under these rules and regulations shall not be unreasonably withheld, conditioned or delayed.

1. Tenant shall not alter any lock or install any new or additional locks or bolts on any doors or windows of the Premises or the Building without obtaining Landlord’s prior consent. Landlord shall have the right at all times to retain and use keys or other access codes or devices to all locks within and into the Premises. Tenant shall bear the cost of any lock changes or repairs required by Tenant. Two keys will be furnished by Landlord for the Premises, and any additional keys required by Tenant must be obtained from Landlord at a reasonable cost to be established by Landlord. Upon the termination of this Lease, Tenant shall restore to Landlord all keys of stores, offices and toilet rooms furnished to or otherwise procured by Tenant, and if any such keys are lost, Tenant shall pay Landlord the cost of replacing them or of changing the applicable locks if Landlord deems such changes necessary.

2. All doors opening to public corridors shall be kept closed at all times except for normal ingress and egress to the Premises.

3. Landlord may close and keep locked all entrance and exit doors of the Building during such hours as are customary for Comparable Buildings. Tenant shall cause its employees, agents, contractors, invitees and licensees who use Building and corridor doors during such hours to securely close and lock them after such use. Any person entering or leaving the Building during such hours, or when the Building doors are otherwise locked, may be required to sign the Building register, and access to the Building may be refused unless such person has proper identification or has a previously arranged access pass. Landlord will furnish passes to persons for whom Tenant requests them. Tenant shall be responsible for all persons for whom Tenant requests passes and shall be liable to Landlord for all acts of such persons. Landlord and its agents shall not be liable for damages for any error with regard to the admission or exclusion of any person to or from the Building. In case of invasion, mob, riot, public excitement or other commotion, Landlord may prevent access to the Building or the Project during the continuance thereof by any means it deems appropriate for the safety and protection of life and property.

4. No furniture, freight or equipment shall be brought into the Building without prior notice to Landlord. All moving activity into or out of the Building shall be scheduled with Landlord and done only at such time and in such manner as Landlord designates. Landlord may prescribe the weight, size and position of all safes and other heavy property brought into the Building and also the times and manner of moving the same in and out of the Building. Safes and other heavy objects shall, if considered necessary by Landlord, stand on supports of such thickness as is necessary to properly distribute the weight. Landlord will not be responsible for loss of or damage to any such safe or property. Any damage to the Building, its contents, occupants or invitees resulting from Tenant’s moving or maintaining any such safe or other heavy property shall be the sole responsibility and expense of Tenant (notwithstanding Sections 6 and 9.4 of the Lease).

5. No furniture, packages, supplies, equipment or merchandise will be received in the Building or carried up or down in the elevators, except between such hours, in such specific elevator and by such personnel as shall be designated by Landlord.

6. No sign, advertisement, notice or handbill shall be exhibited, distributed, painted or affixed by Tenant on any part of the Premises or the Building without Landlord’s prior consent. Tenant shall not disturb, solicit, peddle or canvass any occupant of the Project.

7. The toilet rooms, urinals, wash bowls and other apparatus, plumbing, fixtures and appliances shall not be used for any purpose other than that for which they were constructed, and no foreign substance shall be thrown or placed therein. Notwithstanding Sections 6 and 9.4 of the Lease, Tenant shall bear the expense of any breakage, stoppage or damage resulting from any violation of this rule by Tenant or any of its employees, agents, contractors, invitees or licensees.

8. Tenant shall not overload the floor of the Premises, or mark, drive nails or screws or drill into the partitions, woodwork or drywall of the Premises, or otherwise deface the Premises, without Landlord's prior consent. Tenant shall not purchase bottled water, ice, towel, linen, maintenance or other like services from any person not approved by Landlord.

9. Except for vending machines intended for the sole use of Tenant's employees and invitees, no vending machine or machines other than fractional horsepower office machines shall be installed, maintained or operated in the Premises without Landlord's prior consent.

10. Tenant shall not, without Landlord's prior consent, use, store, install, disturb, spill, remove, release or dispose of, within or about the Premises or any other portion of the Project, any asbestos-containing materials, any solid, liquid or gaseous material now or subsequently considered toxic or hazardous under the provisions of 42 U.S.C. Section 9601 et seq. or any other applicable environmental Law, or any inflammable, explosive or dangerous fluid or substance; provided, however, that Tenant may use, store and dispose of such substances in such amounts as are typically found in similar premises used for general office purposes provided that such use, storage and disposal does not damage any part of the Premises, Building or Project and is performed in a safe manner and in accordance with all Laws. Tenant shall comply with all Laws pertaining to and governing the use of such materials by Tenant and shall remain solely liable for the costs of abatement and removal. No burning candle or other open flame shall be ignited or kept by Tenant in or about the Premises, Building or Project.

11. Tenant shall not, without Landlord's prior consent, use any method of heating or air conditioning other than that supplied by Landlord.

12. Tenant shall not use or keep any foul or noxious gas or substance in or on the Premises, or occupy or use the Premises in a manner offensive or objectionable to Landlord or other occupants of the Project by reason of noise, odors or vibrations, or interfere with other occupants or those having business therein, whether by the use of any musical instrument, loudspeaker or otherwise. Tenant shall not throw anything out of doors, windows or skylights or down passageways.

13. Tenant shall not bring into or keep within the Project, the Building or the Premises any animals (other than service animals), birds, aquariums, or, except in areas designated by Landlord, bicycles or other vehicles.

14. No cooking shall be done in the Premises, nor shall the Premises be used for lodging, for living quarters or sleeping apartments, or for any improper, objectionable, illegal or immoral purposes. Notwithstanding the foregoing, Underwriters' laboratory-approved equipment and microwave ovens may be used in the Premises for heating food and brewing coffee, tea, hot chocolate and similar beverages for employees and invitees, provided that such use complies with all Laws.

15. The Premises shall not be used for manufacturing or for the storage of merchandise except to the extent such storage may be incidental to the Permitted Use. Tenant shall not occupy the Premises as an office for a messenger-type operation or dispatch office, public stenographer or typist, or for the manufacture or sale of liquor, narcotics or tobacco, or as a medical office, a barber or manicure shop, an employment bureau, or a business that is materially involved in the cannabis industry without Landlord's prior consent.

16. Landlord may exclude from the Project any person who, in Landlord's judgment, is intoxicated or under the influence of liquor or drugs, or who violates any of these Rules and Regulations.

17. Tenant shall not loiter in or on the entrances, corridors, sidewalks, lobbies, courts, halls, stairways, elevators, vestibules or any Common Areas for the purpose of smoking tobacco products or for any other purpose, nor in any way obstruct such areas, and shall use them only as a means of ingress and egress for the Premises. Tenant shall not permit smoke from the Premises to emanate into the Common Areas or any other part of the Building. Landlord shall have the right to designate the Building (including the Premises) as a non-smoking Building. Tenant must comply with any applicable state or local "**No Smoking**" ordinance.

18. Tenant shall not waste electricity, water or air conditioning, shall cooperate with Landlord to ensure the most effective operation of the Building's heating and air conditioning system, and shall not attempt to adjust any controls. Tenant shall install and use in the Premises only ENERGY STAR rated equipment, where available. Tenant shall use recycled paper in the Premises to the extent consistent with its business requirements. Tenant shall not use more than its proportionate share of telephone lines and other telecommunication facilities available to service the Building.

19. Tenant shall store all its trash and garbage inside the Premises. No material shall be placed in the trash or garbage receptacles if, under Law, it may not be disposed of in the ordinary and customary manner of disposing of trash and garbage in the vicinity of the Building. All trash, garbage and refuse disposal shall be made only through entryways and elevators provided for such purposes at such times as Landlord shall designate. Tenant shall comply with Landlord's recycling program, if any.

20. Tenant shall comply with all safety, security, fire protection and evacuation procedures, programs and regulations established or required by Landlord, any governmental agency or Law.

21. The work of cleaning personnel shall not be hindered by Tenant after 5:30 P.M., and cleaning work may be done at any time when the offices are vacant. Windows, doors and fixtures may be cleaned at any time. Tenant shall provide adequate waste and rubbish receptacles to prevent unreasonable hardship to the cleaning service. Any persons employed by Tenant to do janitorial work (a) shall be subject to Landlord's prior consent; (b) shall not, in Landlord's reasonable judgment, disturb labor harmony with any workforce or trades engaged in performing other work or services at the Project; and (c) while in the Building and outside of the Premises, shall be subject to the control and direction of the Building manager (but not as an agent or employee of such manager or Landlord), and Tenant shall be responsible for all acts of such persons.

22. No awning or other projection shall be attached to the outside walls of the Building without Landlord's prior consent. Other than Landlord's Building-standard window coverings, no curtains, blinds, shades or screens shall be attached to or hung in, or used in connection with, any window or door of the Premises. All electrical ceiling fixtures hung in the Premises or spaces along the perimeter of the Building must be fluorescent and/or of a quality, type, design and a warm white bulb color approved in advance by Landlord. Neither the interior nor exterior of any windows shall be coated or otherwise unscreened without Landlord's prior consent. Tenant shall abide by Landlord's regulations concerning the opening and closing of window coverings.

23. Tenant shall not obstruct any sashes, sash doors, skylights, windows or doors that reflect or admit light or air into the halls, passageways or other public places in the Building, nor shall Tenant place any bottles, parcels or other articles on the windowsills.

24. Tenant must comply with requests by Landlord concerning the informing of their employees of items of importance to the Landlord.

25. All office equipment of an electrical or mechanical nature shall be placed by Tenant in the Premises in settings approved by Landlord, to absorb or prevent any vibration, noise or annoyance.

26. Tenant shall not use any hand trucks except those equipped with rubber tires and rubber side guards.

27. No auction, liquidation, fire sale, going-out-of-business or bankruptcy sale shall be conducted in the Premises without Landlord's prior consent.

28. Tenant shall not (a) use any name of the Building or Project for any purpose other than to identify the address of the business to be conducted by Tenant in the Premises, (b) use any image of the Building or Project in any advertising or other publicity without Landlord's prior consent, or (c) use any name or image of the Building or Project in any manner that would infringe any trade name, trade mark, copyright or similar right of Landlord or any

third party in or to any name or image of the Building or Project. Without limiting the foregoing, Tenant shall not, in any signage displayed at the Building or Project, on its website, or in any other advertising or promotional material, identify, describe, or refer to itself or its business as “[Tenant’s name or trade name] [name of Building or Project]” or [Tenant’s name or trade name] At [name of Building or Project]”.

29. Landlord has no obligation to allow any particular telecommunication service provider to have access to the Building or to the Premises. If Landlord permits access, Landlord may condition the access upon the payment to Landlord by the service provider of fees assessed by Landlord in Landlord’s sole discretion.

Landlord may from time to time modify or supplement these Rules and Regulations in a manner that, in Landlord’s reasonable judgment, is commercially reasonable, non-discriminatory and appropriate for the management, safety, care and cleanliness of the Premises, the Building, the Common Areas and the Project, for the preservation of good order therein, and for the health or convenience of other occupants and tenants thereof (including through the adoption of rules based upon applicable guidelines and recommendations of the United States Centers for Disease Control and Prevention), provided that no such modification or supplement shall materially reduce Tenant’s rights or materially increase Tenant’s obligations hereunder unless such changes are made to comply with government or public health recommendations to promote the health and safety of tenants, employees and visitors to the Building. Landlord may waive any of these Rules and Regulations for the benefit of any tenant, but no such waiver shall be construed as a waiver of such Rule and Regulation in favor of any other tenant nor prevent Landlord from thereafter enforcing such Rule and Regulation against any tenant. Notwithstanding the foregoing, no rule that is added to the initial Rules and Regulations shall be enforced against Tenant in a manner that unreasonably discriminates in favor of any other similarly situated tenant.

ADDITIONAL PROVISIONS

1 PARKING. Tenant may park in the Building's parking facilities (the "**Parking Facility**"), in common with other tenants of the Building, upon the following terms and conditions. Tenant shall not use more than the number of unreserved parking spaces set forth in Section 1.8 of the Lease, which unreserved parking space shall be free-of-charge during the initial Term. Tenant shall pay Landlord, in accordance with Section 3 of the Lease, Landlord's standard charge for any reserved parking spaces described in Section 1.8.2 of the Lease, as such standard charge may be adjusted from time to time. Tenant shall comply with all commercially reasonable non-discriminatory rules and regulations established by Landlord from time to time for the orderly operation and use of the Parking Facility, including any sticker or other identification system and the prohibition of vehicle repair and maintenance activities in the Parking Facility. Landlord may, in its discretion, allocate and assign parking passes among Tenant and the other tenants in the Building, provided that in all events Tenant shall have no less than the number of spaces as set forth in Section 1.8 of the Lease. Tenant's use of the Parking Facility shall be at Tenant's sole risk, and Landlord shall have no liability for any personal injury or damage to or theft of any vehicles or other property occurring in the Parking Facility or otherwise in connection with any use of the Parking Facility by Tenant or its employees or invitees. Landlord may alter the size, configuration, design, layout or any other aspect of the Parking Facility, and, in connection therewith, temporarily deny or restrict access to the Parking Facility, without abatement of Rent or liability to Tenant. Landlord may delegate its responsibilities hereunder to a parking operator, in which case (i) such parking operator shall have all the rights of control reserved herein by Landlord, (ii) Tenant shall enter into a parking agreement with such parking operator, (iii) Tenant shall pay such parking operator, rather than Landlord, any charge described in Section 1.8 of the Lease for the parking spaces, and (iv) Landlord shall have no liability for claims arising through acts or omissions of such parking operator except to the extent caused by Landlord's negligence or willful misconduct. Tenant's parking rights under this Section 1 are solely for the benefit of Tenant's employees and invitees and such rights may not be transferred without Landlord's prior consent, except pursuant to a Transfer permitted under Section 13 of the Lease. For the avoidance of doubt, nothing herein shall be deemed to limit Landlord's right to charge visitors a fee to use any parking spaces other than those described in Section 1.8 of the Lease.

2 CALIFORNIA CIVIL CODE SECTION 1938. Pursuant to California Civil Code § 1938(a), Landlord hereby states that the Premises have not undergone inspection by a Certified Access Specialist (CASp) (defined in California Civil Code § 55.52). Accordingly, pursuant to California Civil Code § 1938(e), Landlord hereby further states as follows:

A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.

In accordance with the foregoing, Landlord and Tenant agree that if Tenant obtains a CASp inspection of the Premises, then Tenant shall pay (i) the fee for such inspection, and (ii) except as may be otherwise expressly provided in this Lease, the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the Premises.

Exhibit F-1

3 Suite 250 Extension Option.

3.1 Grant of Option; Conditions. Tenant shall have the right (the “**Suite 250 Extension Option**”) to extend the Suite 250 Term for one (1) additional period beginning on the day immediately following the expiration date the initial Suite 250 Term and ending on the expiration of the Suite 200 Term (the “**Suite 250 Extension Term**”), if:

- (a) not less than nine (9) full calendar months before the expiration of the Suite 250 Term, Tenant delivers written notice to Landlord (the “**Suite 250 Extension Notice**”) electing to exercise the Suite 250 Extension Option;
- (b) no Default exists when Tenant delivers the Suite 250 Extension Notice;
- (c) no part of the Premises is sublet when Tenant delivers the Suite 250 Extension Notice; and
- (d) the Lease has not been assigned (other than a Permitted Transfer) before Tenant delivers the Suite 250 Extension Notice.

3.2 Terms Applicable to Suite 250 Extension Term

(a) During the Suite 250 Extension Term, the Base Rent rate per rentable square foot shall be equal to the greater of (i) the Base Rent per rentable square foot for Suite 200 as set forth in Section 1.3.2 of the Lease, and (ii) the then Prevailing Market Rent for Suite 250 as reasonably determined by Landlord in accordance with the definition set forth in Section 4.5, below.

(b) During the Suite 250 Extension Term, Tenant shall pay Tenant’s Share of Expenses and Taxes for Suite 250 in accordance with the Lease, and the Base Year shall remain 2024.

3.3 Suite 250 Extension Amendment. If Tenant is entitled to and properly exercises its Suite 250 Extension Option, Landlord, within a reasonable time thereafter, shall prepare and deliver to Tenant an amendment (the “**Suite 250 Extension Amendment**”) reflecting changes in the Base Rent, the Suite 250 Term, the expiration date of the Lease for Suite 250, and other appropriate terms in accordance with this Section 3, and Tenant shall execute and return (or, by notice to Landlord, reasonably object to) the Suite 250 Extension Amendment within fifteen (15) days after receiving it.

4 Extension Option.

4.1 Grant of Option; Conditions. So long as Tenant timely exercised its Suite 250 Extension Option, Tenant shall have the right (the “**Extension Option**”) to extend the term of the Lease for the entire Premises for one (1) additional period of five (5) years beginning on the day immediately following the Suite 200 Expiration Date and ending on the fifth (5th) anniversary of the Suite 200 Expiration Date (the “**Extension Term**”), if:

- (a) not less than twelve (12) and not more than fifteen (15) full calendar months before the Suite 200 Expiration Date, Tenant delivers written notice to Landlord (the “**Extension Notice**”) electing to exercise the Extension Option;
- (b) no Default exists when Tenant delivers the Extension Notice;
- (c) no part of the Premises is sublet when Tenant delivers the Extension Notice; and
- (d) the Lease has not been assigned (other than a Permitted Transfer) before Tenant delivers the Extension Notice.

4.2 Terms Applicable to Extension Term

(a) During the Extension Term, (a) the Base Rent rate per rentable square foot shall be equal to the Prevailing Market rate per rentable square foot; (b) Base Rent shall increase, if at all, in accordance with the increases assumed in the determination of Prevailing Market rate; and (c) Base Rent shall be payable in monthly installments in accordance with the terms and conditions of the Lease.

(b) During the Extension Term Tenant shall pay Tenant's Share of Expenses and Taxes for the Premises in accordance with the Lease.

4.3 Procedure for Determining Prevailing Market.

- A. Initial Procedure. Within thirty (30) days after receiving the Extension Notice, Landlord shall give Tenant written notice of Landlord's estimate of the Prevailing Market rate for the Extension Term ("**Landlord's Estimate**"). Within thirty (30) days of receiving Landlord's Estimate, Tenant shall give Landlord either (i) written notice ("**Tenant's Binding Notice**") accepting Landlord's Estimate, or (ii) written notice ("**Tenant's Rejection Notice**") rejecting such estimate and stating Tenant's estimate of the Prevailing Market rate for the Extension Term. If Tenant gives Landlord a Tenant's Rejection Notice, Landlord, within fifteen (15) days thereafter, shall give Tenant either (i) written notice ("**Landlord's Binding Notice**") accepting Tenant's estimate of the Prevailing Market rate for the Extension Term stated in Tenant's Rejection Notice, or (ii) written notice ("**Landlord's Rejection Notice**") rejecting such estimate. If Landlord gives Tenant a Landlord's Rejection Notice, Landlord and Tenant shall work together in good faith to agree in writing upon the Prevailing Market rate for the Extension Term. If, within thirty (30) days after delivery of a Landlord's Rejection Notice, the parties fail to agree in writing upon the Prevailing Market rate, the provisions of Section 4.3B below shall apply.
- B. Dispute Resolution Procedure.
- (1) If, within 30 days after delivery of a Landlord's Rejection Notice, the parties fail to agree in writing upon the Prevailing Market rate, Landlord and Tenant, within five (5) days thereafter, shall each simultaneously submit to the other, in a sealed envelope, its good faith estimate of the Prevailing Market rate for the Extension Term (collectively, the "**Estimates**"). Within seven (7) days after the exchange of Estimates, Landlord and Tenant shall each select a broker or agent (an "**Agent**") to determine which of the two Estimates most closely reflects the Prevailing Market rate for the Extension Term. Each Agent so selected shall be licensed as a real estate broker or agent and in good standing with the California Department of Real Estate, and shall have had at least five (5) years' experience within the previous 10 years as a commercial real estate broker or agent working in the High Bluff/Del Mar Heights area of San Diego, California, with working knowledge of current rental rates and leasing practices relating to buildings similar to the Building.
 - (2) If each party selects an Agent in accordance with Section 4.3B(1) above, the parties shall cause their respective Agents to work together in good faith to agree upon which of the two Estimates most closely reflects the Prevailing Market rate for the Extension Term. The Estimate, if any, so agreed upon by such Agents shall be final and binding on both parties as the Prevailing Market rate for the Extension Term and may be entered in a court of competent jurisdiction. If the Agents fail to reach such agreement within 20 days after their selection, then, within 10 days after the expiration of such 20-day period, the parties shall instruct the Agents to select a third Agent meeting the above criteria (and if the Agents fail to agree upon such third Agent within 10 days after being so instructed, either party may cause a court of competent jurisdiction to select such third Agent). Promptly upon selection of such third Agent, the parties shall instruct such Agent (or, if only one of the parties has selected an Agent within the 7-day period described above, then promptly after the expiration of such 7-day period the parties shall instruct such Agent) to determine, as soon as practicable but in any case within 14 days after his selection, which of the two Estimates most closely reflects the Prevailing Market rate. Such determination by such Agent (the "**Final Agent**") shall be final and binding on both parties as the Prevailing Market rate for the Extension Term

and may be entered in a court of competent jurisdiction. If the Final Agent believes that expert advice would materially assist him, he may retain one or more qualified persons to provide such expert advice. The parties shall share equally in the costs of the Final Agent and of any experts retained by the Final Agent. Any fees of any other broker, agent, counsel or expert engaged by Landlord or Tenant shall be borne by the party retaining such broker, agent, counsel or expert.

- C. **Adjustment.** If the Prevailing Market rate has not been determined by the commencement date of the Extension Term, Tenant shall pay Base Rent for the Extension Term upon the terms and conditions in effect during the last month ending on or before the expiration date of the Lease until such time as the Prevailing Market rate has been determined. Upon such determination, the Base Rent for the Extension Term shall be retroactively adjusted. If such adjustment results in an under- or overpayment of Base Rent by Tenant, Tenant shall pay Landlord the amount of such underpayment, or receive a credit in the amount of such overpayment, with or against the next Base Rent due under the Lease.

4.4 Extension Amendment. If Tenant is entitled to and properly exercises its Extension Option, and if the Prevailing Market rate for the Extension Term is determined in accordance with Section 4.3 above, Landlord, within a reasonable time thereafter, shall prepare and deliver to Tenant an amendment (the “**Extension Amendment**”) reflecting changes in the Base Rent, the Term, the expiration date of the Lease, and other appropriate terms in accordance with this Section 4, and Tenant shall execute and return (or, by notice to Landlord, reasonably object to) the Extension Amendment within fifteen (15) days after receiving it. Notwithstanding the foregoing, upon determination of the Prevailing Market rate for the Extension Term in accordance with Section 4.3 above, an otherwise valid exercise of the Extension Option shall be fully effective whether or not the Extension Amendment is executed.

4.5 Definition of Prevailing Market. For purposes of this Extension Option, “**Prevailing Market**” shall mean the arms-length, fair-market, annual rental rate per rentable square foot under extension and renewal leases and amendments entered into on or about the date on which the Prevailing Market is being determined hereunder for space comparable to the Premises in the Building and office buildings comparable to the Building in the High Bluff/Del Mar Heights area of San Diego, California. The determination of Prevailing Market shall take into account (i) any material economic differences between the terms of the Lease and any comparison lease or amendment, such as rent abatements, construction costs and other concessions, and the manner, if any, in which the landlord under any such lease is reimbursed for operating expenses and taxes; (ii) any material differences in configuration or condition between the Premises and any comparison space, including any cost that would have to be incurred in order to make the configuration or condition of the comparison space similar to that of the Premises; and (iii) any reasonably anticipated changes in the Prevailing Market rate from the time such Prevailing Market rate is being determined and the time such Prevailing Market rate will become effective under the Lease.

5 Right of First Offer.

5.1 Grant of Option; Conditions.

- A. Subject to the terms of this Section 5, and so long as Tenant leases and occupies both Suite 250 and Suite 200, Tenant shall have a one-time right of first offer (“**Right of First Offer**”) with respect to the 4,356 rentable square feet known as Suite 225 on the second (2nd) floor of the Building shown on the demising plan attached to the Lease as **Exhibit A-1** (the “**Potential Offering Space**”). Tenant’s Right of First Offer shall be exercised as follows: At any time after Landlord has determined that a Potential Offering Space has become Available (defined below), but before leasing such Potential Offering Space to a third party, Landlord, subject to the terms of this Section 5.1, shall provide Tenant with a written notice (for purposes of this Section 5.1, an “**Advice**”) advising Tenant of the material terms on which Landlord is prepared to lease such Potential Offering Space (sometimes referred to herein as an “**Offering Space**”) to Tenant, which terms shall be consistent with Section 5.2 below. For purposes hereof, a Potential Offering Space shall be deemed to become “**Available**” as follows: (i) if such Potential Offering Space is not leased to a third party as of the date of mutual execution and delivery of this Lease, such Potential Offering Space

shall be deemed to become Available only following the first lease pertaining to such Potential Offering Space entered into by Landlord after the date of this Lease, including any renewal or extension of such lease, whether or not such renewal or extension is pursuant to an express written provision in such lease, and regardless of whether any such renewal or extension is consummated pursuant to a lease amendment or a new lease; and (ii) if such Potential Offering Space is leased to a third party as of the date of mutual execution and delivery of this Lease, such Potential Offering Space shall be deemed to become Available when Landlord has determined that such third-party tenant, and any occupant of such Potential Offering Space claiming under such third-party tenant, will not extend or renew the term of its lease, or enter into a new lease, for such Potential Offering Space. Upon receiving an Advice, Tenant may lease the Offering Space, in its entirety only, under the terms set forth in the Advice, by delivering to Landlord a written notice of exercise (for purposes of this Section 5, a “**Notice of Exercise**”) within five (5) business days after receiving the Advice.

- B. If Tenant receives an Advice but does not deliver a Notice of Exercise within the period of time required under Section 5.1.A above, Landlord may lease the Offering Space to any party on any terms determined by Landlord in its sole and absolute discretion.
- C. Notwithstanding any contrary provision hereof, (i) Landlord shall not be required to provide Tenant with an Advice if any of the following conditions exists when Landlord would otherwise deliver the Advice; and (ii) if Tenant receives an Advice from Landlord, Tenant shall not be entitled to lease the Offering Space based on such Advice if any of the following conditions exists:
 - (1) a Default exists;
 - (2) all or any portion of the Premises is sublet;
 - (3) the Lease has been assigned (other than a Permitted Transfer); or
 - (4) Tenant is not occupying the Premises.

If, by operation of the preceding sentence, Landlord is not required to provide Tenant with an Advice, or Tenant, after receiving an Advice, is not entitled to lease the Offering Space based on such Advice, then Landlord may lease the Offering Space to any party on any terms determined by Landlord in its sole and absolute discretion.

5.2 Terms for Offering Space.

- A. The term for the Offering Space shall be such period as Landlord, in its sole and absolute discretion, may set forth in the Advice; provided, however, that such term shall be not less than coterminous with the term for the balance of the Premises. Section 4 above shall not apply to the Offering Space if the term for the Offering Space extends beyond the term for the balance of the Premises unless Tenant exercises its right under Section 4 above with regard to the balance of the Premises, in which case the term for the Offering Space shall be extended to be co-terminous with the extension term for the balance of the Premises.
- B. The term for the Offering Space shall commence on the commencement date stated in the Advice and thereupon the Offering Space shall be considered a part of the Premises subject to the provisions of the Lease; provided, however, that the provisions of the Advice (including the provision of the Advice establishing the expiration date for the Offering Space) shall prevail to the extent they conflict with the provisions of the Lease.

- C. Tenant shall pay Base Rent and Additional Rent for the Offering Space in accordance with the provisions of the Advice. The Advice shall reflect the Prevailing Market (defined in Section 5.5 below) rate for the Offering Space as determined in Landlord's reasonable judgment.
- D. Except as may be otherwise provided in the Advice, (i) the Offering Space (including improvements and personalty, if any) shall be accepted by Tenant in its configuration and condition existing on the earlier of the date Tenant takes possession of the Offering Space or the commencement date for the Offering Space; and (ii) if Landlord is delayed in delivering possession of the Offering Space by any holdover or unlawful possession of the Offering Space by any party, Landlord shall use reasonable efforts to obtain possession of the Offering Space and any obligation of Landlord to tender possession of, permit entry to, or perform alterations to the Offering Space shall be deferred until after Landlord has obtained possession of the Offering Space.

5.3 Termination of Right of First Offer. Notwithstanding any contrary provision hereof, (i) Landlord shall not be required to provide Tenant with an Advice after the date occurring twelve (12) months before the expiration of the Suite 200 Term (the "**Initial Cutoff Date**") unless Tenant has previously validly exercised, or continues to have the right to exercise, its Extension Option under Section 4 above; (ii) Tenant shall not be entitled to exercise its Right of First Offer after the Initial Cutoff Date unless Tenant has previously validly exercised, or then validly exercises, its Extension Option pursuant to Section 4 above; and (iii) if the term of the Lease is extended pursuant to Section 4 above, then Landlord shall not be required to provide Tenant with an Advice, and Tenant shall not be entitled to exercise its Right of First Offer, after the date occurring thirty-six (36) months before the expiration of the Extension Term.

5.4 Offering Amendment. If Tenant validly exercises its Right of First Offer, Landlord, within a reasonable period of time thereafter, shall prepare and deliver to Tenant an amendment (the "**Offering Amendment**") adding the Offering Space to the Premises on the terms set forth in the Advice and reflecting the changes in the Base Rent, the rentable square footage of the Premises, and Tenant's Share, and other appropriate terms in accordance with this Section 5. Tenant shall execute and return (or, by notice to Landlord, reasonably object to) the Offering Amendment to Landlord within fifteen (15) days after receiving it, but an otherwise valid exercise of the Right of First Offer shall be fully effective whether or not the Offering Amendment is executed.

5.5 Definition of Prevailing Market. For purposes of this Section 5, "**Prevailing Market**" means the arms-length, fair-market, annual rental rate per rentable square foot, under renewal and expansion leases and amendments entered into on or about the date on which the Prevailing Market is being determined hereunder, for space comparable to the Offering Space in the Building and office buildings comparable to the Building in the San Diego, California area. The determination of Prevailing Market shall take into account (i) any material economic differences between the terms of the Lease and any comparison lease or amendment, such as rent abatements, construction costs and other concessions, and the manner, if any, in which the landlord under any such lease is reimbursed for operating expenses and taxes; and (ii) any material differences in configuration or condition between the Offering Space and any comparison space.

5.6 Subordination. If Landlord, as permitted under Section 5.1.B or 5.1.C above, leases any Potential Offering Space to a third party on terms including a right of first offer, right of first refusal, expansion option or other expansion right with respect to any other Potential Offering Space (and if, in the case of any such lease permitted under Section 5.1.B above, such expansion right was disclosed in the Advice received by Tenant), then Tenant's Right of First Offer with respect to such other Potential Offering Space shall be subject and subordinate to such expansion right in favor of such third party.

EXHIBIT G
JUNCTION AT DEL MAR I
JUDICIAL REFERENCE

IF THE JURY-WAIVER PROVISIONS OF SECTION 23.8 OF THE LEASE ARE NOT ENFORCEABLE UNDER CALIFORNIA LAW, THE PROVISIONS SET FORTH BELOW SHALL APPLY.

It is the desire and intention of the parties to agree upon a mechanism and procedure under which controversies and disputes arising out of the Lease or related to the Premises will be resolved in a prompt and expeditious manner. Accordingly, except with respect to actions for unlawful or forcible detainer or with respect to the prejudgment remedy of attachment, any action, proceeding or counterclaim brought by either party hereto against the other (and/or against its officers, directors, employees, agents or subsidiaries or affiliated entities) on any matters arising out of or in any way connected with the Lease, Tenant's use or occupancy of the Premises and/or any claim of injury or damage, whether sounding in contract, tort, or otherwise, shall be heard and resolved by a referee under the provisions of the California Code of Civil Procedure, Sections 638 — 645.1, inclusive (as same may be amended, or any successor statute(s) thereto) (the "**Referee Sections**"). Any fee to initiate the judicial reference proceedings and all fees charged and costs incurred by the referee shall be paid by the party initiating such procedure (except that if a reporter is requested by either party, then a reporter shall be present at all proceedings where requested and the fees of such reporter – except for copies ordered by the other parties – shall be borne by the party requesting the reporter); provided however, that allocation of the costs and fees, including any initiation fee, of such proceeding shall be ultimately determined in accordance with Section 23.6 of the Lease. The venue of the proceedings shall be in the county in which the Premises are located. Within 10 days of receipt by any party of a request to resolve any dispute or controversy pursuant to this Exhibit G, the parties shall agree upon a single referee who shall try all issues, whether of fact or law, and report a finding and judgment on such issues as required by the Referee Sections. If the parties are unable to agree upon a referee within such 10-day period, then any party may thereafter file a lawsuit in the county in which the Premises are located for the purpose of appointment of a referee under the Referee Sections. If the referee is appointed by the court, the referee shall be a neutral and impartial retired judge with substantial experience in the relevant matters to be determined, from Jams/Endispute, Inc., ADR Services, Inc. or a similar mediation/arbitration entity approved by each party in its sole and absolute discretion. The proposed referee may be challenged by any party for any of the grounds listed in the Referee Sections. The referee shall have the power to decide all issues of fact and law and report his or her decision on such issues, and to issue all recognized remedies available at law or in equity for any cause of action that is before the referee, including an award of attorneys' fees and costs in accordance with the Lease. The referee shall not, however, have the power to award punitive damages, nor any other damages that are not permitted by the express provisions of the Lease, and the parties waive any right to recover any such damages. The parties may conduct all discovery as provided in the California Code of Civil Procedure, and the referee shall oversee discovery and may enforce all discovery orders in the same manner as any trial court judge, with rights to regulate discovery and to issue and enforce subpoenas, protective orders and other limitations on discovery available under California Law. The reference proceeding shall be conducted in accordance with California Law (including the rules of evidence), and in all regards, the referee shall follow California Law applicable at the time of the reference proceeding. The parties shall promptly and diligently cooperate with one another and the referee, and shall perform such acts as may be necessary to obtain a prompt and expeditious resolution of the dispute or controversy in accordance with the terms of this Exhibit G. In this regard, the parties agree that the parties and the referee shall use best efforts to ensure that (a) discovery be conducted for a period no longer than six (6) months from the date the referee is appointed, excluding motions regarding discovery, and (b) a trial date be set within nine (9) months of the date the referee is appointed. In accordance with Section 644 of the California Code of Civil Procedure, the decision of the referee upon the whole issue must stand as the decision of the court, and upon the filing of the statement of decision with the clerk of the court, or with the judge if there is no clerk, judgment may be entered thereon in the same manner as if the action had been tried by the court. Any decision of the referee and/or judgment or other order entered thereon shall be appealable to the same extent and in the same manner that such decision, judgment, or order would be appealable if rendered by a judge of the superior court in which venue is proper hereunder. The referee shall in his/her statement of decision set forth his/her findings of fact and conclusions of law. The parties intend this general reference agreement to be specifically enforceable in accordance with the Code of Civil Procedure. Nothing in this Exhibit G shall prejudice the right of any party to obtain provisional relief or other equitable remedies from a court of competent jurisdiction as shall otherwise be available under the Code of Civil Procedure and/or applicable court rules.

FIRST AMENDMENT TO OFFICE LEASE

This FIRST AMENDMENT TO OFFICE LEASE (this “**First Amendment**”) is made and entered into as of December 6, 2024, by and between KR JUNCTION, LLC, a Delaware limited liability company (“**Landlord**”), and AVENZO THERAPEUTICS, INC., a Delaware corporation (“**Tenant**”).

RECITALS:

A. Landlord (as successor-in-interest to BRE CA OFFICE OWNER LLC, a Delaware limited liability company) and Tenant entered into that certain Office Lease dated 11/7/2022 (the “**Lease**”), whereby Landlord leases to Tenant and Tenant leases from Landlord those certain premises consisting of 17,223 rentable square feet (collectively, the “**Existing Premises**”) comprised of: (i) that certain space consisting of 5,960 rentable square feet of space commonly known as Suite 250 (“**Suite 250**”) and located on the second (2nd) floor of that certain building (the “**Building**”) located at 12707 High Bluff Drive, San Diego, California 92130, and (ii) that certain space consisting of 11,263 rentable square feet of space commonly known as Suite 200 and located on the second (2nd) floor (“**Suite 200**”).

B. Landlord and Tenant desire (i) to extend the Term of the Lease with respect to Suite 250, (ii) to expand the Existing Premises to include that certain space consisting of 6,238 rentable square feet of space on the first (1st) floor of the Building comprised of: (a) that certain space consisting of 3,836 rentable square feet of space commonly known as Suite 100 and located on the first (1st) floor of the Building (the “**Suite 100 Expansion Premises**”), and (b) that certain space consisting of 2,402 rentable square feet of space commonly known as Suite 115 and located on the first (1st) floor (the “**Suite 115 Expansion Premises**”) and together with the Suite 100 Expansion Premises, the “**Expansion Premises**”), all as delineated on **Exhibit A** attached hereto and made a part hereof; and (iii) to make other modifications to the Lease, and in connection therewith, Landlord and Tenant desire to amend the Lease as hereinafter provided.

AGREEMENT:

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **Capitalized Terms.** All capitalized terms when used herein shall have the same meaning as is given such terms in the Lease unless expressly superseded by the terms of this First Amendment.

Junction Del Mar
[First Amendment]
[Avenzo Therapeutics, Inc.]

2. **Modification of Premises** Effective as of January 1, 2025 (the “**Suite 100 Expansion Commencement Date**”), Tenant shall lease from Landlord and Landlord shall lease to Tenant the Suite 100 Expansion Premises for the Suite 100 Expansion Term (defined below). Landlord shall tender possession of the Suite 100 Expansion Premises in its presently existing, as-is condition, to Tenant within a reasonable time period following the full execution and delivery of this First Amendment by Landlord and Tenant, and in any event, on or before the Suite 100 Expansion Commencement Date and subject to Tenant’s early entry rights set forth below. The date that Landlord tenders of possession of the Suite 100 Expansion Premises to Tenant shall be the “**Suite 100 Expansion Premises Delivery Date**”. Effective as of the date (the “**Suite 115 Expansion Commencement Date**”) which is the later to occur of (i) May 1, 2025, and (ii) the date Landlord delivers possession of the Suite 115 Expansion Premises to Tenant with the Improvements Substantially Completed (as such terms are defined in the Work Letter attached hereto as **Exhibit B** (the “**Work Letter**”)), Tenant shall lease from Landlord and Landlord shall lease to Tenant the Suite 115 Expansion Premises for the Suite 115 Expansion Term (defined below). Landlord and Tenant hereby acknowledge that such addition of the Suite 100 Expansion Premises to the Existing Premises shall, effective as of the Suite 100 Expansion Commencement Date, increase the size of the Premises to 21,059 rentable square feet until the occurrence of the Suite 115 Expansion Commencement Date, and that such addition of the Suite 115 Expansion Premises to the Existing Premises and Suite 100 Expansion Premises shall, effective as of the Suite 115 Expansion Commencement Date, increase the size of the Premises to 23,461 rentable square feet. The Existing Premises and the Expansion Premises may hereinafter collectively be referred to as the “**Premises**”. Notwithstanding the foregoing, provided that Tenant and its agents do not interfere with the construction of the Improvements, Landlord shall provide Tenant with fourteen (14) days of early access to the Suite 100 Expansion Premises following the Suite 100 Expansion Premises Delivery Date and prior to the Suite 100 Expansion Commencement Date for the purpose of installing Tenant’s FF&E (defined below) (including Tenant’s data and telephone equipment) in the Suite 100 Expansion Premises. Tenant’s indemnity set forth in the Lease shall apply during any such period of early entry by Tenant.

3. **Lease Term; Extension Option**

3.1. **Extension of Term for Suite 250; Expansion Term** Landlord and Tenant acknowledge that the Term of Tenant’s lease of Suite 200 is currently scheduled to expire on August 31, 2031 (the “**Lease Expiration Date**”), pursuant to the terms of the Lease, and the Term of Tenant’s lease of Suite 250 is currently scheduled to expire on October 31, 2028. Notwithstanding anything to the contrary in the Lease, the Term of Tenant’s lease of Suite 250 is hereby extended from November 1, 2028, through August 31, 2031 (such period, the “**Suite 250 Extended Term**”), on the terms and conditions set forth in the Lease, as hereby amended by this First Amendment, unless sooner terminated as provided in the Lease, as hereby amended. Further, (i) the Term of Tenant’s lease of the Suite 100 Expansion Premises (the “**Suite 100 Expansion Term**”) shall commence on the Suite 100 Expansion Commencement Date and shall expire on August 31, 2031, unless sooner terminated as provided in the Lease, as hereby amended and (ii) the Term of Tenant’s lease of the Suite 115 Expansion Premises (the “**Suite 115 Expansion Term**”) shall commence on the Suite 115 Expansion Commencement Date and shall expire on August 31, 2031, unless sooner terminated as provided in the Lease, as hereby amended. For the avoidance of doubt, the Term of the Lease with respect to the entirety of the Premises shall expire on the Lease Expiration Date (i.e., August 31, 2031).

Junction Del Mar
[First Amendment]
[Avenzo Therapeutics, Inc.]

3.2. **Extension Option.** Landlord and Tenant acknowledge and agree that the extension of the Term for Suite 250 by the Suite 250 Extended Term set forth in Section 3.1 above constitutes Tenant's exercise of the Suite 250 Extension Option for the Suite 250 Extension Term contemplated by the terms of Section 3 of **Exhibit F** attached to the Lease, and accordingly Tenant's only remaining extension option shall be the Extension Option set forth in Section 4 of **Exhibit F**, where Tenant has one (1) option to extend the Term for a period of five (5) years in accordance with, and pursuant to the terms of, Section 4 of **Exhibit F** of the Lease; provided, however, such right shall apply to the entire Premises as amended hereby (i.e., Suite 200, Suite 250, the Suite 100 Expansion Premises and the Suite 115 Expansion Premises).

4. **Base Rent.**

4.1. **Existing Premises.** Throughout the Term, Tenant shall continue to pay to Landlord monthly installments of Base Rent for Suite 200 in accordance with the terms of the Lease. Prior to November 1, 2028, Tenant shall continue to pay monthly installments of Base Rent for Suite 250 in accordance with the terms of the Lease, and, notwithstanding anything in the Lease to the contrary, from and after November 1, 2028 and continuing throughout the Suite 250 Extended Term, Tenant shall pay monthly installments of Base Rent for Suite 250 as follows:

Period During Suite 250 Extended Term	Annual Base Rent	Monthly Installment of Base Rent	Approximate Monthly Rental Rate per Rentable Square Foot
November 1, 2028 – December 31, 2028	N/A	\$34,842.70	\$ 5.85
January 1, 2029 – December 31, 2029	\$430,655.76	\$35,887.98	\$ 6.02
January 1, 2030 – December 31, 2030	\$443,575.44	\$36,964.62	\$ 6.20
January 1, 2031 – August 31, 2031	N/A	\$38,073.56	\$ 6.39

4.2. **Suite 100 Expansion Premises.** Commencing on the Suite 100 Expansion Commencement Date and continuing throughout the Suite 100 Expansion Term, Tenant shall pay to Landlord monthly installments of Base Rent for the Suite 100 Expansion Premises as follows:

Junction Del Mar
[First Amendment]
[Avenzo Therapeutics, Inc.]

Period During Suite 100 Expansion Term	Annual Base Rent	Monthly Installment of Base Rent	Approximate Monthly Rental Rate per Rentable Square Foot
January 1, 2025 – December 31, 2025	\$246,271.20	\$20,522.60	\$ 5.35
January 1, 2026 – December 31, 2026	\$253,659.36	\$21,138.28	\$ 5.51
January 1, 2027 – December 31, 2027	\$261,269.16	\$21,772.43	\$ 5.68
January 1, 2028 – December 31, 2028	\$269,107.20	\$22,425.60	\$ 5.85
January 1, 2029 – December 31, 2029	\$277,180.44	\$23,098.37	\$ 6.02
January 1, 2030 – December 31, 2030	\$285,495.84	\$23,791.32	\$ 6.20
January 1, 2031 – August 31, 2031	N/A	\$24,505.06	\$ 6.39

4.3. **Suite 100 Abated Base Rent.** Provided that Tenant is not then in Default of the Lease (as hereby amended), then during the period commencing on February 1, 2025 and ending on May 31, 2025 (the “**Suite 100 Rent Abatement Period**”), Tenant shall not be obligated to pay any Base Rent otherwise attributable to the Suite 100 Expansion Premises during such Suite 100 Rent Abatement Period (the “**Suite 100 Rent Abatement**”). Landlord and Tenant acknowledge that the aggregate amount of the Suite 100 Rent Abatement equals \$82,090.40 (i.e., \$20,522.60 per month). Tenant acknowledges and agrees that the foregoing Suite 100 Rent Abatement has been granted to Tenant as additional consideration for entering into this First Amendment, and for agreeing to pay the Base Rent and performing the terms and conditions otherwise required under the Lease (as hereby amended). If during the Suite 100 Rent Abatement Period (i) Tenant shall be in Default under the Lease (as hereby amended) and shall fail to cure such Default within the notice and cure period, if any, permitted for cure pursuant to the Lease (as hereby amended), then the dollar amount of the unapplied portion of the Suite 100 Rent Abatement as of the date of such Default shall be converted to a credit to be applied to the Base Rent applicable at the end of the Suite 100 Expansion Term and Tenant shall no longer have the right to abate Base Rent for the Suite 100 Expansion Premises during the remainder of the Suite 100 Rent Abatement Period; provided, however, if Tenant cures such Default and this Lease remains in full force and effect, then such credit shall then be applied commencing on the cure of such Default, or (ii) if the Lease (as hereby amended) is terminated for any reason other than Landlord’s breach of the Lease, or an event of casualty or condemnation, then for purposes of calculating Landlord’s damages, if any, under Section 1951.2 of the California Civil Code, the dollar amount of the unapplied portion of the Suite 100 Rent Abatement as of such termination shall be converted to a credit to be applied to the Base Rent applicable at the end of the Suite 100 Extended Term and Tenant shall no longer have the right to abate Base Rent for the Suite 100 Expansion Premises during the remainder of the Suite 100 Rent Abatement Period.

4.4. **Suite 115 Expansion Premises.** Commencing on the Suite 115 Expansion Commencement Date and continuing throughout the Suite 115 Expansion Term, Tenant shall pay to Landlord monthly installments of Base Rent for the Suite 115 Expansion Premises as follows:

Period During Suite 115 Expansion Term	Annual Base Rent	Monthly Installment of Base Rent	Approximate Monthly Rental Rate per Rentable Square Foot
Suite 115 Expansion Commencement Date – December 31, 2025	N/A	\$12,850.70	\$ 5.35
January 1, 2026 – December 31, 2026	\$158,834.64	\$13,236.22	\$ 5.51
January 1, 2027 – December 31, 2027	\$163,599.72	\$13,633.31	\$ 5.68
January 1, 2028 – December 31, 2028	\$168,507.72	\$14,042.31	\$ 5.85
January 1, 2029 – December 31, 2029	\$173,562.96	\$14,463.58	\$ 6.02
January 1, 2030 – December 31, 2030	\$178,769.88	\$14,897.49	\$ 6.20
January 1, 2031 – August 31, 2031	N/A	\$15,344.41	\$ 6.39

4.5. **Suite 115 Abated Base Rent.** Provided that Tenant is not then in Default of the Lease (as hereby amended), then during the period commencing on the first day of the second (2nd) full calendar month following the Suite 115 Expansion Commencement Date and ending on the last day of the fifth (5th) full calendar month following the Suite 115 Expansion Commencement Date (the “**Suite 115 Rent Abatement Period**”), Tenant shall not be obligated to pay any Base Rent otherwise attributable to the Suite 115 Expansion Premises during such Suite 115 Rent Abatement Period (the “**Suite 115 Rent Abatement**”). Landlord and Tenant acknowledge that the aggregate amount of the Suite 115 Rent Abatement equals \$51,402.80 (i.e., \$12,850.70 per month). Tenant acknowledges and agrees that the foregoing Suite 115 Rent Abatement has been granted to Tenant as additional consideration for entering into this First Amendment, and for agreeing to pay the Base Rent and performing the terms and conditions otherwise required under the Lease (as hereby amended). If during the Suite 115 Rent Abatement

Period (i) Tenant shall be in Default under the Lease (as hereby amended), and shall fail to cure such Default within the notice and cure period, if any, permitted for cure pursuant to the Lease (as hereby amended), then the dollar amount of the unapplied portion of the Suite 115 Rent Abatement as of the date of such Default shall be converted to a credit to be applied to the Base Rent applicable at the end of the Suite 115 Expansion Term and Tenant shall no longer have the right to abate Base Rent for the Suite 115 Expansion Premises during the remainder of the Suite 115 Rent Abatement Period; provided, however, if Tenant cures such Default and this Lease remains in full force and effect, then such credit shall then be applied commencing on the cure of such Default, or (ii) if the Lease (as hereby amended) is terminated for any reason other than Landlord's breach of the Lease, or an event of casualty or condemnation, then for purposes of calculating Landlord's damages, if any, under Section 1951.2 of the California Civil Code, the dollar amount of the unapplied portion of the Suite 115 Rent Abatement as of such termination shall be converted to a credit to be applied to the Base Rent applicable at the end of the Suite 115 Extended Term and Tenant shall no longer have the right to abate Base Rent for the Suite 115 Expansion Premises during the remainder of the Suite 115 Rent Abatement Period.

5. Tenant's Share of Expenses and Taxes.

5.1. **Existing Premises.** Tenant shall continue to pay Tenant's Share of Expenses and Taxes in connection with Suite 200 in accordance with the terms of the Lease throughout the Term. Additionally, Tenant shall continue to pay Tenant's Share of Expenses and Taxes in connection with Suite 250 in accordance with the terms of the Lease throughout the Term, provided that with respect to the calculation of Tenant's Share of Expenses and Taxes in connection Suite 250, effective as of November 1, 2028 the Base Year shall be the calendar year 2028.

5.2. **Expansion Premises.** Except as specifically set forth in this Section 5.2, commencing on the Suite 100 Expansion Commencement Date with respect to the Suite 100 Expansion Premises and commencing on the Suite 115 Expansion Commencement Date with respect to the Suite 115 Expansion Premises, Tenant shall pay Tenant's Share of Expenses and Taxes in connection with the applicable portions of the Expansion Premises in accordance with the terms of the Lease, provided that with respect to the calculation of Tenant's Share Expenses and Taxes in connection with the Expansion Premises, the following shall apply:

5.2.1 Tenant's Share with respect to the Suite 100 Expansion Premises shall equal 6.47%, and Tenant's Share with respect to the Suite 115 Expansion Premises shall equal 4.05%; and

5.2.2 the Base Year with respect to the Expansion Premises shall be the calendar year 2025.

5.3. **Electricity.** Pursuant to the terms of Section 5.1 of the Lease, Tenant shall pay all electricity for the entire Premises (during the applicable Term thereof) directly to the entity providing such electricity to the Premises.

Junction Del Mar
[First Amendment]
[Avenzo Therapeutics, Inc.]

6. **Condition of Premises.** Tenant hereby acknowledges that Tenant has been in occupancy of the Existing Premises and Tenant shall continue to accept the Existing Premises in its presently existing, "as-is" condition and Landlord shall not be obligated to provide or pay for any improvement work or services related to the improvement of the Existing Premises. Except as specifically set forth herein and/or in the Tenant Work Letter, Landlord shall not be obligated to provide or pay for any improvement work or services related to the improvement of the Expansion Premises, and Tenant shall accept the Expansion Premises in its presently existing, "as-is" condition. Notwithstanding the foregoing, Landlord shall construct certain Improvements in the Expansion Premises pursuant to the terms of the Tenant Work Letter.

7. **Broker.** Landlord and Tenant hereby warrant to each other that they have had no dealings with any real estate broker or agent in connection with the negotiation of this First Amendment other than CBRE, Inc. (the "**Broker**"), and that they know of no other real estate broker or agent who is entitled to a commission in connection with this First Amendment. Landlord shall be solely responsible for any and all fees and/or commissions due to Broker pursuant to the terms of a separate agreement. Each party agrees to indemnify and defend the other party against and hold the other party harmless from any and all claims, demands, losses, liabilities, lawsuits, judgments, and costs and expenses (including, without limitation, reasonable attorneys' fees) with respect to any leasing commission or equivalent compensation alleged to be owing on account of the indemnifying party's dealings with any real estate broker or agent, other than the Broker. The terms of this Section 7 shall survive the expiration or earlier termination of the term of the Lease, as hereby amended.

8. **Parking.** In addition to the parking rights set forth in the Lease with respect to the Existing Premises, effective as of the Suite 100 Expansion Commencement Date and continuing throughout the Suite 100 Expansion Term, Tenant shall be entitled to use up to fourteen (14) unreserved parking passes for use in the Parking Facility (based upon a ratio of three-point six (3.6) unreserved parking passes per one thousand (1,000) usable square feet) in connection with Tenant's lease of the Suite 100 Expansion Premises, and effective as of the Suite 115 Expansion Commencement Date and continuing throughout the Suite 115 Expansion Term, Tenant shall be entitled to use up to nine (9) unreserved parking passes for use in the Parking Facility (based upon a ratio of three-point six (3.6) unreserved parking passes per one thousand (1,000) usable square feet) in connection with Tenant's lease of the Suite 115 Expansion Premises (collectively, the "**Expansion Parking Passes**"). Tenant shall use the Expansion Parking Passes in accordance with the provisions of the Lease and the same shall be free of charge during the initial Suite 100 Expansion Term and initial Suite 115 Expansion Term.

9. **Signs.** In connection with the Expansion Premises, Landlord shall, at Landlord's sole cost and expense, include Tenant's name in any tenant directory located in the lobby of the Building and shall provide identifying suite signage for Tenant comparable to that provided by Landlord on similar floors in the Building, which suite signage shall be installed on or before the Suite 100 Expansion Commencement Date with respect to Suite 100 and promptly following the Suite 115 Expansion Commencement Date with respect to Suite 115.

10. **Letter of Credit.** Landlord is currently in possession of Tenant's Letter of Credit in the amount of \$965,548.33 (the "**Letter of Credit**"). Landlord shall continue to hold the Letter of Credit in accordance with the terms of Article 20 of the Lease.

11. **Statutory Disclosure and Related Terms.** For purposes of Section 1938(a) of the California Civil Code, Landlord hereby discloses to Tenant, and Tenant hereby acknowledges, that the Expansion Premises have not undergone inspection by a Certified Access Specialist (CASp).

12. **No Further Modification; Conflict.** Except as set forth in this First Amendment, all of the terms and provisions of the Lease shall apply with respect to the Expansion Premises and shall remain unmodified and in full force and effect. In the event of a conflict between the terms of the Lease and this First Amendment, the terms of this First Amendment shall prevail.

WORK LETTER

Landlord-Build; Landlord-Controlled Design

This Work Letter shall set forth the terms and conditions relating to the construction of the Improvements (as defined below). All capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Lease. For purposes of this Work Letter, all references to the Lease shall mean the Lease, as amended by this First Amendment.

SECTION 1

POSSESSION

Except as specifically set forth in this Work Letter, Landlord shall tender possession of the Expansion Premises to Tenant in its existing “as-is” condition in accordance with the timing and other terms and conditions set forth in this First Amendment.

SECTION 2

IMPROVEMENTS

2.1 **Improvements**. Landlord shall retain a general contractor selected pursuant to the competitive bidding process described below (the “**Contractor**”) and cause the installation and/or construction of certain permanently affixed improvements, which improvements shall consist of certain cosmetic alterations and improvements to the Suite 115 Expansion Premises that do not require a building permit that are reasonably and mutually agreed upon by Landlord and Tenant (the “**Improvements**”), and which Improvements are comprised of Building-standard materials, components and finishes. Landlord shall select three (3) qualified, licensed and reputable general contractors to participate in the competitive bidding process. Each such contractor shall be notified in the bidding package of the time schedule for construction of the Improvements and that, unless Landlord otherwise requires, such contractors shall be required to use certain subcontractors designated by Landlord. The bids shall be submitted promptly to Landlord and a reconciliation shall be performed by Landlord to adjust inconsistent or incorrect assumptions so that a likekind comparison can be made and a low bidder determined. Within five (5) business days following the date that Landlord is in receipt of all bids, Landlord and Tenant shall work together to mutually agree on which bidder to select as Contractor. In the event Landlord and Tenant cannot agree on which bidder to select during such five (5) business day period, the lowest qualified bidder that commits to Landlord’s time schedule shall be selected. Tenant shall cooperate with Landlord, as necessary, in connection with the design and construction of the Improvements, including approving or disapproving any items that require Tenant’s approval and providing necessary information, if any, within two (2) business days of Tenant’s receipt of written request therefor. Tenant shall have the right to review (without the right to approve) any plans and budget relating to the Improvements, and any changes thereto. Landlord shall provide Tenant with copies of the final plans and budget for the Improvements, and promptly notify Tenant of any changes to the approved plans and budget and modifications thereto. Restoration and removal requirements with

Exhibit B

respect to the Improvements shall be governed by the Lease. Responsibility for costs relating the design and construction of the Improvements, as between Landlord and Tenant, shall be governed by Section 3 and the other provisions of this Work Letter. Landlord shall cause the Improvements to be designed and constructed with the Required Level of Care (as such term is defined in Section 4 of Exhibit C-2 to the Lease) in compliance with Law to the extent required for Tenant's occupancy of the Premises for typical office use and normal density and in good workmanlike manner. Landlord shall keep Tenant reasonably apprised of the status of completion of the Improvements (including, without limitation, holding bi-weekly meetings regarding the status of the Improvements), and use commercially reasonable efforts to provide Tenant with at least five (5) business days' notice of the anticipated date of Substantial Completion of the Improvements. Notwithstanding anything herein to the contrary, Landlord shall not charge Tenant any construction supervision or management fee in connection with the Improvements.

SECTION 3

COSTS OF CONSTRUCTING IMPROVEMENTS

3.1 **Improvement Allowance.** Notwithstanding anything to the contrary contained in the Lease or this Work Letter, the total costs and expenses incurred by Landlord in connection with the design and construction of the Improvements (inclusive of, but not limited to, architectural costs, engineering costs, general contractor costs, and the cost of all local and state filing fees, permits and approvals, if any, required to be obtained in order to perform and complete the Improvements) shall not exceed an aggregate amount equal to \$93,570.00 (the "**Improvement Allowance**"). If Landlord determines that the total cost of the Improvements (which shall include all design, construction, installation and other costs) will exceed the Improvement Allowance, then Tenant shall be solely responsible for all such excess costs which are over and above the Improvement Allowance (the "**Over-Allowance Amount**"). Tenant shall pay any Over-Allowance Amount to Landlord within ten (10) days after demand is made therefor by Landlord from time to time (including, at Landlord's election, prior to the commencement of construction of the Improvements). Any Over-Allowance Amount shall be disbursed by Landlord prior to any Landlord provided funds for the costs of construction of the Improvements. Notwithstanding any provision to the contrary contained in the Lease or this Work Letter, in no event shall Landlord be obligated to pay for (A) any moving costs or expenses related to Tenant's move-in or occupancy of the Expansion Premises, and/or (B) any costs or expenses associated with the purchase, installation or maintenance of any furniture (including, but not limited to, the cost of any reception desks, credenzas or chairs), fixtures, equipment, art, cabling, audio/visual equipment, telecommunications systems, access controls, security systems and equipment, and/or signage related to Tenant's occupancy of the Expansion Premises (collectively, "**Tenant's FF&E**"). If the total costs of the Improvements do not exceed the Improvement Allowance, any remaining funds upon completion of the Improvements shall be the sole and separate property of Landlord and Tenant shall have no right or claim thereto.

3.2 **Allocation of Costs.** Except as set forth in Section 3.1 above and this Section 3.2 below, Landlord shall be solely responsible for the costs of constructing the Improvements. Notwithstanding the foregoing, Tenant shall be solely responsible, and Tenant may not use any portion of the Improvement Allowance, for (i) any non-Building standard materials, components or finishes, and (ii) any increased cost of the Improvements arising out of or caused by any "Tenant Delay", as defined in Section 6.2 below. Any such costs for which Tenant is responsible pursuant to this Section 3.2 shall be paid by Tenant to Landlord within ten (10) days after demand is made therefor by Landlord as an addition to the Over-Allowance Amount.

SECTION 4

CONTRACTOR'S WARRANTIES AND GUARANTIES

Landlord hereby assigns to Tenant all warranties and guaranties by the Contractor relating to the Improvements, and Tenant hereby waives all claims against Landlord relating to or arising out of the design and construction of the Improvements; provided, however, that if, within thirty (30) days following the date of Substantial Completion of the Improvements, Tenant provides notice to Landlord of any non-latent defect in the Improvements, or if within six (6) months following the date of Substantial Completion of the Improvements, Tenant provides notice to Landlord of any latent defect in the Improvements, then Landlord shall promptly cause such defect to be corrected, so long as that such defect was not caused by the actions, omissions, misuse, misconduct, damage, destruction, and/or negligence of Tenant, its agents, contractors, subcontractors, employees, subtenants and/or assignees, or by any Tenant alterations. The foregoing obligation to repair any defects shall be Tenant's sole remedy in connection with the same.

SECTION 5

TENANT'S AGENTS

Tenant hereby protects, defends, indemnifies and holds Landlord harmless for any loss, claims, damages or delays arising from the actions of any space planner, architect, vendor, contractor, subcontractor or consultant engaged by Tenant with respect to the Expansion Premises, if any.

SECTION 6

SUBSTANTIAL COMPLETION OF THE IMPROVEMENTS

6.1 **Substantial Completion of the Improvements**. For purposes of this Work Letter and this First Amendment, "**Substantial Completion**" (or "**Substantially Complete**") of the Improvements shall occur upon (i) the completion of construction of the Improvements agreed upon by Landlord and Tenant, with the exception of any punch list items and any tenant fixtures, work-stations, built-in furniture, or equipment to be installed by Tenant, and (ii) only to the extent a "TI Approval" (defined below) is required by applicable Law, Landlord's receipt of any and all applicable approvals and/or governmental sign-offs (i.e., temporary or final certificate of occupancy or legal equivalent thereof) applicable to the Improvements necessary for Tenant to occupy the Expansion Premises for the Permitted Use (any of the foregoing, a "TI Approval"); provided, however, that if a TI Approval is not required by the applicable governmental authority due to the limited scope of the Improvements, or if a TI Approval is required and cannot be obtained as a result of any additional work to be performed by or on behalf of Tenant outside of the scope of the Improvements (including, without limitation, the installation of any alterations or

Exhibit B
-3-

Junction Del Mar
[First Amendment]
[Avenzo Therapeutics, Inc.]

tenant fixtures, work-stations, built-in furniture systems, or equipment), then in either case the issuance of a TI Approval shall not be required for Substantial Completion to occur (and satisfaction of item (i) above shall be the only requirement for Substantial Completion to occur). For purposes herein, punchlist items shall mean only details of construction, mechanical adjustment or any other similar matter, the non-completion of which does not unreasonably interfere with Tenant's use or occupancy of the Expansion Premises and which punchlist items shall be corrected promptly by Landlord (within sixty (60) days following Landlord's receipt of written notice thereof from Tenant) without unreasonable interference with Tenant's use of or access to the Expansion Premises.

6.2 Delay of the Substantial Completion of the Improvements. Except as provided in this Section 6.2, the Suite 115 Expansion Commencement Date shall occur as set forth in this First Amendment and Section 6.1 of this Work Letter. If the Substantial Completion of the Improvements are delayed as a direct result of any of the following (each, a "**Tenant Delay**"), then, notwithstanding anything to the contrary set forth in the Lease or this Work Letter and regardless of the actual date of the Substantial Completion of the Improvements, the Substantial Completion of the Improvements shall be deemed to be the date the Substantial Completion of the Improvements would have occurred if no such Tenant Delay(s) had occurred:

- 6.2.1 Tenant's failure to timely approve any matter requiring Tenant's approval;
- 6.2.2 A breach by Tenant of the terms of this Work Letter or the Lease;
- 6.2.3 Any failure by Tenant to timely pay any amounts required to be paid by Tenant pursuant to the terms of this Work Letter; or
- 6.2.5 Any other acts or omissions of Tenant, or other Tenant Parties.

Notwithstanding the foregoing, no Tenant Delay (except as to items for which the time period for Tenant's approval is expressly set forth herein) shall be deemed to have occurred unless and until Landlord has provided written notice to Tenant specifying the action or inaction that Landlord contends constitutes a Tenant Delay. If such action or inaction is not cured within one (1) business day after receipt of such notice, then a Tenant Delay, as set forth in such notice, shall be deemed to have occurred commencing as of the date such notice is received and continuing for the number of days that Substantial Completion of the Improvements was in fact delayed as a result of such action or inaction.

SECTION 7

MISCELLANEOUS

7.1 Tenant's Entry into the Suite 115 Expansion Premises Prior to Substantial Completion. Provided that Tenant and its agents do not interfere with the construction of the Improvements, Tenant shall have reasonable access to the Suite 115 Expansion Premises commencing on the date that Landlord estimates is fifteen (15) days prior to the Substantial Completion of the Improvements for the purpose of installing Tenant's FF&E (including Tenant's data and telephone equipment) in the Suite 115 Expansion Premises; provided that such early access shall not be provided until such time that Landlord has reasonably determined that the

Exhibit B

-4-

Junction Del Mar
[First Amendment]
[Avenzo Therapeutics, Inc.]

condition of the Suite 115 Expansion Premises is safe for entry by Tenant and its vendors and that Tenant's activities will not interfere the construction of the Improvements. Prior to Tenant's entry into the Suite 115 Expansion Premises as permitted by the terms of this Section 7.1, Tenant shall (i) submit a schedule to Landlord and Contractor, for their approval, which schedule shall detail the timing and purpose of Tenant's entry and (ii) deliver to Landlord the policies or certificates evidencing Tenant's insurance as required under the terms of the Lease. In any event, Tenant shall use commercially reasonable efforts to commence installation of Tenant's FF&E within three (3) business days of Substantial Completion of the Improvements and thereafter diligently pursue the same to completion. Tenant's indemnity set forth in the Lease shall apply during any such period of early entry by Tenant.

7.2 **Tenant's Representative**. Tenant has designated Bret Henning ([***]; [***]) as its sole representative with respect to the matters set forth in this Work Letter, who, until further notice to Landlord, shall have full authority and responsibility to act on behalf of the Tenant as required in this Work Letter.

7.3 **Landlord's Representative**. Landlord has designated Jordan Rubino ([***]; [***]) as its sole representative with respect to the matters set forth in this Work Letter, who, until further notice to Tenant, shall have full authority and responsibility to act on behalf of the Landlord as required in this Work Letter.

7.4 **Tenant's Agents**. Tenant shall not use (and upon notice from Landlord shall cease using) contractors, services, workmen, labor, materials or equipment that, in Landlord's reasonable judgment, would disturb labor harmony with the workforce or trades engaged in performing other work, labor or services at the Project.

7.5 **Time is of the Essence**. Time is of the essence under this Work Letter. Unless otherwise indicated, all references herein to a "number of days" shall mean and refer to calendar days. In all instances where Tenant is required to approve or deliver an item, if no written notice of approval is given or the item is not delivered within the stated time period, Landlord may elect, at its sole option and without limiting any other right or remedies of Landlord under the Lease, to either (i) deem such item automatically approved or delivered by Tenant at the end of the stated time period, after which any succeeding time period shall then commence, or (ii) treat such failure as a Tenant Delay.

7.6 **Tenant's Default**. Notwithstanding any provision to the contrary contained in the Lease or this Work Letter, if any Default by Tenant under the Lease or this Work Letter shall occur (including, without limitation, any failure by Tenant to timely fund any costs which are Tenant's responsibility hereunder), then, in addition to all other rights and remedies granted to Landlord pursuant to the Lease, (i) Landlord may, without any liability whatsoever, cause the cessation of construction of the Improvements (in which case, Tenant shall be responsible for any delay in the completion of the Improvements and any costs occasioned thereby), (ii) at Landlord's sole election, Tenant shall no longer be entitled to any unfunded portion of the Improvement Allowance (if any), and (iii) all other obligations of Landlord under the terms of the Lease and this Work Letter shall be forgiven until such time as such Default is cured pursuant to the terms of the Lease.

7.7 **Electronic Notice and Approvals.** Notwithstanding any provision to the contrary contained in the Lease or this Work Letter, Landlord and Tenant may transmit or otherwise deliver any of the notices and/or approvals required under this Work Letter via electronic mail to Tenant's and Landlord's respective representatives identified in Sections 7.2 and 7.3 of this Work Letter. The foregoing shall not preclude either party from sending any notices or approvals by any of the other means identified under the "Notices" provision of the Lease.

7.8 **No Constructive Eviction.** Tenant hereby acknowledges that, notwithstanding Tenant's occupancy of the Existing Premises and the Suite 100 Premises during the installation and/or construction of the Improvements, Landlord and Contractor shall be permitted to install and/or construct the Improvements during, without limitation, normal business hours, and Tenant shall cooperate with Landlord and Contractors, including, without limitation, by providing access to the Premises and by providing a clear working area in the applicable portions of the Premises (to the extent required by Landlord) for the installation and/or construction of the Improvements (including, but not limited to, the moving of Tenant's property away from the area Landlord or Contractor are installing and/or constructing the Improvements). Tenant will be responsible for moving Tenant's furniture and fixtures away from the area Landlord or Contractor installing and/or constructing the Improvements. In connection therewith, Tenant shall cooperate fully in connection with Landlord's completion of the installation and/or construction of the Improvements. Tenant hereby agrees that the installation and/or construction of the Improvements shall in no way constitute a constructive eviction of Tenant nor entitle Tenant to any abatement of rent or damages of any kind. Furthermore, Landlord shall have no responsibility, or for any reason be liable, to Tenant for any direct or indirect injury to, or interference with, Tenant's business arising from the installation and/or construction of the Improvements, nor shall Tenant be entitled to any compensation or damages from Landlord for loss of the use of the whole or any part of the Premises or of Tenant's furniture, fixtures or personal property or improvements resulting from the installation and/or construction of the Improvements or Landlord's actions in connection with the installation and/or construction of the Improvements or for any inconvenience or annoyance occasioned by the installation and/or construction of the Improvements or Landlord's actions in connection with the installation and/or construction of the Improvements, provided that the foregoing shall not limit Landlord's liability, if any, pursuant to applicable law for personal injury and property damage to the extent caused by the gross negligence or willful misconduct of Landlord, its agents, employees or contractors. Landlord shall use commercially reasonable efforts to perform the Improvements in a manner designed to minimize interference with Tenant's use of and access to the Premises.
